Chapter 101: Zhao Family

"What brought you here, Bai Huang?" Zhao Teng abruptly inquired, giving him a sharp glare. "You should behave yourself and stop glancing at Yanxiu, or I will make you suffer."

'How dare he threaten me!' Even so, Bai Huang did not dare to challenge Zhao Teng and swallowed his anger. "Old Zhao, you must have heard about all those strange events, right?"

Zhao Teng nodded to him. "I've heard everything, and I've discussed the issues with several people, but we still don't have any clarity."

"Then, we don't need to feel reluctant towards you." Zhao Teng raised his eyebrows at Pei Yan. "We came here on behalf of our boss, and he wants you to mobilize members of the Black Eagle Gang to investigate those events."

"Haha." Instead, Zhao Teng laughed at that. "Your white tiger gang is much bigger than my gang, and the number of your personnel is also much greater than ours. How can we find the mastermind if you guys can't even find the person? Moreover, Ouyang Hong will contact me personally if he needs my help, but he still hasn't contacted me, so I have to refuse your request."

"You—"

"You must not make a mess in my house." Zhao Teng interrupted Bai Huang directly. "You are Ouyang Hong's confidants, but you can't order me around."

'This old bastard!' Zhao Teng's words truly infuriated Bai Huang.

Zhao Teng then pointed to the exit. "Leave my house now, or my people will force you out."

"Did you really choose this path, Old Zhao?" Pei Yan asked with a cold look.

Clap

Drap... Drap...

Several big men ran into the house; some of them were even bigger than Bai Huang, and they surrounded the two of them, causing both men to become even more furious.

"Are you two still thinking about challenging me?" Zhao Teng inquired with a mocking smile. "Tell Ouyang Hong to contact me if you want me to help you."

Without speaking further, Bai Huang and Pei Yan left Zhao House, and those people went straight back to their respective posts.

"Are you sure this won't be a problem, husband?" Lin Yanxiu asked him. "Ouyang Hong will probably be angry after you treated them like that."

Zhao Teng replied while shaking his head. "Ouyang Hong and I have known each other for decades, and he knows my character well, so he won't possibly be angry with me. Instead, he will punish them for their incompetence, but I will still order Zheng'er to investigate everything."

Lin Yanxiu nodded in understanding. "What about Yixuan? Are you going to go meet her and her daughters? Linfeng still hasn't been found, and she must still be sad right now, so I think you should bring them here."

Zhao Teng raised his eyebrows. "I don't know what Yixuan is thinking, but I got information that she took her daughters to Tang House, so I won't go there to meet her. Nevertheless, I will send people to meet her, and I will ask them to take them away from that house."

Lin Yanxiu sighed in her heart after hearing that, as she knew about Zhao Teng's relationship with the Tang Family, but she didn't dare comment about it because he would be angry. "Husband, I heard there's a new beauty shop in town, and their products are quite interesting, so I'm going there to check them out."

Slap

Zhao Teng slapped her buttocks hard as soon as Lin Yanxiu got up from her seat, causing her to feel pain in her buttocks, but she didn't say anything and hurriedly left him.

"Who was the real mastermind behind those events? That person seemed to be targeting the people involved in that little bastard's death." However, Zhao Teng's expression turned angry as soon as he remembered Tang Ye. "Tch! If only Jing'er had listened to my words and not married that bastard, she would never have suffered such a tragic ending."

After that, Zhao Teng contacted Zhao Zheng and ordered him to investigate those events, and he also ordered several people to take Zhao Yuxian and her daughters home by force.

.

.

In the car, the two men were still extremely furious at Zhao Teng's previous words. "Hey, Pei Yan, you should contact our boss now; only he can force that old bastard to help us."

"Are you crazy?" Pei Yan asked with a shake of his head. "Our boss will punish us if we disturb him now, let alone if he finds out that we came to him for help."

Bam

Bai Huang pounded the dashboard after hearing that. "If he wasn't a good friend of our boss, I would have beaten him up earlier!"

"Your anger is in vain, as we are incapable of fighting him."

Bai Huang nodded and took out his phone. "Our young miss sent a message to me earlier and asked us to do something about Tianmei Beauty Shop, and she also asked us to capture Tang Yin."

"Tang Yin?" Pei Yan turned to him in surprise. "Our young miss won't be satisfied if she hasn't destroyed that girl yet, huh? Let's go, then. I think it won't be difficult to capture her, but we have to be careful of Tang Yuan."

.

.

.

"Why did your uncle contact you earlier? Did he ask you to investigate those incidents?" Wang Yuelin inquired as her husband entered their room.

Zhao Zheng nodded at her. "He did ask me to investigate those incidents, but you don't need to worry because I won't do it myself, and I've ordered my subordinates to investigate."

Wang Yuelin was relieved that her husband was willing to listen to her and her father. "Did you tell your uncle about my father's suspicion that the mastermind was someone from the Tang family?"

"Although I wasn't close to the late Tang Ye in the past, the deceased Zhao Qing was my cousin. Therefore, I didn't tell him about it, or he would do something to Tang Yin

since Tang Xiao is dead now." Zhao Zheng sat on the side of the bed and stroked her stomach. "How are the results of the IVF program? Are you pregnant now?"

"Are you impatient to be a father?" Zhao Zheng nodded to Wang Yuelin. "Unfortunately, the IVF process is different from a normal pregnancy, and the doctor told me that we have to wait one to two months to get the results, but I hope the process is successful because I also can't wait to have children."

Zhao Zheng nodded in understanding. "Then, you must not do heavy work, and you can leave the housework to the servants. This way, you can rest a lot, and the process will be successful."

"Don't worry, I will definitely take good care of myself."

"I'll go see someone now."

After her husband left, Wang Yuelin immediately called her father, who was none other than Wang Xiaogang, and discussed several things with him. "What about Wang Dong? Aren't you going to stop him from meddling in their matters?"

[Your brother is too stubborn, and I've warned him many times, but he still won't listen to me, so let him bear the consequences himself.]

Wang Yuelin sighed softly at that. "I hope he stops acting foolishly and quickly understands the situation; otherwise, it will be too late, and he will end up like those others."

[Forget it! I tried to persuade him, but he insisted on interfering in those matters, so I don't care if he has to end up the same as them. Most importantly, you and Zheng'er must listen to me, and both of you must stay away from them.]

"I know." After ending their call, Wang Yuelin looked up at the ceiling in thought. "Who is the real mastermind? Tang Yin or Tang Yuan?"

Meanwhile, Yao Wenhua was surprised when she entered Xiang Ning's house, especially since her niece was already neatly dressed. "Where are you going, Yao'er?"

"It's been a few days since my parents died, but I can't go on like this, so I want to go out to look for work, or else I will continue to be sad thinking about them."

Yao Wenhua sighed softly after hearing that, and she tried to offer her something. "What if you worked at your uncle's company? He could give you a special position, so you wouldn't have to start from scratch."

"No, I don't want to burden anyone, so I will try to find work myself." Yao Yao immediately rejected her aunt's idea. "Moreover, Uncle Meng's company situation is still unstable, and they can't recover their important data, so I will only be a burden if I join there now. By the way, I want to ask for your help to sell this house and my father's house, and I will buy a new house and save the rest."

"Do you really want to sell their house?" Yao Yao responded to Yao Wenhua's question with a nod. "Honestly, it would be a shame if you wanted to sell both houses, especially your father's house. There are many memories in that house, but I can understand your feelings. Shao'er has been gone so long that he may be dead, so I'll help you sell them."

Yao Yao turned sad after Yao Wenhua mentioned her brother, but she has tried hard to accept the fact that her family is no longer there. "Thank you, Aunt. I heard there's a new cosmetics company in town, and I know quite a bit about cosmetics, so I will apply there."

"I'll drive you there."

Chapter 102: Yao Yao's Visit

Both women arrived at Tianmei Beauty Shop, and Yao Wenhua left her niece there. Yao Yao was surprised when she entered the shop, especially after she saw Tang Yin. "Since when have you woken up from your coma, Big Sis Yin?"

"Oh?" Tang Yin turned to Yao Yao in surprise. "I woke up a few days ago. Anyway, I'm sorry about your parents' deaths, and I can understand your sadness, as I also felt awful when my parents died."

Behind the counter, Yu Xiaoling shook her head after listening to Tang Yin's words because she and Tang Xiao killed Yao Yao's parents, but she pretended to be innocent.

"Thank you." Yao Yao then asked her. "Is this your shop?"

Tang Yin nodded at her. "Do you want to buy my products?"

Upon hearing that, Yao Yao felt embarrassed to inform Tang Yin about her true purpose for coming there. She considered abandoning her intentions, but she also needed a job to meet her basic needs. "Honestly, I came here looking for a job, and I have a little experience in beauty products, but I'm not sure if you'll be willing to accept me."

Since Tang Xiao already had plans for Yao Yao, Tang Yin took her hand and led her upstairs. "We've known each other for a long time, so you don't need to feel embarrassed toward me. My company just opened today, and I currently have only a few employees. Unfortunately, none of them have experience in the beauty field, so I would be delighted if you joined us."

"Eh?" Yao Yao turned to Tang Yin in surprise. "Are you willing to accept me?"

"Yes." Tang Yin nodded at her with a smile. "You can work with me from now on, and I will introduce you to others. You don't need to think about your salary, and I will give you the best offer."

Yao Yao was relieved by that. "Thank you, Big Sis Yin."

Tang Yin just nodded and introduced her to Lin Qingxue on the second floor, and she then took her to the third floor before introducing her to Liao Yuxi and Qiao Yumei. As for Xing Xing, Yao Yao already knows her quite well because they used to attend the same school.

Even though she didn't like Yao Yao because her parents were involved in the murder of Tang Xiao's parents, Xing Xing still accepted her among them because Yao Wei and Xiang Ning were dead, and she also knew Tang Xiao's plans for her.

****Ring... Ring...****

When the three friends left, Ouyang Qing was startled by an incoming call. She picked up her smartphone and looked at the caller's name, but she furrowed her brows before accepting the call. "Have you destroyed Tang Yin's online shop, Hao Lin?"

[Hey, Qing! I'm in big trouble now! The police surrounded my house to arrest me now!]

Ouyang Qing abruptly sat on the bed. "Why did the police surround your house?"

[I don't know what happened, but it started when I was about to carry out your orders to destroy Tang Yin's online shop.] Ouyang Qing frowned at Hao Lin's answer. [My computer was hijacked by someone, and all my important data was sent to the police, so they knew all my old crimes. Moreover, I did all that for you, so you have to save me, or I will spend the rest of my life in prison.]

"Hand yourself over to the police first, and I'll think of a way to get you out of the prison as soon as possible." Without waiting for Hao Lin's reply, Ouyang Qing ended their call before sending a message to her father to help her, and she lay down on her bed again. "Who hijacked her computer? How could that person do it? Could it be the same person who did that to the Ran, Yao, and Meng families? If that's true, it means that person was related to Tang Yin, but I can't guess that person's identity. Hey, I don't need to think about that, right? Since that person is related to her, I just need to tell those people about it, and they will do something to her, so she will be destroyed in their hands."

After she thought about it, Ouyang Qing sent a message to several people at once, including her father. However, she was unaware that Xiao Ai had hijacked her and the others' phones, and the female Ai deleted all her messages to those people.

Ouyang Qing looked at her smartphone screen and searched for Tang Xiao's number, but she hesitated to call him. She was comfortable and enjoyed his actions toward her earlier, but she didn't want to get too close to him, as he was merely a chauffeur. In the end, she didn't contact him and chose to rest, as she felt tired after her previous orgasm. 'Sigh! I have to stay away from him, or I will become even more addicted to his presence and actions. Additionally, Qinlin previously said that he accepted her offer to sleep with her, so I don't want him near me even more. Besides, my father would have someone kill him if he knew I let him treat me like before, so I wouldn't take that risk.'

.
. .
.

After they left the hospital building, Jessica asked Luo Qinlin and Lin Yan to go home by themselves. She went to the parking lot to look for Tang Xiao, who had been waiting for her since earlier.

Tang Xiao smiled faintly when he saw Jessica walking towards him, and he hurriedly opened the passenger door for her. "I thought you wouldn't come to see me."

"Luo Qinlin talked too much before, so I couldn't leave." Jessica briefly kissed Tang Xiao before asking. "Do you really agree to sleep with her?"

"Not really." Tang Xiao denied with a shake of his head. "I don't know Luo Qinlin, but her behavior clearly shows that she's a slut, and I don't want to get close to that kind of woman."

"Is that true? Are you really going to refuse her offer to sleep with her?" Jessica suspiciously asked.

"Haha." Tang Xiao reclined his chair and pulled Jessica into his lap, making her feel embarrassed because they were in a public place. "Why should I accept Luo Qilin's offer if I have you by my side? Even though we've never had sex, I've always enjoyed my time with you, so I would never think about her."

"What about Xing Xing?"

"What about your husband?" Jessica's lips twitched because Tang Xiao turned her question back to her. "Did you spend your night with him yesterday?"

"No." Jessica embraced Tang Xiao's neck. "My husband came home late, and he had to attend important business at school today, so he went straight to bed last night. Additionally, I still feel guilty toward him because of our relationship, which makes me uncomfortable having sex with him."

Tang Xiao cupped Jessica's face and kissed her, to which she right away responded. After all, he was busy with Yi An and Mu Lin's birthday party yesterday, and her husband also returned from out of town, preventing the two of them from seeing each other.

In a few moments, their kiss was heated and became passionate. Due to the change in circumstances, Tang Xiao decided to speed up his plans for Jessica, and he grabbed her buttocks while using low-level pleasure touch, arousing her lust.

"Mhmm..." Jessica trembled slightly, and she hugged Tang Xiao's neck tighter while deepening their kiss. She moved her hips and rubbed Tang Xiao's dick from outside his trousers, causing it to gradually harden. 'Ugh! We've made love for a few days before, but I've never felt this sensation before, and I've missed it so much.'

Since Jessica was wearing a buttoned-up blouse, Tang Xiao's hands moved quickly to unbutton it, and she swiftly took off her bra. She didn't want to be naked herself, and she quickly took off his chauffeur uniform, leaving both of them half naked.

Tang Xiao immediately stopped their kiss, and he pushed Jessica back a little before playing with her breasts.

"Ahh..." Jessica began to moan as Tang Xiao licked her nipples, which had already hardened due to her arousal. As she enjoyed playing on her breasts, she rubbed the back of his head and ruffled his hair, and her hips moved faster in rubbing his dick. "Ahh... Feng Xiao... You are getting better at stimulating me... Mhmm... Your licking and sucking makes me horny."

Tang Xiao licked, sucked, and nibbled Jessica's one nipple while stimulating her other breast and nipple using his fingers. His actions made her lust skyrocket, and he could feel that her pussy was starting to get wet with her sexual fluid.

Jessica felt lost when the pleasure disappeared because Tang Xiao stopped his pleasure touch, and he did it because he didn't want her to orgasm too quickly. Despite this, she still enjoyed his actions on both her breasts and nipples, as he intensified them, making her unable to stop moaning.

"Ahh... Feng Xiao... Let's move to the back seat... Mhmm... I want to play with your dick."

Hearing that, Tang Xiao stopped his actions, and he returned the driver's seat to its original position. He took Jessica into the back seat, with her lying on top of him in a 69 position.

When Jessica unfastened his trousers to release his erect dick, Tang Xiao removed her long skirt and panties simultaneously, and the two immediately began to satisfy each other.

Chapter 103: Artificial Doll

Jessica clamped Tang Xiao's shaft between her breasts, with her head bobbing up and down while sucking part of his dick in her mouth. Her tongue circled his glans, licked it, and tickled it.

****Slurp... Slurp... Slurp...****

Meanwhile, Tang Xiao's tongue was licking Jessica's pussy, which became increasingly wet. His tongue moved in and out of her pussy, sucking and savoring her sexual fluid. His fingers gently rubbed her clitoris hidden between her labia, making her continue to squirm above him.

Jessica was startled when a strong shock of sexual pleasure electrified her body, but she was looking forward to it. Her head moved faster as she got hornier; she moved her breasts and gave his shaft a titjob, and her sucking on Tang Xiao's dick got stronger and faster.

****Slurp... Slurp... Slurp...****

After pleasuring each other for a while, Tang Xiao and Jessica reached their first orgasm. The two embraced each other as their bodies writhed wildly, and their genitals sprayed their sexual fluids into each other's mouths, which they enjoyed.

Once their orgasm was over, Jessica turned to face Tang Xiao and lay on her stomach on top of him. Her hand reached down to his dick and rubbed his glans against her pussy, but she hesitated to insert it because there would be no turning back if she had sex with him.

"I know you have wanted my dick inside your body, but you feel conflicted due to your guilt toward your husband." Tang Xiao cleansed Jessica's mouth using qi, briefly kissed her, and fondled her breasts. "Whether we have sex or not, he will still be disappointed in you if he finds out about our relationship. Therefore, you don't need to hold back and have sex with me, and you will get the sexual experience you desire."

"You're right." Jessica let out a soft sigh. "Whether we have sex or not, my husband will still be disappointed in me, and he will divorce me if he finds out about our relationship. I've wanted your dick inside you for a long time because it's so hard, and it doesn't go limp at all even though you've just orgasmed."

"Then, what are you waiting for?" Tang Xiao asked with a smile. "As long as we don't talk about our relationship with anyone, no one will ever know about it, and it will always be our little secret."

Jessica didn't respond to Tang Xiao and stared at him, while her thoughts conflicted between her desire for his dick and her guilt towards her husband.

Tang Xiao didn't say anything else and waited for Jessica to make her own decision, but his hands kept playing with her breasts and nipples without using his pleasure touch.

'I'm sorry I cheated on you, husband. His dick is tempting me, and I want to feel it inside my body.' Jessica slowly pushed her body backwards, causing Tang Xiao's glans to enter her pussy. 'Oh gosh! I've been imagining this pleasure, but this pleasure is much more pleasurable than I previously imagined.' "Ahh... only your glans is inside me, but I already feel full."

'Haha! You've finally fallen into my hands, Jess!' Tang Xiao inwardly laughed when he heard that, but he didn't rush Jessica to insert his dick deeper; instead, he patiently waited for her to do it herself.

"Mhmm... Feng Xiao... your dick is hard and big... Ahh... it rubs my clitoris and my inside simultaneously." Jessica's expression became increasingly lewd as Tang Xiao's dick moved deeper, and it was already halfway in, but she suddenly reached her second orgasm due to his dick's intense rubbing. "Ahh... No... I'm cumming again!"

Jessica slumped over Tang Xiao and convulsed a few times, causing her sexual fluid to wet his dick. He grabbed her buttocks and thrust his dick in one go, causing it to fully penetrate her.

"Ahh..." Jessica threw her head back and let out a louder moan, and her sexual fluid flowed even more, drenching her inside. "Mhmm... move now and fuck me... Feng Xiao."

"Sure." Tang Xiao sealed Jessica's lips, kissed her passionately, and pistoned her pussy at a rapid pace.

****Pah... Pah... Pah...****

"Mhmm..." Jessica moved her hands to the back of Tang Xiao's neck and hugged him, and she also moved her hips in rhythm with each powerful thrust of his dick, bouncing her mind into sexual bliss. She kept releasing muffled moans that were mixed with clapping sounds from their lower bodies, and she tightened her lower body to clamp his dick inside her, intensifying the pleasure from his pounding. "Mhmm..."

[What do you want to do to Jessica, Master?]

'Do you have the best solution for her, Xiao Ai?' Tang Xiao laid Jessica on his left side, lifted her right leg upward, and fucked her faster. 'Her husband was our former teacher, and he's very kind, and I don't have the heart to make him suffer like what we did with Yu Xiaoling's husband.'

****Pah... Pah... Pah...****

[I think I have an idea, Master. For now, you can have fun with Jessica, and I'll prepare everything first. Once you're satisfied with her, you can bring her into the ark, and I'll take care of the rest for you.]

"Alright." Tang Xiao wasn't comfortable in that position, and he laid Jessica under him before continuing to fuck her in the missionary position.

"Mhmm..." Jessica thoroughly enjoyed every strong thrust of Tang Xiao's dick, and she kissed him deeper. She lifted her lower body slightly and wrapped her legs around his waist, making his dick penetrate her pussy to her cervix, drowning her in immense sexual pleasure. "Mhmm..."

****Pah... Pah... Pah...****

"Mhmm..." 'Ahh... I'm cumming again!' Jessica reached her third orgasm, but she was shocked when Tang Xiao's dick throbbed hard inside her body. She wanted to stop him, but he inserted his dick deeper and shot a large amount of his hot load. 'Ugh! Why did he release his cum inside? I'll be in trouble if I get pregnant, and my husband will divorce me.'

Once their orgasms stopped, Tang Xiao moved his dick and fucked Jessica again, leaving her quite overwhelmed after she orgasmed three times in a short period of time.

"Ahh... Harder... Feng Xiao..." Even though she was starting to get tired, Jessica was carried away by the current of pleasure that continued to flow through her body, which made her not want to stop having sex with Tang Xiao. "Ahh... let's switch positions."

Tang Xiao stopped for a moment, made Jessica crawl on all fours, and fucked her in the doggy style. He leaned forward, stimulated her nape, and squeezed her breasts that hung and swayed beneath her.

"Ahh... so deep... so pleasurable!" Jessica leaned forward because her arms were tired, and Tang Xiao fucked her faster and harder. "Ahh... No... I'm going to orgasm again... Feng Xiao!"

Once again, Jessica's body convulsed wildly from her fourth orgasm, and Tang Xiao once again released his hot load inside her.

"Ahh... you orgasmed inside again!" Tang Xiao pinned Jessica down from behind, causing her body to float slightly. "Ugh... You're crazy! I'm afraid I'm going to get pregnant."

"Isn't that great, Jess?" Jessica stiffened when she heard Tang Xiao's cold question in her ear, and she turned her head to the side slightly to look at him before being shocked by his true face. "Are you surprised to see me, Jess?"

Jessica trembled after seeing his true face, and she stammeringly asked. "How... how could this be you, Tang Xiao?"

"Heh." Tang Xiao snorted at Jessica. "How do you feel about cheating on your husband with the man you framed seven years ago? Do you know how I've felt for the past seven years?"

"Tang Xiao, I—"

"Shut up!" Tang Xiao clutched Jessica's face. "Two days before my freedom day, Ouyang Qing sent her father's subordinates to kill me, and I fell into that ravine after Bai Huang shot me twice right in the chest. Fortunately, King Yama was unwilling to accept my soul, and he sent me back to this world as a revenge demon."

Jessica's tears involuntarily flowed out of her eyes, but Tang Xiao didn't feel the slightest pity for her. "Tang Xiao... please forgive me... I didn't want to participate in framing you, but Ouyang Qing blackmailed me."

"Do you think your apology can change reality?" Tang Xiao coldly asked. "Back then, I admired you, and I fell in love with you. "Despite my unrequited feelings for you, I always find joy in witnessing your happiness with our former teacher. Unfortunately, you betrayed my trust in you, and you were one of the culprits who caused me to almost die at the bottom of that ravine."

"Tang Xiao... please forgive me."

"It's too late, and you are my property now. I won't kill you, but I will never let you return to your family." After saying that, Tang Xiao knocked Jessica unconscious, and he immediately carried her into the ark after he got dressed.

.

.

.

Before long, Tang Xiao had brought Jessica to the laboratory, where Xiao Ai was waiting for them. He then placed her in one of the capsules, but he was confused to see a doll inside the second capsule. "What kind of doll is that? What is the function of that doll?"

Xiao Ai immediately explained to him. "Master, this doll is artificial, and it resembles my body. Since you don't want to hurt your former teacher, I will transform this doll into Jessica, and this doll will accompany her husband in her stead."

Chapter 104: Future Earth

"Eh?" Tang Xiao was shocked to hear that. "Is it really possible to turn this doll into Jessica?"

"Yes." Xiao Ai approached the main monitor and initiated the process, moving several medical instruments above Jessica. "For now, I'll copy her memories and extract her DNA. Additionally, I need her hair, nails, skin, and several other things. I'll implant them into the doll, and it will turn into her. Once everything is ready, I will implant her memories in the chip inside it, and it will be completely similar to the real her. This way, people won't be able to see the difference between the two, and no one will suspect her."

Even though Xiao Ai and the ark had been with him for several days, Tang Xiao still sometimes felt that everything was unreal. "Does this mean your old master created you the same way?"

"Yes." Xiao Ai nodded before explaining to Tang Xiao. "My master used the DNA of his best friend's deceased daughter to create my form, but she was too young at the time, so she didn't have many memories. Instead, he created my memories in the server using a program he created himself, and he implanted them in the chip inside my body, allowing me to move between my body and the server."

"Sigh! I'm not a tech enthusiast, so I have a difficult time understanding all of this." Tang Xiao's words almost made Xiao Ai laugh because he and her old master were the same person. "Do you have any recordings from Earth in your era?"

Xiao Ai turned to Tang Xiao. "Why do you want to know about that, Master?"

"No particular reason." Tang Xiao shook his head in response. "I'm just curious about the future of Earth."

"Actually, I have many recordings about the future Earth, as my old master often went there to visit his family's grave." Tang Xiao looked at Xiao Ai in shock. "My old master used to be an earthling, and he started cultivating on Earth. Unfortunately, his parents were not as fortunate as him, and they died due to some factors, but I can't tell you about the details."

Tang Xiao became increasingly curious about the identity of his savior, as he couldn't access any data about him in Xiao Ai's database. "Show me the future Earth."

"Wait a second." Soon, several videos appeared on the main screen, but the scene that appeared there made Tang Xiao fall into a daze, prompting Xiao Ai to explain. "As you can see, the future Earth is entirely different from the current one. Those earthlings are too selfish and greedy, and they never respect nature. Several years in the future, nature becomes severely damaged, and the atmosphere becomes increasingly thin, causing the air quality to become really bad."

Tang Xiao released a heavy sigh. "The air quality worsens daily because of extensive construction and environmental destruction across all countries, so it's no surprise if the future Earth becomes like that. Then, what about those countries? Why is there only one country left on the future Earth?"

"Hehe." Xiao Ai giggled. "The future Earth has experienced several catastrophes, and each catastrophe has had a significant impact on the planet, which caused the number of islands and their population to decrease significantly. This situation forced all the remaining countries to decide to unite; otherwise, the population would become extinct."

"What about those cultivators on Earth II?" Tang Xiao asked as he observed those recordings.

"All of them left Earth after the first catastrophe, leaving the mortals behind." Xiao Ai immediately turned off all the images. "It's not good for you to know much about the future, so I think that's enough for now, Master. Furthermore, none of that has happened yet in this era, and the situation can still change in the future."

Tang Xiao nodded slightly. "You're not wrong about that, but the current Earth might become like the future Earth if these people continue to act as they are, and nature will be further destroyed by their actions."

"Are you thinking about changing the situation on Earth, Master?" Xiao Ai asked curiously.

"No." Tang Xiao shook his head slightly. "I don't know how or when those catastrophes will occur in the future, but I believe that trying to change them based on the future I just witnessed is a foolish idea, so I won't do that. Moreover, those people are too greedy and selfish, so let them bear the consequences of their actions. I know that I am selfish, but I will take all the people closest to me to leave the Earth after I become truly strong, so we won't be affected by those catastrophes."

Xiao Ai nodded to Tang Xiao. "Your decision is indeed selfish, Master. However, this is the best decision because trying to change the future will create a domino effect; therefore, you should allow everything to unfold naturally, even if the current Earth transforms into the future Earth you just witnessed."

"Yeah." Tang Xiao then walked away. "I'll go to the training ground to train, and you can send Jessica to the prison after the process is complete."

"Wait a minute, Master." Tang Xiao turned to Xiao Ai. "Bai Huang and Pei Yan previously went to Zhao Teng for help, but he rejected them. Even so, he ordered Zhao Zheng to investigate all the previous events, but he had no intention of carrying out his orders."

"Oh?" Tang Xiao was surprised by that. "Why did Zhao Zheng defy that old bastard's orders?"

"Hehe." Xiao Ai chuckled at his question. "After learning that the two men had visited Zhao Teng, I immediately began investigating Zhao Zheng and Wang Yuelin. From there, I found out that Wang Xiaogang, through his daughter, warned him not to interfere in those matters, and he would rather follow his father-in-law's words than your grandfather's."

Tang Xiao nodded in understanding after hearing that. "What else do you know about them?"

"Wang Xiaogang suspects that the mastermind behind all those incidents is a member of your family, but he doesn't dare to confirm anything." Tang Xiao was once again surprised by Xiao Ai's answer. "However, I discovered that Wang Dong was unwilling to listen to his father, and he insisted on investigating the matter together with several other families. That's why I investigated them, and I have saved all the information about them in my database, so you can read everything yourself."

"You really work so concisely and quickly, but I like your actions." Tang Xiao then walked away as he spoke again. "I will go to the training ground now, and I will read information about them later."

Xiao Ai smiled while watching Tang Xiao leave. "Master, I'm used to working with your future self, who always works quickly and effectively. You currently cannot compare to him, but I am confident that in the future, you will be just like him."

Xiao Ai suddenly detected something and immediately called Mu Qingge to meet her at the lab.

After Mu Qingge arrived, Xiao Ai immediately escorted her out of the ark. "This way, she can help my mistress deal with them, and those two policewomen won't be able to do anything to her."

.

.

.

When Mu Qingge arrived at Tianmei, the employees and customers in the shop looked at her strangely and in awe at the same time, as she was wearing traditional clothes like the people of their country from ancient times.

There was one female shopper who looked curious and jealous of Mu Qingge's beauty, but she was surprised when she saw two women walking down from upstairs. 'Tang Yin? Why is she in this place?'

Sensing the woman's gaze, Tang Yin looked at her and recognized her identity as Zhao Teng's grandfather's third wife, Lin Yanxiu. She ignored her and approached Mu Qingge with Xing Xing. "Xiao Ai said they will arrive soon, so we should wait in the parking lot."

"Alright." Mu Qingge nodded in agreement with her, and they left Tianmei immediately.

After they disappeared from her sight, Lin Yanxiu asked Yu Xiaoling a question. "Is Tang Yin the owner of this shop?"

"Tang Yin is the shop's owner, and her aunt, Zhao Qing, assists her." Yu Xiaoling answered as she observed Lin Yanxiu, and she felt that she had seen her before, but she couldn't remember her.

Lin Yanxiu was quite surprised to hear that her stepdaughter was collaborating with Tang Yin to set up a new company, but she didn't tell her father about it. However, she was aware that it was because Zhao Qing didn't like her after she married Zhao Teng, particularly since they were the same age, which strained their relationship. 'Sigh! I should meet her to fix our relationship.'

.

"What do you plan to do with them, Yin'er?"

Tang Yin shook her head at Mu Qingge. "Xiao'er has his plans for those two men, and he will settle the matter between them in three days, so I won't do anything to them. Moreover, those two women are following them, so I can't use my abilities in front of them, or they will attack me."

Mu Qingge nodded in understanding. "Actually, you don't need to worry about Sun Xiang; I know her character well enough, and her mother is an old friend of mine, so I can convince her not to do anything to you."

"What about Xiao Meng?" Tang Yin asked because they had no information about the clans on Earth II, and Xing Xing also looked at Mu Qingge curiously.

Chapter 105: Tang Yin - Sun Xiang

Mu Qingge explained some things to them. "Those clans were divided into three grades: first grade, second grade, and third grade. The Wang and Long Clans are first-grade clans, but there are still several other clans, such as the Feng, Huang, and Liu Clans. Our Mu and Tang belong to the second-grade clans, as do the Sun and Xiao Clans, but they are stronger than our clans, and their strength is almost equal to that of the first-grade clans, especially the Sun Clan. Actually, there are still quite a lot of other second-grade clans, but only a few have quite a big influence, like the Zhang, Qing, Chen, Cao, and Song clans. As for the third-grade clans, you don't need to think about them, especially since they are subsidiaries of the second-grade clans."

Tang Yin nodded in understanding, muttering softly. "I didn't expect that Aunt Feng Yao's clan was so powerful, but she always kept a low profile. The Sun and Xiao clans were also powerful, and we'd be in trouble if we had to face them."

"Not really." Mu Qingge then told them again. "Uncle Sun Qian is insightful and wise, and he is also a close friend of your grandfather, so I am sure that the Sun Clan will never be your enemy. However, Sun Xiang is too naive, and she doesn't like killing, so she decided to stay here and become a cop. Even her mother, Zhang Xingcai, was helpless with her choice."

"What about the Xiao Clan, Aunt Qingge?" Xing Xing asked.

"I don't know the Xiao Clan well, so I don't have much information on them." Tang Yin was a little disappointed when she heard that, but Mu Qingge hurriedly continued.

"However, Xiao Meng's grandfather, Xiao Luo, is quite arrogant, and many people dislike him, including my father and Uncle Huang. Even so, they have a close relationship with the Sun Clan, and Uncle Qian helped that clan a lot in the past, or else they wouldn't be as strong as they are now."

"I see." Tang Yin nodded her head slightly. "No wonder Xiao Meng is always with Sun Xiang; it turns out their two clans have such a relationship."

Mu Qingge then warned the two women. "Of all the clans, there is one that you should be wary of, and that clan is the Xie Clan."

"Didn't Xie Ao come from that clan?"

"Yes." Mu Qingge nodded before explaining. "The Xie Clan is a heretic clan on Earth II, and the majority of their members are darkness cultivators like you. This is why other cultivators dislike them; they are shrouded in mystery and possess many unusual abilities, making it difficult for the first-grade clans to defeat them."

Tang Yin wanted to ask Mu Qingge again, but they saw that the two men had already arrived at the parking area, and a little far behind them were Sun Xiang and Xiao Meng.

Seeing the three women, Bai Huang and Pie Yan got out of the car before exchanging confused glances, as both of them felt that they were deliberately waiting for their arrival. They were even more confused after seeing the confidence on Tang Yin's face, as they still considered her to be a weak woman, but her expression showed otherwise.

However, Bai Huang turned his gaze to Mu Qingge as he licked his lips, fascinated by her beauty and attractive body, and a glimmer of lust flashed into his eyes. 'What a beauty! I've never met a woman as beautiful as her before!'

Mu Qingge raised her eyebrows after she noticed Bai Huang's lustful gaze, but she looked back at him with a look of disdain, causing him to frown.

"Hey! You two should not bother them!"

Bai Huang and Pie Yan looked at Xiao Meng, who was shouting at them. They inwardly cursed as soon as they saw Sun Xiang walking behind her. 'Damn it! Why is she in this place? Since she's here, we won't be able to do anything to these three women!'

"Let's go back." Pei Yan said to Bai Huang as he got into the car, and they immediately fled the place, as they didn't want to deal with Sun Xiang.

"Cowards!" Xiao Meng cursed irritably after they ran away, but Sun Xiang just shook her head and pulled her towards the three women.

After they arrived in front of them, Sun Xiang glanced at Tang Yin and Xing Xing for a moment before speaking to Mu Qingge. "I thought you had returned to Earth II because I couldn't find you and Yan'er at Grandpa Lin's house, so I didn't expect to meet you here with them, Aunt Qingge."

Mu Qingge smiled when she heard that. "After my father recovered, Yan'er asked me to accompany her on a trip because she felt bored of cultivating continuously, so we went to several other places before."

"I see." Sun Xiang nodded in understanding and turned to Tang Yin. "Where is Tang Xiao now? Could you take us to see him?"

Tang Yin was not surprised by her question because Tang Xiao had already told her that Sun Xiang already knew that he was still alive. "Why are you wanting to meet my little brother, Miss Chief?"

Before Sun Xiang could answer her question, Xiao Meng had already shouted at Tang Yin with frowning eyebrows. "Hey! You don't need to pretend in front of us! We know that he is the mastermind behind all the previous events."

"Haha." Tang Yin laughed before making a mocking inquiry. "Do you have proof that my little brother is the mastermind? Although you are a cultivator, you are also a police officer, remember? Therefore, you can't accuse people without any proof, or else I will sue you for defamation."

Xiao Meng was furious when she heard that. "You—"

"Stop it, Meng." Sun Xiang then spoke to Tang Yin. "We don't have any evidence, but I have the ability to distinguish each person's qi, so I'm sure that Tang Xiao is the murderer of Du Zhong and He Yu. Not only him, but you were also involved in Yao Wei's death, right?"

Tang Yin smiled and asked Sun Xiang. "Is that so? How can I kill Yao Wei when he is in such a strict prison? Moreover, according to the news I heard, the forensics say that he died of natural causes, and there is no CCTV footage showing that anyone intruded there before he died, right?"

"You—" Xiao Meng wanted to curse at Tang Yin, but her phone suddenly rang, and she frowned for a moment after seeing the caller's name. "Xiang, my grandfather's person has come, so I have to go back to my house to see her, or he will come here himself to take me home."

Without waiting for her answer, Xiao Meng flew away and left the place, but her previous expression did not escape the eyes of Tang Yin, who swiftly asked Xiao Ai to track her phone.

Sun Xiang then asked Tang Yin. "Can we talk somewhere else?"

"We can talk in our office." Tang Yin answered as she led them back to Tianmei, and Mu Qingge accompanied them so that Sun Xiang wouldn't do anything to her.

.
. .
.

Zhao Qing raised her eyebrows as soon as she saw Sun Xiang, but Tang Yin signaled her not to say anything, and she nodded in understanding before leaving the room.

"So what did you want to talk to me about, Miss Chief?" Tang Yin inquired as she pulled Xing Xing and Mu Qingge to sit beside her.

Without beating around the bush, Sun Xiang directly asked Tang Yin again. "Are you really a darkness cultivator? When I examined Yao Wei's corpse, I sensed a terrifying darkness qi there. At first, I thought that the owner of the qi was someone from that heretic clan, as I hadn't met the owner before. However, my conclusion changed after I met you, and I dare say with certainty that you are the true owner of that qi, so I am sure that you were involved in his death."

Mu Qingge directly spoke to Tang Yin. "As I told you before, Xiang'er's mother is an old friend of mine, and she indeed has the ability to distinguish a person's qi, so you won't be able to lie to her."

[Mistress, there are indeed some cultivators who have similar abilities to Sun Xiang.]

Tang Yin nodded in understanding after listening to them. "Isn't your ability too broken, Miss Chief?"

"Your grandfather is a good friend of my grandfather, so you don't need to call me that; you can just call my name directly." Tang Yin just nodded to Sun Xiang. "My ability isn't as broken as you think because I can only detect traces and types of Qi previously used in that place, but I won't be able to find out the owner before I meet the person. That's why I can confirm that the two of you were involved in their deaths, but I don't understand how you could kill him without leaving any traces."

In the end, Tang Yin decided to admit it by opening her palms, and she showed her darkness element to Sun Xiang, causing her to frown. "I am indeed a darkness cultivator, and I was the one who killed Yao Wei. However, I will not tell you about my abilities, as they are my secrets. As for my reasons for killing him, you must already know everything, so I will not speak at length about that matter."

Chapter 106: Xiao Hua - Xiao Clan

Sun Xiang sighed heavily after hearing Tang Yin's confession. "They are only ordinary humans, so it is inappropriate for cultivators like you two to kill them. Instead, you can hand them over to us for punishment in accordance with our country's laws."

"Hahaha." Tang Yin laughed when she heard that and mocked Sun Xiang. "Which laws are you talking about? The laws you are so proud of couldn't do anything to them! Our parents died nineteen years ago, but the police didn't dare to investigate their deaths, so you don't need to mention those useless laws in front of me because they're just trash."

"But—"

"Hey! What can you do about them? You couldn't find evidence of their crimes if we don't expose them to the public, remember?" Tang Yin fiercely interrupted Sun Xiang. "Even after his crimes became public, you and your fellow police officers still couldn't do anything about them, so we will judge them in our own way, and we will kill those who were involved in our parents' deaths."

Seeing Sun Xiang's complicated expression, Mu Qingge tried to talk to her. "I understand your distaste for such things, but you must acknowledge their control over this country's laws. You won't be able to do anything about them, especially since those people are afraid of Ouyang Hong."

Sun Xiang was unable to dispute Mu Qingge's assertions, as she had long come to this realization and genuinely desired to take action against Ouyang Hong. Unfortunately, she couldn't do anything to him legally because the people above her were his lackeys, and she also couldn't use her abilities as a cultivator to do it, especially since Long Yin was behind him, which would only be detrimental to her and her Sun Clan.

Tang Yin then warned Sun Xiang. "I won't do anything to you due to our grandfather's good relationship, but you should never try to stop Xiao'er, as you don't know what he witnessed that night. He will have no qualms about doing something bad to you if you dare stop him, and you won't like it if that happens."

Sun Xiang frowned after hearing that, but Mu Qingge also seriously warned her. "Xiang'er, I haven't known Tang Xiao that well myself, as we haven't met for long. However, he is indeed such a person, and I don't want you to suffer, so I hope you don't get in his way of taking revenge on those people."

Sun Xiang looked at Mu Qingge in confusion, and she felt that there was something between her and Tang Xiao. However, she didn't dare doubt her words, as they had

known each other for so long. "Then, what about Yao Shao, Ran Linfeng, and Ran Qingfeng? Have you two killed them?"

"Xiao'er killed Ran Linfeng, and I killed Ran Qingfeng because he tried to violate me seven years ago." Tang Yin then took out a small monitor-like device before speaking again with a strange smile. "We didn't kill Yao Shao, and he died at the hands of his two bodyguards. If you want to know about his death, I can show you the footage."

"Hmm?" Sun Xiang once again frowned after she saw Tang Yin's strange smile, and she had a feeling that it wouldn't be a good thing to watch the recording of Yao Shao's death. "No need! I don't want to see the footage, and I'm satisfied by knowing that they died in your hands. So, who is Tang Xiao's next target?"

"Don't you already know the answer?" Tang Yin asked with a faint smile.

"I see." Sun Xiang nodded in understanding. "Bai Huang and Pei Yan, right?"

Tang Yin nodded at her. "Ouyang Qing ordered Bai Huang to kill Xiao'er in prison, but he was lucky because his master saved him from death, and he was the one who taught him to become a cultivator, or else he would have been with our parents in the afterlife now."

Sun Xiang was truly shocked to hear that name come out of Tang Yin's mouth, as she herself knew that Ouyang Qing was one of several women who made Tang Xiao spend seven years in prison, but she did not expect that she would order Ouyang Hong's subordinates to kill him. "Now I understand why he killed Du Zhong; it was because he sent Bai Huang there to kill him."

"That's why you can stop following them, or else Xiao'er will move against you if you stop him from killing them."

Sun Xiang chose not to say anything about it, as she felt in a dilemma about making a decision about the matter, and she immediately said goodbye to them before leaving the room.

"Do you think she will stop my husband from taking revenge, Aunt Qingge?" Xing Xing, who had been silent for a long time, finally asked.

"I don't know." Mu Qingge responded by shaking her head. "Xiang'er must be feeling a dilemma now because she is a police officer, and it is her duty to stop Tang Xiao. At least we've warned her about him, so the decision is in her hands now. However, she is not a fool, and I am sure that she will make the best decision regarding this matter."

"Will you protect Sun Xiang if Xiao'er does something to her, Aunt Qingge?"

Mu Qingge immediately turned to Tang Yin. "What do you think Tang Xiao will do to her? Will he treat her the same way he treated those three women? If he does something really bad to her, Uncle Qian will be furious because she is his favorite granddaughter. Besides, his actions will also ruin your grandfather's relationship with him, which will be a big loss to all of you."

Tang Yin nodded in understanding toward Mu Qingge, and she certainly didn't want something like that to happen between them. After all, the Sun Clan was powerful, and her grandfather also had a good relationship with Sun Xiang's grandfather. "Don't worry; I believe that Xiao'er can distinguish things well, and he won't do anything that will harm us."

"I hope so." Mu Qingge then got up from her seat. "Please send me back to the ark."

"Do you have any plans against Sun Xiang, Big Sis Yin?" Xing Xing asked after Tang Yin sent Mu Qingge into the ark.

Tang Yin nodded slightly. "I have indeed thought of a plan regarding Sun Xiang, but I will leave the decision to our husband, and I hope he has the same thoughts as me regarding her."

Xing Xing massaged her forehead after hearing that, and she could already guess Tang Yin's plan regarding Sun Xiang, but she chose to support it. "If that's the case, let's see our husband's decision."

.

.

.

Meanwhile, Xiao Meng had arrived at her house, and a middle-aged woman was waiting for her there, so she immediately asked. "Why did you suddenly come here, Aunt Hua? Did my old man order you to take me home?"

"No, your father didn't order me to take you home." Xiao Hua responded by shaking her head before explaining. "Your grandfather ordered me to investigate something here, and I remembered you live here, so I came here to check on you."

"Phew." Xiao Meng breathed a sigh of relief as she patted her chest lightly, and she immediately sat down beside Xiao Hua. "I thought you were going to take me home by force, so I was too lazy to reply to your previous message."

Xiao Hua smiled in amusement at Xiao Meng's reaction. "Why do you hate your father so much?"

"Don't you already know the answer?" Xiao Meng asked back with a frown. "That bastard neglected me and my mother just because he wanted a son, but my mother couldn't give birth to a second child after giving birth to me, and he took that bitch as his second wife. Moreover, he kept forcing me to accept his crazy idea, so it's natural that I hate him, right?"

Xiao Hua chose not to comment on the matter, as she was only a member of the Xiao clan branch. "Do you know anything about those people's deaths?"

"I knew you would ask that." Xiao Meng replied by shaking her head. "I am uncertain about their deaths because that woman knocked both Sun Xiang and me unconscious, and when we woke up, they had vanished. However, Tang Huang and Tantai Lingyan were there when the incident happened, and they were stronger than Xie Ao, so maybe they were the ones who killed him."

Xiao Hua nodded to Xiao Meng. "Since I don't come here often, I will stay here for a few days, and I want to see your progress."

"Alright then."

.

.

.

At first, Tang Xiao wanted to go to practice, but Xiao Ai informed him that Yi An had finished her meeting, and he hurriedly left the ark and went to pick her up. "Do you want to go to the hospital, Madam?"

"I'm exhausted after the intense meeting with them, so I want to go home to rest."

"Alright." Tang Xiao signaled to Su Rou to do something, making her raise her eyebrows slightly.

Su Rou sighed softly and spoke to Yi An. "Madam, I ask permission to go out to meet someone."

"Hmm?" Yi An momentarily raised an eyebrow. "You can go, but don't come home too late because we will continue our meeting with those people tomorrow."

"Yes, madam." Su Rou looked at Tang Xiao through the rearview mirror. 'Is he planning to do something to Yi An?'

Chapter 107: Tantai Lingyan - Sun Xiang

After they arrived at Ouyang House, Yi An sat on a chair in front of the front door, thinking about something.

On the other hand, Su Rou hurriedly ran to her room to get something and left again after that. However, many questions emerged in her mind as she noticed Yi An's expression, and she was sure that Tang Xiao had done something to her.

Despite this, Su Rou was happy if Tang Xiao did something to Yi An because she could monopolize Ouyang Hong for herself, and she could get more things from him.

'Sigh! What actually happened to me? I kept thinking about Feng Xiao in the past few days, and this strange feeling kept getting stronger every day.' Unfortunately, Yi An was unaware that Tang Xiao had been sneaking into her room every night for the past few days, and she was even less aware of his actions toward her, which included mixing his cum into her drink. "Feng Xiao."

Yi An called out to him when Tang Xiao passed in front of the house, and he immediately approached her. "Do you need anything, madam?"

"Can you do a massage?"

Tang Xiao laughed inwardly before nodding to Yi An. "Madam, I'm used to massaging my family members at home, and most of them always enjoy my massages."

"I see." Yi An rose from her seat and walked inside. "In that case, you can follow me. My body is stiff from exhaustion, and I need a massage to relax."

"Yes, madam."

Yi An wasn't crazy enough to bring Tang Xiao into her bedroom, and she asked him to wait for her in her study while she changed into normal clothes.

.
. .
.

While waiting for Yi An, Tang Xiao checked every side of her study with his true eyes, and he found an iron safe behind a tall bookshelf. He suspected that Ouyang Hong kept all his important documents in there, but he didn't make a move right away because he didn't have a plan for him yet, and he wanted to destroy the other families first.

Tang Xiao saw two glasses on the table filled with water and tea, and he hurriedly mixed his cum into both. After all, Ouyang Hong wasn't home, so he was sure that both of them were prepared specifically for Yi An.

Not long after, Yi An arrived at her study wearing casual but neat clothes, and she sat down in the chair behind the desk. She didn't immediately ask Tang Xiao to massage her, but she drank her tea to calm her anxiety.

Yi An's heart fluttered as soon as Tang Xiao enveloped her with his celestial aura, making her reconsider her desire to try his massage. However, she also felt comfort because of his aura, and she inwardly sighed before speaking to him. "Please massage me, Feng Xiao."

"Yes, madam." Tang Xiao walked behind Yi An and grabbed her head. "Please forgive me, Madam."

"It's okay." Yi An closed her eyes as soon as Tang Xiao started massaging her head, and she felt increasingly comfortable as his qi flowed into her body. 'His massage technique is good.'

Unlike with Ouyang Qing, Tang Xiao didn't rush things with Yi An because she could lay him off at any time if she felt uncomfortable with him, and he just gave her a massage.

Mu Lin let out a heavy sigh after he listened to Mu Qingge's story about Sun Xiang meeting Tang Yin, but he then asked his old friend. "What do you think about this matter, Old Huang?"

"I can't say anything now, and I will discuss this matter with Xiao'er first." Tang Huang then turned to Tantai Lingyan. "Why don't you go see Xiang'er? You are her master in martial arts, so they are your disciples, and you certainly won't let them fight, right?"

"You certainly know her character, right?" Instead, Tantai Lingyan asked him back while shaking her head. "That girl is too stubborn, and she is too serious about her duties as a police chief, so I'm sure that she won't listen to me."

"At least you should try to meet her first." Mu Qingge said to her. "Even though I believe that she will not act rashly regarding this matter, she probably will not give up trying to stop Tang Xiao from killing those two men, and I'm afraid that he might do something bad to her."

"Fine! I'm going to see her now." Tantai Lingyan replied with a soft sigh before going to Xiao Ai and asking her to send her out of the ark.

Since Tang Xiao was at the Ouyang House, Tang Huang decided to continue his training at the training ground, and Mu Qingge joined him.

On the other hand, Mu Lin returned to the residence area because his condition had not fully recovered, and he was satisfied to find Mu Yan seriously cultivating in her room, which was thanks to Tang Xiao's persuasion.

.
. .
.

At a food stall not far from Tianmei, two women were standing opposite each other, but one of them looked cold. "Why do you want to talk to me, Yanxiu?"

"Qing, I know you don't like me, but he is your father." Zhao Qing raised her eyebrows upon hearing Lin Yanxiu mention Zhao Teng. "Why don't you ask him for help if you want to start a new company with Tang Yin?"

"This matter is none of your business!" Zhao Qing irritably answered her question. "Moreover, the owner of Tianmei is not me, but Yin'er, and I only helped her because I am more experienced than her in the business world. Why should I ask for his help if the two of them are not willing to acknowledge each other as their family?"

"Why don't you try bringing them closer?" Liu Yanxiu insisted.

"You've been married to him for a few years, but you still don't know his character at all." Zhao Qing replied with a mocking snort. "Besides, the current Yin'er is no longer the same as her old self, and she doesn't need anyone's help to raise Tianmei. Since you've finished talking, I have to go back now, especially since I still have a lot of work."

Just as she was about to leave, Lin Yanxiu grabbed Zhao Qing's hand. "Wait a minute, |—"

Slap

Zhao Qing slapped Lin Yanxiu's hand away and coldly spoke to her. "I warn you: never mention this matter to my father, as he will attempt to destroy Tianmei, and both of you will suffer the consequences if that occurs. The current Yin'er is not weak, and she will retaliate against his actions several times over."

Lin Yanxiu felt confused after hearing that, and she kept looking at Zhao Qing, who was walking away. She was quite clear about Tang Yin's situation, so she couldn't understand the meaning behind her stepdaughter's words.

After a while, Lin Yanxiu sighed heavily before leaving the place, but Zhao Qing's previous words made her curious about Tang Yin's current situation.

.

.

.

Sun Xiang, who had just arrived at her house, was surprised by Tantai Lingyan's sudden arrival. "Did you want to talk about Tang Xiao, Sister Lingyan?"

"Let's talk inside." Sun Xiang led Tantai Lingyan inside. "Stop interfering in Xiao'er's affairs, Xiang'er. He has changed since he almost died in that ravine, and he is different from his old self. Moreover, you two are my disciples, so I don't want you guys to fight with each other."

"What exactly is the difference in him?" Sun Xiang curiously asked, as she still couldn't get Mu Qingge's previous warning out of her mind.

Tantai Lingyan immediately told Sun Xiang the difference between the old and the current Tang Xiao, causing her to frown. "He experienced so much suffering far beyond your imagination, and you would probably commit suicide if you were in his shoes."

"Can you tell me everything?" Sun Xiang knew that Tang Xiao was at the crime scene back then, but she knew nothing about what happened that night. She was still a child back then, and she became a cop after he went to prison for several years.

Tantai Lingyan pulled Sun Xiang to sit beside her and recounted all the events that Tang Xiao had experienced from the age of five until he ended up in prison seven years ago. She didn't mention anything about him becoming a cultivator or anything related to it because everything was his secret, and he would be in danger if everything was revealed to the public because greed knows no bounds.

After listening to Tantai Lingyan's explanation, Sun Xiang fell into a daze and was in complete shock. "I know you want to stop Xiao'er because of your responsibility, but you are mature enough to differentiate what's best for you. I hope you're willing to listen to me, or else you'll suffer yourself."

Tantai Lingyan immediately left the house, and Sun Xiang slumped in her chair as her body trembled at the thought of being in Tang Xiao's position. "I would definitely commit

suicide if I had to experience all that. Even so, I couldn't let him continue killing ordinary humans, so I had to find him and talk to him."

.
. .
.

In the study, Yi An enjoyed Tang Xiao's massage on her shoulders with her eyes closed, and his massage made her relax.

Tang Xiao smiled faintly before taking a chair and sitting beside Yi An, and he began massaging her hands. 'I think it's exciting to have fun with the mother and daughter at the same time.'

Chapter 108: With Yi An

Yi An was startled when Tang Xiao lifted her right leg and placed it on his lap, forcing her to open her eyes. Despite this, she allowed him to massage her leg, and she also lifted her other leg into his lap.

Yi An's heartbeat quickened when she looked at Tang Xiao's young face. 'If I look closely, he's more handsome than my son.' "Do you have a girlfriend, Feng Xiao?"

"Eh?" Tang Xiao pretended to be surprised. "Actually, I already have a girlfriend, madam. However, I didn't expect that my girlfriend was the young miss's former schoolmate, and I only did so after she asked me about her a few days ago."

"What's your girlfriend's name?"

"Xing Xing."

"Oh? She is Chu Lingxi's daughter, right?"

"Yes, madam." Tang Xiao replied with a nod. "Xing Xing is a good woman, and I like her."

"Oh." Yi An nodded slightly. "Where does Xing Xing work now?"

"The Tianmei Beauty Shop." Yi An felt like she'd never heard of the shop's name before, prompting Tang Xiao to tell her. "Madam, that shop just opened today, and you've always been busy with your work, so you probably haven't heard of it before."

Yi An let out a heavy sigh. "You're right, I've been too busy with my work. Since my husband went abroad, I've had to handle everything here by myself, and I haven't had much time to relax, so I haven't heard about that shop."

"She said the salary there was excellent, and she wanted to save some money for our wedding expenses." Yi An raised an eyebrow for a moment after hearing Tang Xiao's statement. "We have planned our wedding, but we don't have enough money for our wedding party, so we will be civilly married for now."

"When will you marry Xing Xing?"

"Tomorrow."

Yi An paused for a moment. "In that case, you can take a few days off and spend them with Xing Xing."

"Eh?" Tang Xiao was surprised by Yi An's decision, as he spontaneously said that. "How—"

"No need." Yi An shook her head. "Su Rou can cover it for you, so you don't need to worry about that, and you can enjoy your wedding with Xing Xing."

"Thank you, madam."

Yi An closed her eyes again and enjoyed Tang Xiao's massage of her legs. 'Sigh! I've wanted grandchildren for a long time, but Ming'er still doesn't have a girlfriend, and he still likes to have fun with his friend. Qing'er has been dating Wen Tian for a long time, but he never liked her, and he accepted her because of my husband's pressure.'

A while later, Tang Xiao had finished massaging Yi An's legs, and he asked her. "Madam, would you like me to massage your back?"

"Hmm?" Yi An opened her eyes and looked at Tang Xiao, considering his offer. However, he couldn't massage her back while she was in a sitting position, which meant she would have to invite him to her bedroom.

Yi An felt a dilemma because she was a respectable woman, and Tang Xiao was her chauffeur. Additionally, her husband wasn't home, so she shouldn't bring another man into their room.

However, Tang Xiao's qi and celestial aura made Yi An feel comfortable and calm, and she could forget the burden on her mind because of him.

"Let's go to my bedroom." Yi An lowered her legs from Tang Xiao's lap and was about to stand up, but she lost her balance, and he swiftly supported her, causing her heart to race. "Thank you."

Yi An immediately stood up and walked away, followed by Tang Xiao, who smiled to himself behind her.

.
. .
.

Yi An immediately lay down on her stomach on the bed, and Tang Xiao sat beside her before massaging her shoulders again to make her more relaxed.

Yi An was embarrassed by their situation, but she also felt comforted by Tang Xiao's presence and massage. She closed her eyes again and enjoyed his massage, which was slightly stronger but still comfortable.

"Mhmm..." Yi An moaned softly as Tang Xiao started massaging the back of her body, especially her nape, which was quite sensitive. 'Ugh! He must have heard my moan just now.'

With his true eyes, it was easy for Tang Xiao to see all the sensitive points on the back of Yi An's body, and he touched them one by one. Even though he didn't use his pleasure touch, all of his touches gradually aroused her.

"Mhmm..." Yi An pressed her lips together to suppress her moans, but her body couldn't lie, and she writhed under Tang Xiao's touches. 'Mhmm... his massage was really enjoyable; I felt comfortable and aroused by it.'

As her lust flared, Yi An didn't realize that Tang Xiao had already untied her bra strap, allowing him to freely massage her back.

"Mhmm... Ahh..." Finally, Yi An let out a sensual moan, and Tang Xiao could see her sexual fluids starting to wet her shorts. However, he didn't rush to take the next step; instead, he only massaged her back, which made her more aroused and caused her pussy to become wetter. "Mhmm... Ahh..."

"Madam, I will massage your legs again."

"Mhmm... Yes... please do it." After Yi An agreed, Tang Xiao began to massage her thighs, where some of her sensitive spots were. "Mhmm... I've never felt this good when someone else massages me, Feng Xiao."

"Mhmm..." Yi An spread her legs when she felt Tang Xiao's hands touching her inner thighs, and he massaged them in turn while stimulating her sensitive spots. "Mhmm..."

Tang Xiao massaged Yi An's legs down to her soles before moving up again, and he tried to massage her buttocks. To his surprise, she didn't reject him; instead, she lifted her buttocks slightly as she squirmed. 'She's strong enough to hold back her orgasm, huh?'

"Mhmm... Ahh..." Yi An moaned while occasionally nibbling her lower lip, and her tongue sometimes stuck out, enjoying the pleasure of Tang Xiao's massage on her buttocks. "Mhmm..."

"Do you want me to massage your front, madam?" Yi An swiftly lay down on her back, but she closed her eyes as she was embarrassed to look at him.

After that, Tang Xiao began to massage Yi An's upper hips, and he moved to her flat stomach a few minutes later.

"Mhmm..." Yi An opened her eyes slightly to peek at him, but she hastily closed them again, feeling relieved that he didn't overdo it. "Mhmm..."

As Tang Xiao's hands slowly approached Yi An's breasts, her heart pounded and her breath became irregular despite him not touching them, skyrocketing her lust.

'Ugh! This is embarrassing! He must have realized that I was aroused by now.' Yi An still didn't stop Tang Xiao, and her body began to rise and fall, occasionally writhing in pleasure. "Mhmm..."

A few minutes later, Yi An grabbed Tang Xiao's hand to stop him, and she convulsed strongly as she reached her orgasm. She shut her mouth tightly to hold back her moans, but she couldn't hide her embarrassment because she reached orgasm just because of his massage.

Tang Xiao smiled faintly and didn't say anything to Yi An. 'This is just the beginning, and I will slowly make you fall. At that time, I will start my revenge on your husband and two children, and I will enjoy your body together with your daughter.'

After her orgasm stopped, Yi An let go of Tang Xiao's hand, but she still didn't open her eyes because of her embarrassment.

"I will leave now, madam." After Yi An nodded, Tang Xiao covered her with a blanket and then left her bedroom.

Yi An abruptly opened her eyes and touched her soaked pussy. Despite her embarrassment, she smiled in satisfaction at her orgasm, but she was exhausted because she was already old. "When did I last orgasm this much? For the past few years, my husband and I have been too busy with our affairs, and we hardly ever have sex because of our busy schedules."

Yi An wanted to wash her body, but she felt too tired, so she wiped it off and went straight to sleep.

Since Yi An gave him a few days off, Tang Xiao immediately left the Ouyang House before entering the ark. Xiao Ai informed him that the process of replacing Jessica with the artificial doll was complete, so he rushed to the laboratory.

When he arrived there, Tang Xiao saw that the artificial doll had been transformed into Jessica, and she was acting just like the real one. "You are truly terrifying, and you can even do this kind of thing, Xiao Ai."

'It's you who created the doll, Master.' Xiao Ai inwardly said this in amusement. "She is completely identical to the real Jessica, and no one will realize that she is a doll. The real her has become a cultivator now, so she will be more useful to you."

"That's good." Tang Xiao then asked the fake Jessica. "Do you know your duties?"

"Yes, Master."

Tang Xiao nodded in satisfaction. "I'll send you out now, and I need you to help me with something regarding Luo Qinlin."

"Yes! Please send me out, Master."

After he sent the fake Jessica out, Tang Xiao lifted Jessica out of the capsule. "Do you still have the same doll, Xiao Ai?"

"There are still two in the treasury vault, Master. Are you thinking of using the dolls for Yi An and Ouyang Qing?"

"I'll think about that later." Tang Xiao then took Jessica away.

Chapter 109: Yu Xiaoling's Decision

Tang Xiao found Zhao Yuxian already waiting for him, but she raised an eyebrow slightly when she saw Jessica, who was unconscious on his shoulder.

Zhao Yuxian naturally remembered that Jessica was one of the women who framed Tang Xiao seven years ago, but she didn't expect that he would move so quickly to capture her.

"Just like you and Yu Xiaoling, she is my prisoner." Tang Xiao took Jessica into one of the rooms there, and Zhao Yuxian followed him.

Zhao Yuxian unhesitatingly took off her maid outfit because she was used to having sex with Tang Xiao, as they had been doing it every day since he killed her husband.

After Tang Xiao put Jessica on the bed, Zhao Yuxian helped him to take off his clothes. "You're addicted to having sex with me now, huh?"

"What can I do?" Zhao Yuxian asked with a bitter smile. "We've been having sex every day since that night, and I have a high libido, so I'm addicted to having sex with you now."

"Haha." Tang Xiao laughed and lay down on the bed. "Do your job then."

"Yeah." Zhao Yuxian placed herself between Tang Xiao's legs, and she began to enjoy herself playing with his dick.

Tang Xiao looked at Zhao Yuxian with a faint smile before looking at Jessica, who was still unconscious. 'Only Yu Xiaoling is left, and I'm sure she will come to me soon.'

Soon, Zhao Yuxian started giving Tang Xiao a blowjob, making his dick fully erect. She satisfied him for several minutes until he reached his first orgasm. Thereafter, she released his dick from her mouth, straddled him, and inserted his dick into her pussy.

Tang Xiao chose to relax on the bed and let Zhao Yuxian take control. She moved her body up and down in squatting cowgirl style, allowing her to control the depth of his dick penetrating her.

Tang Yin and the others were busy chatting on the third floor of Tianmei. Although their sales were low on opening day, she was still satisfied. Since it was already night, she ordered her employees to go home, and she also instructed Yu Xiaoling to close her retail store.

"Do you want to cultivate in the ark, Aunt Qing?"

"I've warned Lin Yanxiu not to tell your grandfather about you and this company, but I'm not sure she'll listen to my warning. If she really does tell him, I'm sure he'll contact me, so I'll go back to my house and wait for his call." Tang Yin nodded in understanding to Zhao Qing, who immediately stood up before speaking to Tantai Lingyan. "I'm glad you and Uncle Huang are back, Sister Lingyan."

"Me too." Tantai Lingyan nodded slightly. "Unfortunately, Xiao'er is still busy now, so I haven't met him again, let alone trained him."

Zhao Qing shook her head helplessly because Tantai Lingyan was too maniacal when it came to training, and she often saw her training Tang Xiao when she was little. "I'm going home now."

Tang Yin then turned to Xing Xing. "Our husband already told you, right?"

"Yes." Xing Xing nodded slightly. "Yi An gave him a few days off, and he wants to take me on a trip."

"Hehe." Tang Yin giggled before embracing Xing Xing. "I've already taken my turn, so it's your turn next. Since he intends to take you out of town and you will be spending the upcoming days together, you should do it with him, okay?"

Xing Xing blushed hearing that. "Does it hurt so much, Big Sis Yin?"

"It—"

"Hahaha!" Tantai Linyang suddenly laughed. "Hey, Xing'er! All women feel pain the first time they have sex, but you'll get used to it if you often do it with Xiao'er."

"Sister Linyan is right, Xing'er." Tang Yin spoke and nodded slightly. "At first, I also experienced the pain, but I eventually got used to it, and I thoroughly enjoyed having sex with Xiao'er."

Xing Xing blushed even more at the thought of her first night with Tang Xiao, but she immediately stood up. "Since we will be gone for a few days, I will not enter the ark, and I will cultivate in the apartment while accompanying my mother."

"Alright."

After Xing Xing left, Tantai Lingyan spoke to Tang Yin. "I find it hard to believe that you've officially become Xiao'er's wife by having sex with him, and he will soon take Xing'er as his second wife. Not to mention, he still has Yu Xiaoling, Zhao Yuxian, and Jessica, which makes me feel jealous."

"Haha." Tang Yin softly laughed. "Sister Lingyan, have—"

"No." Tantai Lingyan immediately denied. "I love Xiao'er as my son, and you also know my vows, so put that crazy idea out of your head."

Tang Yin didn't say anything else and stood up before leading Tantai Lingyan down to the first floor. She took her along with Yu Xiaoling to the ark.

Upon arrival at the ark, Tang Yin ordered Yu Xiaoling to go meet Tang Xiao in the residence area. Meanwhile, she and Tantai Lingyan went to the training ground, where they trained together with Tang Huang and Mu Qingge.

.
. .
.

When she arrived there, Yu Xiaoling saw Zhao Yuxian enjoying herself having sex with Tang Xiao, and she moaned so loud.

Yu Xiaoling was surprised by Jessica's presence by their side, and she realized that she was unconscious; otherwise, she would have been disturbed by Zhao Yuxian's moans. 'When did he capture her?'

Yu Xiaoling looked at Tang Xiao, who was still acting indifferent to her. She realized that he did it on purpose, and he wanted her to take the initiative to give herself to him.

After remembering Zhao Yuxian's words yesterday, Yu Xiaoling finally made up her mind and hurriedly took off her work uniform. She joined them on the bed, lying facing Tang Xiao.

"Xiao'er, I—"

"Hmm?" Tang Xiao sharply glared at Yu Xiaoling, forcing her to swallow her words. "Only the people closest to me can call me that, understand? As for you, you are a traitor, and you made me languish in prison for seven years, so you don't deserve to call me that."

Yu Xiaoling bit her lower lip. "Can you not bring up the past again? I know I wronged you in the past, but you have separated me from my husband and daughter, and I have accepted my fate as your servant."

"You said you were my servant, right?" Yu Xiaoling nodded at Tang Xiao. "Then, you should act like one, and you should know how a servant addresses her master, right? If you can do that, you'll enjoy it as much as Zhao Yuxian."

Yu Xiaoling released a soft sigh before calling Tang Xiao. "Master."

"Wait there." Tang Xiao pulled Zhao Yuxian to lie on top of him, kissed her, grabbed her buttocks, and pumped her at a rapid pace.

****Pah... Pah... Pah...****

In a few minutes, both of them reached their first orgasm, with Tang Xiao orgasming inside Zhao Yuxian, filling her womb with lots of his hot load.

After that, Zhao Yuxian rolled over to Tang Xiao's side, causing his soaked dick to slip out of her pussy. He asked her to start cultivating, as her cultivation was still at the beginner level, and he needed her to become stronger faster to help his cultivation.

Tang Xiao looked at Yu Xiaoling, who understood his wishes. She lay on her stomach between her legs and held his dick, which was wet with her and Zhao Yuxian's sexual fluid. She didn't want to do that, as she had never done oral sex before, but she knew that she liked it.

Yu Xiaoling's breasts were smaller than Zhao Yuxian's, and even more so when compared to Jessica's. Tang Xiao did not hope for her to give him a titjob, but he looked forward to her giving him a blowjob.

Yu Xiaoling inwardly sighed and started licking Tang Xiao's dick, starting from his scrotum, shaft, and glans. She kept doing it until the mixture of sexual fluid in his dick was clean, and she devoured his dick, causing him to let out a soft moan.

Tang Xiao felt that Yu Xiaoling was less experienced than Zhu Yuxian, even though both of them had never had oral sex before. Among them, he preferred it when Jessica gave him oral sex, as she was more skilled than the two women.

'Ugh! Has his dick always been this big? Or did Xiao Ai intentionally increase the size of his dick when she saved him from death? Yu Xiaoling felt overwhelmed to accommodate Tang Xiao's dick in her mouth, but she still tried to give him a blowjob.

Slowly, Yu Xiaoling's head started bobbing up and down while sucking Tang Xiao's dick until her cheeks dipped inward. Her tongue danced nimbly to lick his glans, and her hand jerked his shaft while occasionally squeezing it.

Tang Xiao rubbed Yu Xiaoling's head while tugging at her hair slightly. "To be honest, Teacher Yu, I've imagined a day like this in the past."

****Slurp... Slurp... Slurp...****

Yu Xiaoling looked up at Tang Xiao in shock, but she remembered he admitted that she was the second woman he had fallen in love with when Tang Yin captured her the first time.

"Are you surprised?" Tang Xiao asked with a faint smile. "I once imagined you doing this to me, but I immediately forgot about it. Even though several years have passed, my imagination from that time has come true, and you're giving me a blowjob now."

Chapter 110: Jessica Wakes Up

****Slurp... Slurp... Slurp...****

'Sigh! I never imagined that I would end up like this, and this is the first time I've done this with a man other than my husband.' Despite her regret, Yu Xiaoling slowly began to enjoy sucking Tang Xiao's dick. She inserted it deeper into her mouth while licking it vigorously, and her tongue swirled around as she licked it, especially his glans. 'I'm sure Xiao Ai helped him to increase the size of his dick, as no normal man would have a dick this big and hard, and it made me wonder what it would feel like if his dick penetrated me.'

Tang Xiao tugged Yu Xiaoling and made her face him. "How does it feel to suck your former student's dick, teacher Yu? Does my dick excite you?"

Even though Yu Xiaoling didn't want to admit it, she really enjoyed his dick, and she simply nodded to Tang Xiao while increasing the intensity of her blowjob, making him moan softly.

****Slurp... Slurp... Slurp...****

"Heh." Tang Xiao grabbed Yu Xiaoling's head and pulled his dick out of her mouth. He pulled her up and sat her against the headrest, confusing her.

Then, Tang Xiao stood in front of Yu Xiaoling, inserted his dick into her mouth again, and slowly moved his lower body.

Yu Xiaoling was a bit overwhelmed by that, but she was lucky because Tang Xiao didn't fuck her mouth quickly; instead, he did it slowly while thrusting his dick into her cheeks.

"Use your hands to satisfy yourself, teacher Yu." Yu Xiaoling followed Tang Xiao's wishes by starting to play with her breasts. She bent her legs in an M shape, and her other hand started playing with her pussy. Her head moved back and forth as she sucked his dick, making it penetrate her mouth quite deeply. "You're getting hornier, huh?"

****Slurp... Slurp... Slurp...****

Yu Xiaoling didn't answer Tang Xiao and focused entirely on satisfying him and herself. She squeezed and pinched her breasts and nipples, and she inserted some of her fingers into her pussy while rubbing her clitoris.

A few minutes later, Yu Xiaoling was startled when Tang Xiao held her head still, and she panicked when his dick throbbed hard inside her mouth. She was reluctant to swallow his cum, but his dick suddenly spurted a large amount of his hot load, which flowed straight down into her throat.

'Ugh! Why did he orgasm in my mouth?'

"My cum will help your cultivation improve, and you will be more useful to me in the future." Yu Xiaoling inwardly sighed because Tang Xiao considered her as his tool now, but she had no other choice, and she swallowed every drop of his cum.

After he finished orgasming, Tang Xiao pulled his dick out of Yu Xiaoling's mouth and lifted her up before sitting her on the headrest. He cleansed her mouth before kissing her, which she responded to while hugging his neck. 'Mhmm... I've often watched him since he was little, but I never imagined that I would kiss him and give him oral sex one day.'

Tang Xiao lifted Yu Xiaoling's left leg and rubbed his dick against her moist pussy, causing her body to tremble. He didn't directly insert his dick into her pussy, but he teased her by rubbing his dick against her pussy, making her pussy slowly become wetter.

"Mhnn..." Yu Xiaoling began to let out muffled moans as their kisses intensified, while Tang Xiao's dick rubbed against her pussy more intensely. "Mhnn..."

Yu Xiaoling pulled Tang Xiao closer, and her body responded to the sensation of his dick rubbing against her pussy. Her thick nipples had hardened, and she became increasingly horny as her breasts rubbed his chest.

"Mhnn..." Yu Xiaoling jolted when Tang Xiao's fingers touched her upper pussy, and he looked for her clitoris before rubbing it. "Mhnn..."

Once Yu Xiaoling was fully aroused, Tang Xiao thrust his dick into her pussy at once, causing her head to tilt upwards as she let out a loud moan. "Ahhh... Master... your dick is filling my pussy to the end."

"How do you feel about being fucked by your former student, teacher Yu?" Tang Xiao asked as he started pumping Yu Xiaoling's pussy.

****Pah... Pah... Pah...****

"Ahhh..." Yu Xiaoling couldn't hold back her moan because Tang Xiao's dick was rubbing her pussy inside and out, including her clitoris. "Ahh... so good... Ahh... it feels good, master."

"Do you want me to fuck you harder, teacher Yu?"

"Ahh... Yes... Ahh... fuck my pussy harder, master."

"As you wish." Tang Xiao immediately accelerated the thrust of his dick into her pussy, causing loud clapping and squelching sounds to be heard from their lower bodies.

****Pah... Pah... Pah...****

"Ahh... master... Ahh... your dick pumping my pussy! Ahh..."

Zhao Yuxian, who was cultivating beside them, immediately opened her eyes. She shook her head at Yu Xiaoling's expression, and her loud moans aroused her. 'She was reluctant to do it at first, but she's done it now, and she's going to be addicted like me.'

****Pah... Pah... Pah...****

Zhao Yuxian directly ignored them, turned to the unconscious Jessica, and started cultivating again.

As soon as Tang Xiao lifted her, Yu Xiaoling wrapped her legs around his waist. Her body moved up and down in rhythm with his thrusts, causing her breasts to rub against her chest even more.

"Ahh... Ahh... Master..."

Soon, Yu Xiaoling reached her first orgasm, but she was shocked because Tang Xiao orgasmed inside her, and his cum filled her womb directly.

Tang Xiao did not give Yu Xiaoling a chance to rest; instead, he made her crawl on all fours on the bed before fucking her using doggy style. "Teacher Yu, your pussy is getting tighter, and my dick likes your pussy so much."

In that position, Yu Xiaoling reached her second orgasm too quickly, and Tang Xiao once again filled her womb with his hot load. He then took his former teacher off the bed and took her to the mirror, where he fucked her in a standing position.

Yu Xiaoling no longer responded to Tang Xiao, and only loud sensual moans came from her mouth. Her expression was increasingly lewd when she saw her reflection, and her tongue kept sticking out, especially when he fucked her faster.

Some time later, Jessica finally opened her eyes, but her mind was muddled due to the effects of the anesthesia that Xiao Ai gave her before.

Jessica felt lightheaded and queasy, but Yu Xiaoling's loud moan shocked her. She tried to find the source of the sound; Instead, she found Zhao Yuxian cultivating by her side, and she immediately recognized her.

'Aunt Yuxian? Why is she here? Why is she naked like this?' Jessica then looked around the room. 'Where am I now? What kind of place is this? I remember previously having sex with Feng Xiao, but I suddenly lost consciousness, and I'm in this strange place now.'

A while later, Jessica's mind began to clear, and her face turned pale remembering Tang Xiao's previous revelation. 'Feng Xiao... he... he really is Tang Xiao.'

"Finally awake?" Jessica looked at Tang Xiao, who was holding the exhausted Yu Xiaoling. "This is my private place, and you are my prisoner now."

"What?" Jessica tried to get up, but her head still felt so heavy. "Tang Xiao, I—"

"Shut up!" Tang Xiao laid Yu Xiaoling on the bed before moving to face Jessica and clutching her face. "You are the traitor! You framed me seven years ago, remember?"

"Tang Xiao! I didn't want to participate in framing you back then, and I was forced to do that because Qing threatened me." Jessica spoke with a pitiful look, and tears dripped from the corners of her eyes.

Tang Xiao sneered and replied viciously to Jessica. "Heh! Do you really believe that because Ouyang Qing threatened you, I'll spare you? It's an indisputable fact that you participated in framing me back then, and time cannot be reversed, so you can blame yourself for your selfishness."

"Tang Xiao, I—"

"Heh!" Tang Xiao snorted before asking Xiao Ai to turn on the TV in the room and display something on it. "Look at that! That image is a live feed from the CCTV in your house."

Jessica looked at the TV, but her eyes widened in shock when she saw another woman who looked exactly like her beside her husband. "Who... who is that woman? How... how can I be there when I'm here?"

"Hahaha." Tang Xiao sat on the bed before pulling Jessica to sit on his lap, with her back leaning against his chest. He fondled her breasts and informed her. "The woman by your husband's side is you; to be precise, she is your clone that Xiao Ai created to

replace your position. Your husband and son will never know that the woman is your clone, and they will live happily as usual."

Jessica turned to Tang Xiao in shock, but she knew that their country did not yet have the ability to create clones, let alone such a perfect clone.

"Look at this bedroom, Jess. Have you ever seen a bedroom like this on our Earth?" Jessica immediately looked around the room, and the appearance of the bedroom made her feel helpless. "Do you realize it now? This place is another world, and no one can enter here, except for me and my family. You are my prisoner and servant, and you can forget your desire to be free because I will never set you free."
