

# MY PRETTY CAMPUS QUEEN

## Chapter 15: So, It's My Roommate

"I don't know, so I told you guys not to act rashly. Let me investigate first before we decide anything. Chen Tianlong may not just be a simple transfer student."

Xu Wei slightly frowned; it seemed he needed to employ some tough tactics.

Chen Tianlong watched as those people walked away into the distance, then followed Lin Wushuang into the cafeteria with a wry smile.

"Chen Tianlong, did you know you were so violent just now? You scared me." Lin Wushuang pouted.

"Haha, they bullied you. I don't care, bullying you is their fault, so they deserved a beating." As Chen Tianlong said this, he inexplicably got somewhat angry.

Seeing Chen Tianlong's expression, Lin Wushuang inexplicably felt a bit happy in her heart, realizing that this guy could be caring.

Although Chen Tianlong seemed somewhat violent these past two times, upon closer thought, it was all seemingly for her sake.

Initially, he helped her deal with Hao Jian's harassment, and today Chen Tianlong used force because the other party intended to harm her.

Understanding all this, Lin Wushuang directly placed a piece of beef from her plate onto Chen Tianlong's and then somewhat dominantly said, "Alright, this piece of meat is my reward for you, eat more."

Chen Tianlong paused, then grinned. This girl seemed a bit fierce at first, but after getting to know her, she was actually quite nice.

Lin Wushuang initially wanted to tell Chen Tianlong about Mo Shaoyun and Xu Wei's capabilities, but now it seemed unnecessary. After all, Xu Wei had already left in embarrassment, and talking about it further was pointless.

"Chen Tianlong, you should be more careful from now on, don't be too violent. After all, we're students." Lin Wushuang said worriedly.

"Mm, I'll listen to you." Chen Tianlong smiled faintly and nodded.

The two quietly finished a lunch without encountering Lu Xiaoyu, that quirky fellow; otherwise, the young lady would be in tears.

After lunch, Chen Tianlong headed to the dormitory building. Mr. Hu had mentioned that the school's dormitory was already arranged for him in Boys Dormitory Building A, Room 308, where he could rest at noon.

Feeling a bit sleepy, Chen Tianlong quickly left after sending the young lady to the girls' dormitory building. This girl didn't want him too close, afraid of gossip, so Chen Tianlong reluctantly did as she requested.

South Sea No.1 Middle School is the best high school in the city, without a doubt.

Most of the students are from wealthy families, all with certain backgrounds, except for some exceptionally outstanding scholars. They are basically either relatives and friends of CEOs or sons of officials.

Even in the dormitory area, there's a disparity between rich and poor; Dormitory A is a three-bedroom, one living room apartment style, with a semester's accommodation fee of three thousand yuan, generally unaffordable for ordinary folks.

Despite appearances, Chen Tianlong has strong backing, thanks to the Lin Family. Thus, he naturally ended up staying in Building A.

Opening the dormitory door, he was greeted by a man wearing black-framed glasses, making Chen Tianlong freeze, finding it incredible.

Isn't this the little brother Zhao Lei he just recognized?

"Wow, Boss Chen, turns out you're my new roommate, it's such fate!" Zhao Lei was also startled, then quickly pushed his glasses and hurried over.

"Yeah!"

Chen Tianlong chuckled bitterly, never expecting that Zhao Lei was also from a wealthy family.

After a while of excitement, Zhao Lei suddenly remembered something and hurried to his room, soon returning with a package of dark stuff, offering it, "Boss Chen, this is the spicy duck neck I just bought, it's delicious, want to try it?"

"This..."

"Don't worry, it's mildly spicy!"

Just as Chen Tianlong was about to say he couldn't handle spicy food, Zhao Lei seemed to read his mind and hurriedly explained.

"Alright, I'll have one then... I'm feeling a bit sleepy, need some rest." Seeing this guy's enthusiasm, Chen Tianlong couldn't refuse and casually took one to eat.

"Okay, Boss Chen, rest well then. If you have time, I'll come to learn some kung fu from you!" Zhao Lei said, grinning.

"..."

Chen Tianlong was speechless. Watching Zhao Lei continually mimic kung fu moves, he didn't want to discourage him, so he nodded and returned to his room.

The room already had mats laid out, and as for blankets, they were beside him. With the weather too hot, he didn't bother using them and directly hugged a pillow on the bed to nap.

When the second class in the afternoon ended, Lu Xiaoyu suddenly came to Chen Tianlong's desk, sat on it, and slightly smiled, "Chen Tianlong, listen up, Wushuang asked me to tell you, you have to come to a party with us tonight, no sneaking off."

As soon as she finished speaking, Lin Wushuang turned around, shot Lu Xiaoyu a glance, and mumbled, "I told you to quietly tell him, why so loud? Now the whole class heard."

"Wushuang, don't worry, word has already spread about Chen Tianlong valiantly standing up for you against Xu Wei at noon, he's already considered your rumored boyfriend, why care about this little thing?" Lu Xiaoyu revealed.

"What? Is what you say true?" Lin Wushuang was stunned, her face slightly flushed, and asked in disbelief.

"Wow, Wushuang, you don't pay attention to the campus website? Brother Long is already the new-generation super warm boy on campus, many girls are ready to chase him. Wushuang, I'd suggest protecting your opportunity; don't let him get stolen later."

Lu Xiaoyu shifted her attitude towards Chen Tianlong, beginning to admire him. For the young lady, he dared to offend Xu Wei.

"Oh, let whoever likes him chase after him, what's it got to do with me!" Lin Wushuang snorted softly, turning back around, though she felt somewhat empty inside.

If Chen Tianlong really got picked up by someone else, it would be quite embarrassing for her—having a guy who hangs out with them all the time getting taken by another girl.

"Ladies, about that party thing, maybe I don't need to go, I have stuff to do tonight..."

"Hmph, Chen Tianlong, you must go to tonight's party, it's an order."

Thinking of her little teammate being taken by other beauties, Lin Wushuang got a bit anxious and quickly turned around.

This domineering tone surprised both Lu Xiaoyu and Chen Tianlong, leaving them stunned.

Lu Xiaoyu was the first to react, quickly winking at Chen Tianlong, who paused, then nodded at the young lady, agreeing.

Originally wanting to sneak to the bar for his nightlife plan, he hadn't expected this girl to demand him otherwise again.

After dinner, Chen Tianlong drove Lin Wushuang's white Audi, taking the two of them to their destination. Mr. Hu previously mentioned finding time to buy a car, but Chen Tianlong hadn't gotten around to it. On second thought, having a car was indeed convenient.

Bailian Plaza is the most bustling area in the center of South Sea City, especially after nightfall when it gets crowded, shoulder-to-shoulder, full of noise.
