

Chapter 1391: I'll Do It Myself

Ling Juan carefully coaxed her daughter, "Don't be anxious, I'm just guessing..."

"What do you mean by guessing?!" Qi Xin jumped to her feet. "This is already a problem!"

With Xia Xibei's brains, she must have found something wrong here.

If Xia Xibei revealed this matter, then what could be done?

Thinking of this, Qi Xin's hands and feet were cold.

!!

If the matter was exposed, her life would be over.

No way! Absolutely not!

"I don't care! Hurry up and fix this!" Qi Xin said in an angry voice.

"You... Don't worry, I'll take care of it."

Ling Juan whispered, without a bit of confidence.

"It's all your fault!" Qi Xin couldn't help but complain, "If you had done a proper job back then, it wouldn't have turned out like this now!"

Ling Juan could not help but laugh bitterly at these words.

The feeling of being blamed by her daughter was really too unbearable.

However, she also deserved it.

If she had dealt with Xia Xibei directly back then, there wouldn't be this kind of thing now.

"It's my fault," she hurriedly admitted her mistake. "Don't worry, I will definitely take care of this matter properly..."

"Forget it, you can't be the only one to be counted on," Qi Xin frowned. "I'll think about it."

It had been so long, and Ling Juan still did not find the right opportunity to fix it. She was simply not very efficient!

If they relied on Ling Juan to solve the problem by herself, how long would it take?

Qi Xin would have to do it herself.

“Don’t rush it!” Ling Juan was immediately anxious. “I will handle it, don’t interfere!”

If what Qi Xin did was discovered, it would be troublesome.

Therefore, she didn’t want Qi Xin to get involved in this kind of mess.

If she didn’t have to, she just wanted to solve this matter herself.

Thinking of this, Ling Juan couldn’t help but regret her soft heart at first.

Otherwise, there would not be in this trouble now.

One mistake led to many more!

Qi Xin coldly snorted, “If I don’t intervene, do you think things can be resolved smoothly?”

If she didn’t intervene and only relied on Ling Juan, who knew what would come out of it?

It was not her style to sit back and wait for death.

“Xinxin-”

“All right, you do your job, I’ll do mine,” Qi Xin impatiently interrupted her. “I’ve got it. I’m an adult and know what I’m doing. You haven’t raised me, so don’t tell me what to do now.”

These words were like a sharp sword that had plunged fiercely into Ling Juan’s heart.

She did not expect that her daughter’s resentment toward her would be so strong.

However, if she hadn’t done such things back then, Qi Xin wouldn’t have been able to live such a good life.

Yet she still complained about it...

Even if Ling Juan had always felt guilty in her heart, she felt devastated now.

“Okay, I’ll hang up now.”

Without waiting for Ling Juan to speak, Qi Xin hung up the phone.

Looking at the hung-up phone, Qi Xin’s face was expressionless.

She didn’t have any feelings for Ling Juan.

If Ling Juan hadn't come out of nowhere and said she was her daughter, she wouldn't have bothered with such a random person.

Moreover, Ling Juan's moves were too weak.

It had been so long, and she still hadn't been able to fix Xia Xibei?

It was simply too disappointing!

Qi Xin looked up, saw the happy family photo of her family of three above, and a cruel smile appeared on her lips.

She would always be Qi Zhi'an and Ling Xiao's daughter!

As for the so-called biological parents and biological daughter, they could just go away!

Chapter 1392: Straddling Two Boats

Xia Xibei didn't know about the feud between Ling Juan and Qi Xin. She just had to take care of Xia Qinghan- Oh no, Bai Qinghan and Bai Meixue.

Qiao Yanjue had people keep an eye on the two, and although they could not find news of their contact with Ling Juan, after such a long time, they learned a few things.

For example, Bai Qinghan's feet in two boats.

When Bai Qinghan arrived here, she enrolled in a high school.

She looked pretty, even if her nationality was different, but Asian girls were very popular in these countries.

!!

After all, in the minds of many foreigners, Asian women were gentle, virtuous, and cute looking, so they were good as girlfriends.

Moreover, Bai Qinghan was also good-looking and showed good character, so she attracted a lot of suitors.

She chose two guys, probably to have people to fall back on.

One was a boy in the same school, a sophomore. One was a man in his twenties off-campus.

The two boys were in different places, and because she had good tact, she went back and forth between the two without any problems.

However, if these two men knew that she was in two different boats, it would be a tragedy.

Xia Xibei had someone check again, and then found something even better.

Bai Qinghan's boyfriend from the same school actually had another girlfriend!

This was really wonderful.

When Xia Xibei got the information, she couldn't help but sigh in admiration.

This plot was simply too much! It was a love quadrangle!

However, this was even easier to handle.

Soon after this information was sent out, Bai Qinghan fought with the girl.

When the girl found out that Bai Qinghan and her boyfriend were together, she was furious.

M country's girls were generally very spontaneous, but also very tough.

They could fall in love early, take their feelings very seriously, and break up if they didn't fit. However, falling in love was a matter of two people. Who wanted a third party to interfere?

So the girl, after finding out about her boyfriend's relationship with Bai Qinghan, beat the guy up.

Oh yes, this girl knew boxing. She was very tough.

After beating the guy, the girl went back to Bai Qinghan to settle the score.

So, Bai Qinghan was beaten up.

Then, the girl dug up those things that Xia Qinghan did.

For example, the many boys Bai Qinghan had emotional entanglements with.

There were only two men with whom Bai Qinghan had a definite romantic relationship, but she was also hanging onto other men at the same time.

Xia Xibei understood this kind of thinking.

When Bai Qinghan was in Hua, she was sought after by many stars and had so many fans.

However, when she arrived in M, all her previous glory disappeared, and the difference must have been hard for her.

She couldn't be a star here, so she could only look for her sense of presence from other men.

Having so many men chasing after her would make her feel that she was still the same person she was back then.

How wonderful to hang onto so many men and enjoy their passion for her!

However, it was only okay if this kind of thing was not found out. Once discovered, it was really a disaster.

The guy who originally had his feet in two boats suddenly found out that one of his girlfriends had the same thing!

This was simply too much!

At the same time, her boyfriend outside the school also received the news and came to the door. So, here came judgment day.

It was a very exciting scene.

Moreover, the incident was so bad that the whole school knew about it and made a big mess.

Chapter 1393: This Is Revenge

The incident was so big that Bai Qinghan's reputation was ruined.

Before, everyone thought she was very beautiful and had a good personality.

Now, people knew that she had a different side!

Those two men got into a fight, and the matter was so big that Bai Meixue was asked to go to school.

Finally, Bai Meixue had to transfer Bai Qinghan to another school.

!!

However, this was not something that could be completely solved by transferring to another school.

Among Bai Qinghan's backups, there were quite a few well-qualified boys. After all, she was into looks and didn't like those who were ugly.

Her previous experience also made her unable to pick ordinary men.

She was very picky and chose campus heartthrobs.

School idols like them naturally had a lot of suitors.

Not all of these suitors were so sensible.

Not all of them were girls, there were also many men.

One of these men had a very radical and extreme personality.

Seeing his idol being played around by Bai Qinghan, this man was so angry that he lost his mind.

So, the day after Bai Qinghan confirmed the transfer, she was attacked on the street.

A man came out of nowhere from the street and stabbed her several times with a knife!

Had it not been for a passerby who passed by and saved her, she probably would have died on the spot.

The man who did it was caught by the police.

Still, no matter what happened to the man, Bai Qinghan's situation was no better.

She had suffered serious injuries, and although she was rescued later, she was so badly injured that she may not be able to do more strenuous exercise afterward.

At the same time, her face also suffered damage, as the right side of her face was cut severely.

Even after it healed, it would leave a very deep scar.

If she wanted to take care of it, she would have to spend a large sum of money on plastic surgery.

When she found out she was disfigured, Bai Qinghan almost went crazy.

She never thought that her pride and joy would suffer such a serious injury!

Bai Meixue was also sad and upset.

Bai Meixue never thought that her daughter would meet with such a disaster!

However, when she thought about it, Bai Qinghan was really asking for trouble.

If she hadn't gone too far and provoked so many people, she wouldn't be so miserable now.

Now it was too late to say anything. They could only find a way to make money so that the scars on Bai Qinghan's face could be removed.

However, misfortune did not come alone.

One of Bai Meixue's previous investments in the industry had a mishap, and the millions she had invested in it were instantly lost!

In addition, her partner also canceled the collaboration with her.

The successive blows almost made Bai Meixue go crazy.

She did not have much money on hand. After all, she had paid Xia Xibei a lot of compensation before.

After leaving the country, she had to spend money all over the place, so she only had one or two million left.

Now, all the previous investments were lost and she lost her job, so where would she find the money for Bai Qinghan's treatment?

After being anxious, angry, and sad, Bai Meixue soon realized that all of this was Xia Xibei's doing!

Yes! This was Xia Xibei's revenge! Revenge for their previous bad intentions!

At this moment, Bai Meixue couldn't help but regret why she had thought that way before.

If she had been at peace, Xia Xibei wouldn't have sought revenge on them. After all, they had been abroad for so long, and Xia Xibei hadn't done anything to them.

However, because of their previous plots, Xia Xibei came to take revenge!

Such revenge really made them suffer!

Chapter 1394: Let Them Off the Hook

Bai Meixue and Bai Qinghan had been resenting Xia Xibei because of the previous incident.

If it wasn't for Xia Xibei, they wouldn't have need to run away to a foreign country in the dust, like bereaved dogs.

Everything was strange here, and it was especially hard for them.

They didn't even think that this was what would happen to them after they had done something wrong.

That was why they wanted to get back at Xia Xibei.

!!

In Xia Xibei's opinion, she was already very kind.

Due to them, she had lived a miserable life for decades.

Although the events of her past life had passed as if it was just a dream, she had, after all, suffered so many injuries.

In this case, she did not retaliate against them, which was already a great mercy.

However, they didn't feel that they had done anything wrong. Instead, they continued to attack her.

This was so... Wrong, right?

It seemed that they were still having too good a time to have the spare energy to think about these things.

So, she had to beat them down hard.

Not physically hurting them was already her bottom line.

As for the rest, she didn't think too much about it.

Besides, the fact that Bai Qinghan would encounter such things was also her own fault.

Sometimes, when one walked too much at night, one would encounter ghosts.

In a previous life, Xia Xibei's face was also destroyed once. After the second life, the pain left at the beginning was not so clear.

Now Bai Qinghan's face was injured too, it was also a cycle of karma.

Xia Xibei believed that after taking away all their money, they would not be free to come back to pick a fight.

Of course, if they came back, she would not be so kind again.

This was the last chance she gave them.

In fact, without Xia Xibei doing anything else, neither of them would have a good time.

Now, Bai Meixue's money was gone, and Bai Qinghan was injured and needed to spend a large amount of money on treatment.

It would take the two of them an unknown amount of time to recover.

They would not have the heart to continue to look for trouble, at least until Bai Qinghan's face was restored.

Of course, they could also choose to find a rich man to rely on.

However, this was not easy to operate.

Bai Meixue and Bai Qinghan were good-looking, so it was possible for them to find a man and get financial support.

Now that Bai Qinghan's face was injured and disfigured, things were not so easy. The thing is that the men here were not as easy to fool as those in Hua.

Due to the law, people here took their property very seriously.

If Bai Meixue wanted to find a man who could take care of her, there was little advantage, and she wouldn't get much money.

Besides, Xia Xibei wouldn't let her succeed that easily.

She had people watching the two and could destroy their plans as soon as they got word of it.

At that time, they would have no way to fight back.

With all this done, Xia Xibei put her mind back on training.

Their training had come to an end, and they would soon be shooting officially.

However, Benny withdrew from the movie.

Xia Xibei did not want to appear in the same production as him, it would make her feel sick.

Benny, of course, did not want to leave.

However, Xia Xibei had something on him, and if he disobeyed her, she would expose it.

In addition to the footage taken earlier, Xia Xibei had more evidence.

Under such circumstances, how could Benny dare to refuse?

He had to pay the director back for the cancellation of the collaboration, though!

In the end, Benny left with his heart in excruciating pain.

At almost the end of the training, Xia Xibei received a phone call from home and her face suddenly changed.

Chapter 1395: Car Accident

Qiao Yanjue had a car accident!

When she received this news, Xia Xibei thought that someone was joking with her.

Qiao Yanjue was obviously fine before, so how could he suddenly have a car accident?

Was it another fake message from someone? Just to trick her?

However, she immediately called other people but got the same answer.

!!

Qiao Yanjue was really in an accident!

The car he was riding in suddenly had an accident. He was seriously injured, so now he was in the hospital.

His arms and legs were injured, but the most serious injury was to his head.

He was still in a coma in the hospital.

Confirming this news, Xia Xibei's soul was shattered!

After she received the so-called email, she quickly contacted Qiao Yanjue by other means, and the two of them also set up this time.

Qiao Yanjue was very busy this time, but in order to cooperate with her, he did not care about his busy work.

After the two of them cooperated, they caught Bai Meixue and also found Ling Juan, although they didn't get much useful information.

However, the two worked well together and their relationship was always good.

How could Qiao Yanjue suddenly have an accident?

Xia Xibei was so frightened that her face turned pale.

On the phone, Liu Manhong's tone was a bit shaky. Qiao Yanjue's injury was serious. If he couldn't wake up, he might become a vegetable afterwards!

They searched for many doctors, but in the end, there was no useful solution.

At this time, they thought of Xia Xibei!

So, they immediately told Xia Xibei the news.

If Xia Xibei couldn't do anything, then Qiao Yanjue would be in a really bad way.

After knowing this, Xia Xibei immediately asked Pan Yan to arrange a flight back.

Fortunately, it was now the end of the training, and Smith also knew that she was in a hurry, so he immediately agreed to her trip.

She was able to postpone her entry to the set for a while after the shooting.

So, Xia Xibei flew back to Hua with Pan Yan and her assistant.

Just after she got off the plane, it was night. She didn't care about jet lag and was immediately rushed to the hospital.

When she arrived at the hospital and saw Qiao Yanjue's face through the glass, her eyes immediately got red.

Qiao Yanjue was now lying in a hospital bed, his body full of all kinds of tubes and connected to all kinds of instruments, and it was clear from a glance that the situation was not good.

When she saw Xia Xibei return, Liu Manhong immediately came forward. Her eyes were already red before she could say anything.

Liu Yiqin and the others also rushed over, but they had been here all day and now went back to rest.

“It’s okay, I’m here.”

Xia Xibei squeezed out a smile toward Liu Manhong despite the sadness in her heart.

Qiao Yanjue’s situation was indeed a bit dangerous, but as long as she stepped in, there was absolutely no problem.

Liu Manhong also thought of Xia Xibei’s ability, and had some more hope.

Okay, it’s up to you now...”

Lu Xiaohang pulled over Liu Manhong, shook his head at her, and did not let her say more.

Xia Xibei and Qiao Yanjue were, after all, in a romantic relationship, and emotionally invested. If they put pressure on her too, she might break down.

Liu Manhong understood what he meant and didn’t continue.

Xia Xibei took a deep breath and walked into the ward.

This ward had been prepared long ago, and the doctors and nurses here would not say anything about her presence.

However, the doctors and nurses were shocked to find out that Xia Xibei and the patient in the bed were boyfriend and girlfriend!

This was huge news!

If they hadn't signed a confidentiality agreement, they might not have been able to resist telling their friends!

Chapter 1396: Saving a Life

Xia Xibei didn't even have the heart to pay attention to the others, all her attention was on Qiao Yanjue.

She walked in, reached out to feel Qiao Yanjue's pulse, and frowned.

After a few minutes, she withdrew her hand.

The injury to Qiao Yanjue's bones was not a big problem; the issue was that he had suffered a strong blow to his head.

Moreover, he still had some drugs in his body, which were much more damaging and kept him from waking up.

!!

Even she needed some time to heal him.

Happily, his life would not be in danger.

Thinking of this, she pulled out her own silver needles and began the treatment.

Outside, the crowd was waiting anxiously.

Huo Zijun also rushed over, with a worried face.

“Is he going to be okay?”

He looked at the situation inside and couldn’t help but frown.

“Of course!” Liu Manhong rolled her eyes. “I was hurt so badly before, but I’m fine now!”

That’s what she said, but until Xia Xibei said it herself, she didn’t dare to relax.

The crowd waited outside and couldn’t help but chat.

“Have you found out what’s going on?” Liu Manhong asked.

Lu Xiaohang frowned, “We have some clues, but the situation is a bit complicated.”

“Who did it?”

Liu Manhong gritted her teeth.

This time, the vehicle driven by Qiao Yanjue had a problem.

The car had been tampered with and the brakes had failed, so he had no way to escape.

Thankfully, the car was in trouble but not on fire.

Otherwise, Qiao Yanjue would not just have had this injury, but maybe even had no bones left.

Thinking of this, Liu Manhong’s mood became even worse.

“Which bastard did such a thing!”

It was simply too hateful!

Who was so ruthless to do such a heartless thing?!

“Who the hell is it?!” Liu Manhong stared at Lu Xiaohang and asked.

Lu Xiaohang smiled bitterly, “This... It is better to wait until he wakes up.”

“Is it tricky?” Liu Manhong frowned.

“Yes, a little.”

Lu Xiaohang didn’t mince his words.

He was afraid that Liu Manhong would be so impulsive as to find someone to settle the score.

That person even dared to make a move on Qiao Yanjue, and would not worry about Liu Manhong at all.

If Liu Manhong went up against them, it would be like asking to fail.

Thinking of this, Lu Xiaohang could only stop talking.

However, Liu Manhong was not such an impulsive person. She looked at Lu Xiaohang's gloomy expression and frowned, then she could only curse twice.

"Let Yanjue wake up first, we can wait for other things."

Lu Xiaohang wrapped his arm around her shoulders and nodded his head.

Huo Zijun also had the same attitude.

Even Lu Xiaohang found it difficult to handle, let alone them.

It was better to wait for Qiao Yanjue to get better, or else more people would be injured, and that would be a headache.

The crowd waited outside, and after an hour, Xia Xibei still had not come out.

At this time, Liu Yiqin and Qiao Zhengyuan also came over.

They just went back to rest for a while and rushed over. After all, they couldn't let go of Qiao Yanjue in their minds.

When they arrived, they saw Xia Xibei inside and couldn't help but be surprised.

“She’s back? What is she doing?”

“She’s treating Yanjue,” Liu Manhong replied.

“What?” Qiao Zhengyuan frowned, his face hard. “She’s not a doctor! Nonsense!”

Liu Manhong swept a glance at him, “She is a doctor, and a licensed one at that. Moreover, her medical skills are much better than those of other doctors.”

He wanted to say something else, but Liu Yiqin gave him a warning glance.

Chapter 1397: Slip of the Tongue

Qiao Zhengyuan then realized that the pill that Xia Xibei gave him before was made by her!

After taking that pill, he found that he had signs of rejuvenation. His whole essence was much better, and he even grew black hair afterward!

These days, he could clearly feel the changes in his body after taking the pill.

It was as if all the restraints in his body had been untied, and he was much more relaxed and free!

Besides, Xia Xibei was still a Qi family member!

!!

Qi family members did have different skills.

So, Qiao Zhengyuan could only shut his mouth.

Of course, there was nothing he could do if he didn't shut up, because Xia Xibei was already inside and there was no way he could go in and pull her out.

Another hour passed before Xia Xibei finally came out.

Her face was pale, and she had been emptied of strength, so everyone immediately went up to help her.

"Are you all right?"

Liu Manhong held her, anxious and concerned.

"Yes," Xia Xibei waved her hand with a pale face and shook her head with a smile, "I'll be fine after resting for a while."

Only when they were sure she was okay did they breathe a sigh of relief.

“Then Yanjue...”

“There’s nothing seriously wrong with him.” Xia Xibei caught her breath before she reassured everyone. “He’s not in a life-threatening condition, but the shock to his head was too great, so it will take two more days to wake up.”

She didn’t tell them that Qiao Yanjue had been drugged.

“Then...” Liu Yiqin was immediately anxious. “Then... he will be okay after that, right?”

Before, the doctor had said that Qiao Yanjue would become a vegetable if he could not wake up in the next two days.

Now, Xia Xibei said he would not wake up for two more days? Didn’t this conflict with the doctor’s words?

Qiao Yanjue couldn’t become a vegetable and never wake up again!

As a mother, Liu Yiqin was naturally very worried.

“It’s okay,” Xia Xibei shook her head, smiling and reassuring her, “He was seriously injured this time, and his vital energy was greatly depleted, so I let him rest for a few more days. By the time he wakes up, there will be no problem. If you’re not sure, you can get a doctor to check him out.”

During her treatment, she found that Qiao Yanjue's blood had different ingredients.

Those drugs would make Qiao Yanjue hallucinate, and that should be one of the reasons for his car accident.

Qiao Yanjue should have eaten something he shouldn't have eaten, and while the vehicle was moving, he noticed something wrong, so he tried to brake.

However, the car was also tampered with, so he had an accident.

Xia Xibei got everything straightened out from Qiao Yanjue's physical

condition.

It made her very angry, and her hands and feet were cold.

If Qiao Yanjue hadn't reacted quickly, the two of them would probably be separated from each other forever now!

Which damned bastard had hurt him?!

Watching Xia Xibei's expression turn from her previous smile and warmth to gloomy, Liu Yiqin thought she was angry because she didn't trust her medical skills and hurriedly shook her head.

“No, I trust you!”

Liu Manhong nodded along, “Beibei is really special! I was injured before and almost couldn’t be saved, even the doctors didn’t have any hope, but she saved me!”

Liu Manhong used this incident to support Xia Xibei, but Liu Yiqin froze, and then her eyes glared.

“You have been wounded? Almost saved? When did that happen? How come I don’t know?”

Meeting Liu Yiqin’s ferocious expression, Liu Manhong couldn’t help but freeze.

Damn, why did she reveal this thing?!

She was in trouble!

Chapter 1398: It’s Okay

Liu Manhong didn’t dare to let Liu Yiqin know about her previous accident.

Now that she suddenly said something, Liu Manhong knew that she was in trouble.

Liu Yiqin had a tough character as a sister, and she didn't dare to resist her.

So, Liu Manhong hurriedly changed the subject, "This is not important, let's talk about it later. Yanjue is the priority!"

"He'll be awake in two days."

!!

Xia Xibei sat down on a chair and took a few deep breaths.

She had used up a lot of energy just now, and her body felt as if it had been emptied.

If anyone tried to make a move on her at this time, she really had no way to resist.

Qiao Yanjue's situation was even worse than Liu Manhong's. After all, Liu Manhong was not poisoned in the first place.

"That's good," Liu Manhong immediately nodded. "Then shouldn't we go back and prepare some food?"

She wanted to run away immediately.

"No need to- Actually, go on back."

Xia Xibei saw Liu Manhong wink at her and couldn't help but nod her head.

"Well then, we'll go back now. Call me if something comes up!"

Liu Manhong immediately dragged Lu Xiaohang and ran away.

Anyway, if Xia Xibei said it was okay, then it was really okay.

When Xia Xibei came to Hongyan Beauty Club as a consulting doctor, they managed to get a license to practice medicine.

Moreover, Xia Xibei's strength was convincing enough.

At least Liu Manhong herself has experienced it firsthand.

She didn't want to stay here to be lectured by Liu Yiqin, as that was too humiliating.

Lu Xiaohang was dragged along by her and could only smile apologetically at them, then follow her and leave.

Looking at Liu Manhong's departure, Liu Yiqin gritted her teeth. "I'll settle the score with her next time!"

If Liu Manhong hadn't made a slip of the tongue this time, she wouldn't have known that this had happened!

No wonder there was a time when she felt that Liu Manhong's voice was not quite right.

At that time, she didn't think deeply about it.

However, now was not the time to dwell on such things. Qiao Yanjue was the most crucial.

In the end, they got a doctor to conduct an examination, to be on the safe side.

After the doctor examined Qiao Yanjue, he was also astonished.

"Mr. Qiao's condition is much better!"

"Really?" Liu Yiqin and Qiao Zhengyuan were both very happy. "Then he will be okay, right?"

"The numbers now show that he's in pretty good shape. As long as he rests well, he should wake up."

The doctor was also curious, "How on earth did this happen?"

They had just seen Xia Xibei walk in and stay for two hours.

Then she came out and Qiao Yanjue's condition got better.

Did she cast some spell?

However, no one answered his question.

After making sure Qiao Yanjue was okay, Xia Xibei recovered for a while longer and watched over him in the hospital.

Had they not had a separate ward, she might have been found out.

Looking at Qiao Yanjue's sleeping face, Xia Xibei took his hand with a fierce look in her eyes.

"I will find out who did this to you!"

He was fine before, but now he has become like this, and she could not bear it!

This time, if she hadn't rushed back, and Qiao Yanjue dragged on for two days, it would have been more serious.

Xia Xibei was very glad that she still had such a skill.

Although she kept watching over Qiao Yanjue, she didn't forget other things.

When Liu Yiqin came to change shifts, she went back home and then went to Lu Xiaohang.

She knew that Lu Xiaohang must know more than she did, and it was most appropriate to find out what was going on from him.

Chapter 1399: Intelligence Network

After seeing Xia Xibei, Lu Xiaohang immediately understood her reason for coming, and did not hide it.

He knew that Xia Xibei's identity was not ordinary.

He knew much more than Liu Manhong at least he knew that Xia Xibei was a child of the Qi family.

Xia Xibei's acknowledgment of her ancestors was unknown to anyone but Qiao Yanjue and Liu Yiqin. After all, she didn't advertise it everywhere.

Liu Manhong also did not know about this matter.

!!

It was not that Xia Xibei deliberately hid it from her, but Liu Manhong and Chang Qianzi's relationship was very good. If she knew about this matter and one day suddenly blurted out, it would be a problem.

However, Lu Xiaohang had his own intelligence channels, so he knew about this matter.

Although the Qi family did not make a big announcement, many people knew that the Qi family had a very good member in the younger generation.

Lu Xiaohang's intelligence network was quite large, so he naturally knew.

He also knew about this incident.

Xia Xibei could also investigate it herself, but if there were shortcuts, why not take advantage of it?

Seeing Xia Xibei come over, Lu Xiaohang did not hide and told the truth about this time.

He did not tell Liu Manhong and Huo Zijun before because with their strength, they would not be able to handle this kind of thing, but would be dragged into it.

Telling them would not help, and there might be trouble, so of course he could not say anything.

However, Xia Xibei was a child of the Qi family and was amazingly strong in her own right, so it was okay to let her know.

“It’s the Gu family.”

Lu Xiaohang was straightforward.

“Gu family? Gu Yinglei?” Xia Xibei’s brows locked. “Why?”

She had mentioned Gu Yinglei to Qiao Yanjue before, but not much. When did Qiao Yanjue cross paths with Gu Yinglei?

“You don’t know?” Lu Xiaohang raised his eyebrows. “There’s a feud between the two of them.”

“What’s the problem between them?” Xia Xibei was confused at first, then it dawned on her. “Because of me?”

Lu Xiaohang nodded, “Sort of.”

Xia Xibei was one of the reasons here, but she was not the most important reason.

“What is going on?” Xia Xibei’s brows furrowed.

She only knew that Gu Yinglei wanted to pursue her, but she had rejected him.

After that, Gu Yinglei kept looking for opportunities to ask her out, but her phone would not answer unfamiliar calls.

In addition, at that time, she had to go abroad for training, so naturally she did not have time to take care of Gu Yinglei.

Gu Yinglei knew how to behave, and soon after knowing her attitude, there was no trace of him.

So, what was his grudge against Qiao Yanjue?

Lu Xiaohang shrugged his shoulders. "This time, the matter has nothing to do with the Gu family. Moreover, the Gu family is suffering from heavy losses."

"Heavy losses?" Xia Xibei was even more surprised. What did this have to do with them?

Speaking of this matter, Lu Xiaohang couldn't help but laugh, "Yanjue is also a ruthless person."

She should say, Qiao Yanjue was a wolf, a little bit more ruthless than a person.

"How so?"

Lu Xiaohang smiled and spoke of what happened this time.

After listening to his explanation, Xia Xibei realized why Qiao Yanjue was so busy these days.

So there was a connection here!

During the time when Xia Xibei was training in M, Qiao Yanjue was not idle either.

On the contrary, Qiao Yanjue was even busier than her.

Qiao Yanjue was busy launching his own newly developed materials, then playing against the Gu family to trap them.

Previously, Gu Yinglei had someone steal the Qiao family's newly developed new material, then went back and succeeded after a last-ditch effort.

Qiao Yanjue was not willing to back down, so Gu Yinglei decided to launch these materials into the market.

Chapter 1400: A Trap

For Gu Yinglei, the materials were delivered to his door this time.

The Qiao Group spent a lot of effort to develop the prototype of these materials.

When it was about to succeed, it was stolen from him.

Qiao Yanjue did not pursue it either, because of the trouble of forensics.

Gu Yinglei made his people continue to research along these lines, and finally succeeded in developing this one material.

!!

This new material, whether used in cars or other high-tech equipment, would have a very good effect.

Moreover, the price of this material was lower than the price of similar materials on the market now.

With better performance, lower cost, and better cost-effectiveness, this material was going to make a fortune!

If the Qiao family had not allowed the material get stolen, they would have been rich.

Now, the stuff was stolen by Gu Yinglei, so it was his turn to get rich.

Knowing that Qiao Yanjue has not made any move, nor had he reported any action, Gu Yinglei did not care at all.

Even if Qiao Yanjue wanted to sue him for stealing their results, it would be difficult to prove it. After all, they had cleared all the evidence before.

Without evidence, how could they sue?

Gu Yinglei was able to relax because he had no such worries.

After these materials came out, he had a launch party for the new materials.

At the conference, he introduced the benefits of these materials and indeed succeeded in attracting the interest of many people.

After the conference, many people sent invitations to Gu Yinglei's company for cooperation, and people wanted to buy these materials.

So, in just a few days, they negotiated many orders.

Looking at the final amount, Gu Yinglei was so excited that he couldn't sleep.

Even though he was never short of money, he couldn't help but be

moved by the benefits brought by this time.

While he was happy, he couldn't help but laugh at Qiao Yanjue.

Qiao Yanjue had spent so much effort before, but didn't he still do all the work for him?

When the time came and he made so much money, Qiao Yanjue would be furious!

However, it was a good idea to kill Qiao Yanjue!

So, he immediately let the factory start production.

In order to catch up with these orders, the factory was working overnight just to be able to quickly seize the market.

When the materials were almost produced, a story came out.

The Qiao Group had launched a new material!

This new material was similar to their Gu's, but, no matter the cost, or the performance, it was much better than theirs.

Most importantly, these materials were cheaper!

Even lower priced!

It could be said that the overall performance of those materials was twice as good as theirs, but the price was three-quarters of theirs!

The price/performance ratio of the two was incomparable!

When this news came out, Gu Yinglei almost fainted!

How could the Qiao family come up with new materials so quickly?

Impossible!

However, the Qiao Group also held a press conference and invited many businesspeople to come over and let them witness the benefits of these materials.

After seeing the awesomeness of these materials, everyone was impressed.

Such materials, even if used in the space shuttle, were not inferior at all!

So, many businesses placed orders on the spot. They heard that even the national government also made orders!

One would be a fool not to want such a good product.

The Qiao family was booming and making so much noise. However, the Gu family was in trouble.

In just a few days, those businesses came to cancel the orders.

What was even more frightening was that even when orders were canceled, there weren't many breach of contract fees!
