

## Chapter 1351: An Eye For An Eye

Cheng Yingni was also infuriated by Hu Yuling.

It was Hu Yuling who urged her to deal with Xia Xibei before.

Well, she did as she was told.

Now Hu Yuling was giving up?!

How could this be?

!!

She was already at odds with Xia Xibei.

So, she was even more upset with Hu Yuling's reaction.

Before, it was Hu Yuling who was jumping up and down, provoking all sorts of things, but now she was conceding.

The anger in Cheng Yingni's heart was rising.

"Didn't I tell you?! She's not just anyone!"

Seeing Cheng Yingni so angry, Hu Yuling could only take a deep breath, suppress her own anger and explain in a soft voice.

After all, this matter was caused by her, so of course she had to solve it properly.

She didn't expect that since things had started, they couldn't be ended just because she wanted to.

However, since Cheng Yingni was now at odds with Xia Xibei, her words of persuasion were even more useless.

"Come on, don't talk nonsense to me!" Cheng Yingni impatiently waved her hand. "You should now concentrate on minimizing the impact of this matter!"

Since she was an agent, of course she should do what an agent should do.

If things continue to fester, it would be more troublesome and have more impact.

Hu Yuling's face was darkened.

She found that the gap between herself and Cheng Yingni was getting bigger and bigger.

However, she couldn't find a solution for a while.

With Cheng Yingni's status and temper, things didn't pass so easily.

However, if she continued to fight with Xia Xibei, the result would not be any better.

In the end, the two of them ended up in a bad mood.

On the other hand, Xia Xibei found the "fans" who were chasing the car before.

Since Cheng Yingni wanted to do something to her, things would not be over so easily.

It wouldn't end so easily, without making Cheng Yingni shed a layer of skin.

Xia Xibei noted the appearance of those people from the road camera, and then asked Tang Luo to help dig out the identity of these people.

After determining the identity of these people, Xia Xibei was speechless.

These were ordinary people with ordinary identities, and a few of them had a little money.

The most ridiculous thing was that the parents of two of them were actually the management of Jiabei Sweet!

After learning all this, Xia Xibei didn't know what to say.

She was one of Jiabei Sweet's shareholders, but not many people knew about it.

After all, she never came forward and everything was handled by Song Jiaren and her mother.

Jiabei Sweet was now growing better and better and had built up a mature management team.

Fang Yongxin found a lot of good managers to manage this team better. Jiabei Sweet had also opened more branches and was growing well.

Xia Xibei got a good share of the money every month.

As the managers of the chain, those people could get a lot of rewards, and their children, too, were doing well.

Xia Xibei didn't expect that the people Cheng Yingni found had this relationship with herself.

However, that made it even easier.

Soon, before the New Year, something happened to Cheng Yingni.

She was followed by some fans and almost had a car accident.

Everyone strongly condemned the fans and said that they must be sent to jail so that they could be punished.

While everyone was angrily condemning, Cheng Yingni came out and spoke up, telling everyone to forget about the incident and give them a chance.

What she did made many people angry.

How could she not take it into account when fans caused such serious consequences?

Even for the sake of her own image, it was not necessary to be like this, right?

Was she being threatened?

### **Chapter 1352: Too Nice**

Little did people know that Cheng Yingni was indeed threatened.

When she found out that her car was being followed, she was anxious and angry.

After that, they tried to avoid the car behind them, but almost had an accident.

When she got down from the car, she was in shock and wanted to send those people to jail!

Such fans were too insane, things couldn't pass so easily!

!!

However, after finding out that these “fans” who were following her car were the people she had hired before, she immediately backed down.

She also understood that this matter was related to Xia Xibei!

Xia Xibei was retaliating!

At this moment, she finally understood what she had gotten herself into.

Xia Xibei was too smart to be able to find these people!

u Yuling and her assistant both said that they would call the police and send these people in.

However, Cheng Yingni refused.

She knew that if these people got arrested, they would definitely reveal her scheme.

At that time, things would definitely be more troublesome.

Therefore, she could only hold back her anger and fear and graciously let these people go.

However, such an approach drew ridicule from the people online.

This was too stupid, right? How could she let them go after almost getting into trouble? Was she out of her mind?

Being a star was too difficult.

It was not okay to be aggressive, but it was not okay to be too benevolent and nice either.

Cheng Yingni was being too “nice,” which made people think she was too hypocritical.

As a result, more people had stopped being her fans.

Looking at the online brouhaha, Cheng Yingni almost died of anger.

However, she had to put up with the anger first.

She understood that Xia Xibei was not easy to mess with!

As Cheng Yingni finally gave up, Xia Xibei did not continue.

The revenge she gave Cheng Yingni was enough.

These days, Cheng Yingni had suffered a lot of damage.

Due to her previous “lies,” many people doubted her credibility and the two endorsements she had gotten were scrapped.

This time, because she was too “nice,” many of her fans had stopped following her, and the goodwill of random people towards her was greatly reduced.

This was enough of a lesson for Cheng Yingni.

Xia Xibei did not want her life to end. After all, it was not that extreme.

Moreover, it was almost the Lunar New Year, so it was not good to go too far.

This New Year's, the Qi family strongly requested her to go home for New Year's Eve. After all, she was the child of the Qi family.

Qi Xiangyuan and Qi Zhiqiang were very enthusiastic and called her several times to persuade her to go back for the New Year.

This was Xia Xibei's first New Year after her rebirth.

However, after thinking about it, she refused the Qi family.

She would not go back before she found Chang Qianzi's real daughter.

Until now, Chang Qianzi did not know that Xia Xibei was not her real daughter and treated her as good as ever.

In this situation, Xia Xibei could not say that she would not spend the New Year together with her.

Therefore, she could only refuse the invitation from Qi's side.

After knowing Xia Xibei's decision, Qiao Yanjue also expressed his support.

On New Year's Day, it would be too much to go back to the Qi family.

If not for Liu Yiqin's strong request, he might have stayed to spend the New Year with Xia Xibei.

Of course, he was sent back by Xia Xibei in the end.

This time, the New Year's Eve dinner was also very lively.

Clearwater Pavilion was closed on the 29th day of the month and did not do the New Year's Eve banquet, which was a great disappointment to many guests.

After the holiday, Xia Xibei brought Chang Qianzi and Xia Qingxun to spend New Year's Eve at Clearwater Pavilion.

In addition to the three of them, Zhuang Xiao'ai, her grandmother, and Liu Manhong were also there.

When the reunion dinner was over, Song Jiaren and the others ran over and watched the TV gala show together and played mahjong, making the scene even more lively.

### **Chapter 1353: Joining the Cast For Training**

This was the first good New Year's that Xia Xibei had experienced.

Having so many friends and her loved ones around made the mood completely different.

After a very relaxing and happy New Year, she started to make preparations. She was going to fly to M country to attend this training.

After the start of the new school year, it was time for Xia Xibei to depart.

Xia Xibei was leaving, and Qiao Yanjue was sad to see her go.

!!

However, he didn't say anything.

Besides, it was good that Xia Xibei was leaving. At least it left him more time to deal with the matter this time.

Unlike Xia Xibei, who was relaxed and happy, he spent almost all his time at work this holiday season.

He had found out clearly that Gu Yinglei had indeed researched a new type of material based on their original one.

Moreover, they also started to produce these materials in large quantities.

If these materials were allowed to enter the market, it would have a strong impact on some existing materials.

When the time came, their company would also be impacted — if they followed the previous development.

While everyone was on vacation, Qiao Yanjue put his mind on this matter.

Gu Yinglei had set him up before, and this time, it was his turn to return the favor.

Xia Xibei didn't know what Qiao Yanjue was working on, and Qiao Yanjue didn't mention it to her.

Both of them had their own careers and didn't need to be together all the time.

This trip, Pan Yan also followed along, as he was responsible for taking care of Xia Xibei.

After flying for more than ten hours, the two of them finally arrived in M country.

When they got off the plane, Xia Xibei was still in a trance.

In this life, how did she start her journey to foreign lands so quickly?

In her previous life, she had worked so hard for so long and failed to get a start here.

At that time, there was no hope at all.

Now, everything had changed.

Looking at the various people around her, she revealed a bright smile.

This time, she would take a completely different path from her previous life!

“Someone is coming to pick us up!” Pan Yan saw the person who came to pick them up and immediately pulled Xia Xibei over.

Xia Xibei was not well-known here.

However, her face was too beautiful and her figure was too good. Even among the tall, white people, she managed to attract the attention of many people.

Some people also could not help but guess that she was a young star in some country.

In the eyes of the crowd, they left with the people who picked them up.

Soon, the two were taken to a hotel.

Even though Xia Xibei wasn't tired, she spent the day getting over jet-lag.

The next day, she went to the training base in high spirits.

This was an extremely large training base. She heard that it was also a very professional military training site, and there was a lot of equipment here.

When she arrived, there were already a lot of people here.

Xia Xibei looked over and found a few familiar faces here.

These were the actors of the movie, who managed to gain popularity and fame after the movie was released.

In front of them was a tall white man.

He was wearing a camouflage undershirt, revealing large muscles. He looked at the actors expressionlessly.

Xia Xibei walked over, "Hello, are you Mr. Masen? I'm Xia Xibei from Hua."

The man turned around and his expression changed slightly when he saw Xia Xibei.

He looked Xia Xibei up and down, and his eyes seemed to carry a chill.

Xia Xibei couldn't help but frown. This look made her feel offended.

When did she offend him? They didn't seem to have crossed paths, right?

#### **Chapter 1354: Put On a Scowl**

The man sized up Xia Xibei from head to tail before lowering his eyes with a little displeasure, "Why did you come over so late? Shouldn't you be here already?"

His voice had a little arrogance in it, and also a condescending disdain, which made Xia Xibei's smile disappear as well.

However, she wouldn't roll her eyes at this time.

She said calmly. "I signed up a year ago and had to deal with visa matters afterwards. Arriving now was the fastest time. Didn't the director tell you that?"

There was also a hint of disdain in her eyes, as if she was questioning his intelligence.

!!

Xia Xibei's reaction made the man's face sink.

She was just a young star from Hua! How dare she put on airs in front of him?!

Although a star in the entertainment industry could be a bit arrogant, she should know that this was not her own territory and she should keep her tail between her legs, right?

He never thought that she would be so clueless.

The man looked at the surrounding crowd of onlookers and suddenly yelled with a stern face, "Did I tell you to stop?! Keep running!"

Those stars who were originally slow-footed were suddenly terrified and continued to run with weights.

After he yelled at them, he looked at Xia Xibei again. Without scolding her, he said, "Okay, since we are here, let's train together."

He waved at a girl in the distance.

The girl ran over with a respectful look on her face, "Coach Masen."

"Take her to change her clothes and get the equipment."

Masen waved his hand and told Xia Xibei to leave.

Xia Xibei's face was calm and unreadable as she obediently followed the girl out.

When they got inside the locker room, there were already clothes there.

There was a lot of camouflage clothing and a lot of equipment. She could see that the crew had put a lot of effort into it.

"Who is this Coach Masen...?"

The girl who brought Xia Xibei to change her clothes couldn't help but chant, "Coach Masen is awesome! He used to be an instructor in M's Seals! He's very good!"

Xia Xibei's eyes dropped slightly, and in her heart she got to know more about this Masen.

Although she did not know where she had offended him, so what? She would figure out a solution somehow!

Soon, Xia Xibei picked out the right clothes.

With camouflage clothing on her body, she looked heroic and extraordinary. The camouflage undershirt was very flattering, revealing her ample upper body and flat belly.

It was just that she looked relatively thin.

Other stars had worked themselves to be as fit as they could.

The reason why M's movie stars were so loved by their fans was not only because of their acting skills, but also because of their dedication.

They spent a lot of time working out and shaping up before each shooting started.

If they were fat, would such a couch potato hero be convincing?

The girl looked at Xia Xibei's appearance and could not help but frown, a little worried.

"You are quite beautiful, but... I do not know if you can withstand the intensity of Coach Masen's training."

In three months, the movie would start shooting.

Therefore, within these three months, they had to train desperately.

Many of the actors had already sought one-on-one training with their own trainers beforehand to make themselves stronger before they came to participate in the casting.

As skinny as Xia Xibei was, she didn't know if she could withstand the intensity of Coach Masen's training.

"It's okay, I can do it." Xia Xibei smiled at the girl with a confident attitude.

The girl advised in a small voice, "You can take a break if you can't keep up..."

She was afraid that a delicate doll like Xia Xibei would be crying during the training.

### **Chapter 1355: Running with Weights**

The girls who had been here for a while had all seen how the big stars on the screen were crying from exhaustion almost every day.

Coach Masen's training intensity was really too high, almost like they were trained like soldiers.

Although this intensity would not last too long, it would take a God to persevere!

A slender asian girl like Xia Xibei really made one worry for her.

"Thank you, I know what to do."

!!

When faced with the girl's kindness, Xia Xibei certainly wouldn't refuse.

However, she was not really afraid of the training here.

Could the training here be as scary as her cultivation back then?

When she was a child, she began to cultivate.

She could not bear to look back on all the suffering she endured.

The suffering here was no worse than what she already experienced.

"You... Go for it!"

When the girl heard her say this, she knew it was not good to continue saying anything, but only to cheer her on.

"Thanks," Xia Xibei smiled, and then walked out.

Outside on the sports field, the others were still running.

When Masen saw her, he took a big step and pointed to the backpack next to her and said, "Put this on your back and run ten laps."

The girl, who hadn't left yet, winced at the words.

"Ten laps?!"

Xia Xibei followed their gaze and saw the backpack on the ground.

The camouflage-colored backpack held dumbbells and other weights.

The girl looked appalled, "Coach Masen, running ten laps with weights... it's...."

There were at least twenty kilograms of weights here.

Simply walking with the backpack was a bit tiring, let alone running ten laps!

A lap here was four hundred meters.

Ten laps was four kilometers!

Others were also training at this intensity, but they had been training for some time, although challenging, they could hold up.

Xia Xibei was only here for the first time, so shouldn't there be a gradual transition?

Her legs would break if she was carrying such a heavy load, right?

"Are you the coach?" Masen's eyes sank.

The girl was startled by his eyes and hurriedly shut up.

"I'm the coach, I'm in charge."

Coach Masen already had the assessment of Xia Xibei's physical fitness in his hand, but looking at the beautiful data on it, he obviously didn't believe it.

She looked so skinny and weak. She was that good?

Oh, how was that possible?!

He looked at Xia Xibei, "Any comments?"

Although it was a question, it was obvious that even if Xia Xibei had an opinion, he wouldn't change it, instead he would sneer at it.

Xia Xibei shook her head, "No."

After saying that, she went to the side and lifted a bag up.

Once the weight was in her hand, she couldn't help but raise her eyebrows.

It was quite heavy and was probably twenty kilograms, however, this weight was really child's play for her.

Masen took her expression as a difficulty.

He didn't believe that she could handle this weight!

In his contemptuous eyes, Xia Xibei put her backpack.

"Okay, can we start?"

"Let's do it."

Masen raised his eyebrows and picked up the timer, "If you can't do it, just say so and I'll let you rest."

That's what he said, but how could Xia Xibei miss the contempt in his words?

“No need to rest.”

Xia Xibei pulled the corner of her mouth, then without waiting for him to say anything, she entered the track and started running.

As he watched her move, Masen laughed coldly, waiting to see what she would do.

However, after a few minutes passed, he froze.

### **Chapter 1356: Must Be An Empty Bag**

When the others were passing by and heard that Xia Xibei had to run ten laps, they immediately gave her a sympathetic look.

Simply running ten laps would be exhausting, let alone running with weights.

They could also see that Masen was not very friendly to Xia Xibei.

They just didn't understand why he had a grudge.

However, no matter what, they didn't speak up for Xia Xibei.

!!

After all, Xia Xibei was new and from Hua, so there was no need to stand up for her.

In M, even if there was no obvious racial discrimination, when the two sides really communicated, there was still some bias.

If a weaker girl like Xia Xibei came here for training, who knew if she would be able to stand it?

If she couldn't stand it, she might quit the movie when the time came, that's also possible.

Don't think that just because you were in this cast, everything would be fine.

Director Smith was not a gentle person.

If someone did not meet his standards, he would not scold them, but he would "torture" people.

If his standards were not met, he would nitpick again and again.

His fault-finding approach was exhausting.

In the end, you could be forced out.

Someone like Xia Xibei, so young and naive, would potentially back out.

So, there was no need for them to befriend her now.

However, by the time Xia Xibei entered the track with her backpack, everyone could not help but feel sympathy in their hearts.

There was no telling when she wouldn't be able to hold on.

Only, when they saw her running, everyone was stunned.

Her speed was not slow!

Some people couldn't help but frown.

It was already very tiring to run with weights, and she was still running so fast. Was she trying to die?

How long could she run with such a heavy load on her back?

Even they, who were already accustomed to the intensity of Masen's coaching, run at a slower pace when running, so as not to tire themselves out.

However, Xia Xibei's speed was too much.

She was not at the speed of a 100-meter sprint, but her speed was not slow at all.

Watching her run past them, everyone was dumbfounded.

She didn't feel the weights on her back?

There was nothing in her backpack, right? Otherwise, how could she run so fast?

She was moving fast and carrying 20 kilograms of weights on her back? Could she be that amazing?!

In the midst of everyone's shock and skepticism, Xia Xibei's feet kept moving.

Ten laps was not a big deal.

After she ran two laps at the same speed, Coach Masen's expression was dumbfounded.

It was already 800 meters! Her speed hadn't changed!

After a while, he couldn't stand it anymore and shouted to stop.

"You come here!"

He suspected that Xia Xibei's backpack was empty!

He hadn't made an inspection just now, so she might have cheated.

Thinking about it, his face darkened.

Cheating in this kind of place, on this kind of occasion... She must not take them too seriously, right?

"What's wrong? I haven't finished running yet."

Xia Xibei walked over, her face looked normal.

What was even more frightening was that her forehead was not sweating!

The doubt in Masen's heart grew even stronger.

She was definitely carrying an empty bag!

Thinking of this, his face was very ugly as he said in a deep voice, "Bring the backpack over."

Xia Xibei didn't say anything, nodded her head, took the backpack down and handed it to him.

Masen grunted coldly and reached out to receive the backpack.

The second he received the backpack, his careless expression changed, his hand slipped down, and the backpack almost hit his foot.

### **Chapter 1357: Elementary**

If it wasn't for Masen's quick reaction, the backpack might have hit him on his feet.

When he felt the weight of the backpack, his face changed dramatically.

How was it possible?

He could feel that the weight here was the same as that of the other backpacks, all 20 kilograms.

It was not at all the empty bag he thought it was!

!!

In other words, Xia Xibei really ran 800 meters with a twenty-kilogram backpack on her back!

Moreover, she was so fast!

This was simply beyond his imagination.

How was this possible?

As if Xia Xibei didn't see his expression, she asked indifferently. "Is there anything else? Can I continue?"

Looking at her innocent expression, Masen looked as if he had eaten something unsavory. His expression was very ugly.

He wanted to say something, but in the end, he just handed the backpack back.

"Go on."

He couldn't didn't believe it. Could Xia Xibei really keep up this speed?!

"Okay."

Xia Xibei put back her backpack, then returned to the track and ran again.

Looking at her relaxed posture, as if her backpack didn't carry any weight, Masen's eyes became even darker.

Who the hell was this woman?

The other actors were surprised when they watched Xia Xibei being called aside by Masen, then said a few words and went back to the track.

They had expected that Masen would reprimand Xia Xibei and then add new weights to her backpack.

To their surprise, he didn't say anything.

Looking at Xia Xibei again, it became clear to the crowd that the weight on her back was indeed there!

Everyone's expressions changed when they thought about it.

After Xia Xibei passed them again and again, the surprise in their hearts turned into shock and disbelief.

Ten laps!

She was able to run 10 laps at the same speed!

Ten laps!

Was she crazy?

Everyone who had managed to complete ten laps mentally roared in disbelief as they watched Xia Xibei put her backpack down with a relaxed look and then walked up to them, smiling and greeting them.

“Hello, I’m Xia Xibei from Hua. You can call me Beibei.”

Beibei?

Looking at the thin sweat on Xia Xibei’s face, and then looking down at their own sweat, the crowd’s expressions got even more complicated.

Wasn’t she tired?

One actress couldn’t help but ask, “Aren’t you... Tired?”

“Not tired,” Xia Xibei shrugged with a calm face. “My previous training was harder than this. This is just elementary.”

Elementary?

The crowd looked at each other and couldn’t help but laugh bitterly.

If Xia Xibei had said this before, everyone would have thought she was bragging.

Now, after factual verification, no one dared to say that she is bragging.

She was simply too scary in her abilities!

Obviously, she looked thin and weak, but she was a Hercules?

Masen also came over, just in time to hear Xia Xibei say “elementary” and his face did not look too good.

However, when he thought of Xia Xibei’s performance just now, he swallowed his rebuke before he could say anything.

However, his anger was also stirred up by Xia Xibei’s comment.

Elementary? She would know what elementary meant later!

“Have you had enough rest? It’s time for the next exercise!”

Hearing the coach’s voice, everyone’s body stiffened and then straightened up, while wailing in their hearts.

Too damn tired!

Only Xia Xibei's expression was as calm as ever, as if these things did not affect her at all.

"This time, let's practice free sparring."

Masen looked at the goodlooking men and women in front of him with a cold expression.

"You'd better learn it by heart. It will come in handy in the future."

#### **Chapter 1358: Fighting Back**

This was a superhero movie, not a special-effects-filled fantasy movie, so the superheroes had to fight personally.

To make these fight scenes look good, the actors had to train.

The actors had been training for a few days before, so they were prepared for Masen's words.

When they looked at Xia Xibei, they couldn't help but worry. She was a newcomer, would she be abused by Coach Masen?

Xia Xibei smiled and didn't say anything, as if she didn't see everyone's worry.

!!

Masen looked around at the crowd and said in a deep voice, "Now, I need someone to be my opponent."

He looked around at everyone, then pointed to Xia Xibei and said, "You do it. Don't worry. You're new, so you need to catch up."

This comment made Xia Xibei raise an eyebrow, then she walked forward.

"Wait, I'll give you a punch and then..." Masen swung his hand twice, making two motions, and then looked at her. "But don't worry, I'll go easy on you."

Xia Xibei nodded, "OK."

When the movement was confirmed, Masen rushed toward Xia Xibei, and his fist swung out.

The next second, Xia Xibei moved.

Xia Xibei reached out with her right hand like lightning, grabbed his fist, spun around to close in on him, grabbed him around the waist, and slammed him to the ground!

Everyone was dumbfounded by the thud!

In everyone's imagination, Xia Xibei might have suffered some minor injuries.

But now? What was going on here?

Masen was thrown to the ground by Xia Xibei instead!

It was amazing! What kind of trick was this?

Her strength was insane!

When Masen and Xia Xibei were standing together, the contrast was obscene.

Masen was twice as big as Xia Xibei.

However, Masen, who was two times bigger, was taken down by Xia Xibei!

Everyone was stunned.

They weren't hallucinating, were they?

Masen lay on the ground for a while before getting up, a face full of shock and disbelief.

How could he have been knocked down by Xia Xibei?

How on earth did such a skinny girl do that?!

Recalling his vision spinning just now, he felt like he was going crazy.

He couldn't help but roar, "What are you doing?!"

"I'm sorry." Xia Xibei smiled, but without much apology. "It's a reflex. I'm sorry for hurting you."

That made everyone go silent.

Reflex?

That's terrible!

What had she gone through to have such a reflex?

"You know kung fu?" they couldn't help but ask.

"Yes," Xia Xibei smiled. "I do know kung fu."

Wow!

The crowd was immediately shocked.

Kung fu from the country of Hua was so awesome!

Kung Fu could give a slim girl such terrifying power!

Hua was indeed a mysterious country!

Everyone looked at her with admiration, their eyes glowing with adoration.

In response to everyone's admiration, Xia Xibei's expression was very calm, not at all like the person who had done this.

Masen's expression was interesting.

He had never thought that he would be so humiliated.

Hearing Xia Xibei say that she knew kung fu made his feelings even more complicated.

"Why didn't you say you knew kung fu?"

His face was hard to read.

“You didn’t ask me!” Xia Xibei justified.

Masen’s face became darker with anger.

He took a deep breath and asked through clenched teeth, “Then what else do you know?”

Xia Xibei smiled faintly, but the words that came out were not modest at all.

“I know everything I need to know.”

#### **Chapter 1359: A Lesson for You**

Xia Xibei’s words were so confident that Masen’s face hardened even more.

“Everything?”

He looked at Xia Xibei with dangerous eyes.

With such confidence, why didn't she say she could go to heaven?

"It's not like I know everything." Xia Xibei changed her tone with a smirk, "But I think it's still no problem to beat you."

!!

"Beat me?"

Masen was exasperated.

Although he had just been knocked down by Xia Xibei, it was because he had no defense at all that she had gotten the better of him.

Now he was mentally prepared, but she still wanted to defeat him?

Although her strength was quite strong, strength did not mean everything.

Without enough skill, it was impossible to defeat him.

After all, he had been in the military for many years. How could this girl defeat him so easily?

Thinking of this, he sneered, "In that case, let's give it a try?"

“Sure.”

Xia Xibei did not flinch.

In fact, before coming over, she wanted to keep a low profile and train properly.

After all, this was not her own territory, so there was no need to be so high-profile.

It was easy to be hated if you were too high-profile.

She went into the cast to shoot, to get on good terms with everyone, and it would be better to spend the time happily afterwards.

To her surprise, she was targeted by Masen as soon as she came in.

If she was just an ordinary girl, she would be crying right now.

In this situation, if she continued to be modest and low-profile, who knew how else Masen would target her?

She didn't understand why Masen didn't like her, but if he dared to do this to her, he had to be prepared to suffer the consequences!

If she didn't teach him a good lesson, he wouldn't know how things really worked!

Looking at Xia Xibei looking so confident, Masen sneered in his heart.

"Okay, then let's start!"

"OK."

The others looked at each other.

How did this lesson suddenly turn into a sparring session for them?

This development was too strange, right?

The others were puzzled, but they still obediently moved out of the way.

They were also curious whether Xia Xibei had any real skills or not, and to what extent she was capable.

Of the man and woman in front of them, one was tall and strong, while one was slim and weak. The contrast was really too obvious, so obvious that everyone could not help but sympathize with Xia Xibei.

This wouldn't turn into a disaster, right?

A male star named Clarence spoke, "Everyone is just learning from each other here, don't over do it."

"Don't worry, I won't," Xia Xibei smiled at him.

Clarence froze for a moment, dazzled by her smile.

This asian girl was too beautiful!

Watching the interaction between the two, Masen's expression became even colder.

It was amazing how she could seduce people here!

Of course, it was okay if she wanted to seduce someone with a girl's wiles. What Masen couldn't stand was that she dared to boast that she could beat him!

In that case, let him teach her a lesson!

"Let's begin!" he said in a deep voice.

"OK." Xia Xibei nodded, and her expression took on a little more seriousness.

“Start!”

The others were the judges and shouted start.

Then, the two of them rushed towards each other.

As the crowd watched, Xia Xibei’s feet clicked on the ground, as if there was a trampoline underneath. She rose up in the air, landed her legs on Masen’s shoulders, clamped around his neck, twisted her legs fiercely, and spun her body around.

Then, Masen fell to the ground with a thick falling sound.

Everyone was dumbfounded.

WTF? What kind of move was this?!

She was so skinny, yet she was able to pluck Masen up from the ground and then throw him to the ground?!

**Chapter 1360: Where Did the Expert Come From**

Masen, who fell to the ground, was even more shocked.

In his anticipation, he would be giving Xia Xibei a tough lesson.

Now, the result left him dumbfounded.

The one who ended up being taught a lesson was actually himself!

He was so much bigger than Xia Xibei, and his weight was in a different league. Although there was a saying in Hua that four taels of weight could make up a thousand pounds, he had never seen it before.

!!

He was lying on the ground, and his face was becoming very interesting shades of red, orange, yellow, green, blue and purple, changing in turn.

Xia Xibei had stood up, smiling and arching her hand toward him.

“Thank you.”

The crowd was dumbfounded.

What kind of divine figure was she? This was too awesome!

It was like they had just watched a movie, and it was a movie of a beautiful woman fighting a monster.

Moreover, this was no planned fight and there were no special effects. It was real!

Where in the world did the director find this scary actor?

When everyone was shocked and confused, a burst of applause rang out.

Everyone turned their heads to look and stared in unison.

Carl Smith came over, followed by Cecil.

As the director of the film, Carl certainly cared a lot about the performance of the actors.

In order to make the actors do better, he hired a retired instructor like Masen to be a coach, just to make everyone better.

Xia Xibei came over today, so of course he had to come over and check it out.

Although he knew that Xia Xibei knew kung fu, he was still worried about her performance. After all, Masen was not to be messed with.

He didn't expect that he would see such a scene.

Xia Xibei actually took down Masen, who was so tall and strong!

Looking at her expression, she was still very relaxed!

In other words, Masen was no match for her.

At this moment, he finally understood what Cecil had said earlier.

This girl was not ordinary!

"Hello, director."

Everyone immediately greeted him.

Carl walked over with a smile, first smiled at Masen, and then looked at Xia Xibei.

"How is everything? Have you adapted?"

The corners of everyone's mouth couldn't help but twitch at this question.

Could she adapt?!

That was a question for them!

They were all terrified by Xia Xibei!

Where did this King Kong Barbie come from?

“No problem,” Xia Xibei nodded with a smile, looking very innocent and cute, without any sign of the ferocity she had just shown.

“Then...”

Carl’s words had not finished when Cecil also came over.

“Let us know of any problems, we will definitely help you!”

The others knew the relationship between Carl and Cecil and knew that they were brothers.

Seeing that Cecil was so enthusiastic about Xia Xibei, everyone looked at each other.

It seems that this little Hua girl had a different status!

"It's okay, I'm fine here," Xia Xibei smiled and shook her head. "Don't worry, I will learn well from the coach."

When these words came out, Masen's face turned red.

If it was before, there was nothing wrong with this statement.

Now, after being put down by Xia Xibei, the words seemed ironic.

Carl pulled back Cecil, who still wanted to speak, and said to the group, "I just came to see you all, keep up the good work."

The actors were training, and as the director, he couldn't be idle.

He had to follow up on other aspects of the preparation. After all, the shooting of a movie was not only the work of the actors, but also a lot of behind-the-scenes work.

Almost all of those present were actors, whose emotional management was very skilled, and everyone smiled and nodded at him.

The two quickly walked away, leaving the crowd in varying moods.

After looking around the circle, Masen held back his frustration and glared at them.

“All right, let’s keep learning!”
