

Chapter 1471 - 1471 Betrayal

1471 Betrayal

After confirming Yang Mo's identity, Xia Xibei had mixed feelings.

Yang Mo was her disciple. Although she hadn't become a formal disciple yet, she had put a lot of thought into her.

It could be said that she was very serious about trying to train a good disciple back then.

Xia Xibei had only taken in two disciples, and although neither was formally initiated, they would become her official disciples if things took their course.

!!

In that world, disciples were the equivalent of one's children.

The relationship between the two parties was equivalent to mother and daughter.

Moreover, back then, Xia Xibei was the one who saved Yang Mo from the hands of the bad guys.

Therefore, she gave Yang Mo a new life.

Under such circumstances, Yang Mo still betrayed her!

When she was reborn before, she had never suspected this matter.

However, even if there were a question in her heart, she would not suspect it.

After all, Yang Mo was her own disciple. If she doubted Yang Mo, wouldn't she doubt that her dedication all these years was wrong?

However, Qiao Yanjue had said so, and she could not deny the truth of this matter.

Therefore, she was very angry and felt sad.

Her own disciple had betrayed her!

However, after knowing that Qiao Yanjue dealt with Yang Mo, she let the matter go.

After all, Yang Mo was already dead, and it was already a matter from the last world, so there was no need to pour more thoughts into it.

Who would have thought that Yang Mo would also be reborn here, by the looks of things? She also carried forward the skills she learned from her back then.

This feeling was really subtle and complicated.

However, after Yang Mo betrayed her, she no longer considered Yang Mo as her disciple.

To her, Yang Mo was her enemy.

Back then, she couldn't take revenge, but she wouldn't let it go this time.

Never mind that these things had already passed. She hadn't taken her revenge yet!

Besides, both sides had memories of the past, so they would have to face each other.

Now, thankfully, Yang Mo should not recognize her identity.

Xia Xibei's mind was churning with thoughts, but her face was motionless as she watched Yang Mo's movements.

Yang Mo examined Ms. Elton's condition and concluded, "It's a problem with the immune system, but don't worry, I can fix it."

These words made Mr. Elton's heart jump.

A problem with the immune system?

This was similar to what Xia Xibei said before!

Moreover, Yang Mo's actions were similar to Xia Xibei's, which made one doubt the connection between the two.

"Well..."

Mr. Elton couldn't help but look at Qiao Yanjue.

Yang Mo also followed and looked at Qiao Yanjue, a bit of caution and scrutiny rising in her heart.

She always felt that Qiao Yanjue gave her a somewhat familiar feeling. However, this face was unfamiliar, and she did not recognize him at all.

After Yang Mo learned of Xia Xibei's existence from Gu Yinglei earlier, she had someone check her background.

However, Gu Yinglei did not mention Qiao Yanjue because in his mind, Qiao Yanjue should not have recovered and was not a threat at all.

The detectives that Yang Mo hired also did not notice Qiao Yanjue's presence in the information they got.

After all, Qiao Yanjue and Xia Xibei's relationship was not public. The two would do a good job of disguising themselves every time they went out, not revealing their identities at all.

So, Yang Mo didn't even know about Qiao Yanjue's existence.

Moreover, Qiao Yanjue didn't look the same as her fellow disciple in her previous life.

Therefore, she could not recognize Qiao Yanjue at all, and naturally, she would not suspect him too much.

Still, there was a lingering shadow in her heart.

Chapter 1472 - 1472 What Does She Want

1472 What Does She Want

Qiao Yanjue looked at Mr. Elton and nodded, "Mr. Elton, since this lady is capable, she is the one to help."

Mr. Elton didn't understand but still looked at Yang Mo.

"Then I'll trouble you!"

"No trouble," Yang Mo shook her head. "Marley is also considered my student, and I have a responsibility to help her."

!!

Mr. Elton was even more grateful, "Thank you so much!"

"No need to thank me. You can thank me after I cure her."

Mr. Elton nodded his head repeatedly, "Thank you, then!"

He asked, "Is there anything I can help you with? Like with the medicines..."

"No, I can find the medicine."

Yang Mo smiled confidently.

Her reaction made the suspicion in Mr. Elton's heart deepen.

Before, when Xia Xibei said she wanted to treat Marley, she gave a list of things that could not be found immediately and had to find all the things before she could act.

Now, Yang Mo only saw his daughter for the first time and used the same techniques as Xia Xibei.

In this case, she was so quick to prepare the right medicine.

This was all planned, right?

"I didn't expect you to be so good, Dr. Yang!" Mr. Elton smiled, "Marley is so lucky to have a teacher like you!"

Yang Mo smiled lightly.

"Um... Do you need to prepare anything else?" he couldn't help but ask.

"Prepare what things?" Yang Mo looked at him in confusion.

Mr. Elton was not stupid.

"I've seen the treatment methods of other doctors in Hua before, and they seem to be using some strange branches and leaves for treatment. What you just did is similar to what I've seen. Don't you use those things?"

That surprised Yang Mo slightly.

She then shook her head, "No, I have more than enough herbs on hand."

"Oh, then I'll trouble you."

Mr. Elton had confirmed his suspicions.

“Hmm,” Yang Mo nodded haughtily. “However, I need to go and bring the herbs over. We can do the treatment later.”

“Good, please!”

With that, Yang Mo took the students and left.

Before leaving, she gave Qiao Yanjue a curious look, still feeling that she had seen him somewhere.

By the time they left, Mr. Elton’s face had darkened.

“It’s her, isn’t it?” he asked.

Although he was distracted by his daughter’s illness, how could he not recognize the issue here?

Besides, Xia Xibei had already warned him before that there was something odd about this matter, so it would be really stupid if he still couldn’t see the problem.

“It’s her,” Xia Xibei nodded. “She did it.”

“This is outrageous!” Mr. Elton looked angry. “When did Marley ever offend her?”

"I don't think it's an offense," Qiao Yanjue shook his head. "I think it should be that she wants something."

Xia Xibei recognized Yang Mo's identity, and Qiao Yanjue was naturally not far behind.

Although Yang Mo was not his disciple, because of his relationship with Xia Xibei, he was not a stranger to Yang Mo.

Besides, Yang Mo still died by his hand.

Therefore, he also recognized Yang Mo's methods and identity.

For Yang Mo to lay her hands on Ms. Elton, she should have a scheme.

"What is it?" Mr. Elton frowned at once. "What does she want?"

Qiao Yanjue and Xia Xibei exchanged a look, then shook their heads.

"This... We are not sure."

Chapter 1473 - 1473 Totally Sure

1473 Totally Sure

Xia Xibei and Qiao Yanjue knew, of course, what Yang Mo was after.

They might not have been sure of the other party's purpose if it was anyone else.

However, this was Yang Mo.

She was definitely after the manor with the spirit stones.

!!

After all, Yang Mo also knew the importance of spirit stones.

Of course, no one knew when she found out that there were spirit stones there, but she wouldn't have had anything to do with this otherwise.

If there were spirit stones, one could become more powerful.

With Yang Mo's character, she would definitely not miss these spirit stones.

However, they couldn't say this matter in front of Mr. Elton now.

"What exactly does she want?"

Mr. Elton was very puzzled and couldn't help but wonder.

Was this really Yang Mo's doing?

"There is another way I can really find out what she wants," Xia Xibei suggested.

"Go ahead."

"It's actually very simple..." Xia Xibei smiled and told her plan.

After hearing her plan, Mr. Elton immediately nodded, "Okay, let's do it!"

He then called Yang Mo.

Before leaving, Yang Mo had already left her phone number.

Back home, Yang Mo was still preparing the medicine for the treatment when she received a call from Mr. Elton, leaving her surprised.

"Mr. Elton, what can I do for you?"

“Dr. Yang, Marley’s condition has deteriorated!” Mr. Elton’s anxious voice came through.

“Deteriorated? Impossible!”

Yang Mo subconsciously refuted this statement.

There was a definite number of things she had done to Marley before, and absolutely nothing would go wrong. How could she have worsened?

Besides, she had just left not long ago, and Marley was still fine. It was impossible for her to worsen.

“She’s really deteriorating.” Mr. Elton’s tone was anxious. “I just got a doctor to look at her, saying that she has come across the source of infection again, and now she’s worse.”

“Source of infection?” Yang Mo frowned. “Where did the source of the infection come from?”

How could she not know?

“Dr. Yang, I don’t need to bother you,” Mr. Elton sighed, “Marley’s condition is too dangerous, and I don’t know why it’s like this. I have to find another doctor!”

“Find another doctor?” Yang Mo was anxious.

“Yes, I’ve already contacted a doctor in Country F. I’m sending her away now!”

“No!” Yang Mo became even more anxious. “No need to send her away. I can treat her!”

“Dr. Yang, the situation is serious.” Mr. Elton sighed. “We can’t wait! If we wait any longer, we’ll be in trouble!”

“It’s okay. I can help her!”

“Dr. Yang, I know you care about Marley, but right now... Ugh! Thank you so much. I’ll send her out now!”

After saying that, he hung up the phone.

Looking at the disconnected phone, Yang Mo looked confused and then anxious.

Marley would be really in bad shape if she were sent somewhere else!

Although it appeared to be a problem with the immune system, what was really happening was that she had been poisoned.

If the other doctors really treated her for this condition, it would be a problem.

Moreover, if something happened to Marley, wouldn't her plan be a failure?

Thinking of this, Yang Mo immediately left and rushed to the hospital.

On the other hand, when Mr. Elton received the news, his face became even more unpleasant.

"It's really her!"

The content of the previous phone call finally made him completely sure that it was definitely related to Yang Mo.

Now, Yang Mo was in such a hurry, which meant that she was even more vicious!

Xia Xibei exchanged a look with Qiao Yanjue, then looked at him.

"Don't worry. I will cure Marley."

Chapter 1474 - 1474 Rose Manor

1474 Rose Manor

Xia Xibei had long prepared all kinds of herbs and was now ready to start the treatment.

Mr. Elton put all his hopes on Xia Xibei.

If she could see the problem and still find the murderer, her strength was certainly not weak.

Besides, there was still business cooperation between him and Qiao Yanjue, so he would definitely not be fooled.

!!

Xia Xibei was in charge of the treatment, while Mr. Elton and Qiao Yanjue started to discuss Yang Mo's matter.

Mr. Elton was very angry that Yang Mo dared to hurt his daughter!

Even if she would cure his daughter afterward, her daughter had suffered some harm.

In this situation, how could Mr. Elton not be angry?

He just didn't understand. When did his daughter offend her?

Rather, he should say, she wanted something from him.

Mr. Elton had a puzzled face, "What does she want?"

Besides having a grudge, it was for profit.

Since they knew that he was Marley's father, they knew that he was rich.

So, it was normal that Yang Mo would do it to his daughter just for the

money.

"Do you think she really did it for money?" Mr. Elton asked Qiao Yanjue.

Yang Mo was a doctor and a doctor with good medical skills. There was absolutely no shortage of money for her in M!

"It's possible," Qiao Yanjue nodded with a serious expression, "But I think, besides money, maybe she wants something else."

"Like what?"

Mr. Elton couldn't figure out what Yang Mo was thinking. After all, Yang Mo didn't reveal her thoughts.

In this situation, he could not guess Yang Mo's intentions.

"I am not very clear. However, I do have something I want on my side."

That made Mr. Elton raise his eyebrows, "What do you want?"

Could it be a concession for this business deal?

"Didn't we meet in that manor last time?" Qiao Yanjue's face was calm, not showing any problem. "I like that manor very much."

Qiao Yanjue's frankness made Mr. Elton feel better.

Although when he first heard it, he was a little upset. It turned out that Qiao Yanjue was here for the manor, but it was his treasure.

However, Qiao Yanjue was so open and direct, better than Yang Mo, who did not show what she wanted.

Sometimes it was better to express your thoughts directly and frankly than to do something secretly.

"You want Rose Manor?"

The name of that manor was very common. It was called Rose Manor.

There may be many other Rose Manors in the world, but this Rose Manor was a veritable Rose Manor, with many varieties of roses that were beautiful when they came into bloom.

The soil there was good, and the roses bloomed beautifully.

“Yes.” Qiao Yanjue nodded. “I want to buy Rose Manor. as long as you are willing. The price is not a problem.”

Mr. Elton understood that Qiao Yanjue was definitely not short of money.

However, he himself was not short of money either.

If it weren't for Qiao Yanjue, he wouldn't even consider selling the manor.

Moreover, Qiao Yanjue found a doctor to help treat his daughter, which was very kind.

In this way, it seemed that there was no reason for him not to sell.

Although that manor was very good, the soil and air were very good, he still had a lot of properties on hand. Even if this one was gone, it didn't affect anything.

“Okay, I'll give it to you.”

Qiao Yanjue was slightly surprised, then shook his head.

“No, you can just sell it to me.”

Chapter 1475 - 1475 Mysterious Family

1475 Mysterious Family

Qiao Yanjue wanted to buy the manor from Mr. Elton and didn't care about the money.

“No, I'll give it to you.”

Mr. Elton had his own plans.

He stopped Qiao Yanjue's words, “If you help me cure Marley, Rose Manor will be given to you.”

!!

He had his considerations. Although the Rose Manor was beautiful, he did not need the manor.

Moreover, he and the Qiao Group already intended to cooperate. They were just short of the final contract.

Of course, this was already the ironclad result.

That was to say, after that, they were partners.

Compared to the benefits of the business deal, an estate would be insignificant.

If they cooperated with Qiao Yanjue, the money they earned afterward would be enough to buy more manors.

Besides, Qiao Yanjue completed a life-saving favor for his daughter.

In that case, why sell it? Of course it would be a gift.

He didn't need this amount of money from the manor.

Instead of obsessing about the price of the manor, he might as well just give it away.

"Thank you for saving my daughter. Besides, we work well together."

Mr. Elton's words made Qiao Yanjue reveal a smile, "In that case, I'll agree!"

Although there was still a little bit of the manor that Mr. Elton didn't understand, this result didn't affect the later development.

On the contrary, Qiao Yanjue felt that he was still giving him a solution to a big problem.

Yang Mo targeted Marley because of this manor.

Yang Mo knew the importance of this manor and would definitely not let go of it.

If Mr. Elton continued to own this estate, there might be more trouble to follow.

Mr. Elton was a big tycoon, but Yang Mo's identity was also a bit special.

Previously, Qiao Yanjue and Xia Xibei had someone look up Yang Mo's identity immediately after they found out about her.

They were surprised to find that Yang Mo was actually the offspring of the ancient martial arts family, the Yang family!

Moreover, she was the most valued child of the Yang family.

If she told her family about this, Mr. Elton's side would definitely encounter more trouble.

The most important thing was that Yang Mo also had extraordinary poison-making skills.

If she wanted to take this estate, she might do more crazy things.

This time she poisoned Marley. Next time, she might poison Mr. Elton.

Although Mr. Elton had money, he was still vulnerable in the face of such underhanded tactics.

So, if they took the manor over, it was also a kind of help to Mr. Elton.

“Don’t worry, my side will handle the follow-up of this matter,” Qiao Yanjue said to Mr. Elton with a smile.

“Follow-up?” Mr. Elton’s brow furrowed.

Looking at Qiao Yanjue’s smile, his heart jumped, and his face changed slightly.

“You know the exact reason why this happened?”

This time, Qiao Yanjue didn’t deny it again but nodded, “I had someone check out Dr. Yang’s situation yesterday. We learned that she is from a big family in our country. It is a mysterious family, with means that ordinary people cannot imagine.”

These words widened Mr. Elton’s eyes. “A mysterious family?!”

Mysterious family, unimaginable means...

This all made him think of those dramas filmed in movies.

He could finally understand why his daughter would encounter this kind of thing. So this Yang Mo actually had such a background!

It was not good to be involved with this kind of mysterious family!

Chapter 1476 - 1476 Leave It To Me

1476 Leave It To Me

Mr. Elton used to have dealings with some mysterious families in Hua and had seen their unfathomable methods.

That was when he was young, and more than 20 years had passed since then.

However, while more than 20 years had passed, the methods of those families must have become even more powerful.

He had seen them use very miraculous methods back then to attack their enemies.

!!

Since then, he was a bit in awe of such families.

After all, the mystery of the unknown was the most frightening.

So, after finding out that Yang Mo was also from such a family, he couldn't help but panic.

He had money and could find people to help. However, who could be sure what tricks those people would use?

If he could avoid confronting them, he should not confront them.

Seeing Mr. Elton's worry, Qiao Yanjue didn't explain that the ancient martial arts families in Hua were not getting better but deteriorating.

After all, the environment was different now, and with the changes in society, there was no way they could be as transcendent as before.

However, no matter how despondent those families were, they still had their deadly ways.

Mr. Elton might not be able to get many advantages if he went up against Yang Mo.

The most important thing was that Yang Mo was also from the Land of Fantasy.

There was no law there, and the strongest won.

The people who came out of there did not respect the law and had many ways to avoid it.

So, if one offended Yang Mo, who knew what she would do?

People in this world still had a fear of life.

Yang Mo was from the Land of Fantasy and didn't care about that.

Just look at this time, when she poisoned Miss Elton just to get what she wanted. You knew that she was not good at heart.

So, Mr. Elton would also be in trouble if he went against her.

After all, Mr. Elton was his partner and gave the manor to him, so he was obliged to help him too.

Besides, Yang Mo was their enemy, so they had to deal with it themselves.

"Then..." Mr. Elton was a little troubled. "What should I do?"

"You don't have to do anything," Qiao Yanjue shook his head. "Just leave the matter to us."

This statement made Mr. Elton's heart jump.

Qiao Yanjue said that Yang Mo was from a mysterious family, so Qiao Yanjue should also have connections with these families!

Thinking of this, Mr. Elton finally made a decision.

If he could, he wouldn't want to get involved in these matters, lest there be too much trouble.

"Don't worry. We won't let her come back to bother you," Qiao Yanjue promised.

When the time came, Yang Mo simply did not have the heart to do these things.

"Then thank you!"

Mr. Elton made an immediate decision.

Since Qiao Yanjue had this ability, it would be perfect.

Moreover, Qiao Yanjue's power could be seen here. This also gave Mr. Elton more confidence in the cooperation between the two sides.

The two of them negotiated about cooperation, and Xia Xibei came out from inside.

She took off her mask, revealing a somewhat tired face, smiled, and nodded at them.

“It’s okay now.”

“It’s okay?” Mr. Elton was surprised. “So soon?”

“The poison has been resolved. She’s fine,” Xia Xibei explained, “But she will be a little weak. Just be careful while recuperating afterwards.”

Chapter 1477 - 1477 An Eye For An Eye

1477 An Eye For An Eye

The poison in Ms. Elton’s body was not a big problem.

They would be fine if they followed the right method to solve the problem.

Of course, if they followed the conventional treatment method in this world, it would be a problem.

However, with Xia Xibei as the master, there was no need to worry about this problem.

!!

In the process of healing Marley, Xia Xibei found that Yang Mo had improved a lot here and learned many of this world's skills.

It could be said that Yang Mo combined the two worlds' knowledge.

Such talent was indeed very rare.

In fact, Yang Mo's talent was very good, or else Xia Xibei would not have picked her in the first place.

If Yang Mo had followed the right path, she would have developed even more now.

Unfortunately, her mind was not right, and she had too many distractions.

Therefore, the more Xia Xibei appreciated her strength, the more she decided to take care of Yang Mo.

With their evil minds, these kinds of people would not be good if they had more powerful abilities.

Xia Xibei did not dare to say that she was a good person, but she had always been a person who believed in an eye for an eye.

If people hurt her, she would hurt them back.

For people who provoked her, Xia Xibei would not let them go and give them a hard lesson.

However, Yang Mo was the one who took the initiative to make trouble.

Ms. Elton was innocent, but because of the manor, she got hurt.

If Yang Mo wanted something else in the future, wouldn't she use the same tactics to deal with it?

Xia Xibei really wanted to get rid of Yang Mo after realizing this.

"I will give you some medicine. After that, pay attention to recuperating, and she will be able to recover."

Mr. Elton nodded gratefully, "Thank you so much!"

If it weren't for them, there's no telling what Dr. Yang would have done now.

While they were talking, the maid came in. "Sir, Dr. Yang is here."

Only then did Mr. Elton react. He had just called Yang Mo earlier.

He was a little disoriented, "What now..."

Mind you, Marley wasn't sent out of the country!

"Don't worry, don't worry," Qiao Yanjue said with a smile.

Then, he taught Mr. Elton how to deal with this matter.

After hearing his words, Mr. Elton's gaze was a little complicated. "She came for Rose Manor?"

"I can't be sure," Qiao Yanjue shook his head, "But I think so."

Mr. Elton's mood became even more mixed.

What was this all about?

Did Qiao Yanjue also come for Rose Manor?

Was there any treasure there?

As soon as this idea came out, he himself shook his head first.

There was certainly no treasure there because they did a specific exploration when they bought the land.

In addition to finding a few beautiful-looking clear crystals, there was nothing special.

Although the air and soil there were very good, it was not too special.

He had at least several other estates under his name that were better than Rose Manor.

So, what did they want with Rose Manor?

Various thoughts swirled in his mind, but finally, he returned to peace.

In any case, Rose Manor had been given away, and all the trouble had been given away. It had nothing to do with him now.

After that, they could do whatever they liked.

He would just go live his life!

After understanding this point, Mr. Elton was enlightened, then asked someone to bring Yang Mo in.

Outside the door, Yang Mo was shocked to hear that Mr. Elton had sent Marley out of the country.

Chapter 1478 - 1478 Intercepted

1478 Intercepted

Finding out that Mr. Elton had sent Marley abroad, Yang Mo became anxious.

If the treatment were done by ordinary means, Marley would probably die!

If Marley died, then how could she find the opportunity to claim the manor?

She naturally chose to go after Marley because Marley was an easy target.

!!

She would not go after Mr. Elton. After all, he was a famous rich businessman with more than enough ability.

So, this time, it would be a problem if things went wrong.

After that, if she wanted to get the manor, she didn't know how many things she had to do.

She was very upset as she was brought inside the house.

Then, she met Mr. Elton.

“Mr. Elton, how is the situation with Marley?” she asked anxiously.

Mr. Elton’s mood was very delicate.

If he hadn’t known Yang Mo’s identity, he might have thought she was very enthusiastic and concerned about Marley.

However, after finding out about her identity, her question was very wrong.

He sighed as his mind churned with thoughts, “I just put Marley on the plane.”

“Hurry up and get her back!” Yang Mo was very agitated. “She’s just left. It’s not too late!”

“You don’t have to worry.” Mr. Elton squeezed out a small smile. “Someone found me another doctor.”

“Who?”

Yang Mo’s brow furrowed.

“It’s Mr. Qiao, the man from the same country as you.”

Mr. Elton looked grateful, "If it wasn't for him, I don't know what would have happened to Marley now."

"Mr. Qiao?"

"It's the gentleman you met before."

That surprised Yang Mo.

"It's him?"

The man who gave her an unpleasant feeling was called Qiao Yanjue?

"Yes," he nodded, "If it weren't for him, I don't know how much of a headache I'd have right now! Luckily, he knows very good doctors. Oh, sorry, I'm not saying you're not good. It's just that his doctor has more experience in this area."

He looked at Yang Mo apologetically as he spoke.

Yang Mo's mouth twitched, and her brow furrowed.

As if Mr. Elton didn't see her emotional state, he continued. "Mr. Qiao and you, Dr. Yang, are both so warm-hearted. No wonder you are from the same country!"

With a face of admiration, he could not wait to tout Qiao Yanjue to the sky.

“Besides, he’s so enthusiastic and doesn’t want anything from me. However, I couldn’t let him work for nothing, so I gave him a manor.”

“A manor?!”

Yang Mo snapped her head up, her eyes were intense.

Mr. Elton’s heart jumped, and he was almost shocked by her expression.

Luckily Yang Mo quickly adjusted her expression.

“You gave him a manor?”

“Yes,” Mr. Elton nodded. “It’s the Rose Manor. It’s not far away. He said he really liked it there.”

These words gradually tinted Yang Mo’s face with gloom.

Rose Manor. Wasn’t it the manor she wanted?

That manor actually fell into Qiao Yanjue’s hands?

What kind of person was this Qiao Yanjue?

Now, there was no need for her to continue to dwell on Marley's matter.

"Since you have found a suitable doctor, I am relieved," she smiled at Mr. Elton. "I have something to take care of, so I'll take my leave."

"Sorry to trouble you for making the trip. I'll let you know if Marley is well."

"Okay," Yang Mo smiled. "I'll be waiting for your good news."

When she was out the door, the smile on her face disappeared and was replaced by a sinister one.

Who the hell was this Qiao Yanjue? How dare he intercept her mansion?

Chapter 1479 - 1479 Capture an Enemy Easily

1479 Capture an Enemy Easily

Yang Mo was very annoyed with this Qiao Yanjue, who suddenly came out to intercept her.

She finally understood where her previous gloom and vigilance came from.

Sure enough, Qiao Yanjue was not a good person to her but an enemy!

Yang Mo returned to her residence with rage in her heart and eyes.

!!

She must get her hands on the manor!

She had been invited by Marley earlier and went to a banquet at Rose Manor.

At that time, she learned about the treasure under the Rose Manor.

In the Land of Fantasy, because of Xia Xibei, she had access to many spirit stones. These spirit stones allowed her cultivation to progress at a fast pace.

Her strength improved quickly, so she had more resources to move up.

After arriving in this world and living with the Yang family, she knew more clearly that only when she was strong enough could she live the best life.

However, the Yang family did not have many spirit stones.

It could be said that the amount of spirit stones was much less because of the change in environment.

If you only relied on your own efforts, you didn't know when you would be able to progress.

If there were spirit stones, her progress would be much faster.

Before, she was used to rapid improvement, but now it was as if the old ox was pulling the cart, which made her very unhappy.

However, the Yang family just did not have many spirit stones. Unless there was a great contribution, it was impossible to obtain spirit stones.

So, after finding the spirit stones here, she immediately perked up.

She finally figured out one thing.

Although the area of Hua was large, everyone had already traveled all over the country and had found almost all the places where there were spirit stones.

However, there were still many unknowns and unexplored places abroad.

She would have come here to look for spirit stones if she had known.

It was okay, though. It was not too late!

To get the spirit stones, she chose to start with Marley.

She didn't think about spending money to buy this manor.

Mr. Elton was not short of money and would not just sell the manor.

Even if Mr. Elton needed money, she didn't have enough money on hand.

Although she was a doctor and earned a lot of money, she needed to spend money in many places, and the laboratory she started had many expenses.

Besides, Mr. Elton and Marley did not know the value of this manor, and if she offered to buy it, they might ask for a high price.

Therefore, she chose to use such a method.

It just didn't occur to her that the current development was beyond her control.

This Qiao Yanjue, who appeared out of nowhere, had robbed her!

She would definitely let him be taught a lesson!

So, she immediately had someone check out Qiao Yanjue's situation.

Qiao Yanjue was not an unknown person, and the situation was reported to her very quickly.

Only then did she learn that Qiao Yanjue was actually a member of the Qiao family in the imperial capital.

The Qiao family was now developing fiercely and catching up with other ancient martial arts families.

If it wasn't for the fact that the Qiao family didn't have cultivation techniques, only simple martial arts practice to strengthen their bodies, the power balance might have been different now.

However, it didn't matter. As long as it wasn't an ancient martial arts family, there would be no problem.

Yang Mo soon had a new idea.

Qiao Yanjue seemed to be single.

If he were single, that would be good.

Yang Mo still had confidence in her own beauty.

As long as she was willing to make a move, Qiao Yanjue was definitely a handful.

Thinking of this, she immediately showed a bright smile.

Seeing the new message from her underlings, the idea in her mind became clearer.

Chapter 1480 - 1480 Come to Your Door

1480 Come to Your Door

After Xia Xibei treated Marley, she went back to filming.

Due to her cooperation, the shooting went smoothly.

Many actions in this movie looked very thrilling and exciting, so sometimes it was necessary to use a body double.

After all, actors were not professional stuntpersons, and some difficult actions could not be done.

However, Xia Xibei didn't need a stunt double at all.

!!

She could do more than a stunt double.

Sometimes, the understudy may not be able to do the action, but she easily completed it.

This performance pleased both director Smith and the martial arts director.

Due to the high degree of cooperation, the original shooting time was greatly reduced.

So, she then took a few days off.

However, the shooting had to continue after that.

Although she wanted to settle the problem with Yang Mo immediately, she couldn't find the time at once.

She just didn't expect that Yang Mo would come to her door before she could do anything to her.

After the shoot, Xia Xibei returned to the hotel.

After returning to her room, she called Qiao Yanjue.

The two of them stayed in the same hotel. However, to protect their relationship, the floors were different.

Qiao Yanjue was on the lower floor, and the film team had the upper floor.

However, Qiao Yanjue and Xia Xibei were in the same room on the upper and lower floors.

Although they were not together, it felt like they were living in the same space, only with a layer of separation.

If they wanted to meet, the two walked out onto the balcony, and they could see each other.

For young lovers, this was a very convenient way to meet.

If they wanted to go out for a walk, they went out separately and disguised themselves so that reporters wouldn't discover them.

So, except for a few people who knew about their relationship, no one else knew that they were actually a couple.

As this was a foreign country, people did not suspect so much.

Xia Xibei had just called Qiao Yanjue, ready to talk about something, when she heard a knock on Qiao Yanjue's side of the door.

"Someone is coming. Wait," Qiao Yanjue said into the phone, then walked over to open the door.

Originally, he thought his assistant was outside, but he froze once he opened the door.

“It’s you?”

Hearing Qiao Yanjue’s surprise, Xia Xibei frowned.

Who was here?

“Hello, Mr. Qiao.”

Hearing the voice over there, Xia Xibei was even more surprised.

Was it Yang Mo?

Qiao Yanjue kept the phone connected and looked at Yang Mo with a confused face.

“Dr. Yang...”

“Why don’t you invite me in?”

Looking at Yang Mo, who had obviously dressed with care, Qiao Yanjue was silent for a moment and shook his head.

“It’s not very convenient, is it?”

Although his assistant was across the hall and Xia Xibei knew what was going on over here, he was a little wary of Yang Mo coming over like this.

“I’ll just talk a bit and go.”

Yang Mo didn’t take his refusal at face value and walked in sideways.

Qiao Yanjue tensed up and almost didn’t make a move.

He took a deep breath and turned to look at Yang Mo, who had already gone in, with a flash of killing intent in his eyes.

He made the phone screen blank but did not turn it off. He put it on the table, then walked to Yang Mo.

“Dr. Yang, what do you want to see me about?”

Yang Mo glanced at him with coyness. “Can’t I see you if there’s nothing?”

Qiao Yanjue's body stiffened as irritation and disgust tumbled through his heart.

He pursed his mouth, "Just say what you want. I need to rest."

Yang Mo crossed her legs, her body slightly leaning forward, showing more of the view from her V-neck.

"Am I disturbing your rest?"
