

Chapter 326 He Would Settle Scores For Her

In a luxurious apartment on the other side of the city, a man was leaning against the railing in the balcony leisurely.

Spencer closed his eyes and was lost in thought. After returning from Elena's place, he had been staying at his place and had not gone out.

Whenever he closed his eyes, Elena’s lifeless eyes and tearful face appeared in his mind. He was unable to sit still.

Spencer felt complicated. On one hand he could not reject Elena’s request after seeing her state. On the other hand, he knew that this was not a solution.

Elena was taking this decision in impulse. And he knew that after some days when her emotions would stabilize, she might regret her decision.

Spencer was in a dilemma from the moment he came back from the hospital. Until he saw the interview.

It was only when he saw the news report yesterday that Spencer made up his mind to take Elena away.

He originally thought that Amber was a woman who knew some shame and would keep her mouth shut. However, he did not expect that she would stand in front of the media and shamelessly tell the public everything that happened.

A woman like Amber deserved to be taken advantage of by others.

After hearing her words, even Spencer, who was totally unrelated to this matter, could not help but grit his teeth in anger. He could not imagine Elena’s reaction.

As much as he was angry at Amber, Spencer was even more furious at Ryan. He did not expect Ryan to be such a bastard not to stop Amber from appearing in front of the reporters.

Cheating on Elena wasn’t enough that now these two people had to drag media and public attention to make that poor woman’s life even more miserable.

Amber was still an outsider. But Elena was Ryan’s own wife and the mother of his two children. Since he did not care about Elena, why would Amber, this utterly shameless woman, would care?

Such a man did not deserve to be a husband or a father!

Only now did Spencer understand, why Elena was so determined to leave the Hai City. She must have known this was going to happen.

At such a time, there was no way Spencer was going to leave Elena here alone between these wolves and snakes.

Spencer shook the wine in the cup and looked down at the night scene in Hai City. The whole city looked calm and quiet. However, it was the calm before the storm.

At this time, a man knocked on the door and walked in. He bowed respectfully and report. “Sir, the matter has been settled. Now the Langford family will put pressure on the Thomas family.”

Elena previously said that she did not want to do anything to Ryan or Amber. However, Spencer did not think so. They did something wrong, therefore they had to pay a certain prize.

Since Elena did not want it, he would settle scores for her.

The marriage between the Thomas family and Langford family made quite a rumpus in the capital. Now that the engagement had been broken, the Langford family had lost face in front of the upper-class circle. How could they probably swallow this anger?

It’s so happened that Spencer wanted the exact thing.

"Have you investigated everything that Taylor Thomas did?" Spencer placed the cup in his hand on the table and sat on the sofa. His eyes swept over today’s newspaper where Ryan and Amber’s affair covered the front pages.

Although Spencer did not stay in Hai City for a long time, he still knew all major events. Amber’s father, Taylor Thomas, was not someone to be trifled with. And he seemed to be very attentive about his daughter’s marriage.

So how did Amber have an affair with Ryan Monor under Taylor Thomas’s nose?

Unless Taylor himself was in trouble.

That’s why Spencer had sent his men to investigate the Thomas family. He wanted to know what kind of dirt this father and daughter were hiding.

"There are some things that Taylor is very secretive about and that could not be investigated clearly. We only found some information after we broke Amber Thomas's system. Taylor Thomas has made many illegal firearms supply in these few years and he is currently in the radar of the higher ups. That’s why he wanted to marry his daughter into the Landford family and get their help to resolve this issue. Furthermore, Amber and Taylor's relationship have been very tense all these years, therefore, Amber kept these evidences to threaten him.”

“As expected.” Spencer curled up his lips in disdain. He had previously thought that the Thomas family would be a proper family, as they belonged to military. But he did not expect there would be so many problems between them. The father and daughter duo was equally shameless.

"Let's proceed according to the plan. Remember, a single mistake should not happen.” Spencer could not take any risks in the matters related to Elena.

Spencer’s subordinate hesitated for a moment before he said timidly, “Sir, are you. . . are you really going to do this?”

“What do you mean?” Spencer looked at his man coldly.

The man swallowed his saliva and said, “Sir, are you really going to take this risk for Miss Elena? I mean, Miss Elena is Ryan Monor’s wife and touching her means fighting with Ryan Monor head-on. Is it really worth it?”

In Spencer’s subordinate’s opinion, Elena was an outsider after all. There was no need for their sir to take risk for an outsider.

Hearing this, Spencer curled his lips with a cold smile. “Do you think I can’t fight with Ryan?”

The subordinate instantly broke into a cold sweat. He directly knelt on the ground. “This subordinate did not mean that. I am just saying that if Sir takes Miss Elena away, then Ryan Monor will not let this matter go easily. Ryan Monor is not easy to deal with. We all have seen his means in the Western Europe. If his wife goes missing, he will definitely go to any means to find her. And if Old Master knows about this. . .”

“Shut up!” Spencer stood up and interrupted the man impatiently. “You work for me! There is no need for my father to know what I am doing. Since I have promised her, I will definitely keep it.”

“I have finally gotten a chance to get back at Ryan. I will definitely take advantage of it. Remember, Ryan is going to die for me.” The corner of Spencer's mouth raised slightly, "Things are getting more and more interesting."
