## Chapter 361: Buy Building Materials

Huo Yan opened her eyes as Tang Xiao entered the room. "Have you decided which halls?"

"Not yet." Tang Xiao sat across from her. "I'm interested in several halls, but I'm still unsure about my choice because I'm studying several things at once, such as the sword path, the body cultivation path, and several others. Have you joined any of the halls?"

Huo Yan shook her head. "I don't have time to join them, and I'm more focused on my cultivation. If I want to practice, I'll practice alone using the techniques I inherited from my family."

"Oh." Tang Xiao was curious about that and Huo Yan's background, but he wasn't a nosy person, so he didn't ask her anything. After she resumed her cultivation, he sat cross-legged on his bed to cultivate.

[Master, Huangfu Meizhen was monitoring you with a woman when you went to the dual cultivation hall earlier, and they seemed to be planning something against you.]

'I know they're monitoring me, but I don't know the identity of the other woman.'

[I will show you the woman's data.]

'Alright.'

Tang Xiao raised an eyebrow slightly. 'A female beast, the Phantom Charm Butterfly. Do you think her charm will affect me, Mei?'

[Hehe! The Phantom Charm Butterfly is the lowest class of charming beasts, and her charm will never be able to affect you, especially with the celestial bloodline in your body, Master. However, I didn't expect Huangfu Meizhen to use a female beast like her to approach you, especially since she already has a partner. You must be careful of the female beast, as her cultivation is on par with Tantai Lingyan's, and you will have a hard time breaking free from her pressure.]

Tang Xiao nodded slightly. 'Show me Huangfu Meizhen's data, Xiao Ai.'

[Wait.]

'Oh? Huangfu Meizhen's cultivation is on par with Wang Fuxi, and Duanmu Jingjing is stronger than her. If it weren't for the fact that her ancestors were the founders of this sect, she probably wouldn't have become the sect master.'

[Hehe! Are you interested in her, Master? She's beautiful, sexy, and has a high cultivation base. Most importantly, she's never had a partner before, so she's still a virgin.]

'Haha,' Tang Xiao laughed upon hearing that. 'Huang Meizhen is indeed beautiful and sexy, but I didn't come to this realm and join this sect to find women, Xiao Ai. I just want to increase my strength as quickly as possible, and we'll go to the upper realm after I take revenge on Wang Fuxi and Long Yin.'

After that, Tang Xiao closed his eyes, and he began to cultivate.

.

.

.

In the evening, Tang Xiao left Huo Yan, who was still focused on her cultivation. He went to pick up Tang Ying, Xing Xing, Mu Yan, and Sun Xiang. However, the latter two women were still focused on their cultivation, so he didn't disturb them.

Tang Xiao contacted Mu Qingge to invite her to go with them, but she chose to cultivate in her room in the core disciple courtyard. He didn't force her to join them, and he left with his two wives.

Since the Nine Profound Sect was close to the Song Kingdom's capital, Tang Xiao took Tang Yin and Xing Xing there to explore the areas. The bustling nightlife of the capital amazed them, far more vibrant than the nightlife in cities on Earth.

Along the way, Tang Yin and Xing Xing told Tang Xiao several things, especially about the places they had visited with Su Xiulan before. He also told them a few things, especially about his housemate, Huo Yan.

Tang Yin teased Tang Xiao after he told them about Huo Yan, but he had no interest in her. Then, he told them about Huangfu Meizhen, who had asked Zhao Meiyu to do something for him.

"What does that woman want, Husband? Why did she ask her to approach you?" Xing Xing asked in confusion.

"What else, Xing'er?" Xing Xing looked at Tang Yin. "Sect Master Huangfu knows that Xiao'er is a dual cultivator and we are his wives, and she also knows about his aptitude. I'm sure she wants to keep him in her sect as long as possible because of his cultivation aptitude. She probably asked that woman to get close to him to make him feel at home there so he wouldn't leave and join other sects. However, the sect master misunderstands him by asking a partnered woman to approach him, so their efforts will end in vain."

Xing Xing looked at Tang Xiao. "Are you really not going to respond to that woman, husband? I know he already has a partner, but some of the women beside you were also previously other men's wives, right?"

"You're not wrong about that, Xing'er." Tang Xiao nodded. "However, you forget that some of them were once my enemies, and I kept them by my side because of their past kindness. Meng Xin and Yi An were indeed married in the past, but they were different from Zhao Meiyu, and they would never use their bodies to seduce other men. On the contrary, that female beast is a dual cultivator, and she seems to be willing to use anything to seduce me, including her charm and body."

Xing Xing nodded in understanding. "So, what would you do to her if she tried to approach you and use her charm on you?"

"Her charm won't work on me because of my bloodline, so she won't be able to do anything to me. If she tries to pressure me and force me using her high cultivation, I can do something to deter her." Xing Xing and Tang Yin looked at Tang Xiao curiously. "Haha! You two don't need to be so curious, and you'll definitely find out everything later."

Tang Xiao, Tang Yin, and Xing Xing spent some time in the capital before returning to the sect.

.  
. .  
.

As Tang Xiao walked towards his room in the inner courtyard, he sensed someone watching him from afar, and Xiao Ai informed him that it was Zhao Meiyu. He smiled faintly, looked at her, and used his Heart-Seizing Technique.

Tang Xiao himself didn't need to use the technique up close, and it directly targeted the heart and soul of his target with a single glance, whisper, or touch. 'Your charm may be strong for others, but it won't work against me. On the contrary, my technique is effective against anyone, and I'm sure you'll be affected by it.'

Tang Xiao immediately entered the bamboo house, but he didn't find Huo Yan there. Xiao Ai informed him that the woman was cultivating elsewhere, specifically in the back area of the sect.

Tang Xiao didn't care much about Huo Yan's personal affairs, and he immediately sat cross-legged on his bamboo bed to continue his cultivation.

.  
. .  
.

Zhao Meiyu, who was still hiding in her hiding place, was confused because she didn't sense any Qi movement within Tang Xiao's body, but she felt herself being captivated by him. 'Did he use a charm technique on me? How can his technique affect me with his cultivation still in the King Realm? Interesting! That kid is really interesting! I have to get to him, and I will dig all his secrets out.'

After that, Zhao Meiyu decided to return to the dual cultivation hall and find her partner. She immediately began dual cultivating with him to forget about Tang Xiao, but the

influence of his Heart-Seizing Technique was simply too strong, making her constantly think about him.

.  
. .  
.

In the morning, Tang Xiao left the sect alone, and he immediately found an empty space before returning to the ark. He didn't waste much time inside and brought out several people from inside, including his grandfather, Tang Huang.

Tang Xiao led them to the residential area he had purchased from Huangfu Lingxuan, where he discussed his plans for the area's development with them. The people of the four clans had been asleep for quite some time inside the ark, so they needed to quickly complete the construction to bring them all to the realm.

Like Tang Xiao's plans, Tian Huang and the others agreed to build one large residence instead of four small residences, and members of all four clans could live in one residence.

Tang Xiao left all the construction of the residence to them, as they would be the ones occupying it. Meanwhile, he and his women would live in a ready-made residence there, which he would only need to make minor renovations.

After they finished discussing, Tang Huang and the others immediately went to the city Huangfu Lingxuan had told Tang Xiao about yesterday to buy building materials. Fortunately, Xiao Ai had prepared a large amount of spirit crystals for them, so they had no trouble purchasing them all.

Meanwhile, Tang Xiao went to the capital to look around the shops that were closed last night. He wandered around for a while, and he bought a few items according to Xiao Ai's instructions. He also bought several items for all his women.

After his business in the capital was finished, Tang Xiao immediately returned to the Nine Profound Sect. He visited several halls again to confirm several things, but he still hadn't decided on joining one.

Tang Xiao realized that Zhao Meiyu was still watching him from afar, and he decided to use his Heart-Seizing Technique on her again before returning to his bamboo house to cultivate.

## **Chapter 362: Meet Zhao Meiyu**

***\*Bam\****

Huangfu Meizhen raised an eyebrow at Zhao Meiyu, who had just arrived with a panicked expression. "What happened?"

"Haish!" Zhao Meiyu hissed with a strange expression, sitting in front of her. "I don't know what happened to me, but my charm technique doesn't work on that kid. Instead, his technique affects me, constantly making me think of him, even when I'm dual cultivating with Lin Feng."

Huangfu Meizhen raised an eyebrow. "Did he use charm techniques on you? How could his techniques affect you?"

"The main problem is that I couldn't detect the movement of qi inside his body last night, so I'm not sure if he used his technique on me." Huangfu Meizhen was confused. "I tried to follow him when he left this sect this morning, but I lost track of him, and I couldn't track his aura either."

"Does that mean he's hiding his aura on purpose?"

"That's for sure!"

"His cultivation is still at the Lower King Realm, so he shouldn't be able to suppress his aura so deeply that you can't track him."

Unfortunately, Huangfu Meizhen didn't know Tang Xiao, and she also didn't know that he had obtained many things from his future self's memories. Not to mention, he also has Xiao Ai, who was always happy to help him by his side.

"Where is he now?"

"He has returned to his room in the inner courtyard to cultivate." Zhao Meiyu propped her chin on the table. "What if I approach him directly? He won't be able to avoid me with his current cultivation, and I can use my other techniques to force myself on him."

Huangfu Meizhen frowned as she wanted Zhao Meiyu to approach Tang Xiao slowly so as not to arouse his suspicion, but her efforts in the past two days had clearly failed. Besides, she didn't want her grandfather to know about her action in asking the female beast for help approaching him. "You can approach him directly, and you should succeed in making him obedient to you."

"Alright," Zhao Meiyu rose to her feet. "I'm going to make a move on him tonight, and I hope I succeed in doing that."

"How can he resist her charm? How can he use a technique without moving the qi in his body?" Huangfu Meizhen leaned back in her chair with her arms folded across her chest. "From the start, I knew that he was no ordinary man with his golden cultivation aptitude, but I've never heard of a cultivator who could use his technique without moving

his qi. I must keep him in this sect forever because he can make this sect much better in the future, and I will use any means necessary to do so."

.  
. .  
.

Night fell quickly, and Tang Xiao opened his eyes after finishing his cultivation. He saw that Huo Yan had returned and was sleeping on her bamboo bed. He didn't disturb her and left their room.

[Master, Zhao Meiyu has been keeping an eye on you while you cultivate, and she seems like she will take action against you soon. She also met Huangfu Meizhen earlier, and the female sect master has allowed her to use a more extreme approach to you.]

Tang Xiao wasn't too worried about Zhao Meiyu as long as her charm technique didn't work on her, and he thought of a plan to lure her to come to him to stop her. 'Are Yin'er and the others cultivating in their rooms?'

[My mistress and Xing Xing are in the soul cultivation hall; they decided to join that hall and the sword hall, Master. Mu Qingge also decided to join that hall, mainly because she felt she didn't fit in with the other halls.]

'What about Mu Yan and Sun Xiang?'

[Mu Yan has decided to join the body cultivation hall and the medical hall, but she also plans to join the soul cultivation hall in the future. Sun Xiang's cultivation is still at the Peak Xiantian Realm, so she can't join the soul cultivation hall yet, so she decided to join the body cultivation hall for now. As for the martial arts hall, they decided to ignore that hall because they could learn it from Tantai Lingyan.]

'I originally thought Yin'er would join the spear hall.'

[Haha! My mistress originally wanted to join the hall, but she changed her plans after I explained to her about Xuan Huxiao's character. She wasn't afraid of him, but she knew you wouldn't like it if he treated her rudely, so she decided to cancel to avoid future trouble.] Tang Xiao smiled at that because he had already seen the man's actions yesterday. [For now, you're the only one who hasn't made up your mind, Master. If I think about it, the body cultivation hall and the soul cultivation hall are much more suitable for you because you've already mastered many weapons and martial arts, so you don't need to join either hall.]

"Hey." Tang Xiao looked at the man who called him. "Are you a new disciple?"

Tang Xiao nodded at him. "My name is Tang Xiao, and I joined this sect two days ago."

"I see." The man immediately approached him. "My name is Fei Cangyu, and I've been with this sect since my cultivation broke through to the Foundation Level. By the way, which is your house?"

"That one." Feng Cangyu gawked as Tang Xiao pointed towards his bamboo house. "Is there anything strange?"

Fei Cangyu put his arm around his shoulders and asked in a low voice, "Is that demoness trying to chase you away?"

"Demoness? You mean Huo Yan, right?"

"Yes," Fei Cangyu glanced at the bamboo house. "The people in this inner courtyard call her a demoness, mainly because of her hot temper and rude attitude. Several other disciples once tried to vote for that house, but she kicked everyone out."

"Oh." Tang Xiao nodded slightly. "I've checked all the bamboo houses here, and they're all full. Perhaps she allowed me to stay with her because of that; otherwise, I would have slept outside if she hadn't allowed me to stay there."

"You're probably right about that." Fei Cangyu glanced at the bamboo house once again. "You must always be careful of her and not offend her, or she will kill you while you sleep."

Tang Xiao smiled amusedly at that. "Are the other King Level disciples outside the sect? Why haven't I seen any of them since I joined here?"

"Yes," Fei Changyu answered him with a nod. "They left the sect in three groups to carry out different missions, and each group consisted of ten people. Usually, they won't return to the sect for one to two months, and they'll rest here after that. As for me, I just returned from visiting my family in the Taixu Kingdom, so I didn't join them this time. By the way, there's one person you should be wary of in this inner courtyard, and you shouldn't mess with him when he returns."

"Who?"

"Situ Yunze."

Tang Xiao furrowed his brows. "Does Situ Yunze have a relationship with Queen Situ Lingshan?"

"That's right." Fei Cangyu nodded. "Ever since she married King Taixu Wudie, Queen Situ Lingshan no longer interferes in the affairs of the Situ Clan, and some of its members have become too arrogant because of her status, including Situ Yunze. King

Taizu and Queen Situ are quite fair and wise, but they won't know anything about their actions because the people of the clan always cover them up, so I advise you to be careful of him."

"Thank you for the information, Brother Cangyu." Tang Xiao glanced away before continuing. "I have some business outside the sect, so I'll be taking my leave first."

"Alright, you should go now, and I'll cultivate in my room." After he left, Fei Cangyu looked at Tang Xiao's bamboo house and shuddered. "I don't know why that woman allowed him to stay with her, but he must be careful of her."

.

.

.

Tang Xiao deliberately left the sect at a slow pace, and he glanced several times towards Zhao Meiyu's hiding place. He was annoyed that the female beast kept watching him, making him uncomfortable.

After leaving the sect grounds, Tang Xiao flew to find a quiet area to confront Zhao Meiyu, while Xiao Ai continued to help him monitor her movements.

Some time later, Tang Xiao stopped and landed in a deserted area a little distance from his sect. He looked back, and Zhao Meiyu had already landed there. "Elder Zhao, I didn't expect you to follow me all the way here."

"How do you know my name?" Zhao Meiyu asked with a hint of surprise.

"Everyone has secrets, right? Even though you're an elder in our sect, we don't know each other, so I won't tell you anything." Tang Xiao activated his Heart-Seizing Technique again, causing Zhao Meiyu's heartbeat to accelerate. "I don't know what Sect Master Huangfu wants from me, but I hope you'll stop spying on me. I didn't join our sect to cause trouble, but I also don't like it if someone keeps spying on me."

'How did he know that our Sect Master asked me to do something to him? Moreover, what kind of technique did he use on me to make me feel this way?' Zhao Meiyu activated her charm again, but Tang Xiao remained unaffected by it. "Hehe! You're wrong about that, kid. Sect Master Huangfu didn't order me, and I wanted to approach you after I saw you in the dual cultivation area yesterday."

Tang Xiao shook his head. "You can fool others, but you won't be able to fool me. Besides, I'm not interested in women who are still in a relationship with another man, so I hope you'll stop bothering me."

## Chapter 363: Body Refinement Liquid

"Aren't you a hypocrite?" Zhao Meiyu squinted her eyes. "You've had relationships with so many women, but you don't like it when a woman has a relationship with another man."

Tang Xiao lifted and wiggled his index finger. "You misinterpreted my words, Elder Zhao. I have no problem with a woman having a relationship with several men at once because that is her personal choice. I admit that I am not a loyal man because I have many women by my side, but I don't want to have a personal relationship with a woman like that, let alone a sexual relationship with her. In my eyes, that kind of woman is no different from a cheater and a whore."

"Are you calling me a whore?"

"Don't your actions reflect that?" Zhao Meiyu was furious. "You have a dual cultivation partner, and you dual cultivated with him yesterday, yet here you are now trying to seduce me."

Zhao Meiyu was furious upon hearing this, but she quickly calmed herself down after remembering that Huangfu Lingxuan had personally recruited Tang Xiao and his wives. She would be in big trouble if she attacked him, let alone injured him.

Tang Xiao raised an eyebrow when he felt Zhao Meiyu's pressure, rendering him unable to move. "Are you serious about this, Elder Zhao?"

"Heh." Zhao Meiyu snorted, walked closer to Tang Xiao, and stood right in front of him.

Zhao Meiyu's right hand caressed Tang Xiao's face, and her left hand moved from his chest before descending to his lower body.

Zhao Meiyu's eyes sparkled as she touched Tang Xiao's cock. "You're quite the strong young man, huh? Your cock isn't erect yet, but it's already bigger than most men's, and I can't wait to see it when it's fully erect. By the way, how can you resist my charm technique? What kind of charm technique did you use on me?"

"We're not acquaintances or close friends, so I won't tell you about that." Once again, Tang Xiao used the Heart-Seizing Technique, which affected Zhao Meiyu more intensely from such a close distance, causing her heart to beat rapidly. "I advise you to stop doing this, Elder Zhao."

"Hehe," Zhao Meiyu inserted her hand into Tang Xiao's trousers, rubbing his sleeping cock. "It's fine if you don't want to answer my questions, but I have a way to uncover all your secrets. After you do it with me, I'm sure you'll tell me all your secrets."

Zhao Meiyu took her hand out and wanted to untie Tang Xiao's trousers, but she suddenly felt someone behind her. Before she could turn around, his clone had already touched her nape and used the pleasure touch technique on her.

"Ahh..." Zhao Meiyu moaned very loudly as her body shook violently. Soon, she fell to the ground, her eyes rolled back, her body convulsed wildly, and her pussy squirted a lot of her sexual fluids, which soaked the ground beneath her. "Ahh..."

After she was free from Zhao Meiyu's restrictions, Tang Xiao squatted beside her and touched her abdomen. "Did you enjoy your orgasm, Elder Zhao? Let me help you have a longer orgasm."

"Ahh..." Zhao Meiyu convulsed even more violently as Tang Xiao used the advanced pleasure touch technique on her. Her body arched upward repeatedly, and her vagina couldn't stop gushing out her sexual fluids, quickly exhausting her. "Ahh..."

Soon, Zhao Meiyu fell unconscious from her intense orgasm, and Tang Xiao immediately stopped using his technique on her. "I actually didn't want to do this to you, but you looked for trouble with me first, so I had to protect myself."

[What does Huangfu Meizhen want from you, Master?]

"I think it's because of my cultivation aptitude," Tang Xiao's clone shouldered the unconscious Zhao Meiyu. "Her grandfather said that only Emperor Xuanyuan Lingtian had golden aptitude on this island, and I was the second cultivator to have it, so she wanted me to stay longer in her sect. She knew I was a dual cultivator, and she intended to use this woman to tie me down, but she didn't know anything about me."

[What do you want to do with this woman, Master?]

"I want you to erase her memories of tonight's events, so she won't remember my clone, and she won't be able to tell Huangfu Meizhen about it." After his clone brought Zhao Meiyu into the Primordial Divine Ark, Tang Xiao went to his residence while waiting for Xiao Ai to finish dealing with the female elder.

.

.

.

When he arrived there, Tang Xiao saw many piles of building materials, but their number was too little to build their new residence. For now, only Tang Huang, Zhang Fei, Sun Qian, Mu Lin, Sun Wei, and Sun Yang were there.

After discussing with them, Tang Xiao decided to bring dozens of men from the four clans out of the ark and immediately woke them up one by one.

Since they had been asleep for months, all the men seemed confused by their situation, as they couldn't recognize their surroundings.

Tang Xiao asked Tang Huang and the others to explain the situation to them, especially about the situation in the Canglan Realm.

They remembered that Tang Xiao wanted to take them to that realm, but they didn't know anything about what happened during their journey there, and they were already there when they woke up. Even so, they were excited after listening to Tang Huang and the others' explanation, and they couldn't wait to start their new lives in that realm.

Once they were fully awake, Sun Qian and the others asked them to start working on building their new residence. All of them were excited for it because their new residence would be the starting point of their new journey in that realm.

After Xiao Ai informed him that she had erased Zhuan Meiyu's memories, Tang Xiao immediately took the female elder out of the ark, and he brought her back to the sect afterwards.

.  
. .  
.

**\*Crack\***

Huangfu Meizhen was shocked when she opened the door to her room to find Zhao Meiyu unconscious on Tang Xiao's shoulder. "What happened to her?"

"I found her unconscious on the street, so I brought her here." Huangfu Meizhen knew Tang Xiao was lying to her, but she didn't ask anything and took Zhao Meiyu from him. "Since it's getting late, I won't bother you any further, Sect Master. I'll return to my room now to cultivate."

"Yes."

After Tang Xiao left, Huangfu Meizhen carried Zhao Meiyu to her room. She laid her on the bed and checked her condition, but she didn't find anything strange about the female elder's body because Xiao Ai had already erased all traces of the previous incident.

"Mhmm..." Zhao Meiyu slowly opened her eyes, but she was surprised to see Huangfu Meizhen. "Sect Master? Where am I? Is this your room?"

"Yes," Huangfu Meizhen nodded slightly. "What happened to you? How did you fall unconscious?"

"Sigh." Zhao Meiyu hurriedly got up, but she didn't feel anything unusual inside her body. "I was on my way out of the sect to follow Tang Xiao, but someone attacked me from behind and knocked me unconscious."

Huangfu Meizhen furrowed her brows. "Do you recognize the person who attacked you?"

"No." Zhao Meiyu shook her head. "That person's movements were very fast, and I didn't have time to react when he or she attacked me, and I immediately lost consciousness. Could it be that the perpetrator was a demon, Sect Master?"

"That's impossible," Huangfu Meizhen replied with a shake of her head. "If the perpetrator were a demon, he or she would have taken you away and not left you on the street. Since you're awake now, you should return to your residence, and I will discuss this matter with my grandfather first."

"Alright."

After Zhao Meiyu left, Huangfu Meizhen immediately contacted Huangfu Lingxuan, informing him about the matter. "Who exactly was the person who attacked her? Could it be that person was Tang Xiao's protector? She said she would make a move against him tonight, but this kind of incident happened to her, so I'm sure this incident had something to do with him. However, I can't accuse him because I don't have any proof, and she didn't see the perpetrator either."

.

.

.

When he arrived at his room, Tang Xiao found Huo Yan still sound asleep. He wanted to cultivate in his bed, but Tang Yin and Xing Xing called him, asking him to go to their bamboo house.

Tang Xiao immediately went to meet his two wives, where he dual-cultivated with them until morning.

.

In the morning, Tang Xiao did not return to his bamboo house; instead, he went to the body cultivation hall together with Mu Yan and Sun Xiang.

Meanwhile, Tang Yin and Xing Xing went to the soul cultivation hall together with Yu Xiaoling and Mu Qingge. Jessica went to the alchemy hall, and Zhao Yuxian went to the medical hall.

Duanmu Jingjing was delighted with Tang Xiao's decision to join the body cultivation hall, and she immediately taught him the complete Epic Grade Vajra Body Tempering technique. Then, she led him to the back room of the hall and ordered some people to fill a wooden bathtub with water.

Tantai Lingyan was also overjoyed by Tang Xia's decision, and she followed them to that place.

"Why have you brought me here, Elder Duanmu?" Tang Xiao confusedly asked.

"Here." Duanmu Jingjing showed him a bottle filled with green liquid. "I know you're a body cultivator, but your master told me that you've never used any supplementary liquid to temper your body. This Body Refinement Liquid is useful for tempering your body, and it will help you increase your endurance."

"My endurance?"

Dongfang Jingjing nodded. "It's hard for me to explain the details to you, and you can feel the effects for yourself after you soak in this Body Refinement Liquid for three days."

'Do you think this liquid will be useful to me, Xiao Ai?'

[Master, I've modified your body, but that liquid will still be useful to you, so you can follow that woman's wishes.]

### **Chapter 364: Temper His Body**

After handing Tantai Lingyan several bottles of Body Refinement Liquid, Duanmu Jingjing immediately left them to help Mu Yan and Sun Xiang.

"Aren't you going to come out, Master?"

Tantai Lingyan shook her head at Tang Xiao. "I'm used to seeing your naked body, so you don't need to mind me."

Tang Xiao sighed and took off all his clothes. After that, he got into the wooden bathtub and sat cross-legged, with his head above the water's surface.

Tantai Lingyan immediately poured a bottle of Body Refinement Liquid into the water. "When I used it the first time, my whole body still ached from the effects, but I thought you wouldn't feel anything."

"Let's see." Tang Xiao felt the liquid begin to seep into his body. He immediately closed his eyes and didn't block the liquid. Unlike Tantai Lingyan, he didn't feel any pain when the liquid entered his body, and he only felt like a swarm of ants walking inside him.

Tantai Lingyan took a wooden chair and sat beside the bathtub, paying attention to Tang Xiao's face. She looked into the water a few times but quickly turned her red face aside. 'I missed those days; he was still so cute back then. Now, he's a grown man, and he already has three wives by his side. Besides, there are still Xiang'er and Yan'er, and they will also be his wives in the future.'

Unlike Tang Xiao, Mu Yan and Sun Xiang felt excruciating pain when Duanmu Jingjing mixed the liquid into water in their wooden bathtubs.

.

.

.

Huangfu Lingxuan sat in front of his granddaughter, Huangfu Meizhen, listening to her story about what happened to Zhao Meiyu last night. "Who do you think did it, Grandfather? Could it be that person came from the demon race?"

"No," Huangfu Lingxuan denied with a shake of his head. "If the demons were the culprit, they wouldn't have left that woman on the street, and they would have killed her. What was she doing before that incident?"

Huangfu Meizhen chose to cover up the truth. "I don't know what she did last night, but I think she wanted to go into town to find some entertainment as usual."

"I see." Huangfu Lingxuan stood up. "I'm sure the culprits aren't demons, but I need you to increase our sect's security for the time being and order some of them to patrol every night."

"Yes, Grandfather." After Huangfu Lingxuan disappeared, Huangfu Meizhen leaned back in her chair, thinking about last night's events. "Could the culprit be Tang Xiao or someone protecting him?"

Huangfu Meizhen walked to the window and spread out her senses, searching for Tang Xiao's whereabouts. She found him soaking in the body cultivation hall. "So, he decided to join that hall, huh? Could it be that he joined there because Tantai Lingyan was there?"

After that, Huangfu Meizhen used her senses to check Zhao Meiyu's situation, but she found her in the middle of dual cultivation with her partner, Luo Feng. She pulled back her senses and grumbled. "She really has no restraints! It's still early, but she's already dual cultivating with him."

.  
. .  
.

When she woke up, Huo Yan was a little confused to find Tang Xiao there. She wanted to go get cleaned up, but someone knocked on the bamboo house door.

Huo Yan frowned as she opened the door and found Fei Cangyu. "What are you doing here?"

"Cough." Fei Cangyu was flustered by her cold voice. "I'm here to look for Tang Xiao, and I want to invite him to go on a mission with me."

"He's not here, and I don't know where he went."

"Oh." Fei Cangyu nodded nervously. "Sorry for bothering you; I'll be going now."

Huo Yan knitted her eyebrows as she watched him run away so quickly. "What exactly happened? Why are he and the others always so afraid of me?"

Huo Yan decided to ignore that and went to clean herself. After that, she went to all the halls to find the one that suited her. She was actually lazy to join those halls, but she had thought about her conversation with Tang Xiao before, and she decided to choose one.

.  
. .  
.

Soon, Huo Yan arrived at the body cultivation hall, which was her first destination. All the disciples there gave her strange looks, but they immediately looked away as soon as she looked in their direction.

"What are you doing here, Huo Yan?"

Huo Yan looked at Duanmu Jingjing, who had just emerged from inside. "Elder Duanmu, I want to look for a hall that suits me, but I'm confused about my choice. Do you think this body cultivation hall will suit me?"

"Have you studied body cultivation before?"

"No," Huo Yan replied with a shake of her head. "I am a swordmaster, so I have never thought about learning body cultivation."

Duanmu Jingjing nodded in understanding. "Honestly, the body cultivation path is suitable for everyone, but not everyone wants to learn it because they are focused on other fields. I am actually a speed cultivator, but I study body cultivation because it can help me in several ways, including increasing my physical strength. Additionally, the soul cultivation path is also suitable for everyone, but not everyone can study it seriously due to certain limitations. As a swordmaster, the strength of both your body and soul is important, so you can choose between the two, and you will definitely feel your improvement after learning either one."

"My mother is a soul cultivator, and she once taught me about the soul cultivation path. Unfortunately, my understanding in that field was too mediocre, so I decided not to continue it and focused on the sword path."

Duanmu Jingjing wasn't surprised by that. "Why don't you join the sword hall?"

"I've seen the people in the sword hall practice, but their practices don't align with my sword path, so I abandoned my intention to join them." Huo Yan thought for a moment before speaking to her again. "The other halls wouldn't be suitable for me, so I decided to join the body cultivation hall, Elder Duanmu."

"Are you sure you want to join this hall?"

Huo Yan put on a serious expression as her hands clenched at her sides. "I'm serious, Elder Duanmu. I have to return to my clan in five years, but my progress is too slow, so I have to find other ways to improve myself. If I fail to defeat my sister, I won't have a place in my clan, so I hope you're willing to help me."

"I see." Duanmu Jingjing embraced her. "Honestly, I already knew your problem, and I've long wanted to help you. However, I saw that you didn't want to depend on anyone, so I canceled my intention to help you, and I waited for you to come to me of your own accord. Even though you were ten years late in coming to me, I can help you to be better in the next five years, and I believe you can beat your sister by then."

"Do you think I can do that, Elder Duanmu?"

"Yes," Duanmu Jingjing brought her to the back room. "Why did you suddenly decide to join one of the halls?"

"Tang Xiao." Duanmu Jingjing looked at Huo Yan in surprise. "He's my roommate in the inner courtyard, and he's told me a few things. After I thought about his words, I decided to look for a hall that suited me, and my first choice was this body cultivation hall."

Duanmu Jingjing smiled slightly. "Actually, Tang Xiao decided to join this hall this morning."

"Huh? Has he really decided to join this hall, Elder Duanmu?"

"He's currently undergoing his body tempering process in another room." Duanmu Jingjing looked at her. "I didn't expect Tang Xiao to be your roommate."

Huo Yan twirled her hair. "I still don't know why the other disciples were avoiding me, so I was a little surprised when Tang Xiao chose our bamboo house. However, I found that the king-level disciple area was already full, so he had no other choice but to join me. However, I rarely spoke to him, and we were both focused on our cultivation."

"I'm not surprised by that."

When they arrived at the back room, Huo Yan saw Sun Xiang and Mu Yan enduring the pain in their bodies from the effects of the Body Refinement Liquid.

"Who are they, Elder Duanmu? Are they new disciples?"

"They are Tang Xiao's future wives." Huo Yan looked at Duanmu Jingjing in shock, but she remembered that Tang Xiao was a dual cultivator. "They only joined this hall today, so I helped them temper their bodies. I'll have someone fill the wooden bathtub, and you'll go through the same process as them for three days."

"Yes, Elder Duanmu."

Some time later, Huo Yan was already soaking in the wooden bathtub, and Duanmu Jingjing immediately explained a few things to her. "The pain might be excruciating, so you should endure it until it subsides."

"Yes, Elder Duanmu."

Huo Yan quickly looked like she was in pain after Duanmu Jingjing mixed a bottle of Body Refinement Liquid into the water in the bathtub, but she tried hard to endure the pain without complaining at all. 'Tch! The pain is so terrible!'

Duanmu Jingjing observed Huo Yan for a while. She turned her gaze to Sun Xiang and Mu Yan, who were also experiencing excruciating pain. Then, she went to Tang Xiao's

room, but she was slightly surprised to see that he didn't feel anything, and he was able to cultivate in the wooden bathtub. "Your Disciple is truly extraordinary, Elder Lingyan."

"Hehe," Tantai Lingyan giggled. "What I told you about him before has been proven to be true, right?"

"Yeah."

c 365

Huangfu Lingxuan stood high in the air, his senses spreading throughout the body cultivation hall, especially to Tang Xiao, who was tempering his body. "That kid decided to join the body cultivation hall, huh? Duanmu Jingjing has always been mysterious, and I couldn't trace her origins. I even asked Emperor Xuanyuan for help in tracing her origins, but we couldn't find anything about her. At first, I suspected that she was a female demon, but she's never caused any trouble since she joined my sect; instead, she's helped many disciples develop themselves."

Huangfu Lingxuan thought about what happened to Zhao Meiyu yesterday. His granddaughter told him that it was Tang Xiao who found the female elder on the street. The old man felt suspicious about the incident, as he believed it was impossible for those demons to infiltrate their territory. Even if they really intruded into their territory, they would never leave their victims on the street like that.

Huangfu Lingxuan suspected that Tang Xiao was the culprit, but he was confused about how he could do it. Zhao Meiyu's cultivation had already reached the lower rank of the Tyrant Level, and his cultivation had only reached the lower rank of the King Realm, so he shouldn't have been able to do it with such a vast difference in their strength.

Huangfu Lingxuan sighed softly and disappeared from the place, and he handed the matter over to Huangfu Meizhen because she was the sect master of their sect.

.

.

.

Meanwhile, Zhao Meiyu slumped limply on her bed as she stared at the naked man by the window. "Hey, Luo Feng!"

Luo Feng's appearance was more like a scholar than a cultivator, with a tall build and a serious expression.

"What's wrong?" Luo Feng looked at her.

"Sect Master Huangfu ordered me to do something, but I encountered a strange incident yesterday."

"A strange incident?"

"Yes," Zhao Meiyu immediately sat up in bed and explained to him about Huangfu Meizhen's orders regarding Tang Xiao. She also told him about last night's incident, causing him to frown. "Unfortunately, I don't remember anything about last night's incident, and I only remember that someone attacked me from behind. I'm not sure if the perpetrator was someone else, and I'm sure the perpetrator was that kid."

Luo Feng raised an eyebrow. "With his cultivation still at the King Realm, I don't believe that Tang Xiao can attack you, let alone knock you unconscious."

"I actually don't believe that either." Zhao Meiyu paused for a moment. "However, I remember for sure that I went out of the sect to follow him, and the incident happened so quickly. That person's movements were really fast, and I didn't have time to react when he or she attacked me."

"Forget it." Luo Feng started to get dressed. "I don't mind if you want to dual cultivate with another person, but I advise you not to follow Huangfu Meizhen's orders. I've known her much longer than you, so I know her character very well. She's different from her father and grandfather, and she won't save you if you're in serious trouble. If that trouble threatens the security of this sect, she won't hesitate to sacrifice you."

"Is she really that heartless?"

"Huangfu Meizhen may look like a kind-hearted woman from the outside, but she is a ruthless woman. Among her clan members, she is the most ruthless, and she will not hesitate to do anything to protect this sect, including sacrificing people who deserve to be used as sacrifices." Luo Feng tightened the cloth belt around his waist. "We are both elders, but we are elders of the dual cultivation hall, and she considers us different from the other elders. If you don't want to suffer a terrible fate, you must dare to defy her order, or I won't be able to save you."

"I understand," Zhao Meiyu sighed.

Luo Feng immediately walked out. "I'll try to find Tang Xiao and talk to him, but I won't discuss your matter with him."

"Alright." After Luo Feng left, Zhao Meiyu lay down on the bed again, thinking about his words about Huangfu Meizhen. "I find it hard to believe that the sect master is such a ruthless woman, but I believe him more than her. I hope he can dig up information from Tang Xiao, or I'll never be able to rest assured."

.

.

After leaving the dual cultivation hall, Luo Feng went to the inner disciple courtyards, but he couldn't find Tang Xiao there. He decided to search several halls since he was a new disciple, and he found him in the body cultivation hall.

Since Tang Xiao was in the process of tempering his body, Luo Feng knew he wouldn't finish anytime soon, so he decided to wait and go elsewhere.

.

.

.

Huangfu Meizhen decided to go to the body cultivation hall. She went straight to Tang Xiao's room, surprising Duanmu Jingjing and Tantai Lingyan.

"It's unusual for you to come here, Sect Master."

"I want to check this kid out." Huangfu Meizhen didn't stand too close to the wooden bathtub because she knew that Tang Xiao was naked. "What do you think of him, Elder Duanmu?"

Duanmu Jingjing raised an eyebrow for a moment as she wondered about Huangfu Meizhen's question, especially since she never showed any concern for the other disciples. "I don't know much about him yet, so I can't comment on him. However, I can see that he is different from the other cultivators, and he didn't feel the slightest pain even though I used my Body Refinement Liquid."

"Does he really not feel any pain?"

"No."

Tantai Lingyan immediately spoke. "Sect Master, Xiao'er has been a body cultivator from the beginning, and his body is much stronger than other body cultivators, so I think it's normal for him not to feel any pain."

"I see." Huangfu Meizhen nodded in understanding. "In that case, I'll go now, and you two can monitor him."

After Huangfu Meizhen left, Tantai Lingyan looked at Duanmu Jingjing and asked her, "Is she always considerate of all the disciples?"

"No," Duanmu Jingjing replied with a shake of her head. "Even though he is the sect master of this sect, he never pays attention to the disciples, and he leaves everything to the elders. Is there something you haven't told me about your disciple that makes him pay attention to him?"

Tantai Lingyan inwardly sighed. "Xiao'er has a golden cultivation aptitude."

"Is that true?" Duanmu Jingjing asked in shock.

"Yes." Tantai Lingyan nodded. "Her grandfather asked us to check our cultivation aptitude, and Xiao'er produced a golden color. He didn't say anything to anyone about it, but I'm sure he told his granddaughter about it."

Duanmu Jingjing agreed. "It's no wonder our sect master cares about your disciple. So far, only Emperor Xuanyuan Lingtian has ever produced a golden color on this island, and your disciple is the second person to do so. I'm sure she intends to keep him in this sect forever, and she will do anything to do so."

"She asked a female elder from the dual cultivation hall to approach Xiao'er last night."

"Who?"

"Zhao Meiyu."

"Oh?" Duanmu Jingjing was taken back for a moment. "I didn't expect she would ask the female Phantom Charm Butterfly to do that."

"Is she really a female beast?"

"Yes." Duanmu Jingjing nodded. "She is Luo Feng's partner. Like her beast race, she has a charm technique that is quite potent, especially against cultivators with cultivation below hers."

"Hahaha," Tantai Lingyan laughed out loud. "Unfortunately, our sect master doesn't know about Xiao'er, and that kind of charm technique will never work on him."

"Is that true?"

Tantai Lingyan nodded at her. "I can't explain the details to you, but I can say for sure that Xiao'er is immune to charm techniques. Besides, our sect master misunderstood him, and he made the mistake of thinking that he would accept that female beast. Even though he is a dual cultivator and has three wives, he will not accept all women, especially those who still have partners."

"What about the other three women?"

"They were his enemies, and he didn't kill them because they had been so kind to him in the past."

"Has he killed many people?"

Tantai Lingyan nodded. "He and Yin'er have killed many people, but they have never killed an innocent person. When they were children, several people murdered their parents, prompting them to team up for revenge. Besides them, they also killed those heretics, especially those who attacked their families."

"I see." Duanmu Jingjing nodded in understanding and looked at Tang Xiao. "As long as he isn't a cold-blooded killer and only kills those who harm him, I don't think there's a problem with that. The world of cultivation is too cruel, so we can't be softhearted, especially toward our enemies. If they attack us, we must kill them to protect ourselves and those closest to us."

"Have you ever killed anyone, Elder Duanmu?"

"I have, and the number of my victims is not small."

"How many people have you killed?"

"Hundreds." Tantai Lingyan was surprised to hear that Duanmu Jingjing had killed hundreds, as she did not appear to be the type. "I've buried all of that with my past, so I don't want to talk about it anymore."

"I see."

"I'll take care of other things, Elder Lingyan."

"Alright."

.

.

.

Three days passed quickly.

For the past three days, Tantai Lingyan had been by Tang Xiao's side, pouring the Body Refinement Liquid into the water in the wooden bathtub to temper his body. "How do you feel, Xiao'er? Do you feel any changes in your body?"

"I feel it." Tang Xiao raised both hands. "The effect isn't that big, about 10%, but I think it's still good for me."

## Chapter 366 366: Mission Hall

"10% may be small for you because of all your advantages, but it's big enough for me and other cultivators."

"That's true." Tang Xiao immediately climbed out of the wooden bathtub, leaving Tantai Lingyan gaping at the sight of his naked body. She had seen

him naked many times, but his naked body still amazed her. He pulled her closer and kissed her directly, waking her from her stupor.

Tantai Lingyan immediately used her strength and pushed Tang Xiao away from her. She said nothing and ran away from the area.

Tang Xiao could only sigh and quickly get dressed.

.

.

.

As he exited the room, Tang Xiao was slightly surprised to see Huo Yan standing outside with Sun Xiang and Mu Yan.

"Big Brother." Mu Yan called out happily as she hugged his arm. "Did you feel any significant changes in your body after using that liquid for three days in a row?"

"Around 10%, but I think it's good."

"Oh." Mu Yan nodded. "Unlike you, I can feel a 30% improvement in my body, and Big Sis Xiang feels about a 25% improvement in her body."

Tang Xiao looked at Sun Xiang. "Is that true, Xiang'er?"

"Yes," Sun Xiang nodded slightly. "I don't understand the reason behind it, but I think there's something in our bodies that makes each person's improvement different."

Tang Xiao agreed with her and looked at Huo Yan. "What about you, Senior Huo?"

"I feel an improvement of 20%, but it's already made my body much better."  
Huo Yan's expression clearly shows that she is satisfied with her improvement. "What are your plans next?"

"Hmm?" Tang Xiao thought, rubbing his chin. "There should be a mission hall in this sect, right?"

Huo Yan nodded and explained to him. "Those individual missions have four different grades, so you can take missions that suit your cultivation. Low-level missions are for cultivators with a maximum cultivation of the foundation level. Intermediate-level missions are for cultivators with a maximum cultivation of the king level. Top-level missions are for cultivators with a maximum cultivation of the emperor level. Special-level missions can only be taken by certain cultivators and elders because of their extremely high difficulty. Besides that, there are group missions, and we have to form a group with a minimum cultivation at the foundation level. By the way, Fei Cangyu looked for you three days ago, and he wanted to invite you to do a team mission together."

"How about we invite the others to carry out personal and group missions, Big Brother?" Mu Yan asked with eagerness.

Tang Xiao gently pinched her nose. "I'm also bored of staying in the sect, so I want to go on missions. I'll contact them to meet us at the mission hall, and we'll choose a few missions that suit us and aren't too far from each other."

"Yay!" Mu Yan jumped in joy.

Thereafter, they went together to meet Duanmu Jingjing, but the female elder was out of the sect on business. Tang Xiao contacted Tang Yin, Xing Xing, Mu Qingge, and Fei Cangyu, asking them to meet at the mission hall.

Mu Qingge informed Tang Xiao that she was not in the sect, and she went with several core disciples to carry out a group mission, such as Chen Hongde, Su Xiulan, and several others.

.

.

.

Before long, they were gathered in the mission hall. Fei Cangyu was truly shocked when Tang Xiao introduced Tang Yin and Xing Xing as his wives, and Sun Xiang and Mu Yan as his future wives.

Even so, Fei Changyu was not jealous of Tang Xiao, and he only felt admiration towards him. 'If I had as many women as Brother Xiao, that demoness would definitely lock me up and torture me.'

"Hey, Changyu! Where are you going?"

Fei Changyu shuddered at the sound of the woman's voice, and he immediately hid behind Tang Xiao. 'Brother Xiao, please hide me from that woman.'

Tang Xiao momentarily raised an eyebrow when he felt Fei Changyu's body tremble. He then looked at the woman running toward them.

The woman's face was quite decent, but she looked tomboyish. She has long black hair past her shoulders. She wore a tight white dress that wrapped her slender and tall body.

"Hmm? Who are you?" The woman asked as she stopped in front of Tang Xiao. She looked at Huo Yan, but the latter ignored her. "Why haven't I seen you before?"

"My name is Tang Xiao." Tang Xiao pointed to Tang Yin and the others. "They are my wives and future wives."

"Eh?" The woman was taken aback before looking at the four women. "Are you all new inner disciples? By the way, my name is Yao Meiqing, and I am Fei Cangyu's fiancée."

"Hehe," Tang Yin chuckled, glancing at Fei Cangyu. "My name is Tang Yin, and they are my sisters: Xing Xing, Mu Yan, and Sun Xiang. We just joined this sect a few days ago."

"Nice to meet you all." Yao Meiqing nodded slightly before pulling Fei Cangyu from behind Tang Xiao. "What are you doing? Why are you hiding from me?"

'Ugh! Demoness!' Fei Cangyu inwardly grumbled. "Meiqing, I can't accompany you for a while because I'm going with them on a mission."

"In that case, I'll join you all since I have nothing to do in the sect." Fei Cangyu facepalmed after hearing that, but Yao Meiqing immediately pulled him away to the mission board to choose missions that suited them.

Tang Yin hugged Tang Xiao's arm. "Changyu isn't as lucky as you, Xiao'er. He's so afraid of Yao Meiqing, but I can see that she really likes him."

"Yes," Tang Xiao nodded with an amused smile. "Let's find suitable missions, and we'll leave the sect after we get them."

They chose several missions that suited them individually, and they also took on a group mission. After they got everything, they reported to the male elder on duty at the mission hall, and they went to the sect gate after that.

However, Luo Feng suddenly appeared in front of them, confusing Fei Changyu, Yao Meiqing, and Huo Yan. He ignored them and looked at Tang Xiao. "Can we talk for a moment, Tang Xiao?"

"Alright." Tang Xiao himself remembered seeing Luo Feng's name on Zhao Meiyun's status, and he guessed that the male elder wanted to talk to him about her.

Yao Meiqing pulled Tang Yin to her side. "What does Elder Luo want from your husband? Does he perhaps want to recruit him into the dual cultivation hall?"

"I don't know what Elder Luo wants from Xiao'er." Tang Yin remembered that Tang Xiao had told her about Luo Feng and Zhao Meiyu's relationship. "My husband already said that he wouldn't join the dual cultivation hall, and I believe him."

"Why? Aren't you all dual cultivators?"

"Senior Yao, our husband has no intention of finding a partner in this sect, and he only wants to dual cultivate with us, so he won't join the dual cultivation hall," Xing Xing said.

"Oh." Yao Meiqing turned to her fiancé. "My father contacted me last night, and he asked you to come to my Yao Clan in a month to discuss our marriage."

Fei Cangyu inwardly sighed. "I have said many times that I don't want to get married too early, and we will get married after our cultivation reaches the Tyrant Level."

"You better listen to my father, or he will come here and drag you into our Yao Clan." Fei Changyu trembled as he nodded in understanding. "Let's wait for Tang Xiao outside the gate, and we'll leave as soon as he arrives."

"What do you want to talk to me about, Elder Luo?"

Luo Feng looked at Tang Xiao. "Were you the one who knocked Zhao Meiyu unconscious?"

"How could I possibly do that? My cultivation is far below Elder Zhao's, so I would never be able to do that to her." Tang Xiao feigned ignorance.

"Is that so?" Luo Feng squinted his eyes.

Tang Xiao shrugged. "It's up to you whether you want to believe me or not, Elder Luo. By the way, they're already waiting for me, so I'll go meet them now if you don't have any other questions."

"Alright." Luo Feng watched Tang Xiao walk away with a serious expression. "That kid is really interesting! All the disciples would be terrified by my aura,

but he's not afraid of it at all. Could it be that I misunderstood him? Could it be that someone else knocked Zhao Meiyu unconscious a few days ago?"

Luo Feng sighed and left the place, returning to his room in the dual cultivation hall.

.

.

.

"What did Elder Luo talk to you about, Xiao'er?" Tang Xiao explained to Tang Yin and the others about his conversation with Luo Feng just now. "Does he believe you?"

Tang Xiao shook his head slightly. "Whether he believes me or not, I don't think I need to think about that. We should head to the first mission location now."

"The first mission location is close to the border of Shenwu Kingdom, and it's about a week's journey if we fly non-stop, so we have to be careful when we get there."

Tang Xiao turned to Yao Meiqing. "The Shenwu Kingdom has connections with the demon race, right?"

"I don't know for sure," Yao Meiqing replied with a shake of her head.

"Everyone thinks that Emperor Shenwu and Queen Gu have some connection with the demon race from the south, but no one has ever managed to prove their connection. However, I've often heard that many demons roam there, and they often appear at the borders, so we must be extremely cautious."

"Let's go now."

#### Chapter 367 367: Huangfu Meizhen's Worries

"How did it go? Have you met Tang Xiao before?"

Luo Feng sat across from Zhao Meiyu. "I met him just now, and he's quite unique."

"Unique?"

"Yes." Luo Feng's face turned extremely serious, and the aura radiating from his body made Zhao Meiyu tremble, forcing him to pull it back. "I didn't use this much of my aura before, but it should be enough to suppress him. However, he didn't seem to be shaking or feeling pressured, and he acted like nothing had happened."

Zhao Meiyu raised an eyebrow. "Does that mean the person who hit me was unconscious four days ago?"

"He denied it," Zhao Meiyu sighed. "I am an elder, and he is an inner disciple. Besides, Huangfu Lingxuan brought him into this sect, so I didn't do anything to him. Has Huangfu Meizhen contacted you in the past few days?"

"No," Zhao Meiyu shook her head slightly. "Since that night, Sect Master Huangfu hasn't contacted me again, and I haven't tried to contact her either. However, I've seen her going back and forth to the body cultivation hall in the past few days, and she's never done that before."

"You are right," Luo Feng agreed with her. "There must be something special about Tang Xiao, and she's hiding everything from the public for his safety; otherwise, Huangfu Meizhen wouldn't have gone to such lengths, and Huangfu Lingxuan would not have stepped in to recruit him."

"What do you think is special about Tang Xiao? He joined this sect without going through registration and tests, but Sect Master Huangfu didn't say anything to all the elders about him."

"Forget it." Luo Feng stood up and took off his clothes, exciting Zhao Meiyu, who immediately followed. "As I said a few days ago, you must refuse Huangfu Meizhen's order if she asks you to do anything to Tang Xiao again. Although I don't have much information about him, I'm absolutely certain that he's no ordinary cultivator. If you try to do anything to him, he probably won't just knock you unconscious, and he'll kill you outright. Do you understand?"

Zhao Meiyu didn't believe that Tang Xiao could do such a thing to her, let alone kill her, especially with the vast difference in their cultivation. However,

she never doubted Luo Feng because he always protected her, and he always did his best for her. "Alright, I won't accept Sect Master Huangfu's orders anymore, especially regarding that kid."

"Good."

.

.

.

"Why are you daydreaming to yourself, Elder Tantai?" Tantai Lingyan turned to a male elder. "Is something bothering you?"

The male elder was quite handsome, and he looked much younger than his actual age. Despite his body being quite tall and muscular, Tantai Lingyan had no interest in him at all. "I didn't think anything, Elder Wu Zhan."

"Is that true?" Wu Zhan asked with a smile.

Tantai Lingyan sighed inwardly and stood up. "I have other matters, so I'll be leaving now, Elder Wu."

"Wait." Wu Zhan tried to grab Tantai Lingyan's hand, but she quickly disappeared from his sight. "How can she move so fast? Her cultivation is two minor stages below mine, but her speed is like a cultivator above me."

A glimmer of light appeared in Wu Zhan's eyes, but no one knew what he was thinking, and he immediately left the place to take care of his business.

.

.

.

"Why are you here, Elder Yao Rou?" Huangfu Meizhen asked the female elder who had just arrived.

"Sect Master, Tang Xiao left the sect with a few of his women and a few other people." Yao Rou placed a copy of the missions they had taken on Huangfu Meizhen's desk. "Some of the missions are quite complicated, and I've already explained it to them, but they insist on taking them."

Huangfu Meizhen grabbed a copy of the missions and read them one by one. "Hmm? Isn't Yunhai Town located on the border with the Shenwu Kingdom?"

"Yes," Yao Rou nodded. "All the disciples avoided going to Yunhai Town, but Tang Xiao and the others chose to accept that mission and travel there. If I remember correctly, there were reports of demons appearing at the border a few days ago. Emperor Song's subordinates have already cleared them out, but the city is still unsafe, as those demons could appear at any time. The most problematic thing was not that mission, but their group's mission."

"Hmm?" Huangfu Meizhen immediately read it. "Bone Ridge Cleansing, huh? Why did our sect accept this mission? As far as I remember, that place was a

den of demons in the past, and there were many powerful beasts in the surrounding area."

"The strongest beast in that area has strength equivalent to a cultivator with cultivation at the Lower Tyrant Level, and it commands many beasts with cultivations above Tang Xiao and the others. If they encounter that beast, I'm sure they'll be in serious trouble, and they might even die there."

Huangfu Meizhen pondered for a while. "You don't need to worry about them, Elder Yao."

"But—"

"Tang Xiao's cultivation is still in the Lower King Realm, but he is not an ordinary cultivator. I'm sure they are already aware of the situation, and they probably already have a solution to complete this mission." Even though Huangfu Meizhen said that, Yao Rou was still worried about their safety. "Do you think my grandfather would have recruited them himself if they were ordinary cultivators? I can't explain anything to you about them because my grandfather already promised them, but I assure you that they will be fine, so you don't need to worry about them. You can wait for them to come back, and I'm sure they will complete all these missions."

Yao Rao sighed inwardly. "If you say so, I'll wait for them to return. However, I won't be responsible if anything bad happens to them, and you'll have to explain everything to their families yourself."

"Leave now." After Yao Rao left, Huangfu Meizhen leaned back in her chair as she looked at the mission paper. "Am I too confident about Tang Xiao's abilities? Will they be fine if they go to the Bone Ridge Cleansing?"

Since she couldn't leave the sect, Huangfu Meizhen immediately contacted someone and asked them to follow Tang Xiao's group. She forbade that person from openly helping them, and she instructed that person to only move if they were in grave danger.

Huangfu Meizhen sighed to herself. "I hope I didn't make the wrong decision on this matter; otherwise, my sect will lose talented cultivators like Tang Xiao, Xing Xing, and Tang Yin. With their cultivation aptitudes, they are the future of this sect, but they won't thrive if I help them, and they will have to struggle on their own to develop themselves."

Time passed quickly, and night finally arrived.

After they had flown for a full day, Tang Xiao and the others decided to stop and rest. They did not go to the nearest town; instead, they spent the night in an open area near a flowing river.

Tang Yin, Xing Xing, Mu Yan, Sun Xiang, Huo Yan, and Yao Meiqing hurriedly went to the river to clean themselves. Fortunately, the rivers in the Canglan Realm were unlike those on Earth; the water was crystal clear and free of dirty debris.

Meanwhile, Tang Xiao and Fei Cangyu built a campfire to warm themselves as the temperature continued to drop, and they were sure it would get very cold. Even though they were cultivators, they didn't want to waste qi just to warm their bodies, and they were conserving it for unexpected situations.

"Hey, Brother Xiao! How did you convince them to become your wives? What is your real relationship with Tang Yin? You two have the same surname, and your faces are so similar too."

Tang Xiao looked at Fei Cangyu. "Tang Yin is my big sister. Xing Xing is my childhood friend. I met Sun Xiang and Mu Yan a few months ago, and we often spent time together then."

"Huh?" Fei Cangyu was shocked when he heard that. "Are you serious?"

"Do you think our relationship is strange?"

"Not really." Fei Cangyu looked towards the river. "I've heard of many cultivators having such relationships, and I've met some of them. In fact, Meiqing and I are related, but we've liked each other since childhood. She was cute and adorable when we were little, but she changed as we grew up, and she's now a demoness."

"Haha." Tang Xiao laughed at that. "Why do you call her a demoness?"

"Haish!" Fei Cangyu smiled bitterly. "She was very lady-like when she was little, but she became so tomboyish when she grew up, and her attitude became unpleasant. She often went here and there and fought with many people, and she beat them black and blue. Many clans complained to her father, but he turned a deaf ear. She frequently scolded and beat me, even though I had done nothing wrong."

Tang Xiao nodded slightly. "Perhaps she experienced something in her childhood that you don't know about, and that experience changed her character. You are her future husband, so you should try to talk heart to heart with her, and you might be able to understand her better at that time."

"You're right," Fei Cangyu sighed. "I love Yao Meiqing, but I don't like her current character. My mother has often told me to talk to her, but I'm at a loss to ask her, and I'm afraid she'll beat me up."

Tang Xiao patted his shoulder. "Brother Fei, you're a man, so you should act like one. If you love her, you should try to get to know her better, and two-way communication is the best way to do it."

**Chapter 368: Outdoor Heat\***

After the women returned to camp, Fei Cangyu took Yao Meiqing with him. After listening to Tang Xiao's previous words, he decided to have a heart-to-heart talk with his fiancée about their relationship.

"Our first destination is Yunhai Town." Tang Xiao and the others looked at Huo Yan. "I've heard that demons often appear on the border with the Shenwu Kingdom, and that town is right near the border. Emperor Song's subordinates have already cleared them out, but the city is still unsafe, so we must be careful when we arrive there. However, the most problematic one is the Bone Ridge; it was once a demon's den, and there are many powerful beasts in the surrounding area. The strongest beast in that area possesses strength comparable to a cultivator at the Lower Tyrant Level, while our own cultivations are still far below that level."

"I'm more worried about those demons than those beasts."

"Why?"

"Even though those beasts are strong, they mostly rely solely on their instincts, and they won't bother us if we don't bother them." Huo Yan agreed with that. "However, those demons are different from those beasts, and we have no information about them. The majority of them are no different from us humans, and they will set up schemes or traps to capture us. If we are not careful, we will fall into their trap, and we will fall into their hands. We don't have a protector, so we must protect ourselves using our strength."

"How will the residents of Yunhai Town survive if those demons continue to attack them?" Mu Yan asked.

"I don't know what those demons were thinking, but they never attacked the townspeople. The townspeople were mostly ordinary people who couldn't cultivate, and those demons probably thought they were useless."

Xing Xing looked at Huo Yan. "Are there really that many people who can't cultivate in this realm?"

"Yes." Huo Yan nodded. "Not everyone is fortunate enough to be born with cultivation veins, so they can't cultivate and live as ordinary people. In fact, some members of my Huo Clan are the same as them, but they still live in our clan under the protection of others. Even so, their situation is not ideal, and some of them choose to move to other towns similar to Yunhai Town, where they can live their ordinary lives without pressure. What about your home realm?"

"Our home realm is the same as this realm, and there are so many non-cultivators there. Although the situation in our home realm is also dangerous, it's still much better than in this realm." Tang Yin looked at Tang Xiao and smiled mysteriously. "You guys should rest first; Xiao'er and I will go check something."

"Checking something?" Huo Yan asked in confusion.

Unlike Huo Yan, Xing Xing, Mu Yan, and Sun Xiang naturally understood Tang Yin's meaning.

"Yes." Tang Yin immediately stood up and pulled Tang Xiao with her. "Do you want to come with us, Xing'er?"

Xing Xing thought for a moment before following them. "I'll come along, Big Sis Yin."

Huo Yan looked at them before turning his gaze to Sun Xiang and Mu Yan. "Where are the three of them going?"

"This—"

"Big Sis Yan, Big Sis Yin, and Big Sis Xing are Big Brother's wives, remember?" Mu Yan asked with a smile.

Huo Yan immediately grasped the meaning behind Mu Yan's words, but she found it strange that they would want to do that in an open place.

"Do you have a boyfriend, Big Sis Yan?"

Huo Yan looked at Mu Yan, shaking her head. "I have a responsibility, and I don't want to think about romantic matters before I can fulfill it. After I've resolved that matter, I'll start thinking about my future."

"Can you tell us about that?"

"No," Huo Yan rejected Sun Xiang with a shake of her head. "Please forgive me, but I don't like sharing my personal problems with others. Besides, I have to rely on myself in this matter, or I will lose my chance."

Sun Xiang nodded in understanding and didn't force her to say it. "If you need someone to talk to or a sparring partner, you can let us know, and we'll be happy to help you, Senior Huo."

"Thank you."

When they arrived at a deserted place, Tang Xiao first made sure there was no danger around them, and he enveloped their area with his void element, so no one could peep or eavesdrop on them.

Tang Yin and Xing Xing smiled broadly, and they immediately took off their dresses before removing their husband's clothes. Then, both women squatted in front of him, holding his sleeping cock, and stimulating it at the same time.

Tang Xiao smiled, amused by their impatience, but he was also pleased with it because he hadn't had dual cultivation with them in a few days, and he wanted to satisfy them.

Both women lick Tang Xiao's cock from both sides, with Tang Yin's hand moving slowly on his shaft and Xing Xing playing with his two sacs.

"Ugh," Tang Xiao moaned softly as he closed his eyes, enjoying the two women's maids. He stretched out both hands and stroked their heads. 'Yin'er and Xing'er are getting more and more understanding about me.'

Within a minute, Tang Xiao's cock was fully erect, and Tang Yin immediately devoured it. She didn't insert it too deep, and her tongue licked his glans while sucking it gently.

Meanwhile, Xing Xing licked his shaft as she gently played with his sacs. She devoured his sacs and sucked them, with her tongue dancing on them to give him pleasure.

Tang Xiao moaned repeatedly as his two wives simultaneously stimulated his cock and sacs. Tang Yin's head began bouncing up and down as she sucked his cock, swirling her tongue around his glans.

Meanwhile, Xing Xing focused on playing with Tang Xiao's two sacs. Her right hand played with her breasts and her left hand played with her pussy, which was starting to get wet as her lust increased.

"Big Sis, suck my cock harder." Tang Yin looked up at Tang Xiao and followed his lead, sucking and licking his cock faster and harder. "That's it! Your sucking is really good, Big Sis."

"Ahh!" Xing Xing screamed softly as Tang Xiao used his aura to lift her. She immediately held onto her head with both legs on his shoulders. "Husband—Ahh!"

Tang Xiao buried his face into Xing Xing's wet pussy, licking all over it. His tongue parted her labia and licked her clitoris.

"Ahh..." Xing Xing's naked body arched as the sexual pleasure coursed through her body, and her sexual fluids flowed out from within, which were immediately licked up by her husband. She closed her eyes to enjoy the sexual pleasure; her body kept quivering as Tang Xiao's tongue licked her clitoris, sometimes fast, sometimes slow. "Ahh... Husband... lick me more..."

Below, Tang Yin inserted her brother's hard, twitching cock deeper into her mouth. Her head moved faster and faster as his cock fucked her mouth. She

played with her breasts with one hand and the other played with her pussy, inserting two fingers into her soaked hole.

"Mhmm..."

"Mhmm..."

The moans of the two women grew increasingly lewd in Tang Xiao's ears. He enjoyed his big sister's increasingly strong and deep sucking on his cock. His tongue moved faster inside his second wife's pussy, which became tighter and tighter as she became more and more aroused.

Tang Xiao moved his tongue in and out inside Xing Xing's pussy, giving her more and more sexual pleasure. He pushed her back a little, and both hands immediately moved to her breasts, stimulating them intensely.

"Ahh... husband... Ahh... my husband's tongue fucks my pussy." Xing Xing moaned in delight as she moved her lower body in rhythm with the movement of Tang Xiao's tongue inside her pussy, bringing her closer to her first orgasm. "Ahh... husband... Ahh... faster... I'll orgasm soon."

Tang Yin, who was enjoying Tang Xiao's cock, was delighted when she felt it harden, signaling that he was about to ejaculate soon. She moved her head faster as she sucked it harder. She herself felt like she would reach orgasm soon because of her own actions on her private parts, with her two fingers moving faster and faster inside her pussy.

"Ahh... I'm cumming!" Xing Xing held Tang Xiao's head still as her body jerked strongly. Her sexual fluids flowed freely from within her body and were immediately sucked up by her husband, with a small portion dripping onto Tang Yin's face under her. "Ahh..."

Tang Yin herself reached her first orgasm, but she remained focused on Tang Xiao's dick in her mouth, with her glans touching her throat, releasing his abundant cum. She relished the pleasure of her orgasm as she enjoyed swallowing her brother's cum.

After they finished their orgasms, Tang Xiao lowered Xing Xing from his shoulders and hugged her on his left side. He hugged Tang Yin, who had finished enjoying his cum, on his right side.

"Who will do it first?"

"Big Sis Yin first, husband. I want to recover my stamina first, so you can have sex with her first." Xing Xing freed herself from Tang Xiao's embrace and sat on a small boulder.

"Hehe," Tang Yin chuckled and pushed Tang Xiao aside. Then, she leaned forward with both hands pressing against the large tree in front of her. "Do me from behind, Xiao'er. Although I like all sex positions, the pleasure is even better when you fuck me from behind."

"What a naughty big sister!" Tang Xiao stood behind Tang Yin, grabbed her ass cheeks, and rubbed his dick against her thirsty pussy. "Are you ready, Yin'er?"

"Uhm." Tang Yin nodded and wriggled her lower body. "Insert your cock and fuck my pussy, Xiao'er."
