

Chapter 340 Mother Or Wife?

“Leonardo Reynolds, don’t go too far!” Marcus shouted when he heard Ryan’s words.

Spencer was the eldest son of Foster family. If he was taken away by Leonardo just like this, wouldn’t the whole Foster family lose its face?

Ryan ignored Marcus and instructed his bodyguards. The bodyguards immediately surrounded Spencer from every direction, ready to take him down.

James saw the situation in front him and rushed in front of Spencer, protecting him, “Leonardo Reynolds, what are you doing? You can’t do this!”

Spencer saw James protecting him and said coldly, “James, move aside.”

Spencer was sure that Ryan would not do anything to him, because he did not know where Elena was. Ryan did not dare to hurt him.

"Brother, no, I can't let him take you away!" James did not listen to Spencer's words. He looked at Ryan and said, "Leonardo Reynolds, you just want to know where your wife is, right? I can tell you!"

“James, if you said another word, don’t blame me for not recognizing you as my brother.” Spencer threatened James.

Since he had already promised Elena that he would not let Ryan find her, he would definitely keep it a secret. He could not let Ryan go after Elena.

“Brother. . .” James was shocked hearing his brother’s words.

“Haha, I didn't expect you to think so highly of Elena. Since that's the case, let’s go.” Ryan was expressionless. He wouldn't be afraid of the Foster Family now. For Elena, he was willing to offend the whole world.

"Mr. Leonardo Reynolds, please wait a moment. I have something to discuss with you." Marcus Foster said at this crucial moment.

"Mr. Foster, you just said that you won't interfere with Spencer's matter. Do you want to go back on your word?" Ryan walked towards the door as he spoke. He could not waste his time here anymore.

“Who is Layla Anderson to you?”

Ryan’s footstep suddenly paused. He slowly turned around and looked towards Marcus. His eyes flashed with a deadly light.

"What does her relationship with me have to do with you?" Ryan’s voice was slow and unhurried. It was bone-piercingly cold.

He didn’t expect Marcus to suddenly ask about his mother.

"I know there is a connection between you and Ms. Anderson. But you have to think about it carefully. If you offend the Foster Family, I'm afraid you will offend the royal family as well. At that time, the people of the royal family will attack Layla. What do you think will happen then?" Marcus had an innocent smile on his face.

After staying so many years in business field, Marcus knew very well how and when to put out the trump card.

No matter how powerful a person is, when it comes to his family, he will definitely think twice.

If Ryan could be so fearless because of his wife, he could also be intimidated when it came to his mother.

Ryan’s expression darkened. He did not expect Marcus to be so despicable. He knew that Layla was working under the royal family and had to listen to the arrangement of the royal family, that’s why he mentioned Layla.

This Marcus Foster was really an old fox.

“Hehe.” Ryan curled his lips and laughed coldly, “Mr. Foster, I respect you as an elder, so I don’t want to do anything to you. But if you want to use my mother to force me, what do you think will happen to you?”

“Looks like I guessed it right. It’s really a surprise that Ms. Anderson has such a fantastic son. But does her son value her? We will know today.” Marcus smiled viciously, “Leonardo Reynolds, you have to make a choice. Between your wife and mother, who do you want to choose?”

Ryan and Elena had only been married for two or so years. But Ryan was the biological son of Layla. In Marcus’s opinion, Ryan would never give up on her mother, no matter what.

Xavier’s eyes twitched when he heard Marcus’s words. He thought the whole Foster family was despicable.

This Marcus was forcing Ryan to retreat.

Even though Layla abandoned Ryan and did not want to have anything to do with Ryan all these years, she still had a special position in Ryan’s heart. No matter what she had done in the past, Ryan still cared about Layla and thought her as his mother.

To choose one person between his wife and mother was quite difficult.

Xavier wondered how Ryan would respond to this.

Ryan, however, was unbothered. He looked at Marcus with a pair of phlegmatic and stolid eyes. He understood Marcus’s intention.

“What is there to choose? I want them both.” Ryan’s voice was arrogant. He looked at Marcus with disgust.

He did not expect such a low-level trick from a prominent person like Marcus. Even Spencer was smarter than Marcus. He didn’t at least give him a chance to choose between people.

Moreover, with Layla’s background, these people would not be able to do anything to her.

Marcus did not expect Ryan to be so arrogant. Seeing the man’s unbothered and calm face, Marcus’s expression changed instantly. He couldn’t help but grit his teeth, “Aren’t you afraid that I will inform the royal family and they will hurt Layla?”

Ryan smiled when he heard Marcus’s words. He shook his head in amusement. “Looks like Mr. Foster has become too old to think. The royal family values your Foster family, but don’t they value the Anderson family? Why would they hurt the heiress of the Anderson family?”

“It’s you son’s fault at the first place. Why would the royal family want to be involved with your family matters?” Ryan sneered.

The royal family only cared about their own benefits. The reason they value the Foster family was because Foster family had a big business which was quite beneficial to the royal family.

But his mother’s family wasn’t any bad either. The Anderson family both had unimaginable money and power. Furthermore, his mother Layla was a very smart and intelligent woman. She knew how to take care of herself well.

Ryan did not need to worry about his mother’s safety.

Marcus trembled with anger. He could not find anything to refute Ryan.

Ryan did not waste any more time. He instructed the bodyguards to take Spencer away.

Seeing the group of people leave, James looked at Marcus anxiously, “Dad, what should we do now? Brother has been taken away by Ryan. Will something happen to him?”

James did not expect Ryan to be so bold. Even after he was threatened with his mother, he did not care.

Such an inhumane and indifferent person was rare in this world.

Marcus sat on the sofa. His expression was very ugly. “Ryan just wants to know where Elena is. As long as he doesn’t get the news, he definitely won’t do anything to your brother. Your brother won't have any problems for a short period of time.”

Marcus had lived half of his life, but he had never been humiliated like this. His son was taken away by someone in front of his own eyes. This was an insult to his dignity.

“Will Ryan torture Big Brother?” James was very worried. He had seen Ryan’s actions in front of his own eyes. That man did not seem to care about anything now.

James did not know if his brother would suffer in Ryan’s hands.

“I don’t think so. But we cannot rule out the possibility. As long as Ryan does not see his wife, he can do anything.” Marcus thought for a moment and looked at his youngest son, “You just said you know about that woman’s whereabouts. Send someone to fetch that woman now and exchange her for Spencer.”
