

Chapter 375 Cooperation Between Enemies

Ryan stared at Spencer with an emotionless and obscure gaze. “Is Elena really not within your vision range?”

There was a trace of uncertainty in his words.

Spencer smiled wryly, “I have already come to your door. What else do I have to hide? Your son and Elena are both gone, leaving only your daughter. It was a fortune that the maid found your daughter before the attack occurred otherwise. . .”

Spencer didn’t finish his words but everyone understood what he meant.

Ryan was lost in thoughts. If it wasn’t Spencer, there must be other people. It was just that there were too many powerful people in Western Europe, and there were too many people who had grudges with him. Who could it be?

Spencer saw Ryan being silent and asked. “Have you offended anyone recently?”

Ryan did not answer.

Spencer did not mind. He continued with his speculation. “Those people must have kidnapped Elena before she could reach the island because Paul didn’t know about Elena’s arrival. As per your son, they must be afraid that Elena might run away therefore they took the child to threaten her.”

This was what Spencer thought on his way back here.

“But if they wanted to threaten, they could have taken both the children. Why did they take one leaving another one behind?” Michelle was confused.

It was also what Spencer couldn’t understand. If those people wanted to blackmail Ryan, they could have taken his entire family. But why did they take only one child and left another one in the island?

Ryan lowered his eyes. His expression was inscrutable and he did not react anything. No one knew what he was thinking.

After Elena left the KING headquarters and escaped through Spencer's help, she was kidnapped. It meant that someone knew about Elena’s identity and the fact that she wanted to escape. It also meant that that person knew about the conflict between the two of them.

But his real identity was always hidden in Western Europe and only a few people knew who he was.

So how did that person know about him and knew that Elena was his wife?

Ryan felt there was something strange in this matter.

The room fell into a strange silence.

James glanced at the two men and found the similar worry on their faces. After thinking for a minute, he said, “Brother, Mr. Leonardo Reynolds. I know that both of you are very worried about Miss Elena's safety, but it isn't a solution for the two of you to stay in a stalemate here. Why don't we join forces and use our powers to find about Miss Elena’s whereabouts?”

This was not the time to continue with the rivalry. Since both of them were concerned about the same person, it was better of them to join hands and work together.

The Foster family was a big family with both wealth and prominence. The KING Group was the shining star of Western Europe.

If Ryan and Spencer joined hands, it was indeed possible for them to find Elena’s whereabouts.

Spencer nodded, “Ryan, although it’s impossible for me to get along with you, it’s my fault this time. I’m fully willing to cooperate with you.”

...

After both Ryan and Spencer decided to cooperate, they immediately used their own forces to investigate all the ships that had entered the ocean in the past two days.

As long as they could find out by which ship Elena was taken away, they would be able to find out the mastermind through the ship.

Sure enough, in less than half a day, both of them found a trace of clues.

Spencer and Ryan met at the conference room of KING headquarters and put the things that they had found together.

Unexpectedly, all of their investigations pointed at a single person.

Spencer couldn't help looking up at Ryan when he saw the result. He was quite unhappy. “Ryan Monor, can't you give yourself less trouble? You are still playing with that lunatic?”

Ryan held the reports in his hands and darkness clouded over his face.

According to their investigation the person who kidnapped Elena and his son was most probably Adams Redmond.

Spencer glanced at the reports for a moment before looking up at Ryan. His face was serious. “If it’s really Adams, then the situation is quite complicated.”

Most of the people in Western Europe knew that Adams Redmond was the leader of the Black Rock Gang, an infamous mafia group that was active in the whole European continent.

Adams Redmond had never shown his face to the public. No one knew how he looked or where he was, but his ruthlessness and heartlessness was known by everyone.

It was said that Adams could not eat his dinner without killing a person.

Even Spencer, the heir of a powerful family like the Foster family, didn’t want to cross paths with Adams.

However, Ryan did that.

Because of Adams’s hideous character and unscrupulous means, most people just backed off even after facing severe losses.

But Ryan decided to go against Adams. When Adams attacked the KING Group, Ryan also destroyed Adams’s businesses in return.

The entire upper class of Western Europe was in shock when Ryan and Adams fought head-on a few years ago.

This was why the name ‘Leonardo Reynolds’ was so tyrannical in Western Europe.

In short, the conflict between Adams and Ryan was wide spread. Adams must have kept an eye on Ryan that’s why he knew about Elena.

It was said when two people quarrel, a third rejoices. This time, it must be because of the quarrel between Spencer and Ryan that Adams took advantage of the situation and kidnapped Elena under everyone’s nose.

Ryan clenched his fists. Coldness emitted from every bone and muscles of his body.

“Contact Skylar immediately.” He ordered gravely.

Skylar was one of their people who was sent to Adams side. It was originally because Ryan wanted to keep an eye on Adams’s movements.

But later he got busy in his own business and didn’t pay attention to this matter. He didn’t expect Skylar to be useful at this time.

Michelle received the order and immediately began to contact Skylar. However, even after trying for a long time, they did not get any response.

Just as Michelle was about to give up, the phone was picked up.

Michelle was delighted. Without waiting for the other person to say anything, he immediately began to ask. “Skylar, what’s going on? Where is Adams? Do you know what he’s doing recently?”

Michelle asked a series of question but didn’t get any response from the other side even after a long time. He turned to look at Ryan in confusion.

Ryan’s eyes turned deep. He took the phone from Michelle and put it beside his ear. But he didn’t say anything.

Silence engulfed the entire room. Ryan remained silent, so the person on the other side. It was as if they were competing each other in silence.

After a long time, the man opened his mouth and calmly called out a name. “Adams Redmond.”

“Pffff. . .” The loud laughter of a man could be heard in the next second.

Ryan’s face was ice-cold. He heard the person on the other end laugh silently.

After he laughed enough, the person finally said, “You still are smart.”

“Adams Redmond, what do you want?” Veins popped out on Ryan’s forehead.

"I should be the one asking you this, right? Why does my girlfriend have your number?" A charming smile was heard from the opposite side.

Ryan clenched the phone and remained silent. It seemed that Adams had already found out that Skylar was sent over by him.

Not getting any reply, Adams sneered. “Leonardo Reynolds, did you really take me as such a fool that I won’t be able to find out that you have planted a spy in my place?”

“Since you have already found out, why do you want Skylar to get pregnant?”

It had been more than a year since he had sent Skylar to Adams’s side. Ryan originally thought that Skylar had already succeeded after such a long time.

But he didn't expect her to be already discovered by Adams.

“You have sent such a charming woman to my side. How can I possibly deny her? Since you want to play this game, why should I back off? I just had some fun while playing this game. Is it wrong?” Adams tone was very casual as if he was chatting with an old friend.

“Where is Skylar? What did you do to her?” Ryan’s tone carried an undetectable tension.

All this time, Skylar had been a great help to him. Whenever Adams made a move, Skylar would inform Ryan beforehand for which they would be prepared.

If Adams discovered Skylar was spy that was sent to monitor him, he would definitely not let her go.

Ryan didn’t know in what condition Skylar was in right now.

“In the place she should be. Since she dared to come to my side, it’s coming for her. People should know the consequences of messing with me.” After Adams finished speaking, he laughed wildly and devilishly. He didn’t sound like a sane person at all.

Ryan had already reached the edge of anger. He didn’t want to beat around the bush anymore.

“Where is my wife and child? Why did you kidnap them?” He shouted at the phone.
