

Chapter 1211: Delivering Medicine

Qiao Zhengyuan had just walked over when he noticed that his wife had stuffed a green pill into her mouth!

Qiao Zhengyuan was stunned and immediately brought over a glass of water from the table.

However, Liu Yiqin refused the water, her face a bit shocked.

“You’re not choking, are you?”

Everyone was a little agitated.

“Are you okay?” Qiao Zhengyuan worried. “Hurry up and spit it out! Or hurry up and drink water!”

Liu Yiqin shook her head, “No, it’s already gone down.”

The look of surprise on her face had not yet faded.

When the pill went into her mouth just now, she realized that she had forgotten to drink water!

It was such a big pill, if it was not taken with water, wouldn’t she be choking?

However, before she could find some water, she found that the pill had already melted.

The speed it melted in the mouth was simply amazing!

Even if it was ice cream, it would have taken a while!

She also found that the taste was very special.

The taste of this pill was not bitter or sweet, but there was a nice aroma and a slight spiciness that was refreshing.

“This pill is too special!” she exclaimed. “It melts in your mouth!”

The few people next to her had strange expressions.

There were medicines that melted in your mouth. Even if she liked Xia Xibei, she didn’t have to be so exaggerated, right?

“Where did you get the pill?”

Qiao Zhengyuan just left for a moment and came back to see that his wife was taking pills.

He was stunned.

Was she not in good health? Why did she need to take pills?

“It’s a gift from Beibei, saying that it’s good for my health.” Liu Yiqin replied smilingly.

“Nonsense!” Qiao Zhengyuan’s beard swayed. “Who gives someone pills as a first gift!”

He looked disapprovingly at Xia Xibei, and then at Qiao Yanjue.

What was Qiao Yanjue doing? He couldn’t believe he didn’t stop his girlfriend’s nonsense!

Meeting his father’s eyes, Qiao Yanjue shrugged, “These are good things!”

“Yeah right!”

Qiao Zhengyuan would have knocked him on the head if he had a stick at hand!

This was just nonsense, and he brought this nonsense home!

“What are you yelling at the kid for?” Liu Yiqin patted him. “They are just being nice!”

“You just spoil them!”

Qiao Zhengyuan was furious with his wife.

Was she under some kind of compulsion from Xia Xibei? How could she trust her so much?

“Uncle, this is a gift for you.”

Xia Xibei took out another bottle.

Looking at this ordinary bottle, Qiao Zhengyuan’s face darkened.

He could finally find out what Liu Yiqin had eaten.

The problem was, Xia Xibei was too much!

He may be a little older, but he was still in good health!

Why would she meet him and deliver medicine? Was she cursing him?

“Dad, the girls nowadays are really funny, giving medicine to people on their first meeting. Do all young people nowadays like to do this?”

Yang Shengyan couldn't help but speak up sarcastically.

In her opinion, Xia Xibei was too arrogant.

Due to the kindness of saving her life, Liu Yiqin liked her so much and didn't hesitate to take the pill given to her.

However, Qiao Zhengyuan and Xia Xibei didn't have such a friendship or such a good attitude!

When she suddenly gave medicine to the old man, it was crazy, right?

“Old man, just accept it- Ow!”

Liu Yiqin was still trying to persuade Qiao Zhengyuan when she suddenly screamed while holding her stomach.

“What's wrong?”

Qiao Zhengyuan was immediately anxious.

“Auntie, hurry up and go to the bathroom!” Xia Xibei immediately said. “It will be fine later.”

Liu Yiqin did not have time to say too much as she held her stomach and ran away.

The faces of the people at this scene changed.

Chapter 1212: Strongly Condemned

“What did you give Auntie to eat?” Qiao Weiming immediately stood up, righteously demanding, “You didn’t poison her, did you?!”

“Right! How come she got a stomach ache after taking your medicine? What were you plotting?” Yang Shengyan followed up immediately.

“After taking this kind of pill, it is necessary to detoxify,” Xia Xibei replied with a calm face.

After taking this pill, the person would be able to restore their youthful state.

However, Liu Yiqin was not young and had quite a few toxins in her body, so she needed to be detoxified.

These were normal processes, but other people wouldn’t know that!

All everyone knew was that Liu Yiqin took the pill given by Xia Xibei and then ran straight to the toilet!

Wasn't the pill poisonous?!

"Detox? Are you kidding me now?" Wan Yunfei looked angry, as if she really cared about Liu Yiqin. "What kind of medicine is this? Do you have a manufacturing license? Can you be responsible if someone took it and had problems?"

"Yes! If someone gets sick after eating it, it will be a problem!" Yang Shengyan's voice was sharp. "And you want to give Dad medicine too? Are you crazy?!"

"Sister-in-law, second sister-in-law, second brother." Qiao Yanjue stood out, his eyes lightly sweeping over them. "Beibei said this is normal. When mom comes out later, it will be fine."

"Fourth brother!" Qiao Weiming looked pained. "Are you under a spell? That's your own mother! How dare you trust this random girl instead of caring about her!"

"That's right!" Yang Shengyan nodded her head in agreement. "That is your mother! How can you do this?!"

"Fourth brother, it's okay to fall in love. Everyone is young and has had such a period, but you can't lose your sanity for a girl!"

Wan Yunfei's expression was a bit exuberant, but she was saying very angry words.

Even the old man's expression at Qiao Yanjue took on an unpleasant air.

"Of course I know that's my own mother." Qiao Yanjue shrugged, not anxious at all. "When she comes out, you will see the effect."

He had confidence in Xia Xibei.

"Fourth brother!" Qiao Weiming looked angry. "How can you still be so unrepentant! If Auntie knew, she would be so sad!"

Qiao Yanjue grunted to himself and looked at them as if they were monkeys in a circus.

"And this girl wants to give Dad pills! She is trying to harm our family!" Yang Shengyan looked hyper and very excited.

"Would we get these pills too? When the time comes, if anything happens to us..."

Wan Yunfei appeared horrified while looking at Xia Xibei and Qiao Yanjue, as if something bad had really happened.

"First daughter-in-law! Second daughter-in-law!"

The old man gave them an unpleasant look. These words went too far.

Receiving the old man's warning, both of their hearts went cold.

They knew that the old man was biased towards the fourth son!

It was already a mess, and he was still taking his side!

“Don’t worry, sister-in-laws, we didn’t prepare your share.” Qiao Yanjue curled the corner of his mouth at them. “These are all good things, and they are very expensive!”

He did not lie, these were good things. After all, they had spirit plants in them!

If these pills were released, they would be snatched up, even if they were a million a piece!

It was only because Liu Yiqin was his mother that Xia Xibei was so generous.

“Oh, really? That is great,” Wan Yunfei laughed and patted her chest as if she had escaped a disaster.

“Dad, this is really good stuff.”

Chapter 1213: Refusal

Qiao Yanjue took the bottle from Xia Xibei and went to hand it to the old man.

“After you take it, you will be in good health!”

The pill Xia Xibei had prepared for the old man and Liu Yiqin were different.

Although both of them had several herbs in them, the effect of the pill for Liu Yiqin was to restore youth, while the one for the old man was to delay aging and strengthen the body.

The old man was in his seventies this year. Although he still looked fit and sturdy, he was still old.

Liu Yiqin was only in her fifties, and with the care she usually took, she looked quite young.

So, Xia Xibei prepared a different formula for each of them.

“Fourth brother!” Qiao Weiming rushed out, and as soon as did, he tried to knock the bottle away. “Are you crazy?!”

However, Qiao Yanjue moved quickly and drew back his hand, avoiding his attack.

Thus, the bottle was still intact and unaffected.

Qiao Weiming was frustrated that he didn’t knock the bottle away, but he still pointed at Qiao Yanjue with an angry face, “We’re still here! Even if you want to do something, wait a little later!”

“Fourth brother, you are in the wrong!”

Yang Shengyan and her husband spoke up too.

“Are you blatantly trying to do something to Dad?!”

With a few words, the two of them branded Qiao Yanjue and Xia Xibei as people with bad intentions.

“You guys are thinking too much,” Qiao Yanjue curled the corner of his mouth and looked at them sarcastically. “I’m not as desperate as you guys are.”

The old man’s face darkened, “Shut up!”

It was only a blink of an eye and his children were arguing, annoying him to no end.

He couldn’t afford to vent his anger at Qiao Yanjue, so he looked at Xia Xibei with a serious face.

“Miss Xia, thank you for your intention. I am not a picky person either, you can give me anything as a gift, but it doesn’t seem good to give medicine... Right?”

This was said very euphemistically, but the accusation in the words could not be concealed.

“Uncle, this pill is really good stuff.” Xia Xibei was not intimidated by the old man’s majesty. She had a serious expression as she explained, “There are a lot of herbs added here, all of which are good for one’s health!”

The old man was about to laugh.

Where did this girl come from? Didn't she know how to read people?!

Well, if she knew how to read people, she wouldn't have been giving people medicine!

This was simply too much!

"Did you make this pill yourself?"

"Yes."

"Yes, it was made by Beibei himself, and it took several days!" Qiao Yanjue added.

The old man gave Qiao Yanjue a fierce glare, "Shut up! I'm not talking to you!"

He was in pain. What was wrong with this child?! Even now, he was dead set on being on Xia Xibei's side!

"However, my health is fine, so I don't need to take any medicine."

If it weren't for the fact that Xia Xibei was his son's girlfriend, he might have kicked her out.

Of course, he was on the verge of a breakdown now.

If Xia Xibei continued to talk, he could not resist kicking her out!

"This is not the medicine you take when you're sick," Xia Xibei shook her head. "This is tonic medicine."

The old man was now very upset.

This girl really didn't know when to stop!

"All right!" he barked coldly. "We have something to do today, so we can't entertain you. You can leave!"

The other people revealed mocking and smug smiles.

See! Shame on you!

"Why are you going back!?" Liu Yiqin's voice suddenly sounded.

The crowd turned their heads to look, and then froze in unison.

Chapter 1214: Big Changes

After seeing Liu Yiqin clearly, everyone was stunned!

Just now, she rushed into the bathroom holding her stomach, and everyone thought something had happened to her.

When she came out, however, there was a big change in her!

Although she took care of herself diligently and she looked younger than her real age, her age was still there, and there were fine lines no matter what.

Of course, she used Hongyan Youth products before, and after using them, she looked much younger than before.

Now she had changed a lot!

She was wearing makeup before, but now she took off her makeup to reveal her bare skin.

Her face was pink and healthy looking, and she had a completely different complexion too!

It was as if all the previous dirt had been completely emptied at this moment.

Liu Yiqin strode over and looked at them suspiciously, “What’s all this talk about leaving? She just got here!”

“Are you okay?” Qiao Zhengyuan asked, pulling on his wife worriedly.

“Yes, I’m fine!” Liu Yiqin smiled brightly, “And I feel very comfortable!”

Just now she rushed into the bathroom clutching her stomach, and then painfully expelled the toxins in her body.

Although the toilet was very smelly, her whole body was relaxed, feeling as if all the invisible pressure on her body was emptied!

“Do you feel that my face is much younger?” Liu Yiqin asked her husband.

Liu Yiqin tugged on her husband and said excitedly, “I just noticed, the fine lines at the corners of my eyes are gone!”

Liu Yiqin was overjoyed.

This pill was too powerful!

After the toxins were flushed out, her whole body felt lighter! She felt like she was a decade younger!

"I feel younger than I did when I was thirty!"

Qiao Zhengyuan surveyed his wife in surprise, "You've... Really changed a lot!"

The others also couldn't help but lean over and look at her change with a shocked face.

This change was really so obvious!

Her demeanor was completely different!

This change was too immediate!

"It's all because of the medicine Beibei gave me!" Liu Yiqin smiled brightly and took Xia Xibei's hand again, enthusiastically saying, "Beibei, you're amazing! Did you make this yourself?"

"Yes," Xia Xibei nodded. "I made it myself. I'm glad you like it."

"Of course I like it!" Liu Yiqin was very happy. "This is amazing! By the way, what did you put in it?"

"Just some herbs and some special techniques, and then the final product came out like this," Xia Xibei explained casually.

"Sounds like it's very complicated!" Liu Yiqin sighed with emotion, but did not ask further.

Even if she asked, she couldn't understand anything! She didn't know these things.

"Did you make these yourself and not sell them on the market?"

"No. The raw materials are limited."

"Exactly, it's not for sale!" Liu Yiqin immediately nodded. "People would fight over this kind of pill, even if it's several million a piece."

Those rich socialites would definitely want to have it.

Liu Yiqin's ecstatic appearance made everyone look at each other.

She looked like a fanatically religious person.

If they hadn't watched Liu Yiqin's change with their own eyes, they would have thought that she was acting with Xia Xibei!

Otherwise, this was too exaggerated!

"Is it really that good?" Qiao Zhengyuan couldn't help but ask.

“What do you think?”

Liu Yiqin moved her face in front of Qiao Zhengyuan, “I just took off my makeup, take a look for yourself!”

She had been sweating just now, so she had removed her makeup.

Without the makeup covering her face, it was possible to see the changes more clearly.

Chapter 1215: Whose Family Is She From?

Being so close, Qiao Zhengyuan could see Liu Yiqin’s skin more clearly.

The two of them had shared the same bed for many years, so they naturally knew each other’s condition very well.

Liu Yiqin’s change was really too great!

The fine lines that were difficult to eliminate had disappeared at this moment. The pores that were a little rough had shrunk, and her skin was so delicate that she looked like she was 20 or 30 years old!

This was too exaggerated!

All this was really brought about by the pill given by Xia Xibei?

Qiao Zhengyuan was in a trance.

Was there really such a magical thing in this world?

However, he quickly reacted.

There were really such magical things in this world!

At least, those few ancient martial arts families had such things!

Why were ancient martial arts families more powerful than ordinary families like their own? It was because they had these magical things on hand, wasn't it?

Qiao Zhengyuan heard a few years ago that there was an ancient martial arts family that produced a pill that could rejuvenate people.

Of course, no one was sure whether this was true or not. After all, they were a bit distant from those ancient martial arts families.

However, everyone wanted to get involved with an ancient martial arts family. It would be great if they learned a little something from those families!

Now, Qiao Zhengyuan saw that contact with an ancient martial family would deliver the power!

This kind of freakishly powerful pill was something only an ancient martial family would have!

Could it be that... Xia Xibei was a child of some ancient martial arts family?

Otherwise, how else would she have such an incredible pill?

“Well...”

Qiao Zhengyuan pulled Qiao Yanjue aside and asked in a whisper. “Which family is this girl from?”

Qiao Yanjue looked at him and understood what he meant.

“Her surname is Xia. Her father is Xia Jun and her mother is Chang Qianzi.”

“What?” Qiao Zhengyuan was stunned. “What did you say? You said it wrong, right?”

Xia Jun and Chang Qianzi did have a daughter, but wasn’t their daughter Xia Qinghan?

The old man knew about the relationship between Xia Qinghan and Qiao Haoming.

When did the Xia family gain an extra daughter?

Qiao Zhengyuan thought that Qiao Yanjue was joking!

However, this kind of joke was not funny!

“I’m not wrong,” Qiao Yanjue shook his head. “She is indeed the biological daughter of Xia Jun and Chang Qianzi. It’s just that she switched identities with Xia Qinghan when she was a child.”

This amount of information was so huge that the old man was stunned.

Changed identities?!

“Wait a minute, that means she’s Xia Jun’s daughter. Then Haoming ...”

Didn’t Qiao Haoming have a marriage contract with Xia’s daughter?

So now that Xia Xibei and Qiao Yanjue were together...

Qiao Yanjue naturally understood what the old man meant and immediately explained, “Xia Qinghan is also Xia Jun’s daughter. Therefore, Haoming’s marriage contract can be canceled without having to cancel it.”

The old man frowned, "Is it so messy?"

No need for Qiao Yanjue to say more, he had also sorted out the whole thing.

Xia Qinghan should be the daughter born to Xia Jun's lover outside, and she and Xia Xibei had switched identities. It was only now that the identities of the two were clarified.

"Then where did she learn these skills?" The old man frowned. "This kind of skill... It is not something ordinary people can have."

"She used to have a master," Qiao Yanjue blurted out, "But her master left long ago and no one has ever met him. I haven't met him either."

The old man frowned and muttered in his heart.

This kind of excuse was too unconvincing!

However, this was not the focus of his concern.

"What about the medicine that... She just gave me?"

Qiao Yanjue laughed, "I thought you didn't want it?"

Chapter 1216: Who Says I Don't Want It?

Qiao Zhengyuan was a little ashamed of being ridiculed by his son.

“Who said I don’t want it?!”

“You just said-”

“I didn’t say that!”

He was straight up cheating.

If Qiao Zhengyuan was in front of others, he would not be so careless about his image.

However, this was his son!

Moreover, the situation just now was special!

Who knew that these pills really worked?!

Qiao Zhengyuan had been in the business world for many years, and he had thick skin.

This was a good thing for his own health, and he was not a fool. He couldn't give up real benefit for a moment of pride!

"Give it to me!" He glared at Qiao Yanjue. "You don't want to give it to me, do you?"

"How could it be?" Qiao Yanjue shrugged. "But you just refused it, and then you suddenly changed your mind..."

"I didn't refuse!"

The old man was about to jump to his feet.

"Okay, you didn't refuse. But Beibei has the stuff now, so you'd have to ask her."

These words made the old man's eyes widen, "When did you give it to her?!"

How long has it been since he gave the item back to Xia Xibei? Why was he so fast?

"Just now," Qiao Yanjue said and spread his hands apart. "You were the one who did not want it."

The old man's face darkened, "You unfilial kid!"

Qiao Yanjue bristled and took his criticism, not paying attention to his anger.

After the old man jumped to his feet, he regretted it in his heart.

The stuff was in Xia Xibei's hands! This was so embarrassing!

How was he going to get the stuff now?

He had just rightly rejected it, and then he turned around and wanted it back. It was embarrassing!

The old man couldn't help but regret it. If he hadn't refused so firmly, he wouldn't be so embarrassed now!

Next to him, Liu Yiqin was holding Xia Xibei's hand and smiling radiantly.

She suddenly exclaimed, "By the way, I haven't told Ling Xiao the news yet!"

"Ling Xiao?" Xia Xibei froze for a moment and quickly responded, "Is it the other aunt from last time?"

"Yes! That's her!" Liu Yiqin immediately nodded, "Speaking of which, she looks a bit like you!"

However, Xia Xibei looked much prettier than Ling Xiao. After all, she was younger, full of the vitality that they had lost by their age.

“I’ll have to tell her! She’s looking for you too!”

After all, Xia Xibei saved their lives.

Only, neither of them liked to watch TV, so naturally they didn’t notice Xia Xibei.

Moreover, they couldn’t draw. Otherwise, they would have drawn her face and been able to find her.

“There is no hurry,” Xia Xibei shook her head.

“It’s okay, she will definitely be happy!” Liu Yiqin said immediately.

She acted quickly and immediately took out her phone to call Ling Xiao.

Xia Xibei was speechless watching her actions, but could only let her continue to be excited.

“Ling Xiao, I found the girl who saved us last time! Hahaha! You will never guess how I found her!”

Liu Yiqin ignored the presence of others and laughed excitedly at the phone.

Next to her, the people, including Wan Yunfei, looked upset.

They really did not expect that Liu Yiqin's change would be so great!

Was this kind of change real?

It didn't make any sense!

After the shock, they were also eager to get such a pill.

This was a once-in-a-century treasure!

Even if they were not that smart, they could understand the benefits of these pills!

However, after meeting Qiao Yanjue's eyes, they all wilted.

Chapter 1217: Going to the Banquet

Even if they were stupid, they knew that Xia Xibei would not give them the pills.

They regretted neering at Xia Xibei before!

Now they were too embarrassed to ask for anything!

Of course, even if they asked, Xia Xibei wouldn't give it to them.

Liu Yiqin hung up the phone and said to Xia Xibei. "I'll take you there tonight. Ling Xiao wants to see you."

When these words came out, everyone was stunned.

Ling Xiao wanted to see Xia Xibei? She would even let her go over there?

Qiao Zhengyuan frowned, "Isn't their family having a party tonight? If you let her go over now..."

The Qi family usually held a banquet on New Year's Day or Lunar New Year, but all those present were from their own people, and it was a family banquet.

It was only in recent years that many outsiders had attended.

Maybe in another few years, they would be invited to attend too.

Right now, that was not the case.

If Liu Yiqin brought Xia Xibei to disturb their banquet, it wouldn't seem appropriate, right?

"I know, but Ling Xiao asked me to bring Beibei over," Liu Yiqin nodded. "Ling Xiao wants to see her."

Besides, Xia Xibei was Ling Xiao's savior, and this was a chance to repay the favor.

The Qi family had so many businesses, it would be fantastic if they gave Xia Xibei any opportunity at all.

Qiao Haoming's eyes were going green with jealousy.

He didn't expect Xia Xibei to save Ling Xiao and now be invited to the Qi family's banquet!

He had thought about going to this banquet long before. After all, it was of no ordinary significance.

If he could associate himself with the ancient martial family, he would have more leverage and capital to deal with Qiao Yanjue.

However, even with all his efforts, he had only climbed up to people who were not important.

Yet, Xia Xibei could go to the Qi family's banquet!

This made him gnash his teeth in hatred.

“Come, let’s eat first. We have to go over later.”

Liu Yiqin immediately arranged it.

At less than five o’clock, they were sitting at the table and started to have dinner.

The Qi family’s banquet started at 7:30, and it wasn’t far from here to the Qi family home, so they still had time to prepare.

Liu Yiqin’s planning made Xia Xibei a little hesitant.

“But... I didn’t bring any other clothes.”

To go to a party, one couldn’t wear ordinary clothes. It wouldn’t be appropriate.

She did not even think about going to a party before, so naturally she did not prepare the right clothes.

“It’s okay, I’ll take you to buy clothes!” Liu Yiqin immediately said. “I know a lot of stores. It’s okay.”

Since she had already made all kinds of arrangements, Xia Xibei did not refuse.

Moreover, it seemed to be quite good to go to Qi’s house for the banquet.

Qiao Yanjue couldn't help but hold his forehead when he looked at his mother's enthusiastic appearance.

This was too amazing!

His mother and Xia Xibei had such an affinity and got along so well, making this situation much easier for him.

Before coming back, Qiao Yanjue had thought a lot about it.

If his mother didn't like Xia Xibei, he would separate the two.

People rarely live with their parents nowadays, anyway. Living together would increase conflict.

Everyone has their own little family, and after that, it was just a matter of saying hello or having a meal together on New Year's Eve.

As long as he did a good job as a middleman, there would be no problem.

However, he never thought that things would develop in this way.

Such an unexpected development made Qiao Yanjue quite satisfied. If anything, now he had to worry about his mom having too good a relationship with his girlfriend and ignoring him.

However, in the middle of the meal, he suddenly remembered something.

“Mom, this Ling Xiao you mentioned... Who is her husband?”

Chapter 1218: All Are Familiar Faces

Qiao Yanjue suddenly remembered the question.

Ling Xiao seemed to be a wife from the Qi family!

The Qi family...

“Oh, your Auntie Ling’s husband is called Qi Zhi’an.”

Liu Yiqin didn’t think too much and answered directly.

“Qi Zhi’an?!”

Xia Xibei couldn’t help but exclaim, then exchanged an unexpected look with Qiao Yanjue.

“Right,” Liu Yiqin nodded her head. “What? Have you heard of him?”

“I have...”

The corners of Xia Xibei’s mouth twitched. She wanted to say that she actually knew him!

Qiao Yanjue also confirmed his suspicion, “So it’s really him!”

“What? Have you met?”

Liu Yiqin was also curious.

She and Ling Xiao had first met outside, as they usually gathered outside and rarely came to their homes.

The two of them had been to each other’s homes, but Qiao Yanjue was not at home when Ling Xiao came over, so the two of them had not met.

Qiao Yanjue had never met Ling Xiao, but he had met Ling Xiao’s husband?

“Yes.”

Qiao Yanjue looked at Xia Xibei with a conflicted expression.

He thought that Xia Xibei's luck was too good!

She had saved Ling Xiao before, and after that, she had dealt with Qi Zhi'an.

What a hilarious scene it would be if everyone met when they didn't know about this!

"You've seen him?" Liu Yiqin was surprised. "Where have you seen him?"

"I've seen him in G City."

"G City?" Liu Yiqin was puzzled and muttered in a low voice. "What was he doing in G City?"

However, she didn't look deeper into such things. After all, she didn't know Qi Zhi'an well. She had only met him once or twice, just to say hello at most.

"Since you've met already, it's even easier!" Liu Yiqin said to Xia Xibei. "Don't worry, they are the boss of the Qi family, so you won't be bullied."

Qiao Zhengyuan couldn't help but glance at his wife. His mouth moved, but he didn't say anything.

Was she trying to scare the girl?

However, on second thought, someone like Xia Xibei should not be frightened, right?

When he was so angry before, she didn't even care at all and continued to give him pills.

If she could withstand his cold face, she didn't need to worry about being bullied by others!

Thinking of this, the old man wanted to sigh again.

His pills!

Was Xia Xibei really not giving him the pills anymore?

Meeting the old man's heated and complicated gaze, Xia Xibei froze for a moment before she reacted, and couldn't help but laugh inside.

She laughed at Liu Yiqin, "I'm not worried, I'm not so easy to bully. If anyone dares to bully me, I will fight back!"

These words should not be said in front of the boyfriend's parents, as they seemed too ferocious.

However, Xia Xibei didn't care about that. Instead, she wanted to show her character.

This comment made Qiao Zhengyuan's heart jump. What did she mean by this?

Liu Yiqin, however, was happy.

"Yes! Fight back! Whoever dares to bully you, you fight back! Why should you be bullied?"

Liu Yiqin's reaction made Xia Xibei smile even wider.

Sure enough, she was the one who raised Sister Hong. The two sisters had the same fiery personality; both of them would not stand any bullying.

"C'mon, try this." Liu Yiqin brought a piece of meat over. "Eat more, you're too skinny. You have to be stronger if you want to not give into bullying!"

"Thank you, Auntie!" Xia Xibei smiled and thanked her, then ate the meat.

She was so cooperative, and Liu Yiqin was instantly more satisfied.

Sure enough, she was a good kid!

The corners of the others' mouths twitched. This mother-in-law and daughter-in-law really got along well!

After eating, Liu Yiqin left with Xia Xibei, leaving the others aghast.

Chapter 1219: The Star of the Party

At seven o'clock, The Qi family home was ablaze with lights.

The Qi family hosted a banquet every New Year's Day, inviting all the family members and in-laws.

There was another reason for holding this party this year: to introduce the newest adult offspring.

Children of the Qi family awakened when they reached adulthood.

Of course, not everyone did, as some were unable to do so.

However, once awakened, their status was different.

The Qi family had been able to continue to develop because of these youngsters.

These awakened geniuses, with proper training, would all be better off, and they could bring a different kind of change.

One needed to awaken in order to take a better position in this society and to achieve greater success, not to mention the other benefits. For example, people who awakened would live a few years longer than ordinary people.

Moreover, after awakening, they would be able to learn different types of knowledge and be exposed to a different world.

Therefore, these awakened children were the treasures of the family.

The Qi family was a large one, with about two or three hundred people in all.

Of course, there were a lot of side lines in this family.

There weren't many direct lines. In Qi Zhi'an's generation, only he and his elder brother, Qi Zhiqiang, were direct descendants.

When he took over the throne, only their family would be in the direct line of descent.

In the next generation, there were only three children.

Qi Zhiqiang had two children, a son and a daughter. With Qi Xin, Qi Zhi'an's daughter, that meant that there were three children.

Due to the different resources they received, the percentage of awakenings in the side line and the direct line were not the same.

Qi Zhiqiang's son was awakened and his daughter was ordinary.

Although Qi Zhi'an had only one daughter, his daughter had awakened and was much more talented than Qi Zhiqiang's son.

This year, besides Qi Xin, there were other people in the side line families who had also awakened.

Combined, there were three young people who had awakenings.

However, when you compared them carefully, Qi Xin was the more powerful one.

The Qi family's awakenings were easy to see, as after awakening, a lotus pattern appeared on one's body.

The clarity and position of the pattern represented the difference in talent. The clearer the pattern and the higher the position, the better the talent.

Qi Xin's pattern was above the chest and below the neck.

As long as she wore clothes, the pattern was covered. However, she usually didn't use her psychic powers, so the pattern wouldn't surface.

The other two, like her, had just come of age and had also awakened. However, their patterns were blurred and positioned below the waist.

Compared to Qi Xin, they were too far behind.

Together with Qi Zhi'an's status, Qi Xin was the star of this party.

No one else could overshadow her.

Everyone knew that she was different from the others and would reach different heights in the future.

Even if she is a girl, if she performed well, she could even become the head of the Qi family one day.

The big deal was that when she gave birth to a child, the child would also be surnamed Qi.

The Qi family did not care much in this regard. As long as they could give birth to excellent children and pass on the Qi family name, that was enough.

It doesn't matter if they were male or female, it was the bloodline of the Qi family.

So, Qi Xin was the star of the show tonight, and a number of people had already gathered around and started to compliment her.

“Xinxin is awesome! If only I could awaken too, how great it would be!”

The girl next to her couldn’t hide her envy.

They were all children of the Qi family, but unfortunately, they were unable to awaken and naturally had nothing to do with the core of the family, much less access to more complicated things.

Qi Xin was poised in the midst of everyone’s compliments with a faint smile at the corner of her mouth, looking noble and subdued.

Chapter 1220: Did You Know Too?

A group of girls gathered around Qi Xin and kept complimenting her. They had endless topics, from her clothes to her makeup to her jewelry.

However, it was true. Her look today was impeccable.

Qi Xin was beautiful and elegant, plus the Qi family was wealthy. The clothes and jewelry prepared for her were the best, and she was flawless.

The Qi family was very rich, but they had been relatively low-key, and didn’t expose all of their wealth.

If the Qi family had listed all of their businesses and holdings, the richest person in the world would have changed by now.

As the daughter of the richest man, Qi Xin naturally had a right to be proud.

Good-looking, excellent in all aspects, and an academic star...

She was a winner!

There were many international celebrity parties, and if she went to one, she would definitely be the brightest star in the crowd!

Of course, Qi Xin knew how good she was and how jealous she made people. She smiled and listened calmly to everyone's compliments.

...

People could compliment her all they wanted, but there was no way to get anything off of her.

Moreover, these flattering words were quite tiresome after hearing them for so long.

The others soon understood her mood and made excuses to leave.

They knew the right way to act!

When everyone was almost gone, Qi Xuanran came over.

"Xinxin, congratulations!"

"Sister Ran," Qi Xin smiled. "You're here."

"I just arrived." Qi Xuanran also smiled brightly, "I went to my husband's house today, and I was almost late."

"You're a few months along, aren't you?" Qi Xin smiled and looked at her belly. "Congratulations!"

"Thanks."

Qi Xuanran touched her five-month-old belly, and there was more than a hint of motherly love on her face.

"By the way, how are things going on your end?" Qi Xin asked politely.

Before, Qi Xuanran had said that once she got married, her in-laws, the Huo family, would give her a beauty company.

"Don't get me started!" Qi Xuanran's face was ugly speaking of this matter. "They said it before, but who knows what happened..."

She just wanted to complain a little more, but thinking of the story here, quickly shut her mouth.

"Forget it, let's not speak of these upsetting things. Today is your day, we can't spoil the mood!"

Qi Xuanran knew what to say and what to do.

It was because of this skill that she had such a good relationship with Qi Xin.

The Qi family had so many girls, so how could she stay on good terms with Qi Xin otherwise?

If she talked about the Huo family, she was bound to mention Xia Xibei, and if Xia Xibei was involved, then Qi Zhi'an's matter couldn't be hidden.

Today was Qi Xin's day, and the mood was just right. If these things were revealed, it would affect the mood.

While she did not want to affect Qi Xin's mood, as soon as she turned around, she froze.

"Why is she here?!"

Looking at a beautiful girl in the distance, Qi Xuanran's eyes went wide.

Wasn't that Xia Xibei?! How did she get in here?

Moreover, this was the Qi family banquet. Only people related to the Qi family by marriage could come here!

Why would Xia Xibei come here?

Qi Zhi'an didn't invite her here, did he?

This was too blatant!

Qi Xuanran's reaction made Qi Xin freeze for a moment, who followed her line of sight and was surprised to see Xia Xibei.

"It's her?!"

This startled Qi Xuanran, "You also know her relationship with Uncle An?!"
