

Chapter 1441 - 1441 Ruthless

1441 Ruthless

“Before my friends are subjected to these persecutions themselves, I can only take action to solve the root of the problem first.”

These words made Han Hui’s expression complicated.

“How nice to have a good friend like you!”

She had an envious look on her face.

!!

Although she also had friends, she didn’t have friends who could talk with her about her deepest problems.

After all, she couldn’t tell people about her family’s situation, so her family wouldn’t let her go out when they found out.

In this modern world, they still lived the same life as during ancient times.

This was simply terrible!

If she hadn't behaved very normally all these years, she wouldn't have been allowed to leave the house.

That unknown girl had such a good friend like Xia Xibei, it was simply too enviable!

After she envied her for a while, her expression immediately turned serious.

"So what should I do now?"

Friends and whatever else could wait for later.

The most important thing now was to solve the problem for herself first.

"This depends on you," Xia Xibei gave her a deep look.

This made Han Hui's heart jump.

"What do you mean?"

"It's up to you now to make a choice. Do you choose to save yourself, or do you want to change all of this."

"What difference does it make?" Han Hui's brow furrowed.

“Of course it makes a difference,” Xia Xibei laughed. “Helping yourself is just solving your own problems so that you are not in trouble. Changing it all, on the other hand, is a solution from the root.”

Han Hui drifted off.

Either you just save yourself, or you save everyone else.

“I...”

However, she hesitated.

How should this be done?

Han Hui, of course, wanted to save herself first. It was good if she could save herself. However, when she thought of her cousins at home, she couldn’t help but be silent.

After a moment of silence, she clenched her teeth and made a decision.

“If I want to solve all this, what can I do?”

If she simply saved herself and didn’t change everything for the Han family, there would be more victims.

Moreover, there was no telling how long she could live an easy life before being taken back by the Han family again.

The nature of things would not change if all the circumstances of the Han family were not solved.

“If we’re going to fix all of this, we’re going to need your help.” Xia Xibei looked at her. “It depends on whether you can be ruthless.”

She blanched, “How am I going to be ruthless?”

“Maybe by then, the Han family will lose its current position.” Xia Xibei made all the problems clear to her. “If the Han family loses its current status, your life will not be so good. The glory and wealth you had before will be gone.”

A place like the Han family couldn’t be allowed to remain.

This kind of perverted family, if allowed to grow, would harm so many more girls!

Sacrificing a girl’s life and happiness to become fuel for their development was too disgusting!

Even if Han Hui didn’t agree, Xia Xibei wouldn’t change this decision.

She had wanted to start elsewhere, she just didn’t expect that she would meet Han Hui.

Han Hui was a loophole for the Han family that would make her plan easier.

“So what!”

Han Hui silently thought for a while before looking up and gritting her teeth. “The reason why the Han family is where it is now is built on us. Why should we sacrifice ourselves to make them whole?”

What was even more disgusting was that it was their sacrifice that allowed the Han family to develop, yet the Han family never valued them, and told them that they made their lives better!

This kind of reasoning was so disgusting!

Chapter 1442 - 1442 Let the Building Collapse

1442 Let the Building Collapse

Han Hui thought differently after her awakening.

The more she thought about it, the more she felt it was unfair.

If the Han family was developed by those men one step at a time, she would not have had a problem with it.

However, the family's success was obviously because of the sacrifice and dedication of girls like them!
!!

The men in the family were the ones who exploited the girls' bodies!

Now they had the nerve to turn around and say that they provided for them!

The cause-and-effect relationship had been reversed but they were still so righteous; it was disgusting!

In the old days, when she dreamed at night, Han Hui would grit her teeth and swear that if she had the power, she would make the Han family lose everything!

She would make this Han family building fall down!

Underneath this building of the Han family were the bones and blood of these girls!

Now that the girls had awakened and were not willing to continue to be hearths, it was time for this hypocritical building of the Han family to fall!

Anyway, such a high building was built on the sacrifice of these girls.

It was time, then, to return to normal.

"Good," Xia Xibei nodded her head in satisfaction.

She was happy that Han Hui, the first one she found, was so bold.

If Han Hui didn't have such courage, she might have had to find someone else. Or perhaps give her a little more brainwashing, so that she would not be protecting the Han family.

Luckily, Han Hui was not that stupid. She still had some brains.

"Since you've made a decision, that's good." Xia Xibei gave her a look. "Don't worry, I won't let you guys get hurt. However, you have to be careful not to let this matter be found out."

"Don't worry, I won't."

Han Hui smiled to herself.

If she exposed this matter to the public, she would be purged by her family.

Her audacity was too much.

"Also, you can't tell your sisters either."

Xia Xibei believed in Han Hui's firmness, but she didn't trust the minds of the other girls in the Han family.

After all, some of them were already captive and stupid.

If Han Hui revealed it, maybe those silly girls would still think she was hurting them.

"I know," Han Hui nodded her head heavily.

She treasured her life and wouldn't mess around with it.

"Okay, listen to me then..."

Xia Xibei closed the distance between the two of them and whispered her plan to Han Hui.

"This... Won't be a problem, right?"

After listening to her explanation, Han Hui frowned. It was that simple?

"Don't worry, there won't be any problems," Xia Xibei smiled. "I won't let you do anything too difficult."

Her plan was not difficult, but only if she could enter and exit freely inside the Han family.

If she were to enter on her own, it would be much more difficult. After all, the Han family must have all kinds of surveillance, and it wasn't that easy to enter.

With Han Hui's help, it would be much easier.

Besides, the Han family would not expect Han Hui would do such a thing.

"Okay!" Han Hui nodded, "I trust you!"

Xia Xibei smiled and pulled out a small bottle and handed it to her.

"Put this in the water or soup and give it to everyone in the family."

"It's not... Toxic, is it?"

Han Hui's face was hesitant.

Although she wanted to escape the Han family, she didn't want everyone to die.

"I'm not stupid!" Xia Xibei snorted, "I'm living a good life, why should I kill people? Would it do me any good? I don't want to go to jail."

"Then what is this?"

“Aren’t you guys taking those pills?”

Han Hui’s heart skipped a beat and she nodded, “Yes.”

“These are the good things that make those pills useless.”

Chapter 1443 - 1443 Two Kinds of Drugs

1443 Two Kinds of Drugs

These words made Han Hui’s face change.

“Really?!”

They had been taking all kinds of strange pills since they were young, and after growing up, they were taking even more.

She heard that it would make their health better.

!!

When they were used for cultivation afterwards, they were able to live a little longer.

Of course, there was a particularly ferocious drug, and that drug could stimulate the body's potential for a short time.

However, the after-effects of this drug were very serious and the mortality rate was higher.

Therefore, that type of drug was for the girls outside the family.

The Han family's focus was now on developing these drugs, as well as their various classifications.

Those who were related by blood and grew up in the Han family took one kind.

Those who were related but grew up outside took another kind.

Those who were not related took another kind.

If they found someone who was a suitable hearth outside, the girl was given these drugs, which could convert their physique into that of a hearth.

However, the after-effects were also very obvious and could hurt their lives.

The drugs the girls in the family usually took were not so vicious, and they could at least live for a few more decades.

So the drug that Xia Xibei gave her could change the effect of the drugs they had taken before?

Han Hui was very surprised. Was it really that amazing?

Xia Xibei took out another bottle, "These are for the men in your family to take."

"What's this?"

"Good stuff," Xia Xibei laughed. "If they want to use the girls as a hearth, then the result will teach them to behave."

Han Hui immediately understood what it meant.

"This won't kill them, right?"

"Of course not," Xia Xibei shook her head. "Don't worry. If they don't have bad intentions, there will be no problem."

Han Hui looked at the two differently-colored bottles in her hand with a very complicated expression.

There was anticipation, disbelief, and uncertainty...

"This is something good to help them return to the right path."

Xia Xibei shrugged, “Don’t worry, it won’t hurt anyone.”

Of course, she said this with a little bit of sheepishness.

If the Han family didn’t have bad intentions, they would not be hurt.

However, who wouldn’t have bad intentions? Of course, they would.

The Han family was accustomed to this kind of “get something for nothing” life. How could they go back to the hardships of the past?

When the time came, their results could be imagined.

At that time, these people would be the same as Han Qin. The more they wanted to get, the more they would lose.

“Okay!” Han Hui took a deep breath and agreed.

At this point in time, how could she still worry about all the what-ifs?

Absolutely not!

“When the time comes, you will put these things in the water for them to drink. It’s colorless and tasteless.”

“Good,” Han Hui nodded her head.

Han Hui took the stuff and left in a rage, and Xia Xibei returned to Qi’s house.

Just after she returned to Qi’s house, she saw Qi Xin.

Qi Xin’s face changed after seeing her.

Qi Xin remembered that Xia Xibei had knocked her out earlier!

When she woke up, she found out that something had happened to Gu Yinglei!

At that time, she went to find out what happened, but she received strange looks from everyone because she was there before!

She was tempted to tell everyone that Xia Xibei was pretending to be her, but in the end, she didn’t say anything.

She was just puzzled as to why Xia Xibei had knocked her out.

Xia Xibei smiled at her, nodded, and headed inside.

Such an attitude made Qi Xin's heart feel even harder.

Xia Xibei seemed to be unaware of the tangled torment in Qi Xin's heart, not to mention how much of a shadow her previous actions had left on her.

If Qi Xin had asked this question, Xia Xibei would have answered her- I did it on purpose!

Chapter 1444 - 1444 Payment of Five Million

1444 Payment of Five Million

Xia Xibei could have kept Qi Xin from knowing what she had done, but instead of doing that, she was very open about letting Qi Xin know: she just used her likeness to do something.

She had wanted Qi Xin to know that she had a different kind of ability.

This way, Qi Xin would definitely think of more messy things.

She liked to see Qi Xin overthinking.

!!

The more she thought, the more she would confuse herself.

Ling Juan had escaped, and until now, Xia Xibei had not been able to find her whereabouts.

So, since they couldn't find her, let her appear on her own.

Xia Xibei thought that if Qi Xin really messed up, Ling Juan would definitely show up!

After all, Qi Xin was Ling Juan's own daughter.

Moreover, it was necessary to mess Qi Xin up so she would do something.

In the evening, Xia Xibei gave two bottles of medicine to Gu's father and mother, who came over on time.

She pointed to the two bottles and said. "This one is for internal use and this one for external use. Take the internal one after meals, three times a day, one pill at a time."

Gu's father stared at the two bottles, afraid of making a mistake.

As for Xia Xibei's instructions, it was very carefully written down.

This was a matter of Gu Yinglei's health.

After getting the stuff, Gu's father took out a check and respectfully handed it to Xia Xibei.

"Miss Qi, this is your fee."

Xia Xibei didn't refuse to accept it.

Looking at the five million yuan on it, she couldn't help but raise her eyebrows, then revealed a faint smile.

Although this was not very much, but it was not bad at all.

Gu's father had some sense.

"Then we'll leave. We will not trouble Miss Qi," Gu's father said with a smile, then took his wife and left.

After the two of them left, Gu's mother couldn't help but pinch him. "Why did you give her so much money!"

That was five million!

"Are you stupid?"

Gu's father rolled his eyes at her, "Do you think she's an ordinary person? Can you pay ordinary prices?"

Gu's mother was silent for a moment.

This was true.

Before Gu Yinglei's matter, they had found several doctors, and they all said the same thing: there was no way to recover as normal.

Now that Xia Xibei had demonstrated her strength, they weren't so stupid.

"But this is too much, right?"

Gu's mother still felt cheap.

Gu's father rolled his eyes at her, "Short-sighted!"

He did not wait for Gu's mother to explode, explaining, "If you have a good relationship with such a divine doctor, it will be easier to work together later, right?"

Afterward, if there was something, they could ask Xia Xibei for help.

If they didn't have a good relationship now, how would they be able to find her afterward?

Besides, he also knew what his son thought of Xia Xibei, so the money could not be saved.

After being educated by her husband with contempt, Gu's mother reluctantly bristled and wanted to say something else.

Gu's father glared at her, "Do you think that five million is not as valuable as your son's health?"

These words successfully made Gu's mother shut her mouth.

It was true. Although five million was a lot, compared to her son, it was still not enough.

If Gu Yinglei could be healthy, what was five million worth?

After the two people left, Xia Xibei also said goodbye to the Qi family members.

"Going back so soon?"

Ling Xiao was very sad.

“Yes, I was only going to stay here for a day.” Xia Xibei smiled.

Due to Gu Yinglei’s matter, she had stayed here for two more days, and now that Qiao Yanjue should be waking up soon, she had to go back.

Since she had said that, everyone naturally couldn’t keep her.

Chapter 1445 - 1445 Awake

1445 Awake

In G City, in the hospital room, Qiao Yanjue was sleeping peacefully. The instruments on his body had been removed, and only the gauze was still wrapped around his forehead.

“Why hasn’t he woken up yet?” Liu Yiqin was anxious.

When Xia Xibei left earlier, she said that Qiao Yanjue would sleep for two or three days.

However, it was already the fourth day! There wasn’t something wrong, was there?

!!

Liu Manhong reassured her sister. “Don’t worry. Beibei said he will wake up soon. It’s okay.”

She had plenty of confidence in Xia Xibei. If Xia Xibei said so, then Qiao Yanjue would definitely be fine.

“But it’s already the fourth day!”

Although he had an IV drip, Qiao Yanjue had lost a lot of weight.

Looking at Qiao Yanjue’s face, which had lost a lot of weight, Liu Yiqin was heartbroken.

She was staying in the Imperial Capital before; when she suddenly received the news of Qiao Yanjue’s accident, she almost didn’t die of anxiety.

Although Xia Xibei managed to save Qiao Yanjue later, as long as Qiao Yanjue did not wake up, she could not let herself relax.

“Don’t worry, it’s already the fourth day. Qiao Yanjue will wake up soon.”

Liu Yiqin sighed and said nothing more.

While the two of them were talking, Qiao Yanjue’s eyelids moved.

“Eh? Did he move?”

Liu Manhong’s eyes were sharp, and she immediately stood up and went up to Qiao Yanjue’s face, staring at it closely.

“Huh?”

Liu Yiqin was also anxious and immediately followed, leaning over.

When Qiao Yanjue opened his eyes, he almost got scared by the two faces in front of him, closing his eyes again.

“He’s awake! Really awake!”

Seeing that he was awake, the two of them got excited.

He was finally awake!

Listening to their sharp and excited voices, Qiao Yanjue couldn’t help but frown.

“So noisy.”

As soon as the words fell, the two women’s voices ended abruptly.

“Are you okay?” Liu Yiqin’s voice plummeted several degrees as she asked in a small voice.

She looked Qiao Yanjue up and down and wanted to go up and touch him, afraid that he was uncomfortable somewhere.

“This is...”

Qiao Yanjue did not answer her question but looked around.

The white walls, bedside, and various instruments made him feel very strange.

“This is a hospital!” Liu Manhong replied.

“A hospital?”

Qiao Yanjue frowned, the movement tugged at the wound on his forehead, and he immediately drew in a breath.

“Is everything okay?!”

The two of them were suddenly anxious.

“I’m okay,” Qiao Yanjue shook his head. His expression was a bit strange.

“Are you really okay? Better get a doctor to take a look!”

After mentioning the doctor, the two people then reacted.

Liu Manhong immediately pressed the call bell beside the bed.

Soon, the doctor came over.

Seeing that he was awake, the doctor also showed a smile.

“It’s good that he’s awake.”

Surprisingly, he really woke up!

“Doctor, please help check!”

The two women immediately moved out of the way.

The doctor in the white coat immediately went forward and tried to check on Qiao Yanjue.

The doctor’s touch made Qiao Yanjue’s body stiffen, and his hand almost hit out.

Fortunately, at the last moment, he held back and stopped the action.

The doctor, who did not know what had just happened, gave Qiao Yanjue a careful examination and announced, "There is nothing seriously wrong. He should just keep recuperating."

With these words, Liu Yiqin and Liu Manhong became even happier.

Great!

Looking at their happy faces, Qiao Yanjue blinked in confusion, then lowered his eyes to hide the light in his eyes.

"Awake?" a voice rang out.

He subconsciously looked over, then his eyes widened.

"Ah...!"

Chapter 1446 - 1446 Strange Look

1446 Strange Look

Xia Xibei hurried back, and just as she arrived at the hospital, she saw that Qiao Yanjue had woken up and was instantly ecstatic.

However, just as she met Qiao Yanjue's eyes, she saw him staring wide-eyed, as if he was in shock, and then...

He fainted!

She was startled and immediately rushed over.

!!

Liu Yiqin and Liu Manhong drew in a breath because of Qiao Yanjue's sudden unconsciousness and almost died of shock.

Didn't they say he would be fine after he woke up? What was going on?

Although they were puzzled and worried, they immediately made room for Xia Xibei.

Xia Xibei came forward, checked carefully, and then frowned.

"There's nothing wrong with him! How did he get dizzy?"

Qiao Yanjue had slept for several days, and with the medicines she gave him, there should be no big problem now.

Even though he had lost some vitality before, it was not a difficult problem for her to solve.

She had taken a lot of good things at Qi's house, and this time when she came back, she could give him a good tonic.

However, why did he faint again?

Xia Xibei didn't wake him up either, waiting for him to wake up naturally.

After ten minutes, Qiao Yanjue reopened his eyes.

Looking at Xia Xibei in front of him, he stared at her and didn't want to look away.

Noticing his silly appearance, Liu Yiqin and Liu Manhong exchanged a look.

Really, he had just woken up, and he couldn't take his eyes off her.

His elders were completely invisible to him

Liu Yiqin was a little jealous but didn't think much of it.

After all, Xia Xibei was Qiao Yanjue's girlfriend, and the two of them had a different relationship.

Xia Xibei looked at Qiao Yanjue's expression and couldn't help but raise her eyebrows.

“Why, don’t you recognize me?”

His look was a little strange, as if he had not seen her for many years.

“I do,” Qiao Yanjue came back to his senses and nodded his head affirmatively.

His eyes also became more greedy, staring intently at Xia Xibei as if he had not seen her for a long time.

Xia Xibei sat on the edge of the bed and checked him again.

“Are there any other discomforts?”

“Here,” Qiao Yanjue lifted his hand and touched his head.

Just as he touched the wound, he drew in a breath.

“Ouch...”

“You’re silly!” He exasperated Xia Xibei. “Do you have to touch it with your hand to know that it hurts?!”

Although she was yelling, she still checked the condition of his head once more.

The wound on his forehead was not completely healed, but it was no longer in terrible shape.

As for the slight concussion, after the past few days of recuperation, it was also no longer a problem.

"It hurts," Qiao Yanjue nodded his head, his eyes drooping, a bit aggrieved.

Seeing his childish appearance, Liu Manhong and Liu Yiqin looked at each other and became even more speechless.

This kid couldn't have hurt his brain, right?

How come he woke up and acted like a child?

"If it hurts, don't touch it!" Xia Xibei was speechless. "It's okay. It'll be fine in a few days."

"Okay."

No matter what Xia Xibei said, he nodded his head obediently.

Not long after, a growling was heard.

Several people's eyes immediately turned to Qiao Yanjue's stomach.

Qiao Yanjue's face was a little red.

"So hungry."

"Oh yes, I'll go prepare food!" Liu Yiqin immediately responded. "You slept for a few days. You must be hungry!"

These days, he had to rely on the IV. He must be hungry.

When Liu Yiqin left, she also took Liu Manhong and the others out as well.

Although she felt a little envy in her heart, she still left space for the two of them.

When they left, Xia Xibei had just wanted to talk when Qiao Yanjue hugged her.

Xia Xibei was confused.

What was going on?

Chapter 1447 - 1447 A Magical Dream

1447 A Magical Dream

Qiao Yanjue hugged Xia Xibei and buried his face in the nape of her neck, a little emotional.

“What’s wrong?”

Xia Xibei was hugged by him and confused.

Did he become vulnerable after this injury?

!!

“You’re still alive... It’s wonderful!”

Qiao Yanjue hugged her, his body shaking a little.

“Huh?”

Xia Xibei was even more confused.

What did he mean by she was still alive? Wasn’t she always there?

“Are you okay?”

She pushed him away and stared at him.

"It's fine," Qiao Yanjue shook his head. "Just had some dreams."

"Dreams?" Xia Xibei asked. "What kind of dreams?"

"Just... Some very strange dreams."

Qiao Yanjue's eyes were complicated, as if he had experienced much trauma.

"Strange dreams?" Xia Xibei became interested. "Tell me about it?"

"Some... I don't remember," Qiao Yanjue's face reddened suspiciously.

Xia Xibei couldn't help but stare, "You didn't have a sexy dream, did you?"

This comment made Qiao Yanjue almost cough.

"What are you talking about!"

"Then why are you blushing?" Xia Xibei justified.

If he blushed while talking about dreaming, there must be something wrong!

Who knew what kind of dreams he had?

Qiao Yanjue looked at her speechlessly, "There was no sex."

However, he quickly changed his expression again.

"If we talk about the dream, the first part is colorful, and the later part is... Dark."

Recalling those things he experienced in the dream, especially the second half of the experience, he felt like he was going to be out of breath.

"What have you experienced?" Xia Xibei wondered.

"I dreamed about you."

"Dreamed of me?" Xia Xibei blinked, "It's not strange to dream about me, but what was my role in the dream?"

Given the relationship between the two of them, dreaming about her was really not a strange thing.

"You were... Younger than me in the dream," Qiao Yanjue recalled the situation in the dream.

"I'm younger than you in reality too!" Xia Xibei was speechless.

"However, you had more seniority than me."

Qiao Yanjue was a little offended.

"Huh?"

These words made Xia Xibei's heart jump.

Younger in age, older in the generation?

Why did this... Sound a bit familiar?

"You made me call you elder sister!"

When these words came out, Xia Xibei's face suddenly changed.

"Elder sister?!" She almost jumped up. "What else?"

Seeing her look so excited, Qiao Yanjue was startled as well.

"You were elder sister, I was little brother."

Speaking of the dream, Qiao Yanjue was also speechless.

It was only because of the late initiation that he became the little brother and had to be taught by Xia Xibei.

"What else do you remember?"

"There's nothing wrong with the first part of the dream." Qiao Yanjue bit his lip. "Later, you... Died."

"I'm dead?" Xia Xibei's face was pale. "Why did I die?"

"Something happened to you while you were refining medicine." Qiao Yanjue gritted his teeth, his face sad. "I learned afterward that someone had tampered with your medicine caldron!"

Xia Xibei's eyes widened, and her face turned even whiter.

"The medicine caldron?"

Qiao Yanjue nodded, "Yes, I've already found that person."

That person ended up no better.

Thinking of those bloody things in the dream, Qiao Yanjue's eyes were a little cold, bringing a murderous aura.

Although he had a cold personality before, now it was a society under the rule of law, and he couldn't make such a mess.

Like the kind of punishment in the dream, he only experienced it in the dream.

When he looked up, he saw Xia Xibei in tears and was immediately anxious.

"Don't cry!"

Chapter 1448 - 1448 Little Brother and Big Sister

1448 Little Brother and Big Sister

Xia Xibei couldn't control her emotions.

She had suspected that Qiao Yanjue was her Little Brother before, but she had never received confirmation.

Unexpectedly, Qiao Yanjue would dream about the previous events, which completely stunned her.

What kind of development was this?

!!

“Don’t you cry!” Qiao Yanjue got anxious and immediately hugged her. “Don’t be anxious, it was just a dream! It’s okay! Dreams and reality are the opposite!”

Qiao Yanjue thought Xia Xibei was frightened by the bloody dreams he

mentioned.

After all, no good ending came to Xia Xibei in his dreams.

In the past few days, while Qiao Yanjue was sleeping, it was as if he experienced a whole new world.

In the dream, he was the heir of a family, and because there was a threat from an enemy, he was sent to a certain expert to study and hide his identity.

At that time, this expert already had a female disciple by his side.

The young girl was only about 10 years old, but her character was very old-fashioned.

He was several years older than the girl, but the girl was adamant that since he was the one who joined later, she was the elder disciple.

Moreover, to show that the two of them were different, she also firmly called him “Little Brother,” and she was “Elder Sister.”

In the beginning, he was almost angry with this girl.

He had never been treated like this before.

Besides, even if he were to become a disciple here, he should be the elder brother!

However, this girl ended up taming him.

Although the girl was young, she was very strong, a genius among geniuses.

Of course, he was not bad either.

Although he was a few years later to enter the discipline and a little older, because he grew up with family training, his progress was fast.

So the girl, to maintain the status of the “elder sister,” became more desperate to win.

He was a man. How could he let a girl ride on his head?

So, the two of them were competing with each other. The competitive atmosphere was intense.

Slowly, a few years later, the two of them were much closer than before.

From fierce competition to accepting the “little brother” and “big sister” status.

Still, his elder sister never thought about marriage. Even though she was almost 30 years old, she never talked about her feelings.

However, in the dream world, the average age of those people was around two hundred years. Someone at 30 years old was considered a child, and it was normal not to get married.

In the process of spending time with his Elder Sister, he found his feelings for her had changed.

However, when he was ready to confess his love, something happened at home, so he had to go home for a trip.

He didn't expect this trip to mean he would be separated from her forever.

Thinking of this, Qiao Yanjue's heart vaguely throbbed.

Although he had already woken up, the painful feeling in the dream was still very clear.

After the death of his elder sister, he tried to find the murderer.

Although the murderer was found, elder sister could not return to life.

During that time, he was so pained from the grief that he almost had an accident.

Moreover, his temperament changed greatly as a result.

He was very gentle, but he became brutal and cold after this incident.

He had found that gentleness could not protect the people he loved.

No matter how hard he tried, his Elder Sister was no longer there.

His feelings were particularly complicated when looking at Xia Xibei, who looked the same as the Elder Sister.

“Don’t cry! None of it is real!”

Xia Xibei turned a deaf ear, and her tears were still pouring out.

Qiao Yanjue took her in his arms and coaxed her carefully.

After he comforted her for a while, she stopped sobbing.

“Who killed me?”

Qiao Yanjue was very confused.

Chapter 1449 - 1449 Betrayed

1449 Betrayed

What did she mean who killed her?

Qiao Yanjue was a little confused.

Xia Xibei smacked his hand, “Who killed me?”

Qiao Yanjue returned to his senses, and only then did he understand that she was asking about what happened in the dream.

!!

“It was your assistant.”

“My assistant?”

Xia Xibei’s face changed, and her eyes instantly went cold, taking on a killing intent.

She knew it! That incident was not an accident!

So it really was a murder!

The assistant that Qiao Yanjue was talking about was actually her formal disciple.

At that time, she was almost thirty years old and was already a senior pill refiner.

After becoming a senior pill refiner, she was qualified to take on disciples.

However, she didn’t take the disciples so easily. She had to examine them before she could do so.

Then, she found a girl on the street.

That girl was only 13 or 14 years old and still young.

She had no parents and was almost snatched away by evil people, so Xia Xibei took her back.

Seeing that the little girl was quite talented, Xia Xibei wanted to take her as a disciple.

However, there was still an evaluation period before formally accepting the disciple. She did not want to raise a troublemaker.

So, the girl named Yang Mo studied beside her.

After two or three years, she was ready to take Yang Mo as a disciple when she was sure she really had talent.

To her surprise, Yang Mo fell in love with a man, but that man liked Xia Xibei.

Xia Xibei was speechless. After all, she didn't have any interest in romantic love at that time.

The person of the opposite sex she spent the most time with was her teacher.

However, the teacher was very old and had been spending time with her as her father. Naturally, it was impossible to have any different feelings toward him.

Apart from the teacher, there was the Little Brother, another disciple of the teacher.

Due to her preconceived ideas about rank, she treated the little brother as a kid.

It could be said that she was not enlightened at all at that time.

Strength was the most important thing for her, who had experienced a lifetime.

Men? What did it matter?

So, she rejected the man.

What she didn't know was that Yang Mo fell in love with that man!

What was even more unexpected was that Yang Mo actually targeted her

because of this matter!

"No wonder!" Xia Xibei gnashed her teeth.

Anyone who was betrayed by someone they trusted would not have a good reaction.

In fact, Xia Xibei had a premonition long ago.

After all, she was a genius, refining medicine and so on, and was very proficient in many areas.

Other people refining medicine would often have caldron explosions, while she had never had such things happen. She did not expect it to happen, and to lose her life to this.

Moreover, she was still ruined by people she trusted!

Xia Xibei had a premonition long ago but did not dare to think deeper.

She had been betrayed once in her first life. In her second life, she was naturally more cautious.

Who would have thought that after she had changed her world, she would be betrayed again!

This cruel result made her refuse to think too much.

now, Qiao Yanjue's words had completely confirmed the matter to her.

She gnashed her teeth with hatred.

She was so good to Yang Mo, but Yang Mo killed her for a man!

"You know about this?"

Xia Xibei's reaction made Qiao Yanjue finally react.

This reaction of hers was not quite right!

Moreover, it was just a dream. How come she was more into the story than he was?

"Of course I know." Xia Xibei nodded, then reached out to pinch his face. "It's all because of you..."

Before her hand touched his face, it was blocked by his raised hand.

This skillful action made Qiao Yanjue also freeze.

This scene... it Seemed to have happened many times before!

Xia Xibei also froze for a moment, then revealed a mixed expression.

Chapter 1450 - 1450 Not Scientific

1450 Not Scientific

After clearing everything up with Xia Xibei and ensuring that he was not dreaming but had awakened the memories of his past life, Qiao Yanjue was stunned.

What he experienced in his dream... Was not a dream, but real?

This was too absurd, right?

However, thinking back on these things again, he had to admit that it really wasn't a dream!

!!

No one's dream could be so clear.

Generally speaking, it was easy to forget after dreaming.

Some people could remember things for a short period of time, but most memories were forgotten, and they couldn't remember how to think about it.

Now, when he thought back carefully, he could remember the development of those events.

So, it was really not a dream!

Moreover, in his past life, Xia Xibei was involved!

Xia Xibei was the elder sister, and he was the younger brother!

However, Xia Xibei looked the same in both lives, while he looked different. Otherwise, Xia Xibei would have identified him long ago.

At this moment, Qiao Yanjue finally unlocked the doubts and confusion that had been in her heart.

Since he met Xia Xibei, he had checked out her earlier life.

At that time, he didn't have any feelings for Xia Xibei, and his investigation of her followed the usual practice.

After investigating her situation, he felt strange.

It was clear that the girl couldn't do anything before and had a miserable life, so how did she suddenly become so powerful?

Although Xia Xibei said that she had a teacher, this kind of explanation was too magical, even for a movie.

Now was not the ancient times when mysterious legends lived.

Besides, now there were all kinds of modern means, such as surveillance. It was possible to check whether Xia Xibei had anyone near her.

However, Qiao Yanjue simply did not find the existence of such people.

Moreover, the various means that Xia Xibei had shown were very surprising.

For example, her medical skills, and the formulas that came with it, and her unreasonable strength.

However, after being with Xia Xibei, Qiao Yanjue didn't pursue these things.

After all, everyone had secrets that belonged to them, and even the closest people would not know about them.

Only now did he realize that this was the truth!

This was not scientific!

When he thought back on his own situation, he had to admit that his own experience wasn't scientific either!

When Liu Yiqin and the others came over to deliver the food, they saw the two of them stuck together again like sticky beans with sugar.

Looking at the two so close, Liu Yiqin felt relieved in her heart.

Her son was lucky to have found such a good girl!

"Come and have some congee."

Liu Yiqin handed over the lunch box.

Qiao Yanjue had slept for such a long time and could not eat anything too difficult to digest, so he could only drink the congee first.

“Let me do it.”

Xia Xibei took the bowl and spoon and fed Qiao Yanjue the porridge.

Qiao Yanjue did not refuse. He simply opened his mouth and waited for her to feed him.

The corner of Liu Yiqin’s mouth twitched.

Qiao Yanjue did not hurt his hand, right? Why did he still need to be fed?

However, the two were so close, and she felt happy.

After bringing the congee over, Liu Yiqin left.

It felt like she would spoil the sweetness of the place by being here.

In the room, the two of them didn't notice Liu Yiqin's departure.

When they finished the porridge, Qiao Yanjue recovered from the shock and focused on the matter.

"My injury.... It was caused by Gu Yinglei?"

Xia Xibei gave him a look, "You know?"

"No one else would have done it except him."

Qiao Yanjue's eyes got even colder.
