

Chapter 1161: Just Self-Taught

Xia Xibei didn't know that Qiao Yanjue ran to ask Lu Xiaohang such things, as she was now calling Tang Luo.

However, Tang Luo didn't answer the phone.

After some hesitation, she called Mo Bonan.

Well, there was still no answer.

It seemed that both of them were busy!

Xia Xibei shrugged her shoulders and gave up for now.

Then she started to make a plan.

When she finished her plan, Qiao Yanjue came in with an inexplicable smile on his face.

“What are you doing?”

Xia Xibei looked at his creepy smile suspiciously.

“Nothing, I had just learned something!”

“Hmm? What is it?”

“Come on, let’s try it!”

Without waiting for Xia Xibei to respond, he pounced on her.

“You-” Xia Xibei exclaimed, but before she could shout, her voice was blocked by Qiao Yanjue.

When Qiao Yanjue was really shameless, she couldn’t beat him.

When the two of them lay down, she was shocked to find that it was not right!

She found that Qiao Yanjue’s spiritual power had actually passed into her and ignited her own spiritual power as well!

Her face changed dramatically.

“Concentrate a little,” Qiao Yanjue whispered in her ear, his voice low.

Xia Xibei's mind was dizzy, but she could only collect her mind and be carried along by him as she floated.

When everything calmed down, Qiao Yanjue was content to hold Xia Xibei without letting go.

Xia Xibei came out of the confusion and her face changed again.

She squeezed Qiao Yanjue's neck, "What the hell is going on? Who taught you that?!"

Qiao Yanjue actually knew about dual cultivation! It was also a very profound and powerful method too...

Who taught him that?

It'd only been half an hour, and he's mastered it. How was he doing it so well?

Where in the world did he learn these things?

Qiao Yanjue's hand moved and brushed across her waist.

Due to the soreness and tingling, Xia Xibei cringed and the strength of her hand plummeted.

He pulled her hand down and brought her with him, letting her lie on top of him.

The unhindered contact made Xia Xibei huff backward and she couldn't resist biting him.

"Tell me everything!"

"I taught myself."

Being bitten, Qiao Yanjue stifled a grunt and his face changed slightly. However, he didn't continue, just explaining proudly.

"Self-taught?"

Yeah, right!

Xia Xibei huffed, "Don't fool me! I'm not a three-year-old!"

Now even three-year-olds were not so easy to fool!

Qiao Yanjue raised his eyebrows and smiled smugly, "I'm really not fooling you. I really taught myself."

Xia Xibei ground her teeth at him, "You're still lying to me?"

Her eyes were fixed on his adam's apple, looking as if she'd bite him again if he gave a wrong answer

"I really didn't lie to you." Qiao Yanjue wrapped his arms around her waist. "I really came up with it myself."

"Keep making it up!" Xia Xibei gritted her teeth, then moved her hand down. "I'll show you!"

Feeling alarmed, Qiao Yanjue immediately drew in a breath and broke out in a cold sweat, hurriedly pulling his hand away.

"I really did not lie to you! I really taught myself!"

Not waiting for Xia Xibei to get cranky, he explained, "Actually, I just went to ask Lu Xiaohang what dual cultivation was."

"He told you?"

Her eyes narrowed dangerously.

"He explained it to me, but he didn't say exactly how. Then, my mind suddenly knew what to do." Qiao Yanjue was a little aggrieved, but serious. "I really didn't lie to you."

At that time, a cultivation method suddenly popped up in his mind, and it was very clear!

Chapter 1162: Out of Nowhere

“This cultivation method came out of nowhere.” Qiao Yanjue gave her a kiss and said seriously, “Then, I looked for you to verify it.”

These words caused Xia Xibei’s eyebrows to knit.

“It came out of nowhere? You might as well say you were suddenly enlightened!”

This was cultivation! Dual cultivation!

If someone didn’t understand it, they wouldn’t be able to figure out what to do, even if they thought about it for a few hundred years.

He suddenly understood it? Was it possible that lightning had struck and made him smart?

This was too absurd!

Xia Xibei wanted to curse, but when she opened her mouth, she thought of what happened before.

Qiao Yanjue’s situation did not make sense!

Obviously, he only started to cultivate in his twenties, which was already past the best time to cultivate, yet his speed of cultivation jumped and was much better than those who started to cultivate in childhood.

After that, no one taught him how to use spiritual power to communicate with spiritual plants, but he did so anyway.

Now, he also learned dual cultivation just by mentioning it!

This series of events made Xia Xibei suspicious of his situation.

There was definitely something wrong with this!

“Are you sure no one taught you?”

“This was half an hour ago. Who could have taught me?” Qiao Yanjue protested. “Besides, Lu Xiaohang doesn’t understand it either!”

When he asked Lu Xiaohang earlier, Lu Xiaohang said he had only heard of dual cultivation, but had never seen it because dual cultivation had been lost a long time ago. There were so many families now, and no family did dual cultivation like this.

If there was dual cultivation, the Han family’s hearth would not be so popular!

Cultivation with a hearth was not the same as dual cultivation.

Cultivation with a hearth profited only one side.

Dual cultivation was a win-win situation for both sides.

How many people would care about the hearth if dual cultivation truly existed?!

That was why Lu Xiaohang said he had only heard of dual cultivation, but had never come across it.

After Qiao Yanjue scoffed at his answer, this cultivation method popped up in his mind.

He himself found it strange.

“It’s as if the content existed in my mind and was only now unlocked.”

Qiao Yanjue’s explanation silenced Xia Xibei.

This statement... It made no sense!

At this moment, she couldn’t help but doubt Qiao Yanjue’s identity once again.

What exactly was his condition and why did he have this change?

“However, no matter what, what is certain is that this cultivation method is real!”

Qiao Yanjue hugged her and suddenly revealed a bright smile, “I think this cultivation method is really quite good. Let’s continue!”

“No!” Xia Xibei refused.

“Did you feel uncomfortable?” Qiao Yanjue had an innocent face. “Or am I not performing well?”

That was what he said, but he was very confident.

Moreover, this cultivation technique was really comfortable!

Two people doing this could feel good and grow their strength too... It simply couldn’t be better!

Mere cultivation was a bit boring, but this kind of thing was really addictive.

Xia Xibei glared at him, knowing that he would react this way when he found out what double cultivation was.

“I still have to find Ah-Luo!”

“Didn’t you just call her?”

“She didn’t answer!”

“Then she must be busy!” Qiao Yanjue offered an explanation. “Didn’t you say she had to improve her strength as soon as possible? Then what are you bothering her for?”

Xia Xibei didn’t know what to say, as his argument did make sense.

“So, let’s leave them alone!” Qiao Yanjue rolled over and pinned her underneath him, revealing a mouthful of white teeth. “We have to improve our strength too!”

Chapter 1163: Transformation

Xia Xibei met up with Tang Luo once before New Year’s Day.

By then, Tang Luo had undergone some visible transformation.

She was a lot prettier compared to before, and she looked all lively and energetic, as if the girl lying lifelessly in bed a while ago was a whole different person.

Smiling, Xia Xibei asked, “So how’s it going? How have the past few days been for you?”

Tang Luo blushed instantly and quickly took a sip of water to suppress her nerves, "It was not- Not bad."

She couldn't quite deny it in front of Xia Xibei. Besides, she did have a good time.

She had spent the past few days in her room, and mostly in bed.

It was something that she had never imagined that she would have to go through.

Neither had she ever thought of sharing such moments with Mo Bonan.

She would have to say that Mo Bonan was totally different from before.

He had treated her with so much love and care the whole time.

She finally felt what it meant to truly be loved.

Besides, Mo Bonan's affection for her was different from Mrs. Mo's caring attitude towards her.

Under Mo Bonan's care, she became a lot stronger than she used to be, and she now had enough confidence to face the challenges that life would throw at her.

"That's good," Xia Xibei nodded in satisfaction.

She couldn't help but think of her own circumstances as well.

After Qiao Yanjue taught himself, the two of them had fooled around for a while and had made great progress as well.

Qiao Yanjue seized the opportunity, and he was very pleased with it. He even blamed her for not bringing it up earlier.

Xia Xibei's face fell.

If she hadn't kicked him out of bed, she probably wouldn't have been able to walk out the door today.

Qiao Yanjue even went overboard by making the company reduce her workload.

In all honesty, her workload was already far less than the others'.

Other artists were running all over the place, getting their jobs done and making themselves seen.

She, on the other hand, did not seem to be proactive at all.

It would be the end of her if she was counting on those gigs to gain popularity.

Fortunately, the reality show “Country Living,” which featured her, had started airing yesterday.

The episode set off the climax once again, and everyone was astounded by her performance.

Everyone was entertained by all that she did in the show, be it fishing or grilling the fish, treating sick cows, or completing the tasks assigned.

A lot of viewers edited her scenes from the show into short clips and circulated them on the Internet.

The company also took the opportunity to do a great deal of publicity.

In the meantime, the new commercial shot by God Luo’s Streaming TV was aired as well.

She had to say that the high-quality performance that she had contributed had helped preserve her reputation.

The majority of artists fought too hard to become trending. Everything they did would end up as trending searches, even mundane things like eating, which was rather annoying.

However, she chose the complete opposite way. If there weren’t shows or commercials that featured her, she was hardly ever seen on the trending topics.

That was why people were more eager to see her work.

The only reason Pan Yan did not flip the table was because he saw how much people adored Xia Xibei.

Pan Yan was in the process of coaching Mu Qiaona, so he hadn't had much time to watch over her. Otherwise, she would have given him a stroke by now!

Xia Xibei and Tang Luo chatted about their lives for a while, then Xia Xibei told her, "I've gotten my head around the matter."

Tang Luo's eyes lit up subtly, "So what actually happened?"

"It was Zhang Fengjia, an employee of the company, who drugged you. He was instructed by a family named Han."

Tang Luo was caught off guard.

"Han?"

She had thought it was Tang!

However, she wasn't completely wrong. Tang was her mother's surname, and her mother was an orphan who got her surname randomly. It had got nothing to do with the Han family indeed.

Chapter 1164: Insider Information

Xia Xibei told Tang Luo about the Han family, focusing on their ruthlessness.

Tang Luo's face turned overcast.

"That's completely outrageous!"

Tang Luo felt chills spilling down her spine.

To be raised as a Hearth and brainwashed from a young age, to have no thoughts of one's own, to be willingly dedicated and selfless at all times...

It all sounded like a tale of horror!

If she grew up living a life like that... She couldn't imagine it!

"Your mother is most likely the Han family's child, but I suppose she's not a Hearth, or it might be due to some other reasons that she gave birth to you later, and then..."

Tang Luo nodded, "I know. I'm also thankful that she didn't stay with the Hans."

Tang Luo finally understood why her mother had always brought her up as a boy in the first place.

Her mother must have known what would happen since the beginning, except that she wasn't a Hearth herself, which was why she had been able to live an easy life.

However, with the Hans' blood running in her veins, no one could guarantee what the future held.

Tang Luo's heart ached for her mother.

The Hans were not trustworthy people, and Zhang Kaiwei was a threat too.

She had also died young. Her life had truly been a tragic one!

Nevertheless, now that her mother had passed away, she had to live well on her own.

"To not be bothered by the Hans, you have to cultivate well and protect yourself," Xia Xibei said in a serious manner. "However, you don't need to worry. Even if the Hans are powerful, they can't just do what they want without any care."

"I understand," Tang Luo nodded.

She was mentally prepared from the moment she knew that she was special.

She used to feel demoralized, because she thought there was no way that she could break free.

However, after such a major change in her life, how could she not work hard?

She would only be capable of protecting herself if she improved her strength.

“Good, I will keep sending you medicines, and you guys have to strive hard.”

Tang Luo nodded with rosy cheeks.

Although she still found things like that somewhat shameful, the meaning had changed when things became a matter of life and death.

Moreover, after doing it more, she had opened herself up. She was not as shy now as she was before.

She would try anything as long as it would help her get stronger!

“By the way, I’m traveling to the capital on New Year’s Day. I’ll check up on the Hans for you.”

“Okay, I appreciate it.” Tang Luo looked at Xia Xibei gratefully. “Still, remember to keep yourself safe. If there’s danger in your way, you have to run!”

If anything untoward happened to Xia Xibei because of her, she would live in guilt for the rest of her life!

The Hans did not sound like good people at all.

Who knew what they would do if they knew Xia Xibei's identity?!

Xia Xibei smiled and looked at her, "Don't worry about me, they can't do me any harm. Besides, it's not like I'm someone they can bully at will."

Tang Luo gained a lot more confidence as she thought of how well Xia Xibei had done over the years.

She was right! No one could mess with someone as terrific as Xia Xibei!

"Well, I have to go now."

"Sure, Bonan is coming over to pick me up too."

Tang Luo blushed, looking a little shy.

"Hmm, got it," Xia Xibei nodded. "Anyway, try not to be on your own these days."

"Got it."

Soon, Mo Bonan arrived.

He checked on Tang Luo for a moment before turning to Xia Xibei, “Do you need a ride?”

Xia Xibei shook her head. “No need, I’ll go back by myself.”

“Good. Get on your way then.”

Xia Xibei was left speechless. How ruthless and straightforward was he?!

Chapter 1165: Mr. and Mrs. Mo are Back

Mo Bonan and Tang Luo went downstairs to the garage and got into the car, hand in hand.

Tang Luo cried out just as the car started up.

“What’s wrong?” Mo Bonan asked instantly.

“I think I just saw an acquaintance!”

“An acquaintance?” Mo Bonan was puzzled. “Who is it?”

“Zhang Yiqi.”

“Zhang Yiqi...”

Mo Bonan’s face fell.

After being with Tang Luo, he was also enraged about her background.

She was such a good girl, how dare the Zhangs bully her! That was just too much!

“It’s okay, don’t mind her.” Tang Luo took his hand. “Don’t worry, I’m not someone they can bully now.”

Since she started dual cultivation and complemented it with the techniques taught to her by Xia Xibei, her strength quickly improved.

She had a long way to go compared to geniuses like Xia Xibei. However, she was a lot stronger now than before, and could apply her skills flexibly. It was more than enough for her to deal with two big men.

If Zhang Yiqi had the guts to come up, she would give her a couple of slaps to keep her still!

“Well, they can’t bully you indeed,” Mo Bonan gave her a gentle pat on the head and laughed.

Tang Luo couldn’t help but shoot him a glare as she got what he really meant.

Damn him!

Hooked by the look, Mo Bonan felt a hot flush within him again. He couldn't help giving a silent, bitter laugh.

He really wanted to know exactly what cultivation techniques Xia Xibei had taught her, because now he couldn't resist Tang Luo at all.

Every move she made, the words she said, and the scent she carried could easily make him restless.

However, he had to admit that it was quite a good experience.

Soon, the two of them left Zhang Yiqi in the back of their minds.

It was as if Zhang Yiqi never existed, as far as they were concerned.

It just didn't occur to them that even though they left Zhang Yiqi alone, trouble would still come knocking on their door.

Mr. and Mrs. Mo, who had gone on a trip, came back unannounced the following night.

They were scheduled to return the day before New Year's Day, so their sudden return totally caught the two of them off guard.

They were tangled up in each other when they heard a knock on the door, along with Mr. and Mrs. Mo's deep, angry voices.

Mo Bonan almost went limp with fear.

Shocked, Tang Luo's face turned ashen as well.

What was going to happen if Mr. and Mrs. Mo learnt about what had occurred between them?

What if they wouldn't agree to it?

Mo Bonan's heart ached when he saw the nervous look on Tang Luo's face.

"Relax, I'll explain to them."

After a while, Mo Bonan went to open the door.

Although he was neatly dressed, what could he be doing lurking in Tang Luo's room in the middle of the night, looking all fishy? They couldn't be doing her homework, right?

Mrs. Mo got even more upset as she thought of the photos they had received.

"Get down here!" Mrs. Mo shot an exasperated glare at Mo Bonan, then turned to head downstairs.

Mrs. Mo also gave him a look, and heaved a sigh of resentment, "You! My goodness!"

Tang Luo felt her heart sink as she heard their angry growling.

The sweetness they shared a moment ago vanished into thin air.

Mr. and Mrs. Mo must truly be disappointed in her!

"It's alright, you're my parents' favorite. They wouldn't be mad at you." Mo Bonan hugged her and gave her a kiss, soothing her. "We'll explain to them properly, and it'll be over."

Tang Luo took a deep breath, mustering her courage, "Yeah, let's explain to them!"

Soon, the two of them got to the living room downstairs together.

Mo's mother's eyes widened as she saw the two of them coming together.

Then, she drew a sharp breath when she saw Tang Luo's ample chest. She got to her feet and rushed over to the two of them, pointing at Mo Bonan as she yelled, "You bastard!"

Chapter 1166: We've Let You Down

Mrs. Mo was so furious that she raised her hand up high and swung it down fiercely.

If Tang Luo hadn't pulled Mo Bonan away, he would have suffered a hard slap.

It was almost a brutal one.

Seeing how Tang Luo was helping Mo Bonan, Mrs. Mo teared up instantly, "Child! Why are you still helping him when he has treated you that way?"

Mrs. Mo's remark left Tang Luo in puzzlement. What did she mean? Mo Bonan had treated her quite well!

Mrs. Mo stared at Tang Luo's chest and burst into tears, "How are you so silly, my child?! Why didn't you tell us when you got bullied?"

As she spoke, the more emotional she became, and more tears fell from her eyes.

Mr. Mo came up and took her by the shoulders, then gave Mo Bonan a fierce glare, "You're a beast!"

Mo Bonan and Tang Luo were left speechless and perplexed.

This wasn't the reaction they had expected from their parents, which was also rather strange!

“We asked you to take care of Luo, and this is what you did to him?”

Mr. Mo was also infuriated by Mo Bonan, tears welling up in his eyes.

He wished he could beat him to death!

As they watched the two of them hugging and crying, Mo Bonan and Tang Luo exchanged a glance, looking confused.

“Uncle, Aunt, stop crying...”

Tang Luo was at a loss.

They were crying for her, which kind of overwhelmed her.

“Oh my child, you’ve suffered because of us!”

Mrs. Mo broke free from Mr. Mo’s embrace and threw her arms around Tang Luo as she cried.

The two of them hugged each other, their chests pressed together, and Mrs. Mo started crying even harder.

Looking at how Mrs. Mo was hugging Tang Luo and crying so miserably, Mo Bonan was rather confused.

Something didn't seem quite right here... Where did it go wrong?

Tang Luo quickly hugged Mrs. Mo and comforted her, "Don't cry! I'm completely fine! I didn't get bullied..."

"Stop defending him!"

Mrs. Mo let go of her and looked at her lovingly, before shooting a fierce glare at Mo Bonan.

"This rascal has done something unforgivable! You don't have to speak for him!"

"I... I'm not speaking for him, but Brother Bonan has treated me-"

...

"Don't you call him brother! He doesn't deserve to be your brother!" Mrs. Mo interrupted her angrily, then pointed at Mo Bonan. "What a beast you are! How I wish I could beat you to death!"

Mo Bonan was speechless.

Although the things he did were... Somewhat inappropriate indeed, it wasn't to the point that he deserved a death sentence, was it?

Moreover, Tang Luo had been an adult when they got together! He wasn't abducting underaged children!

He might be a few years older than Tang Luo, but they didn't have to be so dramatic about it, did they?

Tang Luo took Mo's mother's hand and explained, "Don't be mad, Aunt. Let's talk it out."

"How else can we talk it out?!" Mrs. Mo was so furious that she burst out crying once again. "I'm so sorry for your mother! I gave birth to a bastard that hurt you!"

Tang Luo was embarrassed and at a loss. They didn't have to exaggerate things like that!

"Aunt, don't..."

"How dare that bastard feed you that kind of drug! What a beast he is!"

Mrs. Mo stared at her chest, tears pouring down her face, despair and pain overflowing from her eyes.

Tang Luo followed her gaze and looked at her own chest, seeming a little confused.

She came down without bunching her chest, hoping to seize the opportunity to confess things.

However, it seemed like they had... Misunderstood things?

What drug was she talking about?

Oh, she did take some medicine indeed, but it had got nothing to do with Mo Bonan!

“Get on your knees, bastard!” Mr. Mo howled furiously at Mo Bonan. “I’m going to give you a good beating today!”

Chapter 1167: Really a Girl

Family corporal punishment?

When those words came out, Tang Luo’s face changed.

She had been in the Mo family for so long, but she had never seen the Mo family’s corporal punishment. After all, Mo Bonan was grown-up, so they wouldn’t need to use such things at all.

However, it sounded terrible!

She hurriedly stood in front of Mo Bonan, “Don’t be angry, you guys, Brother Bonan...”

“You’re too naive!” Mo Bonan’s mom pulled her over. “And you’re defending him!”

She pointed at Tang Luo’s chest, “He was quite normal before, but now he’s so sick and giving you these drugs!”

“Drugs?” Tang Luo’s expression stiffened. “What kind of drugs?”

“You’re still covering for him!” Mo Bonan’s mom was furious. “This kid is so perverted, he even gave you these drugs for breast enlargement. Breast-enlargement pills!”

This drug was against nature and had a great effect on the human body.

If she looked at Tang Luo’s breasts, she could tell that she must have taken this kind of drug for a short time.

After all this time, her body must have been poisoned!

“Breast-enlargement pills?!”

Tang Luo and Mo Bonan shouted in unison, their faces changing.

“If I hadn’t heard the news, I wouldn’t have known you were so perverted! ”

Mo Bonan's mom rushed to Mo Bonan's side, raised her hand, and hit him.

"How dare you do this, you damn child?! How dare you?!"

"Ow, ow, ow! Stop!"

Mo Bonan did not stand still to be beaten and rushed to dodge the blows.

"Mom, stop it! You misunderstood!"

"A misunderstanding? I misunderstood?" Mo Bonan's mom was so angry that she kept hitting him.

"How did I misunderstand? Are you going to tell me that you didn't give little Luo any drugs? So how did these breasts grow? Is she a girl?"

"She is a girl!" Mo Bonan shouted while dodging the blows.

"A girl... Hah! Do you take me for a fool?!"

Mo Bonan's mom turned a deaf ear and continued to hit him.

However, she found that her son's movements were very agile and he was thick-skinned, and she hurt her hand instead of hurting him!

“Beat him!”

...

Mo Bonan’s dad also followed in anger.

How dare he call Tang Luo a girl! Was he blind?!

If his wife hadn’t already done it, he would have wanted to go up and start a fight too.

He was sad too.

They traveled around so easily before, thinking that Mo Bonan was mature enough to be on his own, but to their surprise, while Mo Bonan was doing well, his character had changed!

How dare he do such a terrible and cruel thing!

Tang Luo finally figured everything out and immediately shouted, “Stop fighting! I’m really a girl!”

“Little Luo, you don’t have to justify his actions for him. This kid bullied you like this, so we will take revenge for you!” Mo Bonan’s dad stopped her with a serious face. “This kid needs a lesson!”

Tang Luo was stunned.

She couldn’t imagine that they would think in that direction.

They thought that her breasts had grown because of the drugs she took!

Tang Luo rushed up and blocked the blows aimed at Mo Bonan from his mom.

“Don’t be angry, Auntie! I’m really a girl!”

Then, without waiting for Mo Bonan’s mom’s reaction, she pulled her inside the bathroom.

Tang Luo’s reaction made the father and son freeze as well.

After a while, when Tang Luo and Mo Bonan’s mom came out, it was obvious that Mo Bonan’s mom was dazed and her eyes were drifting.

“Are you okay?” Mo Bonan’s dad hurriedly brought his wife over. “What’s wrong with you? Don’t scare me!”

The wife looked as if she had received a serious blow!

“Little Luo... Is really...”

“Really what?”

“She... She’s really a girl!”

Mo Bonan’s mom drew in a breath.

Chapter 1168: Explaining the Identity

Mo Bonan’s mom’s words caused Mo Bonan’s dad to draw in a breath along with her.

Tang Luo was really a girl? How was that possible?

Mo Bonan’s mom slowly came back to her senses, her expression all twisted.

Just now, Tang Luo took her into the bathroom and asked her to check her identity.

Although she didn’t take off her clothes, Mo Bonan’s mom could already feel it, and this made her dumbfounded.

Tang Luo was really a girl! This was too absurd!

Tang Luo lived in their house for a few years, and then she went from a boy to a girl?

Who had gone crazy here?

Mo Bonan's dad's reaction was not much better than hers, also looking at Tang Luo in shock.

"You... You really are a girl?!"

"I'm really a girl." Tang Luo's cheeks were slightly red. "Sorry, I lied to you."

Mo Bonan's mom clutched her forehead and sat down on the sofa.

After a long time, she got over it.

"You... Are really a girl?"

"Really!" Tang Luo nodded. "I'm really a girl!"

"You... Have always been a girl?"

Tang Luo didn't know how to react, "Of course I've always been a girl!"

Mo Bonan's mom sucked in a breath and almost fainted again.

Her reaction was a bit exaggerated, but Tang Luo could understand.

After all, knowing someone who had always been a boy and suddenly became a girl would be shocking

Mo Bonan's dad was also stunned.

"How did you hide your identity?"

It'd been years, but her identity had been hidden so well!

At this moment, Tang Luo and Mo Bonan's subterfuge were put aside for the moment.

"Um... I have always worn a disguise." Tang Luo's cheeks reddened slightly. "I've been very careful, so it's normal that you guys didn't know."

"But... Why were you pretending to be a boy?"

...

They were even more confused.

They didn't have sexist beliefs.

Besides, Tang Luo was Tang Zhen's child, and whether she was male or female, they would take good care of her.

If she was a female, then they would take care of her even more.

After all, girls were more delicate than boys and needed to be taken care of with more care.

However, because Tang Luo had always been a boy, they raised her rather roughly. Although they were attentive, there was not too much pampering.

“I was raised as a boy, and before my mother died, she told me to continue being a boy.”

Tang Luo didn't spell out the exact reason. If they knew she had a hearth physique, they would have to worry.

“So now you are...”

“My mother told me not to reveal my identity until I reached adulthood. As for the specific reason, I am not sure. Maybe she was afraid that I would be bullied!”

Tang Luo assigned the problem to her late mother.

“But you are almost 19 years old! Why didn't you say so before?”

“I got used to being a boy, so I didn't admit it,” Tang Luo said with embarrassment.

“Then you and Bonan...”

The couple’s eyes went back and forth between Tang Luo and Mo Bonan.

“Well...”

“I found out her identity a few months ago and paid a little more attention to her. Then I found out that she’s quite nice.”

Mo Bonan was also talking off the cuff.

If the entanglement between them was told, both of them would be scared to death!

“Yeah,” Tang Luo agreed with Mo Bonan. “Brother Bonan is good to me, so...”

The two looked at each other, and the affection in their eyes was clearly visible.

Mo Bonan’s mom finally eased up completely.

“So, you weren’t forced?”

“Of course not!” Tang Luo immediately shook her head and took Mo Bonan’s hand. “I did it of my own free will!”

Once these words came out, Mo Bonan’s mom finally let out a sigh of relief.

Chapter 1169: Two Big Worries

Mo Bonan’s mom finally sighed in relief upon knowing that Tang Luo was a girl and not bullied by Mo Bonan.

God knew how scared she was just now when she saw Tang Luo’s breasts suddenly appear!

She had read about these drugs on the internet earlier.

When you took these drugs, whether you were a boy or a girl, your breasts would become bigger and you would also be able to produce breast milk.

This drug was used by many young people as a stimulant.

However, it was also very harmful to the body.

If Tang Luo took these pills, she would regret it for the rest of her life!

Fortunately, Tang Luo had not been exposed to these terrible things.

However, the fact that Tang Luo was a girl is really shocking.

Looking at the lingering affection between Tang Luo and Mo Bonan, Mo Bonan's mom couldn't help but think back to the previous situation.

It did seem like there was a weird vibe between the two of them a few months ago...

At that time, she blamed Mo Bonan for not taking care of Tang Luo.

Now it seemed that they had been secretly communicating at that time.

They hid it really well!

However, she was more than happy.

She had been worried that Mo Bonan wouldn't be able to find someone.

Other people's children already had a girlfriend or boyfriend at this age .

However, he was so focused on his work.

Never mind finding a girlfriend, he did not even have a female friend around, and he had such a bad personality!

She was worried that Mo Bonan would be alone forever!

Unexpectedly, before anyone could react, he was already with Tang Luo!

It was simply an unexpected surprise.

However, recalling what she had just seen, Mo Bonan's mom couldn't help but pull Tang Luo over and ask in a low voice. "How far have you gotten?"

That was what she asked, but she didn't need to hear Tang Luo's answer.

The two of them were in the room just now! They couldn't have been cramming for homework!

Tang Luo's face suddenly turned red, "Auntie..."

...

Mo Bonan's mom patted her. "Okay. I'm not an old-fashioned person, I know what you young people are like. However, you're still young, so you can't get pregnant!"

Mo Bonan was more than 20 years old and had not had any experience. It was easy to suspect that he had no ability in this area!

Everyone had desires and didn't need to fight their instinct, but they needed to take preventative measures. Tang Luo was still in school, and it would not be good if she got pregnant now.

She was so serious that it made Tang Luo's face even redder, "Don't you worry, we won't...."

"It's good that you won't." Mo Bonan's mom breathed a sigh of relief. "Although I want a grandchild, you are still young!"

She looked at Mo Bonan again, "I'm telling you, don't mess around! Little Luo is still young and in school. You have to be careful!"

Mo Bonan blushed but immediately nodded, "I know."

The tips of Tang Luo's ears were red but she felt a warmth in her heart.

Mo Bonan's mom was really good to her.

If it were anyone else, she would have already urged them to get married, even though she was still young.

Yet, Mo Bonan's mom was on her side, and she couldn't help but be touched.

After Mo Bonan's mom finished talking to them, she had a smile on her face.

“I’m relieved! My two big worries are no more.”

Mo Bonan’s mom was thrilled.

She was worried that Mo Bonan wouldn’t be able to find someone, and she was worried that Tang Luo would leave.

Now Tang Luo wouldn’t leave!

She looked at her husband, “Hurry up and book a tour to Europe.”

Mo Bonan’s dad was confused, “Huh?”

“To celebrate! Besides, we have to give them some space, right?” Mo Bonan’s mom rolled her eyes at him.

Receiving her meaningful look, Tang Luo’s face turned red.

Chapter 1170: Who Did It

Once things were said and done, there was nothing to worry about.

However, Mo Bonan couldn’t help but frown.

“Weren’t you guys still out traveling? Why did you suddenly come back?”

Their rushed return confused them all.

Fortunately, all was well now.

Mo Bonan’s question made Mo Bonan’s parents look at each other, also feeling that what happened before was too strange.

“We suddenly received some photos, so we came back.”

When they received these photos earlier, they were shocked!

Mo Bonan had actually forced Tang Luo to date him!

How could they not be scared that their own son suddenly became so scary and strange?!

So, they flew back immediately.

They were supposed to be continuing with their travels, but because of this incident, they interrupted their trip.

“Photos?” Mo Bonan’s eyes were slightly cold. “What photos?”

Mo Bonan’s mom pulled her bag over and rummaged through it, quickly retrieving her phone.

Then, she brought up the photos.

“These are the pictures we got.”

Mo Bonan took the phone, and Tang Luo also came over.

Then, they looked at the photos.

In the photo, Tang Luo and Mo Bonan were in an intimate pose, as if they were kissing, but only the two of them knew that it was the angle that made it look so ambiguous. They wouldn’t do that in public.

When they saw these photos, Mo Bonan’s parents were anxious. That was why they rushed back.

After seeing these photos, Mo Bonan and Tang Luo looked at each other with the same icy expression.

“Who the hell did this?”

After sobering up from this incident, Mo Bonan's parents regained their composure. "It's horrible! Someone is stalking you guys like this!"

"It is Zhang Yiqi," Tang Luo affirmed.

"Zhang Yiqi? Zhang Kaiwei's daughter?"

Mo Bonan's mom's expression immediately went cold.

...

"Right," Tang Luo nodded. "We ran into her a few days ago."

Tang Luo had met Zhang Yiqi before, but they didn't have time to mind her at that time.

They didn't expect that Zhang Yiqi would suddenly do something like this!

Zhang Yiqi had not appeared in front of them for a long time, but they didn't expect that when she reappeared, she would be the one to cause trouble.

"Is that the girl who pushed you into the water before?"

Mo Bonan's mom's face was unpleasant.

"Yes, it's her."

“That’s so evil!” Mo Bonan’s mom immediately got angry. “She is out of control!”

“We must take care of this!” Mo Bonan’s dad declared.

“Don’t worry, I’ll take care of it,” Mo Bonan nodded, his eyes grim. “I won’t let this go so easily.”

“You can’t let Little Luo suffer!” Mo Bonan’s mom said seriously.

“I know,” Mo Bonan nodded solemnly.

Mo Bonan’s parents didn’t interfere too much. After all, now that Mo Bonan had grown up, it was time for them to step back.

Although they were not at the age to retire, why should they work hard when they can just leave things to their son?

So, after advising Tang Luo and Mo Bonan, they left happily.

The corners of Tang Luo’s mouth twitched as she watched their departure.

She had to say that she was very envious of their relationship and life.

Many people's elders were still clutching to their own power, afraid that if they let go of it, something would happen.

Mo Bonan's dad was so free and easy-going that he immediately let go of his power and went off with his wife after he was sure that Mo Bonan was capable.

Now, the two of them had such an enviable life.
