1481 Excellent Cooperation

After looking at Yang Mo's charming appearance, Qiao Yanjue's eyes were deep, suppressing his disgust and killing intent.

"Excuse me. I need to rest now. If there's anything else, we can make an appointment later."

He did not ask Yang Mo how she knew his location. After all, this kind of thing was not a secret. As long as one checked with care, one could always find out.

Yang Mo smiled, "Mr. Qiao, don't be in a hurry. I came here today because I want to cooperate with you."

"Cooperate?"

!!

Qiao Yanjue raised his eyebrows and already had a general understanding of her intention.

"Right," Yang Mo nodded. "I'm sure you'll like this idea a lot."

In her opinion, Qiao Yanjue would never refuse the cooperation she proposed, not as long as he had a brain.

Qiao Yanjue was able to develop the Qiao family so far, so there was definitely no lack of brains.

Therefore, she wasn't worried that he would refuse.

"What kind of cooperation?"

Qiao Yanjue found a seat and sat down, but the two of them were a bit distant.

Yang Mo looked at him sitting upright and laughed to herself.

Why was he pretending to be serious, with eyes staring straight at her chest just now?

Yang Mo was very confident in her own charm.

She was good-looking now and had a different temperament from years of being spoiled.

Plus, because of her special experience in both worlds, she always felt that she was the best.

Therefore, her aura radiated from the inside out, making her irresistible.

She had a few boyfriends before, and as long as she wanted them, those men couldn't escape her.

Although Qiao Yanjue looked slightly cold, she believed he was the same as other men.

“Miss Yang, please say something.”

Qiao Yanjue looked at her subtle expression. Although he didn’t know what she was thinking, he thought it couldn’t be anything good, so he spoke up to interrupt her thoughts.

“You’re from the Qiao family in the Imperial City, right?” Yang Mo

laughed, as if her wandering mind just now was an illusion.

“Yes,” Qiao Yanjue nodded his head, not denying it.

There was no need to deny such things.

“Then you should have heard of ancient martial families.”

This was an affirmative sentence.

With the Qiao family’s status, there was no way that they hadn’t heard of the existence of the ancient martial families.

If his family were ordinary, they would not be able to come into contact with such people.

The Qiao family had reached such a point, so they were naturally qualified to make such contacts.

"I've heard of it," Qiao Yanjue nodded his head.

"Then do you know the difference between the two kinds of families?"

She raised an eyebrow at Qiao Yanjue.

Qiao Yanjue stammered, "Yes."

"Now that you know, it's better." Yang Mo smiled delicately, "Although the Qiao family is doing well, to continue to grow, there must be more changes."

She smiled confidently, "And these, only I can give you."

Nowadays, although the ancient martial families had declined a lot, they still had their pride.

They generally had marriages within their circle, and may also marry their girls outside the circle, but no matter what, their own family's training methods would not be given out.

Of course, if there was no corresponding training method, there was no way for outsiders to learn these things.

Therefore, she believed that Qiao Yanjue would definitely accept her proposal. After all, he did not have the opportunity to have in-depth contact with the girls of these families before.

What a rare opportunity to have the Qiao family become part of these family circles!

Qiao Yanjue understood what she meant and couldn't help but laugh to himself.

Was she trying to attract him with something like this?

Chapter 1482 - 1482 Because You Are Handsome

1482 Because You Are Handsome

"What do you think?"

Yang Mo stretched out her body and showed her beauty and charm to Qiao Yanjue.

If he could be with her, it would allow him to struggle for a few years less than he would have.

Although the Qiao family had enough wealth for now, with even more wealth, one could pursue other things.

For example, a long and healthy life.

!!

People from ancient martial arts families had a long life span and generally lived over a hundred years.

Moreover, they were also very healthy.

For modern people, having a healthy body was already the best fortune.

They could also take advantage of this time to gain more benefits.

Every time they encountered a calamity, they were able to break through.

They were called ancient martial arts families because they had survived so much.

To put it bluntly, if there was turmoil now, these families could continue to survive, but other, ordinary families might not.

Therefore, Yang Mo was very confident in her proposal.

Qiao Yanjue looked at her and was silent for a moment, then shook his head and refused, "Sorry, I think we are fine now."

Yang Mo was slightly surprised but quickly smiled, "You guys are indeed quite good now, but don't you want to be better?"

She stood up and walked towards him, saying, "To be honest with you, I like you."

When these words came out, Qiao Yanjue's face changed slightly, as if he had eaten something spoiled and disgusting. He almost threw up.

Did she like him?

This was too disgusting!

Yang Mo did not see his expression, continuing, "I think you and the Qiao family both have the potential to continue to develop. So, we can join forces."

She was about to walk up to him, so Qiao Yanjue moved, avoiding her touch.

"How do you want to unite?"

This sounded really ridiculous.

And join forces?!

If not for the fact that it was not a good time to act rashly, he might have already made his move.

Yang Mo overlooked his dislike for her and continued to laugh, "Isn't it the best union for us to be together?"

The disgust that welled up in Qiao Yanjue's heart almost made him vomit.

He grimaced, "Together?"

"Yeah." Yang Mo stopped before him and looked up to meet his eyes. "Allow me to introduce myself. I am Yang Mo from the Yang family, and I am a doctor. At the same time, I am also an alchemist."

"A pill refiner?"

Qiao Yanjue was surprised.

Yang Mo smiled, knowing he had never heard of such a term. "I can refine many good things that you can't imagine."

"Good things?"

“Right. Eating these things will strengthen your body, and sometimes, bring back the dead.”

Yang Mo was very proud.

This was her greatest strength.

She was an alchemist!

There were very few alchemists in this world! The other alchemists were not even close to her level!

Of course, she was not yet at the point where she could bring back the dead, but as long as she got her hands on the spirit stones and cultivated well afterwards, she would get to such a point one day.

This was where the ancient martial arts families were different from other families. There were many magical developments.

Qiao Yanjue laughed to himself.

Other people could have been fooled, but she would not have fooled him.

And raise the dead?!

He was not very good at refining medicine, but it did not mean that he did not know anything.

However, he looked surprised, “Are you serious?!”

“Of course.”

“But... How come you came to me?”

“Because... You’re handsome,” Yang Mo said with a smile.

Chapter 1483 - 1483 Give It More Thought

1483 Give It More Thought

Of course, this was just rhetoric.

Yang Mo would look at Qiao Yanjue, most importantly, for the Rose Manor in his hands.

However, she was not at a disadvantage either.

Qiao Yanjue was good-looking and her type, so being with him was good enough for her and not a loss.

Besides, if she felt bad afterward, she could still kick him out!

!!

Anyway, it was not that hard for her.

“Anything besides handsome?” Qiao Yanjue looked calm and sober, not dazzled by the big pie that fell from the sky. “What else do I have that you like?”

At that, Yang Mo was even more satisfied.

Having such sober reasoning would help him go far in life.

If Qiao Yanjue showed a lustful look, she would have a much lower opinion of him.

She liked smart people.

“The Qiao family is also good,” Yang Mo continued, “After all, we need a good foundation to continue to develop. I believe the Qiao family can do so.”

Seeing Qiao Yanjue show her skepticism, she smiled, “Well, I’ll be frank with you.”

She shrugged, “Your conditions are comparable to mine, so as long as we’re together, it’s a strong union. I believe that the Qiao family will become even stronger when the time comes. I, too, can open up a new world!”

In fact, Yang Mo was not exactly lying.

To her, the Yang family was okay, but there were too many struggles in the Yang family.

Many of those struggles affected her mood.

Moreover, too many people were fighting for the same thing, and she did not like it, feeling it was too desperate.

However, she had to fight to win. If not, the resources would go to others, and others would rise.

So, she could not do this kind of thing.

Although the Yang family brought her a lot of benefits, she also wanted to have her own power.

Due to this, she spent a lot of money over the years.

It was a pity that this world is different from the last one, and making others completely subservient to you was not easy, at least not without money.

Yang Mo wanted to create a majestic power that was entirely her own.

“Oh?” Qiao Yanjue raised his eyebrows. “Thank you for considering me. However, I don’t have such ambitions. I think I’m fine now.”

“You’re...”

Yang Mo’s smile stalled.

As a man, didn’t he have greater ambitions?

However, she quickly understood.

Qiao Yanjue was acting, afraid she was scamming him.

“Don’t worry, what I said is true. I sincerely want to work with you.”

“I also mean it. I think it’s fine now.”

Qiao Yanjue refused her offer, “Sorry, I’m going to rest now. Please leave.”

Yang Mo stood still, gave him a deep look, and finally smiled, “Okay, then I’ll leave first. You can think about it more, and I’ll wait for your reply.”

It was only natural that Qiao Yanjue would have concerns when she came to the door so rashly and proposed such a cooperation proposal.

Therefore, she decided to give him a chance to think about it.

“Hmmm...” Qiao Yanjue nodded his head and sent her to the door.

Yang Mo suddenly made a noise, and her body lurched.

Qiao Yanjue’s body acted faster than his brain and he dodged her.

Yang Mo’s body swayed and stabilized, and her face did not look good.

Was he still a man?

A beautiful woman had offered herself, and he still avoided her?

However, she didn’t act mad but nodded at him and left the room.

Only after she left did Qiao Yanjue’s expression turn gloomy.

Chapter 1484 - 1484 Spider

1484 Spider

Qiao Yanjue closed the door and picked up the phone.

“Beibei?” he asked.

However, there was no response.

This made his brow furrow.

Xia Xibei couldn't be angry and gone, could she?

!!

It wasn't so bad!

After a while, there was movement, and Xia Xibei's calm voice came through, “She's gone?”

“Yes,” Qiao Yanjue nodded, “What happened on your side?”

Xia Xibei snorted coldly, “Just ran into a little trouble.”

These words made Qiao Yanjue's heart jump.

“What's going on?”

Xia Xibei pursed her lips and smiled, "A spider just came."

Qiao Yanjue understood and immediately gritted his teeth, "It's her!"

He didn't expect Yang Mo would come over this time, not just for him, but also to do something to Xia Xibei!

On the other end, Xia Xibei looked at the small black spider in front of her and revealed an icy smile.

She had been listening to Qiao Yanjue's phone call, hearing Yang Mo's shameless words on the other end.

Suddenly, she felt a chill up her back and quickly found a small spider in front of her.

The spider looked ordinary, but Xia Xibei knew very well that it was poisonous!

Moreover, this was an elementary-level spirit beast with spiritual intelligence!

Although it was only a basic spiritual beast, it was already very good.

Even in the Qi family, there were only three spirit beasts.

That was how rare spirit beasts were.

After all, the environment here was different. There was less spiritual energy, and even fewer spirit beasts enlightened.

It took a lot of effort to get an ordinary animal to become enlightened.

On top of that, there had to be a lot of spiritual energy.

So, it took a lot of thought and aura to raise a spirit animal.

Yang Mo must have used a lot of spirit stones to raise such a spirit beast.

However, she had been in this world for so long that it was not impossible to raise a spirit beast.

Yang Mo worked very hard when she was Xia Xibei's disciple.

She was talented. In addition to refining medicine, she also learned to master beasts.

Although the beast-mastering skills she learned were not much, this did not prevent her from continuing to learn in-depth after arriving in this world.

Moreover, her spiritual power was much stronger than before, and her progress in beast-mastering was much greater.

In fact, she was not yet a beast master, and could only be considered a beginner.

However, there was no beast master in this world, so if you wanted to work with spirit beasts, there was no telling how much effort you had to put in.

So, Yang Mo, a junior beast master, was very powerful.

She had spent a lot of heart and energy on this spider, and as a result, this spider had helped her with many things.

Now, this spider was here to poison Xia Xibei.

If Xia Xibei hadn't reacted quickly, she might have been poisoned too.

Although Xia Xibei was a naturalist, it did not mean she was invulnerable to all kinds of poison.

Although she could find a way to solve the problem after being poisoned, the problem was that the poison carried by the spider was not so easy to undo.

The spider was very mobile and could leave quickly after biting her.

This spider must have helped Yang Mo to harm many people.

Xia Xibei reacted and quickly brought the spider under control.

The spider spun around the table as if an invisible shroud covered it.

“A spirit animal?”

On the other end, Qiao Yanjue’s face changed after hearing these words.

He didn’t expect Yang Mo to be so scheming and to find out Xia Xibei’s address so clearly as well.

If not for Xia Xibei’s own strength, she would have been poisoned by now.

“It’s okay. I’ve taken care of it.”

Xia Xibei looked at the spider with a bright smile.

Then, she gave it a new command.

Chapter 1485 - 1485 Bitten

1485 Bitten

After Yang Mo left Qiao Yanjue's room, she didn't leave the hotel immediately, but waited below.

She came over this time to kill two birds with one stone.

After her investigation, she found that Xia Xibei and Qiao Yanjue were just one floor apart, and their rooms were above and below each other.

This was just right for her, and would allow her to take care of Xia Xibei as well.

Previously, she wanted to use other means, but after knowing Xia Xibei's location, she felt it would be better to do it herself.

!!

Moreover, this tactic would not allow anyone to suspect her.

She let the little spider carry some poison. If Xia Xibei were bitten, after half an hour, she would be poisoned to death.

Even if Xia Xibei was very powerful, she couldn't get rid of the poison in half an hour.

Yang Mo did not believe that the current Xia Xibei had such a skill.

When Yang Mo first awakened her memory, she was only ten years old.

It took many years of hard work before she could do so.

Now, Xia Xibei was only eighteen years old, many years away from 30 years old.

Yang Mo thought Xia Xibei must not have yet awakened all that year's memories.

What could an eighteen-year-old Xia Xibei be capable of?

So, in this situation, Xia Xibei would definitely not survive.

Whether Xia Xibei had awakened her memories, she must not be allowed to live on!

So, Yang Mo brought her own spirit animal, the little spider, into Qiao Yanjue's room and let it out.

She waited outside for a while and saw a small spider crawl out.

She smiled big, then watched it crawl up to her lap.

Then, she got in her car and left.

Halfway there, she suddenly felt a pain in her arm.

Her face suddenly changed.

The spider had actually bitten her!

She could feel the rapid spread of the toxin.

She frantically rushed the driver, "Drive! Go to the lab!"

Her reaction shocked the driver so much that his steering wheel almost slipped.

Looking through the rearview mirror, he was almost scared to death by her again.

Her face was so ugly!

The driver was so scared that he stepped on the gas and quickly rushed back.

Thankfully, it was not far from the lab, only a ten-minute drive.

In those ten minutes, Yang Mo felt herself teetering on the edge of death.

She was shocked and in disbelief as to why her spirit animal had bitten her!

She had a contract with this spider.

She came from the Land of Fantasy and had seen other people's contracts, so she had experience in this area.

Although other people in this world also had spirit beasts, they did not know how to contract with them and could only cooperate with them.

She didn't expect that this spirit beast, with whom she had already signed a master-servant contract, would bite her!

Although the two signed a master-servant contract, this did not mean she was invulnerable to all poisons.

After all, this wasn't the Land of Fantasy.

Fortunately, when she was cultivating this spider, she also studied the poisons in it.

After all, she could not be poisoned by these poisons. How humiliating it would be.

However, she did not expect this spider to bite her suddenly.

Therefore, she did not bring the antidote with her.

Fortunately, it was only a ten-minute journey back to the lab.

With the crazy speed of the driver, in less than ten minutes, she returned to the lab and found the antidote.

After taking the antidote, her whole body released a sigh of relief and went limp against the wall.

After a while, she had the presence of mind to deal with the matter.

Why did the spider go rogue?

Chapter 1486 - 1486 Not Yet Awakened

1486 Not Yet Awakened

Yang Mo grabbed the spider, infused spiritual power into it, and began to interrogate it.

Did Xia Xibei do this?!

The shadow lingered in her heart.

If it were Xia Xibei's doing, it would be the end.

This meant that Xia Xibei had fully awakened!

!!

Only someone who was awakened and stronger than her could do such a thing.

Thinking of this, Yang Mo's hands and feet were cold.

Xia Xibei, no matter what, was also her master once, whose strength was much stronger than hers.

Even though she had learned a lot of new knowledge in this world, she knew she was still no match for Xia Xibei.

She was gloomy and nervous while interrogating this spider.

However, after figuring out the whole thing, she was relieved instead.

She and this spider had signed a master-servant contract, so she was able to learn what it was thinking.

Such a pity that this spider was only a basic spirit beast. Its spiritual intelligence was not really high.

However, this spiritual intelligence was enough for it to make things clear.

The spider reported that it had indeed crawled from Qiao Yanjue's room to Xia Xibei's room.

However, it searched through the room and did not find Xia Xibei's presence.

Then, it found some strange smells inside.

These smells made it faint, and then it left.

After that, it attacked Yang Mo.

After figuring this out, Yang Mo was relieved.

Although this spider had strong toxins and killed people invisibly, it was still only an elementary-level spirit beast and had weaknesses.

If someone found its weak point for defense, it could be reversed.

What this spider encountered should be a flower called Green Edge Chi.

It was also a spiritual plant, and the smell emitted could confuse the spiritual beast.

If it was a spirit beast that had signed a contract, it could also harm its master.

However, this kind of spiritual plant only had an effect on primary spiritual beasts.

Xia Xibei had prepared these things to make this spider into a problem.

Thinking of this, Yang Mo was filled with speechlessness and anger.

She didn't expect that Xia Xibei would be so vigilant! Rather, that she was so afraid of death!

Yang Mo felt extreme pity.

It was really annoying that Xia Xibei had prepared in advance!

Thankfully, Xia Xibei should not have awakened yet.

Otherwise, the situation would not be good now.

Although Yang Mo was not the same as before and was now stronger, she did not feel she had much power to fight back against Xia Xibei.

Thankfully, even if Xia Xibei had really awakened, she wouldn't dare to make a move against her. After all, she was no longer the orphan girl who was alone back then. She now had the Yang family as her backing!

Thinking of this, she finally stopped worrying.

However, Xia Xibei was too wary to fall for this trick.

It seemed that it was really necessary to use other tricks.

Yang Mo pondered while looking at the spider on the table with mixed feelings.

After all, being bitten by her own spirit animal was hard to accept.

However, no matter how upset she was, she couldn't kill the spider.

She spent a lot of effort raising it in the first place. How could she kill it at will?

Forget it. She'd think of other ways.

She would win!

She turned around, looked at the various equipment in the lab, and turned her attention back to her new experiment.

Xia Xibei was not to be feared. She could always be dealt with.

The first thing to do was to finish her own research.

Turning around, she did not notice that the spider who had signed a contract with her reacted strangely.

Chapter 1487 - 1487 Unexpected

1487 Unexpected

Yang Mo did not know that Xia Xibei was, at this very moment, less than 500 meters from her.

Xia Xibei attached her spiritual power to this spider. However, she could not be far from where it was.

She could only maintain a maximum distance of 2000 meters.

So, when Yang Mo left earlier, she followed her out.

She stopped outside the lab building, and through the eyes of this spider, she could clearly see what the lab looked like.

!!

Yang Mo put the spider on the table and left it alone.

After all, it was her own contracted spirit animal, so if it wasn't an accident like the previous one, there was no need to worry about it.

Moreover, usually, she would let this spider walk around and have enough activity.

This time was no exception, even if it had bitten her.

However, this kind of thing would not happen a second time.

So, she was busy with her experiments. She did not know that the spider was circling back and forth in the lab and soon took in everything going on in there.

Xia Xibei learned that there was an enclosed space that even the spider could not enter.

This made her curious.

What was Yang Mo doing in there?

However, what she saw now was enough.

Soon, she drew back the spiritual power attached to the spider.

When Yang Mo felt something at the moment the spirit power left, she looked back, but only saw her spider back again.

She frowned in confusion and walked over to look at it, but didn't think much of it.

She wouldn't have thought that Xia Xibei had returned to the place, her spiritual power had increased greatly, and she was able to attach her spiritual power to the spider.

Back then, Xia Xibei was also able to contract with spiritual beasts, but not so powerful.

So, she wouldn't even think about it that way.

She continued to work on the experiment she had at hand.

She had an assistant, but there were some experiments that she could not let others know about.

So, now she was the only one in the room.

After making sure the spider was okay, she returned to her work.

She did not know that Xia Xibei had already seen the place's contents.

Even less did she know that Xia Xibei had cracked what she was now studying as well.

Xia Xibei pulled her spiritual power away with a thoughtful expression.

From what she had just seen, it seemed that Yang Mo was planning something big.

Yang Mo's current research was an anti-cancer drug.

Even the Nobel Prize was barely sufficient if this drug worked.

Moreover, Yang Mo used the same method from the last world.

This was ironic to Xia Xibei, because all these skills were learned from her.

Thinking of this, she couldn't help but sneer.

Since Yang Mo had learned them from her, she would take them all back!

Xia Xibei returned to her place, told Qiao Yanjue what had happened, and asked him to help her get a lab.

“A lab?” Qiao Yanjue was surprised. “What are you going to do?”

I’m going to make her work for nothing!” Xia Xibei laughed, the chill in her eyes deep.

Qiao Yanjue suddenly understood, “Okay, I will help you prepare.”

“Okay. When I finish my exams, I can start.”

Next, Xia Xibei continued filming on the set.

On the third day, they had to shoot action shots.

Xia Xibei had to face a speeding motorcycle and roll over it, but while filming this shot, an accident happened!

Chapter 1488 - 1488 Motorcyclist

1488 Motorcyclist

Xia Xibei played the heroine, one who had a lot of fighting scenes, and Director Smith was very serious when filming.

It was all about the real person, not the body double.

Many parts were shot on location, and only some were shot in front of a screen.

This one was also a live-action shoot, shot in a street.

They closed half of the street just to shoot this one scene.

!!

Soon, everything was prepared, and the motorcyclist was ready.

The motorcyclist wore a helmet, and the motorcycles rumbled.

“Action!”

The director gave the order, and the motorcycle raced toward Xia Xibei.

According to the plan, Xia Xibei had to flip over the top of the motorcycle.

Although Xia Xibei could do this by herself, no one would really believe it.

Besides, who wouldn't put a little more thought into such a difficult move?

So, this scene needed to use wire.

When the motorcycle arrived at the front, Xia Xibei would be pulled up into the air and then roll over.

Seeing that the motorcycle was coming to the front, Xia Xibei should have been pulled up.

However, Xia Xibei felt light, and then she did not move.

From behind her came a panicked voice, “Wire broke!”

“Stop the motorcycle!”

Xia Xibei didn’t turn around, but knew the wire was broken.

This made her heart jump.

She knew that when she checked just now, the wire was fine.

This was only a few minutes, and the wire broke?

The most frightening thing: the motorcycle rushed towards her, which was very fast!

Director Smith also panicked.

“Stop!” he shouted with a loudspeaker, but to his horror, the momentum of the motorcycle did not stop and continued to rush.

The motorcycle’s speed did not decrease but accelerated, rushing straight toward Xia Xibei.

The distance between the motorcycle and Xia Xibei was rapidly closing, with less than two meters remaining.

“Get out of the way!”

“Duck!”

Xia Xibei, who stayed in place, noticed that the helmeted motorcyclist had eyes with a killing intent.

This was not the motorcyclist arranged by the crew!

In a blink of an eye, the motorcyclist came closer.

There were shouts of alarm from the crowd, and others closed their eyes in disbelief.

They knew that it was over!

With such a crazy speed, Xia Xibei couldn't escape!

The next moment, when everyone was desperate, Xia Xibei jumped up nearly a meter from the ground.

The motorcycle had reached her, but she stepped on the head of the motorcycle, then flipped in the air and flew over the man's head.

The motorcycle continued to rush forward, and the motorcyclist was stunned by the operation.

She actually flew up?

Didn't the wire break?

Xia Xibei flew over the man's head and kicked him hard in the back.

The man suffered a heavy blow to the back of the head, became dizzy, and was unable to control the motorcycle.

The motorcycle rushed out some distance and fell to the ground because of his mistake.

The others were also stunned by this action, and Xia Xibei was the first to react.

She just landed on the ground, then turned around and rushed towards the man.

She pushed the motorcycle off the man and grabbed him.

By the time the others arrived, she already had the man in her grasp.

Watching this scene, everyone was stunned.

Were they... Just making a movie?

Oh yes, they were indeed making a movie, but Xia Xibei's performance was insane!

Was Hua kung fu this awesome?!

Chapter 1489 - 1489 Vicious Incident

1489 Vicious Incident

Everyone was shocked by Xia Xibei's action.

They knew that Xia Xibei was very powerful, but no one expected that she would be safe in this situation today!

What was even more frightening was that she was able to catch this man!

The crowd was in an uproar, excited.

It was as if everyone felt like they had seen real kung fu with their own eyes!

!!

If not for the fact that the information at the scene was not allowed to be leaked, everyone probably would have been unable to resist telling their friends.

This was simply amazing!

Although Xia Xibei's performance was good before, today's performance was beyond everyone's imagination.

Such an insane existence! Could it be true?

The scene was exciting and lively, and the man's helmet was lifted.

The face under the helmet looked ordinary, with an unnatural pallor, but his eyes were frightening and vicious.

The staff was startled upon seeing his eyes.

“This is not our motorcyclist!” someone shouted.

Motorcycle riders were not hired randomly. They only contacted people they knew, and who were skilled riders.

Who would have thought that the person doing this was replaced?

Due to the cover of the helmet, no one knew when this person came over.

Someone came over and shouted, “We found Jimmy!”

Jimmy was the original motorcyclist.

It turned out that he was knocked out.

It seemed that this person was prepared.

Why did he want to make a move on Xia Xibei? Why did the wire break?

These questions made Director Smith's face turn grim.

He always thought that his crew was very good and that these messy things would not happen.

Who would have thought that things would be so horrible if they did happen?!

It was totally beyond everyone's expectations. No one thought that such a vicious incident would happen!

If it wasn't for Xia Xibei's quick reaction and strong power, something might have happened by now.

With the speed just now, Xia Xibei would have been seriously injured, if not killed, if the motorcycle had crashed into it.

Director Smith simmered angrily and could not wait to beat the man up.

"Who are you?" he asked with an angry expression.

The man was caught with an untamed and gloomy face.

Faced with Director Smith's question, he didn't even bother.

Seeing his non-violent and non-cooperative look, Director Smith almost lost his temper.

Being infiltrated by such a person and almost making a scene, he had restrained himself by not exploding now.

“Who are you? Why did you come here?” he asked once again with a grim face.

The man still had a disdainful look on his face, except for a glance at Xia Xibei.

That look had hatred.

This made Xia Xibei wonder.

When did she offend such people?

The others spoke up, “Call the police. Let the police handle it!”

“Call the police! Make sure to punish him!”

Everyone was terrified by what had happened today.

It was directed at Xia Xibei, and Xia Xibei had the ability to avoid it.

However, what if it was directed at someone else?

Could they have the ability to avoid it?

Thinking about it, the crowd was creeped out.

If this kind of thing were told, the fans would riot too.

“What do you have against me?” Xia Xibei opened her mouth and asked.

The man finally looked at Xia Xibei, then coldly snorted with disdain.

Seeing how uncooperative he was, Xia Xibei laughed.

The crowd was taken aback by her reaction.

She couldn’t be mad, could she?

Chapter 1490 - 1490 Hater

1490 Hater

Xia Xibei turned to the director and said, “Director, bring him in first. I have something to ask him.”

The director hesitated.

“Why don’t we wait for the police to come and ask.”

“No, I’ll ask first,” Xia Xibei shook her head.

“Will he answer?”

!!

Everyone was skeptical.

It was as if the man was mute and couldn’t speak at all.

Even if the place was changed, it was hard for him to talk.

“It’s okay. I have an idea,” Xia Xibei smiled.

Her reaction made everyone feel strange.

What kind of solution could she have?

Still, everyone listened to her and sent the man into the small room next to them.

Finally, only Director Smith and the producer were left in the room.

The two looked at Xia Xibei, and the man next to him, who was tied up, curious as to what Xia Xibei was going to use to get the man to talk.

The man also looked disdainful.

What could Xia Xibei do to make him talk?

Even if he were to see the police afterward, he wouldn't be able to talk that easily!

Thinking of this, he looked at Xia Xibei with even more mockery.

"I'll ask again, why do you want to hurt me?" Xia Xibei asked, looking at him first and smiling.

The man's answer was a turn of the head, not even giving her a look.

The director and producer looked at each other, a little helpless.

Xia Xibei shrugged, "Okay. You don't want to answer, then it's not my fault."

Then, she tapped on the man's body, and her spiritual power turned into an invisible spiritual snake and went directly into the man's body.

The director and producer exchanged another confused look.

What was she doing here?

Under the two people's uncomprehending gaze, the man's originally calm face suddenly wrinkled up.

Then, he suddenly curled up.

He was tied up, and now curled into a ball to relieve the pain inexplicably in his body.

At the same time, he couldn't help but moan. A cry came out.

It was too painful!

This wasn't very pleasant!

After being tapped by Xia Xibei, he felt a strange electric current. This current seemed to be destroying him!

The director and producer were stunned as they watched the man suddenly shrink and be in such pain.

What was going on?! Wasn't he fine earlier?

If they hadn't looked at Xia Xibei and just tapped him, they would have thought she had beaten him!

The man balled himself up and felt his body being torn apart.

The electricity in his body was running wildly, as if all his sanity and calmness had been torn apart, as if he had been struck by lightning.

He gritted his teeth, veins protruding from his body.

After a while, he felt the pain in his body recede.

He also broke out in a cold sweat and relaxed as if he had been reborn.

When he looked up at Xia Xibei, his eyes were horrified.

What kind of demon was this? Why was he in such pain?!

"Well, can you answer my question now?"

Opposed to his horror, Xia Xibei smiled very affectionately, as if the two were the friendliest of friends.

The cold sweat on the man's back came out again.

This was the devil! A demon!

"Hello, can you answer now?"

Xia Xibei waved her hand playfully.

The man could not help but shrink, "I... I..."

After a while, when Xia Xibei began to feel impatient, he finally spoke up.

However, his answer surprised several people.

He said that he was Xia Xibei's hater!

A hater?

Have haters now evolved to attacking celebrities?

When he finished answering Xia Xibei's question, his face changed, and he curled up again.

The director and producer were shocked.

Again?
