Chapter 161: Intimate Call

While Yi An was focused on giving him a blowjob, Tang Xiao repositioned her to lie on her stomach above him in a 69 position. He licked her moist pussy, giving her a jolt of pleasure.

"Mhmm..." Yi An incoherently moaned and squirmed hard when Tang Xiao's tongue slipped between her labia, thrusting inside her. Inside, he moved his tongue in circles, licking all over her wet and slippery tunnel. "Mhmm..."

"Mhmm..." Yi An's arousal state got higher as Tang Xiao's licking became more intense, his tongue moved back and forth in her pussy, and his fingers slowly danced on her clitoris. Her lower body kept swaying with delight and a tickling sensation that heightened her lust, and her sexual fluid flowed out more and more. "Mhmm..."

Yi An pushed Tang Xiao's dick deeper into her mouth, giving him a deep-throat blowjob as his glans repeatedly touched her throat.

She sucked Tang Xiao's cock harder. The sound of him sucking on his cock continued to resound in the room, which mixed together with the splashing sound of him licking her pussy.

After pleasuring each other for some time, Tang Xiao and Yi An felt each other's genitals twitch rapidly, indicating that they were about to reach orgasm. Instead of stopping, they intensified their stimulation of each other, leading them to their orgasms.

Yi An's body violently spasmed above Tang Xiao, and her pussy squirted more of her sexual fluids than her first orgasm, which he eagerly licked and sucked.

Even though she had never swallowed a man's cum before, Yi An did not release Tang Xiao's dick from her mouth; Instead, she pushed it until it touched her throat, and it throbbed hard before his hot load flooded down her throat. 'He cum so much.'

After they finished their orgasms, Yi An hurriedly removed Tang Xiao's dick from her mouth and turned to face him. She licked the remains of his cum on her lips in a flirtatious manner, making him smile in amusement. "This is the first time I've swallowed a man's cum, and I did it specifically for you because you also swallowed my fluid."

"Has your husband never ejaculated in your mouth?" Tang Xiao cleansed Yi An's mouth using his qi without her realizing it.

"No." Yi An shook her head before explaining. "My husband once asked me to swallow his cum, but I refused strongly because he was not willing to give me oral sex."

Tang Xiao briefly kissed her. "Do you like my cum?"

"Yes." Yi An nodded with a smile. "Your cum is a bit sour, but I like it. However, I felt my body warm up from the inside after I swallowed it, and I also felt an unusual comfort."

Tang Xiao rubbed both of Yi An's cheeks and tenderly looked at her eyes. "Your fluid is a bit fishy actually, but it makes me eager to drink it, and I want to drink it every day."

"In that case, you have to accompany me every night before my husband comes back." Tang Xiao naturally wouldn't reject the opportunity Yi An gave him, so he immediately agreed. She was surprised when he rubbed his dick against her pussy, causing her to moan again. "You just had an ejaculation, but your erection hasn't stopped yet. In the past, my husband's dick went flaccid immediately after ejaculation, and he often ejaculated too soon, so I couldn't reach my orgasm."

"Haha." Tang Xiao laughed at that. "Would you believe me if I said my dick was still erect even after I ejaculated five times?"

"Huh?" Yi An's eyes blinked repeatedly. "Is that true?"

Tang Xiao smiled at that. "Do you want to try it?"

"I—" Yi An glanced down at their lower bodies, and she was tempted to feel the pleasure when Tang Xiao's erect dick penetrated her pussy. However, she didn't have the courage to go any further with him, especially since she was a married woman.

Tang Xiao turned Yi An's face toward him and kissed her. "It's okay, I understand how you feel, so you don't need to worry about it. For me, you are not a sex object, and you are a woman who deserves to be loved and treated well."

"Thank you." Yi An laid down on Tang Xiao's chest and hugged him tightly. "Even though I've only known you for less than a month, I feel so much more loved when I'm with you."

Tang Xiao hugged Yi An and rubbed her back. "I will always love you, and I will continue to give you the happiness you never got from your husband."

"Haha." Yi An softly laughed as her tears flowed out, and she was truly happy with Tang Xiao's treatment and understanding toward her. She rolled onto his side, lay sideways, and held his dick. "Since you're still not satisfied, I'll satisfy you, okay?"

"No need." Yi An looked at Tang Xiao in confusion. "Yi'er, you're not a sex object, okay? Indeed, I'm still not satisfied, but I know you're exhausted after two orgasms. Moreover,

you have a meeting with a business partner soon, and we still have a lot of time ahead, so you should rest now."

"Yeah, you're right." Yi An then sat on the bed. "Do you want to take a shower with me? I'm uncomfortable sleeping with my body covered in sweat like this, so I want to clean myself up before going to bed."

"Sure." Tang Xiao hurriedly got out of bed before carrying Yi An like a princess, stunning her for a while. "Let me clean your body, okay?"

Yi An put her arm around Tang Xiao's neck, buried her joyful face into his chest, and nodded at him. "Alright."

Tang Xiao took Yi An to the bathroom, but he didn't do anything other than help her clean her body, which made her fall even deeper for him because of his treatment and attention.

After they finished showering, Tang Xiao took Yi An back to the bedroom and laid her on the bed. He then took a new nightgown, bras, and panties from the wardrobe before helping her get dressed.

While Tang Xiao was getting dressed, Yi An continued to look at him with a smile on her face. 'He is the same age as Qing'er, but he is more mature and gentler than my husband. If only he had been born when I was younger, my life would have been happier if I had married him.'

After he got dressed, Tang Xiao covered Yi An with a blanket; he kissed her forehead and lips. "Sleep well, my dear Yi'er."

"Thank you, Xiao'er." Yi An suddenly remembered something. "Is it okay if I go see Xing Xing?"

Tang Xiao nodded at her. "I'll inform Xing'er after this, and you can meet her at Tianmei later."

"Okay." After Tang Xiao left, Yi An stared at the ceiling of her room while recalling their previous activities from start to finish. "I can't wait for another night, but I have to meet Xing Xing first this afternoon to ask her about their relationship."

Yi An closed her eyes, and she quickly fell into the cradle of a sweet dream, with a beautiful smile adorning her tired face.

.

.

Tang Xiao didn't immediately leave the main building, and he checked Ouyang Ming's room, finding him sleeping with Su Rou in his arms. 'The Love Sickness Potion is truly effective, Xiao Ai. He's completely under her control now, so I don't need to worry about him anymore, and he'll die in due time.'

[Hehe! The Love Sickness Potion was concocted by my old master for a female friend of his, but he concocted too much, so he kept the rest. I originally thought it would no longer be useful, but you ended up using it on Ouyang Ming.]

Tang Xiao hurriedly returned to his room. 'Hahaha! Actually, I was considering using it on some other people, so you can grab a few bottles from the treasury vault, and I'll go to their place directly.'

Xiao Ai naturally knew the people Tang Xiao was targeting, so she hurriedly took some Love Sickness Potion in the treasury vault.

After Xiao told her that the items were ready, Tang Xiao immediately took them from her before leaving the Ouyang House.

Soon, Tang Xiao snuck into Meng Huo's room at the Meng House, where he found him sleeping soundly. He carefully forced him to drink the Love Sickness Potion; he stripped him naked before taking him to Yao Wenhua's room.

After he forced Yao Wenhua to drink the Love Sickness Potion, Tang Xiao immediately stripped her naked. He left a device in a hidden place in the room before leaving the Meng House. 'Xiao Ai, record their activities and share them on several websites.'

[Yes, Master.]

Tang Xiao didn't immediately return to the ark, and he went to Rong Xiaolan's house because Meng Wuya was there.

Tang Xiao quickly infiltrated the house, forced Meng Wuya to drink the Love Sickness Potion, and left again afterward. 'Xiao Ai, send all the evidence of their affair to Rong Xiaolan's husband, and I want you to transfer all the Meng Family's wealth to Feng Xiao's account. This way, I don't need to bother taking care of Meng Wuya.'

[I will do everything now, Master. By the way, my mistress, Xing Xing, and Zhao Yuxian are already in the ark.]

"Are you satisfied after having fun with Yi An, Xiao Er?" Tang Yin asked as soon as Tang Xiao arrived in their room.

Chapter 162: Two Wives I

Tang Xiao joined them in bed and took both women to lie down on either side of him. "Yi An is different from her husband and two children; she is such a good and kind woman. At first, I thought it would take a long time to make her fall for me, but she already fell for me, though not completely."

Tang Yi nodded in agreement. "Yi An is indeed a good and kind woman, but she chose to marry the wrong man, and she had to suffer for a long time because of her choice. If she had chosen another man as her husband in the past, her married life would be more beautiful and more colorful, but fate brought her to Ouyang Hong."

"What are your plans for Yi An, husband? Will you take her as your wife after we resolve our issues with the Ouyang Family?" Xing Xing curiously asked.

"Hmm?" Tang Xiao actually liked Yi An's character, but he hasn't decided whether to take her as his wife or not. "I will make a decision about her in the future. By the way, Xing'er, she wants to see you, so I asked her to go to Tianmei tomorrow."

"I know." Xing Xing nodded slightly. "Xiao Ai told me about your conversation with Yi An, and I have no problem with it. If possible, I'll help you convince her."

Tang Xiao turned to Xing Xing. "Xing'er, I—"

"No need." Xing Xing stopped Tang Xiao. "I have long accepted your situation, or else I would not have accepted you as my husband. I can't help you fight them yet, so I will help you with other matters, such as convincing Yi An."

"Thank you, Xing'er." Tang Xiao briefly kissed Xing Xing.

Tang Yin then spoke. "Honestly, I can't wait to see Ouyang Qing bend her knees and beg you, but she is strong enough to withstand your actions."

"That's right." Tang Xiao could force Ouyang Qing by using his pleasure touch technique on her, but he would rather not do that, and he preferred for her to fall to him naturally.

"How about we have a threesome now, Xiao'er?" Xing Xing looked at Tang Yin with an embarrassed look. "Xing'er, since we are his wives, you shouldn't feel embarrassed to serve him together with me, right? Moreover, our husband has done it several times with Jessica and the others, so I want to try it with you."

"Yin'er, you don't need to force Xing'er to have a threesome; she—"

"No." Tang Xiao was interrupted by Xing Xing, who was hugging his other arm. "I do feel embarrassed to do so, but I'm interested in trying it."

"Are you sure you want to do it?" Xing Xing responded to Tang Xiao's question with a strong nod. "If you're okay with that, let's do it now."

"What a perverted wolf!" Both Tang Yin and Xing Xing exclaimed as they laughed at Tang Xiao's expression. They hurriedly took off their clothes before stripping him, leaving the three of them naked.

Thereafter, the two women crawled over Tang Xiao's legs, positioning their faces in front of his dick. Without wasting any time, Xing Xing and Tang Yin began licking his sleeping dick while simultaneously rubbing their breasts against his legs.

Slowly, Tang Xiao's dick became warm and erect as his two wives wet it with their warm saliva, combined with their gentle squeezing of his testicles, which made it even harder.

Suddenly, Tang Yin spoke to Xing Xing via voice transmission. 'Xing'er, you can move on top of Xiao'er and let him satisfy you first.'

'Eh? Why don't you go first, Big Sis?' Tang Yin shook her head, so Xing Xing brought her lower body in front of their husband's face.

Tang Xiao had other plans and made Xing Xing lie on her back on top of him, and he spread her legs to the side before his face went straight to her pussy to lick it. Even his tongue penetrated her pussy directly, causing her to jerk. "Ahh! Husband! Slow down!"

Instead, Tang Xiao pushed his tongue deeper and moved it back and forth, rubbing against Xing Xing's small but overly sensitive clitoris, which heightened her arousal.

On the other hand, Tang Yin had already clamped Tang Xiao's dick between her breasts, moving them up and down in a steady rhythm, with her tongue stuck out to lick the tip.

Xing Xing brought her face closer and licked the shaft of Tang Xiao's dick, which was slightly exposed between Tang Yin's breasts. Her body couldn't stop squirming above him as his tongue movements inside her pussy became faster, intensifying the pleasure inside her body. "Mhn~" 'Ugh! Bad husband! I'll orgasm first if he stimulates my pussy this strongly!'

Xing Xing had to stop licking Tang Xiao's dick because Tang Yin inserted it into her mouth, so she chose to close her eyes and enjoy the stimulation their husband was giving her. Her mouth kept opening and closing, releasing sensual and exciting moans. "Ahh~ Husband, insert your tongue deeper, and please rub my clitoris."

****Slurp... Slurp... Slurp...****

Looking at Xing Xing's lewd expression and listening to her moans, Tang Yin became more aroused and sucked their husband's dick faster. Her left hand started to stimulate her breasts, and her right hand was already in her pussy with her fingers inside it in a hook position, causing it to rub her clitoris as well.

Tang Yin quickly regretted her action, giving Tang Xiao a deep throat, as his dick made her mouth too full, so she let it out a bit. 'Phew! Xiao'er's dick is too big for my mouth, and I'm having difficulty breathing because of it.'

"Ahh!" As soon as Tang Xiao's finger rubbed her clitoris a bit rough, Xing Xing's body arched upwards, and a little of her liquid sprayed directly onto his face. "Ahh! Husband, you're driving me crazy!"

Xing Xing, who felt uncomfortable in that position, used her strength to push her body up. She squatted in front of Tang Xiao's face while holding on to the headrest, and he supported her buttocks while squeezing them.

****Slurp... Slurp... Slurp...****

For quite some time, Tang Yin's sucking sounds continued to mix with Xing Xing's moans, which became louder and louder. "Mhn~ Husband, your stimulation is too strong, and I will orgasm soon."

Tang Xiao was increasingly eager to make Xing Xing reach her orgasm as quickly as possible because Tang Yin's strong sucking on his dick made him horny, and he was impatient to fuck one of them.

Tang Yin, who felt Tang Xiao's dick start to throb, accelerated the pace of her head. Moreover, she was also on the verge of her orgasm, so she also moved her fingers inside her pussy faster.

"Mhn~ Husband, I'm cumming!" Not only Xing Xing, but also Tang Xiao and Tang Yin reached their orgasms at the same time as her, and they writhed violently because of it. "Ahh!"

Unlike Xing Xing, Tang Yin greedily swallowed Tang Xiao's sticky white liquid, which flowed down her throat continuously. 'Mhn~ I can never stop myself from swallowing his cum.'

Once their orgasm was over, Tang Yin released their husband's dick from her mouth and joined them on the bed. However, Tang Xiao pulled her onto his side and positioned Xing Xing on top of her, which made both of them feel embarrassed in that position. He then moved between their legs and placed his dick between their pussies.

"Ahh~ Husband! I'm embarrassed in a position like this."

"Ahh~ Me too, Xiao'er."

"Haha." Tang Xiao laughed at them. "It's okay, you don't need to be embarrassed, and I can satisfy both of you at once in this position."

"Ahh~ Bad husband, you won't listen to us!"

"Ahh~"

Both women started moaning as Tang Xiao rubbed his dick between their pussies, especially when he pressed Xing Xing's lower body down, making the friction between their genitals more intense, and they hugged each other while enjoying the pleasure that quickly filled their bodies.

Listening to each other's moans in their ears, Tang Yin and Xing Xing became even hornier. Tang Xiao activated the pleasure touch, which immediately ignited their lust.

"Ahh~ Husband! You satisfied me earlier, so you have to satisfy Big Sis Yin now." Suddenly, Tang Xiao slapped Xing Xing's buttocks lightly, causing her body to jolt. "Hyan! Why did you slap my butt?"

"Haha." Instead, Tang Xiao laughed, increased the speed of his thrusts, and heightened the intensity of his pleasure touch, plunging both of his wives into immense sexual pleasure. "Did you guys enjoy it?"

As she kept moaning in delight, Tang Yin lodged a protest against their husband. "Mhn~ You're cheating, Xiao'er! I'll orgasm again if you level up that technique."

"Ugh! This pleasure is too intense! I will also orgasm again if you continue using your technique!" Xing Xing felt overwhelmed by the effects of Tang Xiao's technique, and her

body kept moving back and forth. Her breasts rubbed against Tang Yin's breasts, which made them feel as if they were floating into a paradise of pleasure.

Tang Xiao placed his arms in Xing Xing's armpits and pulled her toward him with her back facing him; he kissed her from behind before she had time to protest, and his hands squeezed both of her breasts at once.

'Ugh! He wanted to exhaust me!' Xing Xing could only grumble in her heart because Tang Xiao hugged her tighter, but she immediately returned the kiss, reaching back and hugging his neck.

Chapter 163: Two Wives II

While her eyes were closed, Tang Yin's mouth released endless loud erotic moans, and her body kept squirming on the bed. Her hands actively played with her breasts and nipples, adding to her pleasure even more. "Mhn~ Xiao'er~"

"Mhn! Bad husband! You made me orgasm too fast!" Xing Xing grunted as she squirmed hard in Tang Xiao's arms, and she reached her second orgasm before Tang Yin, so he allowed her to enjoy it first.

Tang Yin's body arched upward as Tang Xiao abruptly extracted his dick from between their pussies and inserted it into her wet pussy. Her orgasm, which was already on the verge of coming out, burst out instantly. "Ahh! Xiao'er! I want your seed to fill my womb!"

"Hehe, I like seeing you two like this." Tang Xiao said that while pushing his dick as deep as possible into Tang Yin's pussy, he pounded her pussy while forcing his cum out to fulfill her wish. "Accept my seeds, Yin'er."

"Mhn~ your cum is so warm and plentiful, Xiao'er." Tang Yin spoke with a satisfied smile on her lovely face. She was eager to get pregnant with Tang Xiao's child, but she was aware that he was not ready.

"Rest first, Xing'er." After he laid Xing Xing on the bed, Tang Xiao leaned forward and hugged Tang Yin. "Are you ready for round three, Yin'er?"

Tang Yin responded with a smile. "Even though I have experienced two orgasms, my body is much stronger now. Therefore, we must continue, or else Xing'er will lose patience waiting for you to duck her."

"Big Sis!" Xing Xing shouted at Tang Yin, but she did not deny her desire for their husband's dick to penetrate her pussy.

"Wait a minute." Tang Yin turned around before crawling on all fours. "I like it so much when you fuck me in doggy style because your dick keeps poking my deepest parts."

"Yin'er, you're getting more and more perverted, but I like it." Tang Xiao started to fuck Tang Yin, who enjoyed every deep thrust of his dick, and her loud moans continued to fill the room.

"Ahh! I'm cumming again, Xiao'er!" Tang Yin, who had previously orgasmed twice, was unable to last long under Tang Xiao's onslaught. She finally reached her third orgasm because he was too wild, but she thoroughly enjoyed every deep thrust of his dick, especially when his hot and sticky cum flowed profusely to fill her womb. "Mhn~ Xiao'er, I think it's time for you to be more active with Aunt Qingge because you've grown stronger; otherwise, Xing'er and I will be even more overwhelmed to serve you."

"I agree with Big Sis Yin, husband." Xing Xing also voiced her opinion, primarily due to the fact that Tang Xiao's sexual prowess grew with each increase in his cultivation. Therefore, they needed another woman to help them, and their choice was Mu Qingge because she had agreed to accept him as her future husband.

Tang Xiao himself was eager to have Mu Qingge as his third wife, so he agreed to their request. "All right, I will be more active in approaching her, and I hope I can conquer her heart as soon as possible."

Both women smiled in satisfaction with Tang Xiao's answer, and Tang Yin immediately shifted to her side, causing his dick to slip out of her pussy.

Xing Xing immediately grabbed Tang Xiao's dick and licked the remains of their mixed pleasure liquid. Once his dick was clean, she rode it before inserting it into her pussy. "Ugh! Husband! You just orgasmed, but your dick is still so hard!"

"Don't you and Ying'er like my big dick, Xing'er?" Tang Xiao inquired while gently massaging Xing Xing's breasts, but he remained motionless, allowing his second wife to take control.

"Mhn~ Having sex with you is truly addictive because your dick is too big and hard, so we really like it." Thereafter, Xing Xing quickly moved her body up and down, and she pressed both of Tang Xiao's hands against her chest, asking him to stimulate her breasts and nipples more roughly. "Mhn~ Your dick fills my pussy and rubs my clitoris, husband."

Every time they had sex, Tang Xiao was amazed by Xing Xing's character, considering how different it was from her shy persona in daily life. Even so, he really liked her current character, which made their lovemaking session even hotter.

Tang Xiao then sat on the bed and hugged her waist, and Xing Xing immediately hugged him like an octopus while taking the initiative to kiss him. Quickly, both of them fell into sexual pleasure, and their sex session slowly became more heated.

Tang Yin, who was beside them, smiled at seeing them so hot. 'Xiao Ai, what about our company's advertising? Is the editing process finished?'

[The editing is finished, and I'm sure Fu Chen's appearance in the advertisement will attract many customers, Mistress. By the way, my master asked me to make a move on Zhao Teng a few days ago, and I've already started executing his order. Once his company's shares plummet, I'll buy 51% of it using the Tianmei name.]

Tang Yin nodded in understanding. 'Zhao Teng never changes, so we have to teach him a harsh lesson. When our late father was still poor, he acted so arrogantly, and he continued to look down on him. In addition, he persistently tried to prevent our late mother from marrying him, but she fell deeply in love with him, leading her to defy the old man's wishes and leave Zhao House.'

[Haha! That old man will definitely come to you soon, Mistress.]

'Yeah.' Tang Yin fell silent for a while before speaking again. 'Since Xiao'er is targeting Lin Yanxiu, I will help him get that woman, and we will make that old man beg us like he did to our late father in the past.'

[Don't worry, Mistress. I'm sure that Zhao Teng will beg you guys, and you can humiliate him to your heart's content.]

Tang Yin smirked slightly. 'Then, what about Grandpa Wei? When did you arrange his meeting with Xiao'er?'

[Zhao Wei is still busy abroad, and he will return to our country at the same time as Ouyang Hong in a week, so my master will meet him then.]

'I see.' Tang Yin nodded in understanding. 'It's okay; I'm sure that Grandpa Wei will be thrilled to meet Xiao'er, especially since he always loved our late mother like his own daughter. However, he couldn't do anything to help us because of Zhao Teng, but the situation is different now, and I'm sure that he will side with us later.'

Tang Yin subsequently decided to join them, as Xing Xing's moans aroused her lust once more. She moved behind Tang Xiao, stimulated him from behind, and rubbed her breasts against his back.

In the end, Tang Xiao had sex with Tang Yin and Xing Xing until both women fell asleep, exhausted. However, he still wasn't satisfied, and his penis remained erect despite multiple orgasms. He asked Jessica and Yu Xiaoling to go to Zhao Yuxian's room, where he had sex with all three women until his lust was fully satisfied.

Even though he had sex with five women, Tang Xiao didn't feel tired or sleepy. He checked the others, but he couldn't find Tang Huang, Tantai Lingyan, or Mu Lin inside. He found Mu Qingge and Mu Yan seriously cultivating in their room, so he didn't disturb them and went to the training ground to train.

.

.

.

In the morning, Ouyang Qing returned to Ouyang House and had breakfast with her family, but she was confused by Ouyang Ming, who repeatedly glanced at Su Rou.

'Is my brother interested in Su Rou now? Why does he keep glancing at her?' Ouyang Qing immediately ignored Ouyang Ming and looked at Yi An, who seemed more cheerful than usual. "Did something good happen yesterday, Mom? Why are you so cheerful this morning?"

"Nothing happened," Yi An calmly answered her daughter. "Your father has been away for too long taking care of his business overseas, but he will be back in a week, and I'm happy about that."

"Oh." Ouyang Qing didn't suspect her mother at all, as she was unaware of the details of her parents' relationship, which Yi An had kept hidden. "I miss my father too, because he's been gone for so long."

"Yeah." Yi An then asked her. "What were you doing at Lin Yan's house last night? Was her husband away?"

"Her husband went to another city yesterday, so Lin Yan asked me to accompany her, and we just discussed some things." Ouyang Qing wanted to ask Yi An something, especially about Wen Tian. However, she suddenly remembered Tang Xiao's words from a few days ago, and she immediately swallowed back her question. "Are you going to have a business meeting with those people until late today, mom?"

"Yes." Yi An then spoke to her. "If you need Feng Xiao, I will ask him to return home after he drives me and Su Rou to the meeting place."

Ouyang Qing smiled slightly. "I think I'll go with you two, and I'll have Feng Xiao take me somewhere else after that."

"Alright."

.

Some time later, Tang Xiao had dropped Yi An and Su Rou off at the meeting place, and he immediately took Ouyang Qing to another place.

Tang Xiao and Ouyang Qing not only spent time relaxing together, but they also did intimate things in the car, which made her fall even more for him.

Chapter 164: Meng Wuya's Trouble

At the Meng House, Meng Huo looked confused when he opened his eyes. He remembered locking himself up in his room yesterday, but he was already in another room when he woke up.

"Ugh!" Meng Huo looked down and found Yao Wenhua giving him a titjob and a blowjob. He looked at her affectionately, which was due to the effects of the Love Sickness Potion that Tang Xiao had used on them.

Yao Wenhua was startled when Meng Huo caressed her head, and she looked at him. "You finally woke up, Huo'er."

"You are so naughty, Wenhua." Meng Huo pulled Yao Wenhua on top of him. "Are you lonely because the old man didn't come back last night?"

"I don't want to talk about him; instead, I want to have fun with you." Yao Wenhua grabbed his dick and rubbed it against her pussy. "At dawn, when I woke up, you were sleeping next to me. I tried to wake you up, but you wouldn't wake up, so I enjoyed myself while you were sleeping."

Meng Huo smiled at that and pinned her under him. "Has the old man told you where he is now?"

"Something happened at the company, so he rushed there to take care of it." Meng Huo raised an eyebrow for a moment, but he moaned when Yao Wenhua's pussy devoured his dick. "Mhmm... I like your dick better than the old man's."

"Then—"

Crack

Both Meng Huo and Yao Wenhua were shocked as soon as someone opened the bedroom door, and they saw Yao Yao standing there with an expression full of shock as

her body trembled, especially after seeing them in that position with their genitals connected to each other. "Yao'er, this—"

Yao Yao was truly disappointed to see them like that, but she didn't say anything, and she hurriedly ran away, leaving the Meng House.

"What should we do now, Huo'er?"

Meng Huo shook his head at Yao Wenhua. "You don't have to think about her, and we can start having fun now."

"Alright! Let's have fun before the old man comes back."

.

.

.

Sometime later, Yao Yao arrived at Tianmei and went to the third floor, where Tang Yin, Xing Xing, and Zhao Qing were discussing their product advertisements.

"What happened to you, Yao'er? Why do you look like you've seen a ghost?" Zhao Qing asked her.

"I saw something I shouldn't have, Aunt Qing." Xing Xing and Zhao Ying were confused by Yao Yao's answer, but not Tang Yin, who already knew the situation at the Meng House. She immediately sat in front of them, covered her face with her hands, and explained to them.

Both Xing Xing and Zhao Qing were shocked to hear Yao Yao's explanation, and they looked at Tang Yin, who confirmed it with a faint smile on her face.

Via a voice transmission, Tang Yin explained to them about Tang Xiao's plans for the Meng Family. 'Meng Wuya doesn't have anything now because Xiao Ai has transferred all his wealth to Feng Xiao's account, and she has also sent all the evidence of his affair with Rong Xiaolan to that woman's husband. Additionally, she published several sex videos of Yao Wenhua and Meng Huo to several sites, so I'm sure many people have watched them by now.'

'Did Xiao Ai do anything else to them, Big Sis Yin?'

Tang Yin smiled at Xing Xing before taking out her smartphone and opening a website that was livestreaming Yao Wenhua and Meng Huo's activities at the Meng House.

Xing Xing and Zhao Ying only glanced at the livestream and looked away again, but they felt that Tang Xiao and Xiao Ai were truly crazy for doing that.

After she turned it off and put her smartphone away, Tang Yin immediately spoke to Yao Yao. "How about you stay with me at my house, Yao'er?"

"Eh?" Yao Yao looked at Tang Yin with surprise. "Is it okay if I stay with you, Big Sis Yin?"

Tang Yin nodded at her. "You were alone in the Yao House, and you couldn't have gone to the Meng House after witnessing that. Therefore, I invited you to live with me so you wouldn't feel lonely. Moreover, Aunt Yuan mostly stayed in her apartment, and there were only the Ran Twins with me, so your presence there would make the atmosphere more lively."

"Alright, I'll stay with you at your house, Big Sis Yin." Yao Yao unhesitatingly accepted Tang Yin's offer because she was lonely at the Yao House.

Xing Xing smiled happily at Yao Yao's decision, but Zhao Qing shook her head, as she could guess Tang Yin's plan for her.

Thereafter, they got the right work, and many customers began visiting their retail store. Some orders also began appearing on their online store, especially after they advertised their products.

.

.

.

"What happened to you? Why do you look so anxious?" Lin Yanxiu hugged Zhao Teng, who was staring intently at the monitor screen, from behind.

Zhao Teng let out a soft sigh. "There's some problem at the base, and I haven't found the cause yet. Additionally, my company's stock price has been dropping steadily for the past five days, and I've tried several ways to raise it again, but to no avail."

"Hmm?" Lin Yanxiu was not interested in Zhao Teng's affairs at the base, but she was confused by the decline in his company's stock price. "Did you make a decision that caused the value of your company's shares to fall?"

"No." Zhao Teng shook his head at her. "I haven't made any new decisions recently, so I'm confused about why the company's share price continues to fall, and the decline is huge. If their prices continue to fall like this, I'm afraid I'll go bankrupt, so I'm going to go see some friends and ask them for help."

"Alright, you can go now, and I'll go out to buy some of my personal necessities." After that, the two of them immediately left the Zhao House.

.
. .
.

In his company, Meng Wuya was frustrated by the disappearance of all his wealth, just like what happened to Ran Linfeng some time ago. He was busy calling the bank and several others to resolve the matter, but none of them could help him in a short time, and they asked him to be patient while they tried to track everything down.

****Bam****

Meng Wuya threw several items on his desk to the floor in frustration, but he suddenly received a text message filled with threats. The message also included several pictures of him and Rong Xiaolan, which made his face turn deathly pale.

"Fuck! Where did he get these pictures? Who sent them to him? Shit! I have to escape from this city quickly, or he will kill me!" After that, Meng Wuya hurriedly left his company without caring about the situation, and he did not contact Rong Xiaolan either.

.
. .
.

As per Tang Xiao's orders, Xiao Ai arranged several things that caused Meng Wuya's company's stock price to plummet in a short time, and she bought them using Tianmei's name after the price hit its lowest point.

After settling all the issues, Xiao Ai briefed Tang Xiao on their plans against the Meng Family. He ordered her to monitor Meng Wuya's movements, and he also ordered her to monitor Rong Xiaolan's safety.

After all, Rong Xiaolan had no problem with Tang Xiao, and he deliberately used her to bring down Meng Wuya, so he didn't want her to get hurt because of him.

.

Time passed quickly, and it was already 6 p.m.

After she finished her meeting with her business partners, Yi An asked Su Rou to return to the Ouyang House first. She didn't contact Tang Xiao because he was still accompanying her daughter, and she went to Tianmei alone by taxi.

When Yi An arrived there, Yu Xiaoling, who managed Tianmei's retail shop, immediately recognized her.

However, Yi An couldn't recognize Yu Xiaoling because Xiao Ai had altered her appearance, and she now had a new identity since she was considered dead in the eyes of the public. "Can I meet Xing Xing?"

Yu Xiaoling nodded to Yi An and contacted Xing Xing directly before informing her. "She's taking care of some work, so you can wait for her for a while, madam."

"I'm not in a hurry." Yi An then asked her. "Can you recommend your products to me?"

"Please follow me, madam."

After Yu Xiaoling explained all the products available, Yi An decided to buy them all. Not long after, Xing Xing arrived on the first floor, and she immediately approached her. "Aunt Yi."

"Can we talk somewhere else, Xing'er?" Yi An felt awkward because she was a married woman, and Xing Xing was Tang Xiao's wife.

Xing Xing nodded to her. "There's a nice restaurant nearby, and they have a VIP room, so we can talk there."

"Lead the way."

Yu Xiaoling watched the two leave while shaking her head. 'Yi An is Ouyang Hong's wife and Ouyang Qing's mother, so I'm sure Tang Xiao has already targeted her.'

.

.

.

Yi An and Xing Xing were sitting opposite each other in the restaurant's VIP room, and they ordered several dishes.

Yi An then spoke to Xing Xing. "Congratulations on your marriage to Feng Xiao, Xing'er. However, I'm curious why you were willing to let him find another woman."

"Thank you, Aunt Yi." Xing Xing then answered her question. "Aunt Yi, I allowed my husband to look for another woman because he overwhelmed me when we were together."

Chapter 165: Arrested

Yi An looked at her with a strange gaze, and she felt that Xing Xing was different from what she had heard about her in the past. 'Why isn't she awkward or embarrassed to talk about such things?'

"Haha." Xing Xing laughed softly. "Aunt Yi, I'm no longer the innocent girl I was in the past. The older I get, the more I understand many things, and my views on life have opened up more after we married."

"Are you a psychic?" Xing Xing responded to Yi An's question with a smile, which made her even more embarrassed. "I don't know what happened to me because I am a conservative woman, and I have always been loyal to my husband. However, I feel comfortable and safe whenever your husband is by my side. I asked him for a massage to help me understand my strange feelings, as I have been thinking about him since they appeared. Our first massage session convinced me that they were coming from him, so I asked him to massage me for the past few days."

Xing Xing nodded her head a few times. "The situation started to change two days ago when you allowed my husband to touch you further, and you two kissed for the first time."

"Yes." Yi An released a soft sigh. "I felt a strange urge when he massaged me, and I asked him to massage me like that. When he stood in front of me, I felt an irresistible temptation, and I took the initiative to kiss him."

"Did you enjoy your kiss, Aunt Yi?"

"Yes." Yi An chose to admit it. "I initially felt strange kissing a man other than my husband, but I enjoyed my kisses with your husband, as he didn't rush me and treated me with such gentleness."

Xing Xing smiled hearing that. "Last night, my husband told you about our relationship, right? I've liked him since we were in middle school, which happened after he saved me from a disaster that could ruin my life."

"What kind of disaster?"

"At that time, I was on my way home, and five high school students stopped me on the way." Yi An furrowed her brows, as she could guess the meaning behind Xing Xing's

words. "They wanted to violate me, so they pulled me into an alley and tore off my uniform. I was desperate at that point, but he suddenly appeared and beat them. I cried for so long after he saved me, and he stayed with me in silence for quite a while. After I calmed down, he took me home by carrying me on his back."

Yi An released a heavy sigh as she grabbed Xing Xing's hands, rubbing them. "I know the situation will continue to change, but people's morality is getting worse as time goes by. Luckily, your husband saved you at that time; otherwise, your life would have been ruined because of those delinquents."

'Your husband and two children are delinquents, you know?' Xing Xing laughed inwardly. "Since then, I have fallen in love with him, but he was indifferent and fell in love with another woman. I wanted to confess my feelings to him, but I didn't have the courage because I was afraid that he would reject me. Even after the woman he loved dated someone else, I never had the courage to meet him, and I only watched him from afar for several years."

Yi An nodded in understanding. "He told me that he knew about your feelings not too long ago, and he found out when you talked to someone."

"Hahaha." Xing Xing laughed at that. "To be honest, I never saw him again after we graduated from high school, and he was much different than when we last met, so I didn't recognize him when he came to Grandpa Chen's motorcycle repair shop. However, he suddenly came to me a few days after that, and we talked about many things. He asked me to be his girlfriend, and I immediately accepted him because I had been waiting for him to notice my feelings for several years. We dated not too long, and I immediately agreed when he proposed to me."

"Even though you had to wait for him for so long, your wait wasn't in vain because you're his wife now." Yi An then asked her. "Is that also one of the reasons why you're willing for him to have another woman?"

"Yes." Xing Xing gave her a light nod. "My first reason was the incident that day, and my second reason was because he was too strong. I was always overwhelmed whenever we spent time together, so I thought it would be better if he had another woman."

Yi An became awkward again after Xing Xing mentioned that, but she was also curious about Tang Xiao's strength. "How strong is he?"

Crack

Since several servants had come in to deliver the food they had ordered earlier, Xing Xing waited for them to leave before telling Yi An. "He can do it all day long."

"Huh?" Yi An was shocked by that. "Are you kidding me? How could he do it all day long? Is he on sex drugs?"

"Hahaha." Xing Xing burst out laughing after hearing that, but she couldn't blame Yi An because she didn't know they were cultivators. Furthermore, Tang Xiao was not just any cultivator; he possessed a celestial bloodline, a celestial physique, and a war god physique. Additionally, Xiao Ai has strengthened his body using super advanced technology that comes from the future. "Aunt Yi, my husband is strong by nature, so he doesn't need to use any drugs."

Yi An fell dumbstruck after hearing all that, but her cheeks flushed red as she imagined herself having sex with Tang Xiao during that time, making Xing Xing smile faintly.

"If you don't believe me, I can share our sex tape with you." Xing Xing spoke.

"No need." Yi An immediately took the cutlery. "Let's talk while eating, Xing'er."

"Alright."

.

.

.

After they ate and chatted for a while, the two women decided to leave the restaurant, and Xing Xing returned to Tianmei.

Yi An wanted to return to Ouyang House, but Ouyang Hong suddenly contacted her and asked her to go to the Meng House. She was shocked when he told her that Meng Wuya was having an affair with Rong Xiaolan, and she hurriedly looked for a taxi to go to the Meng House.

Half an hour later, Yi An arrived at the Meng House, but she was greeted by an unpleasant sight after she entered the house, as Yao Wenhua and Meng Huo were having sex in the living room.

Yi An did not stop them, and she hurriedly left the Meng House. On the way back to the Ouyang House, she informed Ouyang Hong that Meng Wuya had not returned home since yesterday, and she also informed him about the relationship between Yao Wenhua and Meng Huo, which shocked him.

When she arrived at the Ouyang House, Yi An found Tang Xiao exercising in the front garden. As she walked into the main house, she sent him a message and asked him to meet her when everyone was asleep.

Tang Xiao went back to his room after Xiao Ai told him about Yi An's message, and then he went into the ark.

Since Tang Yin didn't enter the ark because Yao Yao just moved into Tang House, Tang Xiao had fun with Xing Xing while talking about Yi An.

Yi An didn't go straight to her room, and she checked her son's condition first. Su Rou, who was in Ouyang Ming's room, immediately informed her that he was in excellent condition, which relieved her.

After that, Yi An went to her daughter's room. She found Ouyang Qing fast asleep like a baby in her bed because Tang Xiao made her orgasm a few times when they were walking around together before, so she didn't disturb her and went straight to her room.

.
. .

After their sex videos went viral, and many people watched their livestreams, the authorities moved to the Meng House. The authorities arrested both Yao Wenhua and Meng Huo on charges of committing adultery and broadcasting their sexual acts for public consumption. Given the Meng family's status, the news of their arrests caused quite a stir in the city.

Yao Wenhua contacted her lawyer to bail them out, but the man couldn't do anything because their crimes were too serious, and their country was in the midst of a crackdown on pornography.

Yao Wenhua tried to contact Meng Wuya to save them, but he turned off his number after his affair was discovered, and he was afraid that Rong Xiaolan's husband's people would hunt him down, leaving her helpless.

.
. .

At midnight, Tang Xiao went to Yi An's room as she requested, and she asked him to lie down with her. She told him about her previous conversation with Xing Xing, but she still didn't have the courage to go too far with him.

Like the previous night, Tang Xiao and Yi An satisfied each other for some time, and both reached orgasm three times.

Initially, Yi An doubted Xing Xing's claims about Tang Xiao's strength, but she eventually believed them after seeing that his dick remained perfectly erect despite ejaculating three times in her mouth.

Yi An lay beside Tang Xiao, resting her head on his chest while stroking his erect dick. "No wonder Xing'er is overwhelmed to serve you; it is still hard now."

Chapter 166: Tang Xiao - Sun Xiang

"Do you believe Xing'er now?" Yi An nodded slightly and let Tang Xiao lift her face. "Honestly, I want to give you more satisfaction, but I know you're not ready yet, so I'll wait for you to be ready."

On the one hand, Yi An wanted to experience the pleasure of having sex with Tang Xiao, but on the other, she didn't have the courage to cheat on Ouyang Hong any further.

Tang Xiao kissed Yi An and hugged her. "You're tired and have to go to a meeting this morning, so you should rest now, and I'll leave after you sleep."

"Yeah." Yi An curled up in Tang Xiao's arms. 'Sigh! Should I do it with him? What will happen to me after that? He is Xing'er's husband, and I would rather not be a thorn in the flesh in their marriage. Moreover, I'm a married woman, so we can never be together for real.'

A few minutes later, Yi An had fallen asleep, so Tang Xiao immediately left her bedroom. He could only shake his head when he found Su Rou having sex with Ouyang Ming.

[Master, the authorities arrested both Yao Wenhua and Meng Huo, so they are in prison now. As for Meng Wuya, he is hiding in Yunnan, and I have given his location to Rong Xiaolan's husband.]

Tang Xiao immediately left the main house. 'Has Rong Xiaolan's husband sent his men to hunt down Meng Wuya?'

[Rong Xiaolan's husband ordered his men to hunt down Meng Wuya right after he discovered the affair, and they are currently en route to that city. By the way, Sun Xiang wants to contact you, so you should grab your smartphone now.]

Shortly after he took out his smartphone, Tang Xiao received a call from Sun Xiang. "Why are you calling me at this hour, pretty chief?"

[Cut the crap! What did you mean by that message from a while ago?]

"Haha." Tang Xiao laughed at that. "Wasn't my message clear? Yin'er has already told me a few things, and I've also been monitoring you, so I know that you've been thinking about me ever since our first kiss."

Sun Xiang did not immediately reply to Tang Xiao, but he could hear her cursing him.
[Can you leave Ouyang House now?]

"Are you that eager to kiss me again?"

[Stop your nonsense! I-]

"Where do you want to meet me?" Sun Xiang immediately told Tang Xiao about a place.
"I'll wait for you there."

.
. .
.

With his void dragon steps, Tang Xiao arrived at that location faster than Sun Xiang, so he waited for her there.

Ten minutes later, Sun Xiang arrived at the place, but he couldn't find Tang Xiao anywhere. She wanted to contact him, but he suddenly appeared in front of her and kissed her directly.

'Tch! This bastard is so shameless! He stole my first kiss, and he kissed me forcefully now!' Sun Xiang used some of her strength and pushed Tang Xiao back, causing him to take a step back. "You—"

"Your lips taste sweet." Tang Xiao spoke, licking his lips, making Sun Xiang frustrated.
"So, why do you want to meet me at this hour?"

Sun Xiang wiped her lips before asking him. "Were you the one who did that to Yao Wenhua and Meng Huo?"

"Yeah." Tang Xiao openly admitted it. "Additionally, I revealed Meng Wuya's affair with Rong Xiaolan, and her husband's men were already on their way to Yunnan to hunt him down."

Sun Xiang massaged her forehead after hearing that. "What exactly did you do to Yao Wenhua and Meng Huo? Why did they suddenly have such a relationship?"

"This." Tang Xiao showed Sun Xiang a bottle. "This Love Sickness Potion is extremely potent; anyone who drinks it will fall in love with the first person they see."

"Hmm?" Sun Xiang frowned as she stepped back, afraid that Tang Xiao would force her to drink the potion.

"Hahaha." Tang Xiao laughed at her reaction. "Hey! I'm not that kind of person, okay? I'm handsome, suave, and kind-hearted, so I don't need this potion to get a woman."

Black lines instantly appeared on Sun Xiang's forehead. "Kind-hearted, your ass! If you were a kind-hearted man, you wouldn't do all that to those people!"

"Well?" Tang Xiao shrugged and kept the bottle. "They are my enemies, remember? In my life, I will treat anyone well as long as they are good to me, but I will become a demon for those who dare to hurt my family. They killed my father, treated my mother inhumanely, and destroyed our happy family. Therefore, I will never have mercy on them, and I will send them all to reunite in hell. The Meng Family is already destroyed, and the three of them will die soon."

Sun Xiang released a heavy sigh. "Which family is your next target? The Yang Family of the Shen Family?"

"I have started my plan against Yang Kang and his Yang Family." Sun Xiang looked at Tang Xiao in shock, as his actions were simply too swift and neat. "After I destroy the Yang and Shen Families, I will stop dealing with ordinary human matters, and I will go to Earth-II to begin my journey as a true cultivator. As for you, you should stop bothering about my problems with them, and you should think more about yourself because Xiao Meng and her Xiao Clan have ulterior motives towards you and your Sun Clan."

Sun Xiang released a heavy sigh after Tang Xiao mentioned the matter, and she felt a dilemma about it because Xiao Meng was her childhood friend. "I found it difficult to believe Aunt Qingge and Yin'er's revelation at first, so I returned to Earth-II a few days ago. I've asked my grandfather and mother about everything, and they finally revealed it to me. Unfortunately, they don't have any solid evidence of the Xiao Clan's hidden motives, so they can't do anything about them yet."

"I see." Tang Xiao then questioned Sun Xiang. "Did your grandfather send his spies into the Xiao Clan? If he only investigated the clan from the outside, he would never have found any evidence. If he wanted to find valid evidence of their malicious intentions, then he had to investigate them from within. The easiest way to do that was to send spies there, like what I did at the Ouyang House."

"My grandfather sent his spies into the Xiao Clan a long time ago, but they were cautious and neat, and that person still hasn't managed to find any evidence." Sun Xiang then warned Tang Xiao. "I can't guess their plans for you, but I think Xiao Luo should have already learned about you from Xiao Hua. If the recording of her conversation with Xiao Meng is true, I think they might make a move against you soon. So far, your opponents are ordinary humans who cannot harm you, but the Xiao Clan is

different from them. They are cultivators like us, and that old man's strength is almost on par with my grandfather, so you have to be careful of them."

Tang Xiao smiled and moved quickly to hug Sun Xiang's waist. "Are you worried about me, pretty chief? I—"

"Shut up!" Sun Xiang fiercely shouted at Tang Xiao before pushing him back. "I'm warning you because our grandfathers are like brothers, and you are my junior in martial arts. If something happens to you, your grandfather, Sister Lingyan, and Tang Yin will be sad!"

"Hehe! Just admit that you're starting to like me." Sun Xiang glared at Tang Xiao as if she wanted to swallow him alive. "I did not take your warning lightly, and I fully understand that I am not the Xiao Clan's opponent. I am not interested in finding trouble with anyone, but I will face anyone who comes to harm me and my family. If the Xiao Clan truly wants to kill me, my first target will be Xiao Meng. I know she's your childhood friend, but you already know that her nature isn't as kind as you've always thought, so I hope you won't stop me when I make a move on her."

After saying that, Tang Xiao once again moved in front of Sun Xiang, and he kissed her before disappearing from her sight.

"Tch! That scoundrel! He keeps kissing me without my permission!" Sun Xiang rubbed her lips and thought about Tang Xiao's words just now. "Is he really going to make a move on Xiao Meng? What should I do if that happens?"

Sun Xiang let out a soft sigh and hurriedly left the place, but Tang Xiao's previous words kept ringing in her mind, making her restless in her heart.

.
. .
.

After he returned to his room in the Ouyang House, Tang Xiao immediately went into the ark again, where he had fun with Jessica, Yu Xiaoling, and Zhao Yuxian because he couldn't wait to break through to the middle stage of the Xiantian Level.

After Tang Xiao had fun with them, Xiao Ai went straight to him and gave Tantai Lingyan's Yin Qi to him. "When did my master ask you to extract her Yin Qi?"

"Three days ago, Master." Xiao Ai's answer made Tang Xiao raise an eyebrow. "At first, I wanted to give it to you after you broke through to the King Realm, but I changed my mind after your conversation with Sun Xiang just now. If you use her Yin Qi, I'm sure you will break through to the middle rank right away."

Chapter 167: Middle Rank Xiantian Level

"Will my cultivation really break through straight away, Xiao Ai?"

Xiao Ai immediately displayed Tang Xiao's status. "You broke through to the Xiantian level eight days ago, and for the past few days, you've been dual cultivating with my mistress and the others. Moreover, your body has been absorbing qi for the past few days, including while you slept. Currently, you only need 4,000 qi to break through, and Tantai Lingyan's Yin Qi is much stronger than theirs, so I'm sure your cultivation will break through straight away."

"Alright." Tang Xiao took a bottle of Tantai Lingyan's Yin Qi and drank it at once. In a few seconds, he felt a surge of Qi in his body, and the qi in his body churned rapidly. He closed his eyes and controlled his qi, which began to increase. 'My master's Yin Qi is truly powerful! If I continue to use her Yin Qi, my cultivation will break through to the King Level much sooner than I expected. Unfortunately, I can't do that because my cultivation becomes increasingly difficult to stabilize with each breakthrough, so I have to rest for a few days before using her Yin Qi again; otherwise, my cultivation foundation will be messed up.'

With her main chip embedded in Tang Xiao's brain, Xiao Ai was able to read his mind, and she smiled with satisfaction when she heard that. 'I have to extract more of Tantai Lingyan's Yin Qi for my master, so he will reach the Emperor Level in no time. With his celestial bloodline, celestial physique, and war god physique, I'm sure he can fight against Long Yin before he reaches the Tyrant Level.'

Sensing the change in Tang Xiao's room, Mu Qingge went inside to check, and she was surprised at the moment she found him in the process of his breakthrough. She looked at the bottle on his side before asking Xiao Ai. 'Did you give Sister Lingyan's Yin Qi to him?'

'Yes.' Xiao Ai nodded at her. 'The only thing that can speed up my master's cultivation is Tantai Lingyan's Yin Qi, and she asked me to extract it a few days ago.'

'Why don't you wait for Tang Xiao to break through to the King Level first?' Mu Qingge asked while paying attention to his expression.

Xiao Ai let out a soft sigh and explained to Mu Qingge the details of Tang Xiao and Sun Xiang's previous conversation.

Mu Qingge wasn't surprised to hear Xiao Ai's explanation, and she had already guessed that the Xiao Clan would eventually make a move against Tang Xiao. 'Xiao Ai, he should be able to pass the breakthrough on his own, so we have to go to the laboratory, and I want you to extract my yin qi for him.'

'Are you sure about that?' Xiao Ai asked her with a smile.

'Yes.' Mu Qingge nodded slightly. 'Even though I still don't have feelings for him, I have decided to accept him as my husband. We haven't started dual cultivating yet, but we will eventually do so in the future. Moreover, you can't continue to extract Sister Lingyan's yin qi in large quantities, so I think it's fine if she starts cultivating using my yin qi too. The sooner she becomes stronger, the better, and he'll be ready to face the situation on Earth II.'

'My master has sent his clone to Earth-II, where he has been honing his fire element control at the Phoenix Volcano.' The two immediately left Tang Xiao's bedroom for the laboratory, where Xiao Ai extracted a lot of Mu Qingge's Yin Qi.

After they finished, Xiao Ai returned to Tang Xiao's bedroom to monitor his breakthrough, and Mu Qingge returned to her daughter's room to rest, especially after Xiao Ai extracted a lot of her Yin Qi.

Three hours later, Tang Xiao finally completed his breakthrough and opened his eyes directly. He clenched his fists and smiled in satisfaction after his breakthrough, and he could feel that his body had become stronger again.

"Master, you only need 12,000 qi to break through to the upper rank, but you have to stabilize your cultivation for a few days first before you break through to that stage." Xiao Ai then handed Tang Xiao a few bottles of Mu Qingge's Yin Qi while explaining to him. "You've been too focused on getting Yi An and Ouyang Qing to fall for you, and you're already halfway there. Therefore, I think it's time you started focusing on her, and everything will be great if you manage to get her as your third wife sooner."

"Yeah." Tang Xiao immediately got out of bed and got dressed. "I'm going to see Qingge now."

.

.

.

When he entered their room, Tang Xiao saw Mu Qingge sleeping on her bed, while Mu Yan was still focused on her cultivation beside her.

Mu Qingge opened her eyes as soon as Tang Xiao sat beside him. "What are you doing here?"

"I came to see you." Tang Xiao grabbed Mu Qingge's hand. "Qingge, it's been some time since you decided to accept me, but I've been too busy with my affairs and have

barely been able to accompany you. Therefore, I want to take you for a walk so we can get to know each other better, and I hope you won't refuse my invitation."

Mu Qingge nodded to Tang Xiao. "I'll accompany you for a walk, but we have to bring Yan'er with us, okay?"

"Sure." Tang Xiao accepted Mu Qingge's request because he himself liked Mu Yan, regardless of whether Zhao Jing's soul was in her soul space or not. "After I drop off Yi An at the meeting place, I will pick you both up, and the three of us will go for a walk."

"What about Ouyang Qing? Won't she follow you as usual?"

Tang Xiao shook his head at her. "You don't need to think about Ouyang Qing; I'll arrange for her not to come with me."

"Alright."

Thereafter, Mu Qingge continued sleeping, and Tang Xiao returned to Ouyang Mansion.

.
. .
.

In the morning, Tang Xiao took Yi An and Su Rou to a meeting as usual. Before that, he asked Ouyang Qing not to go with them because he wanted to spend time with Mu Qingge and Mu Yan, and he promised her that he would accompany her at night until she was satisfied.

Ouyang Qing herself had an appointment with Lin Yan and the others, so she agreed with Tang Xiao, and they went their separate ways.

After he dropped Yi An and Su Rou off at the meeting place, Tang Xiao took Mu Qingge and Mu Yan out of the ark for a walk.

However, Mu Yan asked Tang Xiao to take them to the amusement park because her grandfather and mother had never taken her there, as they were never interested in ordinary humans' lifestyles, and they were only interested in cultivation.

Mu Qingge felt helpless with her daughter's wishes, but she didn't stop Mu Yan like she usually did. Since they lived with Tang Xiao, her daughter had changed a lot and focused on her cultivation, and she became even more focused after they met Zhao Jing's soul.

Tang Xiao himself had heard a lot about Mu Yan's life before they met, so he didn't mind her request, and he immediately took them to the amusement park.

Upon arrival, Tang Xiao took the two women to try out the various rides available, but Mu Yan enjoyed them the most.

Although Mu Qingge wasn't familiar with all the rides, she still accompanied her daughter to try them while chatting with Tang Xiao, mostly about their respective lives so they could get to know each other better.

After Mu Yan had enough fun at the amusement park, Tang Xiao took them to the coldest city in their country, especially since they were ice cultivators.

Unlike at the amusement park, Mu Qingge thoroughly enjoyed herself in the city, and her smile continued to bloom as she played in the snow with her daughter. She didn't look like the serious, mature woman she usually was, and she looked more like a little girl when she was like that.

Tang Xiao smiled after learning that Mu Qingge had such a side, and he joined the two women to have fun with them.

They spent time together in the city until Su Rou called him and informed him that Yi An's meeting would be over soon, so she asked him to get ready to pick them up.

"Mom." Mu Qingge turned to Mu Yan, who immediately stood on tiptoes and whispered in her ear. 'I want to see you kiss Big Brother.'

Mu Qingge's white face turned red after hearing that, and she was confused about whether to accept or reject Mu Yan's request.

With his sharp hearing, Tang Xiao could hear that, and he pulled Mu Qingge into his embrace directly while looking at her eyes. "Qingge."

Mu Qingge felt embarrassed and uncomfortable being in Tang Xiao's arms, especially with Mu Yan by their side, waiting for them to kiss. She sighed inwardly, put her arms around his neck, and took the initiative to kiss him while closing her eyes.

Tang Xiao gladly returned Mu Qingge's kiss, leading her to kiss him slowly and gently. He wanted to kiss her more passionately, but he would rather not make her uncomfortable, so he didn't.

Watching them share such a kiss made Mu Yan smile widely, but she blushed as she imagined Tang Xiao kissing her.

Chapter 168: Killing Meng Wuya

Mu Yan and Mu Qingge were on their way back to their room in the living area. "How did kissing Big Brother feel, Mom? Did it feel good?"

"Sigh." Mu Qingge let out a soft sigh as she embraced her daughter. "I can't explain it in words, but I enjoyed our kiss."

"In that case, you have to make up your mind and marry Big Brother as soon as possible, Mom."

Mu Qingge looked at her daughter with an unusual gaze, as she already knew that Mu Yan was affected by Zhao Jing's spirit, and she kept urging her to marry Tang Xiao because of it. "Yan'er, please understand my feelings, as I'm not yet mentally and emotionally prepared for marriage."

"I know, Mom." Even so, Mu Yan looked disappointed as she eagerly anticipated Mu Qingge marrying Tang Xiao. "I will focus on my cultivation again because the barrier to the Xiantian Realm is right before my eyes, and I will be able to break through to that stage in a few days."

"Alright." Mu Qingge was truly satisfied whenever her daughter wanted to focus on her cultivation.

.
. .

After he dropped Yi An and Su Rou in front of the main building, Tang Xiao immediately parked the car and returned to his room. 'What about Meng Wuya, Xiao Ai?'

[Master, Rong Xiaolan's husband's subordinates have captured him, but he forbade them to do anything to Meng Wuya, and he ordered them to wait for his return because he wanted to beat him up himself.]

'Show me their location.' Xiao Ai immediately displayed it on the blue screen for Tang Xiao. 'They've brought him back to this town, huh?'

[Do you want to kill Weng Wuya yourself, Master?]

'The sooner he dies, the better, but I won't do it myself.' Tang Xiao took his smartphone first, reading messages from Yi An and Ouyang Qing. 'Do you know Yao Wenhua and Meng Huo's punishment?'

[Master, Yao Wenhua and Meng Huo will most likely be sentenced to death, as your country is still aggressively fighting pornography. After all, their relationship is taboo for the public, and too many people witness their sexual activities through the livestreams.]

After hearing that, Tang Xiao immediately used his void dragon steps to go to the prison. However, he couldn't find Meng Huo in his room, and Xiao Ai informed him that he was chatting with Yang Ziyue in the guest room.

Tang Xiao immediately infiltrated the room, but he did not come out of the void; instead, he watched them fight from the inside.

.
. .
. . .

Slap

Full of anger, Yang Ziyue slapped Meng Huo repeatedly until his cheeks were red. She was furious after she found out about his relationship with Yao Wenhua, and they spread their sex videos, including through livestreams.

Meng Huo never once stopped Yang Ziyue or protested to her, especially after he witnessed everything with his own eyes. Moreover, he and Yao Wenhua were threatened with the death penalty for their immoral actions, which made him hopeless.

"I think that's enough, Ziyue," a middle-aged woman, who was none other than Yang Ziyue's mother, stopped her. "Everything has happened; there's no point in being angry like this. I know you love him, but you two are not meant to be together, so you should forget about him."

"Aunt Shen Qingxue, please—"

Shen Qingxue shook her head. "You two have already made too big a mistake, Huo'er. Even Ouyang Hong couldn't save you or Yao Wenhua, so I can't save you either. Since things have come to this, you two must bear the consequences on your own."

After saying that, Shen Qingxue immediately pulled her daughter out of the room, but Yang Ziyue chose to go somewhere else, and Tang Xiao asked Xiao Ai to monitor her movements directly.

After a prison officer sent Meng Huo back to his room, Tang Xiao rushed back there. After Xiao Ai hijacked the CCTV cameras, Tang Xiao knocked both Meng Huo and Yao Wenhua unconscious before taking them to Meng Wuya's location.

Upon arriving at the place, Tang Xiao swiftly knocked the people guarding Meng Wuya unconscious, shocking him.

Meng Wuya was even more shocked when Tang Xiao appeared before him, resembling his father and bringing Yao Wenhua and Meng Huo out of the void. "Tang... Tang Ye! How... how can you still be alive?"

"Hahaha." Tang Xiao laughed at that. "Are you confused about your situation, Meng Wuya? Are you confused about how Rong Xiaolan's husband found out about your affair with her? Are you confused about your family's situation?"

"You... you did all this to us."

Tang Xiao approached Meng Wuya and strangled his neck. "I was always kind to all of you in the past, but you guys were too greedy. You killed me and did inhumane things to my wife, so I came back from hell to settle accounts with you and the others, and you have to bear the consequences of our suffering. You won't be lonely in hell, as Ran Linfeng, Yao Wei, and Xiang Ning are already waiting for you there."

"You—Gah!" Tang Xiao punched Meng Wuya's face, causing him to vomit a lot of blood.

"I wanted to kill you myself, but I have a much better idea for you." Tang Xiao then approached Yao Wenhua and Meng Huo. He forced them to swallow the pills he had prepared for them long ago, placed knives in both of their hands, and woke them up.

As soon as Yao Wenhua and Meng Huo woke up, their eyes turned red as if they were full of anger. They gripped the knives tightly in their hands, looking at Meng Wuya with expressions filled with anger.

Tang Xiao stood at a distance and watched them with a faint evil smirk. 'Heh! Death at the hands of your wife and son is the most perfect revenge against you.'

"Wenhua! Huo'er! Wake up! You guys were influenced by that bastard Tang Ye!" Meng Wuya shouted loudly as the two approached them, especially when they pointed the knives in their hands at him. "Stop! Don't come any closer!"

Yao Wenhua and Meng Huo didn't listen to Meng Wuya, and they repeatedly stabbed him with their knives, causing his blood to flow profusely and soak the floor beneath him.

A few minutes later, Meng Wuya was dead at the hands of his wife and son. Tang Xiao left him there and sent Yao Wenhua and Meng Huo back to their respective cells in the prison.

From the start, Tang Xiao had no intention of killing Yao Wenhua and Meng Huo; instead, he wanted them to enjoy their lives in prison first before the government sentenced them to death.

. .
.

Since he still had spare time before midnight, Tang Xiao didn't immediately return to the Ouyang House. Instead, he went to look for Yang Ziyue, as his next target was the Yang family.

Xiao Ai informed Tang Xiao that Yang Ziyue went to the nightclub by herself, so he used another disguise and rushed there to meet her.

Upon his arrival, Tang Xiao found Yang Ziyue already drinking the liquor at the bartender's table. He immediately approached her, sat down beside her, and ordered a liquor for himself.

After receiving his drink, Tang Xiao downed it in one go before ordering another, piquing Yang Ziyue's curiosity before looking at him. His handsome face and calm aura fascinated her. "Are you having a problem?"

"You're the same as me, right?" Tang Xiao turned the question around.

"Yes." Yang Ziyue drank the liquor in her glass. "My fiancé cheated on me with his mother."

"Oh?" Tang Xiao pretended to be surprised. "How could he possibly have such a relationship with his mother?"

Yang Ziyue shook her head at Tang Xiao. "I don't know how their relationship happened, and I only found out about it in the news on TV after the police arrested them. They are truly disgusting, and they deserve to die in prison. What about you? What problem are you facing?"

"Our situations are not that different, Miss."

"Yang Ziyue, so don't call me miss."

"Ling Xiao."

"I see." Yang Ziyue nodded slightly. "What do you mean when you say that our situations are similar?"

"My fiancée cheated on me, but she did it with our best friend." Tang Xiao downed his liquor and ordered another. "We've been together for years, and things have always been fine. At least, that's what I thought all this time, but I suddenly saw her walking with our best friend, and I caught them kissing passionately in the car."

Yang Ziyue released a heavy sigh. "Romance is always troublesome, whether for men or women."

"Yes and no." Yang Ziyue looked at Tang Xiao again. "Some people succeed in finding their happiness, but some others are unlucky in our romantic relationships, including the two of us."

"You're right." Yang Ziyue nodded in agreement. "What are your next plans? Are you considering finding another girlfriend right away?"

"Nah." Tang Xiao shook his head. "I'm tired of romantic affairs, so I want to be single for now, and I want to enjoy my free life. What are you going to do now? Do you want to get drunk here? If you get too drunk here, these lechers will definitely target you."

Yang Ziyue looked at the men who were staring at her like horny animals. "Do you want to go for a drink with me? My apartment isn't far from here, and we can buy some drinks from this nightclub to enjoy it there."

"Sure."

Chapter 169: A Week Later

"Are you used to bringing men here?"

"Hey! Why does your question sound like you think I'm a cheap woman or a slut?" Yang Ziyue threw her purse on the sofa and faced Tang Xiao. "You are the fourth man to ever enter my apartment after my father, my brother, and my traitorous ex-fiancé."

Tang Xiao naturally knew this because Xiao Ai had tracked Yang Ziyue's data down to the smallest detail. "Aren't you afraid I'll forcefully violate you while you're drunk? We've only known each other for a few minutes, and you've already brought me here."

"Haha." Yang Ziyue pressed her index finger against Tang Xiao's chest. "With your big, muscular body, you could easily violate me without waiting for me to get drunk, right?"

I'm just a weak little woman, so you can do it whenever you want, and I won't be able to fight you. Moreover, you are a handsome man, so I don't mind if you do that to me, and I will definitely enjoy it."

"What kind of logic is that?"

"The logic of a broken heart." Yang Ziyue pointed toward the kitchen. "Please get two glasses from the kitchen while I change my clothes."

After Yang Ziyue entered the room, Tang Xiao went to the kitchen and checked every area of her apartment, but he couldn't find anything there. 'Yang Kang is more reckless than Ouyang Hong and Meng Wuya, huh? He left his daughter without the slightest supervision.'

After he took two glasses, Tang Xiao returned to the living room and sat on the sofa. He opened one of the two liquors he had bought at the nightclub earlier and poured it into a glass while waiting for Yang Ziyue to come out.

Before long, Yang Ziyue came out of the room wearing a loose sleeveless t-shirt and shorts. Tang Xiao could see that she wasn't wearing a bra, causing her nipples to stand out from beneath her t-shirt. "Did you deliberately want to seduce me by dressing like this, Ziyue?"

"Hehe." Yang Ziyu giggled and quickly sat down beside Tang Xiao. "Does my appearance tempt you? Do you want to enjoy my body?"

"No." Tang Xiao handed a glass to Yang Ziyue. "Your face is pretty, and your body is quite sexy, but all that isn't enough to seduce me."

Yang Ziyue's lips curled up, but she said nothing and downed the liquor in her glass in one go. "Pour me more."

"Sure." Tang Xiao poured more of the drink as requested by Yang Ziyue. "You should drink slowly, or you'll get drunk too quickly."

Yang Ziyue shook her head at Tang Xiao. "It's okay; I need to get drunk to release the burden on my heart."

The two of them shared a drink while discussing several things, but Yang Ziyue started crying when she started to get drunk, and her crying got louder and louder when she remembered Meng Huo's betrayal.

Tang Xiao hugged Yang Ziyue and let her cry as loud as she could to vent her sadness. Unlike with Ouyang Qing or Yi An, he didn't use his celestial qi or aura on her, and he simply hugged her silently.

Sometime later, Yang Ziyue had stopped crying, but she immediately opened the other bottle of liquor and drank it straight away, leaving Tang Xiao helpless. At the end, they shared the liquor and drank directly from the bottle.

Tang Xiao naturally wouldn't get drunk because he used his qi to neutralize the alcohol, but Yang Ziyue was intoxicated as hell, and she kissed him passionately.

Tang Xiao decided to knock Yang Ziyue unconscious, laid her on the bed, covered her with a blanket, and left the apartment straight away.

.
. .

As soon as he arrived at Ouyang House, Tang Xiao went straight to Yi An's room, and he had fun with her while chatting, just like the previous nights.

After Yi An fell into a sweet dream, Tang Xiao left her bedroom and went to Ouyang Qing's bedroom. After he had fun with the mother, he continued to have fun with the daughter.

Like mother, like daughter. Ouyang Qing still didn't want to step into a deeper relationship with Tang Xiao.

Like their previous nights, they pleased each other until Ouyang Qing fell asleep, and Tang Xiao hurried back to his room before going into the ark, where he sparred with Tang Huang and Tantai Lingyan.

.
. .

Time flew by, and a week passed quickly.

In the past week, there had been no major incidents, but Meng Wuya's death had caused quite a stir in the city, especially after Ran Linfeng's disappearance, coupled with the deaths of Yao Wei and Xiang Ning.

After they woke up, Rong Xiaolan's husband's subordinates left Meng Wuya's corpse there, and they cleaned up their tracks. When the police found his corpse, they found two knives still stuck in his body.

The police investigated Meng Wuya's death, but the results of their investigation confused them because the fingerprints on the two knives belonged to Yao Wenhua and Meng Huo. Moreover, both of them were already in prison before the incident occurred, and CCTV footage from the prison showed that they never left their cells.

Meng Wuya's death naturally reached Ouyang Hong, and he tried to contact his subordinates to investigate. However, he couldn't contact Bai Huang, Pei Yuan, and the others, leading him to realize that his subordinates were dead.

The unclear situation made Ouyang Hong anxious and worried, and he considered returning early, but his business affairs abroad were still unfinished, forcing him to abandon his plans. Instead, he contacted people he knew, including the four cardinal families, to investigate the problems. However, none of them were willing to do it, and they told him to take care of it himself after he returned to their country.

Xiao Meng was confused about the results of the police investigation into Meng Wuya's death, but she was sure that Tang Xiao killed him. She asked her friend about the matter, but Sun Xiang pretended not to know anything about it and said she would try to find him.

Over the past week, Tianmei's sales continued to experience a significant increase, both offline and online, especially after their product advertisements featuring Fu Chen as the star ambassador went viral. Shoppers kept coming to their retail stores, causing their stocks to rapidly deplete.

Fortunately, the factory in the ark never stopped producing those products, with Zhao Yuxian and Jessica focusing there, assisted by Xiao Ai.

Apart from that, Xiao Ai intentionally made Zhao Teng's company shares continue to decline for a week in a row, and she bought 55% of the shares using the name Tianmei when their prices had reached their lowest point.

Xiao Ai's actions caused Zhao Teng to panic and become depressed, especially after he found out that the buyer of 55% of his company's shares was the granddaughter he was never willing to acknowledge.

Zhao Teng contacted his second daughter and asked her to persuade Tang Yin to resell his company shares at the price when she bought them, but Zhao Qing refused his request and asked him to meet his granddaughter himself, which made him even more frustrated.

Lin Yanxiu persuaded her husband to meet Tang Yin, but Zhao Teng angrily rejected her idea. He asked his friends to help him buy back all the shares of his company that his granddaughter had bought. However, no one was willing to help him, especially after Xiao Ai used various tactics to significantly increase the stock price.

.

.

.

Ever since her meeting with Tang Xiao, Yang Ziyue has been thinking about him. At first, she thought he would take advantage of her while she was very drunk, but she found herself waking up in the morning fully clothed, and she noticed nothing unusual about herself, convincing her that he didn't do anything to her at that time.

Yang Ziyue wanted to contact Tang Xiao and ask to meet again, but unfortunately, they didn't exchange phone numbers at that time, and he never appeared in front of her after that night.

Yang Ziyue asked her father for help in finding out Tang Xiao's identity, but Yang Kang had difficulty finding him because there were too many people with the same name and surname in their country. She decided to give up, but she hoped he would appear before her again like that night.

.

.

.

Over the past week, Tang Xiao continued to enjoy his time with Yi An and Ouyang Qing, causing the two women to fall deeper and deeper for him and become more dependent on him, especially the mother. He also accompanied Mu Qingge, as he wanted to convince her to quickly become his wife.

Tang Xiao never neglected his training, and he repeatedly sparred with Tang Huang, Tantai Lingyan, Mu Ling, Mu Qingge, and Tang Yuan.

Tang Xiao's cultivation fully stabilized four days after he broke through, but he never stopped dual cultivating with his two wives and three servants. He started using the Yin Qi from Mu Qingge and Tantai Lingyan after his cultivation stabilized, bringing it closer to the Upper Rank of the Xiantian Level.

.

Tang Xiao's clone managed to control the lava after trying for days, and his control over it was no less than Feng Yao's.

"Hmm?" Tang Xiao's clone looked up at the middle-aged man walking down as if descending a staircase. "Are you Senior Feng Shen?"

"He is indeed Uncle Shen." Feng Yao spoke as she walked out of the portal. "What took you so long, Uncle?"

Chapter 170: Lotus Marsh

"Haha!" Feng Shen laughed as he landed in front of them. "Little Niece, I had important business with the Chen Clan before, so I couldn't meet you yet."

"I see." Feng Yao nodded in understanding. "You came at just the right time, Uncle. Tang Xiao just finished his training in controlling his fire element, and I'm satisfied with his results, so you can start teaching him the proper way to control his wind element."

Feng Shen looked at Tang Xiao's clone. "Try using your wind element first, kid. I want to see how far you can control your wind element, and I will choose the right method for your training after that."

"Yes, Senior." Tang Xiao's clone stood up from his seat and used his wind element, and he showed Feng Shen how he used it according to his training so far.

Feng Shen seriously observed Tang Xiao's clone moving around. "His mastery of the wind element isn't bad, and he can also manipulate it easily, but his movement actually limits it and makes it ineffective."

"How long do you think it will take him to perfectly control his wind element, Uncle?" Feng Yao asked as she followed Tang Xiao's clone's movements. "He needed nine days to perfect his control over his fire element, which was much faster than me in the past."

"Nine days to perfect his control over his fire element, huh?" Feng Shen muttered to himself. "Compared to the fire element, the wind element is a little easier to control. I think he will only need a week to perfect his control over his wind element, or maybe less than that. However, I'm more curious about his cultivation, Yao'er. Back then, you said that his cultivation was still at the Peak Rank Foundation Level, but he has reached the Middle Rank Xiantian Level now."

"When I sent the message to you, I hadn't met Tang Xiao, and Yuan told me that his cultivation was still at the Peak Rank Foundation Level, so I told you that way." Feng Shen nodded in understanding to Feng Yao. "When I met him nine days ago, his cultivation had already reached the Lower Rank Xiantian Level, and he broke through to the Middle Rank a week ago."

Feng Shen looked at Feng Yao in disbelief. "Did he really break through that fast?"

"Yes." Feng Yao nodded in response. "I was also shocked at first, but he told me that he cultivated using Sister Lingyan's Yin Qi. With such a big difference in their cultivation, her Yin Qi helped him break through to the middle level."

"I see." Feng Shen returned his gaze to Tang Xiao's clone. "Back then, the late Tang Ye forbade Tang Huang and the others from teaching his two children about cultivation, but this kid was already a cultivator; not to mention, he chose the dual cultivation path."

Feng Yao immediately spoke to him again. "Uncle, he has many enemies, and one of them is Long Yin, remember? He started his cultivation path much later compared to those who were born in this place, and the dual cultivation path is the fastest solution for him to catch up with them."

"Yeah." Feng Shen then spoke to Tang Xiao's clone. "You can stop now, kid."

Tang Xiao's clone immediately stopped and moved in front of them. "What do you think, Senior?"

"Your mastery over your wind element isn't bad, and you can manipulate it easily. However, you can't really control it yet, and you actually limit it." Tang Xiao's clone looked at Feng Shen in confusion. "To control the wind element properly, you must become like the wind itself, and you must move in its flow."

"Moving in the wind's flow?"

"Yes." Feng Shen immediately showed Tang Xiao's clone. "Please pay close attention to my movements."

Tang Xiao's clone nodded and seriously watched Feng Shen, who started moving around the area. He nodded his head a few times, and he began to notice the difference in movement between the two of them. "Unlike Senior Feng, who moved with the wind, I often moved against the wind, which created pressure and made it ineffective."

Feng Yao's lips curled up as she listened to Tang Xiao's clone. "He noticed it right away, huh? He was born with excellent talent in cultivation, but unfortunately, the late Brother Ye didn't want him to enter such a cruel world in the past. If he hadn't become a cultivator too late, he would have become powerful by now. However, he's already a

cultivator, so there's nothing to regret, and he'll become strong in the future to defeat Long Yin and the Long Clan.'

Soon, Feng Shen returns to Tang Xiao's clone. "Have you seen everything, kid?"

"Yes, Senior." Tang Xiao's clone nodded in response. "Every time you move, you follow the flow of the wind, and your movements don't create any pressure that restrains you; instead, the wind allows you to move more freely, and your speed increases every time you release more of your wind element."

Tang Xiao's clone's answer momentarily stunned Feng Shen. "You can get the point straight away, huh? In that case, you can try again, and you have to do it perfectly this time."

"Yes, Senior." Tang Xiao's clone immediately moved again, and he mimicked Feng Shen's previous movements. Unlike before, he didn't try to fight the flow of the wind; instead, he followed it and allowed it to push him forward. 'I will try to move faster by gradually increasing my wind element.'

Feng Shen's eyes followed Tang Xiao's movement as he nodded several times. "Yao'er, this kid doesn't need my guidance because he already understands the gist of it, and he only needs to continue honing his movement skills while increasing his wind element rank. When his wind element reaches my level, I'm sure his movement speed will surpass mine."

"Yes." Feng Yao nodded in agreement with that. "The only thing you need to do is teach him to control his wind element power, but I don't think he needs that either, and he probably already understood it when he practiced controlling his fire element."

Feng Shen pointed at Tang Xiao's clone. "Look at him, Yao'er. He's gradually increasing the power of his wind element, and he's doing it slowly, proving that he already understands how to control its power. Rather than training him to control his element, I think you should take him out to actual battles, and you can use those beasts in the forests to train him."

Feng Yao looked at her uncle. "I've indeed thought about taking him to one of those forests, but I can't keep an eye on him every day because I'm getting busy in the outside world. Therefore, I hope you can take him there and accompany him to train for a few days, and you can leave him there if you think he's capable of handling things on his own."

"Haha." Feng Shen laughed wryly at that. "You're too busy with the affairs of those ordinary humans, you know? Instead of worrying about them, you should go back to living here and start looking for your future husband. Luckily, I don't have anything to do right now, so I'll take him to one of those forests to train. Once I feel he's ready, I'll leave him alone and let him handle everything on his own."

"Tang Xiao."

Tang Xiao's clone immediately returned to them, and Feng Yao spoke to him. "Your training in controlling your elements is sufficient, as you have already grasped the gist. Instead, my uncle will take you to the forest, where you can hone your fighting skills by battling those cultivation beasts. Unlike all your enemies so far, those beasts are truly powerful, and most of them rely solely on their instincts to attack you, so you must be careful when dealing with them."

"I know," Tang Xiao's clone then asked Feng Shen. "When will we leave, Senior?"

"Right now." Feng Shen grabbed Tang Xiao's clone's shoulder and led him away from the volcano.

Feng Yao smiled faintly and left the place immediately. 'I hope you will fully focus on your training, Xiao'er.'

.

.

.

Meanwhile, Feng Shen had brought Tang Xiao's clone into a forest filled with tall trees and numerous swamps in some areas. They could hear the roars of various beasts in the forest.

"Do you know anything about the beasts?" Feng Shen asked.

"Yes." Tang Xiao's clone nodded in response. "The beasts are no different from us, and their rank is determined by their cultivation."

"That's right." Feng Shen then explained it. "This Lotus Marsh is the furthest of the towns, and not many cultivators come here. Even if they do, they are usually cultivators at your level, as the level of the beasts here is too low for expert cultivators, so this is the most suitable place for your first training ground. However, I forbid you from going to this area of the heart of the forest because there are several King Level beasts in that area, and you are not ready to face them."

Tang Xiao's clone nodded in understanding. "It doesn't matter where I go as long as I don't enter the heart of this forest, right?"

"Yes." Feng Shen pointed to the east. "You can start from that area, and most of the beasts there are at the Xiantian level, so they are perfect opponents for you."

"Alright!" Tang Xiao's clone summoned the Atropos Glory and turned it into a sword. "I'll go there now, Senior."
