

## CEO Bride 278

### Chapter 278

"I just ate. If you had told me earlier, I'd still be able to eat!" Nash's tone was somewhat regretful.

Xeno was a little dazed. It was obvious that this banquet was an attempt to get rid of him, yet he was still regretful.

Finn looked at Nash in shock.

What was going on? The four young masters of the Green Bamboo Association wanted to invite Nash to dinner?

Could Nash and the Green Bamboo Association be affiliated with one another?

"It's hard to decline such a generous invitation. Wouldn't it be disrespectful if we don't go?" Nash said as he slide into Xeno's BMW,

Finn stood stock still as his expression twisted into one of perplexity.

"Aren't you coming?" Nash asked.

Troubled, Finn asked, "Since you guys are going to dinner, then I guess I won't be joining?"

"Stay in the room and rest. I'll go by myself."

After saying that, Felicity followed the manager out.

Present in a private room on the second floor were the grandchildren of the four Juggernauts. They were respectively the grandson of Hooligan Juggernaut, Winnie Enders, the grandson of Velvet- Thunder Juggernaut, Hugh Sullivan, the grandson of Shadowblade Juggernaut, Xavier Lambert, and the grandson of the Hidden-Ghost Juggernaut, Taka Ihara.

In addition, the descendants of the five business giants were Simon Lane, Duncan Duerson, Olivia Lee, Sydney Zell, and Kai Watson.

Kai entered the private room with Helena in his arms. After feeling down for several days, Kai shaved his beard clean and had Helena buy him an expensive branded suit.

With a cynical smile on his face, he seemed to once again return to his identity before as the prince of Jonford.
