

Chapter 348 Do You Have To Humiliate Me Like This?

Elena was caught off guard and fell on the big bed heavily. The moment her back touched the soft mattress, she immediately knew what would happen next.

Her face was devoid of any color as she looked at Ryan with horror and alarm.

Ryan stood at the edge of the bed and looked down at her silently. His long and slender fingers began to unbutton his shirt slowly.

Elena popped herself up from the bed in alarm. She moved backwards as she looked at Ryan’s vigilantly, “Ryan, stay away from me!”

Ryan remained silent. He just looked at Elena like a predator looking at his prey.

Elena glanced at the door. Previously, Ryan had arranged people to watch her over. There must be someone standing outside the door.

With that, she shouted loudly at the door. “Help! Mr. Monor has gone crazy. Please somebody come over!”

She hoped her pleas would be heard by people outside and someone would come over.

Ryan chuckled when he heard her. He squatted on one knee on the bed and said gently, “Elena, I really love your innocence. Do you think someone will come over to save you from me? Like Spencer? Wake up! It’s KING’s headquarters. Without my permission, even a leaf cannot move here.”

It was only then did Elena realize how naïve she was. It was his territory, filled with his people. Why would somebody help her?

But even then, she did not want to be tormented by Ryan like this!

She had her own self-respect, her own dignity. She would not let Ryan crush her dignity like this!

Elena looked around and saw a metal clock on the bedside table. She held the metal clock on her hand and kept retracting. “Ryan, don’t you dare to come closer! Otherwise, I will forget there was a relationship between us before!”

She had never thought that Ryan would do such a thing. He was cold, indifferent, and sometimes ruthless, but he was still decent and upright man. He would never do such a lowly thing like forcing a woman.

However, her thoughts about Ryan had revitalized today. She could not connect this crazy man in front of her with the man she had once fallen in love with.

Ryan ignored her words and continued to come to her side. He raised his hand, wanting to touch her face.

Elena’s whole body was trembling violently. Seeing the hand that was coming closer to her, she closed her eyes and threw the clock to the man’s side with all her might.

Ryan was prepared and dodged the clock easily. The clock fell on the ground and made a loud noise. It instantly shattered into countless pieces. Ryan climbed onto the bed in the next second and pressed Elena under him.

Laying beneath him, Elena struggled violently. She moved her hands and legs desperately, an attempt to escape from this hideous situation.

At this moment, she was sure that Ryan had turned into a complete devil. He was no longer that previous Ryan who was ready to give his life for her.

Elena had an accident not long ago. She was then taken to an island before she was captured by Ryan. For the past three days, she had even taken a drop of water. Her body was already exhausted to the extreme.

Ryan was such a big and tall man. In terms of strength, she was no match for him. If he really wanted to force her today, she knew that she had no chance of escape.

However, Elena was not ready to give up like this!

Beads of sweat rolled down from her forehead, as a result of her struggle and desperation. Her hair got stuck to her face. Ryan raised his hand to tuck it behind her ear.

Elena immediately turned her head to the side to avoid his hand. She felt disgusted whenever he touched her.

Ryan’s eyes darkened. He asked hoarsely, “Do you hate my touch that much?”

“Yes! I hate your touch! In fact, I hate you! You made me sick!” Elena glared at Ryan. Her eyes were filled with undisguised hatred.

Ryan’s heart hurt when he saw the hatred in her eyes. However, he forcefully suppressed that feeling. He was unwilling to believe that Elena hated him.

No, he would not accept it!

Elena belonged to him! Only him!

He looked at Elena coldly. “Even if you hate me, you can only be mine!”

With that he lowered his head and sealed her lips. This kiss was not gentle, but rather violent and aggressive. It was filled with love, passion, unwillingness and obsession.

Elena’s struggles became even more intense. She only had one thought in her mind, that was she could not let Ryan do what he wanted!

Ryan ignored her resistance and pinned her hands above her head with one hand. This way Elena couldn’t struggle anymore. His other hand quickly tore off her clothes.

Elena was completely hopeless now. She knew she could not escape from this man today.

As this realization hit her, despair filled in her heart and her movements gradually stopped.

Feeling the woman beneath him had quietened down, Ryan stopped his actions and looked at her.

Elena’s eyes were red and filled with tears. She did not want to cry but she could not hold back her tears anymore. Cristal clear tears rolled from the corner of her eyes, “Betraying me wasn’t enough? Do you have to humiliate me like this?”

Her mouth twitched and she cried out at the end of her sentence. She really could not take it anymore. She was all exhausted physically, mentally and emotionally.

She was so desperate that she wanted to die.

Ryan’s actions suddenly paused. He looked at the woman beneath him. Waves of unknown emotions filled his dark eyes. Her words hit his heart like a hammer.

In silence, he raised his hand to wipe the tears from the corner of her eyes.

Elena thought that he had softened. She looked at him eagerly. “Ryan, you have Amber and the child in her womb. You have the whole world. I was never a part of your world. I cannot give you anything, but she can. So just let me go, okay? Let’s just forget everything and go in our separate ways.”

Ryan did not say or do anything. He just looked at her quietly.

Just when Elena thought that he had changed his mind, his words, however, broke her illusion.

“Go in our separate ways?” He looked at her intensely. His cold voice was as terrifying as his expression at this moment. “Impossible!”

With that Ryan no longer hesitated. He lowered his body and attacked wildly.

No matter how Elena hit or scold him, he was not moved and continued his actions.

With each attack, Elena’s resistance slowly faded. Soon, she stopped struggling.

She looked at the ceiling blankly and accepted her fate in despair.

Not only her hope died, but also her heart.

It was unknown when it finished. It felt like a century had passed.

Elena’s hair was messy. Her whole body was covered with a thick layer of sweat. Her eyes were empty and unfocused, as she looked above her blankly.

She laid on the bed, totally motionless. If not for the fact that her chest was still rising and falling, it was hard to say whether she was dead or alive.

The man, who was on top of her, did not move for a long time. His breath was heavy and ragged just like an injured beast.

Silent filled the entire room. It was scary and suffocating.

After an unknown period of time, the man above her moved. He slowly got off from the bed.

Elena did not look at him. She kept staring at the ceiling . If possible, she wished that she would never see this man again.

Ryan slowly put on his clothes and looked at the woman who was lying on the bed in a mess. His throat rolled with difficulty. He wanted to say something, but in the end, he just turned around and left without turning back.

The door was closed with a bang, separating the two different worlds. Elena laid frozen on the bed like a lifeless child.

A tear fell from the corner of her eyes to the mattresses beneath her, following by two and three.

In the end, she curled herself into a ball. Buring her face in a pillow, she began to shed silent tears of agony.

What had happened just before? Since when Ryan had become like this?
