

## Chapter 1291: Broaden One's Vision

Qi Zhi'an looked at Xia Xibei's disinterested expression and had a headache.

He knew that Xia Xibei was bold, but after all, this was the Qi family, and Qi Yongjiang was not someone with a good personality.

On the contrary, Qi Yongjiang was vengeful. If you offended him, there was nothing to gain.

However, Qi Zhi'an also knew that Xia Xibei would not listen to him.

He could only isolate the two of them.

!!

However, Qi Yongjiang was not willing to leave like that.

Xia Xibei said to let him broaden his vision, so he would!

Looking at Xia Xibei angering Qi Yongjiang after she had just arrived, Qi Xin smiled to herself even wider.

Xia Xibei was too arrogant, but it was okay, she could keep being arrogant!

If Xia Xibei offended Qi Yongjiang, without her doing more, it was enough for Xia Xibei to suffer.

Xia Xibei ignored them and did not continue to be angry with Qi Yongjiang, beginning to look for what she wanted.

She came here this time to look for a spiritual plant called the red tripod grass.

With this kind of spiritual plant, she could make the Han family suffer and also take care of those disgusting matters committed by the Han family.

Qi Yongjiang watched her walking around the garden as if she was looking for something, but after a while with no discovery, he couldn't help but snort coldly. "What, do we not have what you want? We have a giant garden here."

Xia Xibei looked at him and did not say anything.

Qi Yongjiang thought she conceded and laughed again. "Weren't you going to broaden my vision? Hurry up, I'm curious!"

Qi Yongjiang was already in his eighties, but his character had never softened because of his age.

Qi Zhi'an was also very upset.

He knew that Qi Yongjiang was not a generous person, but he also did not expect that he would attack a junior like Xia Xibei.

It was simply too much!

An elder treating a junior like this didn't seem appropriate, right?

He was just about to say something when he saw Qi Yongjiang, who was walking, stumble and fall straight forward.

"Ah!" Qi Yongjiang shouted miserably, and his whole body fell directly to the ground, face down.

Everyone was stunned by this turn of events.

Qi Zhi'an immediately rushed up, "Uncle Jiang!"

Qi Yongjiang fell to the ground, feeling as if his bones were about to shatter.

Just now, he was walking on the road when he felt a weight on the back of his feet, and then his whole body involuntarily fell forward and flopped to the ground.

The incident was so sudden that he didn't have time to react at all, and then he fell on his face.

He felt like his nose was going to break.

Qi Zhi'an and Qi Xin rushed over and helped him up, very nervous.

“Are you okay, Uncle Jiang?”

Qi Zhi'an asked anxiously.

Looking back at the place where Qi Yongjiang had originally fallen, there was suddenly an additional vine.

On the ground, a vine had popped up.

Qi Yongjiang was tripped over by this vine.

However, the question was, when did this vine appear?

Not waiting for him to figure it out, Xia Xibei let out a cry, “Old grandpa, what’s wrong with you? I haven’t even asked you to broaden your vision yet, why did you fall down? Is it possible that you are trying to open my eyes?”

When these words came out, Qi Yongjiang’s face darkened.

“You!”

When he opened his mouth, he pulled his face again and tears came out.

He covered his face and held back the tears.

Otherwise, if this girl saw it, she would have to die laughing!

“Old grandpa, this isn’t okay!” Xia Xibei tsked and shook her head. “Although I want to broaden my vision, you do not have to be so polite! It’s too polite to use your own body to demonstrate!”

Looking at Qi Yongjiang’s face, Qi Zhi’an helplessly held his forehead.

### **Chapter 1292: Almost Didn’t Die of Anger**

Others were not sure, but Qi Zhi’an understood.

This was all done by Xia Xibei!

He had seen Xia Xibei's ability before, so he naturally knew how capable she was.

Before, those spiritual plants were very excited when they saw her.

Now, the spiritual plants here shouldn't have changed much.

!!

Xia Xibei's aura was very popular with the spiritual plants.

In this situation, it would be easier than ever for Xia Xibei to do something.

However, could he say this?

Of course he couldn't!

If Qi Yongjiang knew that he was ambushed by Xia Xibei, he would vomit blood!

Of course, Qi Yongjiang was about to vomit blood anyway.

Xia Xibei never looked at the other party's age, she only looked at their behavior and if they were worthy of her respect.

Therefore, even if Qi Yongjiang was very old, she did not take him seriously or hold back. She didn't mind making him angry.

Qi Yongjiang was so angry with Xia Xibei's words that he almost couldn't catch his breath.

When Qi Xin saw Qi Yongjiang like this, she became anxious.

"Please, take it easy!"

Qi Zhi'an was speechless when he saw how Qi Yongjiang was about to faint, and after giving Xia Xibei a warning glance, he went back to appease Qi Yongjiang.

"Uncle Jiang, take it easy! I'll take you to the doctor!"

"Right! Grandpa Jiang, if you don't go to the doctor, how bad will it be if your nose is crooked by then?! Although you usually don't care about your appearance when you're older, your nose is very important!"

Xia Xibei added another insult.

Qi Yongjiang was so angry again that his face turned blue.

"Beibe!" Qi Zhi'an couldn't help but yell in a low voice.

Seeing that Qi Zhi'an was really angry, Xia Xibei shrugged her shoulders and finally shut her mouth.

Well, she was also afraid that she would be angering Qi Yongjiang to death. That would be bad.

“You- You-”

Qi Yongjiang was hurt and angry, and the finger he was pointing at Xia Xibei began to tremble.

“Uncle Jiang, I’ll send you out now!”

Qi Zhi’an forcefully held Qi Yongjiang up and walked out.

Qi Yongjiang, no matter what, could not fight Qi Zhi’an’s strength, and could only be pulled by him to go outside.

“You stay here to help Beibei.”

Qi Xin wanted to follow, but Qi Zhi’an refused.

Qi Xin didn’t hesitate much and simply stopped in her tracks.

She did have to stay here and watch Xia Xibei!

Xia Xibei came over this time to look for spirit plants, but spirit plants were precious things in their Qi family.

Who knew what Xia Xibei wanted to do and how many precious spiritual plants she wanted to take?

So, she must watch out for Xia Xibei!

Looking at Qi Zhi'an's back as he supported Qi Yongjiang to leave, Xia Xibei shook her head, "What a pity, I haven't even started the show yet!"

The corner of Qi Xin's mouth tugged.

"Beibei, if you treat Grandpa Jiang like this, he will get angry and may trip you up," she said with a concerned face.

"It's okay," Xia Xibei shook her head and shrugged. "I wasn't supposed to be liked by him anyway. I'm not afraid."

She looked at Qi Xin with a bright smile, "Of course, even if he wants to do something, he has to see if I'll cooperate!"

This statement made Qi Xin tremble, as if she meant something by it.

"Well, let's go! I have to hurry back!"

Before Xi Xin figured it out, Xia Xibei urged.

“Alright.”

Qi Xin could only smile and follow.

Qi Zhi’an sent Qi Yongjiang out and came back to see the two girls standing in front of a spiritual plant that was not in good condition.

“What’s wrong?” Qi Zhi’an asked as he walked over.

“Dad,” Qi Xin frowned. “Something is not quite right with this purple leaf vine.”

### **Chapter 1293: Add Some Salt**

Qi Zhi’an looked over.

This purple leaf vine was indeed not quite right. The purple leaves were a bit yellowed at the edges, and it did not look good.

Qi Zhi'an immediately walked over and touched the leaves with his hand, "What's wrong with it?"

He infused his spiritual power into it, trying to understand the situation of this spiritual plant.

However, the purple leaf vine was probably not in a good mood and didn't pay any attention to him.

!!

Qi Xin was also staring closely at this purple leaf vine, very worried about its condition.

Xia Xibei smiled when she saw the father and daughter looking so nervous.

"Actually, it's not a big problem."

Qi Xin looked at her disapprovingly, "How can you say it's not a big problem? The leaves are falling off!"

Xia Xibei laughed to herself.

Qi Xin had a serious look, as if she considered herself the owner of this place, seemingly so attached to everything here.

Oh yes, Qi Xin was indeed the owner of this place now, so her attitude was appropriate.

"It isn't a big deal in the first place." Xia Xibei lifted up her chin, "It's just malnutrition."

“Malnutrition?” Qi Xin exclaimed, immediately shaking her head. “What are you talking about? How can it be malnourished?”

They put in so much effort to take care of these spirit plants.

They had never heard that there was malnutrition in spiritual plants!

She had heard Qi Zhi’an say before that Xia Xibei was very powerful, but now she realized that Xia Xibei was using her words to deceive people.

She really thought she was a doctor and made her words a guideline?

However, while she was disdainful, Qi Zhi’an looked at Xia Xibei and was very serious.

“So what should we do?”

These words almost made Qi Xin jump up.

Did he really believe in Xia Xibei’s nonsense?

“It’s simple.” Xia Xibei walked over and touched its leaves. “Just give it a little more salt.”

“Add salt?”

Qi Xin almost laughed out loud.

What the hell was this? Was she out of her mind?

Giving salt to purple leaf vine? This would make it lose water and die, right?

Who didn't know that if the salt content was too high, plants or animals would become dehydrated.

Wasn't Xia Xibei's reasoning a bit too ridiculous?

“How much salt?”

However, Qi Zhi'an believed Xia Xibei's words.

Before it was adding sugar, now it is adding salt. It didn't seem to be a problem.

“Dad!” Qi Xin was stunned. “You really believe her?”

Wasn't this crazy? Adding salt to a malnourished purple leaf vine for nutrition? Are you kidding me?

Xia Xibei didn't care about Qi Xin's tirade and looked at Qi Zhi'an, "A pound or so of table salt, just sprinkle it around the roots."

"Good! I'll have someone bring the salt over immediately."

Qi Zhi'an immediately took out his cell phone and started dialing.

Qi Xin watched her father's movements incredulously, thinking she was hallucinating.

How could he indulge Xia Xibei in such nonsense?

"Dad!" She ran to her father's side, anxious, "Don't you mess around! This is the purple leaf vine!"

The spiritual plants here usually had only one of each kind, some special ones had two plants. There was only one purple leaf vine and it was very precious, so they couldn't just mess around with it.

If he killed the plant, even if he was the future head of the family, this matter would not pass so easily!

"It's okay," Qi Zhi'an smiled at her. "Don't worry, what Beibei said is definitely right!" he said as he continued to dial the number.

Hearing him really ask for a packet of salt from the person on the other end of the phone, Qi Xin felt that the world was becoming surreal.

Qi Zhi'an was aware that Xia Xibei was his daughter. That was why he was following her nonsense, right?

### **Chapter 1294: Ugly Person**

Qi Xin was furious.

Qi Zhi'an was actually following Xia Xibei's nonsense!

She knew Qi Zhi'an's stubbornness and could only look at Xia Xibei, "You really can't mess around! If something goes wrong then, it will be trouble! Big trouble!"

Xia Xibei shrugged, "How could there be a problem? Don't worry. Listen to me, there won't be a problem."

Qi Xin became even more angry.

!!

She was not taking these things seriously in the slightest!

What was even more outrageous was this: Qi Zhi'an was really following Xia Xibei's nonsense!

While she was panicking, the salt was delivered.

As she watched Qi Zhi'an open the salt and pour it down, she became even more anxious and wanted to jump over and snatch the packet of salt back.

However, she held back.

Anyway, she had done her best to persuade them. They did not listen to her and were still insistent on doing it, so let them!

When things went wrong, they would know the consequences!

Thinking of this, Qi Xin stopped in her tracks.

When something went wrong, Qi Zhi'an would know how much trouble Xia Xibei was!

So, she just watched Qi Zhi'an pour the packet of salt onto the root of the purple leaf vine.

She waited to see what would happen to the purple leaf vine, but to her surprise, the salt was quickly absorbed.

In just half a minute, the salt was absorbed by the plant. The white color on it also quickly disappeared.

What was even more frightening was that the wilted leaves of the purple leaf vine also began to rapidly turn green.

The speed was visible to the naked eye! So fast that Qi Xin thought she was seeing things!

As he watched the purple leaf vine regain its spirit, Qi Zhi'an let out a sigh of relief and smiled with satisfaction.

"You're great, Beibei!"

He did not spare any praise.

Xia Xibei smiled and took his compliment.

Qi Xin was dumbfounded, staring at the purple leaf vine, dying to pick it apart and look at it.

What the hell was all this?

Qi Zhi'an saw her shock and disbelief and couldn't help but laugh, "Didn't I tell you before that the spiritual plants in the rehab center were all planted under Beibei's guidance? Didn't you believe it before? Why don't you believe it today?"

Qi Xin's mouth moved. She wanted to say something, but in the end, nothing came out.

She did hear Qi Zhi'an mention this kind of thing before, but she always thought that it was just a joke or to hold up Xia Xibei.

She definitely did not believe that Xia Xibei was that much stronger than herself.

Although the lotus flower pattern on Xia Xibei's forehead was much more obvious than her own, it was just a representation of the strength of the talent. When it came to actual talent, that was something else.

She never thought that this situation today would personally teach her to behave.

"Beibei is really good!" Qi Zhi'an laughed again with unconcealed pride.

He had a natural affinity for Xia Xibei, and he was certainly very happy that she was so outstanding and excellent.

Even if she was only Qi Zhiqiang's illegitimate daughter, what could not be denied was that she was a member of the Qi family.

He was also happy that the Qi's younger generation was so capable.

Looking at Qi Zhi'an's happy and proud look, as if Xia Xibei was his own daughter, Qi Xin's heart felt as if it was on fire.

Qi Zhi'an didn't notice Qi Xin's mood and said to her, "You go ahead and feel it."

Qi Xin took a deep breath, gave Xia Xibei a veiled look, then stepped forward to touch the leaves of the purple leaf vine.

As soon as her hand touched the leaf of the purple leaf vine, the leaf curled up.

At the same time, a voice came into her mind.

“Ugly person, get lost!”

This time, Qi Xin became instantly upset.

### **Chapter 1295: Negative Emotions**

Ugly person?

Qi Xin’s face instantly darkened.

She had heard such words before with other spirit plants, but she didn’t expect to hear it again today!

Ugly? What was so ugly about her?

Qi Xin's mood was suddenly bad, and her breathing became labored.

!!

When the purple leaf vine felt her breath, it became even more unhappy.

Originally, only one leaf curled up, but now all the leaves curled up and fell backwards, pulling them apart!

This scene made Qi Xin's breath stop.

Damn, was this purple leaf vine going crazy?

It was just an ordinary spiritual plant, so what was the meaning of this?

"Hey, what's wrong?"

Looking at the purple leaf vine's reaction, Xia Xibei raised her eyebrows and walked over.

"Did the purple leaf vine see something it didn't like?"

When these words came out, Qi Xin's face was blue and white, and her gaze at Xia Xibei could have carried a knife.

Xia Xibei just pretended not to see it and reached out to touch the purple leaf vine, “Little baby, what’s wrong with you?”

Just as her hand touched the leaf of the purple leaf vine, its leaves quickly opened up, and at the same time, wrapped around Xia Xibei’s fingers.

The look was like a small baby’s tiny hand, holding Xia Xibei’s hand in place and not letting go.

This before and after contrast was so tragic that it made Qi Xin’s breathing even more unstable.

“Haha... Do you think I’m pretty?”

Xia Xibei, who was communicating with the purple leaf vine, was continuing to laugh and looked to be in a good mood.

Xia Xibei’s words made Qi Xin feel covered in gloom.

Beautiful! Ugly!

She finally remembered, it was just like last time!

Last time, the bone lotus had said that she was ugly and that she wanted a pretty girl!

How dare it really mean Xia Xibei?!

Xia Xibei was a pretty lady, and she was an ugly person...

Qi Xin took deep breaths, feeling like she was out of breath.

Feeling the dislike coming from the spirit plant, she hated it even more.

Qi Xin just didn't understand, why did this purple leaf vine see her as ugly?

She was obviously pretty too!

Sensing Qi Xin's anger, Xia Xibei swept her a glance and said in a preachy tone, "Qi Xin, this is your mistake. When facing these cute little babies, you must be in a good state of mind. They are able to sense your emotions. If your emotions are not right, they will resist you!"

When Qi Zhi'an heard this, he felt enlightened.

"There is such a thing?"

"Of course!" Xia Xibei nodded. "If you are in a bad mood and the emotions you pass on are negative, the plants and their growth will also be affected."

“I didn’t know!” Qi Zhi’an suddenly realized.

In his heart, he was glad that he had been very attentive whenever he faced these spiritual plants up close before, and would not bring in his bad moods.

After all, spiritual plants were very precious, and they could not be treated casually.

He didn’t expect to have done it right by accident.

“Qi Xin, if you are in a bad mood, you can adjust your mood first before coming. Otherwise, they will grow badly!”

Looking at Xia Xibei smiling, Qi Xin’s teeth were gnashing.

“I- I-”

“Xinxin, are you in a bad mood?” Qi Zhi’an was concerned. “Or are you not feeling well?”

“No, no!” Qi Xin stiffly pulled the corner of her mouth, “It’s fine, I’ll adjust.”

“That’s good,” Xia Xibei smiled.

**Chapter 1296: New Knowledge**

Next, it took Xia Xibei a while to pacify the purple leaf vine and get it to loosen its grip on her hand.

Of course, it was easy for her to pull her fingers out.

However, such a simple and rough action could easily hurt the purple leaf vine's fragile little mind.

These spiritual plants basically had a little bit of spiritual intelligence, which was not very high, probably equivalent to the IQ of a two- or three-year-old child.

However, it was because they were so young that they were very capricious.

!!

What two- or three-year-old kid knew how to read faces?

Besides, these plants were not human, so they didn't need to look at other people's eyes.

The plants had their own personalities, some quiet, some capricious, and some lively and cheerful, the same as human children.

In this case, to make the spiritual plants grow better, one had to communicate with them well.

When they were in a good mood, they could grow better.

Just like children, when they were in a good mood, they could grow taller!

After listening to Xia Xibei's "science education," Qi Zhi'an found it very rewarding.

Although their Qi family had studied spiritual plants for many years and had some achievements, it was still not as profound as Xia Xibei's understanding.

This couldn't be helped.

Their line of heritage was broken a lot. Many things were only based on the words left by the ancestors, and then re-learned.

However, Xia Xibei had a very complete base of knowledge. After all, she spent so much time in the Fantasy Continent in the first place, and understood what was to be understood.

Moreover, the spiritual plants here were all the most basic first and second level spiritual plants, which were equivalent to kindergarten children.

To deal with kindergarten children was simply child's play!

Yet, to the Qi family and other ancient martial arts families, it took an incredible amount of effort to figure out the situation of these “kindergarten children.”

So, what Xia Xibei said simply opened the door to a new world for Qi Zhi’an!

Qi Zhi’an was particularly fond of people who were capable, and since Xia Xibei was also his own family’s offspring, he was certainly happy.

So, Qi Xin watched Qi Zhi’an follow Xia Xibei around, listening attentively to her talk about various tidbits of knowledge.

Many of these sounded unbelievable, such as some spiritual plants liked to eat sugar, some liked to eat salt, and some liked to have dozens of pounds of stones on top of their seeds for the pressure.

This kind of talk was unheard of to Qi Xin.

This was also normal. After all, even an elder like Qi Zhi’an did not know it, so how could they teach her?

If it were anyone else, when they knew Xia Xibei had such strength and insight, they would have been very serious about following along and learning.

It would have been good to have such close contact with such a master, and Xia Xibei had no reservations.

However, looking at Xia Xibei's calm and confident appearance, Qi Xin was only filled with depression and irritation, so she had no desire to learn.

Then, seeing Qi Zhi'an's gentle look for Xia Xibei, it gave her chest pain.

She had lived for 18 years and Qi Zhi'an was certainly not bad to her, his only daughter.

However, although Qi Zhi'an's character was gentle, he was also the future head of the family and naturally had a forbidding side, and he was very strict most of the time.

Their father-daughter time was not brief. Compared to some families with an absent dad, they had a lot of time together.

However, Qi Xin had never seen such a gentle side to Qi Zhi'an.

Now she had!

### **Chapter 1297: Qi Xin Fell**

Qi Zhi'an did not know that Xia Xibei was his daughter, but his face already showed so much tenderness and patience.

Qi Xin had never experienced such tenderness and patience!

Such care should be for her!

Xia Xibei should get out!

Qi Xin's mind was overflowing with thoughts, and she wanted to kick Xia Xibei out.

!!

However, she didn't dare to, and she couldn't.

Even though Qi Zhi'an thought Xia Xibei was his niece, he was very nice to her.

Qi Zhi'an was still not completely over what Qi Xin did to Xia Xibei before.

If she dared to act up, Qi Zhi'an would definitely be more angry.

Therefore, Qi Xin could only suppress the hostility in her heart and watch them get along with each other with a smile on her face.

Qi Xin followed them around, turning a deaf ear to what Xia Xibei said, not paying any attention to her words.

Right now, it was hard enough for her to control herself from showing her displeasure.

There was no time to listen to what Xia Xibei had to say.

Besides, was what Xia Xibei said true?

Even though Qi Zhi'an held Xia Xibei's words as sacred, Qi Xin was still unwilling to believe in Xia Xibei's power.

Even though Xia Xibei had already demonstrated her strength, she was unwilling to accept it.

Xia Xibei had grown up outside the family and had not received systematic education, so how could she have such skills?

Absolutely impossible!

Qi Zhi'an was tricked!

No sooner had this thought occurred than Qi Xin felt a weight on the back of her feet, and then her whole body fell forward involuntarily.

She drew in a breath.

Her reaction was much faster than Qi Yongjiang, and she was also younger than Qi Yongjiang.

As she fell, she twisted her body strongly, and when she finally fell to the ground, it was her left hand that landed first.

Earlier, when Qi Yongjiang tripped and fell to the ground, he fell on all fours and hurt his nose.

Qi Xin's condition was a little better, with no injuries to her face.

The problem was, she fell down so heavily that her whole body pressed on her left hand, plus the impact...

One could imagine the results.

As if hearing a click, Qi Xin's face instantly became white.

The commotion attracted the two people in front.

Qi Zhi'an immediately rushed over with an anxious face, "Xinxin!"

Qi Zhi'an squatted down to help her up and had just touched her left hand when he heard her cry out, "Ouch!"

Qi Zhi'an was immediately anxious.

“Don’t panic, I...”

“Let me do it.”

Xia Xibei walked over and tried to reach out to touch Qi Xin’s left hand.

Seeing Xia Xibei’s movement, Qi Xin immediately reflexively retracted her hand. She did not want to be touched by Xia Xibei!

However, her left hand, which was already badly injured, was moved in such a way that pain immediately flared up.

“Argh!”

Her face was so pale that her lips turned white.

Seeing her miserable appearance, a smile flashed under Xia Xibei’s eyes, but her words sounded concerned.

“Don’t worry, my medical skills are very good!”

Qi Xin was in pain and covered in cold sweat, and had no time to refute Xia Xibei’s words.

“Let Beibei take a look at it, she’s very good at healing!”

Qi Zhi’an said the same thing.

After all, Patriarch Huo’s dementia was cured by Xia Xibei.

She was a miracle doctor!

Qi Zhi’an had almost forgotten about this, remembering Xia Xibei’s awesome research on spiritual plants.

Now when he saw Qi Xin injured, of course he asked Xia Xibei to help her with it.

Qi Xin refused, but Qi Zhi’an didn’t want her to refuse.

“Be a good girl, let Beibei help you!”

**Chapter 1298: Don’t Waste It**

Qi Xin desperately shook her head, as she didn't dare to let Xia Xibei help her. Who knew what she would do?

However, Qi Zhi'an did not let her continue to be capricious.

"You are hurt. Hurry up and let Beibei take a look!"

Xia Xibei also came up, ignoring Qi Xin's struggle, and grabbed her hand.

"Yes, let me check you out. It will be fine."

!!

Qi Xin couldn't avoid it. She could only be grabbed by her arm, and her face was white and blue.

At the same time, her heart also squeezed in fright.

What did Xia Xibei want to do?!

Xia Xibei was not going to take advantage of the opportunity to retaliate, right?

She was instantly filled with panic.

"Don't be nervous, let me take a look," Xia Xibei reassured her with a gentle face, and did not seem weird.

Instead, Qi Xin became even more nervous.

Xia Xibei's hand felt around her arm for a while, and then came to a conclusion. "The bone is cracked."

When this was said, Qi Zhi'an and Qi Xin immediately drew in a breath.

"The bone is cracked?!"

It was that serious?

She just touched it and found it? No need to check with tests or scans?

Xia Xibei nodded, "Yes, she just fell too hard and her bone cracked. Don't worry, it's not a big problem."

Fractured bone is not a big problem?

Qi Xin almost lost her breath. Xia Xibei was trying to kill her, right?

"Well..." Qi Zhi'an was also a little nervous.

How was a cracked bone not a small problem?!

“Didn’t you get the bone lotus flower last time? You can use it now.”

Xia Xibei’s words surprised Qi Zhi’an.

“Yes, the bone lotus flower is still here!”

The bone lotus flower could be used to treat bone injuries.

Moreover, Qi Xin’s problem was not too serious.

If she used conventional medicine, she could recuperate in a period of time and heal.

Now, however, they had bone lotus.

With the medicine made from the bone lotus, she would heal a lot faster.

“Have you made it already?” Xia Xibei asked again.

“No,” Qi Zhi’an shook his head, “I didn’t need to use it for the time being, so I just put it away for now, and I didn’t dare to mess with it, lest I waste it.”

It would take a lot of effort to make the bone lotus into a suitable medicine.

What he was more worried about was that he would mess it up. That would be terrible.

So, he didn't touch the bone lotus flower until someone had a need for it.

Xia Xibei nodded, "Okay then, leave it to me, I'll handle it."

"Good."

Qi Zhi'an immediately perked up. He wanted to see Xia Xibei's process up close too!

"No!" Qi Xin instantly shouted with a white face.

The two of them immediately looked at her with doubts.

"I..." Qi Xin choked for a moment and finally found an explanation. "No need to use the bone lotus. This is just a small injury, I just need to recuperate well."

If it were usual, she would of course be the first to use the bone lotus.

After all, one's health was important.

However, if Qi Zhi'an left the bone lotus to Xia Xibei, who knew what Xia Xibei would do to it?

If something happened, she would regret it for the rest of her life!

Anyway, she definitely did not believe that Xia Xibei would really treat her well.

"It's okay, we can just replant it when the time comes."

Qi Zhi'an, however, was very insistent.

His own daughter was injured, of course he could not be negligent.

If she could get better as soon as possible, it would be ideal.

However, Qi Xin was afraid of what Xia Xibei would do and insisted that she did not want the bone lotus.

"Bone lotus is too precious, it's not a big problem for me. Just use the usual means, don't waste the bone lotus!"

In the end, under Qi Xin's earnest insistence, Qi Zhi'an could only agree.

**Chapter 1299: You Hurt Me**

Looking at Qi Xin's relieved look, Xia Xibei couldn't help but laugh in her heart.

She deserved to suffer!

Xia Xibei really did not want to do anything unethical to the bone lotus. After all, the bone lotus was not common.

How could she waste such a rare treasure?

Even if she wanted to deal with Qi Xin, she didn't need to do it with this kind of stuff.

!!

Qi Xin was not worth wasting her spiritual plant!

However, Xia Xibei knew what Qi Xin's reaction would be after she said those words.

As expected, Qi Xin was really scared and very determined not to use the bone lotus.

If Qi Xin had to use the usual treatment, it would have taken a week or two to heal.

If she used the bone lotus, she would be able to move as usual in two or three days at most.

Since Qi Xin was so worried, let her take her time!

Xia Xibei was also satisfied to make Qi Xin suffer for a while.

“Uncle An, hurry up and take her to the hospital. She’s hurting.”

Qi Zhi’an nodded, “Then I’ll send her out first, you...”

“I’ll be fine here by myself.” Xia Xibei smiled. “Don’t worry, I can do it by myself.”

“That’s fine, I’ll send her out first and come back later.”

Qi Zhi’an didn’t continue to worry.

This was a garden with so many spiritual plants inside, equivalent to Xia Xibei’s world, so there was no need for him to worry at all.

Xia Xibei said to Qi Xin again, “Don’t worry, it’s not a big problem for you. Rest well for a while and you will be fine.”

When she met Xia Xibei's sarcastic eyes, Qi Xin felt even more pain.

She was too unlucky! She had fallen and fractured her bones for no reason! It was simply an untimely disaster!

Wait a minute!

Thinking about Qi Yongjun's fall earlier, Qi Xin's face changed.

"Did you make me fall?!"

Before, it was too painful, and she didn't react.

Now that she had calmed down, she also realized that something was wrong.

If there was nothing wrong, how could she walk and then suddenly fall down?

"Hey, don't talk nonsense!" Xia Xibei immediately shook her head. "I didn't do anything!"

"If not you, then who?"

Qi Xin held her left hand, which felt like it was going to break, and gritted her teeth in hatred.

It hurt too much!

“Of course it’s not me!” Xia Xibei shook her head.

Seeing that Xia Xibei did not admit it, Qi Xin looked back at the place where she had just fallen and her face changed.

“It’s there!”

Her hand pointed and the two of them turned their heads to look, seeing that the grass on both sides of the path had tangled together like small arches.

With such an “arch,” of course Qi Xin would trip and fall.

“You did this!” Qi Xin stomped her feet.

“You can’t accuse me like this!” Xia Xibei immediately shook her head. “I don’t have time to hurt you!”

Xia Xibei gave her a look, then walked over to the grass, squatted down, and ran her hands over the leaves.

“Dad, look!” Qi Xin was instantly shocked.

When Xia Xibei’s hand touched the grass, the originally tangled grass separated and returned to its previous position.

Qi Xin was so angry. Was she still saying that she didn’t do it?

“Uncle An, come here,” Xia Xibei waved to Qi Zhi’an.

Qi Zhi’an immediately walked over, “What’s going on?”

“You can ask them!” Xia Xibei nudged at the grass.

Qi Zhi’an did not know why, but he also squatted down, then reached out to touch the grass.

When the reason was made clear, Qi Zhi’an’s face darkened, and then he looked up at Qi Xin with unhappy eyes.

His reaction made Qi Xin’s heart skip a beat.

“Come over and apologize!”

When these words came out, Qi Xin almost jumped up. Why should she apologize? Clearly she was the one who was hurt!

### **Chapter 1300: Revenge of the Plant**

Qi Zhi'an's face was serious as he looked at Qi Xin, "They said that you just stepped on them and hurt them. That is why they are giving you punishment!"

These grasses were not ordinary weeds, they were gathering-spirit grass.

Although they were only common gathering-spirit grass, they were also spirit plants.

The gathering-spirit grass was the most abundant spirit plant in the garden.

Their effect was to gather the spiritual energy together for other spiritual plants to grow.

!!

They grew in all corners of the garden.

While ineffective alone, they could make other spiritual plants grow better.

Therefore, these gathering-spirit grasses were very precious.

The garden was well planned and separated into various areas, as these spirit plants generally only grew within their own area and would not cross the boundary.

The gathering-spirit grass was the most widely planted spiritual plant. They were even planted on the two sides of the green stone paths.

After all, the wider they grew, the better for other spirit plants.

People knew that when they came in here, they must walk properly and not walk outside the green stone path, let alone step on the plants.

After all, no one knew how many spiritual plants there were. They couldn't afford to pay compensation if any plant was trampled.

Some spiritual plants were priceless!

Even if one had money, one couldn't necessarily afford to pay for it.

So, every time people came in, they were very careful not to get into trouble.

Today, Qi Xin was distracted while walking and stepped directly onto the outside of the green stone path, walking right onto the gathering-spirit grass.

The gathering-spirit grass here were family and of course had the same enemy.

So, as Qi Xin continued to be distracted, the gathering-spirit grass on either side of her joined forces and tripped her up.

Of course, no one knew that Xia Xibei was also to blame.

After all, it took a lot of energy and strength for the gathering-spirit grass to unite and trip someone.

When Xia Xibei passed by, she gave them a lot of power and enabled them to act.

Only Xia Xibei knew this, and no one else knew.

The gathering-spirit grass probably knew who helped them, but they would never give Xia Xibei up.

Therefore, Qi Zhi'an was furious after listening to the gathering-spirit grass cry.

Qi Xin was also stunned.

Could the gathering-spirit grass do this?

This had never happened before!

That was not true!

Qi Xin suddenly remembered.

She did not have this kind of distracted state before, so there was no trampling, and naturally, there was no retaliation.

“I- I didn’t-”

Qi Xin was confused, but still subconsciously defended herself.

“No?” Xia Xibei hummed, then took a few steps back along the path, pointed to a spot on the road and said, “Look!”

Qi Zhi’an immediately went over.

When he saw the situation, his face was black.

Qi Xin walked over with pain, not daring to move her arms, walking very awkwardly.

When she saw the piece of gathering-spirit grass that had been trampled, she was dumbfounded.

They... They did seem to have been stepped on!

But she didn't mean to do it!

Moreover, there was not much gathering-spirit grass that had been stepped on!

However, Qi Zhi'an didn't want to let it go.

"What were you thinking?"

How in the world did she step on such a conspicuous patch of gathering-spirit grass?

Besides, wasn't Xia Xibei teaching them about spiritual plants? Wasn't Qi Xin listening?

"I..."

This time, Qi Xin had gone mute.
