

Chapter 1431: Tough and Soft

“Sir!”

Lu’s father took a few deep breaths and did not scold Xia Xibei, but looked at the patriarch.

He knew that Xia Xibei would not be so arrogant unless she had the old man behind her.

Otherwise, where else would she have the nerve to say such things?

!!

Before they came over, they thought that the old man would not back Xia Xibei up. To their surprise, the old man was really supportive of Xia Xibei!

“I don’t think she’s wrong.” The old man also looked at them as if they were fools. “Besides, how come I heard that it was because your son and his son drank too much that something happened? This does not seem to be directly related to Beibei, right?”

Lu’s father’s face suddenly went white.

This was indeed directly related to Lu Liangxun, but could he say that?

It was because they couldn’t admit it that they chose to be unanimous- unanimously against Xia Xibei.

However, they did not expect that the old man would be so resolutely on Xia Xibei's side!

If it were anyone else, they would have already pushed Xia Xibei out to confess to the crime.

In this way, it seemed that Xia Xibei was not an ordinary person. Otherwise, why would the old man care about her so much?

"The Gu family, do you also think that our Qi family is easily bullied?"

The old man looked at Gu's father and mother again, his eyes icy cold.

The two of them were still angry when they were taken aback by the old man's gaze.

"You are overthinking! How dare we think that?!"

Father Gu immediately shook his head and waved his hand.

They weren't that stupid!

Not to mention that the Qi family was much stronger than their Gu family, even if the situation was reversed, in front of the Qi family and the head of the family, they wouldn't dare to say such silly things!

“Then why don’t you go to the culprit. Why do you come to our child? Do you think we are easy to bully?”

The old man slapped the table again, this time fiercely and with astonishing momentum.

“The Lu family, you and the Gu family have discussed it, right?” The old man looked at Lu’s father and mother again, “Do you think we are as stupid as you are?! You don’t dare to let your children take responsibility, but you come to bully my children!”

Lu’s parents’ faces suddenly became ugly, but they could only shake their heads and deny it.

They complained in their hearts, ‘What was the old man doing, being so supportive of Xia Xibei?!’

When they came over earlier, they had only thought of finding a suitable culprit to take the blame. They thought that with Xia Xibei’s status as an illegitimate daughter, the Qi family wouldn’t care too much.

However, even the old man was here!

Moreover, the old man was clearly on Xia Xibei’s side!

Now they were in a dilemma.

How could they deal with this when the old man’s status and position were higher than theirs?

As they felt embarrassed, Qi Zhi'an stepped forward with a kind expression.

"Actually, we also know that you guys are so anxious and nervous because something happened to your child."

Qi Zhi'an's words made their eyes light up and they perked up at once.

Right! The reason they were like this was that they were too attached to their child!

Qi Zhi'an understood their feelings!

"If your child was fine, I believe you guys wouldn't be so angry, right?"

Qi Zhi'an's words made several people nod their heads.

"Yes, yes, yes! That's for sure!"

If Gu Yinglei was fine, they wouldn't have been so stupid to come and make trouble!

"Actually, it's not that hard to solve the child's problem."

These words made Gu's father and mother stare at once, with more hope.

“Please!”

That was right! The Qi family had magical elixirs!

With those elixirs, Gu Yinglei would regain his health!

Chapter 1432: To Be Able to Bend

Thinking of this, Gu’s father and mother’s faces changed and their eyes lit up.

At the same time, they were chagrined in their hearts. How could they not remember this before?

Still, although the Qi family supposedly had these miraculous medicines, which were far more than other families, all these years down the line, no one had seen much of these medicines.

So, they didn’t remember this solution for a while.

!!

Now, when it was mentioned, it immediately dawned on them.

If such a miraculous medicine existed, Gu Yinglei would be able to get better!

“Zhi’an...” Gu’s father showed a smiling face and looked at Qi Zhi’an a little appeasingly, “Well... We were too emotional just now, that’s why we messed up for a moment.”

Looking at their flexible appearance, Xia Xibei could not help but laugh in her heart.

Sure enough, to be able to bend and stretch like this meant one could go farther.

It was a pity that she would not give them the chance to get better.

“Actually, you shouldn’t tell me this,” Qi Zhi’an shrugged his shoulders.

The words made their eyes go blank.

If they shouldn’t talk to him, then who should they talk to?

Thinking of this, they immediately looked at the old man.

Right, the old master was the head of the Qi family. Of course he was the one who would make the decision!

As they looked over, the old master was steadfast.

“Don’t ask me, there’s nothing I can do.”

Although they knew how to refine medicine, it didn't mean they could be a doctor.

The people were even more puzzled.

If not the old man, then who was there to ask?

"She's the one who is our divine doctor," Qi Zhi'an didn't hedge and presented Xia Xibei.

They were flabbergasted, and they all paled.

"Even if you guys don't want to save us, you don't have to joke like this, right?"

Their faces were very unpleasant, thinking that Qi Zhi'an was joking

with them.

"Of course I'm not joking." Qi Zhi'an had a serious face. "Beibei's medical skills are very powerful."

"Right," the old man also nodded along.

Even the old man said so. Several people looked at each other at once.

Then, their expressions looked even more embarrassed.

As soon as they came over, they made a big accusation against Xia Xibei, and now that the wind had turned, what should they do?

If what the old man said was true, they understood why the Qi family had been so good to Xia Xibei.

It turned out she had such a talent!

“Uh...”

The people looked at each other, a bit at a loss for words.

“Well, you guys take your time and talk, and let me know when you have decided.”

While they were hesitating, Xia Xibei had already turned around and made a move to leave.

“Don’t go!” Father Gu immediately made a decision and shouted to stop Xia Xibei. “I’m sorry!”

From the situation just now, it seemed that this child was definitely not someone to be messed with.

Father Gu was someone who could bend and stretch and immediately made a decision.

"It's me who misunderstood you." Father Gu lowered his voice, "I hope you are magnanimous and can forgive us for being anxious. Please save Yinglei!"

Although he whispered, he swore in his heart that if Xia Xibei was not capable and just cheated them, he would let Xia Xibei know the consequences of cheating him!

Even though Xia Xibei was highly valued by the Qi family's elders, it was not difficult to do something to her.

It was just that they don't usually go so far.

Xia Xibei stopped and looked at Gu's mother again.

Gu's father immediately glared at his wife.

Gu's mother reluctantly lowered her head, "I'm sorry, please help Yinglei!"

Xia Xibei looked at their attitude and was silent for a long time.

When they were about to hold back, she suddenly smiled.

"Okay, I'll help you guys."

Chapter 1433: Follow My Rules

Hearing that Xia Xibei had agreed to do so, the people were instantly happy.

Qi Zhi'an, on the other hand, looked at Xia Xibei in confusion.

He knew Xia Xibei's character. Why would she agree to help so easily?

Moreover, it seemed that Xia Xibei and Gu Yinglei were not very friendly with each other.

!!

Besides, Gu Yinglei and Lu Liangxun's parents both had this vicious attitude. Why would she forgive them so easily?

She had scolded them so harshly at first, but then she just agreed?

Although he knew there must be something fishy here, Qi Zhi'an still believed that Xia Xibei had her own plans, so he didn't say anything.

Ling Xiao looked at Xia Xibei with suspicion, and exchanged a look with Qi Zhi'an, but stayed silent.

Xia Xibei must know what to do, so they just shut up.

Soon, Xia Xibei went over with the others.

If it weren't for the assurance of the old man and Qi Zhi'an, they wouldn't have believed that Xia Xibei had such skills.

However, the Qi family would not be joking about this matter.

Soon, the group of people arrived at the hospital.

In the hospital, Gu Yinglei was lying in bed, continuing to sleep, with an unnaturally red face.

Tears immediately came out of Gu's mother's eyes.

Gu Yinglei's situation was a bit serious. Even if they had the best doctors, this would definitely leave some after-effects.

Gu Yinglei was only in his twenties!

That was why they hated it so much.

Xia Xibei entered the room, went to Gu Yinglei's side to look at him, and then reached out to see how he was doing.

Judging from her skillful movements, she was used to doing this a lot.

This gave them some more hope in their hearts.

They believed that Xia Xibei should have real skills!

They watched Xia Xibei's movements closely.

After a while, Xia Xibei dropped his hand. "It's not a small problem."

The words made them draw in a breath and their faces changed.

Not a small problem? Could there be a big problem?

Gu's mother almost fainted.

Xia Xibei pretended not to see her reaction and continued, "But I can treat it."

"Really?"

This made them regain their composure and stare at her closely.

"Yes," Xia Xibei nodded. "However, I want to be clear with you guys in advance."

“Go ahead!”

They nodded one after another.

As long as Xia Xibei could heal Gu Yinglei, they were willing to do anything.

“I’m actually very angry about this incident.”

Xia Xibei’s words made their faces look a little embarrassed.

When they thought about it, they had indeed done something wrong this time.

This kind of thing had nothing to do with Xia Xibei at all, but they put all the blame on her.

When it came to this kind of situation, anyone would be upset.

If it were them, they would definitely not agree to cure Gu Yinglei.

Even if they really wanted to cure him, they would definitely not have good intentions.

This thought flashed through their minds and they didn’t think too much about it.

Since Xia Xibei was willing to help, she definitely wouldn't dare to act recklessly.

"However, since we have known each other for a while, I will help."

Xia Xibei's words made them breathe a sigh of relief again.

That's it!

In the next second, Xia Xibei continued. "The whole course of treatment will take a month."

One month?

The people looked at each other, but did not raise any objection.

One month was nothing.

As long as Gu Yinglei could be cured and there were no after-effects, what was a month?

"Moreover, during this one month of treatment time, you have to abide by my rules."

These words made them even more confused.

What rules?

As they were talking, Gu Yinglei on the bed opened his eyes and saw Xia Xibei standing at the head of the bed.

He instantly revealed a silly smile, "Come, give me a kiss."

Chapter 1434: Two Slaps

These words made Xia Xibei silent, and the aura around her body was instantly cold.

Gu's father and mother were shocked, almost jumping up.

How could Gu Yinglei still be such an asshole?!

Although a day had passed, Gu Yinglei was obviously still under the influence of alcohol.

!!

Slap!

As they were speechless, Xia Xibei turned around and slapped Gu Yinglei hard on the face.

The slap was so loud that the sound echoed in the room.

Gu's parents' faces changed so much that they almost rushed up to fight with Xia Xibei.

They were standing right in front of her, and Xia Xibei dared to be so reckless!

However, before they could make a move, Xia Xibei gave Gu Yinglei another slap.

"How dare you hit me?"

Gu Yinglei finally came to his senses, feeling the hot pain on his cheek, and immediately became anxious.

Xia Xibei had a cold expression, "Are you awake?"

"Stop!"

Gu Fu pulled on his wife and did not let her go up.

This child was asking for trouble.

It was already bad, but he was still talking nonsense.

Although he was annoyed with Xia Xibei for being so rude and cruel to his son, they were currently begging Xia Xibei, and they didn't dare to act recklessly.

Gu's mother's heart ached, but pulled back by her husband, she could only stop in hatred.

If Xia Xibei couldn't cure Gu Yinglei, she would pay for it afterward!

The two of them had never given in like this before.

With their status and position, they were only kissed up and flattered by others.

This time, if it wasn't for Gu Yinglei's bad condition, and the fact that they had sought several doctors without good news, they wouldn't have been so tolerant of Xia Xibei.

This was all based on the fact that Xia Xibei had real talent.

If Xia Xibei did not have the strength, then they would never let her get away with this!

As if Xia Xibei didn't notice their reaction, she stood by Gu Yinglei's bedside, towering over him.

"Are you awake?"

Shocked by Xia Xibei's cold eyes, Gu Yinglei's body stiffened, and then his consciousness returned.

He looked around and then at himself, and after moving, his face changed dramatically.

“What is this place? Why am I here?!” He finally saw his parents and was even more startled. “Dad? Mom?”

“Yinglei!” Gu’s mother finally found a chance to pounce, her eyes overflowing with tears. “You drank too much and ended up in the hospital!”

“No way!” Gu Yinglei subconsciously denied it.

He was a strong drinker!

He had drunk more alcohol before but never had any problems.

This time, he had only drunk a little. How could he have had an accident?

However, the feeling of not being able to move his body made his face change.

“Silly child!” Gu’s father also walked over, then slapped him on the head. “It’s all because you were fooling around!”

Looking at his father’s face, Gu Yinglei was finally sure of his situation and turned pale.

“What’s wrong with me?! Why can’t I move my feet?!”

“Alcohol poisoning,” Xia Xibei said lightly, “It has after-effects.”

Would alcohol poisoning have such after-effects?

Gu Yinglei was tempted to deny it, but the strangeness of his body let him know that something was indeed wrong!

“However, I can heal you.”

The words made his eyes widen, “You can help me?”

“Of course,” Xia Xibei nodded. “Only if you do as you’re told.”

Gu Yinglei was silent for a moment, shrugging off the two slaps she had just given him to the back of his mind.

“What do I have to do?”

He was a man of sense and immediately knew what to do.

Although he did not know where Xia Xibei got the ability, the focus was on healing his body first!

He didn't want to stay in bed for the rest of his life!

Chapter 1435: Treatment

Gu Yinglei didn't know what was wrong with Xia Xibei, but hearing her say that she could cure him, he instantly gained hope.

"I... What do I have to do?"

Now, half of his body could not move, and this feeling of powerlessness broke him.

So, even if a little kid ran out and said he could be saved, he would believe it!

!!

"It's not hard." Xia Xibei cast him a glance. "As long as you are obedient."

"I will definitely be obedient!"

At this moment, Gu Yinglei nodded his head like a child.

Of course, what he had in mind was the same as his parents.

If Xia Xibei didn't have real skills, he would make Xia Xibei pay!

"Okay," Xia Xibei nodded. "Then let's start."

Then, she pulled out a small pouch from the bag she brought with her.

Watching her actions, the people couldn't help but stare.

What was she trying to do?

As they watched, Xia Xibei took off Gu Yinglei's top, moving with efficiency and without being affected.

Gu's father and mother couldn't help but be surprised but didn't dare to say anything.

After Xia Xibei took Gu Yinglei's clothes off, she opened the silver needle bag and pulled out a very long silver needle from inside.

The silver needle shone with a light and Gu Yinglei could not help but feel a jump in his heart.

What was this?

Gu's mother was also taken aback and almost stopped Xia Xibei.

"This is..."

"Oh yes, you guys go to the side. Watch and don't talk. Otherwise, I can't guarantee that there are no problems."

This comment made both of them stiffen their expressions.

This sounded... Like it was scary!

However, Gu's father still took his wife to the side.

If Xia Xibei dared to do it in front of them, it meant that she was sure of herself.

So, it was better for them to wait quietly on the side for now.

Seeing that the two people stood aside quietly, Xia Xibei did not change her expression. Her hand pressed down, and the silver needle sank into Gu Yinglei's chest.

"Ah!"

Gu Yinglei drew in a breath.

Gu's mother panicked.

If not for her husband, she might have rushed up.

Xia Xibei rolled her eyes at Gu Yinglei, "What are you screaming for? You can't feel it."

Gu Yinglei's face was pale, "But... This is terrible..."

A needle this long just poked into his flesh. How could it not be scary?

It was good that he didn't faint from fear!

The visual impact was terrifying!

"Shut up, or close your eyes."

Xia Xibei glanced at him, then continued to do it.

Gu Yinglei could only close his eyes, not daring to look again.

However, during this process, he still couldn't help but open his eyes, then was so shocked by her movements that he closed them again.

The needle after needle was simply terrifying!

He felt like he was going to turn into a hedgehog!

Gu's father and mother also felt the same way, wanting to look but not daring to look. They were very torn.

However, Xia Xibei's movements also gave them a little more confidence.

This smooth movement was a good indication of her skillfulness.

Moreover, if she didn't have the skills, after so many needles, he would have to be dead.

After ten minutes, Gu Yinglei opened his eyes but didn't dare to look at his chest. Instead he looked at the ceiling and screamed. "I can feel it!"

His parents immediately rushed up. "Really?"

"Really!" Gu Yinglei had tears in his eyes. He could feel a little soreness and numbness in his originally non-feeling torso.

“Fantastic!”

The couple cried tears of joy and had more confidence in Xia Xibei.

Chapter 1436 - 1436 Endure For a Month

1436 Endure For a Month

Xia Xibei was not affected by their reactions. Her hand played on the silver needles as if she was plucking the strings of a guitar.

“Miss Qi...”

This time, Gu’s father took Xia Xibei seriously.

They didn’t know her skills!

!!

They were just thinking of trying it before, but they didn’t expect that she was really capable!

“Wait.”

Xia Xibei gave them a look, and her hands kept moving.

The people held their breath and did not dare to speak.

Soon, she withdrew the silver needles.

Several people felt dazzled as they watched the silver needles on Gu Yinglei's chest being pulled off.

Gu Yinglei hesitantly sat up from the bed and then rejoiced. "I can sit up now!"

This immediate effect made everyone perk up.

She was a miracle doctor!

At this moment, Gu's father could not wait to go back to earlier and give himself a slap in the face.

How could he be so disrespectful to the divine doctor?

"Miss Qi, thank you so much!"

"Don't thank me yet," Xia Xibei said indifferently.

These words made a few people's hearts jump.

What else was going on?

Those words sounded a bit scary.

“This is just the beginning,” Xia Xibei said indifferently. “It will take another month to fully recover.”

“It’s okay, it’s okay! We can wait!”

Gu’s father immediately nodded his head repeatedly.

They could afford to wait for a month!

“And, within this month, you will have to abide by my rules.”

“Yes, Madam Qi!”

They even changed her title to an honorific.

“During this month of treatment, there must be absolutely no intercourse.”

This statement made their faces a little embarrassed.

“Well...”

Xia Xibei did not feel that there was something wrong with this statement, continuing, “If you want to return to the previous state, you have to cultivate your health. If you do not comply with the rules... In the future, you will not be a man.”

These words made Gu Yinglei’s scalp tingle and his crotch ache.

Could not be a man?!

This was going to kill him, right?!

Gu’s parents were equally nervous.

If something happened to their son, what could they do?

They immediately nodded their heads. “Don’t worry, that’s not a problem!”

It was just a month. Who couldn’t bear it?

Father Gu also slapped his son, “Hear that? Listen to me!”

Gu Yinglei was busy nodding, “Don’t worry, don’t worry! There will be no problem!”

Although he usually slept around a lot, in this case, he was not a fool. Of course he had to hold back.

For the sake of his future happiness, it was worth it to endure for a while.

“Fine then. This treatment is done for now. I’ll come back in a week.”

“A week?!” Gu Yinglei was anxious. “What about now...?”

“Are you the doctor or am I the doctor?” Xia Xibei glanced at him. “Even if I can continue the treatment, can you handle it?”

Gu Yinglei was a little sheepish.

Somehow, he still had to lie in bed for a week, and that was too much to bear!

However, lying in bed for a week was better than lying for a lifetime.

“I’ll make some ointment for you, remember to use it more this week.”

Several people nodded their heads,” Ok!”

As long as Gu Yinglei could get better, there was absolutely no problem!

“Then come to the Qi house tonight to get the medicine. I’ll give you a clear explanation on how to use it then.”

“Good!”

The people nodded one after another.

Before Xia Xibei was about to leave, the door to the room opened.

She had thought it was a doctor who came in, but it was a young man.

“Han Xiang!”

Gu Yinglei immediately shouted, his eyes showing surprise.

Han Xiang saw Xia Xibei, and his eyes lit up.

“Yo, this girl is here too...”

“Han Xiang!”

Gu Yinglei's face changed and immediately shouted to stop him.

Chapter 1437 - 1437 A Benevolent Mother Spoils Her Child

1437 A Benevolent Mother Spoils Her Child

If Gu Yinglei hadn't shouted, Han Xiang might have continued talking.

Han Xiang had gone to other places before and only came back today.

As soon as he came back, he heard that Gu Yinglei was in the hospital, so he came to take a look.

He didn't expect to see Xia Xibei as soon as he got here.

!!

He also knew Xia Xibei. After all, Xia Xibei was a star. Just turn on the TV, and you could see her.

In addition, Xia Xibei was the object of Gu Yinglei's pursuit for Gu Yinglei. How could he not know about her?

He didn't expect that Gu Yinglei would hook up with Xia Xibei without a word.

See, he was in the hospital, and Xia Xibei came to see him!

He worked fast!

Being similar in their nature, how could Gu Yinglei not know Han Xiang's meaning?

However, Xia Xibei was not someone he could covet now, and he could not let Han Xiang offend Xia Xibei, so he could only hurry up and interrupt his words.

If Xia Xibei became angry, what could he do?

He did not want to spend his life lying in bed or in a wheelchair!

Being told by Gu Yinglei to stop, Han Xiang was a bit confused.

"You come here." Gu Yinglei let out a sigh of relief and waved at Han Xiang, then smiled at Xia Xibei.
"Miss Qi, you can go back first, I still have some business here."

"Okay."

Xia Xibei did not say anything. She got up and walked out.

"Miss Qi, I'll walk you out!"

Father Gu also got up after her and enthusiastically walked Xia Xibei out.

Looking at Father Gu's enthusiastic appearance, Han Xiang was stunned.

How long had it been? When did Gu's father become so enthusiastic about Xia Xibei? This was too exaggerated, right?

Was it possible that Xia Xibei had already charmed their family?

Otherwise, how could Gu's father be so enthusiastic?

Xia Xibei's tactics were certainly powerful!

There was no need for Han Xiang to say anything, Gu Yinglei knew what he wanted to say and immediately pulled his hand, signaling him to shut up.

Father Gu sent Xia Xibei out the door with a smile on his lips.

"Miss Qi, I'm really sorry for what happened before. We were just too anxious, so we lost our composure for a while. Please don't take offense!"

If it was anyone else, with such a low voice, Xia Xibei might have become soft-hearted.

However, she did not seem moved by Father Gu's words.

Of course, she didn't roll her eyes sarcastically either.

"I know."

She stopped in her tracks.

"Okay, no need to send me off. I can go back by myself."

She put her hat back on and wrapped the scarf around her, and lost a lot of her glamor.

"Okay then, I'll go over later to get the medicine."

"Hmm."

"You take care!"

Seeing Xia Xibei leave, he turned his head back.

Back in the ward, he couldn't help but give Gu Yinglei another slap, "Remember to hold it in!"

Due to this incident, he felt that he had aged several years.

His son almost had an accident. How could he, as a father, be intact?

“I know!” Gu Yinglei also had palpitations in his heart.

How could he know that drinking would cause such problems?

After this incident, how would he dare to be reckless?!

It was not like he wanted to die!

“Also, control yourself these days!” Father Gu warned. “If something happens, you’ll die!”

“What are you talking about?” Gu’s mother couldn’t help but speak up,

“How could something happen to Yinglei!”

“You’re still speaking for him! A benevolent mother spoils her child!”

“What do you mean? Is he not your son?” Gu’s mother was furious.

Seeing that the two of them were about to argue, Gu Yinglei hurriedly shouted to stop. "Dad! Mom! You're both very tired, go back and rest! I want to take a break too!"

Only when their son shouted at them did they reluctantly stop and leave.

Chapter 1438 - 1438 Keep Going

1438 Keep Going

Only after the two people left did Han Xiang breathe a sigh of relief.

As an outsider, listening to a family arguing, it was really too embarrassing.

Fortunately, Gu's father and mother also knew the importance of the matter and knew not to make too much noise in front of outsiders, otherwise he would be more embarrassed.

He pulled over a chair and sat down with a big grin.

!!

"I say, what is your situation? How did you drink yourself into the hospital?"

Gu Yinglei lay back on the bed and sighed. "Stop it! It's all because of Lu Liangxun."

“Oh? What happened?”

Han Xiang immediately became interested.

It had been a long time since their group had been at odds with each other.

He didn't expect that Gu Yinglei's hospitalization was related to Lu Liangxun.

“Don't mention it! It's a shame!” Gu Yinglei waved his hand, with a speechless expression.

“Hurry up and talk me, I'll help you take revenge!”

Han Xiang was particularly interested.

The two sides had clashed many times before, but not once was it so serious.

They usually didn't fight. After all, it was too troublesome to fight and be hospitalized.

Unexpectedly, this time Gu Yinglei truly was in the hospital!

“It was over Qi Xibei. That son of a bitch had a drinking contest with me. Then I drank too much, got alcohol poisoning, and went into the hospital.”

Although this incident was humiliating, Gu Yinglei did not hide it in front of Han Xiang.

After all, they were buddies, so what could they not say?

Besides, if he didn't say anything, Han Xiang could also learn the truth from other people.

If this kind of thing was told from the mouth of others, there was no telling what would happen.

Instead of that, it would be better to say it himself.

"Holy crap!" Han Xiang immediately became angry. "Alcohol poisoning? Did that kid play dirty?"

They had drunk many times before, and this had never happened before.

Wasn't it strange that such a thing happened so suddenly?

Lu Liangxun and his friends were not so innocent, they could have used dirty tricks.

"No," Gu Yinglei shook his head, "He wouldn't dare to do that."

After being sent to the hospital to clean his stomach, he sobered up for a while and learned that Lu Liangxun had been given a lecture by his father.

Lu Liangxun was not evil to this extent.

“Then... What just happened? Why were you like that with Qi Xibei?” Han Xiang couldn’t help but ask.

“You don’t know? Qi Xibei is a doctor!”

Gu Yinglei’s words stunned Han Xiang.

“A doctor?! You’re kidding! How old is she!”

She was only a teenager, not even 20-years-old yet. What was she capable of?

“She’s really a doctor,” Gu Yinglei held his forehead, “She even helped me heal. Otherwise, I wouldn’t be able to sit up now.”

He was lying on the bed before, and most of his body was unable to move.

After being treated by Xia Xibei, he was able to sit up.

The change was so great that he couldn’t deny it.

“That amazing?!” Han Xiang was stunned and blurted. “What will you do after that? Are you still going to get her?”

Gu Yinglei has always wanted to get a piece of Xia Xibei.

Now, Xia Xibei turned out to be a doctor, and a great one at that. Otherwise, Gu’s father would not be so enthusiastic.

Under such circumstances, would Gu Yinglei still dare to pursue Xia Xibei?

“Of course!” Gu Yinglei raised his eyebrows. “Why not?”

Han Xiang froze for a moment, then smiled. “That’s right, why not? Such a unique girl... She must be extra fun to play with!”

Gu Yinglei glanced at him and laughed with anticipation.

Chapter 1439 - 1439 Drugs from Han Xiang

1439 Drugs from Han Xiang

Gu Yinglei did not want to give up on Xia Xibei.

Previously, he had thought that she was a beauty with outstanding looks, but now it seemed that she was more special than he had imagined.

Although it was said that Xia Xibei was too strong and he might not be able to handle her, he believed in himself.

As long as he worked hard, he would be able to get Xia Xibei.

!!

Besides, if such an outstanding girl could be under his body, how beautiful would it be?!

He couldn't help but feel excited about this idea, and could not wait to turn Xia Xibei into his girlfriend.

In Han Xiang's opinion, as long as Gu Yinglei was really willing to make a move, Xia Xibei could not escape and would become his sooner or later.

After all, Xia Xibei was an illegitimate daughter and had never seen the power and prosperity of their families before, and when he brought her to see these luxuries, she would know what to choose.

But...

"What is the situation with Qiao Yanjue now?"

Han Xiang also knew what Gu Yinglei had done to Qiao Yanjue.

He had heard that Qiao Yanjue was dying.

“When I do something, it’s absolutely no problem,” Gu Yinglei smiled cheerfully.

He had drugged Qiao Yanjue before, then tampered with the car.

Qiao Yanjue was not going to survive.

“But... You said Qi Xibei was a doctor. Won’t she bring him back?”

Han Xiang was a little worried.

“Um...” Gu Yinglei frowned.

He hadn’t really considered this before.

However, he quickly laughed.

“Relax, even the most powerful people won’t be able to save him!” He raised an eyebrow at Han Xiang,
“Don’t worry, it will be fine.”

Han Xiang nodded, “That’s right! With those drugs I gave you, there will definitely be no problem!”

Gu Yinglei had drugged Qiao Yanjue, but the drugs were from Han Xiang.

The Han family had quite a few special medicines, usually poisons, which did all kinds of harm to the body.

It could be said that the Qi family was taking the healing route, while the Han family was taking the poison route.

However, the two sides had not crossed paths much before.

Han Xiang and Gu Yinglei had a good relationship, which was why he helped him to take on Qiao Yanjue.

The two of them were chatting in the room, but they didn't know that all their words had been heard by Xia Xibei.

Xia Xibei had left a very small wiretap in the room when she was treating Gu Yinglei.

Unless they were very careful, they would not have discovered the existence of the bug.

Xia Xibei did not expect to hear such news.

She was sure that Qiao Yanjue's accident was related to Gu Yinglei, but she didn't expect Han Xiang's involvement here too.

Xia Xibei got into the car, and the corners of her mouth took on a sarcastic and sinister smile.

It seemed that the Han family could not be spared.

While in the car, Xia Xibei received a message.

It was a message from Han Hui.

Han Hui knew that the matter of Gu Yinglei was a bit troublesome, so she didn't dare to call Xia Xibei.

However, after waiting for a day, she couldn't help but send her a message.

She was eager to solve her own problem immediately.

She always felt that a crisis was coming at any moment.

After all, she was already in her early twenties and was about to be "harvested," and her family was ready to introduce her to someone.

After receiving Han Hui's message, Xia Xibei smiled.

Just in time.

She sent a message and asked Han Hui to meet her.

Soon, the car turned around and headed to Han Hui's place.

After seeing Xia Xibei, Han Hui was obviously relieved!

She was afraid that Xia Xibei had already left!

If so, she didn't know when she would regain her freedom.

Chapter 1440 - 1440 Why Do You Want to Help Me

1440 Why Do You Want to Help Me

After seeing Xia Xibei, Han Hui first breathed a sigh of relief.

She was afraid that Xia Xibei had left.

Xia Xibei was the first one who could see the problem in her.

In fact, Han Hui had long known that something was wrong with her family.

!!

Although she was brainwashed from a young age to give everything to her family, when she grew up, she found that the things her family said were so disgusting.

Why should their bodies be used to sacrifice themselves to the family?

What about the men in the family?

If the family wanted to grow, shouldn't they be making everyone in the family work?

Well, they did make everyone work hard, but there was something wrong with the direction of the effort!

Couldn't they just improve their strength properly? Why did they have to take these evil paths?

What was even worse was that only the girls were sacrificed, and the boys, no matter how pathetic, were treasures.

After reading and understanding things, Han Hui had been uncomfortable.

Why should she do this?

It wasn't like she wanted to be born into Han's family, so why should she be victimized like this?

However, she had no way to rebel against her family, so she had to live with two faces.

Before, she had found a boyfriend and had thought that her boyfriend could help her leave her family. Then, it turned out that this scum was not reliable either.

She used various methods and tried to go abroad, but so far, she had not been able to succeed.

She was getting desperate as she was about to reach the final hurdle of being “harvested.”

Was her life going to be the same as other girls?

The only reason she went to the club this time was to take advantage of this last chance to be a little more reckless.

She never thought that she would meet Xia Xibei here.

What was more, she didn’t expect Xia Xibei could help her!

“Can you really help me?”

Han Hui looked at Xia Xibei with a longing expression, eager to get a definite answer from her immediately.

"Of course I can," Xia Xibei nodded her head and smiled. "I came over this time, also for you guys."

"For us?" Han Hui stared in surprise. "What do you mean?"

Did they know each other before? She actually came for their sake?

"I didn't know you guys before, but I think your family situation is bad."

Xia Xibei's nails tapped on the coffee cup, making a crisp sound.

"Very bad indeed," Han Hui smiled to herself. "I shouldn't say bad, I should say terrible!"

Everyone thought that they were very well off and had no troubles.

However, they didn't know that girls like her had no freedom and no future.

Every girl who was married off lived only until the age of fifty at the longest.

At the age of fifty, they would suddenly die.

Before that, their bodies were always weak.

So, this terrible future was hers.

However, she didn't want to live like that!

"It's okay, I can help you," Xia Xibei smiled.

"But... Why do you want to help me?" Han Hui was puzzled.

"Because my friend is in the same situation as you."

Xia Xibei didn't hide it.

She knew that they were in the same boat, there was no need to hide from each other.

Moreover, telling the matter frankly would make Han Hui trust her more.

After all, no one would help each other for no reason.

"What?!" Han Hui was shocked, "You also have friends from the Han family?"

"Sort of," Xia Xibei nodded, "She also has a little connection with your Han family."

“No wonder...” Han Hui muttered, finally understanding Xia Xibei’s enthusiasm for her situation.
