Chapter 27

Explain to Her

“Dr Williamson is young but his temper is really bad.

Lindsey couldn’t help but complain as soon as she walked out

of the consulting room. “Davon, born in a rich family, is so polite to us.

Be is a genius doctor He has been praised since he was a child. Naturally, he is a little arr*gant ”

“Oh night Just now, Dr Williamson said that someone told him to take care of Cassie It should be the Elinor family,

wight .

The Elinor family had more connections than them, and they were the only ones who could help out with Cassie’s

illness.

In addition, Davon and Abbigail were engaged...

“It must be the Elinor family. Who else can it be other than them? I have to treat them to a meal another day, but...” Tyrell saw that the transfer was impossible and could only let Cassie continue to stay here, so he couldn’t help but feel

a little depressed.

“Tyrell, did that d*mn girl walk that way just now?”

Suddenly, Lindsey seemed to have thought of something. “I remember that the wards over there are quite expensive?”

Half of this floor was ordinary VIP, and the other half was top VIP.

The reason Cassie could live in an ordinary VIP room was that they mentioned it to the Elinor family before. It was probably because the Elinor family helped. And Cassie could live in the ordinary VIP room.

However, the top VIP ward was different. Money alone could not afford a top VIP ward.

How could Paige enter there?

She did not know any big shots!

“Dad, M*m.”

At this moment, a gentle voice suddenly sounded.

“Abbigail, why are you here?”

Lindsey turned around and saw that not only her daughter had come, but even Davon had also come.

Davon was truly a talented and handsome person. The more Lindsey looked at him, the more she liked him. To have such a son-in-law, the smile on her lips could not stop!

“Davon, you’re here too?”

When Davon saw them, he greeted them politely, “Hello, Mr. and Mrs. Tate.”

1

“Eh... Didn’t you guys go on a date? Why are you at the hospital?” Tyrell smiled kindly.

“Initially, we went to watch a movie. Davon sent me home, but I heard from the nanny at home that the hospital called us. I was wondering if something happened to Grandma, so I wanted to come over to take a look. But Davon had not left after sending me home and was still at our doorstep...”

So, they came together.

“Dad, M*m, what happened to Grandma?”

Abbigail was especially good at acting in front of everyone. In fact, she hated her biased Grandma, but she was still pretending think I saw Page downstairs just now.

That familiar figure came out of the VIP elevator, but she didn t have time to see it clearly

When Davon heard her mention Paige, he was a little surprised. Didn’t Paige return to her original family? How could she still be here?

Lindsey and Tyrell did not look too good.

“It’s her Let’s not talk about her for now. Your grandmother is fine. It was the hospital who asked us to come over for the renewal... Since you guys are here, let’s go in and take a look. Maybe your love for her can move Cassie.

Davon and Abbigail looked at each other and held each other’s hands tightly, as they entered the ward.

The old woman on the bed was skinny and had no improvement.

“I haven’t been here for two days, but Grandma has become so thin....” Abbigail choked with tears.

In fact, the two days that she mentioned were many days.

“Why did this happen to Grandma? Why didn’t I get the illness? Why...”

When Davon saw that she was crying, he hurriedly reached out to wipe away the tears at the corner of her eyes. “F*ol, you have suffered a lot outside all these years...”

“I am fearless. As long as Grandma is fine, I am willing to bear everything for Grandma!”

Looking at Abbigail’s kind and firm face, Davon seemed to be touched, and his love for her deepened.

“If I didn’t come back to this home, the person who will marry you would be Paige. I ruined Paige’s happiness, so my family is punished... If it is because of this, then I don’t want to come back or marry Davon...”

“You are originally a child of the Tate family. It is right for you to return to the Tate family and marry me because of the engagement. You are not in the wrong.”

Davon wiped away her tears in distress. “Paige has already lived so many good days. It is time to return her position to you. This is yours. She does not belong to the Tate family. Even if she wants to marry me, I do not want to marry her! I

only like you...”

The lights on the streets were on.

Martin’s car sped through the traffic and soon they dr*ve in the direction of Praston Park.

During this time, his mobile phone kept vibrating. At first, he glanced at the caller’s number, then pressed the button on the steering wheel, and hung up directly.

But the person on the other side of the line seemed to be unwilling to give up and called again and again.

“Just drop me ahead.”

Paige thought that she made it inconvenient for him to answer the phone. Just as she was about to leave, she heard him faintly explain, “It’s a robocall.”

His phone vibrated again and again....

In the end, to let Paige stay in the car in peace, Martin could only put on his earphones and pick up the call.

“Martin, you finally picked up my call...”

on the vaher side Pausia 1

I really didnt know that sinh a big thing happened to your grandpa as soon as I left I didn’t do it on purpose 1 heard that Heart Soothing Powder had a miraculous effect on treating the heart if added to the soup

So I made the soup carefully After adding Heart Soothing Powder, I took it to your grandpa.

1thought it would be helpful, but I didn’t expect it would make his condition worse...

It’s all the fault of the person who made the medicine. He cheated me and sold the medicine. I am st*pid. I was Tricked

“I really didn’t know that there was a problem with the medicine. If I knew, I definitely wouldn’t buy it, let alone let your grandfather eat it!

“Martin, you have to believe me...

“I treat you as my family. I treat your grandfather as my own grandfather. I won’t harm him...”

“Are you done?”

Martin did not have the patience to listen to her cry. After she finished speaking, he ended the call.

Taking off his earphones, Martin continued to drive. Out of the corner of his eye, he noticed that Paige’s expression was a little different.

“She seems to be crying very miserably. I heard it all...”

Although Paige did not know why she was crying, she seemed to be quite pitiful...

“It is the person who harmed grandfather.”

Martin explained softly.

“Oh... Drop me here,” said Paige when she saw that Praston Park was in front of them.

“It’s getting dark. I’ll take you to the garage.”

“No need.”

Paige didn’t want anyone to see the car. The license plate number was too eye-catching!

Next time, she had to pick a low-key car.

“Can you do it alone?”

Martin saw that the park had not been built, and there were only a few street lights on under the night sky. Most of

the places were dark.

Even the road to the garage was very dark.

Was she not afraid?
