

## Chapter 1421: Have a Drink

Lu Liangxun and Gu Yinglei looked at each other, both with sparks in their eyes.

Xia Xibei looked at the two going tit-for-tat and couldn't help but laugh, "It seems like you guys don't have a good relationship."

The others were stunned. Obviously! They were not on good terms!

With bickering like this, everyone knew there was a problem!

The two men usually had little contact, but once they crossed paths,  
!!

not once was there a peaceful resolution.

That was why their friends usually did not let them appear in one place, lest they make a scene.

Today was such a coincidence.

"Beibei, I..."

Gu Yinglei flashed an ingratiating smile toward Xia Xibei, but before he could go on, he was interrupted by Xia Xibei.

“I think you can actually be friends.”

Friends?

Gu Yinglei and Lu Liangxun looked at each other, their faces twisted.

Who wanted to be friends with him?!

If they had been able to beat each other to death, they probably would have done it already!

In this situation, she still wanted them to be friends?!

If it wasn't for the fact that Xia Xibei was someone they liked, she would definitely be scolded to death if she dared to say something like that.

“Actually, if you guys have any problems, you can sit down and talk about it. Maybe shake hands and make-up?” Xia Xibei continued to laugh.

She was wearing a bathrobe, standing right in front of them, smiling and laughing, looking heartwarming.

How could she be so beautiful?

Due to Xia Xibei's presence, the other girls had almost no presence.

Qi Xin was also sullen, nestled quietly in the hot spring watching the scene unfold.

She didn't expect that things would be so exciting.

Unexpectedly, Gu Yinglei and Lu Liangxun both appeared here today, but this was an even better plot development!

She didn't say anything, just waiting for them to develop slowly.

"Shake hands and make-up?"

Gu Yinglei and Lu Liangxun looked at each other and almost didn't vomit.

It was too disgusting!

"Oh no, I need to go back and take a break." Xia Xibei suddenly reached out and covered her forehead.  
"I've been soaking for too long, I'm a little dizzy."

"I'll take you back!"

“I’ll take you back!”

The two spoke in unison and then glared at each other with hatred.

“No need.” Xia Xibei swept them a glance. “You’d better settle things first, and come see me when you’ve figured things out.”

Her calm and collected appearance made the two men have nothing to say further.

If it was any other girl who said such things to them, they would definitely scoff.

However, Xia Xibei was different from other girls, and her aura was completely different.

They knew she was watching the tiger fight from a distance, but they still couldn’t bear to involve her.

Besides, if Xia Xibei was here, they would be embarrassed to make such a scene.

So, the two of them made the decision in unison.

“Okay then.”

Lu Liangxun glanced at Gu Yinglei and snorted, "Have a drink?"

It was late at night, and there wasn't any solution other than drinking.

"Sure," Gu Yinglei smiled.

"Okay then, let's all have a drink!" Lu Liangxun looked at Xia Xibei again, smiling ingratiatingly. "You go back to rest, we'll find you later."

"Okay," Xia Xibei nodded her head.

Qi Xin's eyes widened.

That's it?

Xia Xibei only said a few words, and they agreed?!

What the hell?

This shouldn't be the way it goes!

Does being good-looking mean you can be so capricious?

“Oh yes. Xinxin, you can accompany me back.”

Qi Xin was ranting in her heart when she heard these words and suddenly froze.

#### **Chapter 1422: So This Is the Level**

Qi Xin originally did not talk, she just watched the fight from the side.

It wasn't that she didn't want to say anything, but she didn't need to open her mouth.

With Lu Liangxun and Gu Yinglei around, it was enough.

Besides, she had seen Xia Xibei's verbal prowess before.

If she dared to open her mouth, it would be easy to bring the battle to herself, and she didn't want to be involved.

!!

To her surprise, Xia Xibei didn't let her go even before she spoke.

She stood up from the water, “I...”

“Come on, you can accompany me back.” Xia Xibei laughed and extended her hand toward her.

In front of the eyes of the surrounding crowd, Qi Xin could only squeeze out a smile. “Well, then, I’ll go with you.”

Before leaving, Xia Xibei smiled at them and said, “Have a good time, I’ll be waiting for you.”

After saying that, she drifted away.

Qi Xin looked at them with a complicated expression and followed Xia Xibei.

Such a development made the other girls a little confused.

The same kind of thing had happened before.

Lu Liangxun and Gu Yinglei always fought back and forth if they met.

Last year, they also fought over a girl.

That girl was really pretty too.

However, she didn’t end up well.

She was obviously a simple and lovely girl, but she was targeted by two scumbags, so how could it end well?

Finally, the girl got pregnant and was forced to abort. Due to the trauma, she almost lost her life.

However, they were not in the same class, and they did not have time to sympathize with her.

After that, the girl ran off to another city, and they did not know how she was now.

Now, the two men were fighting over Xia Xibei, and everyone was worried that Xia Xibei would repeat the same mistake.

Yet, the result was really surprising.

Xia Xibei just said a few words and left?

What kind of development was this?

However, she did look much better than the girl before.

Such a beautiful girl did have preferential treatment.

The two men should not be able to hurt her either.

While everyone was confused in their minds, Xia Xibei had already walked some distance away.

Qi Xin was following behind with mixed feelings.

What did Xia Xibei want to do?

Did she know something?

Qi Xin was full of doubts but did not dare to ask.

She was afraid that if she asked, Xia Xibei would know that something was wrong.

When she returned to the room where she had changed, Xia Xibei turned to look at Qi Xin, "You know Lu Liangxun, right?"

"Lu Liangxun?" Qi Xin's heart jumped and her face changed slightly.

However, she quickly reacted.

Xia Xibei wouldn't know Lu Liangxun's connection to her.

She curled the corner of her mouth and said, "I know him. We all know each other, Lu Liangxun is from the Lu family."

"The Lu family... Is it the Lu family of the ancient martial arts family?" Xia Xibei confirmed.

In fact, the moment she heard the name Lu Liangxun, she knew that he should be family with Lu Xiaohang.

To be able to appear here, and given his different temperament and behavior, with the appearance of a young princeling, he must be related to the ancient martial arts family.

Besides, "Lu" was not a very common surname.

She asked this, just to make sure.

"Yes," Qi Xin nodded. "He is the fourth generation of the Lu family, and is the most outstanding heir in his generation."

Lu Xiaohang was the third generation, and Lu Liangxun was the fourth generation.

"The most outstanding heir?" Xia Xibei's eyes were wide with surprise.

So Lu Liangxun was already the most outstanding? Simply amazing!

No wonder the Lu family had always wanted Lu Xiaohang to go back! So the others were at this level!

Chapter 1423: Knockout

If Lu Xiaohang wanted a position in the Lu family, he would have been the head of the Lu family by now.

However, Lu Xiaohang was not interested in the Lu family's heritage.

As for Lu Liangxun... At a glance, he was not a good person.

In the brief contact just now, Xia Xibei found out that Lu Liangxun's strength was not good.

!!

Rather, the strength of all of these people was not good.

In this world, although the ancient martial arts families still passed on their legacy, it had declined a lot.

Moreover, this was already a world of weapons.

A pistol could easily defeat a strong martial artist. Even if you could walk on a wall, you would be no match against a weapon.

To have enough breakthroughs in this area, one had to start practicing from a young age, and there was no telling how many trials and hardships one had to go through in between.

This was not the previous crisis-ridden world, and people did not need to use this method to protect themselves.

Besides, if having a gun was enough, who would take the time to do this?

Moreover, people were pampered and spoiled. Why would they spend so much effort to do these things?

Unless one's natural talent was outstanding, and they were being closely watched by the family, they would not spend too much time practicing martial arts.

In this case, it was normal that their strength was ordinary.

In fact, if one cultivated to a certain degree, it was possible to be invulnerable to swords and spears.

If Xia Xibei cycled her qi at full strength, she could be invulnerable to swords and spears. Moreover, her speed could match that of bullets.

However, this was very difficult.

Without the accumulation of her second life, she wouldn't be able to achieve this now.

Unfortunately, among the current ancient martial arts families, the heritage in this area was missing too much. Not many families had the medicinal broth that went with martial arts practice anymore.

Who wanted to do so much useless work, if it took so many years to study hard and they would not necessarily have much success in the end?

Therefore, the children of the new generation of these families were not too good in this regard.

Faced with ordinary people, they were certainly very powerful and could take one for five.

However, in front of the real masters, they were not good enough.

Xia Xibei had her suspicions long ago, but only now did she determine that they were indeed not very good.

“Who is Lu Liangxun?” Xia Xibei asked.

“He...” Qi Xin gave her a strange look. “He is not good to mess with. Moreover, he is quite ruthless. If he likes something, he has to have it.”

If he can’t have it, he’ll ruin it.

However, Qi Xin would not say this out loud.

Of course, even if she did not say this, Xia Xibei understood the situation here.

“Not bad, very good,” Xia Xibei said, revealing a strange smile.

This smile made Qi Xin freeze for a moment.

Not bad? Did she hear it right?

“It’s all my fault, I shouldn’t have brought you here,” Qi Xin sighed despite the sneer in her heart. “If I had known they would be here, I wouldn’t have brought you here.”

Hearing her self-condemnation, Xia Xibei smiled, “It’s okay, you didn’t ask them to come here.”

This intentional remark made Qi Xin’s heart jump and she could only smile.

“By the way, there’s something I want to tell you.”

Xia Xibei walked over.

“What?”

Qi Xin looked at her suspiciously.

Xia Xibei smiled, then came up to her ear.

“It’s about...”

Qi Xin did not clearly hear the following words, she only felt a pain in the back of her neck, and then she fainted.

In the last moment, before she passed out, she was filled with disbelief.

What did Xia Xibei want to do?

Chapter 1424: How Can You Do Bad Things

After knocking Qi Xin unconscious, Xia Xibei showed a bright smile, then moved her to a chair.

Then, she opened the closet and took out the small bag inside.

Soon, she took a small bottle out of the bag. She opened the vial and poured the liquid into Qi Xin’s mouth, then lifted her chin and let the potion go down.

Qi Xin swallowed unconsciously and soon fell into a complete slumber.

!!

Looking at Qi Xin’s drowsy appearance, Xia Xibei revealed a bright smile.

“Thank you so much! You’ve been a big help to me!”

In fact, Xia Xibei had wanted to find an opportunity to strike at Gu Yinglei before.

However, she hadn’t thought of an effective way yet.

After all, it would be easy to make people suspicious if she rashly sought out Gu Yinglei.

Although she was not afraid of being suspected, she should avoid such unnecessary trouble.

It didn’t occur to her that this time around, Gu Yinglei would also be here.

Although she was not sure if Gu Yinglei was called to come by Qi Xin, what was the harm?

Anyway, the results were what mattered.

Moreover, there was an additional Lu Liangxun this time, so it would be even easier.

Thinking of this, Xia Xibei took out the phone and made a call.

As soon as the call was connected, Xia Xibei asked, “Do you know Lu Liangxun?”

“Liangxun?” Lu Xiaohang froze for a moment, “Of course I do. Why are you asking this?”

“How is he as a person?”

“What do you want to do?”

Lu Xiaohang was immediately sensitive to the problem.

Xia Xibei suddenly called him and then asked about Lu Liangxun. It would be strange if there was no problem here.

“I don’t want to do anything, I just met him and I’m interested in him.”

This statement made Lu Xiaohang frown, “You met him?”

“Yes, in a clubhouse in the imperial capital.” Xia Xibei did not hide it. “Oh yes, and Gu Yinglei was also there.”

These words made Lu Xiaohang’s heart jump. “What do you want to do?”

Uncle Lu, why do you have so little confidence in me? I’m such a good kid, how could I do something bad?”

“Huh.”

Lu Xiaohang chuckled twice, half-heartedly believing the words.

With Xia Xibei’s character, it would be absurd if she did nothing but make such a phone call.

“You take it easy, don’t kill anyone.”

Lu Xiaohang knew all about the feud between Lu Liangxun and Gu Yinglei.

Lu Liangxun was his nephew, and although the two were not very different in age, their generations were not the same.

The most important thing was that Lu Liangxun’s character was a problem, and it was easy for him to make things go south.

Before, he had always been lucky, but this time, he was not so lucky.

Lu Xiaohang did not have much affection for this nephew.

It could be said that if it were not for the fact that this was his own nephew, he might have started to teach him a lesson himself.

So, if Xia Xibei wanted to do something to Lu Liangxun, he really didn't care.

"OK," Xia Xibei immediately understood Lu Xiaohang's attitude and assured him. "Bye."

Looking at the hung-up phone, Lu Xiaohang was speechless for a long time, and finally shook his head helplessly.

Although he did not know how Lu Liangxun and Xia Xibei were entangled, he could only hold a tear of sympathy for Lu Liangxun.

If he dared to offend Xia Xibei, he was asking for it!

Forget it! Anyway, Xia Xibei assured him that no one would be killed.

In that case, it was all right.

He'd better go find his girlfriend.

Thinking of this, he simply shuffled the recent call to the back of his mind.

After Xia Xibei hung up the phone, she smiled at the unconscious Qi Xin and took out her small bag again.

Soon, she pulled out a small ball.

## Chapter 1425: The Drinking Competition

The crowd changed their clothes and quickly gathered in a private room.

The private room was opulent and also very large, measuring two hundred square meters.

On the wall, an oversized TV screen was running and a high-quality stereo was playing music, but none of this affected the buzz over the sofa.

Lu Liangxun and Gu Yinglei had been enemies for many years and had been fighting since they were kids, battling until now.

!!

However, their victories and defeats were usually 50/50; no one had a solid advantage.

This time, for Xia Xibei, they couldn't lose!

They were all playboys, usually playing various games, and were very confident in their drinking capacity.

Now they wanted to defeat each other with wine.

“Drink! Drink!”

Everyone rose up and applauded like thunder.

They had many bottles of wine in front of them. Red, white, gold... Everything.

There was no shortage of famous wine here, and wine costing several hundred thousand yuan a bottle was finished off by them as if it were worthless beer.

Gu Yinglei and Lu Liangxun each occupied one end of the table and were very aggressive.

The others were divided into three factions, one of which was watching the show.

Han Hui looked at the two big men fighting like roosters and rolled her eyes, speechless.

She couldn't understand these men's brains!

However, she didn't need to drink. She just needed to watch, and she was fine with that.

"Hahahaha! Mess him up!"

"Drink!"

Listening to their uproar, Han Hui pursed her lips and fidgeted a bit.

If she hadn't been dragged along here, she probably wouldn't have been able to resist going to Xia Xibei.

She couldn't wait to find a solution to her problem right away!

However, as anxious as she was, she couldn't show her face at this time.

She absentmindedly watched these two silly men playing dice and drinking when the door suddenly opened.

In came Qi Xin.

"Why are you back? Where is Xia Xibei?" Han Hui immediately went up and asked, a little nervous.

Xia Xibei couldn't have left, could she?

Qi Xin looked at her and shook her head, "She's resting in her room, I came here to check."

Han Hui breathed a faint sigh of relief knowing that Xia Xibei hadn't left yet.

Then, she thought she was too funny.

Even if Xia Xibei had left, she could still look for her!

They had cell phones!

What a fool!

Qi Xin didn't notice her expression but looked at Lu Liangxun and Gu Yinglei, "How much have they drunk now?"

"They've been drinking for a while," Han Hui replied, "It's been a few bottles."

To make the whole process less boring, they also played dice.

They played the simplest form of dice, based on points.

Whoever had the smallest number of points would drink a glass of wine poured by the other party.

So, it was still quite exciting.

Qi Xin's eyes deepened as she watched more and more empty bottles gather on the table.

“I’ll go over and take a look.”

Han Hui frowned, “There’s nothing to see...”

Before she could finish her words, Qi Xin had already walked over.

She sat down next to Lu Liangxun, then also reached out to help open the wine.

“You’re back?” Gu Yinglei’s eyes lit up when he saw her. “Where’s Beibei?”

“She’s not gone, is she?” Lu Liangxun’s movements paused.

Although they had drunk a lot, they were only slightly drunk, not yet totally wasted.

“She’s resting in her room, she’ll be over later.” Qi Xin explained, not stopping, and went back to opening the wine. “By the way, who drank the most?”

“Of course it’s him!”

“Of course it’s him!”

The two spoke at the same time, then froze in unison and became angry again.

“Damn you!”

“Again!”

The scene was once again lively, and the smell of alcohol in the air became stronger and stronger.

Chapter 1426: Alcohol Poisoning

Qi Xin sat next to Lu Liangxun and helped him open the wine.

Lu Liangxun and Gu Yinglei, on the other hand, tried to out-drink each other.

However, Gu Yinglei’s luck was obviously not as good as Lu Liangxun’s and he lost several times.

So, he could only drink.

!!

There was no way! He never lost and never admitted it in front of his opponent!

If he dared to lose and not admit it, it would be a shame.

After drinking another glass of wine, Gu Yinglei’s face was flushed with the smell of alcohol and his eyes were a bit lost.

“Again!”

“Okay, again!” Lu Liangxun grunted and drank again.

How could he be a man if he didn’t take down Gu Yinglei?!

Looking at the empty bottles on the table, Qi Xin stood up, “I’m going to see Xibei.”

The other people were watching the action with joy. As for Gu Yinglei and Lu Liangxun, they had already drunk their eyes red, so they didn’t care what she did.

“Wait for me, I’ll go too!”

Han Hui also stood up, she wanted to find Xia Xibei.

Although it was said that Xia Xibei was now resting, without seeing her, she always felt shaky inside.

Qi Xin gave her a look, “Wait here, she should be coming over soon.”

“I...”

“Just wait here.”

After Qi Xin said that, she left.

Looking at her departing back, Han Hui couldn't help but frown.

Although the light inside was a bit dim and she couldn't see too clearly, she felt that Qi Xin was a bit strange.

However, she didn't think too much about what was strange.

She could only go back to her seat and wait for Xia Xibei to come over.

Suddenly, the scene was in chaos.

“Old Gu!”

“Yinglei!”

“What's wrong?!”

Han Hui looked up and was shocked.

Gu Yinglei had collapsed on the table!

Everyone originally thought that he was drunk.

However, after picking him up, everyone was shocked to find that he was foaming at the mouth and his face, arms, and legs were twitching.

This appearance scared everyone, what happened?

Gu Yinglei had drunk a lot of alcohol before, but this had never happened before.

The crowd was in chaos and someone rushed out to call the doctor here.

“Let me take a look.”

As everyone was panicking, Xia Xibei appeared.

Her brow furrowed as she looked at the chaos of the scene and strode over.

“Don’t move yet.”

Gu Yinglei's friends tried to pull Xia Xibei back and keep her from making a mess.

What could she do at a time like this?

Before the man could say anything, he was pulled back by Han Hui and the others.

"Let her do it, she's very good at healing!"

"Huh?"

The crowd was dumbfounded.

Xia Xibei knew the art of healing?

In the crowd's astonished gaze, Xia Xibei walked to Gu Yinglei's side, felt around his body for a while, and had a grave expression.

"Alcohol poisoning."

What?!

The crowd was instantly shocked.

Alcohol poisoning was not a trivial matter!

Everyone was instantly anxious.

Xia Xibei pressed on his body twice and he popped right up, as if he had been given an electric shock.

Then he turned to the side and opened his mouth and spat it out.

At once, a sour smell filled the whole room.

Everyone couldn't help but frown, and someone even turned on the exhaust fan next to him.

After spitting out the wine, Gu Yinglei's condition was a little better, but his eyes were still closed.

"We need to get to the hospital," Xia Xibei said calmly.

"Take him to the hospital!" everyone immediately shouted.

By the time Lu Liangxun came to his senses, Gu Yinglei had already been taken to the hospital, and the scene was a bit chaotic.

When he understood that Gu Yinglei had alcohol poisoning and was not doing well now, he was also stunned and his face changed from red to white.

Chapter 1427: Evading Responsibility

Alcohol poisoning?

Lu Liangxun's brain, which was a little sluggish from drinking too much, worked for a while before reacting.

When he figured it out, he broke out in a cold sweat, and half of his stupor disappeared.

How was it possible?!

!!

They had been drinking so many times before, and nothing like this had ever happened! How could there be a problem now?

The people who went with Gu Yinglei to the hospital sent back word that he was saved, but he was also left with some after-effects.

If not for the timely resuscitation, he might have died by now.

Although he was still alive, his arms and legs were not working very well, and there might be problems with his brain.

Such a result was enough to make Gu Yinglei's life worse than death.

Lu Liangxun was stunned after finding out about Gu Yinglei's condition.

At the same time, he was also anxious.

After all, Gu Yinglei's accident was directly related to him!

If he hadn't been drinking with Gu Yinglei, it wouldn't have come to this.

Now, since Gu Yinglei had an accident, he wouldn't be able to escape the responsibility!

Sure enough, before he got home, a call came from his parents.

On the other end of the line was his father, ranting at him.

After all, if something like this happened, it would definitely be blamed on the parents.

Lu Liangxun was bitterly lectured by his parents and was told to find a way to clean up the mess.

However, how should this be cleaned up?

Gu Yinglei was already like this. Did he have to be as miserable as him?

No way!

Lu Liangxun had a jolt and shook his head hurriedly.

Yes, this matter was not only his problem. Xia Xibei also had something to do with it!

No matter how much he liked Xia Xibei before, after this incident, Lu Liangxun's liking for her instantly decreased.

If he didn't find someone to share the responsibility with, wouldn't he be totally helpless when the time came?

So, he immediately spilled the whole story.

On the other end of the phone, his father had a dark face.

"Are you saying that this happened because you guys tried to steal the same girl?"

"Yeah, and it was the girl who suggested we drink..."

Lu Liangxun did not have the heart to blame the matter on Xia Xibei.

Even if he knew that Xia Xibei was innocent, without finding someone to take the blame, he would be done!

Lu Liangxun's father was very angry and cursed, "I've told you before, don't be distracted by girls. Did you ever listen?!"

Lu Liangxun's father was very angry. Angry at his son for making such a mess, and even angrier at his lack of commitment.

He knew who was at fault for this matter as soon as he heard it.

What could a girl do?

Besides, this kind of thing had happened before, but at that time, the girl could not resist at all. In the end, it was the girl who was hurt.

Now the situation should be the same.

They did it themselves and then blamed it on the girl!

It was so humiliating!

However, so what if it was humiliating?

After all, Lu Liangxun was his own son, and also his only offspring. He couldn't let him be destroyed by the Gu family because of this matter!

So, Lu Liangxun's father quickly made a decision: drag the girl out to be the scapegoat.

Only, to his surprise, after learning the identity of that girl, he was dumbfounded.

She was no ordinary girl, she was a child of the Qi family!

Although only an illegitimate daughter, her identity was not ordinary!

With such an identity... Were things really that easy to fix?

Lu Liangxun's father's heart welled up with a sense of foreboding.

Chapter 1428: Picking a Fight

Lu Liangxun's father knew that his own child was not innocent.

However, even if his son was not innocent, he still had to find some way for his child to live.

If they got into trouble because of this matter with the Gu family, how bad would it be?

The two families were usually in competition and sometimes collaborated, and there were always tussles in private.

!!

Yet, no matter what, they wouldn't get someone killed.

Now, Gu Yinglei had a crisis, and it had to do with Lu Liangxun, so of course it had to be handled properly.

At least the person who took the blame should be changed.

Although the Gu family was very angry, they also knew that they could not fall out with the Lu family.

So, they had to do something to vent their frustration!

After knowing that there was a Xia Xibei involved in this matter, they were also angry.

This was the classic femme fatale!

Of course, they didn't think that it was actually their son's fault. They just wanted to put all the blame on Xia Xibei.

However, after they angrily learned Xia Xibei's identity, they were as dumbfounded as the Lu family.

Xia Xibei was actually the child of the Qi family!

Although she was an illegitimate daughter, she seemed to be highly valued by the patriarch and Qi Zhi'an!

It could be said that besides Qi Xin, Xia Xibei was now the most valued child of the Qi family.

In fact, when Xia Xibei's birth was first revealed, the Qi family patriarch wanted to hold a party to introduce Xia Xibei to the world.

However, Xia Xibei refused.

She didn't want to be known as Qi Zhiqiang's illegitimate daughter.

Of course, her argument to them was that she was an illegitimate daughter, after all, so it was not a good idea to make such a big deal out of it and not to be ridiculed.

Moreover, she didn't want to make such a big fuss and draw all the attention to herself at that time, which wouldn't be good for her work and life.

Hearing her say so, the old man could only listen to her.

What could they do? This child was too good, everyone could only listen to her.

However, those who should know about this matter had heard about it.

Although people were not very well informed about this matter, everyone knew that the Qi family had another outstanding child.

It was just that the parents of the Gu and Lu families didn't expect that this child was Xia Xibei!

This time, both families were a little hesitant.

If it was an ordinary girl, of course they could just take revenge and put all the blame on the girl.

However, Xia Xibei was not someone they could just bully.

She was not someone without roots, she was the child of the Qi family!

For a moment, they were in a dilemma.

However, after hesitating for a while, they quickly made a decision: to settle the score with the Qi family!

This matter had to do with Xia Xibei! If they didn't settle the score with her, then who would?

Xia Xibei was only the illegitimate daughter of the Qi family. Although she was not of low status, no matter what, she was still an illegitimate daughter!

Compared to Gu Yinglei, she was a mere illegitimate daughter. She could be beaten and scolded at will.

After understanding this, Gu Yinglei's parents and Lu Liangxun's parents immediately came to the door and asked Xia Xibei to give an explanation.

According to the plan, Xia Xibei was supposed to go back, but because of this matter, she did not leave immediately, staying at Qi's house and waited for them to come to her door.

Sure enough, they did come.

The first time they saw Xia Xibei, the few parents understood why Gu Yinglei and Lu Liangxun were so crazy.

Such a beautiful girl was indeed worth their craziness.

However, no matter how crazy they were, they couldn't hurt themselves!

Chapter 1429: Looks Like I'm Getting Old

Xia Xibei stood by the side of the old man and looked at the people in a calm manner.

If it were anyone else, being approached by these people, they would have been shivering with fear.

However, she was very calm, not affected at all by the matter at hand.

After Gu Yinglei's incident, she knew that these two men's parents would not let things go so easily.

!!

However, why should she be afraid?

Since she dared to do it, she was not afraid of their accusations.

"Elder Qi, how are you doing lately?" Father Gu greeted the old man first with a smile.

The others naturally followed suit and greeted him, acting slightly formal.

The old man looked at them with a cold expression. "Fine. I don't know what you want to achieve here today?"

The coldness in the old man's words made the few people stop glance at each other.

They knew that the old man must be very unhappy.

However, they came over this time for the sake of their sons, and they absolutely could not back down.

Lu's father did not immediately roll his eyes but said with a smile, "We just want to come to understand the situation."

"The situation?" The old man's eyelids raised slightly. "What situation?"

"It's what happened yesterday at the clubhouse," Lu's father laughed. "I heard that Liangxun and Yinglei had a fight over this girl, and now Yinglei is in a bad state."

Hearing him put the blame on her in just a few words, Xia Xibei couldn't help but sneer at herself.

Sure enough, those who could raise a son like Gu Yinglei were not good people.

"From what you said, this matter is my responsibility?" Xia Xibei stood out and sneered.

"Outrageous!" Gu's mother scolded angrily with a grim face on the side. "When is it your turn to interfere when grown-ups speak?!"

"Outrageous!" Ling Xiao on the other side also grunted with an upset expression. "This is the Qi house, not the Gu house. What, you guys came here and won't let us talk?"

Ling Xiao's face was unpleasant.

Xia Xibei had already told her about what happened before.

After hearing the whole thing, she was also very angry.

This anger was not directed towards Xia Xibei, but at Gu Yinglei and Lu Liangxun.

They disregarded Xia Xibei's wishes and treated her as an object to be fought over. In the end, they made a mess and put the blame on her.

This was too brazen!

Moreover, they even came to the Qi house to pick a fight. It was simply too much!

"You..."

Gu's mother had a sullen face and wanted to say something, but was stopped by her husband, shooting a glare.

Although they were also anxious about their child's accident, they couldn't go so far here.

"It seems that I'm getting old."

The old man suddenly let out a sigh.

These words made the people's hearts jump and their faces change slightly.

"Dad, you are still young!" Qi Zhi'an said immediately.

"No, I'm definitely old." The old man shook his head and sighed, then his face was subdued as he slapped the table fiercely. "Otherwise, how come no one takes me seriously now and they are all beating down the door?!"

His strength was so strong that the teacups on the table all bounced up and then fell down with a loud crashing sound.

The four people on the other side also paled instantly.

After all, the old man was the head of the Qi family, and although he was old, he hadn't completely retired yet.

It really wasn't a good thing for them, the juniors, to run into someone's home and accuse them.

They became even more nervous.

Based on this appearance, the old man held high regard for Xia Xibei!

Otherwise, he would not speak for her.

This was a problem!

For a while, the two couples' faces became even uglier.

"Grandpa, don't be anxious, they shouldn't mean it," Xia Xibei said with a smile.

Chapter 1430: Something's Wrong With Your Brain

Xia Xibei smiled and advised the old man, "I think, in fact, they don't mean to accuse you."

The four people immediately nodded their heads.

They really didn't want to accuse the old man.

They weren't stupid, so how could they possibly accuse the old man?

!!

"Who they want to accuse is me." Xia Xibei shrugged, "I can't help it,

I'm too beautiful."

The few people were still expressing their agreement, but then they were stunned by her next sentence.

How could she... She be so cheeky?!

Even though she did look pretty, she couldn't say that!

Moreover, what did this matter have to do with her looks?

"You!" Gu's mother looked at Xia Xibei as if her eyes held daggers.

This little bitch!

It was all because of her that Gu Yinglei got hurt!

However, because of the old man's fury, she didn't dare to say anything else.

After all, the old man was the elder, and the Qi family was much more powerful than theirs.

"It's just that I'm puzzled. Is it my fault that I look beautiful?" Xia Xibei had an innocent face. "So I look beautiful. It's not something I can control! After all, such things are destined by God."

She glanced at the parents with a look full of curiosity and disbelief, "What I don't understand is that Gu Yinglei and Lu Liangxun are both adults and still can't control their manners and behavior?"

The faces of the people suddenly changed greatly.

“They are not children, nor am I tying them up and filling them with alcohol. They are so grown-up, yet still act like children- Oh no, like fools desperately drinking themselves sick, and then they blame me? I really do not understand this reasoning.”

“Who are you calling a fool?!”

Both Lu’s mother and Gu’s mother were furious.

She dared to call their sons fools?!

“No?” Xia Xibei was not the least bit afraid and just glared back. “Aren’t they stupid?”

“You are the one who is stupid!” the two women shouted angrily in the same breath.

If it weren’t for the old man and the others, they might have rushed up to give Xia Xibei a slap in the face.

This little bitch! How dare she be so rampant and shameless!

“I’m not a fool.” Xia Xibei touched her face. “This face of mine is a gift from God, but obviously your son’s brain might have had something go wrong with it in his mother’s womb.”

“You!”

The few people were so angry at her sharp words that their chests hurt.

They had never met such people before. After all, with their status, no one dared to say such things in front of them.

It should be said that other people generally respected them very much and definitely did not dare to be half as disrespectful.

Therefore, Xia Xibei's words made them so angry that their chests hurt.

"If something didn't go wrong, why did they put the blame on my head?"

Xia Xibei was not affected by their thunderous faces at all.

"However, after seeing you guys, all my previous questions were answered."

Meeting her meaningful look, the two couples froze for a moment, then understanding dawned on them and they became furious!

She meant that they, the parents, were fools and that was why they gave birth to foolish sons!

That was outrageous!

They were so angry that their breathing went haywire.

However, without waiting for them to say anything, Xia Xibei continued, “My beauty is uncontrollable, but your sons’ brains and behaviors are controllable. They didn’t control themselves, and instead of looking for your own responsibility as parents, you put the blame on me... You might as well blame the earth’s gravity for being too strong on your brains!”

These words made their faces turn ashen.

The old man, Qi Zhi’an, and his wife were twitching at the corners of their mouths.

This girl’s mouth was too mean!
