

## **Chapter 1521 - 1521 Something's Wrong**

### 1521 Something's Wrong

Qi Zhi'an was in turmoil.

How could this be possible?

Ling Juan was Xia Xibei's biological mother. How could she have done these things to her?

Moreover, Ling Juan said that she wanted to protect another child...

!!

Who was that child?

Qi Zhi'an did not suspect that Xia Xibei was deceiving him.

Xia Xibei had no need to deceive himself with such things and even less need to bring Ling Juan into the picture.

However, if Xia Xibei was not lying, then Ling Juan really did this kind of thing.

If she did, what did Ling Juan want?

This was another question.

Qi Zhi'an couldn't help but think back to the situation back then.

At first, after Ling Juan knew his identity, she started all kinds of seduction.

However, he was disgusted with Ling Juan and understood the feud between her and Ling Xiao, so naturally he would not accept her temptation.

After being rejected by him, Ling Juan went to Qi Zhiqiang.

He was shocked to know that Ling Juan and Qi Zhiqiang were together.

The two of them had actually gotten together?

However, he did not say anything about this matter, let alone persuade Qi Zhiqiang.

At that time, he and his brother had already started to have conflicts.

Although they were brothers, honestly speaking, the two of them did not have a good relationship.

Therefore, he would not advise Qi Zhiqiang, lest he thought he was jealous of him.

Qi Zhiqiang was already an adult at that time, so he couldn't worry about it.

He just didn't expect that Ling Juan would have a child in the end.

What was even more unexpected was that so many things happened later.

Thinking back to that year, Qi Zhi'an felt like it was a lifetime ago.

However, when he thought about it, with Ling Juan's character, how could she change her child to a family worse than Qi's?

The Xia family was much worse than the Qi and Ling families.

With her unprofitable character, she would only go up...

Upward?

Qi Zhi'an's heart jumped, and his face changed again.

His complexion kept fluctuating, and finally, he gritted his teeth and went home.

When he returned home, Qi Xin was resting at home.

Qi Xin's injury had already healed, and she had successfully taken the college entrance examination.

Although she had been injured and rested for a while, her previous grades were very good and would not fluctuate because of this one time.

Therefore, when she returned from the exam, she was very confident and said she would do well this time.

Before, Qi Zhi'an was also very happy to see her so confident.

Now, after listening to Xia Xibei's words, he always felt strange.

With all kinds of thoughts churning in his mind, he walked over, "You didn't go out?"

"No, resting for a few days first." Qi Xin shook her head and looked at him with a smile. "Aren't you busy today?"

"Not really."

Qi Zhi'an sat up beside her, then stared at her.

Stunned by his stare, Qi Xin looked at him with a puzzled expression.

“Dad, what are you looking at me like that for?”

Qi Zhi'an's eyes swept back and forth across her face as his heart began to sink.

Once there was a slight hint, things couldn't be hidden.

“Dad?” Qi Xin shivered from his gaze. “What's wrong?”

“Nothing,” Qi Zhi'an laughed and said, “It's just that Beibei told me something.”

“Beibei?” Qi Xin's mood suddenly worsened, but her face was calm. “What's wrong with her? Oh yes, did they figure out that car accident?”

“There are some clues.”

“Who did it?” Qi Xin frowned. “Who is so out of control?!”

“You also think that someone is behind it?” Qi Zhi'an asked.

“Yes,” Qi Xin nodded, “What have you found out?”

## **Chapter 1522 - 1522 Things Are Exposed**

### 1522 Things Are Exposed

The corner of Qi Zhi'an's mouth twitched. “She told me that someone was trying to do something to her.”

“Ah? Who is it?” Qi Xin immediately asked.

“She said... It was Ling Juan.”

When Qi Zhi'an said this, he was staring at Qi Xin.

!!

As expected, he saw that her face was a bit flustered.

Qi Zhi'an's heart suddenly sank.

Qi Xin was shocked by Qi Zhi'an's words and almost didn't jump up.

“Ling Juan? How is that possible?!” She was shocked. “Isn't Ling Juan... you're talking about her mother?”

“You are quite familiar with this person,” Qi Zhi’an said meaningfully.

Qi Xin’s heart jumped, and she hurried to organize her expression into an innocent one.

“Her name is indeed very familiar. My mother’s name is Ling Xiao, and Ling Juan is the person with whom she has a bad relationship. She is also Beibei’s biological mother. How can I not be familiar with it?!”

Hearing Qi Xin’s smooth explanation, Qi Zhi’an felt very complicated.

He was reluctant to admit that Qi Xin already knew about her own birth.

However, why would she react in such a way if she did not know these circumstances?

Such a reaction was indeed strange.

“She is Beibei’s biological mother, but she is also the mastermind behind it all.”

Qi Zhi’an’s face was composed, and even though the thoughts in his mind were churning, his expression was calm.

“How can that be? Could there be some kind of misunderstanding here?”

The corners of Qi Xin's mouth stiffened a little.

"I'm not sure," Qi Zhi'an shook his head, "That's what Beibei said."

"Then maybe she's mistaken! How could such a thing be possible?!" Qi Xin cut to the chase.

"She said that Ling Juan said that she did it because she didn't want Beibei to get good grades on the test and overshadow the other child."

Those words shook Qi Xin to her core.

However, she used all her strength to stop her horror from revealing itself.

"There's such a thing?!" She had the right amount of shock on her face. "Who is the other child? She can't be mistaken, can she?"

Qi Zhi'an stared at Qi Xin for a moment.

"Dad?" Qi Xin asked timidly.

"I don't know. Maybe it's a mistake."

Qi Zhi'an suddenly relaxed, "Maybe there's something wrong over there, and that's why there's a mistake."

"It should be!" Qi Xin nodded. "There might be some kind of misunderstanding here!"

"Well, I'll have her check again." Qi Zhi'an nodded. "Okay, I have some things to do now."

"Okay, then you go ahead and take care of them," Qi Xin nodded. "I have an appointment with a friend. I'll have to go out later."

"Okay," Qi Zhi'an nodded, "Just tell me if there's anything."

"Okay!" Qi Xin smiled brightly.

Father and daughter parted ways.

Looking at Qi Zhi'an's departing back, Qi Xin's expression remained unchanged, but the hand behind her back had clenched into a fist, and her nails sunk deep into her palm.

After a while, Qi Xin stood up and walked out.

After she entered a hotel, she took out her cell phone and entered a number.

The call went through, and a surprised voice came from the other end.

“Xin Xin, how are you free-” To call me?

The words were not finished before Qi Xin began ranting.

“Who told you to mess around? Are you trying to kill me?”

This comment confused Ling Juan and made her anxious, “What are you talking about? How am I killing you?”

“Why did you attack Xia Xibei? Who told you to have any ideas? I can get good grades on the exams myself. I don’t need you to worry about it! Now things are exposed!”

Qi Xin’s eyes were red with hatred.

### **Chapter 1523 - 1523 I Didn't Do It**

#### **1523 I Didn't Do It**

Qi Xin certainly hated Xia Xibei to the core, but there was no need for her to do anything at this point in time, lest she make a stir.

Who would have thought that while she didn't make a move, Ling Juan would go and attack Xia Xibei in front of a big crowd too!

What was wrong with her?

Qi Xin became even more disgusted with Ling Juan.

!!

The thought of the two of them being mother and daughter made her hate her so much.

How could her own biological mother be so stupid?

Then she thought of Qi Zhiqiang, and she became even more annoyed.

How come her biological parents were all so pathetic?

Should she say they were all the same?

Ling Juan, on the other end, was also anxious.

"What are you talking about? I didn't do anything!"

Qi Xin was very annoyed, "If you didn't do it, then who did? Besides, can't you use your head before you do these things?"

If Ling Juan wanted to attack Xia Xibei, fine.

The problem was, she couldn't do something so stupid!

It was too humiliating to get caught right off the bat!

Even if you really wanted to do it, you would have to take care of the aftermath!

Qi Xin's scolding flustered Ling Juan, "I really didn't do it! I don't have to do this! It's just a college entrance exam. Is it necessary?"

Ling Juan cried out about the injustice.

It was just a college entrance exam, so what if the grades were good?

Did they care about grades?

What good would good grades do?

To them, good grades were just the icing on the cake, but not really the point.

In their case, they had to compete for other things.

Competing for grades?!

It's not like they were kids!

This comment made Qi Xin freeze.

"You really didn't do it?"

"I really didn't!" Ling Juan shouted loudly. "I wouldn't do such a stupid thing!"

This kind of thing was not helpful for them. There was no need!

Hearing Ling Juan's repeated denials, Qi Xin was suddenly shocked.

"You really didn't do it?"

"I really didn't! Absolutely not! Not at all!" Ling Juan replied loudly.

Qi Xin's hands and feet started to get cold, and some bad thoughts flashed through her mind.

“So, you really didn’t...”

“I really, really, really didn’t!”

Qi Xin’s heart beat faster, and felt like she was going crazy.

In other words, this matter had nothing to do with Ling Juan.

So, who did this?

Thinking about Qi Zhi’an’s previous conversation with her, Qi Xin’s face turned pale.

This was done by Xia Xibei!

Moreover, Qi Zhi’an had become suspicious of her!

Thinking of this, Qi Xin felt like she had fallen into ice.

“Xinxin? Xinxin?”

Sensing no reaction, Ling Juan was immediately anxious, “What’s wrong? Say something!”

Qi Xin did not respond for a while.

Ling Juan was even more anxious, "Xinxin, please, say something. Do not scare your mom!"

"They know..." Qi Xin mumbled, her eyes empty.

"They know?" Ling Juan was first stunned, then shocked. "How did they know?!"

"It was Xia Xibei who said it!" Qi Xin cut to the chase. "No one but her would do such a thing!"

She reacted. This was a trap set by Xia Xibei!

Through this incident, didn't Qi Zhi'an start to suspect Ling Juan and her?

Thinking of this, Qi Xin's face turned even whiter.

"It's her?!" Ling Juan huffed, then got angry. "I told you that bitch has a lot of nerve!"

"You shut up!" Qi Xin yelled. "Who told you to be so stupid before!"

If Xia Xibei had died back then, would they have to worry now?

Wasn't it stupid to cut off the grass without removing the root?

Now Qi Zhi'an's side was getting suspicious. What should she do?

## **Chapter 1524 - 1524 The Truth**

### 1524 The Truth

Qi Xin was very disgusted with Ling Juan.

Although the woman was her biological mother, such a biological mother made her feel sick!

She would rather be Qi Zhi'an and Ling Xiao's child!

Now, because of Ling Juan's drama, Qi Zhi'an began to suspect her.

!!

After Ling Juan was lectured by her daughter, she didn't look well either.

However, she gritted her teeth, thinking about her daughter's life over the years, and then thinking about the trouble she had caused her.

"Don't worry. I will definitely take care of Xia Xibei!"

“Humph!” Qi Xin coldly snorted. “Come on, don’t talk such nonsense to me! If you had taken care of it back then, we wouldn’t have these problems now.”

Ling Juan was so embarrassed by her that her face turned red, but she still persevered.

This was her own daughter, after all.

“So... What do you want to do now?”

Her voice was a little timid, afraid that her daughter would continue to be angry.

“What do I want to do?” Qi Xin coldly hummed. “I have an idea, but you must cooperate with me.”

“Cooperate with you? How?”

Qi Xin’s eyes were a little cold, “As long as you cooperate well, I can still continue to stay in the Qi family, and my status will remain unchanged. If not...”

“Just say it! As long as you tell me, I will cooperate!”

Ling Juan certainly wouldn’t let Qi Xin follow her and live outside the family.

Qi Xin finally showed a smile after getting Ling Juan’s consent.

On the other hand, Qi Zhi'an's heart was also cold.

He really didn't expect that Qi Xin was not his child.

Moreover, Qi Xin should know about this matter. Otherwise, she would not have reacted like this before.

However, how much Qi Xin knew and when she knew these things were open to question.

The situation was a bit of a headache.

How should he handle it?

Even though he usually acted decisively, he could not help but become indecisive at this time.

After some time, he finally made up his mind.

No matter what, he had to find out what had happened first!

So, he began to deal with the paternity test for himself and Qi Xin.

Only when this was clear could he continue with the following.

Soon, the results came out.

Looking at the results, he was silent for some time.

Only after that did he call Xia Xibei.

“Uncle An.”

Hearing these words, Qi Zhi'an's heart skipped a beat.

If it was before and Xia Xibei had called him Uncle An, he wouldn't feel anything special.

Now, this title made him sad.

“Are you free now? Can you come over?”

His voice was a little flat.

“I can...”

Half a day later, Xia Xibei appeared in front of him.

Looking at Qi Zhi'an's haggard appearance, Xia Xibei's heart dawned.

He had figured out the truth.

This shock was big for him, but it was necessary.

"Uncle An, what do you want me to do?" Xia Xibei had a calm face.

"I want to confirm one thing," Qi Zhi'an said heavily.

"What can I do to help you?"

"Give me a strand of your hair."

Xia Xibei looked at him, then nodded and pulled off a strand of hair, "Okay."

Qi Zhi'an took the hair, and his expression became even more strained.

He also took Ling Xiao's hair this time.

The results would come out soon after the stuff was sent over.

After the results came out, looking at the content on it, Qi Zhi'an was silent. His thoughts fluctuated more, and his face became more

complicated.

Only after half a day did he look up at Xia Xibei, his mouth moving.

"When did you know about this?"

After a while, he uttered these words.

#### **Chapter 1525 - 1525 This Is The Truth**

##### **1525 This Is The Truth**

"Just a little while ago," Xia Xibei lied without any sheepishness. "I found out before that Ling Juan had malice towards me, so I thought in that direction."

"Then why didn't you tell us before?" Qi Zhi'an's eyes were complicated.

"I wasn't sure before." She shrugged, "It was when Ling Juan made a move on me again that I was sure of this suspicion. It's just that I didn't expect that it would really turn out as I guessed."

These words made Qi Zhi'an's mood even more complicated.

!!

Excitement, guilt, shock, and cluelessness... These emotions all made it difficult for him to contain himself.

He took a deep breath and pushed down the emotions in his heart.

"Yes, you are my real daughter!"

He looked at Xia Xibei's precious face, and his heart was in turmoil again.

If Ling Xiao knew about this, he wondered how she would react.

"What about Qi Xin?" Xia Xibei had a hesitant expression.

Qi Zhi'an shook his head, "I'll treat her well. After all, I've raised her for so many years."

He looked at Xia Xibei guiltily, "I'm sorry, I..."

"No need to say sorry," Xia Xibei shook her head. "No one wants this kind of thing."

She added, "But her real father..."

These words made Qi Zhi'an's heart jump, and he finally reacted.

Yes, Qi Xin's real father was Qi Zhiqiang!

If Qi Xin's real father were someone else, that would be fine. With the Qi family's power, keeping her would be no problem.

However, Qi Xin's biological father was Qi Zhiqiang!

It was difficult to say what would happen.

It was possible for Qi Zhiqiang to cause trouble.

"You don't have to worry about that. I'll handle it," Qi Zhi'an said.

"Okay..."

Xia Xibei did not have second thoughts.

"Now, I have to tell your... Mom."

Qi Zhi'an was a little hesitant.

Ling Xiao would be so sad if she knew that Qi Xin was not her real daughter!

Although Xia Xibei was brilliant and very good, their bond with Qi Xin for many years was not so easy to erase.

Besides, Qi Xin had just saved them.

She really treated them as if they were her own parents.

How could such hearts not be touched?

Qi Zhi'an's heart was overwhelmed with thoughts, but he could only take a deep breath and suppress them.

No matter what, this matter must be brought back to its original track.

"You wait here. I'll go find her."

Qi Zhi'an walked out, took out his phone, and called Ling Xiao.

Looking at Qi Zhi'an's forlorn and sad back, Xia Xibei's expression was calm.

She knew that this incident had a great impact on Qi Zhi'an, but it was something she had to go through.

This was the most gentle way she could think of.

She had ways that had more impact, but Qi Zhiqiang and Ling Xiao would be very sad if she used those methods.

Qi Zhi'an and Ling Xiao were her biological parents, and they'd all had a good relationship before, albeit only as friends. However, Xia Xibei didn't want to make them so sad.

Besides, there were ways to uncover Qi Xin's true colors and suppress her fully. There was no need to play such a big game all at once.

That was why Xia Xibei chose this approach.

Xia Xibei was never soft-hearted regarding the people she cared for and acknowledged.

Qi Zhi'an and Ling Xiao were the people she cared about, and she didn't want them to get too attached.

Xia Xibei waited in the room and began to wonder how Ling Xiao would react when she found out about it.

Suddenly, Qi Zhi'an's voice rang out loudly. "You were attacked?"

Attacked?!

Xia Xibei's heart jumped.

### **Chapter 1526 - 1526 I Am the Sinner**

1526 I Am the Sinner

The two of them immediately rushed over.

It was a high-end restaurant.

Now it was chaotic in a certain private room.

Qi Xin and Ling Xiao were sitting together, both of them with their heads down, and at first glance, something was wrong.

!!

"What's wrong?!" Qi Zhi'an immediately went to his wife's side. "What happened?"

Just now, he called Ling Xiao, wanting her to come back so that he could talk about this matter.

Unexpectedly, Ling Xiao said that she was attacked.

Although Ling Xiao did not seem to have any external injuries now, she had a disheveled look.

Ling Xiao looked up with tears in her eyes, and there was obviously something wrong.

Qi Xin was also looking downcast and sad.

“What’s going on? Who did this?”

Qi Zhi’an asked, pointing to the mess on the floor.

Qi Xin couldn’t help but sob out loud.

This made Qi Zhi’an anxious.

“What the hell is going on?”

Qi Xin suddenly knelt down towards them. “I’m sorry!”

Her action startled Qi Zhi’an and Ling Xiao.

Ling Xiao immediately pulled her up, "Xinxin, what are you doing?"

"I'm sorry!"

Qi Xin did not want to get up, she covered her face and sobbed, looking very sad and upset.

Ling Xiao had obviously experienced some strong shock as well.

Her face was a little white as she pulled Qi Xin up, "It's not your fault."

Qi Xin hugged Ling Xiao and howled.

The situation made Qi Zhi'an even more confused.

Xia Xibei stood aside and watched with cold eyes.

Qi Xin was crying so pitifully. Qi Zhi'an was anxious and angry.

"What's going on? Who attacked you?"

"It was Ling Juan," Ling Xiao said a little tiredly.

“Ling Juan?” Qi Zhi’an drew in a breath, “How could it be her?”

Ling Juan was clearly mentioned before, and now she was involved.

What a coincidence?!

As Qi Zhi’an questioned her, Qi Xin cried so hard that she couldn’t breathe.

Ling Xiao was so distressed that she hugged her and patted her back, “Don’t cry, this has nothing to do with you. You are innocent.”

Qi Xin, however, continued to cry, turning a deaf ear.

It looked as if she was in shock.

“What is going on?” After asking for the truth so many times, Qi Zhi’an was desperate. “Tell me!”

Qi Xin cried so hard that her nose and eyes were red, “I’m sorry! It’s my fault!”

“It’s not your fault,” Ling Xiao patted her back, “This has nothing to do with you.”

“It’s my fault!” Qi Xin cried even louder, “I am the sinner!”

If Ling Xiao hadn’t pulled her back, she might have rushed out.

“A sinner?” Qi Zhi’an frowned and asked anxiously. “What the hell just happened?”

How did it get involved with a sinner?

“I’ll tell you.”

Ling Xiao hugged Qi Xin and spoke heavily.

Thinking about what happened today, her face became even grimmer.

“Today, I came here for dinner and saw Xinxin being harassed by a woman. So I came over to see. Who knew...”

Speaking of this matter, her cheeks couldn’t help but twitch a little, obviously suffering from a big shock.

“Who knew... She was Ling Juan!”

She took a deep breath to suppress the shock in her heart.

“And then... She said that Xinxin is her daughter!”

When these words came out, Qi Zhi’an and Xia Xibei’s hearts jumped.

Xia Xibei, in particular, was shocked.

Ling Juan had actually taken the initiative to tell the truth?!

Then, looking at Qi Xin crying so pitifully and Ling Xiao and Qi Zhi’an so heartbroken, she instantly understood what they were playing at.

### **Chapter 1527 - 1527 Admission**

#### **1527 Admission**

Looking at the way Qi Zhi’an and Ling Xiao cared so much about Qi Xin, Xia Xibei felt a little uncomfortable.

They were her biological parents, yet they cared so much for Qi Xin.

However, she also understood that Qi Xin was, after all, the daughter they had raised for more than ten years, and her feelings were different.

If they had just flipped out when they knew Qi Xin was not their own daughter, Xia Xibei would have felt terrible instead.

!!

It was scary when a person didn't even take their previous commitment and feelings seriously.

Qi Zhi'an and Ling Xiao were obviously not emotionless people, so although Xia Xibei was uncomfortable in her heart, she was not too upset.

Most importantly, Qi Xin also had the means to expose herself before they knew the truth instead of letting people say anything to her.

Xia Xibei understood that Qi Xin admitted it herself this time to get ahead of the game.

If she had been exposed passively, Qi Zhi'an and Ling Xiao's impression of her would have been greatly diminished.

However, she was actively exposed, and the situation was different.

This move was really quite powerful and hit the nail on the head.

It also made Xia Xibei wary of Qi Xin.

It seemed that Qi Xin was not such a stupid person.

At this moment, Xia Xibei's impression of Qi Xin was also much higher.

As if not paying attention to Xia Xibei's gaze, Qi Xin continued to cry

and apologized vaguely, "I'm sorry, I actually already knew the truth before."

This surprised the couple, "You did?"

"Yes," Qi Xin sniffled, very sadly. "I knew it after I was injured."

She looked up at them, teary-eyed and pitiful, "Didn't we have a car accident that time? I only found out afterward that she was the one who did it!"

These words made Xia Xibei raise her eyebrows.

How dare she excuse herself from this matter?

Obviously, both Qi Zhi'an and Ling Xiao believed her words. After all, neither of them had suspected her before.

"Didn't I have to go back to school to study after my previous injury was healed? Then, she approached me," Qi Xin continued to explain what

had happened before.

“That time, I realized that the car accident was her doing! She was trying to get you all killed! She didn’t expect that I was also in the car, or that I would have an accident. That was why she told me about it, hoping that I would stop fighting for you guys.”

Qi Zhi’an and Ling Xiao looked at each other, appalled.

It was Ling Juan that caused them to get into trouble before.

Ling Juan didn’t expect Qi Xin to be in the car and to be injured as a result.

Ling Juan should not want Qi Xin to know about this, but she was afraid that Qi Xin would continue to have accidents afterward, so she told her about it.

Qi Xin sniffled and looked miserable and panicked, “I realized then that I was actually her real daughter!”

Speaking of this, she sobbed again.

Listening to her sobs, Ling Xiao was heartbroken.

Until now, she hadn’t come back to her senses. After all, she had always thought that Qi Xin was her own daughter.

Even if it was a small dog or cat, after so many years, there must be feelings, let alone a living human being.

Besides, their mother-daughter relationship had always been very good.

If she could accept this kind of thing immediately and change it with ease, she would not be a person with feelings.

However, she couldn't help but glance at Xia Xibei with an apology in her eyes.

When she saw Xia Xibei standing by, not saying a word, she felt like her heart was being torn in half.

### **Chapter 1528 - 1528 No Fighting**

#### **1528 No Fighting**

What made Ling Xiao stronger than Ling Juan was that she was a person with feelings.

Her mother-daughter relationship with Qi Xin for many years could not be immediately broken off because of such things.

However, Ling Xiao was also sensitive and could feel Xia Xibei's emotions.

The two sides of the situation made her very conflicted, not knowing how to face this kind of thing. She wanted to faint and forget about it.

!!

When she met Ling Xiao's apologetic eyes, Xia Xibei gave her a reassuring smile instead.

When Ling Xiao saw this, she froze, and then her heart sank.

How could this child be so understanding and so good?

If Xia Xibei protested angrily, she wouldn't be so upset.

However, Xia Xibei was so reasonable and did not fight, but she felt worse.

Qi Xin didn't notice the two of them exchanging glances and continued to explain. "When I found out about it, I was terrified! I didn't want to believe it at all! But Dad, when you told me she had done something bad again, I realized that she was for real!"

Qi Zhi'an froze for a moment before he realized what she was talking about.

Qi Xin was talking about what he had tried to find out about her before.

Qi Xin really did know the truth, but not much of it.

Qi Xin's explanation made sense now.

He also finally let go of his suspicions about Qi Xin.

This child must have been in a very difficult mood after knowing such things before.

It was too hard for her to keep pretending that she was fine.

"I had a date with a friend today, but to my surprise, Ling Juan popped back up and pulled a fast one on me. Then mom came over, and after that..."

Qi Xin's sobbing voice got louder, and her tears flowed like a river.

Seeing her look so pitiful, the couple was silent.

The only sound in the room was Qi Xin's crying.

After a while, Qi Xin slowly stopped crying. Her eyes were red and swollen.

"I'm sorry, I'll leave."

"What do you mean... Leave?" Qi Zhian reprimanded, "You are our daughter. Where are you going?"

Even if Qi Xin was Ling Juan's own daughter, they had raised her for so many years. They could not just kick her out under such circumstances.

Besides, with Ling Juan's heartless personality, who knew what would happen if Qi Xin went with her?

"I'm not." Qi Xin shook her head with red eyes, then looked at Xia Xibei, "She's the one."

Everyone looked at Xia Xibei.

Xia Xibei felt as if she was being shone by a spotlight.

However, she smiled faintly, "It's okay, I don't mind."

"How can you not mind?" Qi Xin frowned, then sincerely apologized, "It's my fault that I've occupied your position for so many years and made you suffer so much!"

"You're right, I did suffer a lot," Xia Xibei nodded, nonchalantly taking her words.

Qi Xin's expression stiffened for a moment.

"However, it's not your fault either," Xia Xibei continued, "You are also a victim. The real bad guy is Ling Juan, who deserves to be killed by a thousand cuts!"

When she spoke of death by a thousand cuts, Qi Xin's expression stiffened.

"What we need to do is to unite with the outside world, not fight internally." Xia Xibei looked at her with a warm smile. "Don't you think so?"

Qi Xin's cheek twitched, and she could only nod, "Right!"

"I'm just worried. She is, after all, your real mother. Will you..."

"How could it be?" Qi Xin was resolute. "She gave birth to me, but never raised me! We are just strangers!"

#### **Chapter 1529 - 1529 I Don't Mind**

##### **1529 I Don't Mind**

Qi Xin had a determined face, "If I were to stay with her, I'd rather die!"

She laid out her attitude, and these words also moved Qi Zhi'an and Ling Xiao.

No matter what, the child they had raised for so many years had such an attitude, and it was enough for them to be happy.

“That’s good.”

!!

Before they could say anything, Xia Xibei spoke up first, with a relieved expression.

“I was afraid that you would be convinced by her to join her against the Qi family. How bad would that be!”

Xia Xibei’s words made the corners of Qi Xin’s mouth twitch for a moment, but she quickly became resolute again, “Don’t worry, I won’t!”

She looked to Qi Zhi’an and Ling Xiao, “If you don’t want me to call you guys my parents anymore, I won’t...”

“It’s okay, you can keep calling us that,” Ling Xiao said immediately.

After saying this, Ling Xiao couldn’t help but glance at Xia Xibei with an apologetic look in her eyes.

Xia Xibei smiled at her, having no comment.

She didn’t want to cut off their relationship at this time, it wasn’t realistic at all.

Xia Xibei had long known that if she acted too drastically, they would be uncomfortable instead.

It was not a matter of blood ties, but human nature.

However, it didn't matter. Sooner or later, she would let Qi Xin show her true colors.

When the time came, the relationship between them would be broken naturally.

"Shouldn't we tell the others about this?" Xia Xibei said.

These words made everyone pause for a moment, and their faces were conflicted.

Yes, this matter was not simply related to Ling Juan.

Just because Qi Xin said she wouldn't recognize Ling Juan didn't mean it was over.

There was also Qi Zhiqiang here!

Ling Xiao and Qi Zhi'an were in a bit of a quandary.

What should they do?

However, at this point in time, they could only face reality.

“Let’s go back and talk about it.”

“Okay.”

Looking at the couple looking disheveled, Xia Xibei blinked, “But what about Ling Juan now? Where is she?”

“She ran away.”

Ling Xiao gritted her teeth after hearing Xia Xibei mention this matter.

If it weren’t for Ling Juan, they wouldn’t have to face such a complicated and painful matter, let alone grieve over it.

All of this was caused by Ling Juan!

“Just now, after she said those words and ran away. I couldn’t catch her.”

“I think we should get her back,” Xia Xibei suggested. “Otherwise, who knows what she will do.”

She sighed, “She has done a lot of bad things before, I’m afraid her methods will be even worse now.”

These words made Qi Zhi’an and Ling Xiao frown. “Yes, she needs to be found!”

At least find out what had happened over the years.

Hearing the crowd say this, Qi Xin's expression visibly stiffened for a moment, and then she nodded slightly to hide her discomfort.

"Ling Juan is now in the imperial capital, so she should be relatively easy to find."

Qi Zhi'an followed suit and gritted his teeth.

Their peaceful and beautiful life had been ruined by Ling Juan!

"Yes, we must find her!"

They expressed their disgust for Ling Juan before returning to their home.

Soon, the patriarch and other people related to this matter were approached.

When they were approached, the patriarch was curious. What was wrong?

When he arrived at the scene and saw the family, he was even more curious. What was the big deal?

When Qi Zhi'an told him what had happened, he was dumbfounded.

Qi Xin and Xia Xibei were swapped. Qi Xin was Qi Zhiqiang and Ling Juan's daughter, and Xia Xibei was actually Qi Zhi'an and Ling Xiao's daughter.

Were they kidding him?

#### 1530 Telling Everyone

Qi Zhiqiang was also dumbfounded.

He was actually very reluctant to be asked to come over by Qi Zhi'an, but there was no way around it. Qi Zhi'an was more powerful than him.

Who would have thought that he would get such a shock when he came over?

Qi Xin was his real daughter?

!!

They must be kidding!

"I've done the paternity test before, and Beibei is my daughter!" he yelled, very unconvinced.

It was not that he disliked Qi Xin, Qi Xin was also very good.

The problem was Qi Xin had been raised by Qi Zhi'an's side for so many years, and she had become one with them.

If she became his daughter, wouldn't she still be on the same side as Qi Zhi'an?

Xia Xibei was different.

Xia Xibei, after all, grew up outside, and even if she came back, she wouldn't exactly be on the same page as Qi Zhi'an and the others, although her relationship with Qi Zhi'an was much better than the one with him.

Besides, Xia Xibei was so much better than the others.

Of course he would want her as his own child!

After all, she could give him more hope.

Now, Qi Xin was his own daughter?

What a joke!

Yang Wenyin, who came along with him, also had a hard look on her face, and her eyes were full of gloom.

“The previous identification results were tampered with by Ling Juan,” Qi Zhi’an said seriously. “That’s why you thought Beibei was your biological daughter.”

“Ling Juan?” Qi Zhiqiang got angry. “How come she’s everywhere?!”

How could this person be so shady?

However, remembering the message he had received earlier, he also reacted.

“So she was deliberately misleading me before?”

“Right,” Qi Xin stood up with a haggard face, “She told all these lies for my sake.”

“Don’t you say that!” Ling Xiao shook her head. “She didn’t do it for you. She did it for herself!”

Their perception of Ling Juan was very clear.

Ling Juan did these things more for herself.

Qi Xin was innocent.

That was said, but Qi Xin still could not hide her haggard helplessness.

“Let’s not care who it’s for.” The patriarch stepped forward and spoke in a deep voice, “Have you determined the final result?”

The patriarch also felt troubled.

When Xia Xibei suddenly appeared, it was thought that she was Qi Zhiqiang’s daughter. Well, that wasn’t too much of a problem.

Now, she was the daughter of Qi Zhi’an?

This was too messed up!

These things had started to unsettle the family.

The patriarch was very fond of Qi Xin.

Before Xia Xibei came along, Qi Xin was the best and the most popular girl.

Now, her identity had changed, shocking everyone.

“We’ve made sure of it,” Qi Zhi’an and Ling Xiao looked at each other and said seriously.

When they returned, they went to take another identification test.

This time, they were sure that no one had done anything.

The final result came out just as they knew it now.

Ling Xiao pulled Xia Xibei over, “Beibei is our real daughter.”

Xia Xibei’s eyes were calm, very calm.

“However, we will also treat Xinxin as our biological daughter!” Ling Xiao added.

When these words came out, Qi Zhiqiang immediately exploded.

“She is my daughter!”

What made them all Qi Zhi’an’s daughters?

The patriarch glared at Qi Zhiqiang. "Shut up!"

He looked at the crowd again and sighed, "Xinxin is still our family's

child. This will not change. It's just that Beibei..."

He looked at Xia Xibei, "What do you think? What should we do now?"
