

Chapter 1491 - 1491 The Addict

1491 The Addict

The man's face was black and blue. He was hugging his stomach and curling up.

This look stunned the director and the producer.

Again?

Xia Xibei reacted quickly and grabbed his wrist, and then his face was stony.

The man's pain became more intense, and he kept moaning. The moans grew louder and louder, and the cold sweat on his forehead grew.

!!

"What...."

Director Smith looked at Xia Xibei, at his wit's end.

Even if he had seen a lot of things, he had never experienced this kind of thing!

It couldn't be that Xia Xibei had drugged him with something, could it?

Was there such a mysterious trick in Hua?

The producer's thoughts were similar to his own. He was at a loss and very confused.

What could they do?

As they watched, Xia Xibei didn't do anything but said, "Call an ambulance."

When that came out, the two of them drew a breath.

No one was going to die, right?

If that was the case, then it was the end.

Besides, it would affect Xia Xibei as well.

"What's wrong with him?" Director Smith couldn't help but ask.

"He took some drugs."

Xia Xibei's explanation dawned on the two men, who breathed a sigh of relief.

It was okay. It wasn't Xia Xibei who had done something.

However, they soon felt strange again.

Was this the reaction to having taken drugs?

Although they had never done such a thing, it did not mean they had not seen it.

Besides, they filmed the reactions of addicts.

This man... He did not look like an addict.

However, although they were puzzled, they immediately called an ambulance.

While waiting for the ambulance, Xia Xibei's face was a bit gloomy.

If it had been the case before, she wouldn't have thought too much about it and would have really thought he was on drugs.

However, something was not quite right with the man.

This also confirmed her suspicions.

Soon, the ambulance came, and the police car arrived.

After putting the man into the ambulance, several people also got into the police car.

After a bit of confusion, things were finally cleared up.

The man was also relieved from his previous pain and told the police what had happened during their interrogation.

He was indeed Xia Xibei's hater and a racist.

It was because of such discrimination that he became Xia Xibei's hater. Why did Xia Xibei have to be so popular in M now?

He hated Xia Xibei very much when the show was officially announced earlier.

To him, the people of their country were the perfect people. People like Xia Xibei were trash and tarnished his favorite comic character!

After that, he often cursed Xia Xibei on his social media platform.

This kind of thing happened all the time on the internet.

After all, a star could not be liked by everyone, and even if the person was perfect, there were still haters.

There were as many haters as fans.

Therefore, this kind of gutter hater was ignored by everyone.

Who would have thought that he would have acted on it in addition to cursing Xia Xibei on the Internet?

If not for Xia Xibei's quick reaction, she might be in trouble now.

After hearing the response from the police, Director Smith was also shocked.

"Are haters so scary now?!"

Although he knew that haters could be fierce in battle, they were usually just paying lip service. Who knew that they were really doing it in reality?!

It was crazy!

"You should pay more attention in the future. Don't allow them to take advantage of your set."

After hearing this, Director Smith couldn't help but blush a little.

Chapter 1492 - 1492 Can't Be Prevented

1492 Can't Be Prevented

Director Smith's face reddened.

That hater was mixed into his crew, and then moved on Xia Xibei.

Although it was not his intention, it was still connected to him. He did not manage his crew well.

So, he was a little ashamed.

He decided to go back and straighten out the crew a bit.

!!

Who knew how it would turn out if this kind of thing happened again?

No one else had such a godly and powerful reaction as Xia Xibei.

"It's okay," Xia Xibei shook her head and reassured him, "If they want to do something to me, they can do it whenever they want."

This kind of thing was impossible to prevent.

After all, no one would have thought that there would be such a perverted existence in this world.

No one would have thought that someone would go on to hate someone they've never dealt with before and do so with such passion.

So, this was not something that they, ordinary people, could prevent.

However, this matter was not so simple.

"This kind of person is simply evil!"

Director Smith was still very angry.

There were already reporters outside who came for the news.

Although the footage of the previous shoot could not be leaked, so many people were on the scene that information was bound to leak.

So, the reporters soon knew that something big had happened on the set.

If it involved the police, there could be a problem!

So, they immediately came over.

Everyone was stunned when they found out that Xia Xibei's hater did the deed.

Were haters this crazy nowadays?

This was not just a hater. It was a murderer!

Soon, the matter spread on the internet.

When the fans who followed Xia Xibei found out about this, they exploded.

[Crap! This is too vicious! Pervert!]

[It's too perverted! This kind of scum must be severely punished!]

[It's horrible, have haters evolved to this point?!]

[Did Sister Bei dig up their family's ancestral grave? What's the need for this?]

Everyone was outraged and called on the police to punish them severely.

If they didn't, who knew what would happen next time?

Although there were some snide comments during this period that Xia Xibei was asking for it, they were quickly rejected by fans.

It's not like she was doing anything bad to be a star, so why did she deserve such a pervert?

The online world was lively, and Qiao Yanjue reacted immediately when he found out about it.

"Is it Yang Mo?"

No wonder he thought of Yang Mo at first.

No one should have done such a thing other than Yang Mo.

"Not necessarily," Xia Xibei shook her head. "Yang Mo should be in a critical period right now and should not have much time to deal with this matter."

Not that she was excusing Yang Mo, but in the situation she saw a few days ago, Yang Mo was reaching a critical period.

It might be that the spider bite had just opened up Yang Mo's meridians, so she put her mind to the experiment.

After all, this kind of opportunity was rare, so she shouldn't give up so easily, much less have time to deal with Xia Xibei.

"It's not her? Then it's..."

Qiao Yanjue pondered for a while and quickly identified a new object of suspicion.

"Is it Ling Juan?"

"It's possible."

Xia Xibei didn't conclude it decisively either, because she had a lot of enemies.

Qiao Yanjue ground his teeth, "Ling Juan..."

Although he knew that Xia Xibei would not be harmed by these unorthodox means, he was still worried.

"I also found a new problem," Xia Xibei said.

Chapter 1493 - 1493 Man Commits Suicide

1493 Man Commits Suicide

A new problem?

Qiao Yanjue was surprised, "What?"

"I just found something wrong with that man..."

Xia Xibei spoke out about what she had found.

The man's reaction just now was too strange. Not just having taken the drug, but other drugs might have taken effect.

!!

She also found that the man's eyes were very strange.

He looked as if he was a ferocious beast losing his mind.

When she first started, she felt that the eyes under the motorcycle helmet were very frightening, the eyes of a murderer.

After the man became ill, she found that his eyes had become very frightening again. His eyes were filled with blood.

He resembled a hungry wolf who had not eaten meat for a long time, one who had lost its senses.

The expression looked too frightening, so it made a deep impression on her.

If he hadn't been tied up with ropes at that time, he might have rioted.

However, after being sent to the hospital, the hospital replied that he was indeed just suffering from a drug addiction.

The kind of situation Xia Xibei had in mind was not checked out.

This also made her more suspicious.

There was absolutely more to the story than that!

"I'll have someone check it out," Qiao Yanjue immediately said.

There was something wrong here!

However, before Qiao Yanjue could do anything, they received some news the next day: the man had committed suicide!

Suicide?

This news shocked many people.

Director Smith immediately contacted the police department.

After all, this kind of thing was not an ordinary incident, and the police department had no way to hide it.

Soon, the matter was exposed, and everyone was concerned.

Was it a suicide?

Or rather, was it forced?

For a while, speculation was rampant.

Others pointed the finger at Xia Xibei.

It was said that she had someone force the man to die.

The internet was buzzing, and the police department had a headache.

Soon, the autopsy results and video came out.

The man had indeed committed suicide.

In the video, the man was in a locked room.

The beginning was normal. He just sat stoned on the bed, but suddenly, he started fidgeting, getting up and moving in circles, and shaking his arms and legs.

This reaction was not new to anyone. It was the look of drug addiction.

He began to run around the room in circles and grabbed the bars, shouting to the people outside to get him drugs.

However, the police outside did not pay attention to him, only shouting for him to be quiet.

He turned for a while and went back to his seat.

After a while, the shaking of his body became more intense.

The next moment, a change came out of nowhere.

He suddenly stood up and then rushed toward a wall.

He was so fast and powerful that he passed out.

By the time the police came, his head was injured and bleeding.

Afterward, he was taken to the hospital, but even after resuscitation, he still died.

When this news came out, the people online were quiet.

Everyone was creeped out.

It was a suicide!

This kind of death was too tragic!

People all knew that people who had taken drugs would have hallucinations, but the shock of watching a person die like this with their own eyes was still great.

Of course, some people continued to doubt this video, but no matter how doubtful, the person was dead.

Xia Xibei's fans also consoled her, not wanting her to have any trauma because of the man's death.

The man was supposed to be the scum of society and deserved to die.

Xia Xibei, of course, would not have trauma from the man's suicide, but confirmed the suspicions in her mind.

Chapter 1494 - 1494 Who Did It

1494 Who Did It

After finding out about the man's death, Xia Xibei felt that this was the case.

There really was premeditation behind this, and it was specifically aimed at her!

The man was not just an addict and had taken something.

Xia Xibei looked up the online video and stared at it.

After watching it twice, she finally found the problem.

!!

In the beginning, the man was sitting on the bed, looking a bit dull.

After a while, his body began to shake.

Then he stood up, shook his head, held the bars, and roared.

After being stopped by the police, he shook and went back to his position.

Looking at him sitting dumbfounded, Xia Xibei frowned.

After another moment, the man suddenly stiffened.

Others may not necessarily notice this subtle and brief response, but Xia Xibei, who was staring closely at the video, noticed it.

The man's body stiffened for a moment, then softened.

Next, he stood up.

Xia Xibei stared at the man for a while and noticed his expression was dull and distorted, which looked very strange.

At first glance, he looked like he was suffering from a drug addiction that had flared up.

Suddenly, his body stiffened again, as if he had been instructed once again.

Then, he ruthlessly charged toward the wall.

He looked like a hungry wolf descending from the mountain, and the momentum was fierce.

However, there was still a wall in front of him, even if he rushed over like that, striking himself so that his head was bleeding.

When he fell to the ground, his body also jerked.

After watching this video, Xia Xibei went through it again.

Going back and forth a few times, she was sure of herself.

The man did not commit suicide.

It was a controlled suicide.

This also reminded her of the man's eyes before.

That kind of look was not something an ordinary person could have.

At the same time, she had received the man's identity information and knew that he was just an ordinary person, venting his anger online at most.

It was simply not scientific for an ordinary person to have such a look in his eyes!

Such a thing also confirmed the suspicion in her mind.

There was someone behind this matter!

That person was her enemy.

Thinking of this, Xia Xibei's heart sank.

Was it Ling Juan? Or was it Yang Mo?

The man should have taken some drugs, which made him controlled and irrational.

Moreover, such drugs would not be detected by today's machines.

The police's autopsy results didn't even mention this aspect.

So, the power of the forces behind this was not weak.

If Yang Mo didn't do this, Ling Juan should have been involved.

However, could Ling Juan alone do such a thing?

Or... Were there other forces behind Ling Juan?

Thinking of this, Xia Xibei had a jolt.

This guess made her heart skip a beat.

Right!

They had spent so much effort, but they could not find Ling Juan's news. Didn't this mean that something was not right?

With Ling Juan's own strength, there was no way she could have eluded their tracking.

This was the truth.

Ling Juan was still unaccounted for.

After she escaped from before, she never reappeared.

After thinking about this, Xia Xibei's expression was very grave.

Qiao Yanjue was also very angry.

He hadn't even settled his score with that man yet, and he was dead?!

This gave him a sense of displeasure, as if his fist was swinging empty.

The person behind this was even more malicious!

This time, it also drew the attention of other people.

Ling Xiao and Qi Zhi'an called Xia Xibei, concerned about this matter.

Chapter 1495 - 1495 Chang Qianzi's Accident

1495 Chang Qianzi's Accident

Whenever something happened to Xia Xibei, Ling Xiao and Qi Zhi'an would call with sympathy.

This incident was no exception.

Ling Xiao was very concerned, "That person didn't hurt you, right?"

When she thought of the news on the internet, she couldn't help but worry.

How could it be so dangerous to shoot a scene?

!!

Xia Xibei laughed, "No, he didn't hurt me."

"That's good."

Ling Xiao confirmed again and again. Then she put her mind at ease.

The two talked about other things, such as Qi Xin.

Ling Xiao said that Qi Xin was now concentrating on preparing for the college entrance examination and was very well-behaved.

Xia Xibei didn't need to ask Ling Xiao about Qi Xin because she had someone keep an eye on Qi Xin.

Ling Xiao didn't expect Xia Xibei to keep an eye on Qi Xin, and after finishing Qi Xin's story, she couldn't help but bring up Qi Zhiqiang's matter.

After having such a daughter as Xia Xibei, Qi Zhiqiang was no longer jaded and instantly became energetic.

A father using his daughter for status. Ling Xiao was speechless but did not say anything.

After all, Qi Zhiqiang was her eldest uncle.

Moreover, Qi Zhiqiang was also Xia Xibei's father.

However, Ling Xiao could not help but complain.

Qi Zhiqiang had little strength and ability, but his pride was unlimited, and he felt that he was just unappreciated.

Before, because Qi Zhi'an dominated him, he finally learned to keep a low profile and be at peace.

This time, with such an outstanding daughter as Xia Xibei, he was back to being flamboyant again.

With such an outstanding daughter, the position of the family head could also be contested!

“Your father, he has now made the old man give him a new task and also guarantee that it can be completed...”

Ling Xiao was so frustrated that she couldn't help but complain to Xia Xibei.

Xia Xibei also took a while to react to who she was referring to as “dad.”

Ling Xiao only realized after she said it that it was Xia Xibei's father!

Wouldn't she be sowing discord between them if she said such a thing?

She hurriedly changed her tone, “But you don't have to worry, he's alright...”

Xia Xibei interrupted her with a smile. “You don't have to explain. I understand.”

Qi Zhiqiang wanted to do something big, but his strength did not match his ambition!

Qi Zhiqiang had been trying to help introduce Xia Xibei to a new boyfriend but was rejected. He learned a good lesson, deciding not to dwell on this matter, and turned his attention to the more important things.

Xia Xibei, even if she did not change her boyfriend, was still his daughter!

Qi Zhiqiang asked the old man for a task in the name of Xia Xibei.

The old man also gave him something for the sake of Xia Xibei.

Qi Zhiqiang was inept and messed up everything before.

If it weren't for Xia Xibei, the old man wouldn't have let his hard-earned legacy be wasted!

The two of them talked some more about the topic before hanging up.

After the call was disconnected, Chang Qianzi called.

The two chatted about the hater's attack for a while, and then it was time for other family matters.

The restaurant was doing very well now, even if Xia Xibei was not there.

Apart from Xia Jun coming over from time to time to harass them, nothing else was a problem.

Xia Jun's presence no longer posed a threat or problem to Chang Qianzi, who only talked about him casually and complained a little.

Xia Xibei did not take Xia Jun seriously, but to her surprise, a few days later, she received the news.

Chang Qianzi was in trouble!

Chapter 1496 - 1496 Accident

1496 Accident

Along with Chang Qianzi, something also happened to Zhuang Xiao'ai!

After receiving Tang Luo's call, Xia Xibei immediately panicked.

Chang Qianzi and Zhuang Xiao'ai had been kidnapped?

Xia Xibei immediately took off from and flew back.

It took nearly a day to get back home as well.

!!

By the time she and Qiao Yanjue arrived home, Chang Qianzi and Zhuang Xiao'ai had been rescued.

However, the two were not in good condition.

They were badly injured, with bloody heads and several stab wounds.

When Xia Xibei arrived at the hospital, the doctor screamed for a blood transfusion because they had lost too much blood.

They didn't dare to let Grandma Zhuang know about it; only Tang Luo was waiting there.

Xia Xibei hurried back, confused.

She didn't expect that so many disasters would befall people around her in the past six months.

Although Chang Qianzi was not her real mother, Chang Qianzi had always cared about her.

Now, Chang Qianzi was hurt!

"It's okay, the doctor is saving them inside. It's okay!"

Tang Luo pulled Xia Xibei and gave her comfort.

Xia Xibei's eyes were glowing, and her gaze was horrifying.

"What the hell is going on here? Who did this?"

Tang Luo patted her shoulder, "It's..."

"Xia Jun?"

Looking at Tang Luo's expression, Xia Xibei knew that she had guessed correctly.

This had to do with Xia Jun!

Her eyes became even more appalling.

Tang Luo told her the whole story.

A day or so ago, after work, Chang Qianzi went out in a hurry, and her face didn't look too good.

Zhuang Xiao'ai had something to ask her, so she followed her out.

Unexpectedly, neither of them came back!

Tang Luo called both of them, but there was no answer.

She felt something was wrong and immediately started searching for them.

Soon, she found their whereabouts in the surrounding surveillance.

It turned out that Chang Qianzi had been pulled into a van.

Zhuang Xiao'ai happened to rush up and was also pulled in.

Tang Luo was stunned.

This was kidnapping!

She immediately called the police, and with Mo Bonan, it took a day to find the two women.

By the time they got there, they were in bad shape.

They had been in a fierce struggle, and there were signs of a fight as well, so they were not in good condition.

The other party did not have a gun but had various knives.

Zhuang Xiao'ai's situation was more serious than Chang Qianzi's.

However, there were no signs of sexual assault.

Still, they were seriously injured and were being resuscitated by doctors.

As for the specific situation, they still had to wait until they woke up to know.

After listening to Tang Luo's explanation, Xia Xibei's eyes turned green and her body exuded an appalling aura.

Unforgivable!

"Did you catch Xia Jun?"

She looked to Tang Luo, who was also startled by the look in her eyes.

"Not yet," Tang Luo shook her head. "He ran away."

"Well, well!"

Xia Xibei gritted her teeth.

She hadn't taken Xia Jun seriously before, and with the security guards in Clearwater Pavilion, she didn't have to worry about him doing anything.

However, who would have known that Xia Jun would lure Chang Qianzi out?

Scum like Xia Jun should never be let go!

Qiao Yanjue, on the side, patted Xia Xibei's shoulder.

"Don't worry. I've also asked someone to look for him. We'll find him soon."

His expression was not too good. He was a bit frustrated.

They had all been too careless before to let Xia Jun do such a thing!

As the atmosphere cooled, the door to the operating room opened.

The doctor said, "As long as they wake up within twenty-four hours, they'll be fine."

Chapter 1497 - 1497 Mother and Daughter

1497 Mother and Daughter

Once these words were said, everyone finally breathed a sigh of relief.

It was okay!

They thanked the doctor and then went in to see them.

They were in the VIP ward, which was closed off to outsiders.

Xia Xibei was distressed to see Chang Qianzi lying on the bed with a pale face.

!!

Although the two of them were not biological mother and daughter, this could not prevent them from having a relationship with each other.

Xia Xibei walked over and took Chang Qianzi's pulse to make sure her condition was not too bad, and then breathed a sigh of relief.

Although her limbs had various injuries, she did not hurt her heart and lungs, and her bone injuries were not serious, so she could just find some medicine to apply to them afterward.

After Xia Xibei saw Chang Qianzi, she went to check on Zhuang Xiao'ai.

Zhuang Xiao'ai's situation was a little more serious than Chang Qianzi's, injured worse due to her protecting Chang Qianzi.

Xia Xibei retook her pulse, and then frowned.

Zhuang Xiao'ai's condition was much more serious than Chang Qianzi's, and she had also received a heavy blow to the head.

If the situation were normal, she would have to stay in bed for ten more days and suffer even more.

Xia Xibei took out the silver needle bag she carried with her when she thought of this.

When everything was done, she wiped the sweat from her forehead.

It was not an easy process, and it took her a lot of energy to go through it.

After helping Zhuang Xiao'ai with her wounds, Xia Xibei went back to Chang Qianzi's room.

Chang Qianzi was still sleeping.

Xia Xibei sat and stared at a drowsy Chang Qianzi.

She suddenly blinked her eyes.

Why did she feel that... Chang Qianzi and Zhuang Xiao'ai looked a little similar.

The corners of Chang Qianzi's mouth were a bit curved, as if with a smile.

The corners of Zhuang Xiao'ai's mouth were the same, as if they were always wearing a smile.

Xia Xibei came up to Chang Qianzi's face, stared at her eyelids for a while, and was surprised.

Chang Qianzi's eyelids were triple-lidded! That was not often seen!

Of course, when she opened them, she looked like she had double eyelids.

Zhuang Xiao'ai's eyelids were also triple-lidded!

The two of them looked alike.

"Why do I think they look a bit alike?"

As Xia Xibei wondered, Tang Luo muttered to herself, "They have been working together for a long time. Maybe that's why they look alike?"

When these words came out, Xia Xibei's heart jumped and her face changed.

Even Tang Luo felt this way?

Looking at the two people's eyelids and lips, a terrible suspicion swirled in Xia Xibei's mind.

After hesitating, she took photos of Chang Qianzi and Zhuang Xiao'ai at the same angle.

Then, she and Tang Luo came together to study them.

"They look alike!" Tang Luo exclaimed.

Here, the two people looked too much alike!

Xia Xibei's eyes were filled with emotions for a while, then she picked up the hair that had fallen off Chang Qianzi's body, ran to Zhuang Xiao'ai's

room, and took a strand of her hair.

Tang Luo was stunned by her action.

At the same time, the same suspicion appeared in Tang Luo's mind, and she couldn't help covering her mouth to keep herself from letting out an alarming cry.

Soon after, Xia Xibei put Qiao Yanjue in touch with an agency that could do a paternity test.

Before Chang Qianzi and Zhuang Xiao'ai woke up, the results came back.

Looking at the results above, Xia Xibei was petrified.

The two of them were mother and daughter.

What kind of amazing coincidence was this?

Not only Xia Xibei, the others were also shocked.

How could they be mother and daughter?

Did the identification agency get the wrong sample? Or did Xia Xibei take the wrong sample?

Chapter 1498 - 1498 Blessing in Disguise

1498 Blessing in Disguise

“What...”

Several people looked at the contents of this and were stunned!

“Could this be a mistake?” Tang Luo muttered and asked.

“I’d like to know too...”

Xia Xibei’s reaction was the same.

!!

Although she was the one who ordered the test, she wasn’t sure.

Qiao Yanjue shook his head, “There’s no mistaking it.”

He had someone keep a close eye on it. There was absolutely no mistake.

Moreover, when Chang Qianzi and Zhuang Xiao’ai were lying on the bed, they could see they looked similar.

Normally, when both were awake, people didn’t think they looked alike because Zhuang Xiao’ai was still wearing her glasses.

With the lenses, there was no resemblance.

Now, both of them were lying on the bed. It was easy to see the similarity.

It was clear that they looked similar.

Moreover, this report also showed the relationship between the two.

Xia Xibei still couldn't come back to her senses.

Although she had been looking for Chang Qianzi's biological daughter, she didn't think it would be Zhuang Xiao'ai!

This was fate!

She had been worried about whether Chang Qianzi's daughter was still alive. If she had died, what would happen then?

If something had happened, what then?

Such a series of thoughts made Xia Xibei's mood very low.

Who would have thought that the girl was right beside them?

The coincidence of all this made Xia Xibei feel that it was an arrangement from heaven!

Qiao Yanjue knew how she was feeling, hugging her as he said soothingly, “Now that we have found her, we can be accountable to Aunt Qianzi.”

Previously, Xia Xibei had been afraid to tell Chang Qianzi about her birth, because she was afraid she wouldn't accept it.

If Chang Qianzi knew her identity, she would want to find her biological daughter.

If she couldn't find her, or if something happened to the girl, Chang Qianzi would be devastated.

So, Xia Xibei had not dared to say these words.

Now, the girl had been found and was safe and sound.

Although Zhuang Xiao'ai's life was not much better, with Grandma Zhuang's care, Zhuang Xiao'ai had a happy childhood.

When you think about it, Zhuang Xiao'ai's childhood was much happier than Xia Xibei's!

At least Zhuang Xiao'ai's grandmother was always around and treated her very well.

Although she had experienced some bad things before, it was good now.

Thinking of this, Xia Xibei breathed a sigh of relief.

She wrapped her arms around Qiao Yanjue and buried her face in his chest.

Qiao Yanjue hugged her and gently patted her head, "This time, it's a blessing in disguise."

These words made several people nod their heads.

Yes, it was a blessing in disguise!

If it weren't for this incident, Zhuang Xiao'ai wouldn't have taken off her glasses, and no one would have thought in that direction.

So, it was a case of misfortune becoming a blessing

Of course, Xia Jun was inexcusable!

Unforgivable!

Soon, Chang Qianzi and Zhuang Xiao'ai woke up.

To their surprise, Chang Qianzi's condition was not quite right.

Although she was awake, her expression was very sad.

"Mom, what's wrong?"

Xia Xibei looked at Chang Qianzi with concern and asked carefully. "Is something wrong?"

She reached out to hold Chang Qianzi's hand.

Chang Qianzi's hand moved and she finally did not avoid her touch.

She looked at Xia Xibei sadly, "Tell me, are you my real daughter or not?"

Xia Xibei's heart jumped, and she instantly understood how Xia Jun had lured Chang Qianzi.

Chapter 1499 - 1499 Her Real Child

1499 Her Real Child

Xia Jun had come several times before but was driven away by Chang Qianzi.

If it were a normal situation, Chang Qianzi would not have agreed to Xia Jun's invitation.

She was not stupid.

The only thing that could make her go out would be anything related to Xia Xibei and Xia Qingxun.

Looking at her reaction, Xia Xibei could also be sure of Xia Jun's intention.

!!

"I am not."

Xia Xibei did not evade and shook her head.

These words hit Chang Qianzi hard, and what little light was left in her eyes was instantly lost.

She was instantly saddened.

Xia Xibei was not her biological daughter?

Then where did her real daughter go?

What happened with Xia Qinghan before had already made her very sad.

For more than ten years, Chang Qianzi had raised Xia Qinghan as if she were her daughter, but who knew this would be the outcome?

After all, it was the daughter she had raised for many years, and she was devastated to know that she was not her own so suddenly.

However, due to Xia Xibei's existence, she suppressed her grief and turned her mind to Xia Xibei.

Xia Xibei suffered so much back then. If she still showed her attachment to Xia Qinghan, it would surely make the kid sad.

Therefore, she controlled herself and put all her thoughts on Xia Xibei, treating her like her daughter.

After that, the mother and daughter got along better and better.

Xia Xibei was rather cold, but she also had a warm and lovely side.

The relationship between the two of them improved.

After her divorce from Xia Jun, Chang Qianzi didn't want to find a second life either.

She already had a son and a daughter, and now her career was going so well, Clearwater Pavillion flourishing under her management.

For her, there were no more regrets.

Now, she was suddenly told Xibei was not her biological daughter!

This was like a bolt from the blue!

When Xia Jun asked her out earlier and said he would reveal Xibei's true origin, she thought he was lying and trying to trick her.

However, Xia Jun sent a photo to her.

Xia Xibei was happy with other people and looked different in the photo.

Xia Jun said those were her birth parents, and she was dumbfounded!

In order to find out more about this matter, she went out.

She didn't expect to be kidnapped as soon as she went out.

Moreover, Zhuang Xiao'ai was also implicated.

"By the way, where is Xiao'ai?!"

Chang Qianzi was still consumed with grief when she suddenly remembered the existence of Zhuang Xiao'ai.

She might have died earlier if it wasn't for Zhuang Xiao'ai's presence.

Thinking about how Zhuang Xiao'ai was beaten before she fell into a coma, she felt a chill run through her body.

"Don't worry, Xiao'ai is fine too."

Xia Xibei reassured her with complicated eyes.

"She's okay?"

Chang Qianzi was still worried.

After all, Zhuang Xiao'ai was implicated by her.

If something were to happen, she would regret it for the rest of her life.

"She's really fine," Xia Xibei shook her head. "Don't worry. With me around, how could something happen to her?"

Chang Qianzi let out a sigh of relief at this.

Xia Xibei was indeed very powerful.

Only a teenager, but with such strength.

Before, she had thought that Xia Xibei was her child and had inherited her talent, but now that she thought about it, her initial self-righteousness was too ironic.

Thinking of this, Chang Qianzi's face darkened again.

Xia Xibei could see her thoughts and immediately said. "I am not your real daughter, but I have found her."

Chang Qianzi looked up sharply.

"What did you say?!"

Was Xia Xibei fooling her?

Seeing her suspicion, Xia Xibei said, "It's Xiao'ai."

1500 I Didn't Lie to You

"Xiao'ai?!"

Chang Qianzi's eyes widened, and she drew a breath, almost tugging at her wound.

Xia Xibei waited for her to calm down before answering, "Yes, it's Xiao'ai."

Chang Qianzi's expression froze, "Are you kidding me?"

Xia Xibei was not her daughter, and then to make her happy, she used this excuse.

!!

Thinking about it, Chang Qianzi was about to cry.

"No, I'm not joking."

Xia Xibei shook her head and pulled a paper from her handbag.

"Take a look at it."

Chang Qianzi blankly took the piece of paper, looked down, and was stunned when she saw the results.

“What... and who is this...?”

“It’s the DNA verification of you and Xiao’ai,” Xia Xibei explained. “I used hair from both of you to do the test.”

Chang Qianzi still felt dizzy. Maybe she was too injured before, or maybe she was dreaming now?

“What...” She was bewildered and confused. “You’re not mistaken?”

“Of course not,” Xia Xibei shook her head seriously. “I didn’t lie to you, and I’m not mistaken.”

“Impossible!” Chang Qianzi finally found her senses and shook her head. “Why would you test her and me?”

No one would be so bored to take two unrelated people’s hair for identification.

Xia Xibei suddenly produced such a report. Chang Qianzi did not find it credible.

“We found that you look very similar. Moreover, Xiao’ai and I are the same age.”

Xia Xibei pulled her phone out and tapped on the photo album.

“Take a look.”

Chang Qianzi looked down in confusion, then froze.

In it were two photos, with her on one side and Zhuang Xiaoyi on the other.

Both of them had their eyes closed, their faces were pale, and you knew from a glance that they were not doing well.

However, this was not the point.

The point was that, at a glance, the discerning eye could see the similarities between the two.

Whether it's the eyebrows or the demeanor, you could see the similarities. The only difference was that Zhuang Xiao'ai was much younger and not as mature as Chang Qianzi.

Moreover, the most similar parts of the two people were highlighted, such as their triple-lidded eyelids.

After looking at this photo, Chang Qianzi finally returned to her senses.

They did look similar!

If outsiders saw them, they would think they were mother and daughter!

Chang Qianzi felt that her head was dizzy. Was she dreaming?

If not, why would she have hallucinations?

Seeing her disbelief, Xia Xibei said soothingly, "You don't need to be anxious. When you are better, you can check this matter by yourself."

She let Chang Qianzi rest.

"You should rest first, don't worry."

"Good..." Chang Qianzi nodded her head in a trance.

Then, her body suddenly shook.

"By the way, Xia Jun!"

"Don't worry, I know," Xia Xibei nodded. "I'll take care of him."

However, Xia Jun had now run away, and there was no way to find him for a while.

Xia Xibei wasn't worried about that.

She didn't do anything to Xia Jun before, but since Xia Jun did something like this, he didn't deserve forgiveness!

"Just get some rest. I'll take care of the rest."

Chang Qianzi could only nod her head.

Only after Xia Xibei left did she suddenly come to her senses.

Yes, Xia Xibei was no longer her daughter!

However, Xia Xibei's actions and words just now did not show any issues.

This made her feel even more complicated.
