Chapter 1771: Class Reunion

The entire space seemed to have frozen as Shelly looked at Benjamin, not knowing what to do.

She really thought the two of them would become a thing of the past and never have to think about it again.

However, a year later, he returned to her life.

They had even met so unexpectedly.

Sarah probably did not expect Benjamin to appear.

After all, did they not say he had gone abroad? So, why was he back so soon?

At that moment, Sarah felt a little awkward.

She had worked so hard to get Shelly to attend the class reunion. Unexpectedly, they had run into Benjamin. She wondered how awkward it would be for them.

Luckily, the other students did not know that Benjamin and Shelly shared a past, so no one teased them.

Only one guy was teased, "Well if it isn't Benjamin... Back so soon after studying abroad? I heard you studied at a world-class university under a scholarship. I knew you were quite intelligent when I was studying back then, but I didn't expect you to be so smart. Now that you've returned, you should be making strides, right?!"

Benjamin smiled. "I'm just an ordinary student studying abroad. I'm not as good as you think."

Without batting an eyelid, he shifted his gaze away from Shelly.

He probably did not expect Shelly to attend such a class reunion.

Shelly also looked away. However, she could clearly feel the subtle changes in her body language.

“Oh, stop being modest.” The boy teased, “Everyone knows you have a prestigious degree certificate. You can practically enter any company in South

Hampton City.”

“That's simply not true.” Benjamin smiled.

Someone began to urge them to take their seats.

It was a large round table that could accommodate 30 people. With everyone squeezed together, it looked abnormally lively.

Shelly and Sarah sat together.

While Sarah was fine, Shelly did not attend this class reunion often and was a little reserved.

So, she did say much either.

She heard the boys making a fuss.

“Come, come. It's the annual class reunion. As usual, let's drink three glasses first.”

Everyone also raised their glasses. They were really drinking three.

Sarah whispered into Shelly's ear, "If you can't drink, then have less. With so many people, no one will notice."

"It's nothing." Shelly smiled.

Since she was here, she naturally had to do as the Romans did.

"It's really quite festive today. In the past, Shelly never attended our class reunion. Now, look at her, showering us with her beauty. I thought Benjamin wouldn't be attending either, but he came just in time. There are also Cory and Kevin, who had not come twice. This year is one with the most people!"

"Shouldn't everyone drink more than they did a few years ago, then?" The classmates jeered.

"That's right! Come, come."

Everyone started drinking again.

After, they started drinking in groups.

Shelly did not take the initiative. After all, she was unfamiliar with them and felt a little embarrassed.

However, when the others came to propose a toast, she also started drinking

Sarah, on the other hand, was more active.

In the beginning, she was always beside Shelly. Later, once she drank too much, she began to let herself go and went to compete with others.

The seat next to Shelly remained empty until...

Benjamin sat down.

He said, "I thought you didn't drink."

He probably realized she had actually drunk quite a bit.

"Since I'm here, I thought I'd join in. I wouldn't want to spoil everyone's mood." "You never participated in the past," Benjamin observed lightly.

"I couldn't resist Sarah's coercion this time. If I don't satisfy her this time, I'll be annoyed to death by her in the future."

"That sounds exactly like something Sarah would do," Benjamin agreed.

Then, the two seemed to have lost the topic of conversation, and the atmosphere became a little awkward.

Amid the awkwardness... "Are you alright?"

"Are you alright?"

The two of them said in unison.

Then, they laughed.

Benjamin said, "I'll go first. I'm fine. I've learned a lot during my time abroad, as well as a lot of scientific research with his teachers and classmates. I returned to Harken the day before yesterday and have now entered the research department of KSC after signing a contract with the company yesterday. The treatment was very good. I officially start work next Monday."

"That's good. I've heard of them before. KSC is a technology development company. They are considered as the most authoritative scientific research institution in the country and a pillar of her cultivation.."

Chapter 1772: Class Reunion

"I hope I can develop further in the company." Benjamin asked, 'What about you? How are you doing?"

"I'm fine too," Shelly replied, not knowing how really to respond.

"Are you with Nox?" Benjamin asked.

Shelly pursed her lips and nodded.

Although they were breaking up in a month, they were indeed together at the moment.

"Nox really likes you. I didn't want to admit it before, but now that I think about it, he really does treat you well," Benjamin commented objectively.

Shelly only nodded, not too enthusiastic.

"Hey, what are you two whispering about here?" A man suddenly came over and grabbed Benjamin's shoulder. It was obvious he did not want the two of them to play without him.

"Nothing. We haven't seen each other for a long time and were just chatting."

"A casual chat?" The boy said meaningfully, " Back then, you chased Shelly very closely. Why? Do you want to continue with your chase now?"

"What nonsense are you spouting?!" Benjamin was obviously angry. "Shelly has a boyfriend."

"So what if she has a boyfriend? They could still break up."

"Alright. Drink your wine."

“Look, you're just feeling guilty. Benjamin, you're outstanding. Do you have a girlfriend? Have you been with a foreign girl? What is it like? Hurry up and tell your brother.” The boy was a little drunk, so he spoke without restraint.

Benjamin glanced at Shelly.

He was afraid she would be embarrassed if she heard this.

Shelly was indeed a little uncomfortable and lowered her head, pretending to be eating.

Benjamin replied, “I don't even have time to do scientific research in school. How would I have time to find a girlfriend? No, I'm still single.”

“You're still single?” The boy was surprised. Then, he suddenly said loudly, “Ladies and gentlemen, our top student, Benjamin, is still single. Everyone has a chance!”

Everyone burst into laughter, leaving Benjamin a little awkward.

He picked up a glass of wine and drank a few glasses with the boy before shooing him away.

Before the boy left, he did not forget to say, “Do you know what's most likely to happen to your classmate? Breaking up a pair was a pair. Seize the opportunity! ”

It was obvious he was reminding Benjamin to chase after Shelly.

However, Benjamin ignored him.

Soon, the boy felt bored and went to another crowd to drink.

Benjamin quickly explained, “Don't listen to his nonsense. Sometimes, when a guy is drunk, he will be like this and not know his limits. Don't take it to heart.”

"It's nothing. I'm used to it after working at the nightclub."

"Well, just ignore what he said."

"Alright." Shelly nodded and looked at Benjamin. 'You don't have a girlfriend yet?'"

She did not know why, but when she heard that Benjamin was single, her heart beat irregularly.

Of course, she did not think there would be any development between her and Benjamin, nor would there still be a possibility between them.

However, she could not help but care.

She thought that even if they were friends, it was not a big deal to ask.

Benjamin smiled and said, "I've been really busy overseas. I don't even have time to make friends. Besides, foreign girls are too unrestrained. I really can't accept it. Perhaps I'm traditional, but I still prefer the girls from Harken." Shelly nodded. She did not know what to say.

"Well, you should eat more and relax. These people are crazy when they're drunk. Just let them have fun. I'll head over there now," Benjamin said.

They probably did not want to be too awkward with each other, so they did not say much and planned to leave.

"Alright. Go ahead."

With that, Benjamin walked away from Shelly.

After leaving, Benjamin turned back to look at Shelly.

Sometimes, it was not easy to let go of a person.

His throat moved slightly as he walked to the side and drank with the others.

The class reunion was to start with dinner.

After, they started singing.

Drunk, many people were howling. The sound system was so loud that even Shelly could not withstand it, even though she used to work at a nightclub in the past. Having not been to such a place for so long, she found it hard to adapt.

So, she got up and went to the bathroom in the private room to catch her breath, not knowing that the bathroom door was unlocked..

Chapter 1773: Class Reunion

Therefore, when she pushed the door open and entered, she was shocked to see the two people hugging and kissing each other in front of her. They both had never interacted with each other back when they were in school. Yet now, they could not keep their hands off each other in the washroom.

Shocked, Shelly stared at them for a while and forgot to close the door. The people inside seemed too engrossed in each other and did not notice her.

“Don't look.” A familiar male voice suddenly sounded from behind her.

At the same time, Shelly's eyes were covered by his big hand. Only then did she come back to her senses and turned around. Even her whole face was red by then. She did not want to stare, but she was just too stunned to move.

As soon as she turned around, she was wrapped in Benjamin's arms. At such a close distance, she immediately recognized Benjamin's familiar scent and pushed him away the next second.

As the push came a little too suddenly and hard, Benjamin was pushed back a few steps. Suddenly, the atmosphere became a little awkward. Shelly wanted to explain but did not know how to. She just thought they were too close, and her heart would... beat faster. Benjamin chuckled. "I'm sorry. I crossed the line just now." "No." Shelly quickly shook her head. "I'm j-just... not used to it."

"I understand."

Benjamin was not angry at all. On the contrary, he understood why she did it, but Shelly felt that she had hurt Benjamin.

"Um, why don't you leave first? Now that everyone is drunk, nobody knows who has left and who hasn't. Besides, some really have left, so it's fine." Benjamin tried to persuade her.

He probably assumed that she was still a little shy and felt a little out of place in the group.

"I'll leave with Sarah later. I don't want to leave her here alone. I don't think.." Shelly pursed her lips. "It's safe."

Benjamin could not help but laugh. "Don't worry. Although everyone is having fun, they won't mess around. You saw the two of them in the bathroom just now. They both wanted it. If they didn't, they wouldn't have forced it on each other. There is still basic decency." "But Sarah is drunk and might not be conscious," Shelly retorted.

Benjamin nodded. Shelly's worry was not completely unreasonable.

"But looking at Sarah just now, I don't think she'll be able to leave anytime soon," Benjamin said.

"It's fine. I'll wait for her."

"Alright." Benjamin said, "If you want to use the washroom, you can go to the public one outside. Just turn right and you'll see it."

"Okay."

With that, Shelly left the room, and the noise from inside where noticeably quieter outside. She took a deep breath, not knowing if it was because it was too overwhelming inside or because Benjamin made her feel overwhelmed which made her chest feel heavy.

After walking into the bathroom and going to the toilet, she washed her face, which was a little red. Perhaps it was because the room was not well-ventilated.

She patted her face with water and sent a message to Nox. "I might be back late tonight. Is Bella asleep?"

"She's asleep." The other party even replied in an instant. "I'll have to trouble you to watch over her a little longer."

"It's okay. Have fun."

"Yes."

"By the way, did you guys drive there? Do you want me to get someone to pick you up?"

"It's okay. I'll take a taxi back with Sarah."

"Where are you now?" "Starlight Nightclub." "Okay." "I'll see you later."

"Sure."

After Nox replied, he dialed a number.

"Mr. Winter." The other side was extremely respectful.

"My girlfriend is in Starlight, and her name is Shelly. I'll send you her photo. Once she is done tonight, get a car to send her home. Don't say I arranged it. Just treat it as a normal pick-up."

“Yes, Mr. Winter.”

Nox hung up. Then, he leaned back on the bed, tossing and turning, unable to sleep. He felt that the room was empty with Shelly not around. ηOvelusb.cOm

He sighed. How should he live without Shelly in the future?

When Shelly returned to the private room, it was still lively inside. Everyone was drinking, singing, and dancing crazily.

Shelly was sitting on the sofa, and her eyes were fixed on Sarah, who was really popular and could get along with everyone..

Chapter 1774: Class Reunion

Sometimes, she envied Sarah's cheerful and optimistic personality. Although Sarah had been deeply hurt by Finn, she could give up on him just like she said so and did not take it seriously at all.

“Shelly.” A boy approached Shelly.

Shelly looked away.

“I notice you've been pretty quiet the whole night. We all used to be classmates, so relax and don't worry,” the boy said.

“No, I just know how to have fun. You don't have to worry about me.”

“I used to think you were quite cold when we were in school, but you're still as unapproachable as ever, ” the boy said with a smile.

Shelly did not know how to answer that statement.

“How about this? I'll toast you.” The boys did not press on about the matter.

Shelly took a glass of wine and started drinking with the boy. The two of them drank one glass after another, and Shelly was too embarrassed to refuse.

When they felt like they were going to get drunk, Benjamin suddenly appeared and said to the boy, “If you can hold your alcohol so well, why don't I drink with you?”

Shelly looked at Benjamin, feeling grateful.

The boy laughed. “Yo, are you trying to be a hero saving the damsel in distress?” “It'S nothing. Seeing that you're in such a good mood, I'd like to join too. Can't I?”

“Why not? Shelly seems pretty closed off, so let's drink more and loosen her a little,” the boy suggested.

“Alright.”

Benjamin agreed immediately, but he started drinking with the boy. In fact, Benjamin's alcohol tolerance was not great. Toward the end, Shelly thought he was going to throw up, so she quickly picked up the glass and drank with the boy.

The boy smiled. “Oh, look. You're finally taking the initiative.”

Then, he started drinking with Shelly, and the atmosphere was lively. Shelly could barely blend in. Other than that guy, there were also other guys and girls who came over to drink with Shelly.

By the end, Shelly was a little drunk. She hurriedly went to the bathroom to hide from the drinking. If she continued drinking, she would definitely make a fool of herself, so she went to the bathroom to sober up for a while.

When she came out, she saw Benjamin standing at the door. As soon as she opened the door, he rushed in. As he probably could not hold it in anymore, she leaned over the toilet bowl and threw up quite a bit.

Shelly stopped in her tracks and walked toward Benjamin. Seeing him throw up, her whole body tensed up. She quickly stroked his back for quite a while, and only then did Benjamin feel better. He flushed the toilet before cleaning his mouth and cheeks. He said, "Thank you, Shelly. I'm fine now."

"Don't drink so much."

"There's no other way. I can't hide from those b*stards."

In fact, if he did not step in to drink for her just now, he would not have been so drunk.

"It'S fine now. Let's go out," Benjamin said.

"Yeah."

With that, the two of them walked out of the bathroom. As soon as they walked out, they bumped into Sarah walking toward the washroom in a drunken state and seeing the two of them come out together.

Sarah's dazed eyes suddenly became clear. She pointed at the two of them and stammered, "Y-You..."

Please don't tell me you've rekindled your old flame?"

"What nonsense are you spouting!" Shelly grabbed Sarah and walked into the washroom.

Benjamin turned his head and looked at the door that was closed again with a bitter smile. How nice would it be if he could rekindle an old flame?

Shelly dragged Sarah into the bathroom. "Don't misunderstand. There's nothing between Benjamin and I."

"If it's nothing, why did the two of you come out of the same bathroom?"

"He threw up, so I took care of him."

"Why did you take care of him and not the other drunk boys?" "I'm not familiar with them." Shelly was speechless.

"So you're familiar with Benjamin?"

"Don't you know that between us..." "I do. That was why I asked whether you were rekindling an old flame."

"I'm not, I swear," Shelly explained.

"Why are you getting so worked up if you're not?" Sarah smiled. "With my years of research on relationships, even if you don't have it on your mind, deep down, you've started to have such thoughts."

"1..."

"Don't deny it. I'm a good judge of character." Sarah stared at Shelly and said, "Aren't you going to break up with Nox soon? I think Benjamin will do." "You're overthinking it. We can't be together. Benjamin's parents won't agree."

"So if his parents agree, you can date Benjamin again?"

"It won't happen."

"Shelly, I think you should fight for your own happiness. Nox is such a sc*mbag. Don't waste the rest of your life on him, okay?" Sarah said seriously.

From her understanding of Nox, Nox was a scumbag. Not only did he hurt Shelly, but he also had a terrible reputation.

There was a period of time when he was fooling around a lot in the nightclubs at night and heard that many women in the entertainment industry had an improper relationship with Nox. In fact, in the eyes of those women, they would be embarrassed not to get involved with Nox.

At that time, she had an unshakable feeling that Nox was filthy and that Shelly had laid waste to him. However, what else could she say now? She had to persuade Shelly to leave Nox. A good woman like Shelly should find a gentleman like Benjamin and be doted on for the rest of her life..

Chapter 1775: Shelly Gets Drunk

When Sarah spoke ill of Nox, she found Nox extremely vile and did not think Shelly should not have given herself to Nox just because he had saved Bella once. Nox was not worth it.

On the other hand, when Shelly heard Sarah's disgust for Nox, she felt a little repulsed. Sarah was right about Nox not being a good man, but from their time together, he did not seem too bad. However, she could not say a good thing about him, so she did not refute Sarah.

After saying what she should, Sarah turned around.

"Where are you going?" Shelly called out to her." You're drunk. Stop drinking. I'll send you back." "I'm not going back so early. I'm going to persevere until the end, just like how I do every time."

"Sarah, if you keep drinking, your body won't be able to take it."

"Don't worry, I know what I'm doing. Let me go."

"Sarah..."

"Hey, I'm here to pee." Sarah was speechless.

If she did not pee soon, she would pee herself. Hence, Shelly quickly let go of Sarah.

When Sarah went to the toilet, Summer walked out. In fact, there were now much fewer people in the private room with some people gone because they could not hold out anymore. Only a few people were around, singing loudly in the private room, and no one knew what they were singing.

After Sarah came back from the toilet, she started to drink with people in the private room again. Shelly could not understand how Sarah could drink so much and for so long. Fortunately, as soon as the clock struck midnight, Sarah could no longer hold out and lay on the sofa, motionless.

Shelly was also feeling dizzy at that time. She figured that if she had anything to drink, she would pass out. Therefore, she supported Sarah, who could barely walk and staggered out of the club. At that time, Benjamin was close to being drunk, so he was also a little dizzy. However, he insisted on following Shelly and sending her and Sarah off.

A few of them had just walked out of the entrance of the nightclub when they saw a man standing not far away. He was obviously waiting for them. Shelly took a closer look. Her vision was so blurry that it took her a long time to see it was Brandon, Sarah's boyfriend.

Sarah always complained about Brandon, saying that he did not love her and only loved her cousin. To her, he was with her because he was responsible and forced to be with her after they slept together while they were drunk.

For some reason, Shelly did not think so. She did not think that Brandon was the type to sleep with anyone. Once they slept together, he would be serious about it, so she did not know why Sarah was so insecure.

She helped Sarah to Brandon and said, "Sarah is drunk."

Brandon looked at Sarah, who could not even stand steadily but looked so valiant.

He said to Shelly, "Leave her to me."

“Alright.” Shelly handed Sarah to Brandon.

Just as Brandon held Sarah's arm, she resisted. As drunk people could not control their strength, she pushed Brandon away so abruptly that he almost fell to the floor. As people said.

'Who are you? Why are you touching me?'

Brandon rolled his eyes. She claimed she was not drunk, but she was deliriously drunk. “I'm Brandon. Stop fooling around. I'll send you back.” Brandon lowered his voice and said gently. “Brandon?” Sarah mumbled as she stared at the person in front of her, but her eyes were still blurry.

“I'll send you back.” As he spoke, Brandon dragged her away.

“Don't touch me.”

“Sarah.”

“Brandon, that big bad guy, knows nothing but bullying me. I hate Brandon. I even broke up with him! We've broken up for a long time!” Sarah shouted at Brandon.

Brandon pursed his lips. Although it was late at night, there were still some people coming and going at the entrance of the nightclub. Moreover, Shelly and the other man were looking at them, and it made him a little embarrassed.

“You're drunk. We'll talk when you're sober!”

“I'm not drunk!” Sarah said righteously, “I'm very sober.. I know Brandon is a bad guy who bullies me and throws a tantrum at me! I've given up on him! Anyway, there are many fish in the sea“

Chapter 1776: Shelly Gets Drunk

“Sarah, that's enough!” Brandon's tone was a little sterner.

“Look at you raising your voice at me again! What right do you have to scold me?” Sarah looked aggrieved. “Were you like this when you were with my cousin? You were obviously much gentler to her, but look at how you're treating me now! You don't love me at all.”

“Let's talk when you sober up.”

“I'm not drunk! Brandon, I remember the fight we had a few days ago. I even remember everything you said to me!” Sarah accused.

Brandon was speechless. The situation that day was that he had to work overtime. As Monica had not been at work for a long time, most of the workload was on him.

However, he had to admit that even though Monica and Finn had reconciled and he had completely given up on Monica, he treated Monica differently from others. He seemed to be instinctively more attentive toward Monica, so when Monica was not working, he would do whatever he could to share Monica's burden.

That day, he was planning the sale of a listed drug when Sarah called and asked him to have dinner with her. He agreed, not expecting work to end so late. He got so busy with work that he had forgotten about it, and by the time he remembered it, it was 9 p.m. at night.

He quickly called Sarah, who said that she had eaten and gone back, so he did not take it to heart. Although he felt a little guilty, he was not too worried about Sarah as the two of them seemed to be in a normal relationship and were not too serious yet. Moreover, ever since that drunken incident, they had never slept together again.

Since he knew that Sarah had gone back, he did not look for her and went back himself. When he returned home and was lying on the bed, ready to sleep, he suddenly remembered that today was Sarah's birthday. He remembered her saying a few days ago that she wanted to have dinner with him on her birthday, yet he stood her up in the end.

At the thought of that, he felt a little apologetic. He quickly called Sarah, but she did not answer his call. Perhaps it was because it was a little past his bedtime, but he could not fall asleep after that. Hence, he climbed out of bed and drove around the city before finding a 24-hour flower shop.

He bought a bouquet of flowers and went to apologize to Sarah. After knocking on Sarah's door, Sarah opened the door in her pajamas and looked at Brandon coldly.

“Happy birthday.” Brandon smiled.

However, Sarah was very indifferent to him.

She said, “It's past 12 a.m. now. My birthday was yesterday.”

“I'm sorry. I had a lot on my hands, so I forgot for a moment.”

“It's nothing.” Sarah yawned. “It happens once a year anyway. It's getting late. You should go back.”

“Are you angry?” Brandon asked.

“I'm not angry.” Sarah replied, “I'm just sleepy.”

“Tomorrow night— No, I'll make up for your birthday tonight, okay?” Brandon could feel Sarah's emotions.

She was not usually that cold. In fact, her personality was very similar to Monica's when the latter was younger, and she was clearly angry.

“There's no need. I'm meeting a friend for dinner tonight, so I don't have time.” Sarah yawned again. “It's really late, and I have work early tomorrow. Besides, you're so busy at work all day. You should go back and rest early.”

As she spoke, she was about to close the door , but Brandon hurriedly held the door open. Sarah frowned. She did not know what the man wanted to do. Between her and Brandon... what happened tonight had indeed disappointed her.

In any case, Brandon would not take her words seriously. She waited until 9 p.m. and not any longer. She told herself to treat it as if nothing happened, so she ate a romantic candlelight dinner alone and came back peacefully. If Brandon had not appeared so suddenly, she would have forgotten about the matter.

“Can I stay over at your place tonight?” Brandon asked her.

His goal was obvious. Of course, a night spent between an adult man and woman was not just a simple

She said, “Maybe next time. It's too late tonight.” Brandon just stared at her.

Sarah said, “Go on. I'm really sleepy... Oh..”

Chapter 1777: Shelly Gets Drunk

Sarah's eyes widened as Brandon suddenly hugged her and kissed her fiercely. He felt a little unhappy because he did not like Sarah's coldness and rejection toward him.

Sarah, too, was shocked by Brandon's actions. Brandon was usually lukewarm toward her, but now that he was forcing himself on her like that... Her eyes narrowed, and she bit Brandon's mouth, causing Brandon to let go of Sarah in pain. He was also a little angry for a moment.

“Slap!” Sarah slapped Brandon hard on the face.

Brandon was stunned by Sarah's slap. Sarah did not expect herself to be so angry either, but she really hated Brandon for forcing himself on her like that.

“Can't you learn to respect others?” Sarah scolded Brandon angrily.

Brandon could feel the burning pain on his face, and the slap had indeed made him a little angry.

Hence, he said loudly, “Isn't it normal for couples to kiss each other and sleep together?” n0VeluSB.c0M

“Do you think I'm your girlfriend? We've been dating for so long, but what have you done for me? Do you think taking responsibility for sleeping together while we were drunk is enough? Brandon, nothing in this world comes easy!”

“Sarah, what are you trying to say?”

“Let's break up!” Sarah said firmly. “I've had enough of you. Every time I call you and want to see you, you're busy. And every time I want to have a meal with you, you're busy. You even forgot my birthday, and you think you can apologize when you realize you forgot? Brandon, who do you think you are? Why should I sit around and wait for you?”

“All we did was sleep together. Nowadays, a one-night stand is nothing! I don't need you to take responsibility for me!”

Brandon was a little embarrassed by what Sarah said. After all, Sarah was right. They had been dating for a long time, but he had been really busy. It was rare for the two of them to be alone.

Sarah said, “That's it. I'm tired too, so let's just be friends from now on.”

“Yes, I haven't been doing well and fulfilling my responsibilities as a boyfriend. But in my defense, I've been really busy. With Monica not around, I have to help her with her work. I really can't spare any time...”

“If you can't find the time, don't. You should just focus on your work and not fall in love,” Sarah said bluntly.

Brandon's face turned red with anger. Did Sarah mean that someone like him was not worthy of being in a relationship? There were so many busy people in the world. Were they all not worthy of falling in love, getting married, or even having children?

“Can you not be so unreasonable?” Brandon could not take it anymore. “Everyone has to work, unlike you, who can go to work at random. You don't understand the pressure of my work!”

“That's right. I just don't understand it. I am just not as capable as you are and can only be a nurse, but so what?” Sarah said to Brandon, “I think my life is pretty good. I have enough time to live the life I want. You may look down on me, but I look down on you too.”

Brandon was furious.

“We're not from two different worlds, and that's why it's hard for us to be together.” Sarah said, “Let's not see each other again from now on. You can focus on your work and career, while I'll live my life peacefully. That way, we won't disturb each other.”

“Sarah!” Brandon was furious.

He had never thought that he and Sarah would have such a huge fight. However, today, he had truly witnessed Sarah's ability to anger people. No matter what he said, he could not get through to Sarah. She was as stubborn as a rock.

“Can't you be more reasonable? When Monica comes back to work, I won't be so stressed at work, and I won't have to overtime that much. Then, I'll try my best to accompany you!”

“Forget it.” Sarah became even more sarcastic. “When my cousin goes back to work, you can't wait to spend more time with her. Why would you think of spending time with me?”

“What do you mean?”

“Don't you know what I mean? You've always liked Monica, but because she and Finn got back together, you settled for the next best thing and got together with me.” Sarah sneered. “Actually, I don't mind it. After all, my cousin is indeed more capable than I am. She's good-looking and has a good figure, so it's only natural that you like her.”

“But now, I'm tired of you. I was a little interested in you before because you were a breath of fresh air, so even though I knew you liked my cousin, I thought I'd try being in a relationship with you. Now that I've tried it out, I think people like you are really boring and I don't want to waste time on you..”

Chapter 1778: Shelly Gets Drunk

“So you're with me because I'm a breath of fresh air?” Brandon asked her coldly.

“Why else would I love you wholeheartedly when I know you have someone else in your heart? Brandon, this is the 21st century. Women are different from the traditional women of your impression. Now, gender equality matters, and women no longer care about whether it'S their first or hundredth time.

“It's very popular now to test out different partners to see if they're husband material. I can date and sleep with you today, and I can do the same with other men tomorrow. I don't need you to take responsibility for what you did.”

“Damn it!” Brandon was so angry that he felt as if his entire body was on fire.

Sarah could really piss him off.

“If you understand it, leave now,” Sarah urged him again. “I don't want to waste any more time with you. If I sleep any later, it won't be good for my skin.”

“Sarah, you best remember what you said today!” Brandon gritted his teeth.

“Don't worry, I won't pester you anymore.” Sarah was very sure. “From now on, we'll each live our separate lives.”

“Alright!” Brandon was so angry that he agreed immediately.

No matter what, Sarah felt a little upset. However, she could endure it, and it made her realize maybe she did not truly love Brandon. As such, the earlier it ended, the better.

“Goodbye,” Sarah said without hesitation. nOVELusb.cOm

With that, she closed the door abruptly. Although she did not feel sad, tears started streaming down her face. After trying to suppress it for a while, she felt that crying was meaningless. Since her relationship with Brandon had never started, so what if it ended?

In the end, she quickly adjusted her emotions and tried her best not to think about Brandon. From now on, she would live her life as she wished.

In fact, her life was really good. She returned to living the life she liked and no longer had to worry about anyone. She had dinner with his friends, drank, and hung out. Every day was very fulfilling.

She would occasionally think of him when she returned home in the dead of night, but she would not get emotional thinking about it. After all, Brandon had not appeared in front of her for the past few days or called her. It seemed like Brandon really had no feelings for her, and she understood very well that the relationship was over.

After that, she was very proactive in finding a boyfriend. Even her parents were urging her to at least have a boyfriend if she did not want to get married. Since she did not want to listen to those nagging every day, she decided to satisfy them. However... it was not easy to find a man she liked. Were all the good men taken?

She raised her head and stared at the man in front of her. She could not see him clearly, but she knew who he was.

Suddenly, she calmed down. “Since we've broken up, don't hang around in front of me anymore.”

“I was wrong that day. I'm sorry.” Brandon's voice also became much gentler. “When you sober up, I'll explain it to you properly.”

“There's nothing to explain. I'm fine now. Ever since I broke up with you, I've been having dinner with my friends, drinking, and looking at beautiful men every day. My life is great. Why did you show up in front of me and make things difficult for me?” Sarah said impatiently.

Brandon's expression turned dark. He had been living a life worse than death the past few days after they broke up. Yet, she was having dinner, drinking, and even looking at beautiful men. What a heartless person!

He said, “Sarah, did I say that we broke up?”

Sarah was stunned, but she tried to recall in her muddled head and then quickly nodded. “I told you!

Didn't we agree on it that night?”

“That was you. I didn't agree to break up.”

Sarah frowned. She clearly remembered Brandon agreeing to it.

“Your temper got the better of you that night, so you said a lot of impulsive things. And because I didn't want to argue with you, I didn't refute it. In fact, I didn't agree to break up with you.”

“In that case, agree to it now.” “I won't agree now or for the rest of my life.”

“Brandon... Ah! ” Sarah was shocked.

Shelly watched as Brandon carry Sarah away. Now knowing what to do, she instinctively wanted to grab Sarah back.

However, Benjamin suddenly grabbed Shelly. “Don't..”

Chapter 1779: Shelly Gets Drunk

“But it looks like Sarah is reluctant to go with him.”

“If she were, she wouldn't have just clamored for Brandon to let go of her instead of hugging Brandon's neck tightly.” Benjamin smiled. “This is a classic case of saying not saying what she means.
n0VeLUsB.COM

Although she says no, her body says yes.”

Shelly smiled when she heard Benjamin's words. Moreover, from the looks of it, Sarah really did seem to be like that.

Hence, she no longer cared about Sarah and turned to Benjamin. “It's getting late. I'll go back first.”

“Do you need me to drive you home? You look drunk to me.”

“I'm fine. I'm just a little dizzy, but I'm still conscious. I won't have a problem going back”

“Alright.” Benjamin nodded, trying to maintain a safe distance between them like a gentleman and not cross the line.

Shelly smiled at Benjamin before walking into one of the cars parked by the roadside. The driver glanced at Shelly and confirmed that it was her before driving away.

When she was leaving, Shelly could not help but look back at Benjamin and saw him standing behind her, looking in the direction of her car. Then, she turned around, feeling a little bitter. If they had not encountered so many things, they would be...

Shelly stopped thinking about it. No matter how much she thought about it, it was all in the past. The next time they met again, they would just look at each other and smile.

The car soon arrived at Nox's high-class apartment, and Shelly staggered back. She thought she was not too drunk, but her footsteps were light. Everything in front of her became even more blurry, and she felt dizzy. At that moment, the only thought in her mind was to get home as soon as possible so that she could lie on the bed.

She persevered and walked home, where the lights were on so that she would not bump into anything. She pushed open the bedroom door, trying not to make any noise since she thought was probably asleep, she tried to not make any noise. However, it was really hard to control herself when she was drunk.

She rushed into the bathroom and threw up into the toilet bowl. Only after throwing up for a long time did she finally feel better. However, her body was so weak that she did not want to move at all.

In her mind, she kept telling herself that she would take a shower after lying down for a while. After the shower, she would go back to bed and sleep. Then, she would be fine the next day. However, everything was just a thought in her brain, and she did not move.

Nox walked into the bathroom and saw Shelly sitting on the floor, drunk and with her face flushed red. In his memory, it was the first time he had seen Shelly drunk, and it made him wonder how much Shelly had let herself go in the class reunion.

Nevertheless, he squatted down and picked Shelly up from the ground. Drunk Shelly appeared unusually docile. Just like that, she fell into his arms obediently, and he was even a little reluctant to let her go.

In the end, he placed her on the bed, took off her clothes for her, and used a hot towel to wipe her clean. After that, he found her a clean set of pajamas to change into. The entire process was a blur to Shelly, so she allowed Nox to do everything for her.

After Nox had settled Shelly, he lay on the bed and leaned over to hug her. Although there was still the smell of alcohol on her body, he did not mind. On the contrary, he found her more down-to-earth. Sometimes, Shelly would distance herself from him, and it always made him feel that they were worlds apart.

He hugged her and could not resist lowering his head to kiss her lips. However, he did not want to disturb Shelly's sleep. He knew very well that drunk people needed to rely on sleep to ease the discomfort of being drunk. Therefore, he only kissed her lightly.

The moment he was about to lie down and sleep again, he heard Shelly's voice. It was very soft, but he could hear it clearly in the quiet night. She called out, "Benjamin.."

Chapter 1780: Nox i s Drastic Change

The next day, when Shelly woke up, it was already noon. Usually, she would wake up naturally at 7

a.m., even without an alarm clock. However, this morning, even the alarm clock could not wake her up.

When she turned around and saw the time, it was already 12 p.m. She quickly got out of bed and looked at the alarm clock on her phone. It was obvious that it had been turned off. n0VEluSb.COm

With gritted her teeth, she lifted the blanket and walked out of the room to see Nox in the kitchen. It was rare to see that he was not at work, much less in the kitchen, which was in a mess. Shelly just stared at Nox and saw how flustered he was.

When Nox noticed that Shelly was up, he quickly said, "We can have lunch soon."

Shelly gulped and said, "Why was I still asleep?"

"You were drunk last night."

"Did you turn off the alarm for me?"

"A drunk person needs enough sleep. Do you feel much better now that you're awake?" Nox answered calmly.

"I've sent her to kindergarten."

“What did she have for breakfast?”

“I took her out to get some buns. She ate two buns and had a hot chocolate.”

Shelly pursed her lips, not knowing what else to say about Nox helping her with everything. Even his appearance in the kitchen right now warmed her heart, despite it being in a mess.

Shelly said, “I’ll go wash up first.”

“Alright.” Nox replied, “There’s no rush. Lunch will only be ready in a while. You can even take a shower.”

Shelly nodded. She really wanted to take a shower. She could not even remember how she got into bed last night. All she could remember was when she finally got home and nothing after that. However, it was obvious that she did not shower because the discomfort on her body was obvious.

Except... did Nox help her change into her clothes? It was not that she felt shy, but she did not think it was something Nox would do. According to Nox’s personality, he should have ignored her.

As Shelly walked into the bathroom to take a shower, she had to admit that drunk people really needed enough sleep. Now that she had woken up, although her stomach was empty, she felt much better. If she had been forced to wake up in the morning, she might be living a life worse than death.

She thought to herself as she showered and silently felt that Nox had really changed. After showering, she brushed her teeth and washed her face, which instantly refreshed her. Then, she dried her hair and walked out of the bedroom.

In the dining room, Nox had placed the lunch on the dining table. Shelly was stunned to see that he had cooked a full meal with appetizers. Although they were all very simple dishes, she never thought Nox could cook.

“This is my first time making it, so I don’t know how it tastes.” Nox looked at the dishes expectantly.

Shelly picked up her utensils and put a piece of lamb in her mouth. Just as she started chewing, she frowned.

“Does it taste bad?” Nox asked.

“No.” Shelly quickly replied, “I thought it wouldn't taste good, but it tastes okay.”

Nox was confused.

“Try it yourself, and you'll know,” Shelly said bluntly.

What Nox did not tell her he was almost full from taste-testing while cooking that lunch. He was afraid that it would not taste good and that it would not be seasoned well. After all, he did mix up salt and sugar. When he tasted the dishes, he began to doubt his life and questioned whether he was cut out for cooking.

He even wanted to give up several times, but he persevered in the end. He really wanted to fulfill his promise to help her cook, wash clothes, and take care of the children after being with her for so long. Even if he did it once, it would leave the relationship with no regrets.

Shelly was really surprised by Nox's cooking. She had never thought that it would taste so good. She did not know if it was because she was really hungry or something else, but she ate everything until she was full.

Nox did not expect Shelly to like his food so much, so he was in a good mood. He started to show off. “I didn't realize I was so talented.”

Shelly glanced at Nox and smiled.

“You might even become a super chef in the future.”

Nox was a typical CEO who would be walking on air with just a small compliment. What kind of bad
