Chapter 201: Kill Yang Family

A while later, Yang Kang arrived at the Tang House, and he met Tang Yin to hand over the documents.

Tang Yin read the documents and nodded in satisfaction. "Where do Yao Wei, Ran Lingfeng, and Meng Wuya keep their documents?"

"As far as I know, Ran Lingfeng and Yao Wei entrusted their documents to Shen Tianhu, and Meng Wuya kept his at the Meng family's old house."

"I see." Tang Yin summoned the third darkness creature, which had the shape of a mouth with sharp teeth. Before that, she summoned her parasitic soul out of Yang Kang's body, making him return to consciousness.

"Ugh! Where am I?" Yang Kang fell on his butt and pointed at Tang Yin stutteringly. "You... Argh..."

"Surprised?" Tang Yin used her aura to lift Yang Kang, and she transformed herself into a demon, making him even more frightened. "Unfortunately, the day of your death has arrived, and you will soon be reunited with your friends. Don't worry, your son and wife will soon join you, and you can reunite in the afterlife. As for your daughter, I won't kill her because she didn't do anything wrong to us."

Before Yang Kang could say anything, the darkness creature devoured him alive, chewing on his body as if it were eating something. As soon as it had finished chewing him, it swallowed him whole, instantly killing him.

Thereafter, Tang Yin ordered the darkness creature to get rid of Yang Kang's car, removing his traces from the Tang House. She didn't enter the house but went to another place, which was the Meng Family's old house.

After she took Meng Wuya's documents from the house, Tang Yin asked Xiao Ai where Yang Chen was, and she immediately went hunting for her next target.

.
. .
.

Tang Yin found Yang Chen hiding like a scared mouse, and she instantly appeared before him, frightening him even more.

"Tang... Yin..." Yang Chen was completely shocked to see Tang Yin, especially since she could fly by herself. 'Fuck! How can she fly without using any equipment?'

Tang Yin smirked as she stared at Yang Chen with disgust. "How did you feel after you killed Lin Xia? Did you like it?"

"You—Argh." Yang Chen screamed loudly after the darkness creature, summoned by Tang Yin, bit his hand off. "Argh! Tang Yin! Please forgive me! I don't want to die at the hands of that evil creature!"

Tang Yin shook her head and spoke to him. "You know what? This creature has eaten your father, and it's your turn to follow him into the afterlife."

"No!" Yang Chen's voice vanished the moment the dark creature devoured him.

"Phew." Tang Yin breathed a sigh of relief as her enemies were decreasing, but unfortunately, she couldn't do anything to the Shen family, especially since Xiao Hua was constantly watching them. "Have you erased their traces from the CCTVs, Xiao Ai? Is Shen Qingxue still in Yang Ziyue's apartment?"

[I've erased all Yang Kang and Yang Chen's traces from the CCTVs, mistress. Shen Qingxue is still in Yang Ziyue's apartment, and Shen Tianhu is on his way there. If you want to kill her, you must leave now before her big brother gets there.]

Without a second thought, Tang Yin immediately flew from that spot to Yang Ziyue's apartment at full speed; otherwise, she wouldn't have succeeded in killing Shen Qingxue if Shen Tianhu had already arrived there.

.

.

.

"Brother." Sun Qingxue froze as soon as she opened the door, especially because it wasn't Shen Tianhu who was standing outside but Tang Yin. "Tang... Yin... What are you doing here at this time of night?"

Tang Yin smiled and grabbed Shen Qingxue's face, scaring her half to death. "Naturally, I came here for you, Qingxue. That night, you encouraged them all to do cruel things to my mother, and they ended up doing all of that to my mother, causing her to commit suicide due to utter depression."

"Mhmm." Shen Qingxue tried to beg Tang Yin for mercy, but no sound came out of her mouth because her grip was so tight. She tried to slap her hand away but to no avail, and she also tried kicking her, but she didn't budge. 'Brother, please save me; this crazy woman is going to kill me.'

Tang Yin smiled faintly and summoned the darkness creature, which immediately licked its lips as soon as it saw the frightened Shen Qingxue. "Apparently, my darkness creature really likes you, and it can't wait to eat you alive like your husband and son. I don't want to waste time with you, and you can catch up with your husband and son in the afterlife."

"No!" Only Shen Qingxue's last scream was heard, and the darkness creature instantly swallowed her alive.

After that, Tang Yin ordered the darkness creature to devour Lin Xia's corpse, so nothing was left in the apartment, and only traces of his blood remained there. She breathed a sigh of relief, looked around the apartment, and returned to the Tang House afterward.

.
. .
.

Sometime after Tang Yin left, Shen Tianhu finally arrived at Yang Ziyue's apartment. He tried to look for Shen Qingxue, but he couldn't find anyone there, and all he noticed was blood on the bed with no sign of Lin Xia's corpse.

Shen Tianhu tried to contact Shen Qingxue, but he found her smartphone lying on the table. He picked her smartphone from the table and wondered where his sister had gone.

Shen Tianhu tried to contact Yang Kang, but his number didn't connect, making him even more confused about the situation. "Where did she go? I asked her to wait for me, so she should be waiting here, and she couldn't possibly go anywhere."

Shen Tianhu decided to wait for Shen Qingxue for some time, but she still didn't show up, and he eventually left the apartment with many questions in his mind.

Shortly after Shen Tianhu left, Xiao Hua appeared at the apartment, and she examined the entire place. As she examined the room, she saw traces of Lin Xia's blood, and she tried to touch it to determine when he died and what caused it. "What exactly happened here? Could Tang Xiao have killed them all? How did he kill them?"

Xiao Hua tried checking another room, but she didn't see any that had been used before, making her wonder what actually happened there. After searching for some time and finding nothing, she finally decided to return to Xiao Meng's house.

.
. .
. . .

"Meng'er."

Xiao Meng, who was almost asleep, turned to Xiao Hua and asked her. "What happened, Aunt Hua?"

"Tang Xiao killed several people tonight." Xiao Meng immediately sat up in bed and listened to Xiao Hua's explanation. "Do you know the owner of that apartment? What's their connection to Shen Tianhu?"

Xiao Meng shook her head in response. "I don't know the owner of that apartment, but I can find out the owner's identity in the morning. Are you sure that Tang Xiao killed everyone in that apartment?"

"I only guessed it was because people from the Shen Family went there." Xiao Hua walked straight out. "You have to find out the owner of the apartment this morning, then we can find the mastermind behind the incident in the apartment."

Xiao Meng let out a soft sigh and lay down on her bed again. "Tang Xiao is truly insane! He's killed so many people and still isn't satisfied, and I think he'll kill even more people until his revenge is over."

.
. .
. . .

"What's wrong with you, Yin'er?" Tang Yin sighed softly and told Tang Xiao that she had killed the people from the Yang family. "You should stop killing people and let me do it myself, okay? As for the Shen family, I'll think of something about them, and you don't need to interfere in this matter."

"But—"

"No buts, okay?" Tang Xiao hugged Tang Yin and kissed her for a while. "Leave them to me; I don't want you to continue dirtying your hands with blood. I know you want to help

me, but your feelings are too tender. Let me do everything myself, and you just have to watch from the sidelines until our revenge is complete."

"Xiao'er."

Tang Xiao picked Tang Yin up and carried her to their room, where they dual cultivated together until they were completely satisfied.

.
. .
.

After that, Tang Xiao left Tang Yin, who was already fast asleep in their room, and returned to Ouyang Qing's room.

Tang Xiao joined Ouyang Qing in bed, and she hugged him tightly as if she were afraid that she would lose him. 'Xiao Ai, what documents did Yin'er take before?'

[Master, those are documents that show their involvement in your father's murder, and my mistress is collecting them to officially bring down those families, even though you have already killed some of them.]

'Then, where are the documents belonging to Ran Lingfeng and Yao Wei?'

[The documents belonging to Ran Lingfeng and Yao Wei are in the hands of Shen Tianhu, master.]

'Shen Tianhu, huh?'

[Master, you must not act rashly against Shen Tianhu because Xiao Hua is constantly watching the Shen Family mansion, and you will definitely face him if you act rashly against them.]

Tang Xiao nodded in understanding. 'Can my grandfather face that old woman?'

[Master, your grandfather and Xiao Hua's cultivation are equal, so he should be able to deal with her. Moreover, Mu Lin's cultivation is also slightly higher than hers, and I think you can ask for their help to block her.]

'I see.'

Chapter 202: Capture Xiao Meng

Early in the morning, Ouyang Qing opened her eyes, and a smile spread across her face. She hurriedly got out of bed, went to the bathroom, and cleaned herself up.

Sometime later, Ouyang Qing was fully dressed and joined her mother and big brother at the dinner table, looking much happier as she thought of Tang Xiao. "Are you going out, Mom?"

"Your father is back, so he will handle the client's matters himself, and I don't need to interfere in their affairs." Yi An suddenly remembered something. "Qing'er, we haven't gone out together for a long time, so I want to go with you today, and we will go out together all day to have fun."

Ouyang Qing thought for a while before agreeing. "I'm bored at home, so we can go for a walk together, and we'll spend time together. Anyways, we should take Feng Xiao with us, Mom."

"Feng Xiao asked my permission to accompany Xing Xing shopping today." Ouyang Qing frowned after hearing that from Yi An. "I've already given him permission to accompany her, and he won't be back until tonight, so we'll go spend some time together."

Ouyang Qing sighed inwardly and nodded at Yi An. "Alright then, we'll spend time together without thinking about anyone else, and we'll enjoy our time together until nightfall."

"Yeah."

After they finished breakfast, Yi An and Ouyang Qing immediately left Ouyang House, and they went out together to have fun.

.

.

.

Lin Yan had just opened her eyes, and she felt exhausted after having sex with Tang Xiao last night. She felt guilty toward her husband for having slept with other men twice, yet she enjoyed those activities because she had never experienced the same level of sexual pleasure with him.

Lin Yan took her smartphone from the side table and read the incoming message, which was from her husband. He told her that he had to postpone his return for some reason, making her sigh in resignation.

Lin Yan replied to her husband's message first before trying to contact Luo Qinglin, but her call still didn't go through because Tang Xiao had thrown her into the void, making her even more confused about her friend's condition. "What exactly happened to her? Why hasn't she turned on her phone since two days ago? Could it be that she's running away from all her lovers?"

Lin Yan hurriedly got out of bed and went to the bathroom to clean herself, but she became horny again after remembering her sexual activity with Tang Xiao the previous night. She tried touching herself and groping her pussy, but she didn't get the same pleasure he gave her, especially when his cock pumped her. "Sigh! Should I ask him to meet tonight? Should I make love to him again like last night?"

Lin Yan hurriedly finished her shower and returned to her room, and she immediately sent Tang Xiao a message, asking him to meet her tonight. "Did I make the right decision by inviting him to come here?"

****Ding****

Lin Yan hurriedly read the incoming message, which Xiao Ai had sent at Tang Xiao's request. She smiled to herself as she imagined their activities later that night, eagerly awaiting nightfall. Afterwards, she quickly changed clothes and left her house.

.
. .
. . .

The two women were inspecting Yang Ziyue's apartment, searching for evidence of Tang Xiao's actions against the people there last night.

Sun Xiang found no trace of Tang Xiao's qi, but she did discover traces of Tang Yin's qi, which meant she was the one who had been to Yang Ziyue's apartment last night. 'Could it be that she killed all those people? Who exactly did she kill that night here? Could it be Yang Kang and Yang Chen?'

"Xiang, I've contacted Yang Ziyue, and she said that her father, mother, and younger brother are not at home." Sun Xiang turned to Xiao Meng. "Did you find traces of Tang Xiao here? Did he kill them? How did he kill them?"

Sun Xiang shook her head at Xiao Meng. "I didn't find any trace of Tang Xiao's qi in this apartment. In fact, I didn't find any trace of anyone's qi here, which means he's not the killer."

"Hmm?" Xiao Meng was truly surprised to hear that. "Did you really not find Tang Xiao's qi in this apartment? How is that possible? I'm sure he killed them, so traces of his qi should be here."

"Aren't your assumptions far-fetched? Just because Tang Xiao killed other families, you immediately accused him of killing the Yang family members." Xiao Meng pursed her lips in response to Sun Xiang. "Before determining the culprit, we have to find the owner of the blood in the bedroom. Once we succeed in finding the owner, we can estimate the identity of their killer. He may have a grudge against them for the murder of his father, but we also know that the Yang family has many enemies because Yang Kang always acts as he pleases."

"So, what should we do now?" Xiao Meng asked.

"Nothing." Sun Xiang stood up. "Since the perpetrators aren't cultivators like us, we don't need to bother with this matter, and we can leave the investigation of their disappearance to Uncle Jiang. By the way, I have other matters now, so you can go back to your house yourself."

Xiao Meng was surprised once again. "Where are you going now, Xiang?"

"I want to meet my friend to discuss something, especially regarding the future and various other things." Sun Xiang immediately left Yang Ziyue's apartment, leaving Xiao Meng wondering about her change in attitude.

"How did your examination go, Meng'er?"

Xiao Meng shook her head at Xiao Hua. "The people in this apartment disappeared not because of Tang Xiao but because of someone else, so I can't investigate this matter any further."

"Hmm?" Xiao Meng explained to Xiao Hua the results of her examination, and Sun Xiang found no trace of Tang Xiao's Qi in the apartment. "Could it be that I'm mistaken?"

Xiao Meng said immediately. "Xiang has never been wrong in detecting other people's Qi, so Tang Xiao really has nothing to do with these people's disappearances."

"I see." Xiao Hua nodded in understanding. "Do you know where Tang Xiao is now?"

"No." Xiao Meng replied with a shake of her head. "Tang Xiao is truly cunning, and his whereabouts are too mysterious. If you want to find him, you must capture Tang Yin to force him out, or you will never be able to find him."

"Is Tang Yin a cultivator like us?"

"Yes."

"In that case, I'll look for Tang Yin now, and I'll capture her to lure Tang Xiao out of hiding." Xiao Hua immediately disappeared from the apartment.

Xiao Meng sighed softly and wanted to leave, but Tang Xiao suddenly appeared behind her and knocked her unconscious. He sealed her cultivation, picked her up, and sent her into the ark. He immediately asked Xiao Ai to take care of her, and he would meet her later.

"Will Big Sis Yin be okay, husband?" Xing Xing asked Tang Xiao.

Tang Xiao turned to Xing Xing. "My grandfather is protecting Yin'er right now, and his strength is on par with that old woman's, so he should be able to protect her well. If he can't protect her, she just needs to enter the ark, and she'll be safe there. The problem now is how we should catch the old woman so she won't give us constant trouble, or else I'll have trouble capturing Shen Tianhu."

"Hmm?" Xing Xing thought for a moment. "Isn't Grandpa Tang assisted by Grandpa Mu? The two of them should be able to defeat that old woman, right?"

"Yes." Tang Xiao nodded to Xing Xing. "I hope the two of them can capture that old woman, so she won't give us any more trouble, and I might be able to do something with her to keep an eye on the Xiao Clan."

"What are you going to do about the old woman?" Xing Xing curiously asked.

Tang Xiao shrugged his shoulders. "I don't have any plans for that old woman yet, but I do have plans for Xiao Meng. You don't need to think that I will take her as my woman, okay? I have no interest in her, and I will only use her to destroy her clan. I am more interested in Sun Xiang than in her, but I'm confused about how to approach her."

"Hehe." Xing Xing chuckled. "Do you need me and Big Sis Yin's help to get Sun Xiang's heart?"

"No need." Tang Xiao hugged Xing Xing's waist. "For now, I want to focus on Mu Qingge because I want to win her heart as soon as possible, and I can't wait to take her as my third wife."

Xing Xing nodded in agreement. "Aunt Qingge's beauty and grace are undeniable, but her ex-lover has broken her heart, making it difficult for her to accept you. However, your relationship with her has improved a lot, and she has no problem kissing you, so I think you'll win her heart soon. The problem is Yan'er because she also loves you, and her feelings occur because of your mother's soul, which is in her soul space."

Tang Xiao sighed softly at Mu Yan's predicament. "Let's go see your mother, and we'll go for a walk after that, okay?"

"Let's go."

After that, Tang Xiang took Xing Xing into the void, and he took her to meet Chu Lingxi at their apartment.

Chapter 203: Two Old Men Vs Xiao Hua

"Tang Yin." Tang Yin, who was talking to Yao Yao, immediately turned to Yu Xiaoling. "Lin Yanxiu came here to talk to you. Do you want to meet her?"

"Did Lin Yanxiu come with Zhao Teng?"

"Lin Yanxiu came alone."

Tang Yin thought for a moment. "Please tell Lin Yanxiu to go home, and I will only talk to Zhao Teng."

"Alright." Yu Xiaoling left the room and returned to the first floor to inform Lin Yanxiu of Tang Yin's decision.

Yao Yao immediately asked. "Aren't you going to meet that woman, Big Sis Yin?"

"No." Tang Yin walked to the window and looked outside. "I will wait for Zhao Teng to come here himself, and I will humiliate him like he humiliated my father when he was still alive."

Yao Yao was shocked to hear Tang Yin's words. "You've changed, Big Sis Yin. In the past, you were so gentle and kind, even though your family was going through a lot. Now, you've become so cold, and I'm afraid of you."

"Hahaha." Tang Yin laughed and turned to Yao Yao. "If you had experienced the same situation as me, you would change too, Yao'er. In the past, those people killed my father, and they violated my mother that night, which ultimately led her to commit suicide due to mental stress. Additionally, their sons tried to violate me by force, and I was forced to jump from that third-story building, which left me in a coma for years."

Yao Yao let out a heavy sigh, got up from her seat, and walked towards Tang Yin. She took her hand and tried to comfort her. "I can't say anything about Uncle Ye and Aunt Qing's deaths, but I can understand your sadness about the actions of those bastards. If I were in your position, I would have done the same, and I would probably have died long ago."

'One of those bastards was your dead brother, you know?' Tang Yin said in her heart, but she immediately put on a smile and said to Yao Yao. "Thank you, Yao'er. That night was indeed a nightmare for me, but I've forgotten it after a long sleep. For now, I'm just focused on my future, and my future lies with Tianmei."

Yao Yao nodded in understanding. "Okay, I won't discuss what happened that night again, and we just need to focus on our future."

"Do you have someone you love now, Yao'er?" Tang Yin then asked Xiao Ai. 'Does he have cultivation veins?'

[Mistress, Yao Yao has cultivation veins, but hers are a little different from the others.]

'What do you mean?'

[Mistress, I can't explain it to you, and you can see Yao Yao's data later.]

Yao Yao shook her head at Tang Yin. "I don't have time to think about a boyfriend, and I want to focus on my own personal life after my parents passed away. Perhaps, I won't stay in this country for long, and I might move to another country that can help me forget all the bad memories in this country."

"Oh?" Tang Yin was surprised to hear that. "Which country are you going to move to? Have you made your choice?"

"Hehe." Yao Yao giggled as she took out her smartphone, and she showed Tang Yin a map of a country. "I think Bali is an interesting place to work and live, so I'm thinking about moving to Indonesia in the future, and I will spend my time there until I can forget everything."

"I've heard about Bali from a friend in the past, and I've been thinking about going on holiday there, but I haven't had the opportunity to go visit the city yet." Tang Yin paused for a while before continuing. "Perhaps, one day in the future, I'll go there for a holiday, and I'll spend some time there."

Yao Yao nodded in understanding. "My friend from Indonesia said that Bali is quite beautiful, but there are several other cities that are more beautiful than it, and one of them is Yogyakarta. Perhaps, I will go to all the cities there to have a look, and I will return to this country after my sadness has completely disappeared."

"I see." Tang Yin suddenly got a warning from Xiao Ai. "Yao'er, go back to work now and check all our stock items in detail."

"Yes." Yao Yao hurriedly left the room.

Tang Yin looked out the window again, and Xiao Ai told her where Xiao Hua was hiding, narrowing her eyes in that direction. Even so, she wasn't worried about the old woman's presence, especially since Tang Huang and Mu Lin were protecting her. "That old woman couldn't find Xiao'er, so she came to capture me, huh? Since she wanted to capture me, I had to think of a way to capture her, and she would definitely be useful in dealing with the Xiao Clan."

Tang Yin summoned the black door, and a parasitic soul emerged from it. She instructed it to sneak behind Xiao Hua and find an opportunity to possess her body, and she could use her to monitor the Xiao Clan.

After receiving orders from Tang Yin, the parasitic soul shot out of the Tianmie building, and it waited for an opportunity to catch Xiao Hua off guard before it possessed her body. "Heh! Xiao Meng has been captured by Xiao'er, and I must successfully capture the old woman."

Crack

Tang Yin turned towards the entrance and smiled at Sun Xiang, who had just arrived. "Come and join me to watch the battle between my grandfather and Grandpa Mu Ling against that old woman, Xiao Hua."

"Did Xiao Hua really come here to capture you?" Sun Xiang asked as she walked to the side of the window.

"Yes." Tang Yin nodded to Sun Xiang. "Xiao Luo ordered Xiao Hua to capture Xiao'er, but she couldn't find him. Your best friend told her about my whereabouts and my status as a cultivator, so she came here to capture me. Unfortunately, she didn't know that everything was within our predictions, and we had already enlisted the help of both grandfathers to deal with her."

Sun Xiang sighed heavily, as she still found it hard to believe that Xiao Meng and the Xiao Clan had evil intentions toward so many people, including her. "Did you kill the people of the Yang family?"

"What do you think?" Tang Yin smiled at Sun Xiang.

"So, it's true that you killed them, huh?" Sun Xiang muttered as she glared at Tang Yin. "Then, who owns the blood on the mattress?"

"Lin Xia." Sun Xiang was surprised to hear that name from Tang Yin. "However, it wasn't me who killed him, but Yang Chen who killed him, and I only destroyed his corpse."

"You must be the one who made Yang Chen kill Lin Xia, right?"

Tang Yin nodded with a smile, making Sun Xiang sigh helplessly. "Let's talk again later; they are almost starting to fight."

"Do you intend to capture Xiao Hua?"

"Yes."

"What is your purpose in capturing him?"

"Xiao Clan."

"Hmm?"

"They're almost starting their fight."

.
. .
.

Xiao Hua froze as Tang Huang and Mu Ling prevented her from entering Tianmei. 'Shit! How did these two get here? Are they waiting for me here on purpose?'

"Old Ling, it seems true that the Xiao Clan is collaborating with the Xie Clan, and they intend to capture Xiao'er." Xiao Hua frowned at Tang Huang.

Mu Ling nodded in agreement. "We have no evidence of the Xiao Clan's involvement with the Xie Clan, but their attitude of wanting to kill Tang Xiao proves that they are not good people. Therefore, it is highly likely that they are indeed collaborating with that heretic clan; otherwise, they would never have done such a thing."

"How about we have a competition, Old Ling? We've been training for so long, so it's time we use it to capture this woman." Tang Huang glanced at Xiao Hua, who was looking for a way to escape.

"Fine with me." Mu Ling disappeared immediately, followed by Tian Huang.

'So fast!' Xiao Hua hurriedly fled the scene.

However, Tang Huang immediately blocked Xiao Hua's path and punched her hard in the stomach, causing her to groan in pain.

"Argh!" Xiao Hua screamed in pain as she moved away from Tang Huang. 'Shit! His punch really hurts.'

Mu Ling instantly appeared behind Xiao Hua and gave her a powerful kick to the back, sending her propelling repeatedly in the air.

"Argh." Xiao Hua let out another cry and stabilized herself between the two old men's encirclement. 'Their speed far surpasses mine!'

"Hahaha!" Tang Huang laughed loudly because he managed to attack Xiao Huang before Mu Ling. "Old Mu, my speed is still faster than yours, so you have to work harder to keep up with me."

Mu Ling let out a heavy sigh. "Old Huang, you've trained longer than me, so it's natural that my speed is still slower than yours. If we were to train at the same time, I'm confident my speed would surpass yours, and I could attack Xiao Hua before you."

"Haha!" Tang Huang immediately disappeared again, causing Xiao Hua to panic.

Xiao Hua tried to escape in another direction, but Mu Ling immediately blocked her path. Tang Huang instantly appeared behind her and gave her a powerful blow to the head, making her spray blood from her mouth. "Cough... Cough..."

Tang Huang pulled Xiao Hua's hair and strangled her neck from behind. "You Xiao Clan are too bold, huh?"

Chapter 204: Interrogating Xiao Meng

"Grandpa." Tang Huang turned to Tang Yin and Sun Xiang, who had just landed in their battle area. "I have my own way to make her our spy, and we will be able to monitor the Xiao Clan freely."

Tang Huang nodded to her. "Do it now, Yin'er."

Tang Yin immediately ordered the parasitic soul to enter Xiao Hua's body, surprising Tian Huang, Mu Ling, and Sun Xiang.

As soon as the parasitic soul entered Xiao Hua's body, her eyes went blank, and she was under Tang Yin's control. "Done."

"Hmm?" Tang Huang and Mu Lin immediately observed Xiao Hua. "Isn't the difference in your cultivation with your target affecting your techniques, Yin'er?"

Tang Yin shook her head with a smile. "Grandpa Mu, the difference in our cultivation does not affect my techniques. As long as my parasitic soul invades someone's body, then that person will fall under my complete control. The problem is, if my target

possesses the light element, then my parasitic souls can invade their body, and they will die from being exposed to the light element."

"I see." Mu Ling nodded in understanding.

Tang Huang asked his granddaughter. "Is your parasitic soul enough to control this old woman, Yin'er?"

"Hmm?" Tang Yin first considered whether she needed to take any additional action against Xiao Hua. "Grandpa, you can take this old woman back there, and Xiao Ai will take care of everything to control her. That way, we'll be safer with her under our complete control, and we won't have to worry about the Xiao Clan noticing our actions."

"Okay." Tang Huang and Mu Ling took Xiao Hua to the ark.

"Where did they take Xiao Hua?" Tang Yin just smiled at Sun Xiang, irritating her. "Does this mean Xiao Meng already knows about her father and grandfather's plans for Tang Xiao?"

Tang Yin nodded at her. "Xiao'er has already captured Xiao Meng, and he's sent her to our private quarters. For now, we'll do something about her, but you don't need to worry about her, and we—"

"When did Tang Xiao capture her? What are you going to do to her?" Sun Xiang asked in disbelief.

"Hehe." Tang Yin chuckled. "Xiao'er captured her in Yang Ziyue's apartment, and he sent her to our private quarters. We won't harm her, so you don't need to worry about her. We just want to find out information about her grandfather's plans, and we will devise a plan to stop him."

Sun Xiang released a helpless sigh as she massaged her forehead. "Don't hurt her and bring her back in one piece."

"Don't worry, okay?" Tang Yin said with a smile.

However, Tang Yin's smile made Sun Xiang's hair stand on end, and she had a feeling that she was going to do something bad to her best friend. "Sigh! I don't know what you're going to do to her, but I hope you don't hurt her, or you'll anger her grandfather."

"That's for sure." After that, Sun Xiang immediately left the place, and Tang Yin rushed into the ark.

.

.

.

"What about Xiao Meng, Xiao Ai?"

Xiao Ai turned to Tang Yin. "Mistress, I've implanted my sub-chip into Xiao Meng's brain, and you can use it to extract as much information from her as possible. She is still sleeping in the prison right now, so if you want to question her, you can go there."

"En." Tang Yin first looked at Xiao Hua, who was already unconscious in the capsule. "I want you to extract this old woman's yin qi as much as possible, and you can give it to Xiao'e after you are done with it."

"Yes, Mistress."

.

.

.

Tang Yin had arrived at the prison, and she found Xiao Meng hanging in the middle of the room. She immediately took out the recording device that Xiao Ai gave her before waking her up.

"Ugh." Xiao Meng slowly opened her eyes before being shocked to find herself chained in the middle of the room. She was even more shocked when she saw Tang Yin, who was standing smiling. "What do you mean by this?"

"Haha." Tang Yin laughed when she heard that; she asked Xiao Ai to play the recording of Xiao Meng and Xiao Hua's conversation. "Please listen to it first."

Xiao Meng's expression changed as soon as she heard everything, and she stared at Tang Yin with wide eyes in shock, especially after she transformed into a demon. "You... You are a demon!"

"Haha! Surprised?" Tang Yin summoned a parasitic soul and ordered it to enter Xiao Meng's body, causing her face to turn pale. "Your main mistake was that you wanted Xiao'er dead, even though there was nothing significant between the two of you. Anyway, I know of your clan's involvement with the Xie Clan, and your grandfather conspired with them to overthrow Sun Xiang's grandfather. For now, I want to hear all your confessions about your grandfather's plans against the Sun Clan, especially his plans with that heretic clan."

Xiao Meng didn't want to say anything, but Xiao Ai's sub-chip inside her brain made her talk to herself. 'Shit! Why does my mouth speak to itself? Did she give me the truth potion?'

Tang Yin listened to every word that came out of Xiao Meng's mouth, and the recorder recorded all of her confessions about Xiao Luo's ambitious plans against the Sun Clan. 'Grandpa Sun will be truly grateful to me for all this information. What if I ask him to marry Sun Xiang to Xiao'er after I give him this recording?'

'Shit! My mouth can't stop talking!' Xiao Meng's face became even paler, and she thought about biting off her tongue, but Xiao Ai's sub-chip inside her brain immediately stopped her. 'Damn it! Why can't I do anything?'

After some time, Xiao Meng finally finished speaking, and Tang Yin immediately stopped the recording device. "I never thought your grandfather would be so evil! Grandpa Sun had helped him so much to raise his Xiao Clan, but he betrayed him, and he collaborated with those heretics to take over his Sun Clan. If Sun Xiang heard all this, she would definitely be disappointed with you. She always believed in you, but you never considered her a friend, and your grandfather sent you to watch over her."

Xiao Meng chose not to say anything to defend herself, given that Tang Yin had recorded everything she had just said. "Kill me if you like!"

"Kill you?" Tang Yin smirked. "Do you think I'm stupid? Your grandfather will immediately realize your death, and he will lead his people to attack my Tang Clan. For now, I will let you live, but you will no longer be able to live as freely as before, and you will always be under my control. Oh! I forgot to tell you, but Xiao Hua also has the same fate as you, and she has fallen into our control. You can rest assured because we won't do anything to you; instead, we will use you to destroy your grandfather and your clan."

Xiao Meng's face became even paler after Tang Yin said all that, especially since her last hope of saving herself had disappeared.

Swoosh

Mu Qingge walked into the prison room, and she looked at Xiao Meng without the slightest pity. "Have you gotten all of her confessions, Yin'er?"

"Listen to this recording, Sister Qingge." Tang Yin immediately turned on Xiao Meng's voice recordings in the recorder. "The Xiao Clan and Xiao Luo are truly evil."

Mu Qingge's expression changed several times as she listened to the recording, and she stared at Xiao Meng with a strange gaze. She never expected Xiao Luo to have such a terrifying plan for the Sun Clan. He not only wanted to take over the clan, but he also wanted to seize Zhang Xingcai to use as a cultivation furnace.

Mu Qingge let out a soft sigh and spoke to Tang Yin. "If Uncle Sun finds out about all this, he will definitely be furious with that old man. Unfortunately, he can't do anything against the Xiao Clan now, especially since the Xie Clan is behind them. If he decides

to make a move, the clan members will attack his clan together, which will only harm him and his family members."

"I think so too." Tang Yin turned to her. "Do you think I should give this recording to Sun Xiang, Sister Qingge? I'm afraid that if she listens to all the contents of this recording, she will definitely report everything to her grandfather. If that happens, Grandpa Sun might take hasty action against the Xiao Clan, which would be fatal for them."

Mu Qingge thought for a long time, weighing the pros and cons. If Tang Yin shared the recording with Sun Xiang, it would probably only worsen the situation for the Sun Clan. However, she couldn't just stand by and let the Xiao Clan do as they pleased, and she felt the need to tell Zhang Xingcai the truth.

Mu Qingge made a decision for everyone's sake. "Yin'er, I'll return to Earth II right now, and I'll go see Sister Xingcai to discuss this matter. Besides, you must keep this information from Sun Xiang for now to avoid her acting too rashly."

"Sister Qingge, can you please take me to Earth II with you?" Mu Qingge raised an eyebrow at Tang Yin. "I know my cultivation is still low, but I can protect myself. Besides, I'm going with you, so there won't be many people who would dare attack us, right?"

Chapter 205: Tang Yin - Nan Xinyue

"We should talk to your grandfather first." Mu Qingge and Tang Yin left the prison area and went to the training ground, especially since Tang Huang and Mu Ling were training there.

Xiao Meng tried to free herself, but the chains tightly bound her hands, making her efforts futile. She cursed angrily because the two women treated her so badly. "Damn it! The situation will be dire if they go to the Sun Clan and inform Sun Qian about my grandfather's plans."

.

.

.

After they arrived at the training ground, Mu Qingge and Tang Yin informed the two old men about Xiao Luo's plans for the Sun Clan.

Tang Huang and Mu Ling could only sigh to themselves because they had long been aware of Xiao Luo's sinister intentions, but their worries were never proven, and everything was proven now with Xiao Meng's confession.

"I think you should accompany them to go see Old Sun, Old Huang." Mu Lin said.

"Yes." Tang Huang nodded in agreement. "Your daughter does have a close relationship with the Sun Clan, but they might not trust her if they go alone, so I will accompany them. Moreover, I haven't seen Old Sun in a long time, so I will use this opportunity to talk to him again. Shall we leave now for Earth II?"

"Grandpa, I have to meet someone first, and we will go straight there after I meet him." Tang Yin hurriedly exited the ark to meet her guest.

Mu Qingge immediately asked the two old men a question. "What do you think Uncle Qian will do to the Xiao Clan?"

"Nothing." Mu Lin replied with a shake of his head. "The Xiao Clan isn't as strong as the Sun Clan, but the Xie Clan is a different story. According to the rumor, they had an ancestor who was as powerful as Long Yin, and Old Sun would have a hard time fighting them if the rumors were true."

Tang Huang nodded his head. "The Xie Clan is extremely powerful, and they have many members who have already established their names in the cultivation world. Therefore, we cannot underestimate them, and we must act cautiously when dealing with them. We will inform Old Sun about this matter, but I believe he will not immediately act against the Xiao Clan, and he will probably wait for the right time to take action against that clan. Let's wait for Yin'er to finish her business with her guests, and the three of us will go to Earth II after that."

"Alright."

The two old men continued their training, and Mu Qingge returned to her room to inform her daughter about her plans for returning home. However, Mu Yan was not interested in returning to Earth II, and she preferred to remain in the ark.

.

.

.

When Tang Yin arrived at the Tianmei, Nan Xinyue was already waiting for her in her office. "What brings you here, Miss Xinyue?"

"Haha." Nan Xinyue laughed softly. "You don't seem surprised by my arrival this time, Tang Yin."

Tang Yin immediately sat down in her chair and smiled at Nan Xinyue. "Everyone in this country knows that the Nan family is a single player in the beauty industry, so I'm not surprised by your arrival here. In fact, I've been waiting for your arrival since several days ago, but you came later than I expected. So, what brought you to me today?"

"Cooperation." Nan Xinyue handed Tang Yin a folder. "This is a list of my family's connections in the cosmetics industry, and you can use our connections to develop your business. This way, your company will grow faster if you cooperate with us, and your business will thrive because of it."

Tang Yin looked at Nan Xinyue with a smile. "Why did you give me their list? Aren't you worried that I might use all your family connections for myself?"

"If I were worried about that, I wouldn't have taken out this list and given it to you." Nan Xinyue replied with a casual smile. "Your company has only been open for a few days, and you still don't have many connections to expand your business in the beauty industry. As for my family, we are an old player in beauty products, and we control the market in several countries. Therefore, I want to work together with you, and my family will become a distributor of your products to various countries through your family connections."

"Unfortunately, I have to decline your offer, Miss Xinyue." Nan Xinyue was surprised by Tang Yin's refusal. "To tell you the truth, I don't have that big of an ambition for my company, and I founded this company only for one goal, so I don't intend to grow it to be that big."

"What's your goal?" Nan Xinyue curiously asked.

Tang Yin smiled and turned to ask. "Don't you already know my goal? Therefore, I don't need to explain it in detail, right?"

"Those families."

"That's right." Tang Yin nodded in confirmation. "You don't need to worry about my products because I won't be attacking your market directly, and I'll be selling my products in a different way, so we won't clash with each other."

Nan Xinyue propped her chin with her hand and looked at Tang Yin. "Are you involved in the downfall of those three families?"

"What do you think?" Tang Yin turned to ask with a smile.

Nan Xinyue shook her head in response. "I don't have any evidence that you were involved in the downfall of those three families, but my gut feeling says that you were involved in their downfall."

"Haha." Tang Yin laughed at that. "Unfortunately, your guess was incorrect; I had no involvement in the downfall of the three families. They did play a role in the downfall of my Tang family and the death of both my parents, but I didn't need to take steps to bring them down. Besides me, there were some people who had a grudge against them, and they were the ones who brought down the family."

"Is that true?" Nan Xinyue didn't believe Tang Yin, and she was sure that she was involved in the downfall of the three families.

Tang Yi shrugged her shoulders. "It's up to you whether you believe me or not, but I've told you the truth, and I was in no way involved in the downfall of the three families. As for your offer, I am forced to reject you for the reasons I have mentioned previously. Tell your mother not to worry about my company; I will not attack her market."

"Alright." Nan Xinyue put away the documents in disappointment, but she left her business card with Tang Yin. "If you change your mind, you can contact me directly, and I will come to you again."

Tang Yin didn't answer Nan Xinyue and watched her leave her office. She picked up the business card on the desk, looked at it, and destroyed it. She informed her employees that she would be away for a few days, and Zhao Qing would take over the company.

Tang Yin entered into the ark after finishing her business, where she talked to Xiao Ai and asked her to monitor the Tianmei while she was away. Thereafter, she, Mu Qingge, and Tang Huang went straight to Earth II to meet Sun Qian.

.

.

.

Nan Xinyue thought about her meeting with Tang Yin just now, which made her sigh softly. She called her mother to inform her of the results of their meeting, which surprised Nan Yueqin.

[Are you sure Tang Yin told you the truth? Is she really not going to interfere in our company's markets?]

"Mother, if Tang Yin wanted to interfere in our company's markets, she would have done everything from the start, and she wouldn't have had to wait for me to come to her first." Nan Xinyue paused for a moment before continuing. "I really can't read her

thoughts, so I can't be certain what her next move will be. One thing is for sure: she will never interfere in our company's markets, so we don't need to worry about her company. I want to acquire her company's items in case she decides to close it down, as they will help us grow our own company."

[Do you think we should buy Tang Yin's company products and hand them over to our research department?]

Nan Xinyue let out a soft sigh. "We shouldn't do anything to Tang Yin's products and we should obtain them legally. I feel that she is very dangerous, and we will be in big trouble if she suspects we have ill intentions toward her. For now, we should not take any action regarding her products; instead, we will allow her to market them as usual, and I will approach her again to discuss her company's future after she has made a decision."

[Are you sure that Tang Yin will not interfere with our company?]

"One hundred percent."

[Alright, I trust your judgment, so I won't disturb Tang Yin's company.]

Nan Xinyue let out a sigh of relief. "I'll be going straight home tonight, Mother."

[Okay, I'll wait for you at home.]

Nan Xinyue ended their call and leaned against the back of the passenger seat. "Are you really not involved in the downfall of those families, Tang Yin?"

Meanwhile, Tang Xiao and Xing Xing spend time together at the lake. "Yin'er and the others decide to go to Earth II, and they will speak to Sun Qin at the Sun Clan."

- To Be Continued -

Chapter 206: Free Xiao Meng

"Why did they go to Earth II?" Tang Xiao explained to Xing Xing the information Tang Yin had gotten from Xiao Meng. "I never thought Xiao Luo would be so cruel! Even though the Sun Clan has helped the Xiao Clan so much, he still wants to betray Grandpa Sun. What are your plans for that woman? Are you going to let her go?"

Tang Xiao lifted Xing Xing to her feet. "As I said before, I have no interest in Xiao Meng. In fact, I hate that woman because she's too nosy, and I'm going to free her because Xiao Ai has implanted her sub-chip in her brain. Besides that, I will use Xiao Hua to monitor her, and they will help me to destroy the Xiao Clan later."

"Hehe." Xing Xiang giggled and teased Tang Xiao. "But you're interested in Sister Qingge, right? Why didn't you approach Yanar while her mother was away?"

Tang Xiao nodded in response. "Only a fool and a blind man could resist Qingge's allure; she embodies the beauty of a goddess. Being able to have her as my wife is a stroke of good luck for me, and I will do everything to secure my chance. As for Yan'er, I don't know what to decide about her yet, and I will wait until I get her mother. Let's go into the ark, Xing'er."

"Yes."

.

.

.

When they arrived at the Ark, Xiao Ai immediately met Tang Xiao, and she brought Xiao Hua, who was under the control of Tang Yin's parasitic soul. She also handed him many bottles of the old woman's yin qi, which delighted him, as they could help him improve his cultivation.

Tang Xiao immediately took Xing Xing and Xiao Hua to the prison area to meet Xiao Meng, and he freed the policewoman from there.

Xiao Meng looked at Tang Xiao with hostility, but he only smiled at her. "It's pointless to look at me that way, as you are already in my control, and you will assist me in destroying your grandfather. However, that won't happen anytime soon because I still have to prepare myself, and you just have to wait until the time comes. When I'm ready to go to Earth II, you will also return there to help me take over your Xiao Clan."

Xiao Meng chose not to say anything to Tang Xiao, who immediately unsealed her cultivation. 'Tsk! I will kill this bastard someday!'

"Hahaha." Tang Xiao laughed at that. "You know that your thoughts are useless, right? You will never be able to kill me, and I will kill you first before you can do that."

Xiao Meng looked at Tang Xiao in shock, wondering how he knew what was in her mind.

Tang Xiao grinned at her. "Surprise? Your life is now in my hands, and I can know everything that's on your mind. If you act stupidly, I will immediately eliminate you, and you will definitely regret that."

Thereafter, Tang Xiao sent the two women out of the ark, and he asked Xiao Hua to keep an eye on Xiao Meng every day. Additionally, he ordered the old woman to report to him every day, especially if Xiao Luo contacted him.

"Husband, I can't accompany you tonight because my mother and I are going to visit our relatives, and I'll be back in three days." Xing Xing spoke.

Tang Xiao hugged and kissed Xing Xing. "You don't need to worry about me, okay? I can cultivate on my own, and you can enjoy your time with your mother and your relatives. After you come back, I will spend a whole day accompanying you, so you don't need to worry about that, okay?"

"Hehe." Xing Xing blushed and stood on tiptoe to kiss Tang Xiao. "I'll go now, and I'll see you again in three days."

After Xing Xing exited the ark, Tang Xiao returned to his room in the living area. However, Mu Yan was already waiting for him there, and she hugged his arm in a spoiled manner. "Big brother, I miss you, and I want to spend time with you."

"Alright." Tang Xiao immediately agreed to her request. "However, we'll spend time together while cultivating, okay? I might break through to the next stage in a few days, and I can't wait for that."

Mu Yan nodded her head several times. "Even though my cultivation isn't stable yet, I can still absorb qi to prepare for the next breakthrough, and I will work hard to catch up to you."

"Haha." Tang Xiao laughed and brought Mu Yan to his room, where they cultivated together.

.

.

.

Xiao Meng had returned home, and she looked at Xiao Hua, whose eyes were still blank due to the control of Tang Yin's parasitic soul.

Xiao Meng thought about using her artifact to contact Xiao Luo, but her body couldn't move as soon as she wanted to take out her storage ring. No matter how hard she tried,

she still couldn't take it out, which was because Xiao Ai's sub-chip inside her brain was stopping her.

After trying several times and failing, Xiao Meng decided to give up; instead, she took out her smartphone to contact Sun Xiang. However, her best friend did not answer her calls, which made her feel annoyed, leading her to throw her smartphone on the bed.

Xiao Meng lay in her bed and thought about everything. "What exactly did Tang Xiao and Tang Yin do to me? Why can't I do what I want?"

Xiao Meng decided to close her eyes, and she quickly fell asleep, feeling stressed from all the events of the day.

.

.

.

Shen Xiang was completely shocked by the news from his father, and he tried to contact Yang Chen. Unfortunately, his efforts were in vain because his best friend's smartphone was turned off, and when he tried to contact Lin Xia, he got the same result.

Yang Mi asked her husband. "Have you told Yang Ziyue about this matter?"

"Not yet." Shen Tianhu replied with a shake of his head. "I don't know what to say to Yang Ziyue regarding this matter, but I have already told Ouyang Hong about the incident at the Yang House. Unfortunately, he is with Huang Xiaoming, so he can't go back now."

Shen Xiang immediately spoke. "Father, why do I feel that the people who disappeared are related to the destruction of the Tang family? Besides, most of my friends have disappeared, and only Ouyang Ming remains, which makes me think the incident has something to do with what happened to Tang Yin."

"Hmm?" Shen Tianhu looked at his son. "Do you think that Tang Yin is the culprit?"

"At first, I thought like that, but I felt like it was impossible." Shen Xiang then asked back. "Could Tang Yuan be the culprit?"

Shen Tianhu fell into thought and analyzed everything. "From the Tang Family, only Tang Yin and Tang Yuan remained, especially since Tang Xiao was dead after he fell into that ravine. Tang Huang had not appeared for a long time, and Ouyang Hong believed that something had happened to him. If he were still alive, that mysterious man would definitely stop him like he had all this time."

"Then, who did everything to all those families?" Yang Mi asked worriedly. "Now only our family remains, and that person might target us soon."

Shen Tianhu could only shake his head at his wife, as he had no answers to all the mysteries. He was also worried that the perpetrator would target his family, especially after all the other families except the Ouyang family had fallen. "Wife, I need you to contact our daughter, and you can ask her not to return to this country in the near future. For now, it would be safer for her to stay abroad so she won't be involved in all this trouble."

"Alright." Yang Mi hurriedly took out her smartphone to contact her daughter, Shen Ling. She informed her about her father's decision, and she forbade her to return to their country. "Ling'er didn't answer my calls, so I left her a message, and she will contact me directly after she reads it."

Sheng Tianhu nodded at her and rose to his feet, leaving the Shen House. Shen Xiang also hurriedly left, looking for Ouyang Ming at the Ouyang House.

.

.

.

Bam

Huang Xiaoming slammed his smartphone onto the floor after he finished answering Nan Yueqin's call, confusing Ouyang Hong and Su Rou.

Suddenly, they saw a car approaching, and Wang Dong ran in with a panicked expression. "Sir, something serious happened to my company."

"Hmm?" Huang Xiaoming frowned. "What happened to your company?"

Wang Dong hurriedly explained everything that had happened, which shocked Huang Xiaoming and Ouyang Hong. Unlike them, Su Rou smiled faintly, unnoticed by the three old men. 'I knew it! Tang Xiao is no ordinary person, and he must have done all that to this man.'

Wang Dong asked Huang Xiaoming. "What should I do now, sir? You must help me, or I will fall into poverty, and I cannot endure such circumstances."

"Give me your smartphone." Wang Dong handed his smartphone to Huang Xiaoming, who contacted someone to check everything.

After Huang Xiaoming ended the call and returned the smartphone to Wang Dong, another call came in on the device. "Who?"

[Give your smartphone to Huang Xiaoming.]

Wang Dong looked at Huang Xiaoming. "Sir, this person wants to talk to you."

"Hmm?" Huang Xiaoming raised an eyebrow and received the smartphone. "Who the hell are you?"

- To Be Continued -

Chapter 207: Threatened

[You don't need to know who I am. You just need to know that you'll be doomed if you dare help Wang Dong recover his company, and I don't mess around with my threats, so you better not underestimate my words.]

"You—" Huang Xiaoming didn't continue his words because the person had already hung up, which made his face darken with anger. 'Who exactly was the person who called just now? How dare he threaten me like that? No one has ever dared to treat me like this before.'

Huang Xiaoming tried calling the number again, but no one answered his call, which made him even more furious. Even so, he didn't dare to underestimate that person's threat, especially since that person could do something like destroy Wang Dong's company.

Huang Xiaoming returned the smartphone to Wang Dong. "Leave for now, and I will think of a way to help you get your company back."

"But—"

"Leave." Wang Dong didn't dare to linger in the villa because Huang Xiaoming's expression was terrible, and he immediately left the place.

After Wang Dong left, Ouyang Hong turned to Huang Xiaoming and asked him a question. "Who was the person who called you, sir? What did that person say to you?"

"I don't recognize that man's identity." Huang Xiaoming's answer surprised Ouyang Hong. "Forget it! I have a bad feeling about that man, and he will completely destroy me if I try to help Wang Dong's company. I don't want my tireless efforts over the years to be destroyed just to help him, so let him search for help from someone else, such as his grandfather. We don't need to talk about him anymore; those people will soon arrive at this villa, and we will start the banquet once they arrive."

Ouyang Hong seriously watched Huang Xiaoming walking away, and he had never seen him so scared before. 'Who exactly is that person? Why is he so afraid of that person?'

"Sir." Su Rou moved to Ouyang Hong's lap. "How about we have some fun while we wait for those guests to arrive tonight?"

"Hahaha." Ouyang Hong laughed and carried her to the bedroom. "You're quite the seductress, huh? Okay, let's have some fun now. The new guests will be arriving tonight, and you'd better be careful when you talk to them later."

Su Rou put her arms around her neck and smirked. "We don't have to think about those people, and we just have to have fun until they arrive."

.

.

.

"Hahaha." Feng Shen laughed heartily as he led Tang Xiao's clone and Tantai Lingyan out of the battle arena in Lingshan City. "I didn't expect you to win ten matches in a row, but the opponents who appeared today aren't the best rogue cultivators. If you keep winning like this, those people will show up to challenge you, and it will become increasingly difficult for you to win."

"You look down on my disciple too much." Tantai Lingyan shook her head as she spoke. "Whoever comes to fight with him, as long as they can't keep up with his speed, he will definitely defeat them all."

"You're not wrong about that." Feng Shen nodded, agreeing with her. "His speed is indeed far above the average cultivator here, but there are some of them who have faster speeds than him. If he encounters those people, he can't rely on his speed all the time, and they might defeat him."

"Whoever comes to challenge me, I will face them with all my strength, and I will not lose." Tang Xiao's clone turned to Tantai Lingyan. "My grandfather, Yin'er, and Mu Qinggi are on their way to the Sun Clan to meet Sun Qian."

"Hmm?" Feng Shen and Tantai Lingyan turned to him. "Did something happen after I left?"

"Yes." Tang Xiao's clone told Feng Shen and Tantai Lingyan about the Xiao Clan, Xiao Meng, and Xiao Hua, which made their expressions turn ugly. "I didn't expect that the Xiao Clan had ties with the Xie Clan, and they were trying to take over the Sun Clan from Sun Qian. Fortunately, they managed to capture the two women, and Yin'er

managed to get a lot of information from them about Xiao Luo's plans. Otherwise, it would have been too late, and they would have succeeded in taking over the Sun Clan."

Feng Shen nodded in understanding. "Actually, many cultivators already suspect Xiao Luo and the Xiao Clan of their relationship with the Xie Clan. Unfortunately, we don't have solid evidence of the two clans' relationship, so we can't take action against them yet."

"Even though we know about their relationship, it's still difficult for us to take action against the Xiao Clan." Feng Shen nodded in agreement with Tantai Lingyan. "At least, we can warn Old Sun about the two clans' relationship, and he can prepare everything to deal with them. When did the three of them leave here? Why did Old Huang and Mu Qingge bring Yin'er here?"

Tang Xiao's clone sighed softly. "They left a few hours ago, and they've already entered Earth II. As for Yin'er, she asked Mu Qingge to bring her here, and she will help them convince Sun Qian. You don't need to worry about her safety because she can enter that place at any time, so she will be completely safe to come here."

"I see." Tantai Lingyan nodded in understanding. "Since they just left here today, they will arrive at the Sun Clan in three days. I will follow them there when they arrive, and I will help them to talk to Old Sun. Do you want to come with me there?"

"No." Tang's clone refused with a shake of his head. "I still want to train in the battle arena, and I'll take on anyone who challenges me there. Therefore, I won't be joining you in the Sun Clan. However, I need your help to talk to Sun Xiang's mother, and you can tell her that I'm interested in her daughter."

Tantai Lingyan could only shake her head at that. "I will help you talk to Zhang Xingcai about your relationship with Sun Xiang, but you still have to go to the Sun Clan to talk to her directly. She loves her daughter very much, and you have to try hard to convince her to approve of your relationship with her."

"I know."

After that, Tantai Lingyan Feng Shen took Tang Xiao's clone to a forest, mainly because she wanted to fight those wild beasts to improve her abilities.

.

.

.

Meanwhile, Yang Ziyue was in her apartment, but she was shocked to find a large amount of blood in the master bedroom. She had been in contact with Xiao Meng before, but the policewoman didn't explain the details to her.

Yang Ziyue tried to reach out to her parents and little brother, but their disconnected phone numbers left her perplexed about their whereabouts. "Where did they actually go? Why didn't the policewoman want to tell me the truth?"

Yang Ziyue cleaned the main bedroom and changed all the sheets, but the mattress still had blood stains. She tried to contact Tang Xiao to ask him to meet, but he didn't answer her calls because he was focused on cultivating in his room at the ark, making her sigh helplessly.

Following this, Yang Ziyue decided to leave her apartment and head back to Yang House, waiting for the return of her parents and little brother. However, she was unaware that Tang Yin had killed them, rendering her hopes for their return futile.

.

.

.

Ouyang Qing was so happy to be able to spend time with her mother, Yi An. Since it was already late and they were far from their hometown, they decided to stay overnight in the city, and they went to look for a fairly luxurious hotel there.

After they arrived at the hotel, they decided to take a bath together, just like Yi An had bathed Ouyang Qing when she was little.

Yi An helped her daughter wash her hair while asking her. "Qing'er, is there a man who caught your eye after you broke up with Wen Tian?"

"Eh?" Ouyang Qing was stunned by her mother's question, but she didn't dare confess to her about her relationship with Tang Xiao. "Mom, I broke up with Wen Tian not long ago, so I don't want to find a new boyfriend right now. Besides, I'm still very young, so I'm in no rush to get married, and I want to enjoy my first youth. What about you? Are you going to divorce my father?"

"Qing'er, I want to divorce your father, but I can't do that. If I do, he will attack my Yi family, and they will definitely suffer for it." Yi An sighed softly after she said that. "For now, I will live my days pretending not to know, so he won't suspect that I already know about his affairs with all those women."

Ouyang Qing sighed in her heart, turned around to face her mother, and hugged her. "I'm sorry, Mom. I can't help you through this situation, and I'm afraid my dad will punish

me if I interfere with your affairs. However, you should know that I love you very much, and I wish you the best. If you really want to divorce him, I will go with you, and I will accompany you."

"It's okay; I'm glad that you can understand the situation." After that, Yi An and Ouyang Qing hurriedly finished their bath; they continued talking in bed.

Chapter 208: Wang Xiaogang's Rejection

"How did it go, husband?"

Zhao Teng, who had just returned, immediately sat down in front of his wife. "No one is willing to help me when I'm in trouble, even though I often help them. How did your meeting with that woman go?"

"Tang Yin wouldn't meet me, and she wanted you to come to her yourself." Zhao Teng frowned at Lin Yanxiu. "Husband, you should go see Yin'er yourself; she doesn't want to talk to me. She only wants to talk to you, so you have to see her as soon as possible."

Zhao Teng didn't say anything and went straight to their room, causing Lin Yanxiu to sigh helplessly. "Stubborn! Why is he so stubborn in a desperate situation like this?"

.

.

.

"Father." Wang Xiaogang, who was playing Chinese chess with his friend, turned to Wang Dong. "Can we talk alone?"

Wang Xiaogang didn't answer his son directly and said to his friend, "Old Lu, it looks like we'll have to continue our Chinese chess game tomorrow morning."

"I understand." Old Lu hurriedly left the Wang House.

Wang Dong immediately sat down in front of his father, but Wang Xiaogang asked him questions, prompting him to explain everything. "Father, please save my company, or my family will face destruction."

"No."

"But—"

"I said no." Wang Xiaogang firmly refused. "I advised you not to interfere in the Tang family's affairs, but you refused to listen to me, so I will use this incident as a lesson for you."

"Father, I—"

Wang Xiaogang glared at his son. "Since you refuse to listen to my advice, you must handle your problems on your own, and I will never help you. You are old, and you already have several children. You should know the difference between right and wrong, but you turned a blind eye to the truth. You yourself chose the wrong path, so you must bear the consequences. Now, leave and solve your problems."

"Father." Wang Xiaogang sighed softly and immediately left Wang Dong, much to his disappointment. He stared in the direction his father had disappeared before leaving the Wang House in disappointment. "Who can help me now? Should I go see Tang Yin?"

.

.

.

"Don't worry, Father. I won't help Wang Dong if he comes here and asks for my help." Wang Yuelin immediately turned off their call.

Zhao Zheng immediately asked her. "What happened to Wang Dong, Wife?"

"Sigh." Wang Yuelin sighed softly and told Zhao Zheng everything. "My father warned him not to interfere in this matter, but he still insisted on interfering, and his company ran into major trouble. Tang Yin's Tianmei Group seized 95% of the company's shares when its stock price plummeted."

Zhao Zheng furrowed his brows. "Where did Yin'er get so much money? She already bought 55% of my uncle's company, and she also bought 95% of Wang Dong's company."

"I don't have a definite answer, but I have a guess about Tang Yin's source of funds." Zhao Zheng looked at Wang Yuelin curiously. "If my guess is correct, she has a relationship with the person who destroyed the three families, and she got their wealth from that person, so she has more money to do all that."

Zhao Zheng asked his wife again. "Who do you think that mysterious person is? Why did he help Yin'er do all that?"

"I don't know." Wang Yuelin replied with a shake of his head. "One thing is for sure: we must never mess with Tang Yin, or we will be destroyed like them."

Zhao Zheng nodded in agreement with his wife before changing their conversation. "How was the IVF result? Did everything go smoothly?"

"Hehehe." Wang Yuelin rubbed her still-flat belly. "I've asked the doctor, and he said the IVF process went perfectly. Besides, the fetus in my womb is also without any problems, and it should be strong enough to develop into a baby."

"Phew." Zhao Zheng stroked his chest after hearing that. "In that case, we only need to wait a few months, and we will have children for the first time."

"Yes." Wang Yuelin nodded to her husband. "I've wanted a child for a long time, and I don't want this IVF process to fail, so I have to take care of my health as best as possible."

Zhao Zheng agreed. "You should get plenty of rest, and the fetus in your womb will be fine."

"Yeah."

At night, Tang Xiao stopped cultivating, opened his eyes, and let out a breath of relief. He turned to Mu Yan, but she was still serious in her cultivation, so he did not disturb her.

Tang Xiao left his room, but Xiao Ai was already waiting for him outside. "Is something wrong? Why are you waiting here?"

"No major problems, Master." Xiao Ai immediately explained several matters to Tang Xiao, including her actions toward Huang Xiaoming, Wang Dong, and other related issues. "Master, Lin Yan's husband arrived in this city this afternoon, but he told her that he hasn't returned yet. He should have watched your sex video with her, and he seems to want to catch you two in the act."

Tang Xiao nodded to her. "Actually, I still want to enjoy her body, but I think it's time to end all this, and I'll get rid of her tonight. What about Rong Xiaolan? Have you secured her from her husband?"

"Yes." Xiao Ai informed Tang Xiao of some things regarding Rong Xiaolan. "She is safe now, and her husband will not be able to find her, master."

"That's good! Rong Xiaolan has no problem with me, and I'm just using her to get rid of Meng Wuya, so I don't want anything bad to happen to her." Tang Xiao took out his smartphone, and he was a little surprised by Yang Ziyue's message, but he didn't reply to her message. "I'm going to see Lin Yan now, and I hope her husband will show up while I'm with her."

"Yes, master."

.
. .
.

****Knock... Knock...****

Tang Xiao checked the area around the house, and he found Lin Yan's husband hiding a little far away from the house. 'I didn't want to do this to you, but your wife framed me seven years ago, and she made me spend seven years in prison.'

****Click****

Lin Yan came out for a moment and immediately pulled Tang Xiao into her house, which made her husband, who was peeking from afar, feel really disappointed.

Lin Yan's husband cautiously walked towards her house, but he didn't go inside immediately. He peeked through the slightly open window, which Tang Xiao had intentionally left open so he could watch him and his wife in action.

Once inside, Tang Xiao pressed Lin Yan against the wall and gave her a passionate kiss. While kissing passionately, the two of them removed each other's clothes, leaving them completely naked.

Tang Xiao didn't waste much time, and he immediately used the pleasure touch on Lin Yan, causing her to become aroused quickly. When she was fully aroused, he lifted her left leg up and thrust his cock into her pussy all at once, making her let out a sensual moan.

Lin Yan's husband felt hurt when he saw his wife having sex with another man in their house, yet he also felt aroused by witnessing this sexual activity. 'Sigh! We've been married for so long, but she ended up cheating on me with another man. I've decided to divorce her after today, and I'll take our child to another city, so she'll never be able to see him.'

.

Inside the house, Tang Xiao found that the man had left, and he didn't hold back anymore and started fucking Lin Yan. He fucked her so hard that she reached her first orgasm, but he wasn't satisfied with that and fucked her in another position.

After Lin Yan was exhausted from her repeated orgasms, Tang Xiao stopped fucking her. Although she hadn't reached orgasm yet, she didn't have any problems with it, and she lay down on her bed.

Tang Xiao considered killing Lin Yan and throwing her body into the void, but Xiao Ai spoke to him and asked him to hold off, especially since her husband was in the process of filing for their divorce.

"Hah... Hah..." Lin Yan panted heavily and looked at Tang Xiao. "You haven't ejaculated yet, have you? Come over here and let me give you a blowjob, and you can ejaculate in my mouth."

Tang Xiao didn't say anything, and he stood on the side of the bed. Luo Yan immediately adjusted her position and grabbed his cock, feeling its hardness since he hadn't ejaculated yet.

Lin Yan put Tang Xiao's cock into her mouth and gave him an intense blowjob, filling her mouth because his cock was too big for her. Even so, she vigorously moved her head back and forth, sucking and licking his cock in her mouth.

Tang Xiao couldn't wait and grabbed Lin Yan's head, startling her. He didn't say anything to her and moved his lower body quickly, making his cock move in and out of her mouth so swiftly that she couldn't accommodate him. 'Ugh! Why is he so rough tonight? What really happened to him?'

A few minutes later, Tang Xiao reached his first orgasm, and his cum flowed down Mu Yan's throat.

"Why are you—Ahh." Tang Xiao made Lin Yan lie face down on the bed, pinned her under him, and thrust his dick into her pussy again. "Ahh... Oh, gosh... Ahh... You just orgasmed, but you're still this horny."

Chapter 209: Wang Fuxi's Appearance

"How did it go, husband?"

Wang Dong sat beside Wen Qingsi with a troubled expression, his appearance disheveled. "I can't do anything now, wife. I've asked Huang Xiaoming for help, but he couldn't help me because a mysterious person threatened him. I went to my father's house, but he wasn't willing to help me either, and he wanted me to learn from this mistake."

"What about your friends?" Wang Dong shook his head at Wen Qingsi, who immediately embraced him. "I know our situation is awful right now, but I have no problem with that. We just need to start over from scratch, and we can achieve success like before."

Wang Dong turned to his wife. "Do you really have no problem with all of this? Are you willing to accompany me to start everything from scratch?"

"Yes." Wen Qingsi nodded at him. "We are husband and wife and we have sworn to go through everything together, both good and bad. I may not have any experience in business, but I can help you with some other things, and we will start all over again."

Wang Dong hugged his wife. "Thank you for being my wife and accompanying me through thick and thin."

"I've prepared hot water for you, so you can take a shower now." Wen Qingsi simply smiled and held her husband up. "I'll wait for you in our bedroom."

"Alright."

.

At Huang Xiaoming's villa, the banquet had already ended. Most of the guests had returned, but some guests remained there to drink together.

Su Rou did not join them and approached a woman, who was thinking alone in the front garden. "Are you thinking about my boss, Mrs. Gong?"

"Hmm?" Gong Qingyan turned to her and raised her eyebrows. "What do you mean by your question?"

"Haha." Su Rou laughed and sat next to her. "I know you came to Ouyang House a few days ago, and my boss was angry with you because she found out about your affair with her husband."

"You—"

"You don't need to deny it." Su Rou stopped her with a shake of her head. "I've heard everything from Yi An about your relationship with Ouyang Hong, and she was furious with you after finding out about your affair with her husband."

Gong Qingyan's face darkened upon hearing that, as she had not expected Yi An to reveal her affair with Ouyang Hong to her personal assistant. "What do you want?"

"Nothing." Gong Qingyan looked at Su Rou suspiciously. "I don't want anything from you because I also had an affair with Ouyang Hong without my boss knowing, and I always enjoyed our time together."

Su Rou's confession shocked Gong Qingyan. "Does Yi An know about her husband's affair with you?"

"I doubt that." Su Rou turned to her. "What if we have a threesome with him? I know Yi An was furious with you after finding out about your affair, but I'm sure she won't find out anymore."

"No." Gong Qingyan refused with a shake of her head. "After I talked to Yi An, I've decided to stop having an affair with her husband, so I won't do it again."

"I see." Su Rou asked her again. "Can your old husband satisfy you? Are you sure your sexual desires will be fulfilled without the presence of another man?"

Gong Qingyan turned her face away. "Please leave me alone."

"Haha." Su Rou stood up. "If you want to join us, we will wait for you in our room, and the three of us will have fun together."

Gong Qingyan didn't say anything, and Su Rou immediately left her. After she left, she clenched her fists tightly. On the one hand, she wanted to continue her affair with Ouyang Hong because her husband couldn't satisfy her, but on the other, she felt guilty towards Yi An for having an affair with her husband.

In the end, Gong Qingyan decided to return to her room, waiting for her husband, who was drinking alcohol with other men.

.

Morning came quickly, and Tang Xiao immediately got dressed. He looked at Lin Yan, who was fast asleep after having sex with him all night long.

Tang Xiao immediately returned to the Ouyang House, especially after Xiao Ai informed him that Yi An and Ouyang Qing were already on their way back from out of town.

When he returned to the Ouyang House, Tang Xiao found Shen Xiang walking out of the main house towards the car parking area. He smiled faintly when he saw him. 'Shen Tianhu was the last of the people who killed my parents, and I will finish him off tonight.'

[Are you really going to act against Shen Tianhu and his family today, Master?]

'Yes.' Tang Xiao walked straight to his room. 'I'm going to clean up the Shen Family tonight, so only Ouyang Hong is left. Since I can't kill him now, I'll let him live for now, but I'll kill him after I defeat Long Yin.'

[I think that's good, Master. After this, you can focus on your cultivation, and you should go to Earth II for that. If your real body and your clone train there, I'm sure your cultivation will improve rapidly, and your combat abilities will also improve as you fight more cultivators there.]

Tang Xiao rushed into his room. "Can I travel between the two places instantly, Xiao Ai?"

[Of course, you can do it, Master. As long as you're on Earth II, you just need to enter this ark, and you can return to this city whenever you want.]

"Can Yin'er and the others do it too?" Tang Xiao asked again, sitting cross-legged on his bed.

[Master, everyone who has entered this ark can enter here at any time from Earth II, including my mistress, Mu Qingge, and the others.]

Tang Xiao nodded in satisfaction with that. "I will focus on cultivating now, and you can tell me if Yi An and Ouyang Qing have returned to this house."

[Yes, master.]

Tang Xiao closed his eyes and began to cultivate, especially since he couldn't wait to break through to the upper rank of the Xiantian Level.

.
. .
.

Feng Yao and Tang Yuan, who were talking, suddenly froze as soon as they received a voice transmission from someone.

Tang Yuan let out a low sigh. "Xiao'er hasn't finished his revenge on those families, and there's still the Shen family left, but Wang Fuxi has already completed her seclusion."

"There's nothing we can do, right? Sooner or later, Wang Fuxi will definitely come out of her seclusion, and she will definitely find out all of Tang Xiao's actions against those families." Feng Yao stood up from her seat. "You should have warned him to be careful, or she would have captured him and crippled his cultivation."

"Yeah." Tang Yuan immediately contacted Tang Xiao, and she told him to be very careful, especially since Wang Fuxi had left her seclusion. "Let's go there now, or she'll wait too long for us."

"Let's go."

.

.

.

After flying for a while, Feng Yao and Tang Yuan arrived at a location. Several women had gathered there, and they were reporting to the woman wearing a thin face veil in front of them, who was none other than Wang Fuxi, the strongest cultivator after Long Yin.

Most of Wang Fuxi's face was hidden behind a sheer black veil, but they could see her black eyes were sharp and bright, and a golden crest rested just above her thin brows. Her long and glossy black hair was styled partly into a high bun, with golden ornaments woven through it.

Wang Fuxi's figure was tall, slim, and perfectly mature. The fitted midsection of her gown accentuated her waist, which was slim but not too slim. Her arms and legs were long, slim, and smooth. Her chest was truly big, and her breasts were quite prominent from beneath her black dress.

Wang Fuxi wore a plain long black dress without any decorations, and a cloth belt decorated with black roses on the front wrapped around her waist, with the chest slightly exposed. Her sleeves were long and flared, hiding her long arms.

Wang Fuxi glanced at Feng Yao and Tang Yuan for a moment, but she didn't speak to them immediately and listened to the women's report.

After they finished reporting everything, Wang Fuxi ordered them all to leave the scene. "Bai Lianzhi, I want you to investigate this matter as soon as possible, and you can report it to me once you find the cause."

"Yes, Big Sis." A young woman dressed in white and wearing a white face veil immediately left the place after answering her.

Wang Fuxi walked up to Feng Yao and Tang Yuan. "Is there anything you two would like to explain to me about the male cultivator who killed those mortals? I may have been serious about my seclusion these few days, but I've also been keeping a close eye on the events taking place in this city all this time. I discovered that the man killed many people, yet you two did nothing to stop him, even though the city was the responsibility of both of you."

"Big Sis, I—"

"No need, Yao." Tang Yuan stopped Feng Yao and looked at Wang Fuxi. "Big Sis, the man you are referring to is my nephew, Tang Xiao."

Wang Fuxi raised her eyebrows for a moment. "Isn't your nephew mortal, Yuan? As I recall, his late father never allowed him to become a cultivator like you and your father, right?"

Chapter 210: Three Women Conversation

Tang Yuan told Wang Fuxi about how Tang Xiao became a cultivator, including the incident that nearly killed him. However, she did not disclose the existence of the ark and other related matters, as these were her nephew's secrets. "Those families started everything by killing both of Xiao'er's parents, and their children also committed many atrocities against him and my niece. Their daughters framed him for violating them by force, which resulted in him spending seven years in prison. Their sons tried to violate my niece, and she was forced to jump off that building to save herself. In the end, she had to lie in a coma for seven years in the hospital."

"I know all that." Wang Fuxi replied with a light nod. "However, Tang Xiao is already a cultivator now, and he shouldn't kill those mortals."

"Big sis, you—"

"You don't need to interfere, Yao." Tang Yuan stopped Feng Yao and spoke to Wang Fuxi. "Please answer my question, Big Sis. What would you do if they killed your father in front of your eyes? What would you do if they violated your mother by force in front of your eyes? What would you do if they framed you for doing something you didn't do? What would you do if they did something to your big sister that made her commit suicide?"

Wang Fuxi stared at Tang Yuan without being able to answer all her questions, especially since she had never been in such a situation in her life.

"See? You can't answer all my questions." Tang Yuan asked in an annoyed tone. "I wanted to kill them with my own hands, but I didn't do it because I obeyed the rules you've set all this time. However, Xiao'er was different from me, and he had to go through his misfortune since he was five years old. For your information, those people sent their subordinates into the prison specifically to kill him when he was almost free from prison, which almost made him die in that ravine. Fortunately, he had good fortune because someone saved him from death, and that person taught him to become a cultivator. You were lucky because you were born in the Wang Clan, and no one dared to go against you. If you were born as an ordinary woman, what would you do if you were in his position and experienced all that?"

Wang Fuxi remained silent and looked at Tang Yuan, thinking deeply about her words. "Who was the person who saved Tang Xiao from the ravine?"

"I don't know the identity of that person." Tang Yuan replied by shaking her head. "In fact, Xiao'er doesn't know the identity of his savior, especially since that person already died by exchanging his life for him. I know that it's inappropriate for cultivators like us to kill mortals, but he never killed other people. He only killed everyone related to his parents' deaths, framed him in prison for seven years, and tried to violate his big sister by force."

Feng Yao finally spoke. "I hope you can understand Tang Xiao's situation, Big Sis. He has killed many people, but all of them were related to the deaths of his parents and the destruction of his family, and he never killed other people who had nothing to do with any of that. You've never been in his shoes, so you can't understand his feelings. If they killed your father and violated your mother by force before your very eyes, I'm sure you would feel the same way. Of all those families, only two families remain now, but one of them is under Long Yin's protection, especially since their ancestor saved his life when he almost died from breaking through."

"Which family?" Wang Fuxi had heard of it, but she didn't know for sure which family had saved Long Yin.

"The Ouyang Family."

Wang Fuxi nodded in understanding. "Where is Tang Xiao now?"

"I don't know exactly where Xiao'er is now." Wang Fuxi narrowed her eyes at Tang Yuan. "I didn't lie to you, Big Sis. Since he returned, I haven't seen him much, and he's unwilling to reveal his plans to me. He chose to act secretly, and I only know that those families have fallen because of him. Currently, only the Ouyang and Shen families remain among those that have fallen."

Wang Fuxi pondered to think. "Since Tang Xiao couldn't attack the Ouyang Family because of the presence of Long Yin behind them, he must be targeting the Shen Family, right?"

"Yes." Tang Yuan did not hide it from Wang Fuxi. "I don't know when he will act against the Shen Family, but he will probably act against that family soon."

Feng Yao spoke to Wang Fuxi. "Big Sis, you shouldn't stop Tang Xiao from taking revenge on that family, and you should let him do it."

"Hmm?" Wang Fuxi frowned at Feng Yao.

"I understand your desire to protect those mortals, but they killed his parents, Big Sis." Wang Fuxi didn't say anything to interrupt Feng Yao. "You are indeed the second strongest cultivator after Long Yin, but Tang Xiao is no ordinary cultivator, and you will never be able to capture him. If you try to stop him now, he will view you as his enemy, and he will fight you when he becomes as strong as you."

Wang Fuxi didn't doubt Feng Yao's words in the slightest, especially since she had no clear information about Tang Xiao. Moreover, she was not an arrogant woman, and she had always believed there was a sky above the sky, so she believed in the existence of other cultivators who could surpass her. "Has he ever been to Earth II?"

"Yes." Feng Yao nodded to her. "Tang Xiao has been to the Earth II and trained in the Ming Clan's battle arena, and he was able to win several battles in a row."

"Oh?" Wang Fuxi was a little surprised to hear that. "Who brought Tang Xiao to Earth II? Was it Tang Huang or Tantai Lingyan?"

"Neither." Wang Fuxi turned to Tang Yuan. "My father and Big Sis Lingyan were taking care of other more important matters, so they didn't accompany Xiao'er to Earth II, and he went there alone."

"What do you mean by more important matters?"

Tang Yuan looked at Feng Yao, who nodded to her. She immediately explained to Wang Fuxi the incident that occurred at the Mu House some time ago, particularly focusing on Xie Ao's appearance.

Wang Fuxi's expression became serious, and she frowned deeply. "I didn't expect the heretic clan to be so bold, and they attacked the outside world while I was in seclusion."

"They attacked Old Mu during his birthday celebration, but he was lucky because my grandfather and Big Sis Lingyan came at the right time, and they both stopped Xie Ao." Tang Yuan shared additional information with her. "Besides the Jiang Clan, there's another clan that's siding with the Xie Clan, and you wouldn't believe it if you heard it."

"Who?"

"The Xiao Clan." Wang Fuxi looked shocked after Tang Yuan mentioned the clan. "Currently, my father, Big Sis Lingyan, and Mu Qingge are on their way to the Sun Clan, especially since Xiao Luo is targeting that clan and Uncle Sun."

Wang Fuxi nodded in understanding. "Uncle Sun has helped Xiao Luo and the Xiao Clan a lot, but they're actually conspiring with the heretic clan to destroy him. Unfortunately, he can't do anything to them right now, especially since the Xie Clan is so mysterious and powerful."

"Is the Xie Clan really that strong, Big Sis?" Feng Yao and Tang Yuan asked.

"Yes." Wang Fuxi nodded at them. "Even Long Yin and I don't dare to deal with the Xie Clan because we don't know the depth of that clan's strength, and they still have an ancestor who is just as powerful as us."

"Is there anything we can do to stop the Xie Clan, big Sis?" Feng Yao asked.

"I don't know." Wang Fuxi sighed softly as she shook her head. "Alright, you two can go back now, and I'll think of something to resolve the matter. For now, I need to find Tang Xiao, and I'll talk to him about his actions in killing those mortals."

Tang Yuan wanted to talk to Wang Fuxi about Tang Xiao, but Feng Yao hurriedly stopped her and took her away from the place directly.

Wang Fuxi spread her senses throughout the city to search for Tang Xiao, but she was unable to find him because he was wearing a disguise to work at Ouyang House. Since she already knew his next target was the Shen family, she decided to go to the family's house and wait for him there.

.

.

.

Tang Xiao, who was cultivating, immediately opened his eyes and listened to the incoming message from Tang Yuan. "Wang Fuxi is back, huh? Has she decided to stop me from killing the Shen family?"

[What are you going to do now, Master? Wang Fuxi is a powerful cultivator, and you are clearly no match for her right now. If she intends to stop you from killing the Shen Family, you will be in big trouble.]

"Do you think Wang Fuxi can stop me from escaping into the ark, Xiao Ai?"

[Master, no one will be able to stop you from entering the ark, including Wang Fuxi. However, she can stop you from killing the Shen Family, and you won't be able to do anything against her with your current strength.]
