Chapter 141: Kissing In Public

"Fortunately, Ouyang Hong is still abroad, and the other families will not know about their deaths." Sun Xiang stood naked at her bedroom window, holding a cup of coffee in her left hand and a smartphone in her right.

"Should I quit being a police officer and return to Earth II to focus on my cultivation? I want to use my power to change the bad order in this country, but Wang Fuxi will not remain silent if I do that, and he will punish me severely if I insist on using my power." Tang Xiao's figure suddenly flashed through Sun Xiang's mind, making her face turn red after she remembered her first kiss with him. "Tch! That guy is giving me a headache! He's killed so many people in such a short time, and he won't stop until he kills all of those families. He's already started making moves against the Meng family, and Meng Wuya is still busy with his increasingly chaotic company, so I think he'll target that family next. Therefore, I have to keep an eye on him and his family, or I'll be too late to stop him from killing them. Hmm? I think I'll meet Tang Yin at her shop again this afternoon, and I hope she can take me to meet him so I can talk to him alone."

Sun Xiang went to the bathroom to clean himself, but Tang Xiao's figure and their kiss constantly occupied his mind, causing him to feel irritated and disturbed.

.
. .
.

Sun Xiang had arrived at Tianmei, but she couldn't find Tang Yin there. Yu Xiaoling told her that she was walking around with Tang Xiao and Xing Xing. "Do you know where they went?"

"No." Yu Xiaoling wanted to ask Sun Xiang for help, but she suddenly heard Xiao Ai's voice in her mind.

[Don't even think about it, or I will make you fall into a vegetative state, and you will be no different from a doll.]

After seeing Yu Xiaoling's expression, Sun Xiang inquired. "Is there something you want to tell me?"

Yu Xiaoling could only surrender and shake her head. "I was just thinking about something."

"Alright then." Sun Xiang left Tianmei, but Xiao Meng unexpectedly contacted her, and she rushed to her house to pick her up.

.
. .
.

"You can drink it here, and it will refresh you." Tang Xiao spoke as he handed Ouyang Qing a drink bottle, which she accepted and downed in one go. "You're so thirsty, huh?"

Ouyang Qing nodded to Tang Xiao. "Even though I come from a famous family, I rarely walk to places like this, and I usually only go to the mall with Jessica and the others, so I'm tired and thirsty after walking around here for a long time."

Tang Xiao sat down by Ouyang Qing's side before lifting her legs into her lap, making her a little embarrassed because several people around them were watching them. "You don't need to think about them, and I will massage your feet, so your tiredness will disappear soon."

"Okay." Ouyang Qing kept looking at Tang Xiao as he started massaging her feet, and her heart inexplicably raced when she saw the seriousness on his face. "You have good massage skills, so I think it's strange that you work as a chauffeur when you should be able to earn more money by working as a professional masseuse."

"You're right." Tang Xiao then turned to Ouyang Qing. "However, massaging is just my hobby, and I was never interested in becoming a professional masseuse because the working hours were too tight."

Ouyang Qing agreed with that. "Those professional masseurs barely have time to rest if so many customers enjoy their massages, and they have to serve the customers who come non-stop."

"That's why I decided to work as a chauffeur because the working hours are free, and I have more time to do other things, like accompanying you now." Ouyang Qing's face turned red after she saw Tang Xiao's smile, and she had a strong urge to kiss him, but she was embarrassed to do so under people's gaze. 'She used to act haughty, but he was so easily charmed and flustered. After all, she is just an ordinary woman with no mental strength.'

Feng Xiao lowered Ouyang Qing's legs, pulled her closer to him, and hugged her waist. "Seeing you like this makes me think differently. At first, you seemed arrogant like the

young misses from other famous families, but I now feel that you are much more gentle and friendly than I thought, and you don't even mind spending time with a chauffeur like me."

Tang Xiao's words left Ouyang Qing speechless because her true character was indeed like that, and she would not possibly be willing to be close to people from lower castes, which made her always confused about her feelings about wanting to be by his side.

Just as Ouyang Qing was thinking about that, Tang Xiao cupped her face and turned her to him. He rubbed her cheeks for a while before planting a soft kiss on her lips.

'Ugh! Why is he kissing me in a public place like this?' Ouyang Qing was truly shocked by Tang Xiao's action, but a jolt of pleasure electrified her body. He activated the pleasure touch, which made her lust flare up a little. She closed her eyes, ignored the gazes of those around them, and wrapped her arms around his neck before kissing him back.

Ouyang Qing opened her mouth to let Tang Xiao's tongue in, where their tongues intertwined with each other. They enjoyed their kiss, including their hot and sweet nectar.

As their kisses heated, Tang Xiao sat Ouyang Qing on his lap. Both hands began to squeeze her buttocks gently without stopping the pleasure touch technique, causing her lust to flare up even more. "Mhn~"

The people laughed in amusement when they heard Ouyang Qing's muffled moans, and some of them felt strange seeing young people like them acting like that in a public place, but some of them thought their actions were normal.

Moments later, Tang Xiao stopped their kiss, and Ouyang Qing buried her flushed face in his shoulder while rubbing her lips together. "Your lips are soft, and I always like to kiss them."

****Poof****

Smoke seemed to come out of Ouyang Qing's head after hearing that, but she suddenly bit Tang Xiao's shoulder before telling him. "Hey, I want you to address me by name when we are alone; there is no necessity to refer to me as a young miss anymore, okay?"

Tang Xiao smirked slightly and raised Ouyang Qing's head before pecking her lips. "I will address you as Qing'er when we are alone. Is that alright?"

"Yes." Ouyang Qing nodded with a smile, and she immediately got off Tang Xiao's lap while pulling him to his feet. "We've been here too long, and I'm also satisfied with

walking around this place. Moreover, kamu masih harus menjemput my mother setelah ini, so we must return to the city now."

Tang Xiao agreed, and he took Ouyang Qing's hand, who was leaning directly against him, and led her down the hill.

.
. .
.

"Haha." Xing Xing burst into laughter, particularly after witnessing Ouyang Qing sharing a passionate kiss with Tang Xiao earlier. "If I think back, you were too serious and dense in the past, and you never realized that I kept watching you from afar. However, you have me and Big Sis Yin as your wives now, and you also have our three servants to serve you. Moreover, your previous actions with Ouyang Qing clearly show that you are increasingly changing, and you are becoming smoother in women's affairs."

Tang Xiao's clone couldn't refute his second wife's words. "Back then, I had a lot on my mind, mainly about my parents' deaths and revenge, so I didn't think much about anything else and was more focused on all that. Things have changed now, as I have the strength to do what I couldn't do in the past. My character has experienced many changes after I spent seven years in prison, and I will continue to change to become better so I can protect all of you."

"Hehe, I always believe in you, Xiao'er." Tang Yin expressed this sentiment. "However, we will never let you fight alone, and we will always be by your side to fight with them."

"That's true." Xing Xing said as she nodded. "I will also cultivate and train harder so I won't be a burden to you, and I will help you fight against our enemies."

Tang Xiao's clone was pleased to hear their words. "I already promised you two that we would spend time together today, so you guys don't need to think about cultivation and training for today, and we will continue everything again tomorrow."

Both women agreed with Tang Xiao's clone, especially since they really wanted to enjoy their time with him. "So, where are we going now?"

[Master, Sun Xiang went to Tianmei to see my mistress earlier, and she seemed to want to ask her about you. Besides, Yu Xiaoling thought about asking for help to meet her family, but I stopped and threatened her.]

'It seems I'll have to punish her later so she won't dare have such desires again.' Tang Xiao's clone then answered them. "Since this is my clone, we'll go somewhere else now, and I'll dual cultivate with you two once my real body is free."

"Sure! Let's go somewhere else now!"

Chapter 142: Talk With Su Rou

In the car, Ouyang Qing kept looking at Tang Xiao, who was driving with a smile. "Are you considering going to see Luo Qinlin?"

Tang Xiao looked at Ouyang Qing. "A lovely woman is accompanying me; therefore, it is impossible for me to meet any other woman, right?"

"Humph! Gibberish!" Ouyang Qing snorted, but her heart was filled with joy. "Moreover, you have a wife, but you are actually flirting with me."

"Don't you like my flirting?"

After hearing that, Ouyang Qing was speechless for a moment. Even though she knew about Tang Xiao's relationship, she found it difficult to put him out of her mind and heart; instead, she felt more comfortable being with him. "Honestly, our situations aren't that different, especially since I have Wen Tian as my boyfriend. However, I feel more comfortable being with you than with him, and I don't think anything about him when we're together. Unfortunately, you're a chauffeur and married, so there's no way we can be together. Otherwise, my father will throw me out if he finds out about our relationship, and he will do something bad to you."

Tang Xiao was not surprised to hear that, but he was no longer worried about Ouyang Hong. He grabbed Ouyang Qing's hand and rubbed it. "You don't need to think too far ahead for now, and we just need to enjoy the opportunity before us, okay?"

"Okay." Ouyang Qing nodded to Tang Xiao. "Let's speed up so we can get home faster, and I'll rest before going to Wen Tian's house for her mother's birthday. Moreover, my mother's meeting could end any time soon, and you have to be ready to pick her up."

"Alright."

.

.

.

After they arrived in the city, Tang Xiao immediately drove Ouyang Qing back to the Ouyang House to rest, and he went to Yi An's meeting place afterwards, where he waited in the parking lot.

"What about Zhao Wei, Xiao Ai? Have you contacted him?"

[Master, I've contacted Zhao Wei, but he was already at the airport when I contacted him, and he has business out of town. He said he'll be back in about seven to ten days.]

"Seven to ten days, huh? Ouyang Hong will return around that day." Tang Xiao then asked something else. "Have you started implementing my plan against Zhao Teng? Have his subordinates started to move?"

[Master, we've already taken direct action against the Yao, Ran, and Meng Families. Therefore, I'm taking silent actions against Zhao Teng, and his company's shares will slowly decline. Once it reaches its lowest point, I'll buy a large portion using the Tianmei name. His subordinates returned to this city last night, and they prepared to take action against my mistress and her company. As he had previously decided, Zhao Zheng didn't want to interfere in this matter, so your grandfather arranged everything himself.]

Tang Xiao frowned hearing that. "You can arrange everything regarding Zhao Teng's company shares, and I handle his subordinates myself. What about Lin Yanxiu? Have you monitored her?"

[Lin Yanxiu is too timid, and she is obedient to your grandfather, Master. She doesn't have too many friends, so she rarely leaves the Zhao House, and she often goes to see her family at the Lin House. I will continue to monitor her, and I will inform you as soon as I see an opportunity for you to approach her.]

"Alright." Tang Xiao suddenly saw Su Rou running towards the car. "Do you have anything to help Su Rou attract Wen Tian? Tonight is his mother's birthday party, and I will use this opportunity to break Ouyang Qing's heart. This way, I can advance my plans for her to the next stage before Ouyang Hong returns, as it will be more difficult for me to move if he is back."

[Hehe! My old master should have something in the treasure vault that can attract Wen Tian to Su Rou, and its effect only lasts a few hours before disappearing again. Once the effect disappears, he will return to normal.]

"Alright, you can take the item now, and I'll get it later." Soon, Su Rou arrived and got into the car directly, prompting Tang Xiao to question her. "What are you doing here?"

"Didn't you already know about tonight's event?"

Tang Xiao nodded at her. "I've prepared something for tonight's event, and you can use it to attract Wen Tian's attention. However, you have to get close to him and make Ouyang Qing aware of it, so she will be heartbroken to see your closeness to him."

"Hmm?" Su Rou looked at him suspiciously. "Why do I feel that you have deep hatred for Ouyang Qing?"

"That's none of your business." Su Rou's neck shrank as Tang Xiao sharply glared at her. "You don't need to interfere in my affairs, and you just need to know that my plans will make your life much better."

"Well, that's true." Su Rou nodded in agreement. "They're a hindrance to my plans against Ouyang Hong, so your actions against them will benefit me. How far have you gone with them? I heard from Yi An that you've been massaging her the past few days, and I also accidentally saw you leaving her bedroom."

Tang Xiao himself already knew that Su Rou knew about his activities in Yi An's room, but he didn't think about her because all her secrets were in his hands. "Ouyang Qing has begun to fall for me, and her mother will fall for me soon."

"Haha." Su Rou laughed at that. "I hope you can take them down soon, and I will monopolize Ouyang Hong for myself."

Tang Xiao shook his head at that. "You are a poisonous snake, you know? Yi An always treated you well, but you betrayed her by having an affair with Ouyang Hong, and you even thought of getting rid of her and her daughter."

"It's her own fault for trusting me too much." Su Rou replied with a casual shrug.

"Are you interested in Ouyang Ming?" Su Rou raised her eyebrows at Tang Xiao. "Hey! That brat is the main heir of the Ouyang Family, remember? Do you think Ouyang Hong will prioritize you over him? Instead, you have to seduce him, and you can control the father and son. This way, you will be in control of the Ouyang House, and they won't be able to do anything to you."

Su Rou nodded in agreement. "You are right, I have to control Ouyang Ming too if I want to gain total control over the Ouyang Family. However, he is different from his womanizer father, and he always despises and keeps his distance from me. Therefore, you must help me to do something about him, and I will control both of them for you."

"Alright, I'll give you something later, and you can use it on Ouyang Qing. If you still fail, it means you're useless." Su Rou pursed her lips in response to Tang Xiao's words. "Is Yi An's meeting almost over?"

Su Rou nodded slightly. "She will be done soon, and she will go find a gift for Ling Shiyun after."

"I see." Tang Xiao leaned back in his seat with a faint smile, thinking about what would happen tonight if Ouyang Qing witnessed Wen Tian together with Su Rou.

Su Rou sat in the back seat, looking out, propping her head up with one hand, and smiling wickedly at the thought. She was curious about Tang Xiao, but she didn't dare ask anything, as he always threatened to reveal her secrets to the public.

.

.

.

After they waited for some time, Yi An finally finished with her meeting, and she asked Tang Xiao to take her to look for a gift.

Since Yi An went to the expensive store, they didn't spend long looking for the gift, and Tang Xiao took them back to Ouyang House directly.

Upon arriving at the Ouyang House, Tang Xiao hurriedly entered the ark and took some items he needed from Xiao Ai. Since Yu Xiaoling was still at Tianmei, he had fun with Zhao Yuxian and Jessica.

Shortly after Zhao Yuxian and Jessica were exhausted, Tang Yin and Xing Xing decided to return to the ark after having their fun.

Since Yi An wouldn't need him until night, Tang Xiao was dual cultivated with Tang Yin and Xing Xing. On the other hand, his clone went to the training ground to practice using triple gravity, as he wanted to adapt to that level as soon as possible so he could start with quadruple gravity.

To Tang Xiao's surprise, Zhao Qing entered the ark because she didn't have too much business at Tianmei or his father's company, and her cultivation was far behind theirs.

As for Tang Yuan, she rarely entered the ark, mainly because of her busy work as a lawyer, and she mostly cultivated in the outside world.

.

.

.

After leaving the ark, Tang Xiao went to see Su Rou and gave her two items: one for her to use on Wen Tian and the other for her to use on Ouyang Ming, which excited her.

Tang Xiao drove them to Wen Tian's house, and he smiled several times at Ouyang Qing, who was sitting beside him wearing a princess-like ball gown.

Ouyang Qing smiled at Tang Xiao when she noticed his glance, and she felt proud that he liked her appearance. She moved her lips to say something to him silently. 'You should come to my room after we get home from Wen Tian's house.'

Chapter 143: Ouyang Qing Heartbroken

They had arrived at the Wen House to attend Wen Tian's mother, Ling Shiyun's, birthday. Yi An immediately took Ouyang Qing to meet the host, but Su Rou didn't follow them.

Tang Xiao asked Su Rou to look for an opportunity to approach Wen Tian, as he wanted Ouyang Qing to be heartbroken by seeing her boyfriend with another woman.

In the car, Tang Xiao saw many familiar faces, especially those from the Meng, Yang, and Shen families.

"Meng Wuya, you can still enjoy your life now, but your turn will come soon. Thereafter, I will start my plan to eliminate Yang Kang and Shen Tianhu, leaving only Ouyang Hong." Tang Xiao raised an eyebrow when he saw Zhao Teng get off the car together with Lin Yanxiu. "Why didn't you tell me they were coming here, Xiao Ai?"

[Master, Zhao Teng originally didn't want to attend Ling Shiyun's birthday, but Lin Yanxiu persuaded him, and he decided to attend at the last minute. I think this is a good opportunity for you to approach her, and I can help you with that.]

"Leave Lin Yanxiu for now, and I will take care of Ouyang Qing first. Once you start with Zhao Teng, we will start my plan for her."

[Yes, Master. Do you need my help to arrange a situation between them?]

"Arrange it for Wen Tian to meet Su Rou in the back garden, but you must do it when Ouyang Qing is not by his side."

[I will monitor the CCTVs inside the house, and I will arrange it when the moment is right.]

Tang Xiao leaned back in the driver's seat with a satisfied smile as he surveyed the situation inside the Wen House with his true eyes. "For now, I'll enjoy my time with you, Ouyang Qing, and our punishment will come after I defeat Long Yin."

The event was lively without any disturbances, but Tang Xiao could see that Ouyang Qing was annoyed because Wen Tian kept ignoring her. She was eager to go out, but she didn't feel comfortable doing so because of Ling Shiyun's feelings.

After Ouyang Qing left her boyfriend and went to another area to get some fresh air, Tang Xiao asked Su Rou to go to the back garden, and Xiao Ai quickly arranged for Wen Tian to go there.

A while later, Tang Xiao smiled when he saw Wen Tian go to the back garden. He immediately got out of the car and went to the back garden because he wasn't sure that Su Rou could do everything herself, and he hid behind a big tree there. "Let the game begin."

.
. .
.

In the back garden, Wen Tian looked confused when he found no one there. He looked at his smartphone screen, reading the incoming message.

"Who exactly sent me this message? The person said that I can find Tang Yin here, but there's no one here." Wen Tian realized that someone was deliberately playing a trick on him, but he was also curious about the identity of the number's owner. He tried calling the number, but no one answered his call. "Whoever that person is, he or she surely knows that I have feelings for her."

Wen Tian let out a soft sigh before turning around to go inside, but Su Rou hurriedly blocked his way. His gaze turned cold before speaking to her. "What are you doing here? I said before that I'm not interested in a cheap woman like you, so I would appreciate it if you didn't approach me again."

"Hehehe." Su Rou giggled and casually walked in front of Wen Tian, causing him to smell an unusual scent emanating from her body. "I pity you, you know? Ouyang Qing loves you so much, and she's willing to do anything for you, but you've ignored her for seven years. I know you love Tang Yin, but she never loved you, and she repeatedly rejected you."

'What happened to me? Why do I feel aroused like this after I smell the scent from her body?' Wen Tian's breathing became more regular because of the effects of Tang Xiao's items that Su Rou applied to her body. "I don't have time to deal with a woman like you, and I have to go back inside now."

"Hey! No need to rush back inside." Su Rou grabbed Wen Tian's hand and pulled him toward her.

"Let me go!" Wen Tian wanted to push Su Rou away, but Tang Xiao immediately restricted his movements, rendering him unable to move. 'What happened to me?'

"Hehe." Su Rou giggled before kissing Wen Tian, and she rubbed his dick from outside his trousers, shocking him. However, her actions and the scent emanating from her body fueled his arousal, and he started kissing her back, which overjoyed her.

As planned, Su Rou pulled Wen Tian under a big tree, where Tang Xiao was hiding. She leaned against the tree, embraced his neck, and enjoyed their kiss.

'Xiao Ai, lead Ouyang Qing here.'

[Yes, Master.]

Before long, Ouyang Qing arrived at the back garden, but she froze in place when she saw Wen Tian passionately kissing another woman. She couldn't see Su Rou clearly because her body was covered by him, and Tang Xiao also covered her with his aura.

Ouyang Qing's body trembled strongly when she saw Wen Tian starting to take off his trousers, and tears flowed out of the corners of her eyes. She wanted to stop them, but she realized that he never loved her, and he wasted her feelings for the past seven years.

Ouyang Qing decided to leave the place and go to the parking area, but she didn't realize that Wen Tian and Su Rou didn't proceed to the next stage because Tang Xiao restricted their movements.

Tang Xiao came out of hiding, knocked Wen Tian unconscious, and supported him. "That's enough."

"What did you do to me? Why can't I move my body?" Su Rou asked with a frown, as she wanted to have sex with Wen Tian.

Tang Xiao shook his head at Su Rou before removing the item's effects from her body and Wen Tian's. "He is a good guy, so I won't let you do anything more than this with him. Moreover, my efforts to break Ouyang Qing's heart have succeeded, and you will gain more benefits from Ouyang Hong in the future, so you should leave him alone."

"You—"

"Do you prefer Wen Tian or the Ouyang Family?" Tang Xiao interrupted her. "If you prefer him, I won't stop you anymore. However, you will lose Ouyang Hong and the Ouyang Family, so you have to think about it carefully."

Su Rou frowned at Tang Xiao before sighing. "Fine! I won't touch Wen Tian, so you can let me go now!"

After all, the Wen Family was only a middle-class family, and they couldn't compare to the Ouyang Family, so Su Rou preferred the latter to guarantee her future.

"Bring him to the bench and straighten his trousers." Tang Xiao hurriedly left the place because he was sure that Ouyang Qing would look for him.

Su Rou sighed again before taking Wen Tian to the bench and straightening his trousers, but she was reluctant to leave him. In the end, she still left him behind, as she didn't want Tang Xiao to thwart her plans against Ouyang Hong, and she went to Yi An's side afterwards.

.
. .
.

When Tang Xiao arrived at the parking area, he saw Ouyang Qing squatting by the side of the car while crying, confusing the chauffeurs who were waiting for their respective employers.

Tang Xiao ignored the stares and approached Ouyang Qing, who immediately hugged him after he lifted her to her feet. "What happened? Why are you crying like this?"

"Sob... Feng Xiao... Sob..." Hearing the whispers of the chauffeurs, Tang Xiao immediately opened the car, placed Ouyang Qing in the passenger seat, and then got into the driver's seat. However, she immediately hugged him again and cried even louder. "Sob... I saw Wen Tian with another woman in the backyard... Sob... They should be having sex there because I saw him taking off his trousers."

Tang Xiao let out a soft sigh as he rubbed Ouyang Qing's back. "Qing'er, you've long realized that Wen Tian never loved you, right? I know you love him, but feelings can't be forced, and they have to come from both parties. You mentioned that he agreed to be your boyfriend due to your father's coercion, which has resulted in an unhealthy relationship between you two."

"Sob... But... Sob... I—"

"I know you're sad because Wen Tian cheated on you behind your back, but it was the result of your unhealthy relationship." Tang Xiao pushed Ouyang Qing back a little, lifted her chin, and wiped her tears. "Would you rather try to convince him for the rest of your life? Won't you get tired of it? Even if you two really get married, your marriage with him will never work out because he never loved you. Life is more beautiful than you think, and I'm sure there is a better man for you than him. You can be sad tonight, but you must forget it tomorrow and continue your life."

Ouyang Qing wanted to refute Tang Xiao, but she realized that his words were true. She did love Wen Tian, but she couldn't possibly convince him for the rest of her life. "Contact Su Rou and ask her to tell my mother that I want to go home."

"Alright."

Chapter 144: Yi An Ask For Massage

In the car, Yi An hugged Ouyang Qing, who was still crying in her arms. She didn't expect Wen Tian to cheat on her daughter, but she found it difficult to believe he would do so because she knew his character was good. 'Sigh! I don't know what my husband will do after this, but I hope he won't do anything bad to Ling Shiyun and her family.'

In the front passenger seat, Su Rou smiled to herself while stealing several glances at Tang Xiao, feeling satisfied with Ouyang Qing's situation because she had long disliked her. 'Haha! I hope Feng Xiao will do something about Yi An soon, so she will no longer be a thorn in the flesh in my relationship with Ouyang Hong.'

Tang Xiao could read Su Rou's thoughts without her having to say it, but he didn't care about her dream of being with Ouyang Hong, and he just used her to bring them down. 'Xiao Ai, I'm sure Ouyang Qing will report to her father about Wen Tian, and that old bastard will definitely do something to the Wen Family, so I want you to do something to save them from him.'

[Master, I've prepared everything to save the Wen Family from Ouyang Hong, and I guarantee that he won't be able to do anything to them.]

'You always understand my thoughts and work so quickly, Xiao Ai.'

[Haha! My main chip is in your brain, so it's easy for me to guess your thoughts, Master.] Xiao Ai didn't lie to Tang Xiao, but it wasn't completely true either. She could understand him because he and the future Tang Xiao were basically the same person, and she had followed her old master for too long.

'Yeah.'

.
. .
.

Before long, they arrived at the Ouyang House, and Yi An helped Ouyang Qing back to her room.

Meanwhile, Su Rou returned to her room with an expression full of joy, and she eagerly awaited Tang Xiao's next action with Yi An and Ouyang Qing.

Tang Xiao didn't return to his room; instead, he wandered around the garden, contemplating his next plans. He had to act quickly before Ouyang Hong returned, and he had already decided that his next target would be the Meng Family.

While thinking, Tang Xiao monitored the situation in Ouyang Qing's room, but Yi An still accompanied her because she still felt sad after seeing the previous incident.

.
. .
.

At the Wen House, Ling Shiyun and her husband looked worried after Yi An left in a hurry, even more so after they found their son unconscious on the bench in the back garden, convincing them that something had happened between Wen Tian and Ouyang Qing.

After all the guests went home, Ling Shiyun and her husband woke Wen Tian and questioned him, but his answer shocked them. They became increasingly anxious because of their situation, and they were afraid that Ouyang Hong would do something to them.

Ling Shiyun and her husband racked their brains, looking for the best solution to resolve the problems between their son and Ouyang Qing.

After they thought about things, Ling Shiyun decided to meet Yi An tomorrow to discuss their children's situation, and she hoped that she could help them to stop Ouyang Hong.

However, they were unaware that Tang Xiao had already requested Xiao Ai to save their family, preventing Ouyang Hong from controlling or destroying them.

.
. .
.

After waiting for some time, Tang Xiao saw Ouyang Qing fall asleep, and Yi An immediately left her daughter's room to return to her own room.

At the same time, Tang Xiao's smartphone rang with an incoming message, and Yi An asked him to go to her room for another massage session, as she became increasingly addicted to his massage and presence.

Tang Xiao didn't immediately go to Yi An's room, as she still had to change clothes; instead, he went to his room and changed into more casual clothes, and he went to her room after that.

Unlike their previous massage sessions, Yi An didn't wear a t-shirt and shorts; instead, she wore a black nightgown, which surprised Tang Xiao.

Yi An didn't lie down on the bed either; instead, she sat in her chair behind the desk. She was embarrassed when Tang Xiao walked behind her, and her heart pounded as she was sure he saw her exposed shoulders and chest. 'What was I thinking? Why did I choose to dress like this?'

As usual, Tang Xiao first massaged Yi An's head while using his qi, and he also enveloped her with his celestial aura to give her a comfortable sensation. "I often get massages from professional masseuses, but I prefer your massage because you always make me comfortable. My body also feels so fresh every time I wake up, so I always want to get your massage even if I don't feel exhausted."

"Madam, you don't have to wait until you feel tired to get a massage, and you can do it every day as long as it makes you comfortable."

"Yeah." Yi An nodded slightly. "Does that mean you often massaged your family in the past?"

"Every day." Tang Xiao moved his hand to Yi An's neck, and he massaged it while teasing her, making her feel a tickling but comfortable sensation. "In the past, my parents, especially my father, asked me to massage him every day. My mother also liked my massages, but she didn't like to do it too often, and I usually massaged her every few days."

Yi An looked up slightly. "If you work as a professional masseuse, I'm sure you'll get a lot of customers because of your massage techniques, and you'll earn a much higher salary than being my chauffeur."

"Madam, a professional masseuse's salary is indeed quite high, but massaging people is tiring, especially if we have to massage many people in a day." Yi An nodded in agreement with Tang Xiao. "Furthermore, I'm married now, and I have to make time for my wife. If I'm too tired from work, I'm afraid I'll fall asleep from morning to afternoon, and I won't be able to accompany her."

Yi An thought for a moment before asking, "Do you want to stay at your house? As long as you can come to this house on time every morning, I don't mind if you want to stay at home. After all, you and Xing Xing are newlyweds, and you can accompany her every night."

"Actually, I've discussed this matter with her, but she said it doesn't matter if I stay here. She often works late into the night because the company has an online shop, and there are lots of buyers at night, so she is often tired every night." Yi An frowned at that, prompting Tang Xiao to continue. "Madam, the company hasn't been open for long, so they still have to build a name in the market. Apart from product quality, speed of service can help them with that. Her boss has said that her current working hours are only temporary, and everything will gradually return to normal as time goes by."

Yi An nodded in understanding. "Starting a company is never easy, let alone a company in the beauty sector. There are many well-known beauty brands out there, and they've been around for decades. Buyers are more familiar with them, so it's quite difficult for a new, unknown brand to compete with them. Therefore, it's natural for Xing Xing's boss to require her to do extra work at first, but the situation will gradually change. If their sales continue to improve, they can hire more employees to work in shifts, and she won't be as busy as she is now."

"That's why we decided to live like this now, but we always spend our time together on weekends." Tang Xiao spoke as he began to massage Yi An's shoulders, enjoying the softness and firmness of her skin. He pressed them a little hard, making her moan softly. "Do I need to increase the pressure of my massage, madam?"

"No need." Yi An replied with a shake of her head. "Your massage pressure is the most comfortable for me, so you can do it like this."

"Yes, madam." While massaging Yi An's shoulders, Tang Xiao touched her upper chest several times. "Did you enjoy it, madam?"

"Mhmm... yes, I always enjoy your massages." Yi An closed her eyes and leaned back in the chair, allowing Tang Xiao to massage her upper chest. "Massage my chest a little lower, Feng Xiao."

Since Yi An was wearing a nightgown that was fairly revealing at the top with two straps, Tang Xiao was free to massage her chest, and his fingers several times touched the top of her breasts that were sticking out of her bra.

"Mhmm..." Although Yi An couldn't recall her intimate activities with Tang Xiao over the past two days because of her overwhelming lust, her subconscious and body still retained memories of those experiences. She didn't stop him and enjoyed his touch on her breasts instead, and her lips parted several times, making her moans escape her mouth. "Mhmm..."

Tang Xiao's massage pressure on Yi An's chest and upper part of her breasts slowly made her body heat up, and her tongue stuck out several times, licking her lips.

"Mhmm..." Yi An, who was starting to get aroused, subconsciously started squeezing her breasts, with her legs rubbing against each other. 'Mhmm... his massages always arouse me. I should have stopped him, but I enjoyed it instead.'

Chapter 145: Accompany Ouyang Qing

Ring... Ring...

The sound of her smartphone startled Yi An, and she asked Tang Xiao to stop. "Please stop and leave, Feng Xiao. My husband is calling me."

"Yes, madam." Tang Xiao didn't argue and walked away. 'Xiao Ai, eavesdrop on their conversation.'

[Yes, Master.]

Yi An was relieved to see Tang Xiao leaving, and she hurriedly calmed herself down before running to bed. She took her smartphone from her bag, lay down on the bed, and accepted the call. "Why are you calling me at night like this, husband?"

[It's nothing serious, and I just wanted to talk to you about some things.]

"Tell me." Yi An casually listened to Ouyang Hong, but her mind was preoccupied with the sensation. 'Sigh! Luckily he called me, or else I would have been affected by the sensation of Feng Xiao's massage, and something disastrous might have happened between us.'

.

.

.

Tang Xiao didn't leave the main house; instead, he went to Ouyang Qing's room, as she had previously requested.

When he arrived there, Tang Xiao found Ouyang Qing already fast asleep, with tears stained on both cheeks. He immediately sat beside her, grabbed her hand, and used his light qi on her.

Sensing the comfortable feeling, Ouyang Qing opened her eyes and shifted to the side. "Lie beside me and hug me, Feng Xiao."

"Okay." As soon as Tang Xiao lay down by her side, Ouyang Qing hugged him and buried her sad face into his chest. Unfortunately, she didn't realize that the man she was hugging was the one causing her sadness, and she had fallen into his trap. "Are you still sad, Qing'er?"

"Yeah." Ouyang Qing answered quietly, hugging him tighter. "What exactly did I do wrong? I love Wen Tian, and I'm willing to do anything for him, but he has kept rejecting me for the past seven years. He always said that he was busy helping his father, but he was in a relationship with another woman, and he even had sex with her."

'Foolish woman!' Tang Xiao rubbed her back and consoled her. "Qing'er, I understand your feelings for Wen Tian, but as I said before, feelings can't be forced, and they must come from both parties."

"But—"

"Did you forget our situation?" Ouyang Qing looked up at Tang Xiao. "Wen Tian cheated on you, but you're with me now, and we've even been intimate several times, remember?"

Ouyang Qing's cheeks reddened recalling their intimate activities. 'Ugh! Why is he mentioning our relationship now?'

"Doesn't this mean that you and Wen Tian have both wronged each other?" Ouyang Qing lowered her head again without answering Tang Xiao. "I know that I'm just a chauffeur, and my status is far below his, but—"

"I understand what you mean, so please don't need to say that." Ouyang Qing pressed one of her hands to Tang Xiao's mouth. "You're right, I was too stupid about my relationship with Wen Tian. I knew that he never loved me, and he only loved Tang Yin, even though she had rejected him too many times. I thought he would love me if I asked my father to suppress his family, but our relationship has never changed for the past seven years, and he has always been cold to me."

'Heh! How could an arrogant and stupid woman like you be able to compete with Yin'er? You are pretty and rich, but she is superior to you in every way.' Tang Xiao then asked her. "So, what are your plans regarding Wen Tian? What—"

"I don't want to talk about Wen Tian for now." Ouyang Qing sat up in bed before rubbing her face. "Sigh! I want to change clothes and remove my makeup first."

"Do you need my help?" Tang Xiao asked with a playful smile.

Ouyang Qing was stunned for a while before her face turned into a ripe tomato, remembering their activities at dawn yesterday. She didn't reject Tang Xiao; Instead,

she got out of bed while pulling him to his feet, and she turned her back to him. "Help me take off my dress first."

"Alright." Tang Xiao lowered the zipper on the back of Ouyang Qing's dress, but he didn't take it off immediately. Instead, he rubbed her open shoulders and caressed them, making her shudder. "Honestly, you look gorgeous in this dress, Qing'er. I am unfamiliar with Tang Yin's appearance, but I think you should be prettier than her."

As Tang Xiao expected, Ouyang Qing was delighted to hear him praise her as more beautiful than Tang Yin. "Am I gorgeous?"

"You are gorgeous." Tang Xiao hugged Ouyang Qing from behind. "I am fortunate to be with you, and I can see the real you that no man has ever seen."

Ouyang Qing blushed as she understood the hidden meaning behind his last sentence, but she then turned to face him while standing on tiptoe slightly to kiss him for a moment. She embraced his neck and spoke to him. "Honestly, I still can't understand why I behave this way towards you, considering that you are a married man; however, I always feel safe and comfortable when you are near me. At first, I felt strange letting you kiss me and touch me when I was hospitalized, but I admit that I enjoyed all that, and I always thought I wanted to feel that sensation again. In the end, you touched me for the second time in the car, and the climax was yesterday morning; I allowed you to see me naked and did all that to me."

"You are also—"

"Ahh! Don't mention that! You're embarrassing me!" Ouyang Qing covered Tang Xiao's mouth, as she knew what he wanted to say, which was about her crazy act of giving him oral sex and swallowing his cum. "Sigh! Help me undress first; I'm uncomfortable because my body is sticky, so I want to take a shower after cleaning my makeup."

"Alright." Tang Xiao helped Ouyang Qing take off her dress, leaving her in her bra and panties. He then took her to the dressing table, sat her there, and helped her clean her makeup.

Ouyang Qing looked at Tang Xiao through the mirror in front of them, and she was truly pleased with his gentle treatment of her. "Are you always this gentle with everyone?"

"Not really." Tang Xiao shook his head slightly. "I can be gentle with anyone, but I can also be harsh with some people, depending on their attitude. However, I can't possibly be harsh with any woman because I was born from a woman, so I always treat them with gentleness, or my mother will scold me."

"Hehe." Ouyang Qing giggled upon hearing his last sentence. "Why are you afraid of your mother? Does she get angry easily?"

Tang Xiao looked at her and explained. "Qing'er, I'm not afraid of my mother; rather, it's a form of respect I show her because she gave birth to me. I don't know about your relationship with your father, but I think you have the same feelings as me about your mother, right?"

"Yes." Ouyang Qing nodded at him. "Honestly, I'm not close to my father, but I'm always close to my mother. She's always by my side whether I'm happy or sad, so I love her."

Tang Xiao smiled at her. "Just like you and me, our mothers will always be the best part of most people's lives, and they will always respect them. However, there are also many people who neglect their mothers and treat them badly."

"That's true." Ouyang Qing nodded in agreement. "Luo Qinlin is one of them, and she never respected her parents."

"Oh?" Tang Xiao pretended to be surprised. "Did Luo Qinlin treat her parents badly?"

Ouyang Qing nodded slightly. "Luo Qinlin's parents came from an ordinary family, and she approached me because of my status. I accepted her to be by my side because I could use her as a maid, and I often gave her my used items that were still in good condition. However, I didn't like her either, as she was no different from a prostitute, and she slept with too many men for money."

"So, Luo Qinglin is like that because her parents can't meet her needs, right?"

"Yes." Ouyang Qing replied with a nod. "Unfortunately, Luo Qinlin was too stupid because she didn't save the money she got from those lechers, and she wasted her money on useless things, so she remains poor to this day."

"Everyone has their own choices and opportunities, and we cannot interfere with their lives." Ouyang Qing nodded approvingly at Tang Xiao, who had finished cleaning her makeup. "Do you want me to accompany you to take a shower?"

Ouyang Qing's cheeks turned extremely red after Tang Xiao asked that, but she shyly nodded to him. "Accompany me."

"Hehe." Tang Xiao chuckled and carried Ouyang Qing away like a princess, making her even more embarrassed. "I've seen and touched everything before, so there is no need for you to feel embarrassed with me, right?"

"Ugh! You're just making me even more embarrassed!" Ouyang Qing protested in a mosquito-like voice.

.

.

When they arrived at the bathroom, Tang Xiao immediately put Ouyang Qing down and took off her bra, exposing her plump breasts. He then took off her panties before taking off his clothes, leaving both of them naked.

Ouyang Qing's heart thumped at the sight of his naked body, especially his dick, which hung down below his hips. 'Ugh! This is the second time I've seen his dick!'

Chapter 146: A Step Further*

****Splash... Splash...****

Ouyang Qing leaned against Tang Xiao's chest; she enjoyed his touch and squeeze on her breasts, making her moan and squirt. The warm water pouring over their bodies made the atmosphere more intimate.

When Ouyang Qing looked back, Tang Xiao sealed her lips and inserted his tongue into her mouth, which she responded to and welcomed with her tongue. Their tongues intertwined and played tug-of-war, with both moving from one mouth to another.

When Tang Xiao's tongue was in her mouth, Ouyang Qing sucked it along with his warm saliva, and the tip of her tongue licked the tip. He did the same when her tongue was in his mouth; he sucked it a bit harder while licking it.

"Mhmm..." Ouyang Qing's muffled moans kept escaping from her sealed mouth, especially when Tang Xiao fondled her breast more roughly, with his fingers twirling and pinching her tiny sensitive cherries. Her body kept squirming in his embrace, and her legs rubbed against each other as her pussy became increasingly wet. "Mhmm..."

Ouyang Qing moved her right hand behind, reached down, and grabbed Tang Xiao's dick. She gently rubbed his shaft, with her soft fingers caressing his glans, eliciting muffled moans from him.

Ouyang Qing was both afraid and excited when his dick began to harden in her hand, and Tang Xiao moved back a little, allowing her to jerk it. 'Mhmm... is he horny because of me? Should I give him oral sex like at dawn yesterday?'

Tang Xiao inwardly laughed as he moved his hand down to Ouyang Qing's lower body, and he rubbed the front of her hips before slipping his fingers into her pussy, making her consciously spread her legs.

"Mhmm..." Ouyang Qing's body jerked when Tang Xiao's fingers rubbed her wet pussy, making their kiss stop. "Mhmm... I like it when you rub my pussy like this."

Tang Xiao nibbled Ouyang Qing's earlobe, licking the inside, and whispered to her. "Do you want me to lick your pussy like yesterday?"

"Mhmm... I want... Ahh... I want to feel your licks on my pussy again." Ouyang Qing squirmed more intensely as Tang Xiao rubbed her pussy faster. "Ahh... You make me horny... Ahh..."

"Your moans make me horny, Qing'er." Tang Xiao licked Ouyang Qing's ear again. "I really want to eat you."

Ouyang Qing was shocked as she understood what Tang Xiao meant, which meant he wanted to have sex with her. She enjoyed being intimate with him, but having sex with him was the craziest thing for her. After all, she was still a virgin, and he was another woman's husband.

"Just kidding." Tang Xiao sealed Ouyang Qing's mouth once again, but he didn't kiss her for long and separated their lips again. He turned her around, pressed her against the wall, and licked her neck.

"Ahh... Feng Xiao..." As she started moaning again, Ouyang Qing closed her eyes to enjoy the pleasure. She grabbed Tang Xiao's dick, squeezed it, and jerked it faster than before. 'Mhmm... his dick is getting bigger and bigger!'

Tang Xiao gradually moved down until his face was in front of Ouyang Qing's breasts. He grabbed her breasts, gently kneaded them, and teased her by rubbing her cherries.

"Ahh..." When Tang Xiao licked her nipples, Ouyang Qing immediately covered her mouth with one hand, but her other hand kept playing with Tang Xiao's dick. 'Ugh! I can't moan too loud; otherwise, my mother or Su Rou will hear me.'

For a few minutes, Tang Xiao enjoyed himself playing with Ouyang Qing's breasts, leaving many hickeys there. She didn't mind because her bra would hide them, and no one would see them.

Ouyang Qing looked down as Tang Xiao knelt on the floor, and she lifted her left leg to his shoulder, anticipating him giving her oral sex.

"Ahh..." As soon as Tang Xiao licked Ouyang Qing's pussy, she let out a loud moan while her face was turned towards the ceiling, and she squirmed intensely as a flood of pleasure washed over her, overwhelming her mind with sexual ecstasy. She held his head as her legs began to lose strength, afraid of falling. "Ahh... I've missed this pleasure since yesterday."

"Mhmm... Ahhh..." Tang Xiao licked the area inside Ouyang Qing's pussy, and he thrust his tongue into it several times. Her moans got louder as her eyes opened and closed.

She fell deeper as he began licking her clitoris, bringing her closer to her first orgasm. "Mhmm... Ahh..."

A while later, Ouyang Qing reached her first orgasm before collapsing to the floor, but she immediately pushed Tang Xiao to lie there. She devoured his dick straight away, her head bopped up and down at a rapid pace, and she sucked it really hard while licking his glans.

Unlike before, Ouyang Qing's teeth no longer scratched Tang Xiao's glans, allowing him to enjoy her oral sex. However, he wasn't satisfied with playing with her pussy, and he asked her to lie on her stomach on top of him, which she immediately did.

Ouyang Qing's sucking sound on Tang Xiao's dick grew louder as she was aroused again by his oral sex, and she impatiently waited for him to orgasm in her mouth to enjoy his cum once more.

Even though Ouyang's sucking sound and the sound of the water were quite loud, Tang Xiao could hear footsteps in front of her room, and he immediately checked outside, finding Su Rou standing in front of the door.

Tang Xiao released a bit of his killing intent and directed it outside, making Su Rou feel uncomfortable and hurriedly fled. He returned his focus to satisfying Ouyang Qing, and she finally reached her second orgasm, followed by a burst of his cum into her mouth.

Unlike her reluctance the first time she swallowed Tang Xiao's cum, Ouyang Qing now enjoyed his cum, and she eagerly swallowed every drop.

After she released Tang Xiao's cock from her mouth, Ouyang Qing turned to face him, but he hurriedly cleaned her mouth before allowing her to kiss him. "Are you satisfied, Qing'er?"

"Not yet." Ouyang Qing shook her head slightly as she touched Tang Xiao's dick. "You're not satisfied either way, are you? Otherwise, your dick should be limp by now."

"Haha." Tang Xiao laughed and pinched her cheeks. "How can I feel satisfied if a woman as beautiful as you is with me?"

"Gibberish!" Ouyang Qing carefully stood up. "Let's finish our shower first, and we'll continue in the bedroom."

"Alright."

.

.

Ouyang Qing was already moaning again under Tang Xiao, and she enjoyed his play on her breasts and nipples. She wrapped one hand around him while rubbing his head and back, and her other hand played with his erect dick.

Ouyang Qing did something crazy by spreading her legs, and she rubbed Tang Xiao's glans against her wet pussy. She didn't dare to insert it, as he was another woman's husband, and she was afraid that her parents would find out that she had such a relationship with their chauffeur.

Tang Xiao was eager to take their relationship to the next stage, and he wanted to make Ouyang Qing fall completely for him. He stopped stimulating her breasts and looked at her. "Qing'er, let me insert it a little, okay?"

"No." Ouyang Qing refused him without a second thought. "Feng Xiao, please don't insert your dick inside me, okay?"

"Why?" Tang Xiao pretended to be disappointed. "I won't insert it too deep, okay?"

Ouyang Qing actually wanted to try it, as all her friends always told her that sex was pleasurable, but she was afraid to do it with Tang Xiao for many reasons. She cupped his face and spoke. "Please understand me, okay? Honestly, I've always enjoyed our time together, and I'd love to try sex with you, but I'm not ready to go that far with you yet."

"What—"

"This has nothing to do with our status." Ouyang Qing denied him immediately. "If I rejected you because of our status, you wouldn't be here with me now, let alone going this far with me. I always enjoy your presence by my side, and I also enjoy everything you have done for me. Truthfully, I want to do more with you, but I'm a virgin, and you are Xing Xing's husband. Therefore, I feel strange about having sex with you, and I hope you can understand my rejection."

'Heh! You can reject me now, but you will fall for me soon.' Tang Xiao nodded to her. "Don't worry, I understand your refusal, and I won't force you anymore."

"Thank you for your understanding." Ouyang Qing pushed him to the side, made him lie on his back, and moved between his legs. She held dick, stroked it, and squeezed it. "If you're still not satisfied, I'll satisfy you with my mouth, okay?"

Tang Xiao stroked her head and nodded at her. "Please help me."

"Alright." Since Tang Xiao's dick was fully erect, Ouyang Qing devoured half of it instantly. Her head quickly bopped up and down, and she sucked his dick while licking the glans, with her hand jerking the other half.

Ouyang Qing gave Tang Xiao oral sex for several minutes, and she stopped after he orgasmed in her mouth. He took a turn to enjoy her body, and he made her orgasm several more times before she fell asleep from exhaustion.

Tang Xiao checked Yi An's room using his senses, finding her fast asleep. He decided to leave Ouyang Qing's room, returned to his own room, and entered the ark.

Chapter 147: Tang Xiao - Tantai Lingyan

Tang Xiao found Tang Huang, Tantai Lingyan, Mu Lin, Zhao Qing, Mu Qingge, and Mu Yan focused on cultivating in their respective rooms. He couldn't find his two wives in their rooms, but Xiao Ai told him that Tang Yin was with Fu Chen at the hotel, and Xing Xing was with Chu Lingxi at the apartment.

Tang Xiao checked Zhao Yuxian's room, but he was a little surprised to find her cultivating; therefore, he didn't disturb her. He checked Jessica's room, finding her sleeping soundly on her bed.

Since he had already had fun with Jessica before going to the Wen House, Tang Xiao let her rest, and he went to Yu Xiaoling's room.

When he arrived there, Tang Xiao found his former teacher sleeping soundly. He approached her, took off his clothes, and joined her on the bed.

Tang Xiao threw off the blanket covering Yu Xiaoling's body and began to remove her nightgown, waking her from her sleep.

"Master, I—"

"Shh." Tang Xiao grabbed Yu Xiaoling's cheeks. "If you dare think of doing that one more time, I won't hesitate to punish you. Do you understand?"

Yu Xiaoling naturally understood what Tang Xiao meant, as she was sure that Xiao Ai had already reported to him about her intention to ask Sun Xiang for help. "I'm sorry, Master. I will never think about doing that again."

"Good." Tang Xiao pulled Yu Xiaoling's nightgown off, positioned himself between her legs, and rubbed his dick on her pussy. "Do you want my dick inside you, Teacher Yu?"

"Mhmm..." Yu Xiaoling softly moaned because of that, and she bent and spread her legs. "Mhmm... Master, please insert your dick and fuck my pussy."

"You are such a lewd teacher, Teacher Yu." Tang Xiao took out a blue xingyu pill and put it into Yu Xiaoling's mouth, which she immediately swallowed. He swallowed the red xingyu pill, kissed her, used the pleasurable touch on her, and thrust his dick directly into her pussy once their pills took effect.

"Mhmm..." Yu Xiaoling let out a loud muffled moan as her body bent upward, but Tang Xiao quickly fucked her, as he was already aroused since he had met Ouyang Qing before. "Mhmm..."

Yu Xiaoling embraced Tang Xiao's neck, passionately kissed him, and enjoyed the pleasure from every thrust of his dick. She was initially reluctant to have sex with her former student, but she eventually enjoyed it after doing it with him once, and she always craved his dick to pound her.

In the end, Tang Xiao dual cultivated with Yu Xiaoling for a few hours straight, and her cultivation increased significantly due to the difference in their cultivation, especially since she was still a beginner-rank cultivator before.

Yu Xiaoling lay prone on top of Tang Xiao with his dick still inside her pussy, and she tried to control her irregular breathing. 'Sigh! Fortunately, Xiao Ai has strengthened my body, and I am also a cultivator now; otherwise, he would have already fucked me to death.'

"Teacher Yu."

"Yes, master."

"Did you enjoy my dick?"

"I enjoyed your dick in my body so much, master."

"Haha." Tang Xiao laughed and rubbed Yu Xiaoling lips. "You're lucky because you treated me well in the past, you know? Otherwise, you wouldn't live so comfortably now, and I might have killed you like Xiang Ning."

Yu Xiaoling could only sigh upon hearing this. It was true that she was still living comfortably now, but she was no longer a free woman, and she had to separate from her family because of her past mistake of helping Ouyang Qing frame Tang Xiao.

"Back then, I loved you so much, and I wanted to have you by my side. Unfortunately, you already had a husband, and you only treated me as a child." Yu Xiaoling's lips parted without any words coming out in response to Tang Xiao. "Even though our situation is like this now, I enjoy having you by my side, and I will keep you by my side

forever. One day in the future, I will impregnate you, and you will be the mother of my child."

Yu Xiaoling felt a strangeness in her heart to hear that from her former student. 'Is he really thinking about getting me pregnant in the future?'

Tang Xiao looked at Yu Xiaoling with a gentle gaze, just like he looked at her in the past, making her heart flutter. "Do you want to give birth to my child in the future, Teacher Yu?"

"I don't know, master." Yu Xiaoling chose to answer honestly because she herself still couldn't fully accept her situation, let alone have a child with Tang Xiao. "Furthermore, I'm old now, and I might have reached menopause by the time you want to impregnate me."

"Haha." Tang Xiao pinched Yu Xiaoling's nose. "Have you forgotten all the technology in this place? Everything here comes from an era far more distant than ours, tens of thousands of years in the future, to be exact."

"Tens... tens of thousands of years in the future." Yu Xiaoling was stunned in shock.

"Yes." Tang Xiao nodded at Yu Xiaoling. "As you already know, I inherited this place and all its contents from Xiao Ai's old master after they saved me from death, and they came from a very distant era. Furthermore, you are a cultivator now, so you will not experience menopause that easily, and you can still give birth even if you are over a hundred years old."

Yu Xiaoling didn't refute Tang Xiao, but she still felt that the idea of giving birth to a child from her former student was the most ridiculous and craziest idea.

"Whether you agree or not, I will still impregnate you in the future, and you will give birth to several children for me." Tang Xiao's words made Yu Xiaoling feel helpless, but she realized that she wouldn't be able to resist if she really wanted to get her pregnant. He shifted her to the side, which caused his dick to slip out of her pussy. "Get some rest now, as you still have to take care of Yin'er's retail shop after this."

"Yes, Master." After Tang Xiao left, Yu Xiaoling closed her eyes to rest, but her previous words kept ringing in her mind, especially regarding her desire to have her child. 'Am I really going to have children with Xiao'er in the future?'

.

.

.

Tang Xiao didn't leave the ark immediately; instead, he went to the hot springs to refresh himself.

"Oh? Have you had enough fun with your former teacher, Xiao'er?" Tang Xiao gulped loudly when he saw Tantai Lingyan in the hot spring pool. "What are you waiting for? Are you embarrassed by me?" I often bathed you when you were a child, and I continued to do so until you were quite old. Do you remember?"

"I still can't understand how you could be so shameless like this, master." Tang Xiao said as he started to take off his clothes. "Indeed, we often bathed together in the past, but I'm an adult now, and my body is much different compared to a few years ago."

"It's not a big deal, right? Quickly! Take off your clothes and join us." Tang Xiao quickly took off his clothes, causing Tantai Lingyan's jaw to drop momentarily upon seeing his dick before she burst into laughter. "Haha! No wonder you are strong enough to have sex with several women at once! Your dick is no longer small, and it has turned into a monster. Besides, your body is sturdier and more muscular now, and your abs are perfectly formed."

The corners of Tang Xiao's lips twitched after hearing that, but he immediately entered the pool and leaned against the side, looking up at the ceiling while thinking about some things.

Tantai Lingyan immediately stood up and walked toward Tang Xiao, allowing him to see her massive breasts. Her breasts jiggled around every time she took a step forward, and her pussy dripped wet, causing his dick to start erecting again. "Master! You have to stop behaving like this, you know?"

"Why? Didn't you like seeing me naked in the past?" Tantai Lingyan then sat beside Tang Xiao. "I'd be embarrassed if another man saw me naked, but you've seen me naked for years. Even though you're an adult now, it makes no difference to me."

Tang Xiao could only sigh as he suppressed his lust. "If you continue behaving like this, don't blame me if I eat you, Master."

"Haha." Tantai Lingyan laughed softly. "At first, I wanted to train you harder than in the past, but I changed my mind after I witnessed your clone training and sparring with us. Although you're still weaker than us, we're satisfied with your progress, and I think you don't need my training anymore. Instead, you should focus on training your element under the guidance of Feng Yao and Feng Shen. If you stay as serious as you were in the past, I'm sure you'll become a master of the fire and wind elements."

Tang Xiao turned to her. "Master, you've been watching and accompanying me in training since I was five years old, so you should know that I've always been serious about my training, right? Moreover, the world of cultivation is simply too harsh, and I'll encounter many much stronger opponents in the future. Therefore, I can't relax, and I

continue to hone myself to become even better, so no one can harm us again like in the past."

- To Be Continued -

Chapter 148: Tang Xiao - Feng Yao

"That's true." Tantai Lingyan smiled, recalling Tang Xiao's expression when he trained with her in the past.

"Master." Tantai Lingyan turned to him. "Back then, I often saw you daydreaming gloomily, but I could understand your feelings because I experienced it after the death of my parents. If it weren't for you and my two aunts, I might have fallen into a pit of depression, and I might have gone crazy."

Tantai Lingyan released a heavy sigh in her heart, as the reason she decided to take care of Tang Xiao in the past was because of the similarities between them. His parents died because of those people, and her family died at the hands of her enemies. Even though she had succeeded in taking revenge and killing their killers, the guilt and regret over their deaths lingered in her heart, and she took an oath in front of their graves to never remarry.

"You were so small and fragile back then, but I had to teach you hard for your own good. Even though you are still weak now, I am satisfied with your changes, and I am sure that you will be even better in the future." Tantai Lingyan then embraced Tang Xiao, making her massive breasts pop out of the water. "You are my disciple, but you are also my son, so promise me that you will never lose your way and become a cold-blooded killer, let alone a heretical cultivator, as I will never be able to see you become like them."

Tang Xiao was not surprised because Tantai Lingyan loved and cared about him so much. "I promise you, I will never be a cold-blooded killer, let alone a heretical cultivator, and I will only kill those who deserve to be killed."

Tantai Lingyan was pleased to hear that. "You are a man, so you have to keep your promises, okay?"

"I will." Tang Xiao answered with a serious look, but Tantai Lingyan's expression and sensual lips tempted him greatly. When she was unprepared, he kissed her lips.

Tantai Lingyan was utterly shocked by Tang Xiao's action, as she never thought in her life that he would dare to act so boldly by kissing her. She felt strange that the man she had raised since childhood would kiss her, but she also felt an unusual feeling from his kiss.

Tantai Lingyan closed her eyes and wrapped her arms around Tang Xiao's neck, then opened her mouth to guide his tongue inside, where she gently sucked it while intertwining it with hers.

Receiving a positive reaction from his master, Tang Xiao lifted Tantai Lingyan onto his lap, causing his erect dick to press against her pussy. However, he didn't go any further with her, as he was afraid that she would be disappointed.

When Tang Xiao's hand squeezed her breasts, Tantai Lingyan pushed them away and broke their kiss. She looked at him with complicated feelings. "Are you thinking about taking me as your wife?"

"Honestly, I never thought about it before, but I thought back to all the times we spent together, and I remembered all your shameless actions in the past. Therefore, I thought about taking you as my wife, Master." Tantai Lingyan wanted to say something, but Tang Xiao covered her mouth. "Master, I know about your oath to your late husband and son, but they are long dead, and you deserve to be happy. I will never force you to be my woman, but you should know that I love and care about you, just as you love and care about me, and I don't want you to continue living alone in loneliness like now."

Tang Xiao shifted the dazed Tantai Lingyan to the side, and he immediately exited the pool before getting dressed. He looked at her for a while before leaving the ark, as Xiao Ai reminded him that it was almost morning outside.

Before long, Tantai Lingyan released a heavy sigh and leaned toward the side of the pool, rubbing her lips while imagining her kiss with Tang Xiao just now. "Xiao'er, I know you care and love me very much, and I feel the same as you. However, I will never break my oath, so I hope you can get rid of the thought of taking me as your wife."

Before long, Tantai Lingyan came out of the pool, got dressed, and left the hot spring area. She didn't go to the training ground; instead, she went to the laboratory.

Xiao Ai was taken aback by Tantai Lingyan's request, but she immediately agreed and asked her to lie inside one of the capsules, where she extracted her Yin Qi. 'If my master cultivates using her Yin Qi every day, his cultivation will increase even faster, and he might be able to reach the Emperor Level in no time because his cultivation has already reached the peak of that stage.'

After Xiao Ai extracted enough Yin Qi, Tantai Lingyan left the laboratory and went to the training ground, where she trained with Tang Huang, Mu Lin, and Mu Qingge.

On the other hand, Mu Yan cultivated in her room, and she was increasingly eager to do so, especially after their meeting with Zhao Jing's soul in her soul space two days ago.

Following Tang Yin's orders, Xiao Ai gave Jessica a mask to disguise her appearance. After that, she sent her and Yu Xiaoling to the Tianmei to manage the retail shop, and

she sent Zhao Yuxian to the Tang House, as her twin daughters would be returning today.

Zhao Ying also left the ark with them, as she had to help her niece to take care of Tianmei, and she also had to take care of her late brother's company.

Just like Yu Xiaoling, Jessica wanted to meet her family, and she looked for a way to contact them. However, Xiao Ai stopped her and threatened her, forcing her to abandon her idea.

After Xing Xing arrived at the hotel, Fu Chen took her and Tang Yin with her to meet her people, where they shot some advertisements for Tianmei products.

.
. .

In the Ouyang House, Yi An told Tang Xiao that she wasn't going anywhere and was waiting for Ling Shiyun to arrive. She gave him permission to leave, but Ouyang Qing asked him to accompany her for a walk, as she would rather not see Wen Tian's mother and preferred to spend time with him.

After Ouyang Qing had breakfast with her mother, Tang Xiao took her for a walk, and they spent time together like lovers, engaging in various activities.

.
. .

Since his real body was accompanying Ouyang Qing on a walk, Tang Xiao's clone left the ark and went to the address Feng Yao gave him yesterday. However, he was surprised when he arrived at the address, as there was nothing there but a small house.

Feng Yao, who had been waiting for Tang Xiao's clone, immediately opened the door for him. However, she didn't realize that the man in front of her was only a clone, mainly due to their perfect resemblance. "Where are we going to train?"

"Haha." Feng Yao softly laughed. "You're so impatient to train, huh?"

"What can I do?" Tang Xiao's clone replied helplessly. "I want to destroy the Ouyang Family as soon as possible, but Long Yin is protecting them, and he is the strongest

cultivator on Earth. Therefore, I must improve myself as quickly as possible, and I will defeat him once I'm ready so I can kill Ouyang Hong to avenge my parents' deaths."

"I understand your desire to take revenge on Ouyang Hong." Feng Yao immediately led Tang Xiao's clone into the house. "But remember, Long Yin isn't alone; many of his Long Clan members are strong, even if not as strong as him. If you fight him, his clan members will also become your enemies. Therefore, you cannot fully focus on your own strength, and you must form allies to help you face them."

"Are you and your Feng Clan willing to be my allies?"

"No." Feng Yao turned to Tang Xiao's clone, who seemed disappointed by her answer. "Tang Yuan is my close friend, and I know the late Brother Ye very well, but my Feng Clan never interferes in the affairs of other cultivators. Although my Feng Clan is not as strong as Long Yin and his Long Clan, we have never been afraid of them, but we would rather not have problems with them either. If you need allies, your first target should be Sun Qian and the Sun Clan, as they are close to your grandfather and master."

Tang Xiao's clone released a soft sigh. "Sun Qian is Sun Xiang's grandfather, right? I don't really like her because she's too naive, even though she's a cultivator herself, and she keeps trying to stop me in my revenge."

"Haha." Feng Yao laughed again. "Sun Xiang has always been like that, so you don't need to be surprised by her behavior. In fact, her mindset makes her unsuitable for being a cultivator, and she is better suited to living as an ordinary human. However, fate destined her to be born into a family of cultivators, so she had no choice but to become one."

"Yeah." Before long, they arrived at the backyard of the house, and Feng Yao threw a device on the ground, creating a portal. "Huh? Is this portal connecting us to Earth-II?"

Feng Yao nodded slightly and pushed Tang Xiao's clone into the portal before following behind him.

Chapter 150: Earth-II 1st Arrival

Tang Xiao's clone arrived at a place filled with lava. "Damn! Is this place a volcano?"

"You're right, we are indeed inside a volcano now." Feng Yao stepped out of the portal. "To be precise, this is the Phoenix Volcano, and my Feng Clan lives not far from this area. In the north, you will meet the Snow Mountain, where the Xue Clan lives. If you go east, you will arrive at the Dragon Ocean, and the Long Clan lives in that area. In the west, you will find a vast wilderness, and the Liu Clan lives there."

"Where do the Sun and Xiao Clans live?"

"They live in the outer area of the central area with the Zhang, Qing, Chen, Cao, Song, and several other second-grade clans. Meanwhile, the Huang and Wang Clans live in the central area." Tang Xiao's clone looked at Feng Yao with surprise. "The Long Clan is the strongest clan, followed by the Wang and Huang Clans. After them are my Feng Clan, the Xue Clan, and the Liu Clan."

"So, how are you going to train me?"

"Impatient, aren't we?" Feng Yao walked to the edge of the lava and performed an action that surprised Tang Xiao's clone; many lava creatures then emerged from the lava and moved as if they were alive, following her commands. "For your first training, I want you to perfect your control over your fire element. You killed Du Zhong and He Yu using your fire element, but their deaths show that you still can't control it perfectly."

"I—"

Feng Yao interrupted him with a shake of her head. "Controlling an element isn't just about manipulating its shape, but you must control its power. Fire element often produces huge explosive power, and you will have problems if you can't control it. If you are surrounded by many enemies, and you kill one of them with such a huge explosive power, your other enemies will know your location. Remember, big is not necessarily deadly, but small can be deadly. Even if you use a small fire element, you can still kill your enemy as long as you control its power perfectly."

"Hmm?" Tang Xiao's clone rubbed his chin while contemplating Feng Yao's words, noting that he had never controlled his fire element power and always killed his enemies with almost full force.

Feng Yao looked at a lava lizard that was crawling on the wall; she shot a small fire towards the beast, leaving Tang Xiao's clone stunned. The lizard died from her single attack, but it didn't show any changes to its body. "See? You can barely feel my attacks, and the lizard is a fire beast, but I can kill it easily with just a small attack."

"Yeah." Feng Yao then did something else, forcing Tang Xiao's clone back. The lava suddenly surged upwards, forming a lava wave. "Holy shit! How could you do that? Is it because your cultivation is already at the Emperor Realm? If you asked me to do that now, I would probably only be able to control a tiny bit of it."

"Haha." Feng Yao softly laughed and let the lava fall into place. "Controlling elements do have something to do with cultivation, but it doesn't completely depend on our cultivation; instead, the main factor is our element rank and our understanding of the element. Unlike you, my fire rank has already reached level 9, so I'm only one level away from the peak."

Tang Xiao's clone raised an eyebrow. "How is it possible that your fire element has reached such a high level with your young age?"

"I'm flattered that you consider me young, even though I'm already in my forties." Feng Yao gave him a wink.

"Haha." Tang Xiao's clone laughed at that. "Even though you are already in your forties, you are no less beautiful than Yin'er and Xing'er. Aunt Yuan once told me that many men long for you to be their wife, but your criteria are too high, and you rejected them all."

Feng Yao simply smiled and looked around the area. "Unlike you who were born and raised in the outside world, I was born and grew up here. I've been training here since I was five years old, and I've often stayed here for months straight. Therefore, you don't need to be surprised if my fire element has reached a high level, and my understanding of it far surpasses many cultivators, including my parents."

"So, you want me to train here from now on?"

"Yes." Feng Yao nodded at him. "I'll leave you here, and I'll check on your progress every day. If I'm satisfied with your ability to control your fire element, I'll give you a second training method."

Tang Xiao's clone nodded determinedly. "The training here isn't as demanding as training under my master, so I can definitely get through it, and I'm confident I can control my fire element in no time."

"Words are useless without proof, so I'm waiting for your proof." Feng Yao then looked up. "You can leave this place if you like, but I don't recommend it since you don't know anything about Earth-II. If you go out when I'm not here, no one can save you if you encounter stronger enemies, and you might die at their hands."

Tang Xiao's clone was naturally aware of his limitations, and he wasn't so crazy as to go out without knowledge and experience. "Don't worry, I'm not going anywhere, and I'll focus on training here."

"That's good." Feng Yao then walked back to the portal. "I'll be going now, and you can begin your training."

After Feng Yao left, Tang Xiao's clone immediately sat cross-legged a little distance from the lava, but Hun suddenly shared something in his mind. [Master, you can learn that technique first, and it will make it easier for you to control your fire element.]

"Alright." Tang Xiao's clone closed his eyes and began studying the technique. Once he fully understood it, he began to try controlling his fire element, starting with the lowest intensity and gradually increasing it.

.

.

.

Inside a restaurant, three women were eating together, but one of them kept looking at one of the two women in front of her. "Why do you keep looking at me like that, Big Sis Chen?"

"Hehe." Fu Chen giggled. "Xing'er, I still didn't expect you to become his second wife, but at least your dream of being with him has come true, so I have to congratulate you on that."

Xing Xing smiled at that. "Thank you, Big Sis Chen. Honestly, I was hesitant to accept him at first, but I loved him too much. I've waited too long for him, so I decided to accept him."

"That's true." Fu Chen nodded slightly. "Back then, I often saw you stalking him, but you never dared to approach him, let alone confess your feelings."

"Big Sis Chen, I'm not a stalker!" Xing Xing protested.

"Haha." Fu Chen burst into laughter. "Are you sure you're not a stalker? You've been following him from afar for a few years, remember? If I think about it, you probably understand him better than Yinyin."

"That's not possible." Xing Xing denied with a headshake. "They've been together since they were very little, and they live together in the same house, so Big Sis Yin understands him much better than I do. What about you? When will you find a husband? You're almost thirty now, but you've never had a boyfriend."

Fu Chen casually shrugged. "I'm single, but I'm happy. For now, I don't need a man by my side, and I can take care of myself, both materially and spiritually. Even so, I have a dream of becoming a wife and having several children with my future husband, but that won't happen anytime soon, and I will enjoy my life and achieve all my dreams first before I get married."

"If you wait too long, you may be too old when you get married, and you will have difficulty having children." Tang Yin softly spoke.

"Hey! We are cultivators, remember?" Fu Chen shook her head in response. "In fact, my master is already a hundred years old, but she only became a mother five years ago. Therefore, I don't think too much about my age, and I will get married and have children once I'm truly ready for it. Unlike me, you two are his wives now, so you can already think about giving birth to some children for him."

Xing Xing was stunned for a moment before lowering her face in shame, but she harbored the hope of having a child with Tang Xiao as soon as possible.

Tang Yin, on the other hand, shook her head. "Naturally, I want to have a child with my husband as soon as possible, but as you already know, we still have many problems at hand. Therefore, we don't want to have children now, and we'll wait until our lives are truly settled."

"I see." Fu Chen then questioned them. "How does it feel to have sex with him? Have you ever had a threesome with him?"

"Big Sis Chen!" Xing Xing exclaimed softly.

"Sex with him is never boring, and we always enjoy our sex." Tang Yin turned to Xing Xing. "Would you like to try it, Xing'er? Honestly, I'm interested in trying a threesome with him, but I don't know if you're willing to do it."

"Huh?" Xing Xing looked at her dumbfounded. "Do you really want to do that?"
