

Chapter 1301: Too Disappointed

Qi Zhi'an understood by looking at Qi Xin's reaction.

So she wasn't even listening to what they were saying just now!

Thinking of this, his face suddenly became unpleasant.

He knew that Qi Xin had misunderstood Xia Xibei before, but it was all in the past!

Now things were clear, there was no problem at all between him and Xia Xibei.

!!

Xia Xibei was now a Qi family child and Qi Xin's cousin. The two of them should get along well.

Even if it was too early for sisterly affection because it hadn't been that long, couldn't she learn some amazing skills from Xia Xibei?

Qi Zhi'an was getting more and more disappointed with Qi Xin.

Before, he had thought Qi Xin was good in every way.

Talented, hard-working, and had good character.

Now, contrasted with Xia Xibei, all of her problems were evident.

Impulsive, capricious, and unrepentant, not to mention never learning from the wise.

Usually there were few opportunities to get in close contact with such a master as Xia Xibei, but she was distracted the whole time!

Even if she was distracted, she also stepped on the gathering-spirit grass and got herself into such a state.

Seeing Qi Zhi'an's expression, Qi Xin became anxious.

She panicked, but at this time, she did not know what to say in order not to make a mistake.

How could she have known that her mental-wandering would be discovered?

It was embarrassing to be caught in such a humiliating way, and now it was even worse.

Luckily, the pain in her arm reminded her.

She held her arm and yelled, "It hurts!"

Her face was scrunched up together as if it was very painful.

Seeing this, Qi Zhi'an didn't have time to scold her anymore and hurriedly said with concern, "I'll walk you out!"

Now was not the time to talk about this. She had to be sent out for treatment, or her injury would be delayed.

"Okay."

Qi Xin could only bow her head and answer yes.

Qi Zhi'an bid farewell to Xia Xibei. "I'll take her out first and come back later."

"Okay, you guys be careful," Xia Xibei waved at them.

Looking at their backs as they left, Xia Xibei's eyes were deep and thoughtful.

Qi Xin's injury this time was just the beginning.

There was more to come!

With this in mind, Xia Xibei went back to finding the red top grass.

Now that she didn't need to coach Qi Zhi'an, she soon found the place where red top grass grew according to her knowledge.

She smiled brightly looking at the red red top grass.

The Qi family really did have red top grass!

Although this garden was not big and more limited than a forest, it was full of all sorts of things, and there were quite a few spiritual plants.

Fortunately, there was also red top grass here, otherwise she would have had to waste time finding it.

After finding the red top grass, Xia Xibei asked Qi Zhi'an to take her to a lab.

After all, who would bring these things to meet their parents?

With Qi's family, these things must be around.

Qi Zhi'an certainly did not refuse her request and was more than happy to do so.

Soon, Qi Zhi'an took her to a courtyard.

There were several rooms in the courtyard which looked ordinary on the outside, but inside there were a lot of instruments that outsiders could not understand.

Xia Xibei looked around and nodded in satisfaction.

"Do you need my help?" Qi Zhi'an asked.

"No," Xia Xibei shook her head, "I'll just do it myself."

"Then... Can I watch it from here?" Qi Zhi'an cautiously put forward an idea.

Xia Xibei looked at him and nodded, "Yes."

Qi Zhi'an was not an outsider anyway, so it was good to let him learn something.

Seeing that Xia Xibei agreed, Qi Zhi'an got excited. Finally he could see Xia Xibei's operation up close!

Chapter 1302: Mental Control

Qi Zhi'an was also a pill refiner. Of course, the term here was not pill refiner.

By the standards of the fantasy continent, Qi Zhi'an was only an elementary-level pill refiner.

The Qi family had only one intermediate-level pill refiner, but he wasn't much stronger than Qi Zhi'an.

Although Qi Zhi'an hadn't seen Xia Xibei's true level yet, with their previous exchanges, he believed that Xia Xibei's strength would definitely not be bad.

To his surprise, when Xia Xibei really did it, he was stunned!

!!

Not only was she not bad, she was simply unbelievable!

He watched Xia Xibei take all kinds of equipment and start to operate smoothly.

Most importantly, she didn't need to use any testing tools at all, and was able to handle all kinds of situations with ease.

Thinking back to his own operation, Qi Zhi'an was silent.

Every time they made medicine before, they were careful. Each process had to be done very precisely, and there could not be a single mistake.

For example, if the water temperature needed to be 80 degrees, it could never be more or less.

However, to keep the water temperature from being too high or low, one had to use a thermometer, as relying on one's own feelings and experience was very difficult.

With Xia Xibei, it was like she had done countless experiments and knew all the data and processes. She just needed to look at them to understand what to do.

Qi Zhi'an watched from the sidelines, not blinking.

He couldn't help but think of cooking.

This was how cooks in the country of Hua cooked: the right amount of salt, the right amount of sugar, the right amount of soy sauce...

Just the right amount.

Cooks in other countries: ten grams of salt and five grams of sugar...

All precise amounts.

Xia Xibei was like the chefs of the country of Hua, while their Qi family's alchemists were the chefs of other countries.

That was really a big difference!

Moreover, they were so careful, but the final result that came out was not always as good as it could be.

Sometimes, they all tried so hard and still failed!

When Xia Xibei stopped, Qi Zhi'an looked at the few pills in front of her and was very curious.

"How in the world does this... Work?"

Although he watched the whole process, Xia Xibei's movements were so fast that he couldn't learn much at all.

Xia Xibei looked at him, "I used my spiritual power to sense things."

"Spiritual?" Qi Zhi'an humbly asked for advice. "How does that work?"

Of course he knew that he could use his spiritual power to control these things, but the problem was, they didn't know how to fully use their spiritual power either!

Xia Xibei raised her eyebrows. They didn't even know this?

However, she didn't think too much about it.

After all, with their current level, it was indeed difficult to understand the operation here.

"It's actually quite simple..."

Xia Xibei explained the method she used to exercise her spiritual power, without reservation.

She shared her method without hesitation, but to reach her level, it would take a lot of effort.

It took a lot of practice to control your spiritual power so precisely.

The ease she had now was also because of the effort she put in back then.

After listening to Xia Xibei's teachings, Qi Zhi'an was excited and grateful.

"Yes, I will study hard!"

At this moment, the two people's identities had switched.

Xia Xibei was the teacher, while Qi Zhi'an was the student.

In Xia Xibei's mind, since she knew the truth, this was a bit strange.

However, Qi Zhi'an had no idea that Xia Xibei was his daughter and had no other thoughts.

"By the way, what is the purpose of these pills?" Qi Zhi'an asked, looking at the pills.

"A gift for some people."

Xia Xibei's mouth wore a sarcastic and ice-cold smile.

Chapter 1303: Thinner and Thinner

Early the next morning, Xia Xibei rushed to the airport and flew to S City.

By the time she arrived in S City, it was already around 3:00 pm.

Then, she wore a disguise and went to Zhang Yiqi's school.

Zhang Yiqi was now studying at the university in S, which was not too far from G. If one had a car, one could come and go often.

Xia Xibei arrived at Zhang Yiqi's school and quickly found her according to the information sent by Tang Luo.

!!

When Xia Xibei saw Zhang Yiqi, she was stunned.

Zhang Yiqi was not in a good condition. She was now very, very thin, as if a gust of wind could blow her over.

Xia Xibei frowned.

In fact, she had long expected Zhang Yiqi's appearance to decline.

However, she had to say, Han Qin was really too heartless. How long had it been? It was surprising that Zhang Yiqi had already been turned into this.

If Han Qin did not stop, one day Zhang Yiqi would suddenly die.

The cause of death would only be declared sudden death due to staying up late or something like that.

This way, no one would find out that it was because of Han Qin.

Zhang Yiqi originally looked quite beautiful, but because she was now very thin, her cheekbones stuck out and she looked a little appalling.

Although she wore makeup, the green shadows under her eyes could not be completely covered up. When one got close, you could still see the makeup on her face.

She lightly walked on the road, as if she was going to float away in the next second.

Her two legs were skinny like bamboo poles and quite creepy.

She was accompanied by two girls who looked worried about her as well.

“Qiqi, are you really okay?” one girl said with concern, afraid that Zhang Yiqi would fall to the ground in the next second.

“I’m fine,” Zhang Yiqi squeezed out a small smile and shook her head.

Something was not quite right with her these days.

She was getting thinner and thinner no matter how much she ate.

She was so scared that she ran to the hospital for a checkup, only to end up with a result of malnutrition!

Other than that, there was nothing else wrong.

This was too strange! How could there be such a thing as malnutrition now?

Moreover, she hadn't lost any weight, so why was she so thin?

What made her feel worse was that Han Qin and her were breaking up.

Han Qin claimed that she was too obsessed with losing weight and had lost too much weight, to the point that he was afraid of her, so the two of them had to separate and calm down.

Zhang Yiqi had a hard time saying that she didn't lose weight at all!

On the contrary, she ate more!

However, even when she ate more, she could not digest it. Instead, she ran to the toilet more times.

If it was before, she would have been happy to have this kind of body, that could not gain weight by binge eating.

Now, the situation was so terrible.

She was getting thinner and thinner, and she looked at herself in the mirror and felt terrible!

Han Qin didn't dare to be with her, and that was normal.

However, she couldn't let Han Qin go.

Therefore, she tried to pester Han Qin and was determined not to break up.

She could feel that Han Qin already had other ideas and wanted to be with other people.

She hated it so much, but she couldn't find a way, so she could only desperately pester Han Qin.

Han Qin was so frightened by her urgent stalking that he wanted to run away.

No, she couldn't even think about her classes.

Now, everyone else could see the problem with her body, and she didn't know how to cover it up

"Let's go get something to eat first," Another female student looked at her and said with concern.

"Okay."

Zhang Yiqi thought about it. She was really hungry, and she could only nod her head.

Even though she was in a bad mood, she had to eat something.

So, they quickly went to a nearby restaurant.

Chapter 1304: High-Calorie Milk Tea

They found seats and started to order food.

Soon, the drinks they ordered came up.

The other two girls ordered lemonade, and Zhang Yiqi ordered milk tea.

Zhang Yiqi now only ate high-calorie, high-sugar things, although they were not always absorbed in the end.

The two girls looked at the milk tea in front of her with a bit of a mixed expression.

!!

They didn't dare to drink these high-calorie things because they wanted to stay in shape.

However, they did not envy Zhang Yiqi for being able to drink things like this, because they knew that no matter how much Zhang Yiqi ate or drank, the result would be the same.

This made them feel very conflicted.

Zhang Yiqi lowered her eyes, took a sip of milk tea, and then frowned.

This milk tea tasted... A bit astringent! Not as good as before.

However, she did not say anything. She was too hungry, so she drank the milk tea down in one gulp.

After a while, the food they ordered came up.

After eating this, Zhang Yiqi found that she was much more comfortable than before!

No matter what she wore or how much she ate before, she felt cold. Even when she was soaking in hot water, she would soon be cold again.

Now, after eating this meal, she felt that her body was much warmer, and her hands and feet were much warmer too.

This long-lost feeling surprised her.

After eating, she took out her phone and sent another message to Han Qin.

Obviously, the other side did not want to return her message.

Her face was a bit upset and she could only put the phone away.

After a while, her phone made a sound.

When she tapped it, her eyes glowed.

“Why so happy?” the others snickered. “Boyfriend asking you out?”

“How do you know?” Zhang Yiqi daintily bowed her head, then grabbed her bag. “This time, you guys can pay the bill. I’m leaving!”

After saying that, she rushed out without waiting for their reaction.

The two girls were left staring at each other.

What was this?

Looking back at the pile of food she had finished eating, both of their faces darkened.

Shouldn't she be buying? This meal cost quite a bit of money!

Zhang Yiqi didn't care what the two girls were thinking, her mind had already drifted far away.

She couldn't wait to see Han Qin right away!

She hadn't seen Han Qin for several days.

Even her non-stop calls failed to make Han Qin change his mind.

On the contrary, Han Qin was disgusted with her approach.

Today, Han Qin had asked her to meet him, so how could she refuse?

So, she immediately left the others behind.

Soon, she arrived at their hook-up spot and got ready, waiting for Han Qin's arrival.

After waiting for half an hour, Han Qin really came.

After seeing Han Qin, Zhang Yiqi was so excited that she immediately rushed up and hugged him, "I missed you so much!"

Han Qin just wanted to push her away, "Let's clear things up today."

He just received a message from Zhang Yiqi, saying she wanted to talk to him and then break up.

In order to get rid of Zhang Yiqi, a useless pawn, and in order to save worries in the future, he came over.

To his surprise, Zhang Yiqi came up and hugged him as soon as they met!

He just wanted to push her away when he sensed a tantalizing smell coming from her body.

The smell was sweet and tempting, triggering the cravings in his heart, and a certain part of his body reacted.

Zhang Yiqi, sensitive to his reaction, became happier. She hugged and kissed him.

They had not been together for some time, and she also missed him.

When Han Qin was kissed and hugged by Zhang Yiqi, he could not hold back.

So, he did not push her away, but went along with it.

He was already here anyway.

When he became alert again, Han Qin was stunned!

Chapter 1305: Being Taken Advantage

For Han Qin, sleeping with Zhang Yiqi was also good for him.

Zhang Yiqi was almost sucked dry by him and still liked him so much. Then, he would not keep using her.

Every time after being with Zhang Yiqi, he could feel the comfort and satisfaction in his body.

This time, something was wrong!

He sat up from the bed and found that his body was a little bit weaker!

!!

Obviously, he had been fine before!

If it was anyone else, he might have thought he was too tired.

However, the sensitive Han Qin knew something was not right!

It was because of his impure thoughts about Zhang Yiqi that he knew he was now in a bizarre situation!

He was clearly tapping into Zhang Yiqi, but now...

The one being tapped into was himself, right?!

Thinking of this, he immediately looked at Zhang Yiqi.

Zhang Yiqi's face looked replenished, and she was not as pale as before.

Something was really wrong!

Han Qin's heart was surging with shock, and his eyes were about to bug out.

Zhang Yiqi also opened her eyes, and when she noticed his reaction, she was stunned.

"Han Qin... Argh!"

“What did you do to me?”

Han Qin’s face was a bit grim.

“Huh?”

Zhang Yiqi was a little confused.

What did she do? Shouldn’t it be the two of them doing something?

Seeing her dumbfounded, Han Qin became even angrier.

“What the hell did you do?!”

He could feel that his body was quite a bit weaker than before.

After all, his situation was different, and his control and understanding of his body was also different.

The feeling this time was completely different from before, making it impossible for him to deceive himself.

“I... I didn’t do anything...”

Zhang Yiqi was all confused.

They were so good together. Why was Han Qin reacting like this?

“What exactly did you do? Why did my energy go to your body?”

Zhang Yiqi was even more confused. She couldn’t understand this!

“I... I didn’t do anything!”

Zhang Yiqi retorted with a dumbfounded expression, but was pushed onto the bed by Han Qin with a grim face, who was completely different from the previous gentleman.

No matter how much Zhang Yiqi pestered him before, he didn’t lose his gentlemanly demeanor.

This made Zhang Yiqi love him even more.

He was still so gentle no matter what, how could she not love him?

Now, Han Qin looked as if he wanted to eat people, and he almost scared her to death.

Han Qin grabbed her neck, eyes wide, “Tell me! What exactly did you do to me? Obviously, I was the one who cultivated you, so why did it turn out to be you who cultivated me?”

Zhang Yiqi was stunned.

He was clearly speaking a language she knew, so why did she not understand him?

What did he mean by “cultivate?”

Han Qin did not dare to believe it and checked his body once more, but the situation remained the same.

While looking at Zhang Yiqi’s writhing nude body, he felt himself getting more restless.

In order to confirm his theory, he rolled over and pressed up against her.

Before Zhang Yiqi could react, she was penetrated and her whole body was dumbfounded.

This time, she could clearly feel that her body had changed.

Before, her body seemed like a leaky spoon. No matter how much stuff she put in, it was going to leak out in the end.

Now, she felt that the holes were all blocked, and the energy was no longer leaking out.

This feeling became clearer and clearer, as if all the lost energy had come back.

Remembering what Han Qin had said earlier, she drew in a breath!

So it was Han Qin's fault that she had become like this!

When they calmed down, Han Qin was finally sure that something was wrong with Zhang Yiqi!

The situation was reversed!

When the two of them had sex again, he was sending energy to Zhang Yiqi!

Chapter 1306: Go For Wool and Come Home Shorn

The more Han Qin thought about it, the more terrible he felt. He no longer saw Zhang Yiqi like she was food, but some kind of infectious source.

He let go of his hand and put his clothes on, and only then did he have time to deal with the matter.

However, how could Zhang Yiqi know what was really going on?

She only knew that she had become like that before because of Han Qin!

As for why it had become another situation now, how could she understand?

!!

Therefore, when faced with Han Qin's questions, she could not answer anything, but her heart was full of anger.

Without waiting for Han Qin to ask more, she rushed up to grab his hand and bit it furiously.

The two of them tussled for a long time.

If she didn't think killing Han Qin was against the law, Zhang Yiqi might have killed him.

Moreover, Han Qin was curious about what had happened to Zhang Yiqi and how the situation had turned out to be like this.

That was why he held back his shock and anger, pushed Zhang Yiqi away, and walked off.

Looking at his departing back, Zhang Yiqi felt as if she was dreaming. She sat down weakly on the ground, tears spilling wildly.

After watching Han Qin leave in anger, Xia Xibei was satisfied to leave.

Han Qin's reaction already indicated the success of her drug.

What Han Qin didn't know was that this was just the beginning.

Xia Xibei put the pills she made into Zhang Yiqi's milk tea, using the color and taste of the tea to cover up the pills' flavor.

Zhang Yiqi's body changed after she drank the milk tea with the pills. Meanwhile, her body fluid also contained these drugs.

Han Qin absorbed the drugs from her body during his contact with her, especially during the exchange of saliva.

Therefore, these drugs would have a great impact on Han Qin after entering his body.

Now, Han Qin would be finished if he took any pills used for cultivating others.

She believed that after a few more times, Han Qin would know the power.

If one lost some energy every time they had sex, which fool would dare to mess around?

As long as Han Qin did not dare to mess around, Song Jiaren would naturally be safe.

Thinking of this, Xia Xibei breathed a sigh of relief.

However, apart from Song Jiarun, Cui Tong's side was not necessarily safe either.

Xia Xibei thought of this as she took out her cell phone and called Cui Tong.

Cui Tong happened to be working near G City these days, and it was convenient to come here.

So, Xia Xibei asked to meet her the next day.

It was only when they met face to face that she could see the problem.

After making an appointment with Cui Tong, Xia Xibei rushed back home again.

When she returned home, Qiao Yanjue was not there.

Qiao Yanjue was supposed to come back with her today, but something happened at the company, so he rushed over again.

Looking at the empty room, Xia Xibei's mood was a bit low.

However, she quickly adjusted her mood and called Qiao Yanjue.

Soon, the other side picked up the phone.

After the two of them talked about what happened today, Xia Xibei hung up the phone contentedly and went to wash up and rest.

What she didn't know was that the smile on Qiao Yanjue's face had disappeared after he hung up the phone.

He looked at the documents in his hand, his face very gloomy and ugly, and the room seemed to be shrouded by low pressure.

What he had in his hand was a report from the lab.

They were originally researching a new type of material. If this material was developed successfully, the Qiao family's assets could definitely be doubled!

However, just when they were about to succeed, something went wrong with the lab.

All the information was stolen, and the lab was vandalized!

They had reported it to the police, but there was little response from the police.

Chapter 1307: You Have to Leave Her

Qiao Yanjue's face was gloomy looking at the report in front of him.

Although the matter was not announced to the media and was still internal, if the matter was not solved, all the previous efforts would be in vain.

Qiao Yanjue knew that there must be something wrong here, and there was likely to be a mole.

Of course, whether it was an inside job or not, they had to find a way to solve it.

They had spent too much time and effort on this new material, and now that all the materials had been stolen, it was a big blow to the company.

!!

Qiao Yanjue sat on the sofa, staring closely at the file report, his face grim.

Soon, he received an unfamiliar phone call.

On the other end of the line was a young man's voice. He sounded nice, but had a superior tone.

"You're Qiao Yanjue, right?"

Qiao Yanjue frowned, "I am."

"Let me introduce myself first. My last name is Gu."

Gu?

Qiao Yanjue frowned and quickly responded, "You're Gu Yinglei?"

The other end was obviously a little confused, "You know me?"

Qiao Yanjue was surprised. It was really him!

"What do you want to see me for?"

Gu Yinglei didn't bother finding out how Qiao Yanjue knew about him. He didn't call here this time just to get close to Qiao Yanjue.

"Of course there is something to discuss," Gu Yinglei smiled. "I can't say it on the phone, let's meet and talk."

“Okay. Location.”

Gu Yinglei tsked, obviously a little surprised at Qiao Yanjue’s decisive response.

“Okay.”

He quickly said an address.

“Tomorrow at noon, I’ll wait for you.”

After hanging up the phone, Qiao Yanjue’s face became even more gloomy.

In fact, without having to meet with Gu Yinglei, he knew that this matter must be related to Gu Yinglei!

Previously, Xia Xibei had mentioned Gu Yinglei to Qiao Yanjue, but he did not expect that Gu Yinglei would come to him now.

When he thought about the situation in the research lab, what else did he not understand?

Sure enough, after the two met, Gu Yinglei looked him up and down and the first thing he said was, “Leave Xia Xibei, you’re not good enough for her.”

Although Xia Xibei hadn't changed her last name yet, everyone knew she should be Qi.

These words put Qiao Yanjue in a bit of a trance.

Gu Yinglei said this as if he and Xia Xibei had a deep bond.

However, Qiao Yanjue knew very well that Gu Yinglei and Xia Xibei hadn't really met at all!

They had no contact, but now Gu Yinglei was coming to him and telling him to leave Xia Xibei?

What kind of delusional lunatic was he?!

At the same time, Qiao Yanjue also felt ridiculous.

He didn't deserve Xia Xibei? It was the first time he heard such words!

He looked at Gu Yinglei with an expressionless face and cold eyes, "Who are you to tell me to leave her?"

His reaction made Gu Yinglei a little surprised.

He didn't expect this kid to have such courage.

"You don't know who I am?"

Gu Yinglei thought that Qiao Yanjue should already know his identity. After all, the Gu family was also one of the ancient martial families.

Even if the Qiao family was powerful, it was no match for their Gu family.

"So what if I know?" Qiao Yanjue looked at him with cold eyes.

"Then you should know that she and I will be together, sooner or later."

Gu Yinglei's bold words almost made Qiao Yanjue gasp with laughter, "Really? How come I don't know?"

Gu Yinglei's righteous look made it seem as if he and Xia Xibei had a special relationship!

Qiao Yanjue held back the anger in his heart.

Gu Yinglei, however, did not care about his reaction at all and smiled, "Beibei and I are a natural pair. If you don't know what's good for you... Well..."

Chapter 1308: Threats

Gu Yinglei's threat made Qiao Yanjue angry inside. However, he did not explode.

At times like this, he had to stay calmer than ever. Otherwise, he would lose even more.

"This incident is just a small lesson for you. If you still don't know any better..."

Gu Yinglei was not evasive.

The company's incident was indeed his doing. Moreover, he was not afraid of being known by Qiao Yanjue.

!!

Even if they knew, they couldn't hurt him.

Qiao Yanjue's jawline tightened for a moment.

He knew that this matter had something to do with Gu Yinglei!

He just didn't expect that Gu Yinglei would be so frank.

Right! With the Gu family's strength, there was really no need to worry.

The most important thing was that this attack was so sudden.

Qiao Yanjue had found out before that important procedures of this research project were all destroyed, and all the important evidence had been destroyed.

Without this evidence, even if the police were called, it would not be too effective.

Moreover, even after spending a lot of effort and finally finding the "culprit," the results may not be much better.

After all, this kind of thing could be drawn out for a long time, and when the time came, the company would be dragged down.

This was also the reason why Gu Yinglei was so reckless.

Looking at the arrogance and mockery on Gu Yinglei's handsome face, Qiao Yanjue held back the anger in his heart.

"I know."

He came to meet the man today, but only to determine the specifics.

Now that the truth had been determined, there was no need to continue to dwell on it with Gu Yinglei.

“You know? What do you know?” Gu Yinglei raised his eyebrows.

That didn’t seem right, did it?

Qiao Yanjue should have promised to separate from Xia Xibei, not take this so lightly.

“Sorry, I have things to do. I’m leaving first. ”

Qiao Yanjue stood up and left decisively.

In his opinion, they were already enemies. There was no need to waste time gibbering.

“You-”

Looking at Qiao Yanjue’s departure, Gu Yinglei froze for a moment and then revealed a smile.

In his opinion, Qiao Yanjue was just putting on a brave face.

With things in this state, what else could he do?

Gu Yinglei had known before that the Qiao family had spent a lot of effort on this project, and if something happened, it would be a very big blow to the Qiao family.

The Qiao family wanted to enter a new field through this project and complete their ambitions.

In this case, if something went wrong with the project, all the previous effort would be wasted.

With Qiao Yanjue's character, he should know how to handle this situation.

If he still insisted, the result would be predictable.

Gu Yinglei believed that Qiao Yanjue was a person who would know the right thing to do in time.

Therefore, he also stood up and left with a smile.

After Qiao Yanjue left and returned to the car, the anger he had pent up earlier burst out, his hands clenched into fists and his face gloomy.

Had he not remembered that his strength was not the same as before, he might have punched the steering wheel.

He clenched his fists and took a few deep breaths, then leaned back in his seat and closed his eyes.

It was also his fault that his vigilance was so low that he had let Gu Yinglei get away with such a big attack.

However, he would never give up on Xia Xibei.

Still, if he didn't break up with Xia Xibei, there would definitely be another attack from Gu Yinglei.

Qiao Yanjue closed his eyes and appeared tired.

His mind began to recall the situation of this project.

After ten minutes, he snapped his eyes wide and the light in his eyes flashed.

The previous disillusionment and anger were swept away and replaced by a new confidence.

At the same time, the corners of his mouth took on a smile.

Chapter 1309: For Self-Defense

Xia Xibei didn't know what was going on at Qiao Yanjue's side, and she went to see Cui Tong as promised.

After not seeing her for a few days, Cui Tong looked no different from before.

As soon as they met, Xia Xibei took her pulse first.

Her actions made Cui Tong a little confused.

"What's wrong? I'm fine!"

!!

"It's nothing." Xia Xibei let go of her hand and smiled. "How have you been these days?"

"Fine."

"How's your boyfriend doing?"

That made Cui Tong blush, "He's fine, too."

Looking at her shy look, Xia Xibei knew that there was a good relationship between her and Han Jiang.

This made her unable to say those words, and unable to bear to break the wonder in Cui Tong's heart.

However, what should be reminded still had to be said.

“I’ve prepared a little gift for you.”

“What kind of gift?”

Cui Tong was very curious.

After spending so much time with Xia Xibei, she got to know her better and better.

She didn’t know where Xia Xibei had learned her skills, as they were simply too unbelievable!

The most important thing was that the things she gave her were all treasures!

Now, Cui Tong was a loyal customer of Hongyan Youth, and she bought anything that Hongyan Youth released immediately.

Moreover, the project between Xia Xibei and the Cui family was going very well, and the relationship between the two sides had become even closer.

Therefore, she had great confidence in Xia Xibei.

“Of course it’s good stuff,” Xia Xibei smiled at her and then took out a small bottle.

This small bottle was just the size of a thumb and looked delicate and cute.

There was only one pill inside.

“If... If you ever feel uncomfortable after having sex with your boyfriend, just take this pill.”

Xia Xibei’s words made Cui Tong’s face burst into red.

“What are you talking about!”

She was still a bit shy to talk about such topics.

“I am talking about serious things.” Xia Xibei was serious. “If you feel unwell, take it and you’ll be fine.”

Cui Tong held the bottle, her expression was a bit strange.

“What exactly do you want to say?”

Previously, Xia Xibei had instructed her not to get too close to Han Jiang.

Now she had presented a strange pill...

She felt as if there was something wrong here.

"It's nothing," Xia Xibei shrugged. "It's just an extra layer of protection for you to enjoy life."

Cui Tong rolled her eyes. "What nonsense!"

"Don't worry, it's fine."

Cui Tong still felt odd.

However, she still couldn't get the real answer from Xia Xibei

and had to give up.

Watching Cui Tong put the small bottle away, Xia Xibei's expression did not change.

In fact, she could also talk to Cui Tong directly about the Han family, but after thinking about it, she gave up on the idea.

Cui Tong was very fond of Han Jiang, and if she were to talk to her about such things rashly, it would be a terrible blow to her.

Of course, Xia Xibei was not sure if Han Jiang was really like the rest of the Han family and would use such heartless tactics.

Although it was hard to produce good people in an environment like that of the Han family, who could guarantee it? Maybe Han Jiang was a lotus flower growing out of the mud?

Therefore, Xia Xibei did not directly expose this matter.

If she had made Cui Tong and Han Jiang break up, who knew what other problems would have happened later?

Of course, the most important thing was that she had already made the antidote. If Han Jiang really acted rashly, he would end up being the one who got hurt badly!

As for Cui Tong, at most, she would suffer a little loss.

A grown-up could tolerate such losses.

After separating from Cui Tong, Xia Xibei received a call from Chang Qianzi.

Chapter 1310: A Mother's Love

When she saw Chang Qianzi's name, Xia Xibei had mixed feelings.

Ever since she knew her identity, she had a very complicated feeling towards Chang Qianzi.

She would not dare to tell the truth to Chang Qianzi before finding the woman's real daughter.

Although her medical skills were strong, she couldn't cure this "condition."

So, she could only hide these things in her heart.

!!

After adjusting her mood, Xia Xibei went to Chang Qianzi's house.

After seeing Xia Xibei, Chang Qianzi showed a big smile.

"Come, mom has prepared a lot of delicious food for you today!"

Chang Qianzi pulled Xia Xibei to the dining table and lifted the cover.

"Come, these are all your favorite foods!"

Looking at the table of dishes, Xia Xibei was touched and even more heartbroken.

She could feel a piece of Chang Qianzi's heart, but that was what made it even harder for her.

If it was Xia Jun, she wouldn't feel half as much.

That kind of scum was not worthy of her pity.

However, Chang Qianzi was different.

Although Chang Qianzi was soft, when her child was hurt, she would be the first to stand up for her.

Before, because of Xia Xibei's matter, she had decisively divorced Xia Jun.

If it were anyone else, they wouldn't necessarily have had that kind of decisiveness and courage.

If she knew that the child she now loved with all her heart was not her own daughter, and that her own daughter was nowhere to be found...

Thinking of the possible reaction, Xia Xibei could not help but shiver.

“What’s wrong? Is it cold?” Chang Qianzi immediately became anxious. “The air conditioner is on!”

“No,” Xia Xibei hurriedly shook her head, stopping her from finding the remote control. “Nothing, just shivering.”

Shivering? What did she mean?

Before Chang Qianzi could investigate, Xia Xibei changed the subject.

“Wow, everything looks delicious today!”

“That’s right!” Chang Qianzi looked up proudly. “I put a lot of effort into preparing the food!”

Xia Xibei had gone to the Qiao house to meet his parents earlier, and she was very worried. However, she was afraid that if she cared too much, she would make Xia Xibei feel interfered with, so she did not dare to ask.

Today, when Xia Xibei was finally free, she had to do everything she could to prepare a big meal.

Chang Qianzi didn’t have a job right now, and she didn’t need one. She had money for herself and the money given to her by Xia Qingxun and Xia Xibei, which was enough for her to live a very prosperous life.

So, she usually just went to the beauty salon to chat with Liu Manhong and others, or she prepared food at home and gave it to Xia Xibei and Xia Qingxun to eat. Occasionally, she would go out and travel.

Her days were wonderful and there were no men around to bother her.

“Where is brother?” Xia Xibei asked.

“Your brother? He’s still working.” Chang Qianzi waved her hand, “Forget about him, let’s eat first! You’ve lost weight!”

The corners of Xia Xibei’s mouth twitched.

She had eaten a lot in the past few days, so how could she have lost weight?

However, there was a kind of skinny that only one’s mother believed in.

Xia Xibei did not argue with her, picking up the bowl and chopsticks and starting to eat.

“Delicious!”

As soon as the food entered her mouth, Xia Xibei couldn’t help but praise it.

Chang Qianzi’s skills were really good.

Although she hadn't cooked often before, her cooking skills were really good. Plus, these days, she has put her heart into cooking, so she improved very quickly.

"Eat more if it's good," Chang Qianzi contentedly gave her more food.

She was happy to see her child eat with satisfaction.

As she watched Xia Xibei eat, she asked about her previous visit to the Qiao house.
