Chapter 51: Tang Xiao - Zhao Yuxian

Zhao Yuxian was embarrassed when Tang Xiao opened the towel, revealing her backside, which was still smooth and firm. 'Sigh! I still can't understand why Hua Ying and Yu Mei are interested in going to this kind of spa. Do they often hang out with the male masseurs at this place?'

"Is this your first time coming here, Madam?" Tang Xiao asked as he began rubbing oil into Zhao Yuxian's back while giving her a gentle massage. 'Tch! Luckily, my master taught me how to massage, and she forced me to massage her every day in the past. Additionally, I had already used my Heart-Seizing Technique and aura on her at the airport.'

"Mhmm..." Zhao Yuxian moaned as soon as Tang Xiao applied the oil, and she felt her body quickly relax from its effects, but she also experienced an unusual sensation. 'Is this feeling because of the oil?' "Mhmm... I thought we would go to our regular spa, but instead they invited me to try this place."

Tang Xiao smirked slightly and touched sensitive spots on Zhao Yuxian's back, causing her to moan. "Actually, this place is no different from a regular spa, Madam. You may feel uncomfortable at first, but you'll get used to it once you've experienced it a few times."

"Mhmm..." Zhao Yuxian began to enjoy Tang Xiao's massage on her shoulders and back, and she began to be aroused by his touches on her sensitive spots. She tried to hold back her moans, but the way he massaged and touched her made it difficult for her to do so. "Mhmm... why did you choose to work here, Feng Xiao?"

"Madam, I came from the countryside, and I need money to help my family. My friend told me that the pay here was satisfactory, so I tried to apply here, and the pay that my boss offered was excellent." Tang Xiao increased the pressure of his massage on Zhao Yuxian's body, making her more comfortable and relaxed. "One of the masseurs at this place told me that he often gets tips from visitors, and the amount is enough for him to save."

"Mhmm... I see." Zhao Yuxian closed her eyes and enjoyed Tang Xiao's massage. "Mhmm... where did you learn to massage?"

"My grandmother taught me, Madam." Zhao Yuxian trembled as Tang Xiao's fingers brushed over her other sensitive spots. "Honestly, I often give massages to people in our town, but most of them are elderly."

"Mhmm..." Zhao Yuxian nodded slightly. "Mhmm... your massage was indeed excellent, and my body quickly relaxed, even though you had only been massaging me for a few minutes. I went to the spa once a week, and I've had massages from several female masseuses, but I've never felt this comfortable when they massaged me."

Tang Xiao inwardly sneered. "Thank you for your compliment, Madam."

"Mhmm... yeah." Zhao Yuxian slowly immersed herself in the pleasure of Tang Xiao's massage. 'Mhmm... His massage made me really comfortable, and I couldn't stop enjoying it.' "Mhmm... Feng Xiao, massage my shoulders a little harder."

"Yes, Madam." Tang Xiao fulfilled Zhao Yuxian's wish by giving her a harder massage.

After he massaged Zhao Yuxian's shoulders and back for quite some time, Tang Xiao moved to her waist. He poured the oil on her and gave her the best massage, causing her to continue moaning and writhing.

Zhao Yuxian was shocked when Tang Xiao massaged her buttocks because she was a married woman, and he was a male masseur.

Zhao Yuxian didn't stop Tang Xiao because his massage made her feel more comfortable over time, and she occasionally licked her lips because of the pleasure that coursed through her body.

"Madam, can I take off your underwear?" After Zhao Yuxian gave him permission, Tang Xiao swiftly removed it.

Tang Xiao poured the oil onto Zhao Yuxian's buttocks, and he let it flow down between her inner thighs, warming her backdoor and pussy. 'She must have spent a lot of money on taking care of her body, but the money she used was my parents' money.'

'Mhmm...' Zhao Yuxian pressed her legs together, enjoying the unusual sensation in her pussy. 'Mhmm... what kind of feeling is this? This oil makes me horny! Ugh! It's really embarrassing! I have to hold myself back; otherwise, he might notice my change.'

Even though he was still inexperienced with women, Tang Xiao naturally noticed that Zhao Yuxian was already horny because of the effects of his oil.

Tang Xiao didn't do anything else to Zhao Yuxian and massaged her buttocks, enjoying their flexibility and softness. A while later, he started massaging her right leg, starting from her inner thigh down to her toes, wetting it with the oil. He also did the same with her left leg, leaving her entire backside glistening with the oil.

"Madam, I will turn you over so that I can massage your front side." Zhao Yuxian was hesitant about it because Tang Xiao would see her naked body. "Don't worry, Madam. I won't do anything inappropriate to you, and I will only massage your body."

"Yes." Zhao Yuxian was a little surprised that Tang Xiao could lift her up so easily, and she closed her eyes tightly when he laid her down on her back. 'Sigh! I have never shown my body to a man apart from my husband. But now, he sees my naked body clearly, and he will also touch it to give me a massage.'

'Her body isn't bad.' Tang Xiao didn't massage Zhao Yuxian's front body; instead, he moved up and massaged her head. "Madam, are you depressed? Since you arrived, I can see that you have a lot of burdens on your mind."

Zhao Yuxian nodded at him. "My son has been gone for two days, but he didn't leave me a message. I've contacted his friends, but none of them know where he is, so I'm worried about him. Additionally, my husband went to see someone for help, but I couldn't contact him all day because he turned off his number."

'Haha! Your son is dead, and your husband is having fun with Yang Shiya.' Tang Xiao then spoke to her. "No wonder you're stressed, Madam. I can't help you with your problem, but I hope you will get over the situation soon."

"Thank you."

Tang Xiao massaged Zhao Yuxian's head while chatting with her for a while, and he then moved to her shoulders and chest, applying the oil to both areas before massaging them.

Thereafter, Tang Xiao moved to the side and poured the oil onto Zhao Yuxian's breasts, which shocked her. Before she could stop him, he had started massaging her quite big breasts.

Tang Xiao's actions made Zhao Yuxian start to moan. "Mhmm... Feng Xiao... please..."

"Relax, Madam. I will make you comfortable, and you will forget the burden on your mind." Tang Xiao massaged Zhou Yuxian's breasts while enjoying their fullness.

"Mhmm... Ahh..." Zhou Yuxian's body began to rise and fall with the pleasure, and more of it flowed into her body as Tang Xiao rubbed and clamped her thick nipples with his fingers. "Ahh... Feng Xiao... Mhmm... you make me comfortable."

Tang Xiao smirked faintly and brought his face closer to Zhao Yuxian's ear. "Would you like me to make you more comfortable, Madam?"

"Mhmm... Ahh... Yes... make me more comfortable so I can forget the burdens on my mind for now."

'She aroused faster than Jessica, huh?' "Leave it to me, Madam. I will make you extremely comfortable." While massaging Zhao Yuxian's breasts, Tang Xiao began to lick and suck on her thick nipples, gradually leading her into a state of sexual ecstasy.

"Mhmm... Ahh..." Zhao Yuxian moaned louder and grabbed Tang Xiao's head, but she didn't stop him and pressed his head against her breasts instead. 'Mhmm... Oh gosh! I'm crazy to allow him to do such stuff to me, but he's quite skilled at this.'

"Mhmm... Ahh..." Zhao Yuxian thoroughly enjoyed herself when Tang Xiao sucked one of her nipples while licking the tip with his tongue, and his hand played with the other one. She bent her legs up and rubbed them together, as her pussy became sensitive and released her sexual fluids. "Ahh... Feng Xiao... Your sucking and licking feels so good."

'Heh! I don't have experience with women, but I can see all your sensitive points, and your nipples are extremely sensitive.' Tang Xiao's hand stopped playing with Zhao Yuxian's other breast and nipple; instead, he sucked the other one while pouring the oil on her abdomen, and he started stroking and massaging it.

"Mhmm... it feels so good..." Zhao Yuxian kept rubbing his head, slipped her fingers between his hair, and occasionally pulled them.

Tang Xiao moved his hand to Zhou Yuxian's legs and parted them, and he poured some oil into her pussy before touching it, causing her body to arch upward.

"Ahh... My pussy is too sensitive, Feng Xiao." Tang Xiao laughed in his heart, and he parted Zhao Yuxian's labia to stimulate the most sensitive part of her body, her clitoris. "Ahh... gentle... Mhmm... I'll orgasm if you're too rough."

Tang Xiao stopped playing with Zhou Yuxian's breasts, licked her ear, and whispered to her. "Did you like my service, Madam?"

"Mhmm... yes... Ahh... I like it so much."

"Let me give you the best service, Madam." Tang Xiao moved down and stood between Zhou Yuxian's legs, spreading them apart, making her heart beat faster.

Zhao Yuxian looked at him with lustful eyes. "Are you going to give me oral sex?"

Chapter 52: Killing People

"Do you not like it, madam?"

Zhao Yuxian felt at a loss for an answer to Tang Xiao, but she hoped he would do it for her, especially with her lust already burning. "I... I like it, but my husband has never been willing to do it for me, and he told me it was too fishy."

"Haha." Tang Xiao softly laughed. "Madam, I'm not your husband, and I don't mind doing it because this is my profession. Just lie down and leave it to me, and I will make you more comfortable."

"Uhm." Zhao Yuxian nodded slightly, but her heart was pounding at the thought of another man besides her husband doing such a thing to her. 'Ugh! I know I shouldn't allow him to do this to me, but since this morning at the airport, I have felt a strange sense of calm and comfort when he is by my side, even now. Moreover, I've been horny since he used this oil on me, and his actions just now made me even hornier, so I want to have an orgasm to calm my lust soon.'

Tang Xiao didn't give Zhao Yuxian oral sex right away; instead, he used the oil to lubricate her pussy, which made her even hornier. 'The effect of this sex oil is excellent.'

"Mhmm... Ahh..." Zhao Yuxian started moaning again as Tang Xiao's fingers gently stroked and rubbed her pussy, which was already wet with the mixture of her sexual fluids and the oil. "Mhmm... Feng Xiao... Ahh... I like your slow and gentle actions..."

After being covered in oil, Tang Xiao brought his face closer to Zhao Yuxian's pussy and licked it, which caused her body to arch upward.

"Ahhh..." Zhao Yuxian's moans became louder than the previous ones, and the pleasure quickly took over her mind, leaving her endlessly moaning in delight. "Mhmm... Feng Xiao... Ahh... lick my pussy more intensely."

Zhao Yuxian no longer remembered her status as a wife as she fully immersed herself in sexual ecstasy, and she thoroughly enjoyed Tang Xiao's licking of her pussy.

Tang Xiao parted Zhao Yuxian's labia and slowly licked the inside of her pussy, gradually increasing the intensity of his actions. He didn't directly target her clitoris because it was the most sensitive of all her body parts; instead, he inserted his tongue into her pussy and licked her inside while savoring her fishy sexual fluid.

"Ahh..." As Tang Xiao's tongue fucked Zhao Yuxian's pussy, her body rose and fell repeatedly in ecstasy, causing the bed to creak loudly along with her moans. "Ahh..."

"Mhmm... Ahh..." Zhao Yuxian bent her arms beside her head, squeezed the bedsheet, and jerked again and again. Her mind was filled with lust and impatience to get her orgasm, but Tang Xiao repeatedly stopped when she sensed that she was approaching it. "Ahh... So good... Mhmm... faster..."

'Haha! I hope she won't die of shock when she finds out my identity later.' Tang Xiao laughed inwardly as he listened to Zhao Yuxian's continuous moans, and his tongue moved faster inside her pussy. He swirled his tongue inside her pussy, licking her all over inside.

As he continued to give Zhao Yuxian oral sex, Tang Xiao decided to climb into bed, and he crawled on top of her in a 69 position.

"Mhmm..." Despite her ecstasy state, Zhao Yuxian still understood Tang Xiao's wishes. She quickly untied his belt, opened his trousers, and pulled down his underwear, revealing his erect dick.

Without wasting any time, Zhao Yuxian held Tang Xiao's dick and inserted it into her mouth. She performed a blowjob on some of his dick in her mouth with her tongue licking the glans, and her hand moved up and down on his shaft, giving him a handjob.

'Dang! She's more skilled than Jessica at oral sex.' After all, Zhao Yuxian was much older than Jessica, and she was more experienced in matters of sex. Tang Xiao truly enjoyed her blowjob, making it difficult for him to hold back. 'Shit! I'm going to orgasm soon.'

Tang Xiao intensified his oral sex on her pussy, causing her pussy to twitch as she approached orgasm again. Zhao Yuxian instinctively accelerated her sucking on his dick while jerking his shaft.

Moments later, both of them reached their orgasms, and Zhao Yuxian convulsed violently under Tang Xiao. Her pussy squirted a lot of her sexual fluid, followed by a burst of his cum in her mouth.

Since Tang Xiao's dick stuffed her mouth, Zhao Yuxian had no choice but to swallow his cum, but she enjoyed it due to the celestial aura in it. 'Mhmm... I've never done this to my husband before, but I really like Feng Xiao's cum.'

After both of them had finished their orgasms, Tang Xiao turned to face Zhao Yuxian, with his dick rubbing against her pussy, which caused her to tremble. "Do you wish to continue, madam?"

"Mhmm..." Zhao Yuxian moaned slightly as she shook her head. "Feng Xiao, we should stop here. I'm a married woman, and I can't do anything more than this."

"Alright." Tang Xiao got out of bed and straightened his trousers, which relieved Zhao Yuxian.

'Sigh! I'm so crazy! I let him do all that to me, and I also gave him oral sex.' Zhao Yuxian then spoke to him. "I'm sorry, I—"

"No need." Tang Xiao stopped her. "Madam, I understand your situation, so you don't need to apologize to me. Do you still want to continue the massage?"

"No." Zhao Yuxian stretched out both hands to Tang Xiao. "Please help me up; I'm too tired now."

Tang Xiao carried Zhao Yuxian and took her to the bathroom, where he helped her get dressed. "Do you want to go home first?"

"Yes." Zhao Yuxian nodded at him. "My daughters are alone at home, so I won't wait for my two friends."

After helping Zhao Yuxian get dressed, Tang Xiao helped her find a taxi. Once she left, he spoke to the spa owner and paid him as promised, much to his delight.

Just as Tang Xiao was about to return to the Ouyang Mansion, Xiao Ai informed him. [Master, a woman named Hong Yi was spying on my mistress, but Aunt Yuan already captured her, and I'm altering her memories now.]

"Hong Yi? Who is she?"

[She was one of Ouyang Hong's subordinates, but Ouyang Ming was the one who ordered her to do that, and he asked her to kidnap my mistress if she had the chance.]

"Is she part of the White Tiger Gang?"

[No, Hong Yi is not part of the White Tiger Gang, but she belongs to Ouyang Hong's secret group. My mistress asked me to alter her memories because she wanted to use her to cause trouble in the Ouyang family.]

"That's not a problem, but I don't want her to do anything to Ouyang Qing, and I will take care of her myself." Tang Xiao thought for a moment before giving Xiao Ai some instructions regarding that woman.

.
. .
.

Three men were conversing in a dimly lit area with several bottles of alcohol nearby when a man suddenly appeared, startling them. They immediately took their weapons beside them and pointed them at the man, who was none other than Tang Xiao in his original form.

"Hiccup! Who are you? How did you sneak into our base?" One of them asked him while hiccuping due to the effects of the liquor he had drunk earlier.

Tang Xiao looked at them one by one. "Aren't there supposed to be four of you here? Where's the other guy?"

However, they did not answer Tang Xiao's question; instead, one of them threw a dagger at him, which he easily bounced back at the attacker.

The dagger pierced through the man's thigh, causing him to groan in pain. "Argh! Damn it! Attack him!"

Tang Xiao just shook his head as he waved his hand, and the two men who were about to attack him were sent flying backwards before slamming into the wall behind them.

****Bam... Bam...****

"Cough... Cough..." The two men coughed hard after they fell to the floor, which made them quite painful, and a little blood flowed from the corners of their lips. They stared at Tang Xiao in shock, especially since his long-range attack just now was very strange to them because they were just ordinary humans.

Tang Xiao then moved in front of the man, whose leg was pierced by the dagger, and grabbed him by the neck before lifting him high. "Where's the other guy?"

'Fuck! Where did this man come from? How can he be this strong?' The man tried to remove Tang Xiao's hand from his neck, but he strangled it even harder. "Our... our boss ordered him to keep an eye on Bai Huang in Songjiang."

"Where is the White Tiger Gang's headquarters?" Tang Xiao asked as he sharply glanced at the other two, and he restricted their movements with his aura.

One of them answered Tang Xiao directly. "We don't know the headquarters of the White Tiger Gang, but as far as I know, they never gather in one place, and they usually only gather when our boss orders them to do something."

"Useless!"

****Crack****

The two men lying on the floor were in shock when they heard the sound of bones breaking, but their vision suddenly went blank, and they were dead before they could blink their eyes.

Afterward, Tang Xiao enveloped their corpses with his aura and incinerated them to ashes before leaving the place.

Chapter 53: Zhao Yuxian Know

Sometime later, Tang Xiao had disguised himself as Feng Xiao again and casually walked into Ouyang House, but he sensed someone observing him from afar.

Tang Xiao used his true eyes and discovered that the person was Ouyang Qing, who was observing him from behind her bedroom window. 'Heh! Soon, you will fall into my hands, little missy.'

After that, Tang Xiao rushed to his room, pretending not to notice Ouyang Qing's actions. He locked the door and entered the room. Since Tang Yin lived at the Tang House with Tang Yuan, he decided to cultivate in their room while using her and Yu Xiaoling's Yin Qi.

.
. .

Ouyang Qing sat beside the window in serious thought, and she kept looking toward Tang Xiao's room. Somehow, she felt suspicious of him, and she then took her phone and called someone.

[Why are you calling me at this time?]

"Hao Lin! I want you to check the identity of the man named Feng Xiao, and you can send all the information you find about him to my email."

[Feng Xiao? Are you bored with Wen Tian and want to find a new boyfriend? It's really unusual for you to look for information about a man.]

Black lines appeared on Ouyang Qing's forehead, and she angrily shouted. "You shouldn't ask too many questions about my personal affairs and find Feng Xiao's information for me; otherwise, I will beat you up when we meet."

[Tch! Cheapskate! I will look for his data now, and I will send it to your email later.]

After she ended the call, Ouyang Qing left her room, and she wanted to go check on Tang Xiao. However, someone suddenly touched her shoulder, which startled her.

"Ahh!" Ouyang Qing immediately covered her mouth and looked back, and her big brother was standing behind her with an amused smile. "Gez! You surprised me, brother!"

Ouyang Ming questioned her directly. "What do you want to do by sneaking around like this?"

"Nothing." Ouyang Qing shook her head slightly. "What about Yao Shao and Ran Qingfeng? Have those people still not managed to find them?"

"Not yet." Ouyang Ming replied by shaking his head. "Uncle Yao has tried everything to find Yao Shao, but he still hasn't managed to find him, and police couldn't locate Ran Qingfeng's whereabouts either. I don't know where Ran Linfeng went, but I heard from his butler that he has been away since morning. I also didn't meet Aunt Yuxian there, so only the Ran Twins are at home now."

Ouyang Qing maintained a flat expression and showed little concern for them. "Have you done anything to Tang Yin?"

"Yes." Ouyang Ming then told her about his plan, which made Ouyang Qing smile happily. "Hong Yi can't do it in a hurry because Tang Yuan is at the Tang House now."

Thereafter, they hurried back to their respective rooms, and Ouyang Qing checked her email after reading Hao Lin's message. However, she found nothing suspicious about him, confusing her.

"Could it be that my suspicions were wrong?" Ouyang Qing hurriedly turned off her laptop and contacted someone to monitor Hong Yi before going to bed.

.
. .
.

After she arrived home, Zhao Yuxian hurriedly cleaned herself before going to bed, and a satisfied smile appeared on her face, remembering her activities at the spa earlier. 'Sigh! I enjoyed our activities earlier, but I won't do that again, and I'll never return to that spa forever.'

Soon, Zhao Yuxian fell into a sweet dream, unaware that her happiness was about to turn into a nightmare.

.
. .
.

After she altered some of Hong Yi's memories, Xiao Ai sent her to Tang Yin at the Tang House.

Tang Yuan observed Hong Yi, who looked obedient now. "What do you want to do now, Yin'er?"

"Hmm?" After thinking for some time, Tang Yin gave several orders to Hong Yi and also provided her with a medicinal liquid that she had found in the treasury vault. "Go to Ouyang House and do your task, but you must be careful to prevent the family from discovering your actions."

"Yes."

After Hong Yi left, Tang Yuan asked her niece. "Are you sure he won't die?"

"Don't worry, Aunt Yuan." Tang Yin looked outside with a faint smile on her face. "I want to kill Ouyang Ming, but it's not time for him to die yet. Furthermore, we'll be in big trouble if he dies now, so I won't do it now. I just want to make him suffer for a while. As for the antidote, I'm sure there won't be a single doctor or cultivator on Earth who can create it, as the ingredients for making the liquid don't exist here."

"I see." Tang Yuan immediately pulled Tang Yin to her feet. "Let's talk in the room while waiting to sleep."

.

.

.

Tang Xiao, who had just come out of the ark, raised his eyebrows when he sensed the movement of someone new in the Ouyang house. He was a little surprised after finding out that the person was Hong Yi, who was sneaking into Ouyang Ming's room. "My big sis must have ordered her to do something to that little bastard."

[Hehe, you are right, master. My mistress ordered Hong Yi to do something to Ouyang Ming, but it wasn't anything fatal, and he would still suffer from it.]

"What does my big sister want to do to him?" Tang Xiao lay on his bed.

[My mistress discovered a liquid in the treasury vault that is made from a mixture of Arctic Hare's beast blood and several types of herbs, which will cause Ouyang Ming's body temperature to fluctuate. Sometimes he will feel piercing cold, but sometimes he will feel excessive heat, and the effect will last quite a long time.]

Tang Xiao nodded in understanding and didn't mind it. He felt that it wasn't an exaggeration, and it was almost no different from an ordinary disease. 'Do you have anything I can use against Ouyang Qing? After all, I still don't know about herbs and stuff, so I don't know if there are any items I can use on her.'

[Actually, there is one pill that is suitable for that, Master. After swallowing it, Ouyang Qing will experience extreme itching, leading to the appearance of many lumps on her body. The effect will work slowly, so it's safe to use on her, and no one will suspect you because it looks like smallpox.]

'Is your old master an alchemist?'

[No, Master. My old master was a fighting maniac, and he was never interested in alchemy. That's why he created some equipment for concocting pills and various other things, and he got all the recipes from his old friend.]

'Please get the pill, and I will use it on Ouyang Qing directly.'

[Alright.]

After Xiao Ai took the pill, Tang Xiao went to the ark to retrieve it. He hurriedly came out again and used the Void Dragon Steps to sneak into the room of Ouyang Qing, who was sleeping soundly.

'Heh! Since I can't do anything to you for now, I will use this pill to teach you a small lesson.' Tang Xiao carefully put the pill into Ouyang Qing's mouth before using his qi to dissolve it and spread it throughout her body, and he went straight back to his room again afterward. 'Enjoy it, little bitch!'

In the next morning, Tang Xiao drove the two women to a hotel to attend a meeting, and Yi An told him that the meeting would last quite a long time.

Tang Xiao didn't wait there and entered the ark straight away, and he went straight to the training ground to practice using the gravity device again, especially since he still couldn't fully adapt to double gravity.

.
. .
. . .

In her bedroom, Zhao Yuxian was woken up by the sound of her smartphone. She hurriedly picked it up and saw many incoming emails, but she couldn't find the sender's name.

Zhao Yuxian immediately got out of bed and went to her study, where she checked those emails and found many videos on them. Her eyes widened in shock after she watched one of the videos because it showed her husband intimate with a woman in the car, and she immediately watched the rest of them.

"Who exactly sent these videos to me? What was the purpose of that person sending them to me? How did that person get them?" Zhao Yuxian slumped limply in her chair and covered her sad and disappointed face with her hands as tears began to flow profusely. "The woman with Linfeng in those videos is clearly Yang Shiya, but she should still be living overseas with her two sons. Since when did she return to this country? Since when did they cheat on me?"

Zhao Yuxian called Ran Linfeng, but he didn't answer her calls, which made her feel even more devastated. "Why did Linfeng cheat on me? I've done everything for him, and I also helped him bring down my big sister and brother-in-law, but he's betrayed me."

Another email notification suddenly sounded in Zhao Yuxian's ears, and the sender was the same person who sent the video. She read the email, which contained Yang Shiya's address. After she thought about it, she looked for a plane ticket to go to that city, especially since the distance between the two cities was 500 miles.

After she got the ticket, Zhao Yuxian went to take a shower before going to her twin daughters' room, and she left a message for them before leaving.

Chapter 54: Xing Xing - Chu Lingxi

"Master, I've sent those recordings to Zhao Yuxian, and she's watched them all. She's left her house and is on her way to the airport now. By the way, I've given her Yang Shiya's address, and she should be heading there as soon as she arrives in that city." Xiao Ai informed Tang Xiao, who had just finished his training in the training grounds.

Tang Xiao turned to her. "How long does it take to travel from this city to that city?"

"The flight there takes two hours, and Zhao Yuxian's plane will leave at 6 pm, Master."

"Hmm?" Tang Xiao thought for a while. "Is Yi An meeting finished?"

"Not yet." Xiao Ai shook her head. "The CCTV footage from the room showed that Yi An was engaged in a tough discussion with several people, and since they had not yet reached an agreement, I assumed her meeting would still take a long time to finish."

"I see." Tang Xiao nodded in understanding. "I'll go out now and wait for Yi An there. If her meeting isn't finished by 6 p.m., I want you to do something to delay Zhao Yuxian's flight."

"Leave it to me, Master."

Thereafter, Tang Xiao returned to the hotel parking lot and cultivated in the car while waiting for Yi An to finish her meeting.

.
. .
.

Tang Yin and Tang Yuan listened to Hong Yi's report that she had successfully completed her task, and she then ordered her to keep an eye on Ouyang Ming.

After Tang Yuan went to meet her clients, Tang Yin went straight into the ark, and she went straight to the factory to meet Yu Xiaoling, who was supervising the production process for her products.

Since there were no problems with the production process for her products, Tang Yin asked Yu Xiaoling to focus on her cultivation, as her Yin Qi would be useful for Tang Xiao.

Tang Yin then went to the main control to meet Xiao Ai, and after checking some things, she went to the training ground.

Even though Xiao Ai had imparted all kinds of martial arts to her mind, Tang Yin still needed to practice manually because she had never practiced anything before. Furthermore, as a cultivator, she couldn't rely solely on her cultivation, and she needed excellent fighting skills to protect herself and fight her enemies.

.
. .
.

Xing Xing was sitting opposite her mother, but she felt confused about how to tell her about cultivators, and she was afraid that Chu Lingxi would think she had gone crazy.

Chu Lingxi grabbed Xing Xing's hand. "Why do you look a little strange, Xing'er? Is there something you want to tell me?"

"Mom, I want to tell you something, but I'm having a hard time explaining it to you, so I'll show it to you directly." Xing Xing stretched out her hand and opened her palm, but Chu Lingxi was stunned when she saw the lightning flashing above it.

"How can you do such a thing, Xing'er? Did you use any tricks to do it?" Chu Lingxi asked as her eyes continued to pay attention to the lightning above her daughter's

palm. "In my entire life, I have only seen such a thing in films, but your lightning looks so real."

Xing Xing dispelled it and smiled strangely. "As you can see just now, my lightning is a real thing, and it originates from my lightning element."

"A lightning element?" Chu Lingxi looked at her with an incomprehensible expression.

"Yes." Xing Xing nodded and spoke to her. "Honestly, I only learned it yesterday, so I still need time to understand it, and Big Sis Tang Yin taught it to me."

"Tang Yin?"

Then, Xing Xing explained several things to her mother, especially about cultivators and Earth II, which shocked and baffled Chu Lingxi. "It's really difficult for me to explain the details to you, but I will teach you to become a cultivator. You can experience for yourself the advantages of being a cultivator like us, and you will know the difference between cultivators and ordinary humans."

"Can I really become a cultivator?"

"En." Xing Xing replied with a nod. "Big Sis Yin told me that you have cultivator veins, which means you can become a cultivator like us. However, we can only find out your element after you start cultivating, and I will guide you to absorb qi from the air."

"Hmm?" Chu Lingxi suddenly realized something. "Does my recovery have anything to do with Yin'er?"

Xing Xing sighed softly after hearing that. "Actually, it was Tang Xiao who cured your illness, but he did it without my prior knowledge, and I only found out about everything yesterday."

"Xiao'er?" Chu Lingxi was taken back for a moment before smiling. "Is he out of prison now? Is he okay?"

"Tang Xiao is out of prison, and he was the first to become a cultivator. Then, he taught Big Sis Yin to become one." However, Chu Lingxi noticed a change in her daughter's expression, and Xing Xing looked a little strange, but she immediately grabbed her mother's hand. "Mom, I want to tell you one other thing, but—"

"Do you want to tell me about your feelings for Xiao'er?" Chu Lingxi interrupted her as she smiled, and Xing Xing nodded at her. "Honestly, I have long noticed that you are attracted to him, but you have never dared to express your feelings to him. You felt that you were not suitable for him because of our family situation, and you also continued to study hard so as not to disappoint me."

"That's right." Xing Xing answered with a soft sigh. "However, Tang Xiao already has a girlfriend now, so I feel confused about my feelings, and I'm afraid that you will be angry with me if I get into a relationship with him."

Chu Lingxi turned to ask Xing Xing. "Who is Tang Xiao's girlfriend? When did he meet her if he just got out of prison?"

"Mom, they've actually known each other for a long time, but they only became lovers recently." Xing Xing is unsure whether to tell her mother about the relationship between Tang Xiao and Tang Yin because Chu Lingxi was an ordinary human who had to abide by law and custom, and she might be disappointed if she learned about their relationship. "Mom, I can't tell you about his girlfriend's identity for now, but you will find out about her in the future."

Chu Lingxi raised her eyebrows. "Are you thinking about becoming Xiao'er's girlfriend too?"

"Yes." Although she was afraid her mother would be disappointed, Xing Xing still chose to tell Chu Lingxi about her true feelings. "Mom, I cannot have the same feelings for another man as I do for Tang Xiao, and I want to be his girlfriend. I know that you don't want me to be involved in such a relationship, but these are my true feelings. I would rather not deny my feelings, so I hope you are willing to approve if I become his girlfriend."

Chu Lingxi did not immediately agree or reject her daughter's wishes. "Does Xiao'er's girlfriend know about your feelings for him? Is she willing to accept you?"

"She knows about my feelings, and she asked me to be her second girlfriend, but I haven't given her any answer because I want to hear your opinion first."

"Honestly, I hope that you will find a man who only loves you, but I understand your feelings." Chu Lingxi sighed softly and rubbed her daughter's hand. "Since you love Xiao'er so much and his first girlfriend accepts your relationship with him, I won't forbid you from being in a relationship with him. However, that kind of relationship is not common, and people will talk badly about you if they know about it, so you have to be prepared to face the consequences."

"Thank you, Mom!" Xing Xing's smile bloomed and she hugged Chu Lingxi with a joyful expression. "I know the risks, but I'm not afraid of them. I just want to be Tang Xiao's girlfriend, and I will face all the consequences."

Thereafter, Xing Xing taught her mother to absorb qi from the air, but Chu Lingxi seemed to have difficulty understanding it, so she explained everything to her slowly.

Ouyang Ming kept shivering because of the intense cold that spread throughout his body, and his lips became pale blue because of it. Even his whole body seemed to be frozen from within, which rendered him unable to move.

Ouyang Ming was lucky that his little sister suddenly entered his room because he had missed his breakfast, and Ouyang Qing decided to check his condition.

"What happened to you, brother?" Ouyang Qing asked as she approached her brother on the bed, but she immediately withdrew her hand after she touched his body. "So cold! How can your body be this cold?"

Unfortunately, Ouyang Ming couldn't open his mouth to say anything because his lips were tightly closed like they were frozen, and he could only shake his head slightly toward Ouyang Qing.

"I'll call Doctor Ling right now, brother." However, Ouyang Qing froze in place the moment she saw her reflection in the mirror, mainly because several lumps of pus appeared on her face, and she panicked at the sight. "Shit! Why did my face suddenly become like this? Tch! I have to go to a beauty salon to get rid of them! Otherwise, Luo Qinlin and the others would make fun of me if they saw my face like this!"

Chapter 55: Shocked

Ouyang Qing left his brother's room, called Doctor Ling to come to their house, and then left the Ouyang House himself to have his face checked.

After Ouyang Qing left, a sudden change occurred in Ouyang Ming. His previously cold body became hot, causing him great pain and resulting in profuse sweating. "What the fuck is happening to me?"

Ouyang Ming tried to get out of bed, but his head started spinning due to extreme heat, which made him fall to the floor and hit his head hard enough that he fell unconscious.

Some time later, Doctor Ling arrived at the Ouyang House, and a servant brought him to Ouyang Ming's room. However, they were shocked to find him unconscious, and the doctor took him to the hospital using his car.

.
[Master, Yi An ended the meeting ahead of schedule because Doctor Ling took Ouyang Ming to the hospital, and she wanted to go to the hospital to check the condition of her son, who had fainted due to the effects of the liquid.]

Tang Xiao smiled faintly and stopped his cultivation. Not long after, he saw Yi An and Su Rou running out of the hotel in a hurry, and he immediately picked them up in the lobby before driving them to the hospital.

.
.
.

As soon as Yi An entered Ouyang Ming's ward, she asked. "What happened to my son, Doctor Ling?"

Doctor Ling turned his head and directly explained it to Yi An. "Qing'er contacted me because Ming'er's body was too cold, and she asked me to come check on him. However, I found that he had fallen unconscious on the floor when I arrived, and his body was too hot, so I brought him here to check his condition. Unfortunately, I can't confirm his symptoms yet, and his body temperature keeps changing between hot and cold. I've asked the nurse to take his blood to the laboratory, so we have to wait for the results to confirm the disease before I can treat him."

Yi An felt confused after hearing that, so she moved to the side of the bed and touched her son's hand; however, she quickly pulled her hand back because her body temperature was too high. "What actually happened to you, Son? Why did you suddenly become like this?"

"Yi An, I have to check on my other patients first, so I'll leave now, and you can contact me if there are any changes in Ming'er."

"Yes." Yi An contacted her daughter and asked her about what happened to her son, but Ouyang Qing herself didn't know anything about Ouyang Ming's condition. "Sigh, I hope the blood test results come out soon, so Doctor Ling can determine the treatment for Ming'er."

"What can I do for you, Madam Yi?" Su Rou asked as she looked at Ouyang Ming, who looked in pain even though he was unconscious.

After thinking for a while, Yi An gave her the order. "Ask the nurses for ice cubes and towels, and I will use them to relieve Ming'er's heat. Besides, tell Feng Xiao to go back first, and we will stay here to wait for the results of his examination."

"Yes."

Thereafter, Yi An called her husband to inform him of their son's condition, but Ouyang Hong did not answer his calls. "Sigh, I forgot that our time zone is 11 hours different, and it should still be midnight there now, so I'll contact him again later."

After Su Rou informed him, Tang Xiao took the car back to the Ouyang House, and he went to another city to wait for Zhao Yuxian.

.
. .
.

"How do you feel, Mom?" Xing Xing asked as soon as Chu Lingxi opened her eyes. "You are now a cultivator, and your body should have become a little stronger by now. Your cultivation is still at the lower beginner level like mine, so we still have to work hard to improve our cultivation."

Chu Lingxi nodded to her daughter. "My body does feel stronger than before I became a cultivator, but I still don't know much about cultivation, so you'll have to explain everything to me in more depth."

Fortunately, Xiao Ai had imparted various knowledge about cultivation and the like into Xing Xing's mind, so she could explain everything to her mother. However, Chu Lingxi's understanding was not that excellent, and she needed quite a lot of time to digest everything.

After she helped Chu Lingxi understand everything, Xing Xing stood up and walked out of their room. "Mom, I want to go see Big Sis Yin, and I'll probably be back later tonight, so you don't have to wait for me."

"Do you want to go see Yin'er or Xiao'er?"

"Both!"

"Haha." Chu Lingxi laughed softly seeing her daughter run away so quickly, and she herself left their house to visit her husband's grave, as she was unable to do it in the past two years due to her illness.

As soon as she arrived at the ark, Xing Xing joined Tang Yin at the training ground, and she practiced martial arts according to everything that Xiao Ai had instilled in her mind.

.

.

.

At the beauty salon, Ouyang Qing looked gloomy after one of the staff helped her clean off several lumps of pus on her face, which left several scars.

Moreover, the employee told Ouyang Qing that it was not an ordinary facial disease, so she advised her to examine her face more intensively, and it would probably spread more if she didn't treat it immediately.

'Damn it! What actually happened to my face?' Ouyang Qing inwardly grumbled in annoyance as she thought about many things. 'Not only me, but also my brother suddenly experienced a strange illness, and he has to be hospitalized now. I'm sure someone has done something to us. But who does it? How did that person do it? Sigh, I have to go back to my house and check all the CCTV footage, and I'm sure that I can find the culprit from there.'

"What happened to you, Qing? Why is your face like that?"

The woman's question brought Ouyang Qing back to her senses, and she looked at her through the mirror. 'Tch! I didn't expect that she would come here!' "I don't know what happened to my face, but several lumps of pus suddenly appeared on my face, so I came here for treatment, and the results are as you can see. What are you doing here, Qinlin?"

"Just like you, I also want to do treatment." Luo Qinlin answered as she observed Ouyang Qing's face. "Are you wearing different make-up?"

"No." Ouyang Qing answered, shaking her head, and got down from the chair. "There are some things I have to check, so I have to go back now."

"What happened to her? Why is she in such a hurry?" Luo Qinglin shook her head slightly and began her facial treatment.

.

.

.

After she returned to her house, Ouyang Qing checked the recordings from all the CCTVs, but she couldn't find anything suspicious because Xiao Ai had altered all the recordings showing Hong Yi's presence.

Ouyang Qing let out a disappointed sigh, returned to her room, and used some of the things suggested by the beauty salon staff to care for her face.

.
. .
.

A few hours later, Tang Xiao was leisurely sitting above Yang Shiya's house, observing her activities with Ran Linfeng using his true eyes, and he felt quite amazed by her naked body. Despite having two children already, her well-maintained body made her far more attractive than Zhao Yuxian.

"No wonder Ran Linfeng is captivated by her. She appears to have a high libido, and she is more seductive than Zhao Yuxian." Tang Xiao muttered to himself.

[Hehe, are you interested in Yang Shiya, Master?] Xiao Ai teased him.

"No." Tang Xiao shook his head. "What about Zhao Yuxian?"

[Yes, Zhao Yuxian has arrived in that city, and she is on her way to that house.]

"That's good." Tang Xiao waited until Zhao Yuxian was close to Yang Shiya's house.

After Xiao Ai informed him that Zhao Yuxian was almost there, Tang Xiao checked into the house again. He found Ran Linfeng alone in the room, and Yang Shiya was preparing drinks in the kitchen.

Tang Xiao sneaked in and mixed the medicine powder he had prepared beforehand into their drinks without Yang Shiya's knowledge, and he returned to the roof again after that. "Now everything is ready, and the show will start once Zhao Yixuan arrives."

After some time, Zhao Yuxian arrived at the house in a taxi, but her expression was a mixture of anxiety and fear, and she was afraid to know the truth. "Does Yang Shiya really live here? Is Linfeng with her now? I'm scared to face this situation, and I don't know what I would do if the two of them really had that kind of relationship, but I want to prove the truth of those videos with my own eyes."

Zhao Yuxian repeatedly exhaled and inhaled to calm herself, and she entered the house area with a feeling of worry. However, no one opened the door for her, even after she pressed the bell repeatedly.

Zhao Yuxian suddenly heard a woman's loud moaning, and she also heard Ran Linfeng's voice calling Yang Shiya, accompanied by vulgar words, which made her feelings shatter into pieces instantly.

"He's really inside, and they're having sex." Tears rolled down from the corners of Zhao Yuxian's eyes. Her face turned pale, and her whole body was shaking uncontrollably.

Chapter 56: Devastated

Tang Xiao, who was watching Zhao Yuxian, was completely satisfied with her expression. He waved his hand from afar, which made the door of the house open by itself.

Zhao Yuxian entered the house shakily, and she saw Ran Linfeng fucking Yang Shiya in the living room. They weren't even aware of her presence, which made her heart break even more.

"Husband!" Zhao Yuxian shouted with all her strength as she approached them, and she tried to stop them.

Unfortunately, the two people were already under the influence of the medicinal powder that Tang Xiao gave them, so they didn't hear her at all. Instead, Ran Linfeng roughly pushed Zhao Yuxian backward, which caused her to fall to the floor.

"Ahh!" Zhao Yuxian screamed in pain because of her husband's actions, and she looked at them in anger and shock because they were completely lost in their sexual activity. "Husband! Why are you doing this to me? Why are you cheating on me with this bitch?"

No matter how loudly she shouted, Ran Linfeng did not look back at Zhou Yuxian once, and he fucked Yang Shiya like a horny animal.

Seeing them continue like that, Zhou Yuxian got up from the floor and tried to stop them again, but she was once again pushed roughly by her husband. It happened again and again until her body was in pain after falling over and over again.

Zhao Yuxian decided to give up and left the house feeling completely devastated, and tears soaked her clothes as she walked in a daze.

When Zhao Yuxian had walked quite far, Tang Xiao knocked the two people unconscious. He couldn't care about Yang Shiya, and he followed Zhao Yuxian after he sent Ran Linfeng into the ark.

After she walked for a while, heavy rain suddenly poured down on the area. The devastated and exhausted Zhao Yuxian fell to the ground, and she cried louder under the rain.

From a distance, Tang Xiao continued to watch Zhao Yuxian, but he chose to wait for her next move. 'Heh! This is only the beginning of your suffering!'

Some time later, Tang Xiao raised his eyebrows as he watched Zhao Yuxian walk away again, and he saw that her gaze was already blank, like someone who had given up on life.

During her journey, several men who saw Zhao Yuxian walking in a daze tried to approach her because her clothes were soaked and her body was slightly exposed to their eyes, which aroused them. Tang Xiao didn't let them get close to her, and he stopped them by knocking them unconscious.

Step by step, Zhao Yuxian continued to walk forward under the pouring rain. She stopped when she arrived at a deserted bridge, and she looked at the river far below with a cold body.

"Why... why did you cheat on me with that woman, husband? I always followed your every wish! I betrayed my big sister and brother-in-law for your sake, but you betrayed me now." Zhao Yuxian hugged herself, with her blank gaze fixed on the river.

Since it was late and raining heavily, almost no one crossed the place. Zhao Yuxian decided to climb the railing of the bridge, but she looked frightened at the thought of jumping from such a height. "Qingfeng... Xue... Yue... I'm sorry, I'm not a good mother."

After she said that, Zhao Yuxian jumped off the bridge, but Tang Xiao couldn't possibly let her die just like that, so he moved and grabbed her hand.

Zhao Yuxian looked up at him. 'How did he get here?' "Please let go of my hand and let me die! I don't want to live anymore! My husband is having an affair with another woman."

"You are pathetic and selfish, you know?" Tang Xiao looked at Zhao Yuxian with a pitying look. "You have three children, right? Are you going to abandon them like this? Are you going to feel relieved by committing suicide?"

"What can I do?" Zhao Yuxian asked with a bitter smile. "I'm just a weak woman, and I can't do anything to take revenge on my husband."

Tang Xiao shook his head slightly. "You may be a weak woman, but I am strong enough to help you. I can help you take revenge on your husband if you want it."

"Why do you want to help me? I don't have anything to pay you, as everything belongs to my husband." Tang Xiao pulled her back onto the bridge, looking at her body up and down, which made Zhao Yuxian feel uncomfortable as she realized his desire. "Are... are you—"

"I'm not that kind of man, and I won't do anything without your consent, okay? I could have forced you to have sex with me when you were horny last night, but I didn't do that, right?" Zhao Yuxian nodded to Tang Xiao, who then lifted her chin while enveloping her with his celestial aura, giving her a sense of comfort. "Honestly, you are old, but you are still attractive, and your beauty catches my attention. I wanted to do it with you last night, but I don't like forcing women, so I stopped when you refused to continue."

Zhao Yuxian naturally remembered their activities last night, and her heart pounded as she recalled it. "Do you—"

"Like last night, I won't force you, and you can think things through first." Tang Xiao rubbed Zhao Yuxian's cheek. "Are you going to let your husband be happy with her? Do you want to die in sadness and disappointment? If you want it that way, I'll leave you alone now, and you can jump in the river. If you commit suicide now, your husband will be happy with that woman, and your death will ultimately be in vain."

Zhao Yuxian felt her heart was being stabbed repeatedly by a knife after listening to Tang Xiao, and she certainly didn't want Ran Linfeng to be happy with Yang Shiya after her death. However, she was hesitant to accept Tang Xiao's offer because she didn't know him, and she only knew him as a male masseuse.

"Since you prefer to die in sadness and disappointment, I will leave you alone, and you can do whatever you want." Tang Xiao immediately turned around to leave.

"Wait!" Zhao Yuxian exclaimed while grabbing Tang Xiao's hand as he was about to walk away. "Can you really help me get revenge on my husband?"

"That's for sure." Tang Xiao then held Zhao Yuxian's hand and rubbed it. "In addition to assisting you in seeking revenge on your husband, I can also offer help with other matters, and you may abandon your intention to commit suicide later."

Zhao Yixuan's face flushed red as she realized the meaning behind Tang Xiao's words, and she wanted to pull her hand back, but she continued to hold it.

Tang Xiao then asked her again. "So, what's your decision? Are you willing to do it? If you want to do it, give me your husband's address, and I'll take you to the hotel before I take him to you by force."

"Alright, I agree." Zhao Yuxian made up her mind after thinking about Tang Xiao's words, and she gave Yang Shiya's address to him. "Please bring my husband to me, but do not harm that woman in any way."

Tang Xiao was satisfied with Zhao Yuxian's answer, and he took her to a famous hotel in the city before renting the best room there. "You can clean yourself up, and I'll go get your husband."

After Tang Xiao left, Zhao Yuxian went to the bathroom and took off her wet clothes. She cleaned herself under warm water, but she looked anxious, imagining what would happen next. "Have I made the right decision? We were intimate last night, but I was already thinking about not seeing him again. He suddenly appeared in this city, and he offered to help me get revenge on my husband. His words are true; I can't let Linfeng be happy with Yang Shiya, and I have to take revenge on him for betraying me. Moreover, we won't see each other again after tonight, so I don't need to think about anything, and I will forget everything after that."

Unfortunately, Zhao Yuxian still didn't realize that she had fallen into Tang Xiao's trap, and she would suffer because of her past mistakes.

Tang Xiao didn't leave the hotel and went to the rooftop instead, and he kept watching Zhao Yuxian with his true eyes. He then took Ran Linfeng, who was still unconscious, out of the ark. However, Xiao Ai had already gagged his mouth with a gag ball, and she also chained his hands and feet.

"Haha!" Tang Xiao laughed as he squatted beside Ran Linfeng, and he channeled his light qi into his body to dispel the effects of the medicinal powder. "That night, I had to witness your depraved actions with my own eyes, and it's your turn. I want you to witness me having fun with your wife first, and I will send you to meet King Yama after that."

After waiting for some time, Tang Xiao saw Zhao Yuxian come out of the bathroom covered in a towel because her clothes were soaking wet, revealing her mature, half-naked body.

Tang Xiao brought Ran Linfeng into the room before sitting him on a chair with his hands chained behind his back, which shocked Zhao Yuxian. "How did you manage to do it so fast? Did anyone see you bring him here?"

Chapter 57: Fall Into Trap

"I have my own way." Tang Xiao replied as he walked to the bathroom, especially since his body was also soaked with rainwater. Even though he could dry his body with his fire qi, he couldn't possibly do it in front of Zhao Yuxian. "I'll wake him up after I finish showering, and we can do it in front of him after that."

Zhao Yuxian sat at the foot of the bed, her face flushed and her heartbeat quickening as she imagined having sex with Tang Xiao; however, her expression turned furious when she looked at Ran Linfeng. 'This is all your fault, husband! I would not have taken this decision if you had not betrayed me with Yang Shiya! I will have fun with him in front of you! You can feel my sadness and disappointment!'

Minutes later, Zhao Yuxian gave Tang Xiao a dazed look as he exited the bathroom with a towel covering his lower body. She gulped when she noticed the big bulge underneath the towel. 'I know his dick is big, but it seems bigger than I remember! Last night, he was fully clothed, so I didn't see his naked torso. His body is sturdy and muscular, and his abs are absolutely perfect.'

Seeing that, Tang Xiao walked in front of Zhao Yuxian and briefly kissed her. "Are you fascinated by me now?"

"Yes." Zhao Yuxian nodded and groped around Tang Xiao's naked torso. "Do you often train in the gym? Your body is amazing, and I've never seen such a perfect body before."

"Haha! You will be even more fascinated by me after this." Tang Xiao turned to Ran Linfeng and touched his shoulder. "I'll wake your husband up first."

"Mhn! Mhn!" As soon as Ran Linfeng opened his eyes, he was shocked to see his wife with an unfamiliar man. He struggled to break free, but his hands and feet were tightly chained to the chair. 'What the hell is going on here? How could I be in such a situation? How could Yuxian be here? Who is the man beside her?'

"Can you lend me your phone?" Zhao Yixuan opened her email and downloaded one of the videos after Tang Xiao gave it to her, and she stood in front of her husband before slapping him on both cheeks.

****Slap... Slap...****

"Mhn!" Ran Linfeng made a muffled sound as he looked at his wife in shock, and he still didn't understand why Zhao Yuxian was furious with him. He then looked at Tang Xiao, who was grinning at him. 'This must be that bastard's doing! I'll kill him once I'm free!'

"You don't need to look at him like that! All of this is your fault!" Zhao Yuxian furiously shouted at her husband, and she then showed the video to Ran Linfeng. "See this? I have followed your every wish for so many years, and I assisted you in accomplishing so much for your sake, but you betrayed me with that slut! At first, I didn't believe this video, so I came to this city to confirm the truth, but I never thought that I would see you so engrossed in having sex with her. I kept screaming to stop you two, but you acted like an animal, and you pushed me down over and over again."

'Fuck! How did Yuxian get that video? Who recorded it and sent it to her?' Ran Linfeng screamed in his heart as he was completely shocked after seeing the video, but he frowned when he looked at Tang Xiao again, especially after he read the movement of his lips. 'This bastard is the culprit!'

"I intended to commit suicide due to my overwhelming sadness and devastation, but he came to stop me and offered me a way to take revenge on you." Zhao Yixuan removed the towel, exposing her naked body before their eyes. "I have never wanted to have sex with another man because I have always been faithful to you, but you betrayed my loyalty! I will make you experience the same sadness and devastation, so you should open your eyes and watch me having sex with him."

"Mhn!" Ran Linfeng continued to spout incoherent words as he fiercely glared at Tang Xiao, who smirked at him. 'Bastard! I will kill you if you dare touch my wife!'

Zhao Yixuan turned to face Tang Xiao and took a deep breath, but she was completely nervous. Even though she had been intimate with him last night, she was not ready to have sex with another man.

After she felt ready, Zhao Yuxian knelt on the floor as she pulled the towel covering Tang Xiao's lower body. She brought her face closer to his dick, and she licked it directly. Her one hand moved up and down on the shaft, and her other hand massaged his two sacks. 'I decided not to see him again yesterday, but I'm doing this for him again now.'

Ran Linfeng was furious when he saw Zhao Yixuan enjoying herself, but his expression turned to shock when Tang Xiao revealed his true face. 'Impossible! Shouldn't he have died in that ravine? How could he be here and change his face like that?'

'Did you know that I witnessed the depraved acts of you and the others that night?' Ran Linfeng was shocked even more listening to Tang Xiao's voice in his mind. 'In the past, I didn't have the strength to take revenge, so I couldn't do anything to you guys. However, the situation has turned around now, and I have the power I need to do so, so I will kill everyone involved in the events of that night.'

Ran Linfeng shivered in fear, especially when he saw Tang Xiao's expression look so vicious, and cold sweat started to drip from his forehead. 'Shit! What actually happened to him after falling into the ravine?'

Tang Xiao activated his disguise again and looked at Zhao Yuxian, who had already started sucking his dick. She looked like a little girl who had just gotten a new toy, and her expression was one of excitement as she did that.

****Slurp... Slurp...****

As he enjoyed Zhao Yuxian's service, Tang Xiao spoke to Ran Linfeng again. 'My big sister killed Ran Qingfeng, and I burned his corpse to ashes. You don't need to be sad because you will follow him soon, but I will not kill you with my own hands, and I will let you die in the hands of the woman who has accompanied you for so many years.'

Ran Linfeng's face turned ghastly pale after he heard about his son's death, and he didn't even know about it because he had been having fun with Yang Shiya for the past few days. 'Yuxian! You should stop this! He killed our son!'

Unfortunately, Zhao Yuxian was unable to hear his words because a ball had gagged Ran Linfeng's mouth, and all she could hear were his mumbling screams.

Tang Xiao smiled at Ran Linfeng's expression, but he ignored him and rubbed Zhao Yuxian's head. 'What will you do after I reveal my identity to you? Are you going to die from shock?'

****Slurp... Slurp...****

Tang Xiao suddenly grasped Zhao Yuxian's head and inserted his dick deeper into her mouth, causing her to be astonished as he released his cum into her mouth.

Zhao Yuxian's expression turned to delight after she tasted Tang Xiao's cum again. 'Ugh! This is the second time I swallowed his cum, and I like it so much.'

Zhao Yuxian released Tang Xiao's dick from her mouth after he finished his orgasm, and she rushed to the sink to clean her mouth. She returned to his side after cleaning her mouth and sat on his lap, whereupon she was delighted to discover that his dick remained fully erect. "Your dick doesn't go limp at all."

"Haha! I told you before, right?" Tang Xiao briefly kissed Zhao Yuxian's lips, but he turned her around to face Ran Linfeng while his hands squeezed her breasts. "Are you ready?"

"Yes." Zhao Yuxian raised her body and pointed Tang Xiao's dick at her pussy. "Look at this! Not only can you cheat on me, but I can also cheat on you!"

'Stop it, Yuxian! That bastard is Tang Ye's son!'

"Humph!" Zhao Yuxian snorted and inserted Tang Xiao's dick into her pussy directly. "Ahh! Can you see it, husband? Another man's dick penetrated my pussy, and it is thicker than yours."

Ran Linfeng wanted to close his eyes because he couldn't bear to watch his wife having sex with another man, but Tang Xiao did something to him, preventing him from closing his eyes and forcing him to watch them having sex.

"Mhm... his dick filled my pussy, husband." Zhao Yuxian moved her body up and down, allowing Tang Xiao's dick to pump her pussy. "Mhn! I've never felt such intense pleasure when your weak dick was in my pussy, and you even orgasmed before your dick entered completely."

'Fuck! You can keep making fun of me now, but you will be shocked if you find out his identity!' Ran Linfeng cursed inwardly.

Moments later, Zhao Yuxian stopped moving and leaned against Tang Xiao's chest, as she felt that she was approaching her orgasm, and she would rather not orgasm too quickly. "Hah... I don't dare to move, or I'll orgasm right away."

"Is that a problem?" Tang Xiao asked while squeezing Zhao Yuxian's breasts. "You don't need to hold back, and I will bring you into true sexual pleasure."

Chapter 58: Ran Linfeng's Death

"But—"

"Leave everything to me."

Zhao Yuxian was hesitant, but she ultimately agreed with Tang Xiao by sitting on his lap, which allowed him to penetrate her deeply, leading to her first orgasm.

"Ahh! I'm cumming!" Tang Xiao held Zhao Yuxian in her arms as she repeatedly jerked, but she was stunned when his cum spurted within her. "Ahh! Why didn't you tell me that you were about to orgasm too? Today is my fertile period, so you shouldn't release your cum inside."

"Haha." Tang Xiao just laughed and turned Zhao Yuxian's face to him before sealing her lips, and he moved his lower body to pound her pussy as both hands roughly squeezed her breasts.

****Pah... Pah...****

'Oh gosh! My body is still sensitive from my orgasm!' Zhao Yuxian reached back and hugged Tang Xiao's neck because her unabated lust became even higher with every thrust of his dick in her pussy, which brought her lost in immense pleasure. 'Mhn! He fucked me too fast! This pleasure is overwhelming me!'

Tang Xiao suddenly had an idea, and he stopped for a moment before lowering Zhao Yuxian in front of her husband. He made her lean against Ran Linfeng before fucking her again, making her breasts hang down and jiggle around.

Pah... Pah...

"Ahh! Slower! I'll orgasm again if you go this fast!"

However, Tang Xiao didn't listen to Zhao Yuxian's request and fucked her faster, and he then slapped her buttocks.

Slap

"Hyan!"

'Shit! Her pussy tightened after I slapped her buttocks.'

Slap

"Hyan! Slap my butt again!" Zhao Yuxian herself enjoyed it, not because she was a masochist but because Tang Xiao's dick rubbed her inside more intensely due to her pussy tightening.

Slap

Even though Ran Linfeng was furious because of their actions, Zhao Yuxian's moans in his ears aroused him. However, he suddenly grimaced due to the excruciating pain in his dick, and blood was flowing from it for no apparent reason. 'Argh! This bastard must have done something to me!'

"Ahh! No! I'm going to orgasm again!"

Tang Xiao continued to fuck Zhao Yuxian's pussy despite having heard that, and he laid her on her stomach on the bed before fucking her from behind.

As time went on, the unending pleasure that was coursing through her body completely intoxicated Zhao Yuxian's mind, and she consented to Tang Xiao fucking her in various sex styles. She had even lost track of her orgasm because the pleasure never subsided in the slightest, and she no longer cared about his cum repeatedly filling her womb.

An hour later, Tang Xiao stopped fucking Zhao Yuxian after she looked exhausted, and he lay down on the bed with her on top of him as he channeled his light qi into her body to relieve her fatigue.

Zhao Yuxian curled up on his chest without realizing that Tang Xiao had returned to his original form, and she smiled contentedly while controlling her heavy breathing.

"Hah... Hah... I've never felt this good during sex before; you made me orgasm again and again." Getting no response, Zhao Yuxian looked up at Tang Xiao. She instantly

froze after she saw his true face, and her body trembled greatly. "You... How is this possible?"

"How does it feel to have sex with me?" Tang Xiao asked as he narrowed his eyes, but then he strangled Zhao Yuxian's neck and took her down from the bed. "My parents always treated you both well, but you betrayed them. Do you remember the way your husband and his friends treated my mother that night? This is my revenge against you!"

Zhao Yuxian's face turned pale after Tang Xiao mentioned the events of that night, and tears flowed from her eyes as she regretted many things, including having sex with him. "Sob... Xiao'er, I—"

"Don't call my name! Don't beg me either! I will never forgive you." Tang Xiao fiercely interrupted Zhao Yuxian, but he then let go of her, causing her to fall to the floor.

"Honestly, I wanted to kill you, but my late mother would be disappointed if you died in my hands, so I was forced to let you live."

Hearing his cold voice, Zhao Yuxian shivered and wanted to beg Tang Xiao again, but he suddenly threw a dagger on the floor, and she looked up at him in confusion and fear.

"Unfortunately, I will not let your husband live, and he must die tonight." Tang Xiao looked down at Zhao Yuxian and pointed at the dagger. "However, I won't kill him, and you will kill him."

"What?" Zhao Yuxian exclaimed in shock, and she shook her head vigorously. "No! Please! Don't force me to do that! I can't possibly kill him!"

"Do you think I care about your feelings?" Tang Xiao then showed two fingers to her. "First, you can kill him now, and you can live with your twin daughters. Second, I will kill him, and I will also kill them."

Not only was Zhao Yuxian shocked to hear Tang Xiao's cruelty, but Ran Linfeng was also shocked to hear his two conditions.

"No!" Zhao Yuxian shouted as she kowtowed at Tang Xiao's feet. "Please! Don't hurt Xue and Yue! They are innocent, so I beg you not to hurt them."

"I don't have much time, so you can choose now. If you don't do it right away, I will assume that you took the second choice." Tang Xiao threatened her.

"Mhn! Mhn!" Ran Linfeng tried to scream to stop his wife, but it was useless, especially since no sound came out of his mouth.

Zhao Yuxian herself still didn't move, and she kept staring at Tang Xiao with tears flowing even harder. She didn't want to kill her husband, but she didn't want her twin daughters to die.

"1"

"2"

"Stop! I'll do it!" Zhao Yuxian shouted as she took the dagger and stood in front of Ran Linfeng, pointing it at his chest. This made him tremble with fear, while he also felt afraid of killing him.

Since Zhao Yuxian continued to hesitate, Tang Xiao waved his hand and pushed her forward. She was shocked as soon as the dagger in her hand pierced Ran Linfeng's chest, causing blood to flow from his mouth and chest.

"No! Husband!" Zhao Yuxian screamed hysterically as she let go of the dagger, and she staggered backwards while shaking her head. "Husband! I'm sorry! I didn't want to do this to you! My body moved by itself!"

'Xiao Ai, I will send this woman inside, and you can take care of her.'

[Yes, Master.]

Seeing Ran Linfeng's gaze filled with hatred, Zhao Yuxian's heart was filled with guilt. She turned to Tang Xiao with eyes full of tears, but he swiftly knocked her unconscious before sending her into the ark.

Since he was still not dead, Tang Xiao ended Ran Linfeng's life before cleaning the room so as not to leave any traces, and he took his corpse away after finishing dressing.

After he burned Ran Linfeng's corpse to ashes, Tang Xiao went straight back to Ouyang House. At first, he wanted to enter the ark, but he canceled it and cultivated in his room in the house.

After Tang Yin finished practicing, Xiao Ai informed her about Zhao Yuxian and Ran Linfeng, making her grin evilly.

Tang Yin didn't immediately meet Zhao Yuxian because it was already late, and she was exhausted from practicing all day. Xing Xing also decided to stop practicing and return home, as Chu Lingxi was alone at home.

Tang Yin decided to return to the Tang House because Tang Yuan was waiting for her there, and she informed her paternal aunt about Tang Xiao's actions.

Tang Yuan did not regret Ran Linfeng's death, but he felt sorry for Zhao Yuxian. However, she didn't expect that Tang Xiao would sleep with her, and they did it in front of her husband before killing him.

.

.

.

Early in the morning, Tang Yin immediately entered the ark and went to see Xiao Ai, who immediately informed her. "Mistress, I have implanted my sub-chip into Zhao Yuxian's brain, and she is in our prison now. My master's actions have had a major impact on her, but I have restored her condition and strengthened her body. However, I haven't helped her become a cultivator yet, as my master hasn't said anything about it."

"I see." Tang Yin then checked on Zhao Yixuan via CCTV in the prison. "I'll see her first."

.

.

.

Before long, Tang Yin had arrived at the prison room, and Zhao Yuxian immediately ran over to her as she spoke with a panicked look. "Yin'er! How is Linfeng's condition? Where is Xiao'er? Please tell him not to hurt Xue and Yue; they didn't do anything wrong to you two, and everything is my fault."

"Did you forget that you stabbed your husband's chest with a dagger? Ran Linfeng is dead, and you killed him." Zhao Yuxian's face turned ghastly pale after hearing that, and Tang Yin told her something else. "Anyway, you don't have to worry about your son because I killed him, and he's with his father in the afterlife."

"What?" Zhao Yuxian screamed in shock as she staggered backwards. "What did you just say, Yin'er? Did you really kill my son? Qingfeng... he... he is your cousin."

"Cousin?" Tang Yin was furious and used her darkness transformation to change into her demon form, which shocked and frightened Zhao Yuxian. She then strangled her maternal aunt's neck, causing her to have difficulty breathing. "Did you see my form?"

Chapter 59: Zhao Yuxian's Request

"You cannot understand the pain I endured during my seven years in a coma, trapped alone in that dark place, which made me become like this now." Tang Yin fiercely spoke. "Like his father, Ran Qingfeng was one of the men who wanted to violate me back then, and he would have done it to me if I hadn't jumped off that building, so I killed him with my hands."

Zhao Yuxian shook her head strongly. "No! I don't believe you! Qingfeng couldn't possibly do something like that to you!"

"What a fool!" Tang Yin then threw Zhao Yuxian on the bed, causing her to whimper in pain. "You are such a stupid woman and mother! You helped your husband do all that to our parents, and you don't know your son's character either. If it weren't for our promise to our late mother, we would have killed you by now, and you could have gathered with those two bastards in hell."

Zhao Yuxian's tears flowed freely. "Please kill me; let me catch up with them, but I hope you don't hurt Xue and Yue."

"Heh! Death is the lightest punishment for you! We will never kill you! We couldn't do it either because of our late mother's wishes." Tang Yin brought her face closer to Zhao Yuxian's and grabbed her cheeks. "Didn't you enjoy having sex with Xiao'er last night? Even though it was a pleasant punishment for you, you will be his servant for the rest of your life. You don't need to worry about Ran Yue and Ran Xue because we won't hurt those who are innocent."

After that, Tang Yin returned to her human form and walked out, but she stopped for a moment in front of the door while speaking to Zhao Yuxian again. "Anyway, you don't need to try to commit suicide because you will never be able to do it, and your life is completely in Xiao'er's hands now."

Zhao Yuxian was devastated and depressed over the death of her husband and son, and she tried to slam her head against the wall after Tang Yin left. However, the electric shock caused her to collapse to the floor, where she curled up and hugged her legs, letting out heartrending cries.

Tang Yin stood outside the prison and sighed to herself, listening to Zhao Yuxian's cry. 'Forgive me and Xiao'er, Mom. We have promised you, but we will never forgive her, and we will continue to treat her like this until the day she dies.'

After waiting for some time, Zhao Yuxian's crying stopped after she fell unconscious. Tang Yin knew that their previous conversation had dealt another blow to her, and she took her to the laboratory, asking Xiao Ai to restore her condition again.

After Zhao Yuxian's condition completely recovered, Tang Yin gave several sets of clothes to her because she wanted to take her to meet the Ran twins.

One of the clothes was a maid outfit like the one Tang Yin gave to Yu Xiaoling, and she explained a few things to Zhao Yuxian, which made her sigh heavily.

.
. .
.

When they arrived at the dining room, Zhao Yuxian was curious about the presence of other women there, but Tang Yin immediately told her the truth. "She is Yu Xiaoling, but I changed her face and gave her a new identity. Like you, she is our servant, and her fate in the outside world is no better than yours, so the two of you will work together to help us."

Zhao Yuxian turned to Tang Yin in shock, as she herself had heard the news of Yu Xiaoling's death, but the female teacher was actually still alive. 'Sigh! They have become so vile.'

Since Tang Xiao was not with them, Tang Yin sat in the seat at the head of the dining table. "Sit and have breakfast with me, and I will take you away after this."

As they enjoyed their breakfast, Yu Xiaoling kept glancing at Zhao Yuxian, and she naturally knew her identity, but she didn't know their reason for capturing her and treating her like a servant.

Zhao Yuxian herself was curious about Yu Xiaoling's situation, as she didn't know that they were two of several women who framed Tang Xiao in the past.

.
. .
.

After they finished breakfast, Tang Yin took Zhao Yuxian out of the ark, and they went straight to the Ran House, but she reminded her about several things.

After thinking about everything, Zhao Yuxian asked Tang Yin a question. "Can you do something for me?"

"What do you want me to do?"

"You and Xiao'er have already killed my husband and son, and you have burned their corpses to ashes, making it impossible for me to arrange their funeral. However, my daughters still don't know about their deaths, and I can't hide this truth from them forever." Tang Yin herself had thought about it before, and Zhao Yuxian then spoke to her again. "I don't know where you two got that place, but all the equipment and technology there are not common things we can find in our world. Furthermore, you can even restore my mental state just like that, which made me realize several things."

"What things have you realized now?"

"First, the disappearance of three-quarters of our wealth was your doing. Second, you sent those videos to lure me into your trap. Third, I have heard the news of Yu Xiaoling's death, but she is still alive in there now, so the news of her death is false."

"That's right." Tang Yin did not deny Zhao Yuxian's guess. "Xiao Ai is an AI, and her system is fully integrated with all the systems in this world. She can do everything without being tracked, but I won't explain their origins to you."

"I know." Zhao Yuxian then took a deep breath and spoke to Tang Yin again. "That's why I want you to help me fake their deaths like you faked Yu Xiaoling's death, so I can tell my daughters about their deaths more easily. Although they will be sad over their deaths, I have no other choice now, and they will definitely get over it as time goes by."

"All right." Tang Yin unhesitatingly agreed to Zhao Yuxian's request and directly asked Xiao Ai to do something about it. "I've asked her to take care of it, but she won't publish it widely because it will arouse the suspicion of our other enemies."

"It doesn't matter." Zhao Yuxian replied as she let out a soft sigh, but her expression was still sad because of their deaths.

.

.

.

Some time later, they arrived at Ran House, and the Ran Twins welcomed them. They were surprised to see Tang Yin, so Ran Xue asked her. "Big Sis Yin? Since when did you wake up from your coma?"

"Why are you with our mother, Big Sis Yin?" Ran Yue also asked her.

"I woke up from my coma a few days ago, and I'm fine now." Tang Yin answered with a smile while rubbing their heads. "Since our last meeting seven years ago, you two have matured into stunning adolescents."

"Hehe." The Ran Twins giggled at that. "We still can't compare to you, and you are prettier than us, Big Sis Yin."

Zhao Yuxian inwardly sighed as she looked at her daughters. She embraced their shoulders and led them into the house. "I want to talk to you two about something serious, and you might be sad about it, but I don't want to hide it."

"What are you trying to say to us, Mom? Why should we feel sad about that?" Ran Yue asked while looking at Zhao Yuxian.

Ran Xue also looked at their mother in confusion. "Did something bad happen to our family, Mom?"

"Yes." Zhao Yuxian took her two daughters to sit on the sofa as she glanced at her niece, and Tang Yin nodded at her. "Your father and brother are dead now, so I went out of town yesterday to confirm their deaths."

The Ran Twins looked at their mother in a daze, and they were shocked to hear the news, but Ran Xue then asked her mother with teary eyes. "Are you joking with us, Mom?"

"I'm not joking." Zhao Yuxian answered with a heavy sigh. "I know you two must be shocked to hear this news because I felt the same way yesterday, but it is the truth that they are dead now."

"How... how did they die? Where... where are their bodies now?" Ran Yue asked with a trembling voice, and tears were already flowing from her eyes.

Tang Yin directly spoke into her maternal aunt's mind and told her that Xiao Ai had finished preparing everything, so Zhao Yuxian turned on the television, which broadcast fake news about the deaths of her husband and son.

The Ran Twins paid attention to the news with looks of shock, and their tears flowed even harder after they saw the photo of their father and brother on television. Even more so, the news reported that their bodies had not been found, but the police and others were still looking for them.

Seeing her daughters like that, Zhao Yuxian turned off the television and hugged them. They cried even louder in her arms, which made her feel sad listening to their heartbroken cries. "I know you two are sad about their deaths, but we can't do anything now. I hope you guys can accept their deaths, and the three of us will get through this situation together."

Chapter 60: Yao Wei's Trouble

Tang Yin smiled faintly at seeing them, but she didn't seem to care about their sadness. 'Xiao Ai, have you collected all the data about Meng Huo?'

[I already collected information about Meng Hao, and I also collected all the information about Meng Wuya and Yao Wenhua. Does that mean we will attack the Meng family directly, Mistress?]

Tang Yin thought for a moment before speaking to Xiao Ai again. 'Ask Xiao'er first which family he will take down next.'

Moments later, Xiao Ai informed Tang Yin. [Mistress, my master said that his next target is Yao Wei, and I have prepared everything from the start, so we can start whenever you want.]

'Yao Wei, huh?' Tang Yin inwardly muttered as he thought everything through. 'The Yao and Meng families are related by marriage, which makes their relationship quite strong. Meng Wuya will act if we attack him now, so I think we should attack both families at once, but the other families will be on alert if we do that.'

[So, we're going to attack the Yao Wei right now, Mistress?]

'Yes.' Tang Yin answered while nodding slightly. 'Yao Wei is having a headache trying to find the whereabouts of his dead son, and Meng Xin has filed a divorce suit against him, so we will take him down soon.'

[What should I do now?]

'Hmm?' Tang Yin immediately gave orders to Xiao Ai. 'Get rid of all of Yao Wei's assets, but do not transfer them to Feng Xiao's name for now; otherwise, they will become aware of our actions, as we have already done this with the Ran family before. After that, publish all of his confidential documents to the public, especially his criminal documents. Additionally, I want you to create chaos within the Meng family, so Meng Wuya won't have time to help him.'

[All right, I will do it now, Mistress.]

"Mom, what are we going to do now?" Ran Yue suddenly asked with a sob.

Ran Xue looked at her mother. "What about the bodies of my father and brother, Mom? Will the police be able to find them?"

Hearing that, Zhao Yuxian felt guilty towards her two daughters, especially since she couldn't possibly tell them that their murderers were Tang Yin and Tang Xiao, and she was also afraid that they would do something bad to them. "I want to find their bodies, but we can only wait for the police's investigation, so we have to be patient in waiting for information from them."

"Yes." The Ran Twins nodded to their mother before burying their faces in Zhao Yuxian's chest again.

After the twins calmed down, Tang Yin asked them. "How about you two live with me at Tang House?"

Zhao Yuxian looked at Tang Yin with a suspicious gaze, and she thought that she was planning something for her twin daughters, but she responded to her gaze with a smile.

"What do you think about that, Mom?" Ran Yue suddenly asked Zhao Yuxian.

Ran Xue also spoke to their mother. "There are only three of us in this house now, Mom. I think we can stay with Big Sis Yin, and you can ask the police to contact us there if they get any new information about the bodies of our father and big brother."

"Do you two really want to live there?" Zhao Yuxian still couldn't get rid of her suspicions about Tang Yin, and she was terrified that she would do something bad to them.

"We want to stay with Big Sis Yin; otherwise, we will continue to feel sad because we keep thinking about them." The Ran Twins answered in unison.

"All right, we will move to Tang House today, so pack up your things now." After the two went to their room, Zhao Yuxian immediately asked Tang Yin. "What do you plan to do with them?"

"Why are you so suspicious of me?" Instead, Tang Yin asked her maternal aunt back while shaking her head. "Even if I have bad plans against them, you won't be able to stop me, remember? I just want to help them forget their sorrows faster, so you don't have to be suspicious of me."

Zhao Yuxian was unable to fully believe Tang Yin's words, but she understood her situation, which made her helpless. She went to her room to tidy everything up, but she still thought that her niece had advanced motives toward the Ran Twins. 'Sigh, I have to do something to protect Xue and Yue from them, especially from Xiao'er.'

****Boom... Boom...****

In the training ground area, various explosive sounds were heard continuously because Tang Xiao was experimenting with atropos glory, and he changed it into various types of weapons while combining them with his elements. Besides, he has adapted better to two times heavier gravity, and his movements have become more agile than before.

Unfortunately, there are certain types of weapons that cannot be combined with certain elements. Tang Xiao can combine all his elements perfectly when he uses melee weapons like a sword, saber, spear, whip, etc. When he uses various types of long-range weapons, only his fire and wind elements can be combined for maximum effect.

Tang Xiao's elements like light, metal, and void, become less effective when he combines them with long-range weapons. As for the lightning element, he can perfectly combine it with all types of weapons, but its effect is maximized when he uses a net. Why net? He deliberately prepared it for the future, and he wanted to use it to hunt beasts on Earth II.

For now, Tang Xiao's fire element is the only thing he can use optimally because its level is much higher than his other elements, which is thanks to the sun stone on his forehead. Even so, he felt quite satisfied with his progress, and the Atropos Glory entered his hand again. "Sigh. I will be able to fully adapt to two times gravity soon, and I will start training at three times gravity after that."

[Master, Yi An wanted to go to the hospital to check her son's condition.]

Hearing this, Tang Xiao hurriedly left the ark and returned to the Ouyang House. He found Yi Aa and Su Rou already ready, and he immediately drove them to the hospital.

.

.

.

The arrival of a man surprised Yao Wei, who was reading the newspaper in the living room, because his expression looked panicky. "What happened, Fan Heng? Why did you suddenly come here without my orders?"

"Sir, I came here because something serious happened." Fan Heng answered as he sat opposite Yao Wei, and he placed a laptop on the table while showing it to him. "You can see everything for yourself, sir. I've tried to trace the source of the cause, but I couldn't find it, so I came here straight away."

"Hmm?" Yao Wei read several programs on the laptop screen, but his expression instantly turned pale, and he checked everything frantically. "What the heck happened? How did my shares in all those companies disappear?"

"Sir, not only did your shares in all those companies disappear, but all your assets also disappeared without a clear trace, including all your money in the bank, so you have nothing now."

"What?" Yao Wei screamed in shock after he heard that, but his phone suddenly rang, and he saw his sister calling him. "Why are you looking for me, Wenhua?"

[Brother, you should turn on your TV now because all the news media are broadcasting the news about you, and they are publishing a lot of your confidential documents, especially documents related to the late Tang Ye.]

Yao Wei immediately ended the call and turned on the television, but his expression became awful after he heard the news, as all the news media were broadcasting the same story.

Of all that, what frightened Yao Wei the most was the news about his involvement in Tang Ye's death and the downfall of the Tang family, as those things were supposed to be a secret between him and his colleagues.

Additionally, Ouyang Hong ought to have kept everything in order in relation to those two events to prevent others from learning about their deeds, but now everything has leaked out, which confused Yao Wei.

Suddenly, Fan Heng's phone rang, and he informed Yao Wei after he finished talking to the caller. "Sir, our team has traced your shares in those companies; however, they have been transferred to the names of dozens of people. He mentioned that you were the one who sold them, so we are unable to take them back."

"That's impossible!" Yao Wei shouted. "I didn't do any sales! Someone must have hacked everything and impersonated me to sell my shares. What about my shares in my own company?"

"You only have your house and movable assets left because everything else has been lost, and the other shareholders have taken control of your company. Yao Wei's face became even paler after he heard that, but Fan Heng's next words made him even more depressed by his situation. "Regarding your assets in the bank, all of them disappeared without a trace, like what happened to Ran Linfeng some time ago. The bank couldn't trace their disappearance, but I've asked them to keep trying to trace them."

Yao Wei fell limp on the sofa. "What the heck happened? Why did the situation suddenly become like this? Who did this to us? Previously, Ran Linfeng experienced this situation, and now it's my turn to experience the same situation."
