Chapter 104

Twisting Davon

Davon

Abbigail wanted to say something, but she heard Davon say, "I need to go to the bathroom"

Looking at his back as Davon left, Abbigail was a little angry it is Paige again. Why is she everywhere? Paige is so annoying

At this moment, a few classmates came, Abbigail smiled and walked into the room with them.

"Guys, today is Abbigail's fiancé's treat. What do you want to eat and drink? It's all up to you, but don't waste it. Don't leave a bad impression on Abbigail's fiancé. Don't embarrass Abbigail!"

Carina said that.

At the same time, many of the classmates began to compliment Abbigail, saying that she had found an excellent fiancé and started gossiping about his family background.

"His father is the richest man in Skokie… Abbigail pretended to be indifferent.

"The richest man in Skokie? He's too rich, isn't he?"

-

"No wonder he would get a room that cost 1.6 million dollars. It turns out his family is so rich…"

"What 1.6-million-dollar room?"

"You guys have just arrived. You don't know how domineering Abbigail's fiancé was just now…"

Many people talked about Davon's treat and brought Abbigail to an unprecedented height.

At this time, Davon came back from the bathroom and a few girls squeezed in front of him.

"You must be Abbigail's fiancé. Let me make a toast to you!

"In the future, you will have to take care of Abbigail. You should be there for her. This is for you!"

Davon was annoyed because of Paige's matter, but he still maintained his gentlemanly demeanor on the outside.

Abbigail could see that the girls wanted to get close to Davon, but Abbigail knew better than anyone that Davon, a person from such a family background, did not like them, so Davon greeted others generously and did not take it to heart.

Not long after, the door of the room was kicked open, and a bad boy came in with a few lackeys.

"Aldo is here!"

When Carina saw who it was, she immediately placed the wine bottle on the table in front of Aldo. "You're late. You must be

punished!"

"Punishment! Aldo, drink up!"

Aldo gave a cold smile, his gaze sweeping past everyone and landing on Abbigail.

Aldo heard that Abbigail returned to her biological family. Aldo didn't expect that even her temperament became refined.

Today, Abbigail was wearing a strapless dress. Her proud figure made Aldo miss her a little.

Aldo was a bad student back then, Aldo relied on his family's money to be domineering. When Aldo was in his second year of high school, he stopped studying. Aldo became a gangster and set up a small gang. There were twenty or thirty little minions who

followed him.

Aldo picked up the bottle in front of him and smiled wickedly. He directly drank the whole bottle of X. O. Many people applauded.

"11 pay for this place tonight."

Aldo threw the bottle to the side, and one of his lackeys immediately stepped forward to catch it.

"You're too late

Carina teased, "Abbigail's fiancé has already put in "thousand dollars and reserved this top-grade room. All the expenses tonight

are on him!"

Aldo heard about the "thousand dollars.

Aldo looked at Davon coldly and arrogantly in the entire room. Davon was the most outstanding

Needless to say, he must be Abbigail's fiancé

"Hello, my name is Davon."

Although Davon did not like Aldo, who was like a gangster, he was Abbigail's classmate. Davon politely extended his hand to show his friendliness.

Unexpectedly, Aldo did not take Davon seriously at all. Instead, Aldo raised his voice and said, "Did you hear that? Abbigail's fiancé is buying. What do you want to eat and drink? Go and enjoy yourself!"

Hearing this, a few of the minions ordered the more expensive ones.

"Aldo…" Abbigail stepped forward, wanting Aldo to restrain himself a little.

Abbigail didn't expect Aldo to look at her without hiding his intention. Aldo smirked and said, "So now you're calling me by my

name?".

Davon felt that their interaction was a little strange. At this time, Carina stepped forward to smooth things over. Carina said, "Aldo, today is to celebrate Abbigail winning second place in the piano competition. Let's raise our glasses together and congratulate

Abbigail!"

Carina forced her glass into Aldo's hand and looked at Aldo to hint to him not to make trouble. Aldo even ordered the other lackeys to not mess around and raise their glasses.

However, how could the other lackeys dare not listen to Aldo's orders? They ordered a lot of expensive wine.

"Abbigail's fiancé, right? Since Abbigail won second place, shouldn't you drink a few more glasses of wine?"

Aldo finished the wine in his hand in one gulp and waited for Davon to express his opinion.

"Davon…" Abbigail suddenly felt a little regretful. Why did we come? Aldo never gives up any chance to make people awkward.

Davon picked up a glass of wine, gestured to Aldo like a gentleman, and then had it all.

In comparison, Davon was more elegant and cultured than Aldo. The other girls looked at Davon with undisguised love and worship.

Aldo continued to drink a few more glasses. Davon

as also unwilling to be outdone. Davon drank a few glasses in a row. Today, because Paige was in a bad mood, these glasses of wine just dispelled his worries.

Aldo picked up the bottle again and drank from the bottle.

Davon still wanted to drink. Abbigail held his hand and said, "Davon, that's enough, I've already received your congratulations on me.

You can't drink any more wine. How are you going to go home if you drink too much?"

Davon said, "As a man, how can I not drink?"

Aldo looked at Davon, with bad intentions and said, "Today, in order to let everyone enjoy themselves more, I called some people

over…"

Aldo clapped his hands and immediately, seven or eight women came. They were all gorgeously dressed and looked like that kind of woman at a glance.

"Aldo, you finally called us in! We have been waiting for so long that our legs are numb. You have to give us massages!"

Several women surrounded Aldo and acted like spoiled children.

"You're too late.'

Aldo raised his hand to make them go. He said, "I have a friend who is engaged. Today, I asked you to come here to test her fiancé…"

"Oh, is this young man in front of me? I wonder what type of woman he likes? Is it intense or gentle?"

Seven or eight women surrounded Davon.

"Aldo, don't go too far!"

Carina immediately said,

"Stay away from my fiancé," Abbigail said, holding Davon's arm tightly.

"I need to go to the bathroom."

Davon had already endured Aldo for a long time, but his many years of upbringing had made him restrain himself and not lose his

demeanor.

Seeing him leave, Aldo sneered, "Is it a kidney problem? Or is it that you can't control yourself? Are you going to the bathroom to solve

it first?"

A few of the minions laughed along.

Abbigail glared at Aldo fiercely and was about to leave when Aldo suddenly grabbed her hand.

Davon went to the bathroom to wash his face. He felt that Abbigail's friends were all indecent people. Rather than wasting time here… It was better to go home early.

Just as Davon was thinking about this, there were a few girls outside who were washing their hands and talking.

"I don't understand why the son of the richest man in Skokie would fall for someone like Abbigail."
