

Chapter 1381: Getting Drunk

Xia Xibei was only 18-years-old, and although she was already an adult, she was not yet old enough to drink in M.

However, as long as no one talked about it, no one would care about such things.

Moreover, today she was obviously in a bad mood, so she had the idea of drinking to drown her sorrows.

Before anyone could react, she had a drink!

Well, she already drank it. What else could they say?

!!

They could all see that she was definitely hurt by love, and in this case, they couldn't stop her.

So, everyone just watched as she raised the bottle and started drinking.

By the time they grabbed the bottle down, the bottle of wine was already half gone.

Moreover, she was obviously much slower after drinking.

Her expression was a bit dull, her eyes were empty, her expression was sluggish, and she made one feel pity for her.

“Don’t drink anymore!”

Seeing her getting drunk, Nora got anxious and pulled her back to prevent her from continuing.

“No, it’s okay! I want to drink!”

Xia Xibei waved her hand and spoke sluggishly.

Nora was exasperated and laughed.

She was so drunk, and she said she was fine?

“Forget it, I’ll take her back! You guys take your time,” Nora stood up.

“No need!” Benny immediately stepped forward. “I have a room over here, let her rest there! Besides, if we go back like this, and if the director finds out...”

This comment made everyone look at each other.

Yes! Going back like this, if the director and Xia Xibei's agent knew she had been drinking, they would definitely be angry.

Moreover, they were out on leave today. There was no need to be criticized by the director because of this matter.

Thinking of this, Nora nodded her head.

"Then... Fine, I'll take her over to rest."

"Good." Benny nodded, "I have quite a lot of rooms here, enough for her to rest."

Nora helped Xia Xibei, whose expression and movements were much slower, but still very well-behaved, go upstairs.

She could not help but sigh, "This girl is just too young, and has not experienced much. It's just a relationship! What's the big deal?!"

For Nora, there were so many men in this world, there was no need to get hung up on one.

"You know she's young, it's normal that she can't come out of it for a while," Benny followed and agreed.

The two of them took Xia Xibei to the room.

The guest room was large and the bed inside was also quite big.

Nora helped Xia Xibei to the edge of the bed, let her sit on it, took off her shoes, and made her lay down.

After being tossed around like this, in a short while, Xia Xibei had fallen asleep.

“Luckily, she didn’t go crazy after being drunk.” Nora breathed a sigh of relief. “Otherwise, it would have been difficult to deal with.”

The most fearful thing was the person who acted crazy with alcohol; that was simply too scary.

Even though she was drunk, she was still a good girl. How cute!

Looking at her rosy face, Nora couldn’t help but sigh, “Such an amazing girl. Who on earth knows so little about cherishing her?”

Benny laughed, “The kind of person who knows too little about cherishing.”

“I’ll stay here and keep her company,” Nora said.

Benny shook his head, “No need. It’s still so early, what are you doing guarding her? Besides, it’s safe here.”

The party had just started and Xia Xibei was already drunk.

If Nora was here to guard her, the night would be wasted.

After being persuaded by Benny for a while, Nora finally nodded, “Okay then.”

Anyway, nothing would happen here.

So, the two of them left the room.

In the room, the sleeping beauty was sleeping soundly.

Half an hour later, there was a movement at the windowsill.

Chapter 1382: Beat Somebody At Their Own Game

This was a small two-story house, and the room that Xia Xibei was in was on the second floor.

However, the balcony outside was not too high from the ground.

Now, a person climbed up from there.

Soon, the man reached the bedside.

Looking at the sleeping girl on the bed, he showed a sinister and sleazy smile.

!!

Then, he took out a small bottle from his pocket.

The small bottle contained some liquid.

He opened the lid, then opened Xia Xibei's mouth, about to pour the liquid in.

When he was about to succeed, the girl in front of him suddenly opened her eyes.

The movement was too sudden, it was as if she was haunted. She scared him, especially in the dim night.

He drew in a breath.

Before he could react, he felt a blackness in front of his eyes, and the girl in front of him sat up.

Then, he felt a pain in his body. He was dizzy and fell on the bed.

When he fell on the bed, his hands were empty and his things were gone.

His face suddenly changed and he panicked.

Before he could do anything, he felt Xia Xibei give him a hard slap on his body.

Then, he couldn't move.

His eyes were wide and he was horrified to the core.

Xia Xibei opened the bottle she got from the man and smelled it.

Then, she smiled.

It was really good stuff.

Then, she poured the liquid into the man's mouth.

The man whimpered, but could not resist.

He didn't know what kind of magic Xia Xibei had used, but he couldn't move!

It was simply too terrible.

So, he could only passively swallow the liquid.

His eyes were so wide that they almost came out of their sockets.

He soon sensed that something was wrong. His body was suddenly surging with a dry heat that could not be released.

At this time, he also finally understood what it was.

Although he had been sent to do this, he wasn't sure what it was.

Now, it seemed that this was definitely a date rape pill!

Moreover, this girl, who was supposed to be asleep, was actually fine!

She obviously already knew everything!

Thinking of this, the man became even more desperate.

Xia Xibei poured the liquid into his mouth before putting the bottle back into his pocket.

The reason Xia Xibei would pretend to be drunk was, of course, to draw out the people behind this.

Needless to say, when she first received the email, she was furious.

Who wouldn't be angry when their own boyfriend betrayed them?

However, she quickly calmed down.

She knew that it was definitely someone messing around.

Although Qiao Yanjue was very impatient every time she called his phone after that, she knew that it wasn't Qiao Yanjue.

She used other phones to contact Tang Luo afterwards and asked Tang Luo to check for her, and found out that Qiao Yanjue's phone had been tampered with.

Every time she called Qiao Yanjue's phone, it would be transferred to another place, and the person there used Qiao Yanjue's voice to fool her.

If anyone else had found out that their boyfriend was so cold to them and that there had been cheating evidence in place, they would have broken down long ago or just broken up.

However, Xia Xibei was not so simple.

Moreover, the email also revealed the truth of the matter.

Qiao Yanjue has long known her true identity. It was absolutely impossible for him to say that she was “not a rich girl.”

After all, she was the real daughter of the Qi family.

Xia Xibei did not even need to find other evidence. Just this sentence alone was enough to sober her up.

However, she did not expose the truth, but used the plan for her own purpose.

Now, the people who set her up finally came to the door.

Chapter 1383: A Familiar Routine

Xia Xibei didn't expect that Benny would be one of them.

However, it didn't matter. No matter who it was that dared to make a move on her, they would have to suffer the consequences.

When Benny invited her to come to the birthday party, she agreed.

When she arrived, she even took the initiative to drink.

Those drinks were actually consumed. However, this amount of alcohol was just child's play for her.

!!

With her strength, it couldn't be easier to shield the influence of these drinks.

However, her acting skills were still very good.

So, everyone was deceived.

She was then helped to the room and waited for the next step.

Sure enough, someone came and brought drugs over.

After taking these drugs, one couldn't control their movements and would have intense desires.

This was specifically for her!

Thinking about this, Xia Xibei couldn't help but laugh.

This kind of tactic... She had just experienced one not long ago!

That time, Qiao Haoming and the others tried to use this trick to force her to give in.

In the end, Xia Xibei personally taught them to behave.

Since taking these pills, Qiao Haoming's body has changed.

He was into girls before and his body couldn't stay away from them. However, after that time, he changed his sexual orientation.

Although his mental choice was a girl, his body chose the same sex.

Even now, Qiao Haoming was still not free from these influences and only had boyfriends. Now these people were trying this again?

Huh?!

Xia Xibei was laughing about it when she suddenly stopped.

This routine was too familiar!

So familiar that she couldn't help but wonder what was inside the bottle.

She took the bottle out, and carefully smelled it again.

In order to be more clear about the ingredients inside, she also carefully took a small sip.

She put the liquid in her mouth and tasted it carefully, and her expression became serious.

This drug had several ingredients that were the same as the last one!

Although the effect of the drug was not as ferocious as the last one and would not cause permanent effects, these ingredients were very difficult to find.

Moreover, the ingredients were so similar...

No one would believe that they weren't connected!

Xia Xibei's eyebrows were tightly locked and her expression was serious.

Just who was targeting her?

Several candidates popped up in her mind.

Although she didn't want to fight with the world, the problem was that even though she didn't want to fight others, others wanted to fight her!

So, there were quite a few people she offended.

Right now, the biggest suspect was Qi Xin.

No one but Qi Xin should hate her that much, right?

Thinking of this, Xia Xibei was shocked again.

Qi Xin was unlikely to have the ability to do so, but Ling Juan could!

Yes, Ling Juan!

Xia Xibei drew in a breath.

This must have something to do with Ling Juan!

Qi Xin was Ling Juan's daughter, and Ling Juan would definitely do something drastic for Qi Xin.

Moreover, Ling Xiao had told her before that Ling Juan had a knack for medicine.

After so many years, Ling Xiao's strength had not improved much because of her health, but what about Ling Juan?

Xia Xibei mentally connected these things and quickly came up with a terrible guess.

Everything was connected to Ling Juan!

Thinking of this, she glanced at the man who could not move on the bed.

Whether it was or not, she would find out.

Chapter 1384: To be Enjoyed By All

Being drugged, the man on the bed began to make strange noises.

Xia Xibei raised her eyebrows and gave him another pat, and he lost his voice.

The room was dim, and only the streetlights outside were still a bit bright.

However, this was not a problem for Xia Xibei.

She didn't turn on the lights, she just hid and waited quietly.

!!

After ten minutes, there was a sound at the door.

Someone was coming.

Soon, the door opened and a figure walked in.

The visitor also did not dare to turn on the light, but wobbled a bit, as if drunk.

He swayed and walked to the bed, then stood for a while, before reaching out to touch the person in the bed.

He was relieved that there was someone in the bed, and that the person was asleep.

Soon, the visitor lifted the covers and lay down on the bed.

Just as he lay down, a black shadow appeared in front of him.

Then, he felt a tap and lost consciousness.

After knocking Benny unconscious, Xia Xibei grabbed one man in each hand, went to another room, and threw them onto the bed.

Benny woke up with an unfamiliar man's voice in his ear, and it sounded strange.

His heart immediately jumped.

Before he could react, the man next to him had already hugged him and started rubbing against him.

Being hugged by a strange man, Benny's goose bumps rose up.

If he didn't have any sense, he might have already shouted out.

What the hell is going on here? Who the hell was this?

He tried to push the man away, but after taking the drug, the man's strength was more than his.

A moment later, he found himself in the man's arms and his lips blocked.

Benny was wide-eyed and startled, whimpering and struggling, but he couldn't fight off the man, even after he had been drinking.

This man was not an ordinary person to appear here. It was not difficult for him to deal with a big man like Benny.

In addition, the man took drugs and was hyperactive; Benny simply could not break free of him.

Seeing that things were about to develop in a terrible direction, Benny was desperate.

The next second, he couldn't help but close his eyes as the lights in the room suddenly came on.

It took him a while to get over the blinding light.

He was stunned just looking at the person in front of him.

Xia Xibei? Shouldn't she be lying in bed?

Turning his head again to look, he almost lost it.

This was indeed a man, and a very tall and strong one at that.

Benny was not skinny, but in front of this man, he looked like a wimp.

By now, his clothes were gone, and the man was hugging him and rubbing him all over.

What was even more alarming to him was that Xia Xibei had a cell phone in her hand!

“What are you doing?!” he asked, looking at Xia Xibei in horror as he scrambled to stop the movements of the man beside him.

Wasn’t Xia Xibei already drunk?

Looking at her now, there was nothing wrong with her!

Strange thoughts rushed through his mind, making him unable to hold on.

“I should be asking you, why did you come to my bed?”

“I... I’m drunk!”

Benny did not even know he had changed rooms and could only subconsciously defend himself.

“Drunk?” Xia Xibei laughed and went back to taking pictures.

“Stop taking pictures!” Benny’s face turned pale as he frantically refused Xia Xibei’s shots.

“You’ve got a nice body,” Xia Xibei laughed. “Such a nice figure should be appreciated by everyone together.”

These words made Benny’s face change abruptly.

“How dare you?!”

Chapter 1385: Indeed an Enemy

“Why wouldn’t I dare?”

Xia Xibei raised her eyebrows and stood at the edge of the bed, looking at him from above.

Benny was very anxious, but he couldn’t break free.

The strength of the man beside him was too great!

Xia Xibei did not stop and continued to take several pictures.

!!

“If you tell anyone, I’ll call the police!” Benny shouted anxiously.

“Oh,” Xia Xibei calmly, “You can call the police. Anyway, you have no evidence.”

The reason she switched to this room, of course, was to create an alibi.

Everyone knew that she was drunk and fell asleep in the room.

When she went back to sleep later, everyone would naturally not suspect her.

Then, she would not be present at the time of the crime. By then, even if the police came, they would not investigate her.

Even if Benny risked it all and said she did it, she could sue him for slander.

She was a guest. It was too ridiculous for her to do something at the host’s house, right?

Benny was dizzy, but that didn't mean he didn't understand the situation here. He was in a cold sweat.

"Let me go! I'll tell you whatever you want to know!"

He made a snap decision immediately.

Having trained with Xia Xibei before, he had already seen Xia Xibei's strength.

Therefore, he knew very well that Xia Xibei did what she wanted.

It would be a great loss to his fame and fortune if he were affected by all this.

Therefore, he decisively gave up this plan.

"Really?" Xia Xibei put down the phone. "Are you sure?"

"Yes!" Benny was anxious. "Get him away from me first!"

The man's movements were getting crazier and crazier, Benny's clothes had all been pulled off, and he felt like he was going to suffocate.

Xia Xibei nodded, then reached out and tapped the man.

“Okay.”

Looking at her immobilizing the man with just one tap, Benny was even more appalled.

What kind of demonic art was this?

This was simply amazing!

Was she using some kind of drug?

Thinking about it, Benny looked at Xia Xibei with even more fear.

What the hell had he been smoking that he dared to do such a thing?

As the Hua people said, did he get the nerve from eating a bear’s heart?

The man beside him couldn’t move, and Benny immediately pushed him away and climbed to his feet.

Xia Xibei let him move and made no movement.

Benny wanted to rush out, but after meeting Xia Xibei’s calm eyes, he didn’t dare to act rashly.

He believed that Xia Xibei would not be slower than him, and he simply could not overpower Xia Xibei.

Finally, he conceded.

“What do you want to know?”

“Who told you to do it?”

Xia Xibei cut to the chase.

“Um...”

“Don’t want to tell me?” Xia Xibei shook her phone.

“I’ll tell you!”

Benny’s face changed and he gritted his teeth and told the whole story.

“It was a woman named Fanny who approached me, saying that she would team up with me to do this.”
He looked dismayed. “I agreed.”

“Fanny?” Xia Xibei was puzzled. “Who is she?”

“I’m not very familiar with her, but she seems to be from Hua.”

Xia Xibei’s heart skipped a beat, “How old is she?”

“In her thirties.”

With those words, Xia Xibei immediately understood that it was Bai Meixue.

Sure enough, she was one of her enemies.

She just didn’t expect that Bai Meixue would have such ability when she just arrived here, and could even make Benny listen to her bidding.

“I just lost my mind for a while, that’s why I did such a thing.” Benny explained anxiously. “Please don’t tell anyone about this, please!”

Xia Xibei laughed, “If you listen to me, I can consider it.”

Chapter 1386: Plan Succeeded

That night, Benny sent a message to Bai Meixue that it had been taken care of.

Bai Meixue showed a big smile after seeing this message.

It seemed that the plan was successful this time!

With a successful plan, it was time to move on to the next step.

“Is there a photo?”

!!

After the mental high, Bai Meixue had this as an afterthought.

“No,” Benny replied, “It was a bit of an emergency and I was afraid others would come over, so I didn’t have time to take pictures.”

This made Bai Meixue very regretful.

If there were photos, it would be even better.

However, they could fake the photos!

Thinking of this, Bai Meixue became even more exhilarated.

She immediately contacted Master Lu and told her the news.

“Master, it worked!”

Master Lu, also known as Ling Juan, had a calm face.

“Alright.”

After hanging up the phone, she showed a smug smile and looked victorious.

It had taken them a lot of time and effort to put this plan into effect this time.

First, they let Qiao Yanjue “cheat” to influence Xia Xibei’s mood. After that, they used the opportunity of Benny’s birthday party to drug her, so that she hooked up with Benny.

Once something happened with her and Benny, Qiao Yanjue would be devastated.

When two people were apart, it was difficult to explain any misunderstandings at the right time, and it was also the easiest to take advantage of the situation.

After this matter became final, there would definitely be conflicts between the two people.

After all, Xia Xibei cheated on Qiao Yanjue. He must be devastated!

No man could be forgiving in the face of such things.

In this case, the conflict between the two people would become true, and the two people would definitely break up.

Once they broke up, it couldn't be undone afterward. After all, the rift already existed. This kind of thing would become a thorn in their heart that could not be removed.

Even if Xia Xibei knew the truth after the breakup, it would be too late.

Moreover, this would instead cause a more serious blow.

She would regret not trusting Qiao Yanjue before.

If there was more trust, it would not have come to this point.

Girls were easily affected by their feelings, they did many things that could not be undone.

Even Xia Xibei was not immune.

She was so exceptional and talented before, but once she was affected by her feelings, there was no telling how long it would take her to get over it.

Normally, she might be able to ease up after spending some time.

Did she have this chance?

Thinking of this, a cruel smile appeared on Ling Juan's face.

However, she did not immediately believe Bai Meixue's statement. After all, she knew that Xia Xibei was not easy to deal with.

She had set up several traps against Xia Xibei before, but they all ended up in defeat.

So, she didn't dare to believe in this matter so quickly.

Soon, the man she had sent to assist Benny returned with the same good news.

The man was her assistant and helped her with a lot of private matters.

Moreover, he was also reliable.

After confirming the news from the man's mouth this time, Ling Juan was finally satisfied.

In the next two days, she also received the news that there was a strange atmosphere between Xia Xibei and Benny on the set.

Strange was right!

Soon, Qiao Yanjue received an email.

The content of the email made his face suddenly change.

That day, many people noticed that Qiao Yanjue's face was very unpleasant, as if it glowed a little green!

Chapter 1387: Breakup

Qiao Yanjue's change soon caught the attention of the whole company.

Everyone in the company knew that their Boss Qiao was particularly handsome. Many girls could not wait to be noticed by him and then become Mrs. Qiao.

However, he had always been very aloof and rejected them.

Nevertheless, this didn't dispel the yearning in everyone's heart.

There were many CEOs, but where would they find a brilliant and handsome one like this?

!!

So, even if he was very serious, everyone felt he was very handsome- much more handsome than those bald and pot-bellied CEOs!

However, there were rumors in the company that he already had a girlfriend, and the two of them were very close.

Someone went into the office one time and happened to hear him chatting with the other person with a gentle tone, not at all like how he was cold and serious with them.

How could this not be his girlfriend?!

When this news came out, many girls were disappointed.

Why was such a good man already taken?!

However, in the past two days, people noticed that Boss Qiao's reaction was strange.

Although he was always very busy before and his expression was serious, that was a normal attitude.

These last two days, his expression was very scary, as if he wanted to destroy the world!

It couldn't be that something happened with his girlfriend, right?

This idea quickly spread and immediately became the consensus of everyone.

The company was developing quite well, and the new material was making a big profit. His career had no problems.

Then, only his feelings were a problem.

One day, someone else overheard him yelling at the other end of the phone with a very angry look.

Finally, there was a "break-up!"

The girls felt bad for him, but at the same time, they felt hopeful.

Now that he was single, wouldn't they have a chance?

However, before they could act, they found out that he had a close relationship with other girls.

Previously, he was busy working every day, but in the past few days, he uncharacteristically left the office early, while the next day, he came in with a haggard face.

Wasn't this the look of someone being hurt by love and then drowning one's sorrows?!

Everyone was even more heartbroken.

For a while, there were more rumors in the company.

Looking at him so lost, who wouldn't be heartbroken?

He was obviously such a proud person before!

Who on earth could hurt him so much? It was too much!

After receiving these messages, Ling Juan was even more satisfied.

Sure enough, her trick had worked.

Exactly! How could this kind of trick not work?

Emotions hurt the most.

She was also hurt emotionally back then, and that was why she became what she is now.

At this time, Ling Juan received a call from Bai Meixue.

During the call, Bai Meixue said she wanted to teach Xia Xibei another lesson.

“More lessons?”

Ling Juan raised her eyebrows.

She certainly had a follow-up plan that would make Xia Xibei unable to recover. However, she was also curious as to what Bai Meixue wanted to do.

“Right.” Bai Meixue’s voice on the other end was cold. “If we don’t

teach her a lesson, how could it be worthy of our suffering all this time?”

Ling Juan smiled, “It is indeed necessary to teach her a lesson. Do you have any ideas?”

"I want to make her take something she shouldn't!" Bai Meixue sneered, "By then, her life will be ruined!"

These words made Ling Juan even more satisfied.

She really did not misjudge the person. Bai Meixue was more ruthless than she thought.

However, Bai Meixue thought a bit simplistically.

After all, Xia Xibei was now a member of the Qi family. Even if she was tainted with poison, that side could help her detoxify it.

"So, I need your help."

Bai Meixue knew how powerful Ling Juan was.

"Okay," Ling Juan decisively agreed.

Chapter 1388: Where Is the Child?

Ling Juan and Bai Meixue arranged to meet at a very secret restaurant.

When Ling Juan arrived, Bai Meixue was already waiting. When she saw her coming, she stood up.

“Master Lu.”

Bai Meixue was very enthusiastic.

“Well, have a seat,” Ling Juan nodded and sat down as well.

!!

“I’m sorry to trouble you to make a special trip,” Bai Meixue had a flattering smile on her face, “But it can’t be helped.”

She showed a sad face, “If I rely on myself, there is no way to make that little bitch suffer. I can only rely on you, Master Lu!”

Ling Juan looked up haughtily, “It’s okay, we’re all in the same boat. Of course we have to collaborate.”

“Yes! We are in the same boat!” Bai Meixue immediately nodded. “Master, do you have anything good on hand?”

Bai Meixue gritted her teeth, “The things I can find are not very effective. I think that little bitch must be able to find ways to fix it. If that’s the case, she’ll be wary next time!”

Ling Juan thought so too.

She knew more than Bai Meixue.

Xia Xibei was a child of the Qi family and was not bad in her own right.

If an ordinary drug was used, she would probably find out. Only with a special enough drug would it work.

"I do have something good." Ling Juan took out a small bottle from her bag. "Don't touch what's in here."

"What is this?"

Bai Meixue looked at the bottle with a curious face.

"Of course, it's good stuff." Ling Juan had a crazy smile. "If she takes it, it will stop her from acting up!"

"It's that good?"

Bai Meixue became even happier.

"Of course," Ling Juan nodded, "These things have to be added to the drink so she won't find out."

With Xia Xibei's current situation, she simply didn't have the heart to pay attention to too many things, so it was easier to succeed.

"Good!" Bai Meixue also nodded. "I'll make sure it's done properly!"

Ling Juan nodded her head.

She still had confidence in Bai Meixue.

This woman had a sinister character, and she could also endure.

Otherwise, her daughter would not have stayed in the Xia family for eighteen years.

If Xia Xibei's strength was not so special, things would not have developed to this point.

"By the way, I have a question," Bai Meixue put the bottle away carefully while speaking.

"What kind of question?"

"Um...." Bai Meixue asked carefully, "I was thinking, in this matter, in addition to Hanhan and Xia Xibei, there should be another girl, right? "

Ling Juan raised her eyebrows at her. "What are you asking?"

"I just suddenly thought of this question." Bai Meixue smiled, "I just want to ask, is that girl still alive now?"

"I don't know." Ling Juan shook her head straight away.

"Don't know?" Bai Meixue drew in a breath. "She..."

"How would I know?" Ling Juan was impatient. "I threw her away long ago, how do I know where she went?"

To her, the girl's life had nothing to do with her.

At first, she wanted to kill Xia Xibei, but, in the end, she had given up.

It was too easy to let Ling Xiao's child die like that. Letting Ling Xiao's child live a worse life than her own was the right thing to do.

So, Ling Juan did not hurt Xia Xibei.

After taking away Chang Qianzi's child, she did not bother with the child but simply threw that child away.

As for whether that child was dead or alive, it was up to the child's own luck.

"What are you asking so much for?" she squinted at Bai Meixue.

"Oh, I'm just asking," Bai Meixue laughed dryly.

Chapter 1389: Got Away

Ling Juan waved her hand, "All right, you don't have to worry about these things. Taking good care of this matter is the priority."

"Yes! I know! I will definitely handle it properly!" Bai Meixue nodded heavily.

"Okay, I'll go to the bathroom first."

Ling Juan got up and walked out.

Bai Meixue didn't stop her, but stayed in her position to think.

!!

After waiting for a while, Ling Juan didn't come back.

Bai Meixue looked confused.

Then, she called Ling Juan.

However, the call did not go through and no one answered at all.

She called twice more, but no one answered.

Bai Meixue had a strange feeling.

After waiting for another ten minutes, Ling Juan still didn't come back.

Now she knew that the situation was not right!

Bai Meixue took the bottle out of her pocket, opened the lid, and the smell of the drug inside made her frown.

This was indeed the drug brought by Ling Juan, and it also had the ingredients of the spirit plant Cold Heavenly Chi in it.

Cold Heavenly Chi was a basic-level spiritual plant that could deal a serious blow to the immune system.

If one took such a thing, the body's immune system would collapse and one would not be able to continue cultivating.

Unless the antidote, which was a high-level spiritual plant, was found, the person would be ruined.

However, in this world, such high-level spiritual plants did not exist.

Therefore, this was poison with no antidote.

From this, she could see that Ling Juan was indeed trying to kill Xia Xibei.

If Xia Xibei was unable to cultivate and all her talents were gone, she would no longer be able to pose any threat to Qi Xin.

Even if things were exposed afterward, Qi Xin would not have had any problems.

After all, between a ruined genius and an intact genius, any fool would know which one to choose.

What a cruel trick this was!

A mocking smile appeared at the mouth of Bai Meixue- Xia Xibei.

Ling Juan was really evil!

However, where was Ling Juan?

It had been half an hour, Ling Juan must have come out of the bathroom already.

She immediately got up and went to look for Ling Juan's whereabouts.

She searched all the restrooms in the mall, but Ling Juan was nowhere to be found.

Ling Juan had escaped!

Xia Xibei's brow furrowed and realization dawned on her.

Ling Juan should have found out her true identity and fled.

She just wondered, when did Ling Juan find out her identity?

Xia Xibei had found out Bai Meixue's movements from Benny before.

So, she chose to return the favor.

Previously, Ling Juan and Bai Meixue had used forged evidence to deceive her, so she could turn the tables on them as well.

So, Xia Xibei pretended to be Bai Meixue and contacted Ling Juan to meet her.

She had suspected that Bai Meixue and Ling Juan were still in contact, but after having Bai Meixue under surveillance for so long, she could not find any clues about their contact.

In addition, she had to train and had no time to deal with this matter.

This time, Bai Meixue couldn't resist making a move and was exposed instead.

Xia Xibei seized this opportunity and finally found a way to contact Ling Juan.

To Xia Xibei's surprise, Ling Juan was staying in M country.

No wonder she couldn't find Ling Juan's whereabouts in Hua. She was hiding here!

Still, Xia Xibei didn't expect Ling Juan would be so alert and just run away!

Xia Xibei couldn't help but frown. How in the world did Ling Juan notice the problem?

Obviously, her acting and voice were flawless!

Although she looked taller than Bai Meixue, with the cover of the table, the problem could not be seen at all.

Could it be that her question about Chang Qianzi's real daughter made Ling Juan suspicious?

Chapter 1390: Was It Found Out

Xia Xibei originally wanted to learn more from Ling Juan and wanted to make her stay afterward.

Unexpectedly, Ling Juan found out that something was wrong and escaped!

It was really a pity.

Xia Xibei's expression was gloomy, but on second thought, she broke into a big smile.

Although Ling Juan had found out the problem, it was good.

!!

As Xia Xibei thought, Ling Juan had indeed found something wrong with her identity.

When Ling Juan was talking to Bai Meixue, she vaguely noticed that something was wrong.

Why was Bai Meixue so curious about that child? There was no reason to be! They didn't know each other.

Besides, it was too late for her to think about such things after half a year.

Then, Ling Juan realized that this "Bai Meixue" seemed a bit tall.

Thinking about it, Ling Juan was immediately alarmed.

This was definitely not Bai Meixue!

She was probably Xia Xibei!

Although Ling Juan was not sure of the identity of this "Bai Meixue," except for Xia Xibei, no one would be interested in this matter.

So, she made a quick decision to leave immediately.

When she escaped, she breathed a sigh of relief.

Just as she relaxed, she drew in another breath and paled!

If that person was Xia Xibei, then wouldn't her identity be exposed?

Did Xia Xibei know her identity?

If not, why would Xia Xibei be so interested in what happened to that girl?

Thinking of this, Ling Juan's face turned pale.

Xia Xibei knew the truth?

If she really knew the truth, wouldn't she tell the truth about this matter, and then, wouldn't Qi Xin be in trouble?

Ling Juan's face was very interesting thinking about this.

How did Xia Xibei know about it? Who told her?

She couldn't have known!

Ling Juan was in a panic.

No, absolutely not!

If Xia Xibei exposed this, then all their plans would be ruined!

Ling Juan was pacing around the room. After a while, she suddenly stopped.

Maybe she was thinking too much, things hadn't come to this yet!

Besides, Xia Xibei didn't know her, and her identity to the public was "Master Lu," not Ling Juan.

Moreover, when she went over there today, she was also in disguise. Even Bai Meixue did not know her real face.

So, Xia Xibei definitely wouldn't know about this! She might just be feeling it out!

Besides, even if Xia Xibei suspected something, so what? She could just deny it!

Yes! Absolutely!

Even if Xia Xibei wanted to take a paternity test later, she could always mess up the whole thing!

Ling Juan was relieved to have made this decision.

However, Xia Xibei could not stay alive!

Only after Xia Xibei was taken care of could Qi Xin have no worries.

Thinking of this, Ling Juan couldn't help but feel sorry for what she had given to Xia Xibei.

It was a treasure that she had spent a lot of effort to get!

Ling Juan's face was white, blue, and black, constantly shifting, more wonderful than a neon sign.

No, they couldn't wait any longer!

Thinking of this, Ling Juan immediately contacted Qi Xin.

When she talked about it, Qi Xin immediately drew a breath.

"Xia Xibei knows about it? How is it possible?!"

Ling Juan's voice was weak. "I'm not sure, but she's acting strange today. I think maybe she knows..."

“Didn’t you say there was no problem?! How could it be found out?!” Qi Xin couldn’t help but scream.
