## Chapter 91: Capture Intruders

Mu Qingge immediately took Mu Yan's hand and followed Tang Yin. "How did you guys come to have such an advanced place, Yin'er? Apart from the machinery and technology being too advanced, I can feel that the Qi in this place is denser than Earth II."

"The name of this place is the primordial divine ark, and this place is one of Xiao'er's master's inheritances." Mu Qingge looked shocked to hear Tang Yin's answer. "Since Xiao'er has already explained everything about his master, I won't talk about him anymore. He is no longer in this world, but I will always be grateful to him. He created Xiao Ai, and she is the Ai who controls all the facilities in this place."

Tang Yin then told the two women about each area in the ark, but only Mu Qingge listened to her explanation.

Meanwhile, Mu Yan kept looking at Tang Yin with a strange look, and she felt the same closeness toward her as she felt towards Tang Xiao.

Not only Mu Yan, but also Tang Yin felt an extraordinary closeness towards Mu Yan. She felt familiar with the feeling, but she had difficulty remembering it.

Mu Yan suddenly asked Tang Yin. "Are you my big brother's wife, Big Sis Yin?"

"Eh?" Tang Yin turned to Mu Yan in surprise.

"I'm curious about that, too, Yin'er." Mu Qingge also said this to Tang Yin. "I can feel Tang Xiao's Yang Qi inside your body, so I thought you guys were in that kind of relationship."

Tang Yin inwardly sighed, as he still had no plans to tell Mu Qingge about their relationship, but he decided to admit the truth. After all, Tang Xiao was attracted to her, and she wanted him to take her as a member of his harem. "I am Xiao'er's first wife, but we have never done the deed, and I cultivate using his Yang Qi. His second wife is Xing Xing, but she lives outside with her mother. Are you disappointed with our relationship?"

"Not really." Mu Qingge responded by shaking her head. "Even though I feel weird about it, that kind of relationship is common on Earth II, and I know quite a few of them too. Besides, my father once told me that our family's ancestors' relationships were no different from yours, but they were not siblings like the two of you, and they were blood cousins."

Tang Yin felt relieved after hearing that. "Aunt Qingge—"

"Let everything flow naturally, okay?" Mu Qingge interrupted Tang Yin because she knew what she was going to ask her. "Yan'er likes Tang Xiao, and I've opened up opportunities for him, so let's just wait for now."

"All right."

.  
. .  
.

Before long, they had arrived at the residence area, but Mu Qingge was surprised to see Yu Xiaoling and Zhao Yuxian were there. "Are they his two unofficial women?"

"You must already know Zhao Yuxian, right?" Mu Qingge nodded to her, and Tang Yin explained the status of the two women and the reasons behind it.

"Humph! Evil women like them deserve to be treated like that!" Mu Yan blurted out as she looked at the two women with hatred. "I hope big brother will never spare them! He must treat them as his servants for their entire lives!"

"Yan'er, you can't talk like that, okay?"

"No, Mom!" Mu Yan exclaimed as she shook her head. "They have done evil things to big brother and big sis, and they are no different from those evil intruders who hurt my grandfather, so they deserve to be treated like that."

Tang Yin smiled happily while listening to Mu Yan's words and pulling her into one of the rooms. "You don't need to think about them because your big brother will never forgive them."

"That's good." Mu Yan nodded with a satisfied smile on her face, but she continued to glare at the two women angrily.

Mu Qingge shook her head helplessly because of her daughter's attitude. 'What exactly happened to Yan'er? Why does she behave this way towards Tang Xiao and Tang Yin?'

After she took the two women to their rooms, Tang Yin left them alone, and she asked Yu Xiaoling and Zhao Yuxian to prepare for tomorrow morning because her company would open tomorrow.

.

Tang Xiao, who was hiding behind the trees, watched his father and master gang up on Xie Ao. He saw that Jiang Sheng, his subordinates, and the young woman had already fallen unconscious.

'I knew that my master was strong, but I didn't expect that he was much stronger than I imagined. Even my grandfather, who always acted nonchalant, was stronger than her.' After all, Tang Xiao had never seen a fight between cultivators before, so he observed their fight seriously, as he might be in such a situation in the future. 'Unfortunately, they still can't fight Long Yin with their current strength, so I have to train much harder to be able to surpass them, or else I will never be able to defeat him.'

***\*Boom\****

Tang Xiao suddenly heard a huge explosion that created a fairly deep hole, and he saw Xie Ao covered in blood inside. After all, their cultivation was not that different, so he was unable to face Tang Huang and Tantai Lingyan at once.

Tantai Lingyan landed beside Xie Ao before stomping his chest, causing him to vomit more blood. Tang Huang also landed there and sealed his cultivation directly. "Hahaha! I didn't expect that I would suffer such an unfortunate fate today! Even so, I won't die in vain because Mu Lin is already in hell now, and I'm quite satisfied with that."

After he sent Jiang Sheng and the others into the ark, Tang Xiao moved next to his grandfather and master and spoke to Xie Ao. "Unfortunately, your death will be in vain because Grandpa Lin is still alive, and he is undergoing a healing process now."

Xie Ao was shocked for a moment by his words, but he then shouted at Tang Xiao. "Bullshit! I concocted my poison with special ingredients to kill Mu Lin! No one has the antidote, including me, so he must be dead now."

"It's none of my business, whether you want to believe it or not." Tang Xiao replied with an indifferent shrug. "We won't kill you all so easily, and I have plans for you all."

"What are you going to do to them?" Tantai Lingyan asked with a frown after she saw Tang Xiao's strange smile, and she was sure that he was planning something bad for them.

"Master, he is a heretic cultivator, okay? Therefore, we don't need to be merciful to him, right?" Tantai Lingyan frowned even more after hearing his answer, but Tang Xiao had no intention of telling her for now. "Take me to Yi An, Grandpa. I don't want her to be suspicious of me, and Xiao Ai will take the three of you into the ark after this."

"All right." Tang Huang then carried Tang Xiao, who pretended to be unconscious, to Yi An's car. "I found your chauffeur in the back garden, and he seemed unconscious because those people beat him."

"Thank you, Uncle Tang." Yi An ordered Su Rou to accompany Tang Xiao in the back seat, and she drove the car herself.

"Xiao'er is all grown up now, and he knows how to act carefully." Tantai Lingyan spoke as she walked beside Tang Huang with the unconscious Xie Ao on her shoulder. "His ark is truly amazing, and it's the first time I've seen such advanced equipment and technology."

"He is both careful and cunning! No wonder he has so much confidence in destroying the Ouyang family. With all those things at his disposal, it would be too easy for him to destroy them." Tang Huang said this with a wry smile.

Tantai Lingyan nodded in agreement, as she herself still couldn't shake her shock after seeing everything. "Perhaps the person that Old Man Tian saw in his vision was Xiao'er."

Tang Huang turned to her and asked with a raised eyebrow. "Are you referring to the person who broke the barrier between Earth and Earth II?"

"Yes." Tantai Lingyan nodded at him. "I'm pretty sure that he can break the barrier if he uses everything in his possession."

Tang Huang took a deep breath and thought about it seriously, as Tang Xiao would face many challenges in the future if he was really the person in Old Man Tian's vision.

"I think I should train Xiao'er again, and I will give him more rigorous training this time, so he will be ready to go to Earth II and face many new challenges." Tantai Lingyan then turned around and went into the Mu House, and Tang Huang followed behind her because Sun Xiang and Xiao Meng were still unconscious there. "What should we do with these two girls?"

"Nothing." Tang Huang squatted between the two women and touched their backs. "They will wake up soon, so we can leave them here, and we will continue the process of strengthening our bodies."

Suddenly, Xiao Ai appeared in front of them, as she was previously monitoring them from the CCTVs in the Mu House, and she brought them into the ark.

Shortly after they left, Sun Xiang and Xiao Meng opened their eyes, but their expressions looked upset after they were so easily paralyzed by someone. They then looked for Mu Lin and the others, but they couldn't find them, so they left the house feeling full of questions.

## Chapter 92: Evil Techniques

Arriving at Ouyang House, Su Rou carried Tang Xiao back to her room, but she didn't realize that he had deliberately made his body float a little, or else she wouldn't have been able to carry him there.

After he confirmed that Su Rou had left, Tang Xiao immediately got out of bed and locked the door, and he went straight into the ark to check on the prisoners.

Tang Xiao found Tang Yin standing in front of the young woman, who was still unconscious. He hugged her from behind while asking. "What are you thinking? Do you have any plans for this woman?"

"En." Tang Yin had made up her mind about the young woman, but she was still thinking about the risks. "Her cultivation has reached the middle king level, but she is a lowly slut. According to Big Sis Lingyan, she has slept with dozens of men, so I don't want you to touch her. That's why I thought about using one of the sub-techniques in the calamity of darkness, but I'm afraid of the side effects."

"Hmm?" Tang Xiao raised his eyebrows for a moment before turning Tang Yin to face him. "Do you want to use the darkness-devouring technique on her?"

"Yes." Tang Yin answered with a nod. "If I devour her and those two bodyguards, then my cultivation will increase quite a lot, and my soul power will also increase. However, I'm afraid I'll get addicted to using that technique, and I'll become a real demon."

Tang Xiao himself had read that sub-technique, and it did have an extraordinary effect on Tang Yin, but the effect was indeed frightening because it could make the user addicted. 'Xiao Ai, does your old master have a technique similar to her darkness devouring?'

[Old Master does have such a technique, Master. But—] Xiao Ai was hesitant to pass the technique on to Tang Xiao, as it was much more evil than the darkness devouring.

Tang Xiao raised his eyebrows. 'But what—?'

Xiao Ai sighed heavily before explaining. [Master, that technique is too sinister, and my old master deliberately sealed it. In the past, he almost became a heretical cultivator due to his continuous use of the technique, so he decided to seal it, and he never used it again after that.]

'If your old master can't control himself because of that, it doesn't mean I can't control myself, right?' Tang Xiao was fully confident that he would not lose control due to the

situation. 'Moreover, I have you who can remind me, and I won't go too far in using it, so you can give me that technique now.'

'My old master is the future you, Master.' Xiao Ai inwardly muttered. [All right, I will give you that technique, but you must not use it continuously. Otherwise, you will become addicted to taking shortcuts, and you will become the heretical cultivator that other cultivators hate so much.]

Tang Xiao was overjoyed after he received the technique, and he closed his eyes and began to read the details of the technique, after which he learned how the technique worked.

[Drain Touch: A technique that can be used to absorb other people's lifespan and cultivation to increase the user's lifespan and cultivation.]

Tang Yin looked at her little brother with a confused look, and she didn't understand what he was doing. Sometimes he looks surprised, sometimes he looks gloomy, and sometimes he looks serious. 'Xiao Ai, what is Xiao'er doing?'

[Mistress, you wanted to use your darkness devouring, so he asked for a technique similar to that, and he is learning it now. However, the technique is much more sinister than yours, and its effects are more addictive than the effects of your technique.]

Instead of stopping him, Tang Yin was happy after hearing that. She no longer hesitated to use her technique, so she immediately used her demon form, but she waited for Tang Xiao to finish learning his technique before using it.

***\*Tap... Tap...\****

Tang Yin looked at the three people who had just arrived at the prison, but they froze in their spots after they saw her demon form. "Are you guys shocked to see my current form?"

"How did you become a demon, Yin'er?" Tantai Lingyan asked as she moved in front of Tang Yin and rubbed her horns directly, and she could feel that both of them were real. "Does this mean you awakened the darkness element?"

"Yes." Tang Yin replied with a casual smile, but her smile actually made Tantai Lingyan and the others shudder. "Honestly, I'm not a true demon, and I used my darkness transformation to turn into one. Anyway, Aunt Yuan already told me that other cultivators hate a darkness cultivator like me, and I will never use my abilities outside, so you guys don't need to worry about me."

They were a little relieved to hear Tang Yin's words, but Tang Huang then walked beside her and hugged her. "Yin'er, I know you have grown up and are quite mature now, but the world of cultivation is truly cruel and harsh, so you must always act more

carefully when outside. Otherwise, they will kill you if they recognize your darkness element, and I really don't want to lose you, so you should immediately escape into this place if that happens."

"I know, Grandpa." Tang Yin nodded slightly. "I don't want to be separated from you all, so I will be careful when I'm outside."

Tang Huang glanced at his grandson. "What is Xiao'er doing? Why does he keep standing with his eyes closed like this?"

"Xiao'er is learning a new technique now, so you can wait for him to finish to find out about it." Tang Yin then turned to Mu Qingge. "Do you want to meet Jiang Sheng, Aunt?"

"Yes." Mu Qingge responded with a light nod. "I don't know what you two are planning to do to them, but I feel that they won't end well in the hands of the two of you, so I came here to see him one last time."

"Would you mind if we killed him?"

"No." Mu Qingge answered without the slightest hesitation in her face. "Even though he is Yan'er's father, he doesn't want him. Our relationship ended after he left me, so it's not a problem for me if you want to kill him."

Tang Yin then walked in front of Mu Qingge and took her hand. "Aunt Qingge, I hope that this will lift the burden in your heart, and you will be able to find better happiness in the future."

Mu Qingge just smiled when she heard that, and she certainly understood what kind of happiness Tang Yin meant, but she still hadn't thought that far ahead.

"Hahaha!" Tang Xiao suddenly opened his eyes and laughed loudly, surprising the four women. Even the young woman, who had previously fainted, also slowly opened her eyes.

The young woman went into shock upon realizing her situation, particularly after discovering that her cultivation had been sealed. She trembled intensely when she saw Tang Yin's demon form. 'What the hell! Aren't they righteous cultivators? Why are they with a demon now?'

"Is there something wrong with your brain?" Tang Huang asked as his right hand touched Tang Xiao's forehead and his left hand touched his ass.

"Hey, Old Man! I'm not crazy!" Tang Xiao shouted as he shook off his grandfather's hand. "I just learned a new technique, and it can improve my cultivation quickly. I'll show it to you guys later, but I want to see Big Sis use her technique on this woman first."

Hearing that, Tang Yin walked towards the young woman, who became even more frightened when she saw her red eyes shining.

"What kind of technique are you going to use on her?" Tantai Lingyan frowned as she asked, particularly because she had some knowledge of the techniques used by darkness cultivators, all of which were terrible.

"Big Sis Lingyan, I can't explain it to you all, so you should see it for yourself." After she said that, Tang Yin immediately activated her darkness-devouring technique.

Even though they were much more senior and stronger than her, Tang Huang and the others instinctively took a few steps back when they saw a mouth-shaped black shadow come out of Tang Yin's body, which terrified them.

Only Tang Xiao did not move from his spot as he watched Tang Yin's technique, but an evil smile involuntarily appeared on his face.

Seeing that, the young woman's face turned deathly pale, her body trembled more intensely, and her urine began to wet the floor beneath her. "No! Please don't kill me! I will do anything for you! Please don't kill me."

"First, you are a heretical cultivator. Second, you helped that old man harm my family. Those two reasons are enough for me to kill you."

"No! Please don't kill me! I don't want to die!"

The young woman became even more frightened when the mouth-shaped black shadow opened wide, and it swallowed her alive before entering Tang Yin's body again. She immediately sat cross-legged on the floor before closing her eyes to concentrate.

Tang Huang, Tantai Lingyan, and Mu Qingge took a deep breath after seeing that. They never expected that Tang Yin would do such a sinister thing to another human. However, they were surprised when they sensed that her cultivation was improving quite fast, and she had reached the peak beginner level in just a few moments, but it still hadn't stopped improving.

## **Chapter 93: Rapid Breakthrough**

Xiao Ai ran into the prison and stood in front of Tang Yin, as she had predicted that her cultivation would improve too fast. She estimated that her mistress could surpass the foundation level by absorbing the young woman's cultivation, so she took the five basic pills from the treasury vault for her.

Since Tang Yin's cultivation had reached the peak beginner level, Xiao Ai put a pill into her mouth. "Mistress, swallow the Foundation Establishment Pill, and it will help you stabilize and strengthen your foundation."

Tang Yin swallowed the pill, which quickly melted and spread throughout her body.

Xiao Ai looked at the others. "You don't need to worry about my mistress, as my old master's Foundation Establishment Pill is different from the pill that you have swallowed in the past. The effect is a thousand times better, and her foundation will remain stable even if she breaks through too fast."

After hearing that, they released sighs of relief, and Tantai Lingyan asked her. "Can you give us the pill too?"

"Sure." Xiao Ai gave the three of them the five basic pills concocted by the old Tang Xiao, and she explained the benefits of each pill to them.

After they waited for quite some time, Tang Yin's cultivation broke through to the lower foundation level, but she still showed no signs of stopping because her victim's cultivation was in the middle king realm.

"Grandpa, I want you to stay here to monitor her." Tang Xiao held Mu Qingge's hand, which made her a little uncomfortable because she had not been in a relationship with another man for almost two decades. Then, he took her to another room to meet Jiang Sheng.

"Old Huang, I want to see Xiao'er's plans for Jiang Sheng, so I will go with them." Tantai Lingyan ran after them.

Tang Huang sighed, as he wanted to witness his grandson's actions toward Jiang Sheng, but Tang Yin's breakthrough was more important.

.

.

.

Xie Ao and Jiang Sheng, whose cultivations were sealed by Tantai Lingyan and Tang Huang, could only stare hatefully at them.

"What are you going to do to them, Xiao'er?" Mu Qingge asked while casting a hateful gaze at Jiang Sheng.

"Do you want to kill Jiang Sheng with your own hands, or should I do it?"

Upon hearing that, Jiang Sheng looked at Mu Qingge and begged her. "Please spare me, Qingge! I promise... I promise I won't bother you and our daughter anymore."

"You are not Yan'er's father." Mu Qingge spoke in a cold tone, and a light blue aura enveloped her body. "Because of you, my father almost died, but he was lucky because Tang Xiao managed to save him."

The two men were shocked to hear the name Tang Xiao because they knew that Tang Huang's grandchildren were ordinary humans; however, he had already become a beginner cultivator, and he thwarted their plans to kill Mu Lin.

"Yan'er doesn't want to know you, and I will never tell her that you are her father." Mu Qingge then raised her and Tang Xiao's hands. "She likes him so much, and she wants him to be her father, so I decided to accept him."

Tang Xiao didn't feel any excitement hearing her words, as Mu Qingge said it to vent her anger and disappointment toward Jiang Sheng. To his surprise, she faced him and tiptoed slightly, and their lips were already pressed against each other.

'Her lips are really soft.' Tang Xiao was surprised when Mu Qingge acted bolder by sticking her tongue into his mouth, but he was happy with her action. He hugged her waist, returned her kiss, and engaged in a hot French kiss.

Tantai Lingyan massaged her forehead because Mu Qingge was a close friend of the late Tang Ye, but she now fell for Tang Xiao, and a glimmer of jealousy subconsciously flashed in her eyes.

Jiang Sheng was annoyed and jealous seeing them kissing so hotly. "Hahaha! You can have that bitch, brat! I've enjoyed her body too many times before, and she—Gah!"

Before he could complete his sentence, Tang Xiao slashed Jiang Sheng's cheek with his scarlet sword, leaving a deep cut that even tore the side of his mouth and gushed blood.

Given her familiarity with Tang Xiao's speed, Tantai Lingyan, who had trained him to master various types of weapons, including swords, was shocked to witness that. The velocity of his sword slash just now was remarkably swift, rendering it nearly imperceptible to her eyes.

Tang Xiao stopped their kiss and looked at Jiang Sheng. "You know what? Despite her past with you, Qingge is still a perfect woman in my eyes, and I will accept her shortcomings completely. Besides, Yan'er is a smart and kind girl, and I like her, so I don't mind having a stepdaughter like her."

Mu Qingge was pleased to hear Tang Xiao's words, but then she spoke to him. "I will kill him myself."

"No! No! Please—"

Before he could beg her, Mu Qingge had already stretched her hand forward. Since Jiang Chen's cultivation was sealed, he didn't have any protection and was vulnerable to her attacks, which turned him into an ice statue.

Tang Xiao's jaw dropped after seeing that. He knew that Mu Qingge was much stronger than him, but he didn't expect that she could instantly freeze Jiang Sheng.

Mu Qingge clenched her fists as she softly spoke. "Shatter!"

***\*Crack... Crack...\****

***\*Boom\****

The frozen Jiang Sheng instantly shattered into pieces, and Mu Qingge withdrew her ice qi. "Thank you."

"What are you thanking me for?" Tang Xiao asked with a shake of his head before pecking Mu Qingge's lips. "Since you accepted me, you're my future wife, so there is no need for thanks between us."

After hearing that, Mu Qingge felt awkward, particularly because she had not fully accepted Tang Xiao and had previously kissed him in a moment of anger toward Jiang Sheng.

"I understand your feelings, and I will wait until you are ready to accept me." Mu Qingge was relieved to hear that, but Tang Xiao then approached Xie Ao, who looked afraid of them. He swallowed the foundation pill before clutching the old man's head, as he was sure that his cultivation would break through once he absorbed the old man's cultivation. "Since you want to kill Grandpa Lin, you have to bear the consequences. However, I will never give a heretic like you an easy death, and I will make you suffer before you die."

"Argh!" Xie Ao instantly released a shrill scream as soon as Tang Xiao activated his drain touch.

Tantai Lingyan and Mu Qingge frowned after sensing the changes in their bodies, and Tang Xiao's cultivation rose at a rapid pace; even his skin gradually became smoother.

Xie Ao experienced the opposite, as his cultivation slowly decreased, and his skin gradually wrinkled. The two women exchanged shocked glances, and they felt that Tang Xiao's technique was too sinister. 'What kind of technique did he use?'

"Argh!"

In half an hour, Tang Xiao's cultivation had already broken through to the lower foundation level because Xie Ao's cultivation was already at the peak emperor realm, and he swallowed the foundation pill before absorbing his cultivation again.

'Insane! Xiao'er is truly insane! His cultivation broke through so easily!' Tantai Lingyan screamed in her heart. 'Why did he learn such a technique? I know that he can't wait to become strong to fulfill his ambition to take revenge on his enemies, but his technique is too sinister! Not only did he absorb Xie Ao's cultivation, but he also absorbed his lifespan!'

Despite this, Tantai Lingyan didn't dare to stop Tang Xiao, mainly because she didn't know anything about the technique he used on Xie Ao, and she was afraid that she would cause him harm if she did so.

Although her expression didn't show anything, Mu Qingge was horrified by Tang Xiao's technique, as Xie Ao was aging and shriveling rapidly. 'I didn't expect that he possessed such a terrifying technique, but I hope he refrains from using it continuously. Achieving high cultivation and strength is a gradual process, and taking shortcuts to enhance both would be detrimental to him.'

"Argh!" Xie Ao continued to let out groans filled with pain, and he already looked truly old; even the bones on his body were visible as his skin dried up.

Over a period of time, Tang Xiao repeated the process again and again, and he stopped absorbing Xie Ao's cultivation every time he broke through. Once he broke through to the middle foundation level, he lowered the absorption rate of his technique, and he used the break to stabilize his cultivation. He didn't have much difficulty doing so after he swallowed the foundation pill.

Tantai Lingyan and Mu Qingge let out sighs of relief as they nodded in satisfaction after they realized Tang Xiao's actions, especially since he could still control himself under such temptation, and he was in no rush to absorb Xie Ao's cultivation.

Sometime later, his cultivation had reached the peak foundation level, but he felt a dilemma about whether to continue or stop.

'I think this is enough.' Tang Xiao stopped his technique and exhaled softly. 'Now I understand why Xiao Ai's old master sealed the technique; its effects make the user addicted, and they end up looking for the easiest way to increase their cultivation by absorbing other people's cultivation. That's why I have to use it carefully, and I can't use it too often, or I'll become like that.'

## **Chapter 94: Killing Xie Ao**

Tang Xiao looked at Xie Ao as he opened his palm, and his scarlet flames appeared, but Tantai Lingyan grabbed his hand. "Even though he is weak now, your flames won't be able to kill him because he is an emperor-level cultivator and his body has been tempered by his tribulations."

"Sister Lingyan is right, Tang Xiao." Mu Qingge also said to him. "Only she or Uncle Huang can kill him, so you can let her do it."

"Hmm?" Tang Xiao thought for a moment before he summoned Atropos glory, but he transformed it into a scarlet shotgun and channeled his fire qi into it. "Hehe! I wonder if this is enough to kill him or not."

***\*Bang\****

Tang Xiao shot Xie Ao in the chest with his shotgun, causing his body to explode instantly. His scarlet flames instantly burned the fragments of his body, while the explosive power stunned him.

Tantai Lingyan and Mu Qingge's eyes widened as their jaws dropped. They were sure that Tang Xiao would not be able to kill Xie Ao, but his scarlet shotgun shattered him into pieces.

They quickly regained their composure, and Tantai Lingyan grabbed Tang Xiao's shoulder. "Tell us! What technique did you use on Xie Ao just now? How can you absorb his cultivation base to enhance your own? Additionally, you absorb his lifespan as well to improve yourself, right?"

Tang Xiao understood why his master looked so worried, as he himself knew that the technique was sinister. "The technique's name is Drain Touch."

"You shouldn't use that technique too often, do you understand?" Tang Xiao replied to Tantai Lingyan with a strong nod. "Where did you get this weapon? Previously, it was a sword, but it's now changed to a shotgun."

"I got it from Xiao Ai's old master's collection, and it was originally a necklace, but I can change it into any weapon I want." Tang Xiao demonstrated to them by turning the necklace into a sword, spear, bow, machete, and various other types of weapons.

"What a marvelous weapon!" Tang Xiao's weapon captivated Tantai Lingyan, as she had never seen anything like it before, and it could combine with a cultivator's Qi. "Do you have another one?"

"Master, it is the only one, and it is bound to me." Tang Xiao replied as he showed the tattoo on the back of his palm.

Tantai Yuan pursed her mouth after hearing that, as she wished she had such a weapon so she didn't need to carry so many weapons in her storage ring.

Tang Xiao couldn't help but shake his head at her reaction, but he was no longer surprised by her behavior. Even though Tantai Lingyan looked mature, she was actually childish. However, no one knew about it except him, and she always kept her mature demeanor in front of others.

"Big Sis seems to have almost finished breaking through."

.  
. .  
.

In the end, Tang Yin succeeded in reaching the peak foundation level, but she should have been able to reach a higher level. However, Tang Huang stopped her because it would only harm her if she broke through several times in a short time.

Since her grandfather had much more profound experience than her, Tang Yin chose to listen to Tang Huang's words and stopped absorbing the woman's cultivation.

As for Jiang Sheng's two men, Tang Xiao decided to kill them because their cultivation was not that high, and he was also afraid that they would be tempted to use their sinister techniques again.

After they finished, Tang Huang and Tantai Lingyan followed Xiao Ai to the laboratory, struggling to calm down due to Mu Lin's condition, while Mu Qingge returned to the residence area to accompany her daughter.

.  
. .  
.

Tang Xiao and Tang Yin had returned to their room in the residence area, and both of them were soaking in the jacuzzi. She rested her head on his shoulders and held his hand, thinking about her feelings when she absorbed the woman's cultivation earlier.

"What are you thinking about?" Tang Xiao softly asked.

Tang Yin shook her head slightly. "When I absorbed that woman's cultivation, I almost lost control because my breakthrough was addictive, and I wanted to break through

even further. Fortunately, grandfather stopped me; otherwise, I would have given in to that urge and absorbed her entire cultivation."

"You're right, I also feel addicted to my rapid breakthroughs." Tang Xiao embraced her waist. "Fortunately, my self-control was strong enough, and I stopped immediately after I broke through to the peak foundation level."

Tang Yin wasn't surprised by this because Tang Xiao had suffered far more than her in the past seven years, especially while he was in prison. Furthermore, he had been training under Tantai Lingyan, who had a tough character, since he was five years old, which shaped his character and mindset to be more solid.

Tang Yin inwardly sighed and moved to sit on Tang Xiao's lap; she faced him and wrapped her arms around his neck with a seductive smile on her beautiful face.

Tang Xiao smiled at Tang Yin's seductive smile, and he cupped her face before planting a soft kiss on her lips. Since their grandfather and two aunts already knew and agreed to their relationship, they no longer held back.

Tang Yin closed her eyes and kissed Tang Xiao deeper and more passionately, which he immediately followed. As their lips pressed and moved in rhythm, their tongues darted out and searched for each other, intertwining and moving them in rhythm while exchanging the warmth of saliva.

Tang Yin became even more excited when Tang Xiao's dick started to harden under her, and she slowly moved her lower body to rub it, causing him to release a muffled moan.

After frequently having sex with Zhao Yuxian and making out with Jessica, Tang Xiao was no longer an inexperienced young man, and his sexual experience had improved significantly. While enjoying Tang Yin's kisses and lower body movements, he held her breasts and gently fondled them, causing her body to quiver in delight. "Mhmm..."

Unlike when he was with Zhao Yuxian, Tang Xiao treated Tang Yin with utmost care and tenderness. His large palms massaged her soft breasts, and his fingers rubbed the small cherries on the tops of both, causing them to slowly harden.

"Mhmm..." Tang Yin bent her body forward slightly and gave Tang Xiao more space to stimulate her breasts, and she moved her lower body faster as his touches and squeezes started to arouse her, causing her sexual fluid to leak out from her pussy. "Mhmm..."

A while later, they broke off their kiss, and Tang Xiao worked his way down, licking Tang Yin's neck, wetting it, and leaving a few hickeys there. "Mhmm... Xiao'er..."

Tang Xiao continued to Tang Yin's collarbone before heading toward her chest, licking and biting all over it. Both of his hands moved actively by squeezing her breasts a bit rougher; he repeatedly twirled and pinched her hardened nipples.

With her eyes closed and her tongue continuing to lick her lips, Tang Yin enjoyed every stimulation Tang Xiao gave her, making her body squirm even more wildly. "Mhn~ Xiao'er, please lick my breasts and nipples."

Hearing her plea, Tang Xiao's tongue began to move along Tang Yin's breasts, licking each side of them. His saliva caused her smooth breasts to glitter, and the warmth of his saliva warmed her breasts.

After a while, Tang Xiao took Tang Yin's right nipple into his mouth, with his tongue circling it and occasionally nibbling it. His hand kept playing with her other breast and nipple, and his action brought her deeper into sexual pleasure.

"Mhn... Ahh... I've never felt so comfortable in my entire life, Xiao'er. Play with them more roughly." Tang Yin moved her lower body faster, and the rubbing between their genitals intensified, causing her pussy to become even wetter as her sexual fluid continued to flow out. "Ahh... That's it! I liked your sucking so much, and it made me even hornier."

Hearing Tang Yin's pleasurable moans, Tang Xiao himself became even more aroused, and he stimulated her breasts and nipples even more; he even rubbed his dick more vigorously against her pussy.

"Ahh~ Xiao'er, my mind is becoming increasingly blank! Mhmm..."

Tang Xiao decided to stop stimulating her breasts, and he sat her down on the side of the jacuzzi. Tang Yin grabbed his head for support, and he moved down from her chest while licking every inch of her smooth white skin, but he stopped at her abdomen for a while to lick her navel.

Tang Yin looked down at Tang Xiao with a smile on her face, and she gently rubbed his head, ruffling his hair. When he moved down again, she spread her legs to the side. "Mhn... Xiao'er, my pussy is waiting for your dick to penetrate it."

"Haha." Tang Xiao laughed and touched the top of Tang Yin's pussy, causing her to flinch slightly. "Yin'er, your pussy is already wet."

With a lustful gaze, Tang Yin looked at Tang Xiao, and a seductive smile spread across her pretty face as she spread her legs even wider, exposing her pink and virgin pussy. "Isn't it because of you, Xiao'er? I want you to fuck me right away, but you won't listen to me, right?"

"Why are you in such a hurry?" Tang Xiao asked back as he began to caress Tang Yin's wet pussy. "The night is still long, and today will be our first night as husband and wife, so we should enjoy it."

### **Chapter 95: Become One\***

Tang Xiao brought his face closer to Tang Yin's lower body, but he didn't directly stimulate her pussy. He licked while occasionally giving gentle bites to her inner thighs, plus his fingers danced slowly on her legs, causing her to become increasingly impatient.

Once he felt it was enough, Tang Xiao parted her neatly groomed pubic hair before separating each side of her labia, which caused Tang Yin to tremble slightly.

"Ahh~" Tang Yin's head tilted upward and her body arched due to the shock of pleasure as Tang Xiao's tongue swept across her pussy, which made her sexual liquid squirt out of it.

Tang Xiao licked Tang Yin's pussy and pleasure liquid simultaneously, inducing her to writhe erratically while her sensual yet sweet moan emanated from her mouth.

"Mhn... Ahh..." As she closed her eyes to enjoy the intense stimulation, Tang Yin grabbed Tang Xiao's head tightly, and her moans became louder and louder. "Mhnn... Xiao'er, move up a little and lick my clitoris."

After he found her clitoris, Tang Xiao gently licked it while pressing it occasionally, and his finger carefully rubbed the inside of her pussy, causing Tang Yin to become even more aroused and wilder as the pleasure within her body intensified.

"Mhn... I like the way you lick my clitoris, but lick it a bit harder, Xiao'er."

Tang Xiao unhesitatingly fulfilled his big sister's request by licking her clitoris harder, which caused Tang Yin's body to jerk quite strongly and almost made her slip off the jakuzi.

"Mhn... Xiao'er, I can't hold myself back any longer; your stimulation is too strong." Tang Yin's body convulsed vigorously as she experienced her first orgasm, resulting in the release of her sexual fluid. "Ahh... I'm cumming."

Tang Xiao didn't expect Tang Yin to orgasm so quickly, but he knew her clitoris was incredibly sensitive. He stopped licking her clitoris and sucked up every drop of her sexual fluid. 'It tastes good, and it's not fishy at all.'

"Hah... Hah..." Tang Yin leaned against Tang Xiao's head and circulated her breath after her orgasm ended. "Ugh... my body is too sensitive, and your licking made me orgasm too quickly."

"Haha." Tang Xiao laughed and pulled Tang Yin into the jacuzzi again, sitting her on his lap. He gave her a soft kiss. "It's acceptable if you orgasm too soon because this is your first sexual experience. When Jessica gave me oral sex for the first time, I also orgasmed too quickly."

"Uhm." Tang Yin put his arms around Tang Xiao's neck. "How did you feel when Jessica gave you oral sex for the first time? After all, she was the second woman you fell in love with, right?"

Tang Xiao smiled awkwardly hearing that. "Jessica is an experienced woman, and she is much more experienced than us when it comes to sex. Her oral sex is excellent, and I enjoy it."

"Hehe." Tang Yin giggled in response. "I think Jessica has fallen for you now, especially after the two of you have often made love for the past few days. Unfortunately, you haven't managed to fuck her, so we still can't bring her here."

Tang Xiao playfully pinched Tang Yin's cheeks. "I could make Jessica fall for me faster by using my pleasure touch, but I feel that it wouldn't be interesting. I want her to slowly fall for me until she completely falls for me, as the impact will be even more painful when she finds out the truth later."

"Well, that's true." Tang Yin stood up while lifting Tang Xiao to his feet, and she hurriedly pulled him towards the bed without drying their bodies. She then pushed him to lie down on the bed before placing herself between his legs. She held his dick, squeezed his shaft, and slowly jerked it. "Xiao'er, I've never done this before, but I'll try my best to give you oral sex."

Tang Xiao smiled and rubbed Tang Yin's face. "You don't need to think too much about it, okay? Even though this is your first experience, I will definitely enjoy it."

"Yeah." Tang Yin smiled before sticking out her tongue and placing it at Tang Xiao's glans, and her tongue circled it, licking every side of it, including the small slit above, making him shudder and moan softly.

As she enjoyed licking Tang Xiao's glans, Tang Yin held his shaft while stroking it, and she occasionally squeezed it. Although she had never done it before, she had learned a lot of knowledge about sex from Xiao Ai's system, and she did it to satisfy him.

Even though she had used Tang Xiao's Yang Qi to cultivate repeatedly, Tang Yin was excited when the small slit above her glans released his precum, and she swiftly licked it.

Tang Yin did not immediately devour Tang Xiao's glans; instead, her tongue moved up and down on his shaft, licking it and wetting it with her warm saliva. One hand moved slowly to jerk his shaft, and her other hand gently massaged his scrotum, making his dick even harder than before.

While enjoying her stimulation, Tang Xiao gazed lovingly at Tang Yin and gently stroked her head. 'She has learned a lot of things for my sake, or else she wouldn't be this skilled.'

Tang Yin looked up at Tang Xiao, and as they made eye contact, she inserted the head of his dick into her mouth, nimbly licked it, and pumped his long, hard shaft with her hand while squeezing it.

"Ugh..." Tang Xiao let out pleasurable moans in response, and the small slit above the head of his dick released a small amount of his cum, which Tang Yin immediately licked and swallowed. "Your licking feels so good, Yin'er."

Tang Yin inserted Tang Xiao's cock deeper while she coquettishly winked at him. Her tongue continued to dance on its head, and by sucking it slightly harder, she gave him even more pleasure. Her hand even pumped his shaft faster, causing him to continue releasing pleasurable moans.

"Damn it! She makes me impatient to eat her." Tang Xiao held her head and thrust his cock deeper, startling Tang Yin. She understood his desire because she wanted the same, and she signaled him with a light nod before his cum flowed down her throat. "Ugh! I'm cumming, Yin'er."

**\*Gulp\***

Tang Yin eagerly swallowed Tang Xiao's cum, as it would help her cultivation improve, and she greedily swallowed every drop of it.

"Hah... Hah..." Tang Xiao gasped for air after finishing his orgasm.

Tang Yin released Tang Xiao's dick from her mouth, and she wiped the remaining semen on his dick before licking it off her fingers. "Hehe, you released so much cum, but I like it, Xiao'er."

"Your sucking makes me even more impatient to eat you, Yin'er." However, Tang Xiao suddenly felt guilty toward Tang Yin. "Yin'er, I—"

"No need to say anything." Tang Yin stopped Tang Xiao with a shake of her head. "I may not be your first woman, but you are my first man. Additionally, I am your first wife, and I'm satisfied with that."

Tang Xiao sighed inwardly, but his thoughts drifted to the events of that night seven years ago, which made his anger boil. He quickly calmed himself down, as he didn't want to ruin the atmosphere of his first night with Tang Yin.

"Let me be on top and take control, okay?" Tang Yin crawled on top of Tang Xiao after he nodded, and she cleaned her mouth before kissing him.

Tang Xiao embraced Tang Yin's neck and returned the kiss, leading her into a deeper one, making both of them even more impatient to become one.

Tang Yin held Tang Xiao's cock, rubbed it against her pussy, and wet it with her sexual fluids. Once she felt ready, she pointed his glans at her pussy and slowly moved her body backwards, but she grimaced a little when his glans parted her labia.

'Ugh! This pain is much more painful than I imagined.' Despite this, Tang Yin didn't stop and kept pushing her body backward, making Tang Xiao's penis go deeper. Moments later, his glans was devoured by her pussy, giving both of them a feeling of excitement and pleasure.

Tang Xiao wanted to use his light qi to relieve Tang Yin's pain, but he decided against it because she was a darkness cultivator, and his light qi would only hurt her more.

Instead, Tang Xiao used another way to lessen Tang Yin's pain, and her sexual fluid flooded her inside as he used the low-level pleasure touch on her, soaking his dick. Additionally, he used force to release his cum, and their sexual fluid mixed together inside her body, making her inside slippery.

That relieved Tang Yin, but it also increased her impatience. She stopped their kiss, used her palms to support herself, and straddled his lower body.

Tang Xiao grabbed Tang Yin's breasts and fondled them, with his fingers rubbing her hardened cherries simultaneously. "Yin'er, don't rush it, okay?"

"I can't wait any longer, Xiao'er." They swallowed the two Xingyu pills before Tang Yin dropped her body, causing Tang Xiao's dick to penetrate her pussy deeper and tear her hymen directly. "Hiss!"

Tang Yin collapsed on top of Tang Xiao, who was still shocked by her impatience. In that instant, tears of pain and joy fell from her eyes, and she cried quite loudly.

Tang Xiao inwardly sighed and hugged Tang Yin. "Yin'er, we are one now."

"Sob... we are one... Xiao'er." Tang Yin hugged Tang Xiao tightly and cried louder.

## Chapter 96: First Time\*\*

After she calmed down, Tang Yin lifted her body slightly and looked at Tang Xiao's dick, and she smiled in satisfaction seeing her virgin blood sticking to it. She looked at him again before kissing him, and she moved her lower body to start their first sex.

Tang Xiao hugged Tang Yin's neck and returned his kiss while also moving his lower body, creating a clapping sound as their lower bodies repeatedly made contact. 'Her pussy is simply too tight!'

***\*Pah... Pah... Pah...\****

'Ahh... Xiao'er's dick fills me and rubs my insides.' Tang Yin moved her lower body faster, in rhythm with Tang Xiao's dick moving in and out of her pussy, which was getting wet with her sexual fluid.

As she started to sway in pleasure from the stirring of Tang Xiao's dick inside her pussy, Tang Yin hugged him while kissing him deeper, and muffled moans continued to sound from her mouth.

'Damn! I like her pussy so much! It's tight and wet, and it gets tighter every time I move.' Tang Xiao grabbed Tang Yin's buttocks and squeezed them roughly, causing her lower body to tighten further and her pussy to clamp his penis more tightly.

***\*Pah... Pah... Pah...\****

Tang Xiao pumped Tang Yin's pussy a little faster, causing her pleasure liquid to wet his dick even more, and both of them were increasingly immersed in the sensation of sexual pleasure.

After they were in that position for some time, Tang Xiao took over control and asked Tang Yin to crawl on all fours. He held and squeezed her buttocks as his dick moved back and forth with a steady rhythm inside her pussy in doggy style.

***\*Pah... Pah... Pah...\****

"Mhn... Ahh... Your dick makes me feel so good, Xiao'er! Ahh..." Tang Yin moaned aloud, and her breasts swayed erratically beneath her. Her pussy even involuntarily quivered and tightened around his dick, which increased his desire to fuck her. "Ahh... Faster, Xiao'er... Ahh..."

***\*Pah... Pah... Pah...\****

"Ugh! Your pussy is getting tighter and tighter, Yin'er." Tang Xiao didn't hold back anymore and fucked Tang Yin harder, and his dick pumped her pussy faster than before.

*\*Slap\**

"Hyan!" After Tang Xiao slapped Tang Yin on the back, she let out a loud moan and cocked her head upwards; his action increased the volume of her pleasure fluid. "Ahh... Slap my butt harder, Xiao'er."

*\*Slap\**

"Hyan!"

Tang Xiao leaned forward before nibbling Tang Yin's nape and licking it slowly, causing Tang Yin to continue releasing sensual and perverted moans. His thrusting became stronger and deeper, and it rubbed her inside more intensely.

***\*Pah... Pah... Pah...\****

"Ahh... Xiao'er... thrust deeper... I love your dick so much!" Ahh... this pleasure... I like it so much!"

Tang Yin's pleasurable moans ignited Tang Xiao's complete arousal, causing him to turn into a hungry wolf as his sex drive soared, and he devoured her completely; even his dick was completely submerged inside her.

***\*Pah... Pah... Pah...\****

Suddenly, Tang Yin felt Tang Xiao's dick pulsating hard. "Ahh... Xiao'er, faster... Ahh... let's orgasm together."

Tang Xiao responded to Tang Yin's request by thrusting his hot dick even faster, and the throbbing of his dick became stronger, indicating that his orgasm was getting closer, so he thrust it completely into Tang Yin's pussy. "Ugh! Yin'er, I'm going to orgasm."

"Mhn! Me too." Tang Yin answered while tightening her lower muscles, and her pussy gripped Tang Xiao's dick harder to milk his cum. "Ahh! I'm cumming!"

Their bodies trembled as their sexual liquid gushed out, and they mixed inside Tang Yin's womb. "Mhn... Xiao'er, you cum so much, and it's really warm. I like it... keep releasing your cum and fill my womb with it."

After he released his hot load, Tang Yin lay down on her stomach, and Tang Xiao started to fuck her again, as he was still not satisfied with that. Tang Yin did not refuse him because she felt the same as him, and she still wanted to enjoy their first sexual activity as husband and wife.

***\*Pah... Pah... Pah...\****

"Ahh... deeper... faster..." Tang Yin's moans continued to echo in their room, mixed with the sounds of clapping and splashing from their lower bodies.

Tang Xiao made Tang Yin lie sideways, and he lifted her left leg upwards before fucking her again. The longer they have sex, the wilder they become, and the more immersed they become in their lust.

A few minutes later, they reached orgasm once again, but they still didn't want to stop having sex. Tang Xiao sat Tang Yin on his lap and had sex with her in the lotus position while kissing passionately; his hands were actively stimulating her breasts, making them once again immersed in sexual passion.

Tang Xiao took Tang Yin to the dressing table, asked her to lean forward, and fucked her there. As she enjoyed his thrusts, she watched their lewd expressions in the mirror and moved her body in sync with his movements.

***\*Pah... Pah... Pah...\****

Fortunately, they were cultivators, and Xiao Ai had reconstructed Tang Xiao's body. Besides, she had also strengthened Tang Yin's body when she woke her up from the coma, so both of them had above-average bodies, which made them not feel tired even though they had sex for quite a long time.

After they finished their umpteenth orgasm, Tang Xiao hugged Tang Yin, who was lying next to him, and he kissed her lips for a moment. "I'm truly satisfied with our first night, Yin'er."

"I also feel satisfied, especially since you made me orgasm again and again." Tang Yin answered with a sweet smile and snuggled closer to Tang Xiao's chest, but her hand continued to stroke his dick. "Look at you; you have orgasmed repeatedly, but your dick is still as hard as this."

"Haha." Tang Xiao laughed softly when he heard that. "Perhaps this is because Xiao Ai has done several things to my body, or else I would have been exhausted a long time ago if my body was still the same as before."

"Isn't that amazing? If you tire too quickly, then you won't be able to satisfy the women in your harem later." Tang Yin said this with a teasing tone.

Tang Xiao released a soft sigh after hearing that, as he had not thought that far ahead. After all, he had been in prison for too long, and he didn't have many female friends either.

Tang Yin then spoke to him again. "I don't know what Aunt Yuxian talked to her about before, but Yu Xiaoling seems ready to have sex with you. If you're still not satisfied,

you can meet her now, and I'll rest because my company will start opening this morning."

"No." Tang Xiao refused and hugged Tang Yin tighter. "Today is the day we officially become husband and wife, so I don't want to touch other women."

Tang Yin just smiled at that and didn't force Tang Xiao to meet Yu Xiaoling, and the two quickly fell asleep in each other's arms.

.

Ouyang Qing couldn't close her eyes because her mind kept flashing back to the scene when Tang Xiao kissed and touched her breasts. She felt confused with herself because she never liked people of low status, yet she took the initiative to bring his hand to her chest, and she didn't refuse when he kissed her.

Ouyang Qing's body heated at the memory, and a bright blush appeared on her white cheeks. She rubbed her lips and smiled to herself. "His kiss was better than Wen Tian's, and I enjoyed our kiss."

Ouyang Qing let out a soft sigh and closed her eyes to sleep, but those memories kept popping up in his mind.

.  
. .  
.

Jessica sat beside her bedroom window, and she repeatedly glanced at her husband, who was still fast asleep in their bed.

Jessica felt guilty toward her husband, especially after she had an affair with Tang Xiao a few days ago. At the same time, she enjoyed herself more with him than with her husband, and she truly enjoyed their time together.

'Sigh! I've thought about stopping seeing Feng Xiao, but I keep thinking about him, and I promised him I'd see him somewhere else.' Jessica went back to bed and took her smartphone, and she sent a message to Tang Xiao before sleeping next to her husband. 'I hope my husband will never find out about our relationship, or he will be very disappointed in me.'

.

.

.

At dawn, Tang Xiao returned to the Ouyang House and found the light in Yi An's room still on. He immediately sneaked there and found her sleeping on a chair, repeating his actions of the past few days to her. After that, he returned to his room to rest, waiting for morning to arrive.

That morning, Tang Xiao, as usual, escorted the two women to their meeting, but Yi An asked him to go to the hospital to look after Ouyang Qing, and he gladly complied.

.

.

.

Tang Yin and Xiao Ai were already on the third floor of the new building, and they were carrying a banner with the word "Tianmei", which was the name of their company.

Meanwhile, Yu Xiaoling is on the first floor arranging the products they will sell, but she keeps grumbling inside because she has to do it alone, especially since the new employees haven't arrived yet.

"Mistress, the website for our online shop is ready, and I have spread the advertisements I made myself, but we still need Fu Chen to make better advertisements."

"I know."

## **Chapter 97: Mu Lin Wakes Up**

Zhao Qing entered the room and informed her niece. "Fu Chen told me last night that she will come to this city in three days, but she wants you to meet her first, and she will wait for you at her hotel."

"Fu Chen never changes." Tang Yin commented while shaking her head.

After they waited for some time, the three female employees finally arrived, and Tang Yin explained each of their tasks. She divided them according to their previous work experience: Qiao Yumei was their manager, Lin Qingxue was responsible for managing the warehouse, and Liao Yuxi focused on online sales.

Apart from them, several employees for the retail store had also arrived, and Tang Yin handed over the store's sales to them, led by Yu Xiaoling.

"For now, we will use the advertisements that Xiao Ai has created, but our sales will be low for now. There's no need to worry, as I have prepared additional strategies to increase our sales in the future, but I can only implement them once Fu Chen arrives in three days." Tang Yin then gave them the keys to the house Zhao Qing had prepared. "From today, the three of you will live together, so I hope you guys can have a good relationship, and you can go back and forth according to our previous agreement. As for new employees, I will recruit a few more people to help you all, but I will recruit them after I evaluate our sales for the next month."

Afterwards, Xiao Ai explained their sales program to Liao Yuxi, which included details about the company's sales website; they began online sales once Liao Yuxi understood everything.

On the other hand, Tang Yin went down to the first floor to give instructions to the retail store employees, and she asked Yu Xiaoling to watch over them.

Unfortunately, the opening of Tianmei did not go smoothly because no buyers came into their retail store, and their online sales also had no movement. Everything went as Tang Yin had expected, particularly given that they were a new company and people were still unfamiliar with their products. She remained unfazed, believing that her collaboration with Fu Chen would bring a change, and she only needed patience for a few days.

"Do you think this company will be successful, Yin'er?"

Tang Yin turned to Zhao Ying and nodded at her. "Aunt Qing, this is just the beginning, so we don't need to rush. Everything will improve once I successfully convince Fu Chen, and our products will sell well in the market after we create an advertisement featuring her as the star product ambassador. Besides, I have also planned several other things, so we have to be patient for now."

"My mistress is right, Aunt Qing." Xiao Ai also spoke to her. "Once our products start selling, I'm sure buyers will quickly flock to our website and store. The effects of our products are much more potent than beauty items available on the market."

Zhao Qing didn't doubt Xiao Ai's words, as she had personally witnessed all the equipment and technology available in the ark, and there was no country on earth that could match them.

.  
. .  
"Grandpa!" As soon as Mu Lin opened his eyes, Mu Yan shouted and hugged him while crying loudly. "Sob... Sob... Thank goodness you're finally awake, Grandpa! I thought you would die, and I would be devastated if you died."

"I'm fine, so you don't have to cry like this." Mu Ling said this while hugging his granddaughter, but he felt confused when he looked around the room because it was so luxurious and contained a lot of equipment he had never seen before. "Where are we now?"

"Father, this is Tang Xiao's private place, and he brought you here to save you, or else you would have left us by now." Mu Lin turned to her daughter in surprise, but Mu Qingge shook her head. "This place is so extraordinary that I can't explain it to you, so you can see for yourself. You are completely healthy now because Xiao Ai has removed those poisons from your body, and you should be able to feel that your body is much stronger than before."

"Xiao Ai?" After listening to his daughter's explanation, Mu Lin became even more confused because he felt Xie Ao's poisons had already spread throughout his body before. He had been certain that he would definitely die, yet he was still alive now.

Mu Yan looked at his grandfather and wiped her tears. "Grandpa, Big Sis Yin told me that Xiao Ai is an AI robot, and she operates everything in this place."

"I'm too old, and I don't understand what you're saying." Mu Yan then helped his grandfather to sit on the bed, and Mu Lin asked again. "Where are Old Huang and Lingyan? What about those intruders?"

"Grandpa Huang and Aunt Lingyan are in the training area now, and there are many good things there that can help our training, so they decided to train there." Mu Yan explained this to her grandfather.

Mu Qingge also told him the same thing, making Mu Ling curious about everything, but he was then shocked when his daughter explained the fate of the intruders. "They're dead now, so we can live more peacefully from now on."

"You're wrong about that, Qingge." Mu Lin said this while shaking his head. "The people of the Xie Clan must have realized that Xie Ao is dead by now, and Jiang Bai will not remain silent over Jiang Sheng's death either. Even so, they will not dare to attack our clan openly, or they will face Old Sun, but you and Yan'er must be cautious when you two return to Earth II later."

"Haha." Mu Yan laughed softly. "Grandpa, we won't be returning to Earth II anytime soon, and we will stay here for some time with Big Brother Xiao. This way, he and my mother can get to know each other faster."

"Hmm?" Hearing that, Mu Lin looked at his daughter with raised eyebrows. "Does that mean you have accepted Xiao'er?"

"Yes." But Mu Qingge hurriedly explained it to her father. "Father, I have indeed accepted Tang Xiao, but I won't be marrying him any time soon, and we will explore our relationship first, so I decided to stay with him for now."

"Did you decide to accept Xiao'er because she saved my life?"

"That's just one of my reasons for accepting him."

"Since you accept Xiao'er, I hope you can open up to him more, and I will wait for good news from you both." Mu Lin then stood up and held his granddaughter's hand. "Yan'er, I want to see Old Huang and Lingyan, but I don't know anything about this place, so you have to take me to the training area."

"Let's go, Grandpa! I'll take you there!" Mu Yan excitedly pulled Mu Lin with her, and Mu Qingge followed behind them while shaking her head, but she was relieved that her father had fully recovered.

During their journey, Mu Lin looked at all the areas they passed in shock and awe, but Mu Qingge and Mu Yan also couldn't explain too much to him, especially since they only knew a little about the ark.

Before long, they had arrived at the training area, but they saw Tang Huang and Tantai Lingyan lying on the floor, unable to move.

Mu Lin wanted to approach them, but Mu Yan immediately stopped him. "Grandpa, you just woke up, so you shouldn't go there now. The gravity in that area is two times heavier than this area, or you will suffer more than them."

"Your granddaughter is right, Old Lin!" Tang Huang shouted from a distance. "This training area and equipment are truly amazing, and we will become stronger if we train here regularly, but you should wait for your condition to fully recover before training here."

Mu Lin just nodded and turned to his daughter, and Mu Qingge was aware of her father's thoughts, so she explained to her father as much as she knew. "I see; no wonder Xiao'er can be strong in such a short time; it turns out he has such amazing things in his arsenal."

After that, Mu Qingge decided to join Tang Huang and Tantai Lingyan, especially since the weight of gravity would be very beneficial for her, while Mu Lin and Mu Yan watched them from the side of the training ground.

.  
. .  
.

Two women were walking around the Mu House looking for the owner of the house, and they were Sun Xiang and Xiao Meng. After they had rested enough, they decided to return to the house, as they wanted to check on the condition of Mu Lin and the others, but they couldn't find them.

"Do you think that Xie Ao managed to capture them?" Xiao Meng asked with a frown.

Sun Xiang shook her head at Xiao Meng. "I'm sure Grandpa Lin and the others are safe because I can sense traces of Tang Huang and Tantai Lingyan's qi in this house, and Xie Ao won't be able to win against them, let alone Jiang Sheng."

"That's true." Xiao Meng responded with a nod of approval. "Their strength is almost as strong as your grandfather's, so I'm sure they can defeat Xie Ao easily. Besides that, I'm also curious about Mu Yan's disappearance, but I can't understand how Tang Xiao managed to hide her so quickly last night, and I couldn't see his movements when he disappeared."

## **Chapter 98: Jiang Clan**

"There are two possibilities for that." Xiao Meng immediately turned to Sun Xiang. "First, he might be a wind cultivator, but I believe that's unlikely because he clearly possesses the fire element, which he used to kill Du Zhong before. Second, he has an artifact that allows him to move between places, but I doubt that because he hasn't been a cultivator for long, and Tang Huang also recently appeared after he had been in seclusion for the past seven years."

"Isn't there still Tang Yuan? Perhaps she was the one who gave Tang Xiao such an artifact, especially since he is her nephew."

"You're right about that." Sun Xiang spread her senses throughout the house once more, but her efforts were in vain. "I think we should wait for a few days before coming back here, and I hope Grandpa Mu is already back by then, so we can find out the truth."

Xiao Meng's cell phone rang with an incoming message, and she read it before informing Sun Xiang. "Bai Huang and his men have just arrived in this city, and Pei Yan is with them."

"Hmm?" Sun Xiang frowned and fell into thought for a while. "Since Tang Xiao is still alive, I think he will target Bai Huang soon. We should keep an eye on him for now, and we will capture him when he attacks him."

"Alright."

.  
. .  
.

Several men walked out of the train station, but their appearance frightened the potential passengers, and they immediately walked away from those people. They were none other than members of the White Tiger Gang under Bai Huang's leadership. "You guys can disperse and return to our base, while I will go with Pei Yan to check on some things."

"Yes, Boss!"

"Where are we going now?" Bai Huang asked.

"Hmm?" Pei Yan then called Hong Yi to meet them. "I still have some doubts about the disappearance of my three friends, so we'll go to our base to check, and we'll go see our young miss and young master after that."

"Let's go then."

.  
. .  
.

After some time, they arrived at the location where Hong Yi was already waiting for them, but the two men did not notice anything unusual about her.

"Hey! I haven't seen you in a long time! You look even prettier!" Bai Huang squeezed Hong Yin's buttocks as he said this, but she slammed him to the ground a second later. 'Fuck! This woman is still as fierce as before, and her strength is also great!'

"Hahaha!" Pei Yan laughed when he saw that. "You've seen Hong Yi for a long time, and you've forgotten her character, huh? No one can touch her besides our boss, remember?"

"Tch!" Bai Huang gritted his teeth as he looked at Hong Yin, who was coldly staring at him. He immediately got up from the ground and followed them into the base. "Damn it! Why does this place smell so bad? I feel like I smell burnt meat in this place, but strangely, there are no burnt marks here."

"I smell the same." Pei Yan then turned to Hong Yi. "Have you never come back here since our young master assigned you to watch over Tang House?"

"No." Hong Yi responded with a shake of her head. "The young master will punish me if I neglect my duties, so I never came back here before."

Pei Yan nodded in understanding, as he was quite familiar with Ouyang Ming's character. He then looked around the area. "Where exactly did they go? Could it be that the mysterious person kidnapped them and killed them? That should be impossible, as no one recognized our group apart from our boss's people."

"Do you think there is a traitor among us?" Bai Huang asked as he looked at Hong Yi, feeling suspicious of her, primarily because she was the only remaining member of the group.

"No." Pei Yan denied Bai Huang's assumption right away. "The people who follow our boss are old people, and they should already understand his character, so I'm sure none of them would dare to betray him."

Bai Huang agreed with that. "In that case, we will go to Ouyang House now, and we have to meet our young master and young miss after that."

"You don't need to go there." Both men immediately turned to Hong Yin. "They're in the hospital right now, so you two won't be able to see them."

"Where did you get the news?"

"Hao Lin told me about their condition."

"I see." Pei Yan released a soft sigh. "You can go back to Tang House, and I will investigate the identity of the mysterious person together with Bai Huang."

Hong Yi simply nodded and left, informing Tang Yin about the return of the two men; however, this information was redundant because she had already learned it from Xiao Ai, who consistently tracked them at Tang Xiao's request.

"Let's go; we will investigate the matters starting with Ran House and Yao House." Bai Huang agreed with Pei Yan, and they went straight there, but they didn't realize that Sun Xiang and Xiao Meng were following them from afar.

"Patriarch!" A middle-aged man shouted as soon as he saw the old man walking into their clan residence, and he immediately ran over to approach him.

"Hmm?" The old man raised his eyebrows at him. "Did something serious happen? Why are you in such a hurry, Jiang Wen?"

Jiang Wen did not directly answer his question and handed a broken jade to the old man, who was none other than Jiang Bai, the patriarch of the Jiang Clan, causing his face to darken after he saw it.

"How is this possible? Isn't this my son's life jade?" Jiang Bai asked with a trembling voice as he grabbed the jade, and Jiang Wen could only nod to him speechlessly. "Where did Jiang Sheng go? Did he tell you anything before leaving?"

"Young master took two of his subordinates to the outside world to snatch his daughter from Mu Qingge's hands, but he is actually dead now."

Jiang Bai's face darkened even more, and his forehead furrowed after hearing that. 'Could it be that Mu Lin killed my son? I know him very well, so I'm sure that he won't kill my son just because of that, and he'll just teach him a lesson.' "Do you know who else he went there with?"

"You don't need to ask him, Jiang Bai." Both men looked towards their clan's main hall, and they saw a man dressed all in black leaning there. "Your son went there together with Xie Ao, but he is also dead now."

"What?" They screamed in shock before Jiang Bai questioned the man. "How could he die, Xie An? Didn't he already break through to the peak-rank emperor realm some time ago? Mu Lin shouldn't be able to kill him, right?"

"We don't know for sure about that, but my patriarch has sent someone to investigate this matter while Wang Fuxi is still in seclusion, so that person can move more freely there." Jiang Bai nodded in understanding, as he had also heard about her, but Xie An then told him again. "Tang Huang and Tantai Lingyan should be there now, so we suspect that they helped Mu Lin to kill Xie Ao, and your son probably also died in their hands."

"Tang Huang and Tantai Lingyan?" Jiang Bai was shocked to hear the two names.  
"Since when did they leave their seclusion?"

"A few days ago, and they went straight there." Xie An then conveyed the message from his patriarch to Jiang Bai. "My patriarch had expected that you wanted to take revenge against the Mu Clan after hearing about this matter, but he forbade you from looking for trouble with that clan for now, as Sun Qian always kept an eye on that clan in Mu Lin's stead. Furthermore, he has already instructed the person to take action against that old man, and you must patiently await his successful completion of his tasks to avoid any disruptions in our plans."

After he said that, Xie An disappeared from their sight, and Jiang Bai clenched his fists tightly. "Tang Huang! Tantai Lingyan! Mu Lin! Once we eliminate Sun Qian, we will also eliminate the three of you!"

"So, what should we do now, patriarch?"

"Nothing." Jiang Bai replied as he walked away. "For now, our only option is to await that man's next orders. If we disobey his order, he will punish us and destroy our clan."

Ouyang Qing's heart pounded as soon as Tang Xiao entered her ward, and she immediately covered her face with the blanket, hiding her embarrassed look. 'Why is he here? Did my mother send him here?'

'Heh.' Tang Xiao inwardly snorted as he walked to the bedside. He grabbed Ouyang Qing, channeled his Qi into her body, and enveloped her with his celestial aura. "Are you feeling better, young miss?"

'Ugh! Why do I always get this strange feeling every time he is by my side?' Ouyang Qing opened the blanket covering her face slightly and nodded to him. "I'm much better now, and this strange illness has also started to disappear."

Tang Xiao smiled at her. "I think that's good, so you can go home soon, and your mother can stop worrying about you."

"Did my mother send you here?" Ouyang Qing suddenly felt sexual pleasure flowing into her body, making her breathing quickly become heavy. 'Ugh! What happened to me? Why am I suddenly horny?'

## Chapter 99: With Ouyang Qing

Tang Xiao sat on the bed beside Ouyang Qing, rubbing the back of her palm. "Young miss, your mother is in a meeting with someone, and she's worried it will take a long time, so she sent me here to keep you company in case you need anything."

'Mhmm...' Ouyang Qing shut her mouth tightly to stifle her moans as the pleasure became more intense, but her legs started rubbing against each other, and her pussy was starting to get wet. She looked at Tang Xiao, but her lust had already clouded her vision.

Ouyang Qing tried to pull her hand back from Tang Xiao's grip, but he held it tightly and rubbed it a little faster. "Do you need anything, young miss?"

"Mhmm... No..." Ouyang Qing's moan involuntarily escaped her mouth when she answered Tang Xiao, making her face even redder with embarrassment. 'Ugh! I wanted him to kiss me like four days ago, but I can't possibly tell him, or I'll die of embarrassment.'

Tang Xiao faintly smiled as he understood Ouyang Qing's wishes, and he kissed her lips directly, momentarily stunning her. Due to the effect of his pleasurable touch and her high lust, she embraced his neck and kissed him back.

Ouyang Qing took the initiative to start French kissing Tang Xiao, and she inserted her tongue into his mouth, where it was licked and sucked by him. Her body trembled in delight when he did that, and he sucked her warm saliva while kissing her deeper.

"Mhmm..." Ouyang Qing jerked slightly as Tang Xiao started fondling her breasts from outside her patient clothes. Since her clothes were thin and she wasn't wearing a bra, she felt as if he was touching her bare breasts. Her lust soared higher when he used his pleasurable touch on her breasts, which caused her nipples to slowly harden. "Mhmm..."

Tang Xiao monitored the corridor in front of the room, and he opened Ouyang Qing's patient clothes after making sure it was quiet outside. She was somewhat startled when her breasts were exposed, but her lust was already so high, making her surrender when he did that.

Ouyang Qing's face turned completely red with embarrassment at the thought of a chauffeur like Tang Xiao seeing her bare breasts. She had never even shown her breasts to her boyfriend, but another man had seen and touched them.

"Mhmm..." Ouyang Qing's moan escaped her mouth after Tang Xiao separated their lips, and she grabbed both of his hands. She didn't stop him from squeezing her breasts; instead, she squeezed both of his hands, signaling him to squeeze her breasts. "Mhmm... Feng Xiao..."

"Do you feel comfortable when I touch you like this, young miss?" Tang Xiao asked with a smile.

"Mhmm... I feel really comfortable... Mhmm... and horny."

"Do you want to feel more comfortable, young miss?" Ouyang Qing shyly nodded, and Tang Xiao brought his face to her left breast. She jerked when he licked her left breast, and his hand kept playing with her other breast and nipple.

"Ahh..." Ouyang Qing's body arched upward a little when Tang Xiao licked her nipple while his hand rubbed the other one. 'Oh gosh! I must be crazy!'

"Ahh..." Ouyang Qing trembled quite strongly when Tang Xiao sucked her nipple, and he gently bit it while licking the tip, sinking her mind deeper into sexual pleasure. Her pussy got wetter the hornier she got, and her legs rubbed against each other faster. "Ahh..."

Tang Xiao moved to stimulate Ouyang Qing's other breast and nipple, and his hand moved to her lower body. She surrendered when he separated her legs, and he started rubbing her pussy from outside her shorts.

"Ahh..." Ouyang Qing's eyes grew blurry as her lust heightened, and she reached for Tang Xiao's lower body before rubbing his dick from outside his trousers. She became increasingly aroused by the bulge beneath his trousers, and she rubbed it more vigorously, causing it to become erect. "Ahh..."

Tang Xiao sucked and licked Ouyang Qing's nipple more intensely, and he inserted his hand into her shorts before touching her damp pussy, causing her to squirt violently.

"Ahh..." Ouyang Qing let out a loud moan while her body jerked up and down, clamping Tang Xiao's hand between her inner thighs as she experienced her first orgasm, causing her sexual fluid to gush out and wet both his hand and the bed. "Ahh... I'm cumming!"

Moments later, Ouyang Qing collapsed on the bed, breathing heavily, causing her inner thighs clamped on Tang Xiao's hand to loosen. "Hah... Hah..."

"Young miss, you orgasmed so much." Tang Xiao showed his wet hand to Ouyang Qing, and her face flushed brightly as he licked her sexual fluid on his hand. "It's a bit sour, but quite tasty, young miss."

Smoke seemed to come out of Ouyang Qing's head after Tang Xiao said that, and she covered her embarrassed face with both hands. 'Ugh! Why is he acting like this? Doesn't he know how embarrassing it is for me? I've gone completely crazy! I let him touch my whole body and make me orgasm like this!'

'Heh! Despite her arrogance and cunning, she turns out to be more innocent than Xing Xing.' Tang Xiao straightened Ouyang Qing's patient clothes. "Did you enjoy your orgasm, young miss?"

"Uhm." Ouyang Qing nodded while still covering her face with her hands.

Tang Xiao brought his face to Ouyang Qing's ear. "Young miss, I can make you more comfortable, but unfortunately, we're in the hospital now. If you want to feel it, you must get better quickly."

Ouyang Qing's heart skipped a beat, and she thought that Tang Xiao wanted to sleep with her. However, she wasn't crazy enough to sleep with a chauffeur like him, and she refused him outright. "No! I don't want to feel it!"

"I understand." Tang Xiao smiled faintly and moved to the sofa at the side of the room, but he then glanced at the ward door. Soon, a woman opened the door with two other women behind her, but they were stunned for a moment once they saw him.

Ouyang Qing was shocked by the arrival of her three friends, and she hurriedly calmed herself down while covering her body tightly, afraid that they would notice her actions with Tang Xiao just now. 'Ugh! Why do they have to come now?'

A glimmer of hatred flashed in Tang Xiao's eyes when he saw one of them, and his killing intent involuntarily radiated from his body. He swiftly calmed himself down and looked at Jessica, who looked awkward because of his presence.

"Why did your mother's chauffeur come here, Qing?" Luo Qinlin asked as she walked to the bed, but she stole glances at Tang Xiao, especially his lower body.

Ouyang Qing narrowed her eyes when she noticed Luo Qinlin's glance at Tang Xiao. "My mother was in a meeting with a business associate, and she sent him here in case I needed anything."

"Young miss, I don't want to disturb your time with your friends, so I'll go out first, and you can contact me after they come home." After Ouyang Qing agreed, Tang Xiao hurriedly left the ward, but he shot a cold glare at Luo Qinglin and Lin Yan. Meanwhile, he signaled Jessica to meet him, making her sigh inwardly.

Jessica didn't immediately follow Tang Xiao because she didn't want her three friends to suspect her; instead, she hurriedly sat on the sofa and read a book.

Lin Yan sat next to Jessica and asked Ouyang Qing a question. "Are you starting to feel better?"

"Yeah." Ouyang Qing curtly replied because she was still enjoying the sensation from her previous orgasm.

Luo Qinlin immediately sat down beside Ouyang Qing. "Hey! Why do I feel like there's something strange about you? Did you have a special relationship with that man?"

"Tch!" Ouyang Qing gritted her teeth before answering her question. "I'm not a slut like you! I will never be interested in a chauffeur like him!"

"Haha." Instead, Luo Qinlin laughed without giving her words any thought and continued to tease Ouyang Qing. "Since you're not interested in him, let me approach him, okay?"

"Hmm?" Ouyang Qing's forehead furrowed when she heard that. "Have you dumped your last lover?"

"You were hospitalized for a few days before, so you missed some news." Ouyang Qing turned to Lin Yan, who told her directly. "Three days ago, that guy got heavily drunk while they were drinking together with their circle, and he called Qinlin a whore and a few other things in front of them, so she broke up with him on the spot."

"Isn't that a fact?" Ouyang Qing then turned to Luo Qinlin and spoke condescendingly. "Look at her; her appearance is no different from a slut, and she has also slept with several men before; she even wants to approach my mother's chauffeur now."

"He may be a chauffeur, but his face is handsome, and his body looks strong and muscular, so it's natural that I'm attracted to him, right?" Luo Qinlin then mocked Ouyang Qing back. "Since you are still a virgin, you don't know that having sex with a man is so amazing. Moreover, I'm sure that his dick is big, and it would be satisfying if I did it with him."

"Shameless!" Ouyang Qing shouted loudly. "You can try to approach him if you like, and I don't care about that, but I'm sure that he wouldn't be interested in a slut like you! He's dating Xing Xing, remember?"

## **Chapter 100: Tang Xiao's Next Plan**

"Oh? Is he really dating Xing Xing?" Luo Qinlin asked curiously.

Ouyang Qing shook her head slightly. "He's a chauffeur, so I don't need to know his personal affairs. However, we saw him walking with that poor woman a few days ago, and they looked intimate, so I think they're indeed lovers."

"Well, that's true." Luo Qinlin then stood up. "I don't care if he's dating that poor girl, and I'll take him from her."

"What a slut!" Ouyang Qing shouted in annoyance, but Luo Qinlin ignored her and ran away, leaving the ward. "Is your husband back, Jess?"

"Yeah." Jessica nodded slightly. "My husband came back last night, but he went straight to school to teach. He told me that his school had an important event tonight, so he would be home late."

"Oh." Ouyang Qing furrowed her brows, wondering whether Tang Xiao would be interested in Luo Qinlin. 'Tch! That bitch! I'll teach her a lesson later!'

"Hey, Qing, what about your relationship with Wen Tian?" Ouyang Qing turned to Lin Yan. "Why doesn't he ever come to visit you in this hospital?"

Ouyang Qing sighed softly. "We're still together now, but Wen Tian is busy helping his father, so we haven't seen each other in a few days. However, his mother's birthday is in a few days, so I'll be able to meet him there."

"Has he never thought about marrying you? You two have been together for seven years, but your relationship with him still isn't moving forward."

Instantly, Ouyang Qing's face darkened after she heard Lin Yan's second question, and she explained in an angry tone. "It's all because of that bitch, Tang Yin! Even though we have been together for so many years, he still keeps thinking about that bitch, so he has no desire to propose to me."

"I told you that you should forget about Wen Tian because he only loved Tang Yin, but you were never willing to listen to me. You asked your father to pressure Uncle Wen, so he accepted you out of compulsion." Ouyang Qing became even more angry after she heard that, but Lin Yan spoke to her again. "Anyway, I passed by a beauty shop before, and I saw her there. Not only her, but I also saw Zhao Qing there. They directed the employees there, so I thought they were the owners."

"A beauty shop?"

"Yes." Lin Yan then showed the location of the shop via the map on her smartphone. "The name is Tianmei Beauty Shop, and they just opened today, but I haven't checked out their products because I was in a rush to get here. They also have an online shop, so I thought I'd try their products."

Ouyang Qing couldn't care about those products, and she thought about destroying Tang Yin instead. She directly contacted Hao Lin and ordered him to do something about her online shop. In addition, she reached out to Bai Huang, giving him instructions to mess up her retail store.

Lin Yan helplessly shook her head because Ouyang Qing was too obsessed with destroying Tang Yin, and she used all means to do so.

Unfortunately, Ouyang Qing still didn't realize that Feng Xiao was Tang Xiao, and he monitored their conversation from afar. He immediately ordered Xiao Ai to track Huo Lin's location and instructed her to take action regarding the woman.

.

.

.

Tang Xiao frowned when he saw Luo Qinlin walking towards him, but he did not avoid her.

"Can you give me your number?" Luo Qinlin handed her smartphone to Tang Xiao.

"Sure." Tang Xiao took Luo Qinlin's smartphone and saved his number there before returning it. "I'm often busy with Mrs. Yi, so I rarely look at my smartphone."

Luo Qinlin nodded in understanding. "Are you really dating Xing Xing?"

"Hmm?" Tang Xiao wasn't too surprised by this, as Luo Qinlin and the others had seen him walking with Xing Xing at the shopping center a few days ago. "She's my girlfriend, and we've been together for several years."

'Heh!' Luo Qinlin inwardly snorted and moved closer to Tang Xiao. "Why are you interested in her? She's not pretty and poor, so she doesn't deserve you. What if you leave her and be my boyfriend instead?"

Tang Xiao shook his head at her. "She may not be beautiful and poor in your eyes, but she is the best in my eyes. Moreover, I am poor myself, or else I wouldn't work as a chauffeur. We love each other, so I will never leave her for another woman."

"Is that so?" Luo Qinlin shamelessly rubbed Tang Xiao's dick from outside his trousers, and her eyes glistened after finding out his size. "If you don't want to leave her for me, do you want to have some fun with me? As long as we don't tell anyone, she will never know about our relationship. What do you think about that?"

'This slut!' Tang Xiao nodded and grabbed Luo Qinlin's breasts, causing her lips to curl upwards. "Actually, she's not my only lover, but she doesn't know that, and she'll never find out if I have fun with you. Unfortunately, I don't have much time right now, so I won't be able to accompany you anytime soon."

Luo Qinlin smirked faintly. "In that case, I'll contact you soon, and I hope you're free at that time so we can have fun."

"Alright." After they discussed a few things, Luo Qinlin hurriedly returned to Ouyang Qing's ward with a joyful smile, but she didn't notice Tang Xiao's evil smile. 'Heh! Your suffering will come soon, you bitch!'

After that, Tang Xiao went to the parking lot while sending a message to Jessica, asking her to meet him there.

"Have Bai Huang and Pei Yan returned to this city, Xiao Ai?"

[Bai Huang and Pei Yan have returned to this city, Master. However, the two policewomen are following them, so you must be careful if you want to do anything to them.]

"Hmm?" Tang Xiao furrowed his brows. "How am I supposed to fight them if those two women keep following them? Do you have any other information about them?"

[Master, Ouyang Qing previously sent a message to Bai Huang, and he asked her to create chaos in my mistress's company.]

"Tch! That little bitch!" Tang Xiao took out his smartphone and sent a message to Bai Huang. "Let's see what the two women will do."

Bai Huang smiled after seeing the attached image. 'Easy job, easy money.'

"Is there something wrong?"

Bai Huang handed his phone to Pei Yan. "Got a new task, and the pay is excellent. See the target's photo of yourself; it's an easy task."

"That's true." Pei Yan nodded in agreement with that. "I didn't expect that someone would be willing to pay so much just to kill this man."

"We don't need to care about that, right?" Bai Huang then replied to Tang Xiao's message before asking Pei Yan. "So, where are we going to investigate next? We've checked Ran House and Yao House, but we couldn't find any clues in either house, and Meng Wuya couldn't give us any clues either. At this rate, our boss will be furious, and he will punish us after he comes back."

Pei Yan thought for some time. "What do you think if we ask Zhao Zheng for help? However, we have to go to Zhao Teng first, as he is in control of the Black Eagle Gang."

"Alright! Let's go to Zhao House."

.

.

.

In the car, two women frowned as soon as Bai Huang and Pei Yan arrived in front of a luxurious house. "Hey, Xiang, do you think they will ask Zhao Teng for help?"

"Isn't that certain?" Sun Xiang responded with a shake of his head. "Zhao Teng is in control of the Black Eagle Gang, and his connections are no less than Ouyang Hong's."

"What do you think would happen if Zhao Teng knew that the mastermind behind those events was Tang Xiao?" Sun Xiang turned to Xiao Meng. "He was his grandson, but their relationship had never been good because that old man always looked down on his father. Even though Tang Ye and Zhao Jing were married in the end, he was unwilling to accept their marriage, and he refused to acknowledge his two grandchildren."

Sun Xiang naturally knew about their story. "It's none of our business, and we just need to find Tang Xiao quickly so we can stop him from killing the people from the other families."

.

.

.

When the two men entered the Zhao house, a white-haired old man was already waiting in the living room, and he was none other than Zhao Teng. There was a young woman wearing formal clothes accompanying her, and she even looked slightly younger than Zhao Qing.

The woman's small face looks ordinary, but she has clear and attractive black eyes. Her short, shaggy bob hair is dyed light brown. Her figure is not that tall, and she's also too slim, but her breasts are big enough for Asian standards.

'Tch... Tch... He's so old now, but he dares to take such a young third wife, so it's not surprising that his third daughter doesn't like him. Can he satisfy her with his old body?' Bai Huang inwardly wondered as he glanced at Zhao Teng's wife, who was none other than Lin Yanxiu.
