

Chapter 1511 - 1511 Caught in a Disadvantage

1511 Caught in a Disadvantage

Xia Xibei was right in guessing that Qi Xin had planned the incident herself this time.

She had planned this car accident to show her filial piety in front of Qi Zhi'an and Ling Xiao.

As long as she risked her life to protect the two, they would love her more.

They would definitely be more worried if she were seriously injured and in a coma for a few more days. At that time, the two sides' feelings would be more in place.

Who would have thought that Xia Xibei would come and cause trouble?

!!

She'd only been in a coma for a day or so. That was no big deal!

This was not at all in line with her original plan!

Thinking about it, Qi Xin was also hateful to Qi Zhiqiang.

How could he have messed things up for her?

Thinking about her relationship with Qi Zhiqiang, her mood got even worse.

How could Qi Zhiqiang be her biological father when he was so stupid?!

The others didn't notice her reaction and continued, "Beibei is so powerful. Once she treated you, you woke up quickly."

"Yes, Beibei is very good!" Qi Zhi'an followed suit and complimented her.

Looking at the two people holding Xia Xibei in such high esteem, Qi Xin was gnashing her teeth.

This accident was not meant to show them how good Xia Xibei was!

However, no matter how angry she was, she couldn't show it.

"Yeah, she's really awesome." She flashed a smile at Xia Xibei, "Thank you!"

"No need to thank me," Xia Xibei shook her head. "We're sisters."

She flashed a bright smile at Qi Xin, "As long as you're well, everything is fine."

Qi Zhi'an and Ling Xiao were even happier when they saw such a harmonious scene between the two sisters.

Only Qi Xin knew how much she hated it!

"Come, let's change the medicine."

Xia Xibei lifted the two bottles in her hand and said to Qi Xin.

"Alright..."

Qi Xin hesitated for a moment but still nodded her head.

However, she was still wary in her heart. Did Xia Xibei do anything to her?

After all, she was unconscious before. If Xia Xibei wanted to do something, it was all possible.

Her body couldn't help but stiffen up a bit when she thought of this.

Xia Xibei was oblivious to her vigilance and gave her the medicine.

Then, she picked up a strand of her hair and lamented, "Gee, you're losing a little too much hair."

This comment made Qi Xin's eyes go wide and startled.

Her hair!

She snatched the hair back from Xia Xibei's hand with one hand.

Her action was so sudden and drastic that it startled the others instead.

Xia Xibei was also startled by her, "What's wrong?"

Ling Xiao and Qi Zhi'an also looked over with puzzlement in their eyes.

Qi Xin stiffened for a moment, then laughed dryly, "It's nothing. My hair did fall out quite a lot. I'm embarrassed."

"No worries, I'll get you hair growth water, it's super effective!"

Xia Xibei tussled her hair, "You see, I use the hair growth water, and I never worry about hair loss."

"Oh really... Then I also want to try it."

The corners of Qi Xin's mouth stiffened, and she could only laugh.

"It's a Hongyan Youth product. I'll bring you a bottle."

Xia Xibei looked like a sweet little sister, giving her a product recommendation.

Qi Xin's mouth twitched, "Then I'll thank you in advance."

Next, she stared at Xia Xibei as she finished applying the medicine to her, becoming even more nervous.

Xia Xibei wouldn't take her hair for identification, would she?

What if that were the case?

Qi Xin felt as if she had put herself in a disadvantageous position!

Thinking about it, her hands and feet were cold.

Chapter 1512 - 1512 Strange

1512 Strange

Qi Xin was nervous, but Xia Xibei was still very calm, as if there was no problem at all.

After giving Qi Xin the medicine, Xia Xibei only smiled.

“Don’t worry, it will be okay. You will be fine soon.”

“Thank you,” Qi Xin squeezed out a smile.

“You’re welcome,” Xia Xibei shook her head, “You have to get better quickly. The college entrance exam is coming up in a few days.”

!!

For them, the college entrance exam was coming up in a few days.

That was why Xia Xibei took advantage of this matter and took a one-time leave to come back.

Although at her level, she didn’t need to worry about the college entrance exam, she had to spend some time making an effort.

When she mentioned the college entrance exam, Qi Xin froze for a moment.

She had almost forgotten about it.

She had been so worried about these things recently that she had long forgotten about studying.

However, she wasn't too worried about her grades either, as her mental power was strong enough to make studying easy.

"Yes, rest well and get a good grade when the time comes!" Ling Xiao and Qi Zhi'an both said so.

Although to them, the college entrance exam was not the most important thing, nor was it a one-time exam. It was important to be able to get good grades on their own.

It was better to have good grades than poor grades.

If the results were bad, it would be hard to tell people.

People like them also competed with their grades.

"Yes, I will," Qi Xin nodded her head.

After the medicine was administered, Qi Xin was tired and yawned.

"You have a good rest. We'll leave."

Xia Xibei walked Ling Xiao and Qi Zhi'an out.

After going out, Xia Xibei asked, "Is the body of that driver... Still there?"

Qi Zhi'an frowned, "What do you want to do?"

"I just want to take a look. I might find something different."

Qi Zhi'an looked at her in amazement.

Even the corpse could tell her about a situation? She had the ability to do that?

However, Xia Xibei's strength was really different, so he didn't stop her.

"Okay, go over and take a look."

"Okay."

Soon, Xia Xibei was brought to the hospital.

The driver's body was inside, and his death was a bit gruesome.

Ordinary people didn't have the mental fortitude to look at that blue and white face and those bloody wounds.

Xia Xibei calmly walked over and inspected the driver from head to toe.

She didn't touch him either, but stared at him for a while.

After a while, she suddenly stopped in her tracks.

There was a faint black line on the driver's neck.

She pulled his shirt away and saw this black line stretching from his chin to his chest.

It made her brow furrow.

Soon, an idea flashed in her mind.

She left the room, found an unoccupied place, and pulled out her cell phone to call Qiao Yanjue.

"Help me check the report of the hater who tried to kill me. It's best if there are photos."

She vaguely remembered that there was also a black line on that hater's neck.

“Okay.”

Qiao Yanjue didn't say anything and nodded directly.

Soon, a photo was sent by Qiao Yanjue.

She saw the neck at a glance.

There was indeed a black line there!

This was not a simple coincidence!

Xia Xibei immediately had more suspicions in her heart.

What was the connection here?

She returned to Qi's house and went to Qi Zhi'an.

“Before the accident, was there anything strange with the driver?”

“Strange?” Qi Zhi'an frowned, “What do you want to ask?”

“At that time, did you notice his eyes and expression?” Xia Xibei asked seriously.

She was so serious Qi Zhi’an followed suit, “Seemed to have.”

Chapter 1513 - 1513 It's A Gang

1513 It's A Gang

“When the car moved earlier, I heard him say that the brakes were broken. I subconsciously looked up at him. Then, I saw his eyes in the rearview mirror. How do I say this...”

Qi Zhi’an frowned and recalled, “His eyes were very red and wide, as if he was very scared.”

“Scared?” Xia Xibei curled her mouth. “It’s not fear. It’s exhilaration, right?”

That made Qi Zhi’an raise an eyebrow. “What do you mean?”

What did she mean by exhilaration?

!!

“When I was filming in M before, wasn’t I attacked?” Xia Xibei didn’t hide what had happened before. “I saw then that person who attacked me. His eyes were also scary, and his eyes were red.”

These words startled Qi Zhi'an, "What?"

"Moreover, I also found that both of them had the same marks on their necks."

"The same marks?" Qi Zhi'an was even more puzzled.

"Take a look," Xia Xibei handed over the printout of the photo.

Qi Zhi'an looked down and saw that it was a picture of two people.

It was clearly visible that both of them were dead.

Moreover, both of them had the same black lines on their necks.

Qi Zhi'an pupils suddenly shrank, horrified.

"What...."

"So I suspect that the attackers behind this are a gang!" Xia Xibei affirmed.

Qi Zhi'an's eyes moved slightly. "You have a clue?"

“No,” Xia Xibei shrugged, “But I think this should be directed at us.”

Xia Xibei did not drag Qi Xin into this. After all, their current target was the mastermind behind it.

Of course, it would have been better if it turned out to be Qi Xin.

Qi Zhi'an was very angry.

Those people did it to him and others around him, and even Xia Xibei couldn't escape!

This was outrageous!

“I don't know.” Xia Xibei shook her head. “I just think... If the other side has an idea, they won't give up after that.”

“They won't give up, but I won't give up either!” Qi Zhi'an coldly snorted. “Don't worry, I will continue to track it down on my side too!”

Originally, his side did not find too many clues, even after seeing the black line on the driver's neck. They did not think too much about it. After all, the autopsy of the driver's body did not show any issues.

However, he forgot that there were many magical beings in this world.

Even the Qi family could find some drugs that had no trace after use, so it was possible for others to do these things.

In this way, they could also target families of the same kind as theirs.

Other than those families, ordinary families didn't have the ability to do such things.

Qi Zhi'an sighed, "The murderer is unknown. You have to be careful. If there is anything, remember to talk to me."

"I know," Xia Xibei nodded seriously.

"If I catch them, I will make them pay!" Qi Zhi'an gritted his teeth, "Xinxin has suffered so much because of them!"

These words made Xia Xibei silent for a moment, and she swallowed what she had wanted to say.

If she said this had something to do with Qi Xin, Qi Zhi'an would not believe it, right?

She'd better wait until she found evidence.

After all, if there was no evidence, it would make Qi Zhi'an unhappy.

Qi Zhi'an found the focus of the investigation and left in a hurry, and Xia Xibei was stopped on her way back to her room.

"Beibei, let me take you out to party!"

The corners of Xia Xibei's mouth twitched as she looked at the silly man who appeared in front of her.

Chapter 1514 - 1514 The Messy Han Family

1514 The Messy Han Family

Qi Xiangyuan looked at Xia Xibei and smiled flatteringly, "I told people before that I have a very beautiful sister, but they didn't believe me! I just want to take you out to show them what it means to be a real beauty!"

If it were any other girl and this was said, she might have felt happy.

For Xia Xibei, such words didn't work half as well on her.

"I'm sorry, I'm very busy now. I don't have time to go out." She looked helpless. "The college entrance exam is in a few days. I have to go back and prepare for it."

"Exam?"

!!

Qi Xiangyuan's mouth corner twitched. He thought Xia Xibei no longer needed to study, so why was she taking the college entrance examination?

Obviously, she looked so mature. How was she still a high school student?

"I have to go back to study. Otherwise, I won't be able to get into college!"

Xia Xibei had a serious face.

"Oh..."

Qi Xiangyuan tsked helplessly, shook his head, and said, "Well then, you study first. When you finish your exams, we'll make an appointment."

"Good."

Xia Xibei was all smiles and on good behavior.

Qi Xiangyuan was disappointed.

He thought he could take Xia Xibei out to show off today, but who would have thought that she still had to take the college entrance exam?

What exams?! Did she need to take the test? She could just go abroad!

Oh yeah, Xia Xibei turned down an offer from a foreign university!

How could she be so hardworking?

However, he could not disturb Xia Xibei's efforts to study.

Although to him, the college entrance examination was not important at all, others still valued it quite a lot.

"You can go and play with your friends! I remember you mentioned to me before that Han... Han what?" Xia Xibei asked.

"Han Xiang," added Qi Xiangyuan.

"Yes, Han Xiang!"

"Never mind him!" Qi Xiangyuan waved his hand. "The Han family is in a mess now, he does not have the time to come out and party with me."

"Oh?" Xia Xibei raised her eyebrows, "What happened to the Han family?"

She actually knew very well the current situation of the Han family.

Han Hui had already told her on the phone that the Han family was not in a good situation.

Before, Han Hui got some medicines from her.

After returning, she put these medicines into various foods.

It could be said that everyone in the family took these medicines.

Soon after taking these medicines, the family suddenly became a mess.

The Han family originally relied on the girls used as hearths to survive.

Now, Xia Xibei cut off their reliance.

After taking those medicines, their bodies changed.

They could no longer brazenly use the girls as a method of cultivation like before.

On the contrary, the more they tried to do so, the more they lost.

After a few times, the Han family found out the problem.

Which one of them did it?!

So, the Han family was on the brink of war.

Han Hui, as the originator, of course, had a face of innocence.

Han Hui could live in the Han family without being found out because her acting skills were very good.

Moreover, she did not tell others about this matter.

So, no one suspected her.

Han Hui only told Xia Xibei about this matter.

So, Xia Xibei knew more than Qi Xiangyuan.

Qi Xiangyuan complained, "I don't know what happened to the Han family, but this time, he is not free to come out."

"Isn't there still Gu Yinglei?" Xia Xibei reminded him. "Oh yes, his situation should not be good either."

“No, he’s quite good!” Qi Xiangyuan shook his head.

Chapter 1515 - 1515 College Entrance Exam

1515 College Entrance Exam

These words made Xia Xibei raise an eyebrow, “He’s quite well now?”

“Yes!” Qi Xiangyuan nodded, “But he is now abroad to go to pick up foreign chicks. He’s not free to hang out with me.”

Did he go abroad to pick up girls?

Xia Xibei’s eyes darkened.

Gu Yinglei not ruined?

!!

How could he still have the energy to pick up girls?

“But wasn’t he hospitalized before?”

Qi Xiangyuan did not know the things between Xia Xibei and Gu Yinglei, let alone that Gu Yinglei was almost ruined before.

Although the two were friends, Gu Yinglei could not disclose these matters.

“He was hospitalized but discharged.” Qi Xiangyuan waved his hand, “Forget it, don’t mention him, that bastard is all about girls and forgets his friends!”

“Oh,” Xia Xibei smiled faintly.

“Okay, then you go ahead and study! I’ll head out.”

Qi Xiangyuan turned around and left.

Looking at his departing back, Xia Xibei’s brow furrowed.

Gu Yinglei was okay?

The tampering she did before was enough to ensure that Gu Yinglei would not get well. How come he was well again? And now he could still continue to indulge in lust?

Thinking of this, she immediately made a phone call.

Soon, she learned the details.

Gu Yinglei was indeed going to be ruined before, but Gu Guanlin helped him to find a doctor.

This doctor was Yang Mo!

Yang Mo...

Xia Xibei's eyes darkened slightly as she recited the name in her heart.

She really did not expect Yang Mo to save Gu Yinglei. This was really too coincidental.

Gu Yinglei got lucky!

He could still wander around and play!

Xia Xibei lowered her eyes and snorted in her heart.

The next day, after ensuring Qi Zhi'an and Ling Xiao were okay, Xia Xibei returned to G City.

This time, she had to retreat for a few days, then take the college entrance exam.

Unknowingly, she had already returned to this world for more than a year.

What was even more unexpected was that she still had the opportunity to take the college entrance exam.

In her first life, she dropped out of school early and had no chance to take the college entrance exam.

After that, she also spent time studying on her own, but no matter what, it was not the same as the college entrance exam.

This time, she was going to fulfill her dream at the beginning.

The outside world was also praying for Xia Xibei.

As people all knew, Xia Xibei was very busy, always busy.

Her schedule was too full, and she didn't have a teacher to tutor her.

Other starlets shut down for a few months before their college entrance exams, otherwise they would be mocked by people if their scores came out too poorly.

This was not like before, when people didn't care about grades. Now everyone cared about them.

If the results were too bad, it would be a shame!

As early as May, her fans began to worry.

How come Xia Xibei hadn't settled down to study? If the results were not good, wouldn't her haters be happy?

Although Xia Xibei had been performing very well, she hadn't taken any mock exams afterward, so no one knew how she would do.

She didn't attend many classes during her senior year!

Some haters said with conviction that Xia Xibei usually bragged too much, and when the college entrance exam came, she would definitely fail.

She had bad grades and was afraid to take the mock exams.

The haters were ready to celebrate when the time came.

Fans were so angry that they retaliated against the haters. The internet erupted in a round of bickering.

Xia Xibei had to take time off for a few days to reassure the fans, even if she was confident in her results.

A few days later, Xia Xibei finally came out of seclusion to take the college entrance exam.

On the day of the entrance exam, she was stopped in her tracks.

Chapter 1516 - 1516 An Accident

1516 An Accident

On the first day of the college entrance exam, Xia Xibei made preparations to leave early.

There was already great fanfare outside. After all, the college entrance exam was very important, and many students depended on it to change their fate.

Although Xia Xibei no longer needed the support of the college entrance exam, she was a student and naturally had to abide by the rules.

Early in the morning, Pan Yan came to take her to the examination center.

When she got into the car, Pan Yan didn't say anything.

!!

Although he knew that Xia Xibei had strength, he could not talk to her until the exam was finished.

Who knew if she would be affected and not do well in the exam afterward?

So, he acted as if nothing had happened.

The car moved, and Xia Xibei looked out at the scenery, waiting to get to the exam center.

However, a kilometer or two away from the test center, there was an accident in front of the car, and the traffic was very congested.

There were traffic police here to prepare for the exam, to allow all the candidates to take the exam smoothly.

However, no one expected that a car accident would suddenly appear here.

Moreover, it was early in the morning, just when everyone was going to work.

Now, this place was jammed up.

Looking at the congested road ahead, Pan Yan frowned, "What can we do? How about we get help from the police?"

Every time the college entrance examination took place, some candidates would be stuck on the road.

So, the police were already prepared and waiting to help. If they asked for help, they would be escorted to the examination hall.

It wasn't that they did it on purpose. It was just an accident on the road that no one wanted.

"No need."

Xia Xibei shook her head, "It's not far anyway. I'll just walk there."

"But you will be recognized."

"It's okay. I'll be careful."

Xia Xibei shook her head, took out a pair of glasses, shook

her hair out and wore it down.

This made her look less conspicuous.

"I'll have Little Zhao take you there."

Little Zhao was Xia Xibei's assistant.

"No need," Xia Xibei shook her head. "If Little Zhao went with me, won't she be recognized?"

Her fans were very familiar with her and with the people around her.

If Little Zhao were with her, it would be easy to recognize her.

Therefore, she refused.

“Everyone knows you have your entrance exam today, so they shouldn’t pester you.”

Xia Xibei shook her head, “No, you guys just come and pick me up after the exam.”

Since she said so, Pan Yan didn’t insist.

“Okay then, you be careful.”

“Don’t worry. I will.”

Xia Xibei got out of the car and walked toward the examination center.

Soon, she crossed the congested road.

From here to the examination center, it would only take about twenty minutes to walk there slowly.

It was still early, so she didn't have to worry about being late.

However, when Xia Xibei was about to reach the examination center, there was a roar from behind.

Without looking back, she reacted quickly and jumped to the side.

Then, the car brushed past her.

The car hit the flower path in front of her with a crash.

The commotion attracted others, and they quickly gathered around.

Soon, everyone recognized Xia Xibei.

"It's Xia Xibei!" someone shouted, and the scene was suddenly agitated.

Some students on the road were very excited.

Although they knew that Xia Xibei was in the same examination center with them, no one expected that they would run into her there.

She was so friendly. She even walked here!

How come she didn't even take the bus?

However, that was not even the point.

What was going on with this accident?

For a while, the scene was chaotic.

Chapter 1517 - 1517 I'm Fine

1517 I'm Fine

Everyone in the area knew Xia Xibei and knew that she was a big star.

Moreover, there were many people here who were her fans.

Knowing that she was almost hit, everyone was immediately angry.

Besides, Xia Xibei had to take the college entrance exam today!

Even if the college entrance exam was not too important to her, it was still a very important event!

!!

This kind of important event could not be allowed to mess up!

From the looks of things, this person was obviously coming for Xia Xibei.

That was hateful!

Some people remembered the earlier attempted attacks on Xia Xibei during filming and were even more shocked and angry.

All of a sudden, everyone was angry.

People opened the car door and pulled the driver out.

The driver inside was a young man in his early thirties.

The man looked okay, but now he was drunk and didn't look good.

"He's driving drunk!"

"This is murder!"

After someone shouted twice, everyone got even angrier.

Soon, the police rushed over.

There were a lot of police officers guarding the entrance exams, and now that this kind of thing has happened, they naturally came over immediately.

After arriving and looking at the mess here, the police officers were also angry.

The people on the sidelines were clearly talking about this matter.

After everyone's explanation, the police understood that Xia Xibei was almost hit!

This was a drunk driver intent on murder!

The police officers were out of their minds with rage.

How could something like this happen on such a big day?

This was outrageous!

In addition to the police rushing over, reporters on standby came to hear about it.

Every year, reporters waited outside the major examination centers to film the reactions of parents and candidates, and this time was no exception.

When the reporters heard about the accident, they rushed over from afar.

When they came over and found out it was Xia Xibei, they got extremely excited!

This was big news!

Soon, it was posted online that Xia Xibei had been involved in a car accident, sparking a frenzy of discussion among netizens.

The scene was chaotic.

The drunk driver had not yet sobered up from his drunken state.

Xia Xibei's phone rang.

She picked it up and saw that it was Pan Yan.

"Beibei, where are you now?! Did something happen to you?!"

Pan Yan's voice came from the other end.

"I'm fine," Xia Xibei reassured him. "I'm fine, I'm fine."

Pan Yan was anxious.

They were still waiting for the traffic to clear when Little Zhao called, saying that Xia Xibei was in trouble, which almost scared him out of his mind!

How could this happen after only ten minutes of separation?

He immediately called to confirm the situation.

After hearing Xia Xibei's voice, he was relieved to know that she was okay.

"If you're okay, remember to go online and say so," Pan Yan urged. "I'm on my way."

Xia Xibei was a big star, and everyone was watching.

In this situation, if you didn't say something, the fans would be worried.

“OK.”

Xia Xibei nodded, then took a selfie and posted it online with the text, “I’m fine, just a small scare. Thanks for everyone’s messages.”

As soon as this update came out, the comments below immediately exploded.

Everyone just saw the news of her accident and was really worried.

Today was the college entrance exam!

For this kind of thing to happen at this time, even if nothing were wrong, it would affect the mental state of the test-taker!

Some people were worried that Xia Xibei was really in trouble.

When she replied, everyone was relieved, but they couldn’t help but continue to be concerned about the development of the scene.

Chapter 1518 - 1518 Another Hater

1518 Another Hater

After posting online, Xia Xibei turned off her phone.

The police came over and knew that her situation was special, so they didn't let her go over with them to make a statement.

After all, she still had to go over to the exam!

Thankfully, there was still half an hour before the start time, so she didn't have to worry about catching up.

"You go ahead and take the exam. We'll contact you when we get things straightened out," a female police officer said to Xia Xibei, with a look of patient excitement in her eyes.

!!

She didn't expect that her favorite idol would encounter such a thing, nor did she expect that she would meet Xia Xibei on such an occasion.

At the same time, she was so annoyed with the drunk driver that she wanted to slap him!

Others also said, "Yeah, let's go to the exam first! Or we won't make it!"

Xia Xibei smiled at them and said, "Okay, thanks!"

Seeing her bright and beautiful smile, many guys couldn't help but blush.

She was too beautiful!

Not bad for a big star!

It was too scary for a big star to have to suffer this kind of attack! Was this the trouble that came with being a big star?

It was not a hater, right?

Many people had this thought in their minds.

The impact of the hater incident in M had not subsided yet.

That hater was really terrible. Even if the man had already committed suicide, the attack still made everyone's heart palpitate.

Today, Xia Xibei suffered from this kind of thing again. It was really horrible luck!

Was it possible that those haters were organized? If not, how could they do such things?

What was even more hateful was that it happened under such circumstances!

This was the college entrance exam!

If her mood was affected and her mental state was bad, how could she take the exam?

On the internet, fans also started to discuss it like crazy.

[Who the hell is that son of a bitch? I'll tear his face off! How dare you affect our Sister Bei. Do you think your life is too long?!]

[If Sister Bei's performance is affected, I will kill him!]

[What is the company doing? Why is no one protecting her at such a time?]

The online crowd complained.

Everyone was worried about Xia Xibei's performance before, and now this kind of thing has happened. Didn't it add fuel to the fire?

However, everyone was more worried about Xia Xibei's mental state.

How come there were so many dangers all day long?

This was too scary!

If they encountered such an attack, they would definitely have nightmares!

Only Xia Xibei could be so good and keep going.

Some haters also came out to mock her, saying that Xia Xibei's performance would not be any better even without this incident.

However, after this incident, she could just say that her mental state was affected, and no one would blame her for the bad results.

Of course, this argument was directly refuted by the fans.

The fans also suspect that these haters and the attacker were in cahoots!

So, people began to report and verbally fight each other online.

Xia Xibei did not know what was going on online, and she was flanked by the crowd at the examination center.

After all, most of those present were students and parents, and the students had to go to the exam.

Moreover, everyone was afraid that something would happen again, so they gathered around her and went over together.

With so many people gathered together, no one should dare to come over!

Faced with the enthusiasm of the crowd, Xia Xibei didn't refuse, smiling and giving them thanks.

Looking at her smiling face, the crowd's faces turned red.

When they arrived at the examination room, the big show drew everyone's attention.

The scene became agitated again when it became clear that it was Xia Xibei in front.

However, because the entrance of the examination room was full of candidates, people did not know what happened to Xia Xibei, and it did not affect the mood of the examination.

Chapter 1519 - 1519 I Know Who It Is

1519 I Know Who It Is

Soon, Xia Xibei entered the examination room surrounded by people.

After arriving at the test room and sitting down, everyone else couldn't help but look at her.

Many people thought to themselves, 'She looks so beautiful in person!'

She was really a celebrity, and she looked so good in person!

Although she was not wearing makeup, her skin was really enviable.

!!

It was a pity that she wore glasses, which slightly obscured her beauty.

However, it was also because of the camouflage that people were not so strongly impacted and could maintain a stable mood.

Otherwise, there may be quite a few people on the scene who did not have the focus to take the test.

Soon, the test proctor came over.

After seeing Xia Xibei, the proctor was also taken aback.

However, the proctors had experienced a lot and quickly gathered themselves and began to read out the various things to note in the exam.

Soon, the exam began.

After the bell rang, the only sound left in the examination room was the sound of pencil tips scratching on the paper.

The morning exam was long, but it went by quickly.

At noon, Xia Xibei rested at the hotel next door and continued the exam in the afternoon.

Xia Xibei still had to take the exam, and the police did not want to affect her mood, so they did not tell her what had happened until the next day after the exam.

This time, the perpetrator was an ordinary person.

However, he said he didn't mean to do it and didn't go after Xia Xibei.

It just happened to be such a coincidence that he bumped into her.

This statement was half-heartedly believed.

He was already drunk, so it was normal that he did not know what he was doing.

The suspicion was present because Xia Xibei had been attacked by a hater before, so people were afraid that a hater also did this incident.

In the end, the police classified the incident as drunk driving and assault and would be punishing the attacker.

As for Xia Xibei, the frightened party, she also received some compensation.

Online, fans were still angry.

How hateful it would have been if Xia Xibei had missed her exam because of this incident!

If Xia Xibei hadn't spoken up and said that she didn't care about this matter and just listened to the police, people would probably have continued to protest.

After Xia Xibei spoke up, it seemed like the matter had just passed.

However, only Xia Xibei knew that it was still far from being over.

As usual, Qi Zhi'an and Ling Xiao called her to ask about the situation.

In the face of their concern, Xia Xibei was silent for a moment.

"Well..."

Xia Xibei's silence made Qi Zhi'an's heart skip a beat, "What's wrong? Is there something wrong?"

Xia Xibei sighed, "I don't know. Maybe I'm thinking too much."

"What do you want to say?"

"I was..."

Xia Xibei sighed, wanting to say something.

Qi Zhi'an was anxious, "If there's anything you want to say, can't you say it to me?"

Xia Xibei was a very frank person and never hesitated like this.

Such hesitation showed that this matter was not simple.

"I just don't know how to say..."

"If you have something, say something. What are you afraid of!"

"But... This matter is too serious, I don't dare to talk nonsense."

"What exactly is it?" Qi Zhi'an prodded.

“I... I may know who the person behind it is.”

“Who is it?!”

Qi Zhi'an was immediately anxious.

“If I'm right, it should be Ling Juan.”

“Ling Juan?!” Qi Zhi'an first froze, then drew in a breath. “Are you sure?!”

1520 Terrible Speculation

Qi Zhi'an thought that Xia Xibei might have said the wrong person.

“Ling Juan? Did you say Ling Juan?”

He couldn't resist repeating it.

“Yes,” Xia Xibei nodded, “It's her.”

“You're not mistaken, are you? She is your biological mother!” Qi Zhi'an couldn't help but shout.

!!

Ling Juan was Xia Xibei's birth mother! How could she have done such a thing to her?!

"I originally thought it was strange too, but I got the driver to talk, and it was indeed her," Xia Xibei sighed and looked very distressed.

Qi Zhi'an's expression suddenly became serious.

"What did he say?"

"He said... A middle-aged woman asked him to do it."

"Middle-aged woman?"

"Right," Xia Xibei nodded, "And before that, I think I saw her."

"When did you see her?" Qi Zhi'an became even more curious.

"It was when I was in M before."

Xia Xibei explained. "I got targeted in M, so I went to investigate, and then I found out about a woman."

Without waiting for Qi Zhi'an to ask, Xia Xibei continued.

"I would not have known her identity, but I heard someone call her Ms. Ling."

Ms. Ling?

Qi Zhi'an's eyes became grim.

"This time, I didn't want to suspect her, but the driver also gave the appearance of the person who instructed him. It was indeed her!"

Qi Zhi'an asked in a deep voice, "How did you ask? Didn't the police say it was just a simple drunk driving?"

Qi Zhi'an was not defending Ling Juan, but he did not want Xia Xibei to suspect her mother.

If Xia Xibei's birth mother really did this kind of thing to her, how sad she would be!

"I can hypnotize people," Xia Xibei replied confidently. "That's how I learned of the real situation from the driver's mouth. However, I didn't tell the police about it, so as not to alert the attacker."

This statement made Qi Zhi'an silent.

“And I also saw her near the police station!”

Xia Xibei dropped another bombshell.

“You saw her?!”

“Yes. I saw her, but she ran away as soon as she saw me.”

Xia Xibei sighed as if she were sad and then babbled without qualms. “I hypnotized the driver afterward and learned more from him.”

“What is it?”

“He said that when Ms. Ling had asked him to do this, she had whispered that she must not let me take the exam successfully. That way, I wouldn’t get good grades on the exam, much less be able to overshadow the kid.”

The kid?

Qi Zhi’an’s heart jumped.

Xia Xibei’s voice trailed off a bit, “I guessed later who this child she was talking about really was. Then, I had an idea.”

Her voice made Qi Zhi'an's goosebumps rise, but he still asked in a shaky voice, "Who is it?"

"I dare not say..."

Xia Xibei smiled helplessly, "Forget it. Maybe I'm thinking too much. Let's just skip this topic!"

Qi Zhi'an stiffened, and his face in the video was slightly stiff.

A while later, he spoke, "You're not lying to me?"

Xia Xibei smiled bitterly at him. "What would I lie to you for?"

Looking at Xia Xibei's pretty young face, Qi Zhi'an felt a little familiar.

Some terrible guesses flashed through his heart, and he wiped his face.

"I'll go check it out and give you an explanation."

"OK."

After hanging up the phone, Qi Zhi'an was flustered.

The information Xia Xibei had revealed, however, had alarmed him.
