

Chapter 1501 - 1501 The Truth

1501 The Truth

The one with more complicated feelings than Chang Qianzi was Zhuang Xiao'ai.

Zhuang Xiao'ai had previously followed Chang Qianzi out because she had needed to find Chang Qianzi for something.

Who knew that, in this way, she was also captured.

After that, she realized that the one who did it was Chang Qianzi's ex-husband!

Zhuang Xiao'ai always thought that Xia Jun looked a bit familiar.

!!

She didn't think too much about it because Xia Jun and Xia Qingxun looked similar, and Xia Qingxun would often come to Clearwater Pavillion, so it was normal for her to feel familiar with Xia Jun after seeing his son so much.

However, Xia Jun had been having a miserable time these days, so he looked haggard and old.

Still, Zhuang Xiao'ai never thought that Xia Jun would do such a thing!

What she didn't expect even more was that he said Xia Xibei was not their biological daughter!

This statement stunned even Zhuang Xiao'ai!

What kind of amazing development was this?

Was he kidding?

Of course, joking or not, Xia Jun was obviously coming from a bad place.

Afterward, Xia Jun forced Chang Qianzi to cooperate with him so that he could draw Xia Xibei out and make a move on her.

However, Chang Qianzi refused.

So, the exasperated Xia Jun had someone make a move on them.

The two fought bravely against it, but they were severely beaten.

They might have died if not for Tang Luo's timely arrival with her people.

After Zhuang Xiao'ai woke up from her coma, she heard more news that left her dumbfounded.

Xia Xibei was indeed not Chang Qianzi's biological daughter. She was.

What?

Zhuang Xiao'ai thought she might have suffered a severe head injury. Otherwise, why would she hallucinate?

It was Xia Xibei who said this to her!

What kind of joke was this?

Maybe she just slept and time-traveled?

She was just two days old when her grandmother found her.

She grew up knowing her origins, so she never wanted to find her birth parents, because she had seen too many abandoned girls.

There were too many sexist parents who threw out their daughters, and she had been thrown out on a hill in the first place!

If it hadn't been summer, she might not have lasted enough to be found by her grandmother!

She had a little luck, was taken in by her grandmother, and had a good life.

Due to that, she didn't want to go to her parents.

She wouldn't be so foolish as to get her hopes up for them even after being abandoned.

She was afraid those disgusting parents would come to her door one day and ask her to support them!

When the time came, she would sue them for abandonment!

Zhuang Xiao'ai thought this every time she watched the news and saw programs with the same experience

It never occurred to her that she was not abandoned by her parents but was replaced!

When she figured out her twisted and bizarre life, Zhuang Xiao'ai was confused.

How could it be so complicated?

She switched identities with Xia Xibei, and after that, Xia Xibei switched identities with Xia Qinghan...

What kind of plot was this?

Zhuang Xiao'ai felt that she had woken up and the world had changed!

Chang Qianzi was her mother. This made her feel complicated.

Zhuang Xiao'ai usually had a very good relationship with Chang Qianzi.

Neither of them had strong personalities, and they were partners, so they were always businesslike.

Plus, she was the same age as Xia Xibei, so Chang Qianzi has always treated her like a niece.

However, they were biological mother and daughter!

This matter confused her.

Chapter 1502 - 1502 Who is the Killer

1502 Who is the Killer

Chang Qianzi and Zhuang Xiao'ai's relationship soon became known to everyone.

Song Jiaren's jaw dropped after hearing the whole story.

“Crap! What kind of story is this crazy?!”

She looked at Xia Xibei again, “How come your identity is so twisted?”

Previously, Xia Xibei was an orphan, and neither of her parents wanted her.

!!

In one turn, she found her “real parents” and was robbed of her identity by Xia Qinghan.

Well, they thought that was the end of the story.

Who would have thought that there would be one more thing after this?

Looking at Song Jiaren’s amazement, Xia Xibei laughed bitterly in her heart, but this was not the final result.

She hadn’t recognized her real parents yet!

Everyone had been discussing this matter for days.

Chang Qianzi and Zhuang Xiao’ai could finally be discharged from the hospital.

Grandma Zhuang also learned about this matter.

No one had told her about Zhuang Xiao'ai's disappearance before, only that Zhuang Xiao'ai had gone out for something.

Two or three days passed, and Zhuang Xiao'ai was found, so the matter could not be hidden anymore.

When she first found out about it, Grandmother Zhuang almost fainted.

How could she not be anxious when something happened to her

granddaughter?

Fortunately, everyone assured her that Zhuang Xiao'ai was fine, so she was relieved that she didn't pass out.

She didn't expect that Zhuang Xiao'ai would find her real mother after such a mess!

The development here made her, an old lady who has experienced so many things, feel incredulous.

The most traumatized person was Xia Qingxun.

Xia Qingxun had previously treated Xia Qinghan as his own biological sister, not realizing that Xia Xibei was his sister.

Who knew that, after treating Xia Xibei as his sister for a while, he was wrong once again!

Xia Qingxun felt like he was going to faint.

This was really too confusing!

It took several days for everyone to understand the truth of the matter.

By this time, there was a response from Qiao Yanjue's side that Xia Jun had fled the country.

Once out of the country, it would not be easy to catch him.

However, it was only a matter of time.

Xia Jun had done such a bad thing the police would not let him go.

There was also the question of who told Xia Jun what happened.

Xia Jun was nothing to fear, but the people behind him were the focus.

Qiao Yanjue increased his efforts to find out and soon found the problem.

It was Qiao Haoming who was behind it!

Yes, Qiao Haoming.

Qiao Haoming had been very quiet these days, and they thought he had learned his lesson.

Who would have thought that he would still be behind the scene?

He even did it to Chang Qianzi!

Unforgivable!

However, they also understood that Qiao Haoming was not the real culprit either.

After some investigation, the two turned their attention to Qi Xin.

Besides Qi Xin, no one else would have such a great hatred for Xia Xibei.

Xia Qinghan was now ruined, had no way to get up, and would not know Xia Xibei's true identity, much less be able to do these things.

However, besides Qi Xin, there was no one else.

Xia Xibei did not find evidence to prove that Qi Xin did it.

However, besides Qi Xin, there was no one else.

If it wasn't for the discovery of Zhuang Xiao'ai's identity because of this incident, how sad would Chang Qianzi be now?

Chang Qianzi was upset, and so was Xia Xibei.

In fact, this was not really harmful to Xia Xibei, but she was emotionally involved.

Chang Qianzi was Xia Xibei's "mother" too. If she were sad, Xia Xibei would naturally be worried.

Qi Xin did not dare to make a move on her but targeted the people around her. The intention was too malicious!

Chapter 1503 - 1503 Car Accident

1503 Car Accident

Xia Xibei had a deep hatred for Qi Xin.

If the woman only did it to her, it didn't matter. However, she actually did it to the people around her. This was inexcusable!

Xia Xibei did not intend to identify Qi Zhi'an and Ling Xiao as her parents so soon before, and there was a reason for Chang Qianzi being here.

However, after finding Zhuang Xiao'ai, the worry in her heart eased.

She did not dare to identify with Qi Zhi'an and Ling Xiao before because she was worried that things would be exposed and Ling Juan's side would attack.

!!

Before this, she was worried about Chang Qianzi's daughter being left with Ling Juan.

If things were exposed, Ling Juan might do something to the girl.

Xia Xibei didn't want anything to happen to that girl, so she had to hold back.

Now, Zhuang Xiao'ai's identity had been verified, which meant that the only leverage that could threaten Xia Xibei no longer existed.

In that case, she would not have to worry about Chang Qianzi's heartbreak when the matter was exposed.

This opened the shackles on Xia Xibei's heart.

If it were not for this mess, Chang Qianzi and Zhuang Xiao'ai would not have met each other so quickly.

It could be said that this was a great gift to them from the other side!

At least until this happened, Xia Xibei would never have dared to think that Chang Qianzi's real daughter was beside them.

After all, this kind of thing was so amazing that no one dared to think so.

Of course, no amount of "good deeds" done on Qi Xin's side could offset what she had done.

Lest things get out of hand again, Xia Xibei wanted to tell Qi Zhi'an and Ling Xiao about it.

Before she could act, she received a call from Qi Zhiqiang.

On the phone, Qi Zhiqiang couldn't suppress his happiness.

"I'm telling you, something big has happened!"

“Something big?” Xia Xibei was slightly intrigued. “What is it?”

“Something happened to your uncle...”

“What?!” Xia Xibei’s face changed greatly. “What did you say? What happened?”

What did he mean by “something happened”?

In Qi Zhiqiang’s words, the “uncle” was Qi Zhi’an.

What happened to Qi Zhi’an?

Qi Zhiqiang was so shocked by her reaction that he almost didn’t drop the phone.

When he held the phone steady, he finally remembered that Xia Xibei was quite close to Qi Zhi’an and Ling Xiao.

So, hearing such news, she would not be as happy as he was.

Just thinking about this, Qi Zhiqiang was a little embarrassed and upset.

Xia Xibei was obviously his own daughter, so how could Qi Zhi'an and his wife rob him of her heart?

Thinking of this, he could not help but sound a little gloomy, "It's not a big deal. Just a car accident."

"A car accident?" Xia Xibei drew in another breath. "Who had a car accident?"

Was it Qi Zhi'an or Ling Xiao?

Qi Zhiqiang grunted, "Qi Zhi'an's family. Don't worry, they are not dead."

These words still made Xia Xibei's face hard. "So, how is he now?"

"Still alive, of course."

Qi Zhiqiang felt a little sorry. How nice it would have been if Qi Zhi'an were dead!

"Who did it? Does it have anything to do with you?" Xia Xibei asked directly.

This made Qi Zhiqiang almost explode, "What are you talking about? How could I do such a thing!"

Of course, he said this with a little bit of sheepishness.

In his heart, he wanted Qi Zhi'an and his wife to die, but he just never found the opportunity to carry it out.

However, this could not be told to anyone.

If Xia Xibei said his words to anyone else, there would be trouble!

He didn't want to face such trouble.

Chapter 1504 - 1504 Still Alive

1504 Still Alive

Xia Xibei didn't care if this matter had anything to do with Qi Zhiqiang. She just wanted to see Qi Zhi'an immediately.

"How are they doing now? Is the car accident serious?" she asked, pushing down her anxiety.

Qi Zhiqiang gave a tsk, "Don't worry, they are all alive."

Although the injuries were quite serious, they were still alive.

As long as they were alive, there was hope, and this also made Qi Zhiqiang feel sorry.

!!

How come they didn't all die together?

If all three of them had died, the family leader's position would have been his.

It was a pity!

Xia Xibei heard his regret. She was angry, but also less worried.

Qi Zhiqiang was unhappy, indicating that Qi Zhi'an and Ling Xiao's situation was not lethal.

As long as no lives were hurt, then it was fine.

Just how did they get into a car accident?

With their status, didn't they have to have their vehicles checked before every trip?

It should have happened if it were that easy to have an accident.

Moreover, Qi Xin also had an accident.

This made her suspicious.

She was not prejudiced against Qi Xin, but this matter was too strange.

“How are they doing now?”

“They won’t die.”

Being asked again and again by Xia Xibei, Qi Zhiqiang was not in a good mood, and the tone of his answer was not good.

However, remembering Xia Xibei’s talent and strength, he couldn’t go too far.

After all, Xia Xibei did not depend on him for a living.

On the contrary, he still had to rely on Xia Xibei!

If not, he wouldn’t be so patient saying these words to Xia Xibei.

“It’s just that Qi Xin is a little more seriously injured. Both of them are fine.”

Speaking of this matter, Qi Zhiqiang could not help but tsk twice.

What a pity!

However, Qi Xin cared about her parents. When something happened, she protected them first.

Otherwise, the couple would be the most seriously injured now.

Thinking of this, Qi Zhiqiang could not help but feel saddened.

How come other people's daughters were so good, and his daughter was so ungrateful?

"Qi Xin is more seriously injured?" Xia Xibei's brow furrowed, "What happened?"

"I don't know." Qi Zhiqiang grunted in displeasure. "It should be because she's protecting her parents, that's why."

These words made Xia Xibei's face even more gloomy.

Qi Xin protected Qi Zhi'an and Ling Xiao?!

That sounded... More problematic!

However, she didn't ask too many questions. Everything had to wait until she saw it with her own eyes before she could have a definite conclusion.

“I’ll go over there now!”

Qi Zhiqiang was a little bitter, “No need to come over. They’re fine! I’m just telling you about it.”

Xia Xibei wouldn’t have come over to see him if he had been injured!

Thinking about this, he was in a bad mood.

“I’ll go over and check it out. I’ll see you guys, by the way.”

Xia Xibei’s words made Qi Zhiqiang’s face darken.

What did she mean by looking at them, by the way?

Were they not important?

Qi Zhiqiang was upset but couldn’t stop Xia Xibei from taking action.

After hanging up the phone, Xia Xibei told Qiao Yanjue what had happened.

Qiao Yanjue was also surprised, “They had a car accident?! Such a coincidence?”

The two of them looked at each other and had the same thought.

Yes, how could it be such a coincidence?

To say that there was no problem here, none of them would believe it!

"I'm going to take a look," Xia Xibei said. "You help me check other things."

Qiao Yanjue nodded, "Okay."

Chapter 1505 - 1505 Visiting

1505 Visiting

That night, Xia Xibei flew to the imperial capital.

When she returned to the Qi family, she saw the patriarch.

When the old man saw Xia Xibei, he was also relieved.

"You came back to see your uncle?"

“Yes,” Xia Xibei nodded, “Are they okay?”

!!

“No problem. It’s just that Xinxin is seriously injured and is still in a coma.”

Talking about this matter, the old man was worried, sad, and moved.

Qi Xin and Xia Xibei usually did not get along very well, but she and her parents were still very close.

This time, she did not hesitate to protect her parents.

Had it not been for her protection, Qi Zhi’an and Ling Xiao might have been more seriously hurt.

The old man was ready to abdicate, and Qi Zhi’an could not afford to have anything happen to him.

Qi Xin was still in a coma, and while both Qi Zhi’an and Ling Xiao were awake, both were sad and worried.

The old man did not expect that Xia Xibei would rush back.

It seemed that she and Qi Zhi’an and Ling Xiao did have a good relationship.

It was a good thing.

If Xia Xibei supported Qi Zhiqiang, the peace in the family would be gone forever.

It was good that Xia Xibei had such a big-picture view.

“I’ll go in and see them.”

“Okay, go ahead. It’s inside.”

The old man called someone to take Xia Xibei inside.

The Qi family mansion was huge, and there was a courtyard inside that could rival a small hospital.

Moreover, the Qi family also had doctors in the family.

Together with the family’s medicine refiners, they could survive unless they died on the spot.

The location of their previous accident was not too far from home, so they were rushed back home for first aid.

Qi Xin was no longer in serious trouble, just unconscious.

Xia Xibei followed the maid inside, her eyes downcast.

She felt a bit complicated when she arrived at the small courtyard turned hospital ward.

She had been in the hospital a little too often these days.

It seemed that the loved ones around her were often in the hospital.

This made her speechless.

“Miss Bei, we’re here,” the maid said with a nod to Xia Xibei.

“Okay, thanks.”

Xia Xibei nodded toward her and walked in.

It was a small courtyard with several rooms inside, including a first aid room with many expensive instruments.

It seemed to have everything.

Xia Xibei went into Qi Zhi'an and Ling Xiao's room.

Qi Zhi'an and Ling Xiao's conditions were not serious, only their hands and feet were injured, and their faces had little scrapes, which were now coated with salve and looked a little alarming.

However, both of them were awake.

As for Qi Xin, she was in the other room.

"Beibei, what brings you here?"

Seeing Xia Xibei come in, Ling Xiao immediately sat up with a surprised face.

Qi Zhi'an also turned to look, equally surprised.

"Why are you here?"

"I heard about your accident, so I came to check on you," Xia Xibei said to them.

"It's just a small car accident, nothing serious. You don't have to worry."

Ling Xiao shook her head, "We didn't even want to tell you. It was Zhiqiang who said that, right?"

“Yes,” Xia Xibei nodded her head.

The couple looked at each other with complicated gazes.

Of course, they knew that Qi Zhiqiang would tell Xia Xibei about this matter, definitely not because he cared about them, but simply because he wanted to laugh at their misfortune.

However, the fact that Xia Xibei would come all the way over to see them was enough to make them happy.

A good girl indeed!

“What’s going on? Why was there a car accident all of a sudden?”

Xia Xibei sat next to Ling Xiao, took her hand and her pulse, then asked.

Chapter 1506 - 1506 Broken Brakes

1506 Broken Brakes

Speaking of this incident, Ling Xiao and Qi Zhi’an’s faces didn’t look too good.

They didn't expect that a car accident would happen!

"The matter is still being investigated, it should be clear soon."

Qi Zhi'an's face was cold and stern, and he was very angry.

Who wouldn't be angry?

!!

The family of three almost went to God together. Could they still be that relaxed about it?

Now, Qi Xin was lying inside by herself. Even if they knew that she was not seriously injured, she was their own daughter. How could they not worry about her?

When they thought of the person behind the scene, they were so angry that they wanted to find him and cut him into pieces!

"How is Qi Xin doing now? Is she okay?"

Xia Xibei released Ling Xiao's hand and smiled at her.

Ling Xiao's problems were not serious. They were all superficial injuries.

The Qi family had enough useful ointments to fix these problems quickly without her help.

“She’s still unconscious,” Ling Xiao sighed, heartbroken. “If it weren’t for that child, we probably wouldn’t be able to see you right now!”

Qi Zhi’an was busy reassuring his wife, “Don’t say such demoralizing words. We will all be safe.”

Ling Xiao pursed her mouth feebly, still not fully recovered from the incident.

The three of them were ready to go out and have fun together, but then they turned around, and these things happened.

A great family gathering was just ruined!

Qi Xin almost couldn’t be saved!

“Who was driving the car?” Xia Xibei asked.

“The driver drove the car, and the three of us sat in the back.”

“You all sat in the back?”

Xia Xibei narrowed her eyes and brought suspicion to them.

“Yes.”

Qi Zhi'an nodded. “Xinxin wanted to chat with us, so we sat together.”

They were traveling in a business car, and the back seat was quite

spacious. The three were not big people, so they sat together quite comfortably.

Besides, they hadn't been this close for a long time.

So, when Qi Xin suggested it, they agreed.

Since they were sitting together, Qi Xin shielded them when the accident happened.

“What about the driver? How is he now?”

“The driver died.”

Speaking of this, Qi Zhi'an and Ling Xiao's expressions were not good.

“The driver is dead?” Xia Xibei frowned. “What about the car? Have you guys checked it?”

“We’re checking it,” Qi Zhi’an sighed, “The car has a problem with the brakes.”

They wanted to go for a walk in the countryside today, but when the car arrived at a place with little traffic, the driver suddenly looked alarmed and said that the car’s brakes were broken.

Shortly after that, a car rushed in front of them.

The car just came straight at their car with a lot of momentum.

The driver dodged, but because the brakes were broken, there was still an accident.

When it hit the tree, Qi Xin shielded them, and she herself was hit instead.

“If I find out who did it, I won’t spare him!”

Qi Zhi’an gritted his teeth.

The thought of his daughter still unconscious made his heart ache.

Listening to them talk about this matter, Xia Xibei’s eyes darkened a bit.

“I’ll go check on Qi Xin.”

“Okay, go see her!”

Ling Xiao was a little pleasantly surprised.

They all knew that Xia Xibei’s medical skills were profound, so if she helped Qi Xin with her treatment, there would be no problem.

It would be great if Xia Xibei could take the initiative.

Xia Xibei said goodbye to them and went to Qi Xin’s ward.

Chapter 1507 - 1507 Really Hurt

1507 Really Hurt

Xia Xibei arrived at Qi Xin’s room.

In the room, Qi Xin was lying on the bed. Her face was pale.

Her forehead was still wrapped in a piece of gauze, and her face had quite a few scrapes, which didn’t look too good.

Xia Xibei stopped a short distance away, then looked at her for a moment before walking over.

She reached out to take Qi Xin's pulse.

!!

Qi Xin did not move.

After a while, Xia Xibei let go of Qi Xin's hand with confused eyes.

Qi Xin was indeed injured, and it was quite serious.

Of course, this serious injury was not an unfixable problem for the Qi family, it'd just take Qi Xin some time to recover.

This also made Xia Xibei doubt her previous guesses.

Could it be that Qi Xin had nothing to do with it?

Or did someone else do it?

Xia Xibei's eyes lowered, hiding the suspicion in her heart.

Then, she walked out.

Just as she walked out, she saw Yang Wenyin and Qi Xiangyuan walking into the courtyard.

When they saw Xia Xibei, Qi Xiangyuan was very enthusiastic.

“Beibei! You’re here too?”

Yang Wenyin’s face did not look too good when she saw her.

Anyone who saw her husband’s illegitimate daughter would not be in a good mood.

Moreover, Xia Xibei was even better than her own son and was valued by the old man. How could this make Yang Wenyin feel at ease?

Then, looking at her own son with his stupid face, Yang Wenyin was even more upset.

She didn’t know what was wrong with this child. How could he be so clueless?

Xia Xibei was going to take things from them!

“Big brother.”

Xia Xibei said hello, then nodded toward Yang Wenyin to say hello.

Yang Wenyin frowned, wanting to reprimand her.

Xia Xibei didn't even greet her. What kind of attitude was this?

However, remembering what Qi Zhiqiang had said to her, she held back her displeasure.

Qi Zhiqiang had told her that Xia Xibei was a help to them.

If Xia Xibei were brought in, it would help their fight for family leadership.

Although Yang Wenyin was worried that Xia Xibei would not listen to them eventually, it was not too much of a problem.

Anyway, what could a girl do that was so important?

They'd just marry her off to someone when the time came.

As for whether Xia Xibei would obey their arrangement to marry would be a matter for later.

In Qi Zhiqiang's plan, they could use Xia Xibei to fight for the position of family leader.

After getting the position of family leader, Qi Zhiqiang would use all means to secure his position.

When the position was secure, Xia Xibei could then be cast aside.

At that time, Xia Xibei would have no way to resist.

Listening to Qi Zhiqiang's arrangement, the resentment in Yang Wenying's heart dissipated and was replaced by mockery.

If Xia Xibei wanted to get anything by such an identity, it was simply a fool's dream!

To Qi Zhiqiang, Xia Xibei was just a tool that could be used!

After Yang Wenying became happy, a little sadness vaguely appeared in her heart.

If Xia Xibei was Qi Zhiqiang's tool, what about her?

Looking at the beautiful young woman in front of her, Yang Wenying's mood was very complicated.

However, she held back the resentment in her heart.

At this time, it was not good to argue with Xia Xibei.

“Beibei, aren’t you shooting a movie? Why are you free to come back?” Qi Xiangyuan asked enthusiastically, as if the two grew up as close siblings.

Xia Xibei smiled a little, “I was back to take care of something when I heard that Uncle An and Aunt Xiao had an accident, so I came to see.”

Qi Xiangyuan nodded, “I don’t know what happened to them. How dare someone hurt them?! It’s outrageous!”

Chapter 1508 - 1508 Premeditated

1508 Premeditated

Looking at Qi Xiangyuan so excited, Xia Xibei smiled and was not at ease.

Although Qi Xiangyuan and Qi Zhi’an were her relatives, the two sides could not be truly close because of competing interests.

Moreover, if something happened to Qi Zhi’an’s family, they were the ones who profited.

So, they were also suspected of doing such things.

Of course, Xia Xibei didn't suspect them very much because they shouldn't do such things now.

!!

"How many days are you going to stay here?" Qi Xiangyuan vented angrily for a while before asking.

"Two days," Xia Xibei replied, "Why?"

"Nothing, but I'll take you to meet my friends if you're free. You should get to know a few more people, too."

His friends?

Xia Xibei pursed her mouth, "No, I'm not free."

Yang Wenyin coldly watched Xia Xibei refuse Qi Xiangyuan and snorted to herself.

The child of a mistress who was not worthy of being on the stage...

She didn't even seize this opportunity.

Oh no, it should be said that she was playing hard to get.

Xia Xibei was powerful, but she had not really experienced the rich life of the Qi family.

If she lived here for a while, she would definitely not be willing to return to her previous life.

Yang Wenyin thought of Qi Zhiqiang's admonition and did not make sarcastic comments.

After talking for a while, Xia Xibei said she would find Qi Zhi'an and Ling Xiao, and the two followed her.

When they arrived at their room, Yang Wenyin stopped being silent and greeted them with great enthusiasm.

When she saw how enthusiastic Yang Wenyin was, Xia Xibei was shocked.

It seemed that Yang Wenyin was not unaware of the situation but was just in a bad mood when she saw her.

After Yang Wenyin and Qi Xiangyuan left, Qi Zhi'an and Ling Xiao breathed a sigh of relief.

It was really tiring to deal with them!

However, Qi Zhi'an learned the other party's intention from the conversation.

It was obvious that they were unaware of this matter. However, from the emotions hiding between their words, it could be seen that they were all very sorry that no one was killed this time.

However, the two families were rivals. It was not good to personally make the others die, but if the Qi Zhi'an family died in some accident, they would also be delighted.

Qi Zhi'an had long understood the attitude of the two parties and naturally would not have much affection for them.

Without hope, naturally, they were not hurt by their attitude.

After a while, the car's examination report was sent over.

After reading that report, Qi Zhi'an's face was ugly.

"Can I take a look?" Xia Xibei asked.

Qi Zhi'an looked at her, nodded, and handed the report over.

Xia Xibei bowed her head, glanced at it, and quickly finished reading the contents.

Then, she was silent.

The report said the car had a problem, but they could not find the person who did it.

When the car was used before, there was no problem.

After going out, the brakes went out of order.

There was no monitoring in between, no one knew exactly which part went wrong, and the driver was dead.

The car that rushed over was also premeditated.

That driver was used to this road and often passed by at this time. That day, his car was also tampered with.

That was why the car crashed towards them.

However, they could not find out who was behind it.

This matter was premeditated, and now there were no clues to be found.

Finding out the truth would take more time.

Chapter 1509 - 1509 I'll Treat It

1509 I'll Treat It

Looking at the information, which was not very useful, Qi Zhi'an and Ling Xiao were not in a good mood.

From here, it could be seen that the person behind the curtain was very powerful. Otherwise, they would not have had things so well thought out?

With the current situation of their Qi family, it would not be easy to hide it from them.

"Is it possible that someone in the family did it?" Xia Xibei raised a possibility.

"Family members?" Qi Zhi'an frowned, then shook his head, "I don't think so."

!!

That was what he said, but his expression was a bit strained, and he was obviously suspicious because of it.

A family member could have made things happen if it wasn't an outsider with great power.

After all, family members could erase some traces.

However, who would dare to do such a thing?

Looking at Qi Zhi'an and Ling Xiao both getting suspicious, Xia Xibei smiled in her heart.

As long as they were suspicious, it was a good thing.

"By the way, I just looked at Xinxin's situation."

The couple immediately looked up at those words, "How is she? Can you treat it?"

"Of course, I can," Xia Xibei nodded. "Her condition is not too serious, I can treat it."

The two of them breathed a sigh of relief.

"That's good!"

"Then I'll trouble you," Ling Xiao looked at Xia Xibei gratefully.

"You're welcome; she's my sister too."

Xia Xibei smiled and was very kind.

Seeing her so unconcerned about their past conflicts, both husband and wife were very impressed.

This child was really a good child, not holding grudges.

Seeing the children in the family love each other, they were also happy.

Xia Xibei's face was smiling, but her heart was cold.

She was very suspicious of Qi Xin, and this suspicion would not be dispelled.

However, she would cure Qi Xin.

Whether Qi Xin was connected to this matter or not, it would not stop Xia Xibei's mind.

As long as Qi Xin's injuries improved, Qi Zhi'an and Ling Xiao would not be so worried about her and would not feel so guilty about her.

Without worrying about her, she can't play the pity game.

It would have been easier if Qi Xin hadn't had bad ideas and was injured.

Xia Xibei smiled inwardly, then went out.

She went to the Spiritual Plant Garden.

The spirit plants in the garden were still as lush as ever, and as soon as Xia Xibei entered, she could feel the warm welcome from everyone.

She released her aura and received more joyful responses. Many of the spiritual plants shook their branches happily.

Soon, Xia Xibei found what she was looking for.

Then she worked in the lab.

In half a day, she came out with two more bottles.

Then, she went into Qi Xin's room again and started the treatment.

By the time everything was taken care of, it was already evening.

She was sweating and a little pale.

Qi Zhi'an and Ling Xiao both came over, and when they saw her like this, they were distressed.

“You don’t have to push so hard,” Ling Xiao reminded her, “Take your time. There’s no rush, don’t hurt yourself.”

“It’s okay,” Xia Xibei shook her head, “I’m fine. As long as she can get better, that’s enough.”

Ling Xiao almost burst into tears.

This child was really too good to be so kind to Qi Xin.

Then, Xia Xibei went into her room to rest.

Within the next day, Qi Xin woke up.

Her face was pale from blood loss, but it was not as serious as she thought.

“Dad, Mom, are you all right?”

She immediately became worried when she saw the two of them.

Looking at the pure worry and nervousness on her face, the couple became even more relieved.

“We’re fine,” Qi Zhi’an and Ling Xiao shook their heads in unison.

“Your situation is more serious than ours. You should worry about yourself.”

“Look after yourself. Why worry about us when you should protect yourself?”

Speaking of the situation, Ling Xiao still had palpitations in her heart.

Faced with Ling Xiao’s rant, Qi Xin shook her head with a serious face, “At the time when it happened, I had no other thoughts in my mind. I just wanted to protect you guys.”

!!

These words moved the two people.

Who wouldn’t be relieved to have a daughter who cared about them in this way?

Although this child was not very grown-up, this kind of heart was already enough for them to be proud and satisfied.

“Kid!” Ling Xiao nudged her uninjured area. “We are so much older than you. We should be protecting you!”

Thinking about what happened earlier, Ling Xiao still had a lingering fear.

If not for several people's timely reactions, they might have been killed on the spot.

"I don't think about it that much." Qi Xin pouted at Ling Xiao, "If you give me another chance, I..."

"Nonsense!"

Ling Xiao immediately interrupted her words, "Another chance? What nonsense, take it back!"

Qi Xin stuck out her tongue and smiled cheekily, "I said it wrong. There won't be such a chance again!"

Ling Xiao rolled her eyes, "It's enough for you to get well! Don't think so much!"

"Yes, the most important thing for you is to heal. We'll take care of the rest," Qi Zhi'an also followed.

"Good," Qi Xin nodded, then asked, "By the way, what happened? Have you guys found out yet?"

"Not yet," Qi Zhi'an shook his head, "We're still continuing to investigate."

"We must find out!" Qi Xin was filled with righteous anger. "We must find the culprit and punish him severely!"

"I know," Qi Zhi'an patted her hand. "You don't have to worry so much. Just leave the rest to us."

"Good."

Qi Xin also did not continue to ask, just nodded obediently.

"It's time to apply the medicine."

A voice rang out as the family of three was getting close.

Qi Xin stiffened, then turned her head to look, and her face froze.

Xia Xibei?

"Why are you here?!" she couldn't help but scream.

"Hey now."

Before Xia Xibei could say anything, Ling Xiao patted her and snapped, "Beibei knew you were injured, so she came over to see you."

“Yes, and she helped you with your injury. Otherwise, you wouldn’t have woken up so quickly,” Qi Zhi’an added.

This made Qi Xin feel angry and nervous.

Why would Xia Xibei know about this?

Who told her?

As if reading her mind, Xia Xibei laughed. “I received a call from my father earlier and heard that you had been in a car accident, so I came over to see if there was anything I could do to help. Luckily, I’m still somewhat useful.”

“You’re not just useful. You’re great!” Ling Xiao laughed and answered.

“Yeah, if it weren’t for you, Xinxin wouldn’t be awake yet,” Qi Zhi’an followed suit and said thanks.

Looking at the people smiling, Qi Xin’s hands and feet were cold, and her heart screamed.

How could Qi Zhiqiang be so gossipy?

What was there to say about this? What was it to him?!

“How many days have I been in a coma?” Qi Xin asked.

“More than a day,” Ling Xiao replied. “You woke up soon after Beibei came.”

Only a day or so?

Qi Xin’s mood was suddenly bad.
