

Chapter 1531 - 1531 Two-thirds of the Property

1531 Two-thirds of the Property

The old man knew very well that the focus of this matter was on Xia Xibei.

If Xia Xibei accepted this arrangement, then there would be no problem.

If she didn't accept it, then it would have to be rearranged.

After all, she was the one who was most seriously injured and had the most special status.

!!

Facing everyone's gaze, Xia Xibei smiled. "I don't have a problem with it. You guys just do what is best for you."

These words made Ling Xiao's heart hurt.

She knew that Xia Xibei's heart had been broken.

After all, Xia Xibei was the real daughter, but she had suffered for so many years. The daughter of the person who hurt her had lived a good life here for so many years in her place.

It would be sad no matter who it happened to.

However, there was no immediate solution to this kind of thing.

“Let’s do this. Let’s go back to our lives,” the patriarch said in a deep voice. “You are all children of the Qi family. Get along well in the future.”

This was easy to say, but it was very difficult to do.

The patriarch also understood this, but at this time, he couldn’t think of any other way.

After a few days, they would arrange for Xia Xibei to recognize her ancestors.

As for Qi Xin, she was still a child of the Qi family.

In the end, everyone accepted this arrangement.

Those who did not could only complain in their hearts.

When the dust had settled, Ling Xiao approached Xia Xibei to have a conversation.

Mother and daughter sat face to face, looking at each other without words.

Ling Xiao remembered what Xia Xibei had told her before about her life over the years and was very heartbroken.

All of this was caused by her conflict with Ling Juan.

She was the one who dragged Xia Xibei into this.

Ling Xiao took a deep breath and spoke of her decision. "I will give you two-thirds of the property I have on hand. The remaining one-third will go to Xinxin."

This was the result of her and Qi Zhi'an's discussion.

Xia Xibei had grown up and was mature in her thinking.

When they had spent time with Xia Xibei before, they could clearly tell that Xia Xibei was more mature than many adults who were decades older.

Such a mature and brilliant child had to be compensated in other ways.

Therefore, Ling Xiao decided to give her estate to Xia Xibei.

She felt that relationships needed to be nurtured, but that the money aspect could be straightforward.

For adults, money was the most important thing.

Although Xia Xibei didn't lack money now, money represented Ling Xiao's attitude.

As expected, after hearing Ling Xiao's words, Xia Xibei raised her eyebrows in surprise.

She really did not expect that Ling Xiao would make such a decision.

However, such a decision really hit her heart.

Xia Xibei didn't care about the money Ling Xiao gave her, but it showed Ling Xiao's attitude.

If after she came back, Ling Xiao immediately treated her as her own daughter, checking on her but not willing to give her any money... Such emotions would seem quite ridiculous.

There was a saying on the internet: it was better to give a huge sum of money than to be warm and fuzzy.

What Ling Xiao gave was really a huge sum of money.

Whether it was a parent or a lover, giving money was the most straightforward way to express your feelings.

The one who gave you money was not necessarily the one who loved you, but the one who did not give you money definitely did not love you.

Xia Xibei had lived for so many years. Of course, she understood this truth.

This was also the best way Ling Xiao could think of at the moment.

However, Xia Xibei still said, “No, you do not need to be so anxious.”

“No, this is our decision after consideration.”

Ling Xiao was very serious.

She would definitely continue to cultivate a relationship with Xia Xibei, but cultivating a relationship and giving money were not in conflict.

Chapter 1532 - 1532 Want Everything

1532 Want Everything

When Ling Xiao was so insistent, Xia Xibei didn't push back any further and agreed.

Seeing that she agreed, Ling Xiao was relieved.

She was afraid that Xia Xibei would not accept these things.

Faced with her worry, Xia Xibei said that it was alright.

!!

She was not a child who wanted candy, but not money.

She was an adult and didn't make a choice. She wanted everything.

Only, she'd take the money before the candy!

As for the third of the assets going to Qi Xin, she would also get it back.

Xia Xibei had no ill feelings toward Qi Xin. After all, these things were done by Ling Juan.

However, Qi Xin was not innocent.

If she didn't know the truth and was deluded, Xia Xibei wouldn't have bothered with her.

Now, it seemed that Qi Xin was not innocent.

Moreover, she was working with Ling Juan.

In that case, Xia Xibei could not be blamed.

Soon, Ling Xiao transferred the assets at hand to Xia Xibei.

Ling Xiao's action was decisive, which almost made Qi Xin break down.

As an only child, Qi Xin had always known that her parents' belongings were her own.

This was not a problem.

Who wanted to share a pie with someone else if they didn't have to?

Now, Ling Xiao was Xia Xibei's mother, and to compensate Xia Xibei, she even gave her two-thirds of her stuff, which made Qi Xin's heart ache with hatred!

Ling Xiao was also rich.

The Ling family was not as rich as the Qi family, but it wasn't too far behind.

As a child of the Ling family, Ling Xiao had a lot of assets on hand.

Qi Xin calculated that all these things would be hers in the future.

Who would have thought that Xia Xibei would suddenly appear?

Two-thirds of her things were gone!

How could Qi Xin not hate it?

However, no matter how much she hated it, she did not dare to say it.

After all, her current persona was low-profile and non-contentious.

Her status was awkward, so naturally she could not compete with Xia Xibei.

She had to rely on this non-contentious posture to win Ling Xiao and Qi Zhi'an's pity.

Moreover, she didn't have the self-confidence or qualifications to make a scene now.

No matter how she thought about it, she found it hard to get even.

This anger was directed toward Ling Juan.

If it weren't for Ling Juan's trouble, it wouldn't be like this now!

Ling Juan received a phone call and was blamed by her daughter again, who was very cold.

She had already played along with Qi Xin and had apparently broken up with her.

However, Qi Xin was still not satisfied.

This made Ling Juan very tired.

Yes, she was to blame for the stupid decision she made back then.

Otherwise, it wouldn't be so pathetic now.

The dust around the Qi family soon settled.

Knowing that Xia Xibei had claimed her ancestors, Qiao Yanjue flew over.

This time, he came as Xia Xibei's boyfriend.

Therefore, the problem he encountered was the same as before. Oh no, it was even more severe than before.

Before, Qi Zhi'an and Qiao Yanjue's relationship was quite good, and Qi Zhi'an thought he was a good boyfriend and a good match for Xia Xibei.

Now, Qiao Yanjue had become his daughter's boyfriend, which made Qi Zhi'an very upset.

After the previous confusion, Qi Zhi'an also slowly reacted and began to put Xia Xibei at ease.

Like Ling Xiao, he felt guilty and heartbroken for Xia Xibei.

After all, they were the ones who failed to protect Xia Xibei, and they didn't know how much she had suffered to get to this point.

Before, they were in no position to feel sorry for Xia Xibei, but now it was different.

Such a young and beautiful daughter was taken away by a wolf?

Qiao Yanjue was an aging cow eating young grass!

So, after Qiao Yanjue came to Qi's house again, he immediately met Qi Zhi'an's upset face.

Chapter 1533 - 1533 Also a Cultivator

1533 Also a Cultivator

Qiao Yanjue had met Qi Zhi'an a few times before and had also long known that the other party was Xia Xibei's biological parents. In other words, Qi Zhi'an was his father-in-law.

This was not the same as when he faced Qi Zhiqiang before.

Qiao Yanjue had known the truth for a long time, so he naturally did not have much respect for Qi Zhiqiang.

However, Qi Zhi'an was different. He was Xia Xibei's real father.

!!

Moreover, Qi Zhi'an and Qi Zhiqiang were different in character.

Qi Zhiqiang was the kind of arrogant and selfish character Qiao Yanjue simply did not care for.

When it came to Qi Zhi'an, it wasn't like that.

He and Xia Xibei had been together for so long. He knew Xia Xibei and knew that she was putting Qi Zhi'an and Ling Xiao at ease.

Even if the family hadn't spent too much time together, it didn't mean they didn't have feelings for each other.

Besides, Qi Zhi'an was quite nice to them before, and now that the relationship had changed, Qiao Yanjue was not as casual as before.

Therefore, when facing Qi Zhi'an, Qiao Yanjue was very respectful, more respectful than before.

Although Qi Zhi'an was dissatisfied that his daughter was snatched away by the wolf so early, he did not say anything.

What could he say?

He was not qualified to say anything at all.

If Qiao Yanjue were a bad person, for the sake of Xia Xibei, he would have had to break them up.

However, Qiao Yanjue was not a bad person.

Moreover, from their previous relationship, Qi Zhi'an understood that Qiao Yanjue was a good guy.

If he was a good guy, then why should he be the evil one?

Moreover, Qi Zhi'an could see Qiao Yanjue's love and care for Xia Xibei.

Qiao Yanjue's affection for Xia Xibei could be seen in his every move.

After the meeting, when sitting down, Qiao Yanjue subconsciously let Xia Xibei sit down first.

After sitting down, he also handed over the water in his hand.

Xia Xibei accepted it with skill and calmness, as if she had already done this too many times to care.

From the small details, he could see the two people's feelings.

Moreover, Qi Zhi'an could also see a little bit of sweetness every time the two looked at each other.

Even though Qi Zhi'an was already past this age, he was touched by the young couple's connection.

Back then, he and Ling Xiao were also this sweet.

Otherwise, the two would not have gone all the way to the present.

With the Qi family's situation, it couldn't be easier for Qi Zhi'an to fool around on the outside. As long as he went out, there were always many beautiful women soliciting him.

However, Qi Zhi'an never did this kind of thing.

He and Ling Xiao were one of the rare loving couples in this circle.

So, their relationship was also envied by others.

Now, with Qiao Yanjue also so in love, how could he say anything?

He could only hesitate for a while and finally sigh, "You must treat Beibei well, or else..."

He grunted and released his mighty pressure.

His action caused Qiao Yanjue's body to stiffen and his face to change slightly.

If it were other people, they would not notice what Qi Zhi'an did. They would only find his aura at this moment intimidating.

However, Qiao Yanjue knew that Qi Zhi'an was releasing his own aura.

This invisible and heavy pressure could make people unable to move.

Qi Zhi'an was indeed a master.

That's right. Qi Zhi'an couldn't be the heir of the Qi family if he didn't have the ability.

"Don't worry, I will."

Qiao Yanjue's shoulders moved to remove the pressure from his body.

He took Xia Xibei's hand and was very sincere, "Beibei is my life. I will never fail her!"

Qi Zhi'an was surprised.

Was Qiao Yanjue a cultivator too?

Chapter 1534 - 1534 Five Lakes and Four Oceans

1534 Five Lakes and Four Oceans

Qiao Zhi'an didn't pay attention to these things before and didn't look deeper into the specifics of Qiao Yanjue.

After all, at that time, he and Xia Xibei were friends, and Qiao Yanjue was Xia Xibei's boyfriend.

He was not supposed to ask so many things in that role.

So, Qiao Zhi'an always thought Qiao Yanjue was just a simple businessman. Maybe he also studied martial arts and had some ability to protect himself, but he was not the same as them.

!!

Now, the fact that he was able to behave like this under his intimidation was enough to show how special he was.

Qiao Zhi'an looked at Qiao Yanjue. His face had changed from the previous displeasure to seriousness.

"You are also a cultivator?"

Qiao Yanjue nodded, "Yes."

He sat upright with a serious face, looking very reliable.

"Who is your teacher?"

"The same as Beibei's."

Qiao Yanjue's words made Qiao Zhi'an freeze for a moment. "What?"

He had previously asked Xia Xibei about the source of her strength.

Xia Xibei said that it was taught by her teacher.

However, her teacher was so mysterious that she hadn't seen him for many years.

This made Qiao Zhi'an more curious about the identity of her so-called teacher.

Qiao Zhi'an sometimes wondered if this person really existed.

Could someone with this kind of strength, who taught someone like Xia Xibei, really exist in the world?

Now, Qiao Yanjue said that the two of them had the same teacher.

How could it be true?

Xia Xibei's gaze moved slightly, and she turned her head to look at Qiao Yanjue.

Qiao Yanjue gave her a bright smile.

Xia Xibei froze for a moment, speechless, and smiled.

Watching the two of them make eyes at each other, the corner of Qiao Zhi'an's mouth twitched a little.

Really, couldn't they see he was here too?

However, he only complained to himself. His words were about another matter.

"You had the same teacher?"

"Right," Qiao Yanjue nodded. "However, Beibei started earlier than me. She is the elder disciple, and I am the younger one."

Qiao Yanjue used his identity from that time without changing his tone.

Xia Xibei smiled and couldn't help but pat his hand lightly.

Then, he returned her touch.

Qiao Zhi'an expressionlessly watched the couple's movements.

What father would watch his daughter and her boyfriend flirting in front of him?

"Eldest sister, youngest brother?" Qiao Zhi'an's eyes moved away from their hands and looked into Qiao Yanjue's eyes and asked. "You didn't lie to me?"

“What would I lie to you for?” Qiao Yanjue had a serious face. “However, the teacher didn’t say where he was from, and we couldn’t find out his identity. We only know that he is very powerful.”

“Right.” Xia Xibei also nodded, adding to his words, “He is always very mysterious and never lets us ask his identity.”

“Once, we asked about his identity. He said that he came from five lakes and four oceans.”

A man from five lakes and four oceans... As soon as you heard it, you knew it didn’t make sense.

Originally it was just nonsense, but to their surprise, Qiao Zhi’an’s expression changed violently.

His eyes were horrified, and he stared at them intently, “What are you saying, five lakes and four oceans?”

Qiao Zhi’an’s reaction was so intense that both Qiao Yanjue and Xia Xibei were startled.

The two of them looked at each other and couldn’t help but be curious.

What was wrong here?

“Say it again, is it really five lakes and four oceans?” Qiao Zhi’an continued to ask.

“Right...”

Qiao Yanjue could only nod stiffly.

How could he say that he just made it up off the top of his head?

Chapter 1535 - 1535 The Legendary Place

1535 The Legendary Place

Qiao Zhi'an's reaction was beyond their expectation.

“Surprisingly, you’re from five lakes and four oceans...” Qiao Zhi'an sighed, his gaze distant. “It seems that you are also blessed people!”

These words made Xia Xibei and Qiao Yanjue look at each other and ask in unison. “What do you mean?”

Qiao Zhi'an looked at them, who were bewildered, and explained to them, “You don’t know that “five lakes and four oceans” is a very special place?”

!!

“A special place?”

“Right.”

Qiao Yanjue and Xia Xibei exchanged a look and were speechless.

How could they just happen to talk about a special place when they were just blurting things out?

Qiao Yanjue was also speechless. Was his mouth crazy?

If not, how could he hit the nail on the head?

The so-called “five lakes and four oceans” was definitely not an ordinary place, judging from Qiao Zhi’an’s reaction.

“How is it special?”

“Five lakes and four oceans” is a very magical place. I heard that there are a lot of treasures there! Moreover, it is a sacred place for our families.”

“Sacred place?”

Xia Xibei and Qiao Yanjue stared wide-eyed.

There was such a saying?

Qiao Zhi'an gave them a look and sighed, "Since we're all talking about this, I won't hide it from you. Your teacher is from this place, so you will know sooner or later."

The two people obediently listened.

Qiao Zhi'an's eyes were distant as he slowly spoke.

Soon, they understood the place he was talking about.

"Five lakes and four oceans" was a legendary existence.

Supposedly, it was a whole new world, not in the same place as this world.

In other words, it would be another realm.

"Another realm?!" Xia Xibei and Qiao Yanjue were both surprised.

"Right," Qiao Zhi'an nodded. "It was another world, a world that satellites couldn't even check. It may or may not be on Earth."

Supposedly, there were five lakes and four seas there, so it was called five lakes and four oceans.

There were a lot of treasures.

There were also many dangers there.

However, if you could come out from the inside safely, you could have a very rich harvest.

It could be said that it was a place where one could gain a harvest or death.

“I heard that there are several levels there, and the bottom level has many spirit stones and spirit plants, as well as various treasures. The average person can only reach the bottom level. If one wants to go up, one may not be able to return.”

This made Xia Xibei frown, “So has anyone ever gone in and come out?”

Why did this sound so implausible? As if it was a mythical story.

“Yes,” Qiao Zhi’an nodded. “Your great-grandfather once went in and came out again. This is the reason why our Qi family has more heritage than other families.”

Xia Xibei was surprised. Someone had really gone in there!

However, remembering her own situation with Qiao Yanjue, she could not say that such things were false.

After all, they could all be reborn, so why couldn't this particular dimension be real?

"Time flows differently there. It's possible to go in as a teenager and come out a few dozen years older while only a year has passed outside. It is also possible to go in as a teenager and come out decades later but be unchanged," Qiao Zhi'an explained. "Moreover, I heard that there is another world connected there!"

These words made Xia Xibei and Qiao Yanjue's hearts jump.

Another world?

They looked at each other, and both could see what was in each other's minds.

That world... Could it be their previous Land of Fantasy?

Qiao Zhi'an finally added, "However, these are just legends."

Chapter 1536 - 1536 It's All Fate

1536 It's All Fate

Legends.

The word made Xia Xibei and Qiao Yanjue silent for a moment.

Whether it was a legend or not, they would have to go and see it for themselves.

Although their teacher had passed away now, there was still something left for them in that world.

!!

Of course, this was something they would do only afterward.

“I don’t know where your teacher came from, but if he was able to come out of “five lakes and four oceans,” he is a legend!” Qiao Zhi’an lamented, “So many of us from the family have tried to enter, but we just can’t get in.”

Although “five lakes and four oceans” had been entered before, there was no new information for years.

The elders of their families had been trying to find the existence of “five lakes and four oceans” for some years, but up to now, they were still unsuccessful.

Over the years, the development of their families had lapsed more and more.

Without enough spirit stones and foundation, there was no way to continue to develop.

In addition, society was different now. People were more into opportunistic things and money, and no longer valued their own development as much.

Therefore, almost no young people nowadays had heard of the existence of “five lakes and four oceans.”

Even Qiao Zhi’an didn’t remember much about this place.

If Qiao Yanjue hadn’t mentioned it, he would have forgotten about it.

“We’re not sure,” Xia Xibei shook her head. “Our teacher hasn’t appeared for many years, and I don’t know where he has gone.”

Qiao Yanjue also nodded, “Yeah, I thought he was just lying to me before. I didn’t think there was really such a place.”

The two of them looked so serious that Qiao Zhi’an could not doubt them.

They both said so, which meant that things must be true.

However, it also showed Qiao Yanjue and Xia Xibei’s good luck.

Moreover, it was a kind of fate that the two of them came together and became a couple from being fellow disciples.

Thinking of this, Qiao Zhi’an looked at Qiao Yanjue more amicably than before.

The connection between them was so deep. What could he say?

So, Qiao Yanjue left after talking to Qiao Zhi'an.

After leaving Qiao Zhi'an, Qiao Yanjue was approached by Ling Xiao.

Ling Xiao's attitude was the same as Qiao Zhi'an's. Both of them wanted him to treat Xia Xibei well.

Ling Xiao was more emotional and said with red eyes, "It's our fault as parents that Beibei has had a bad time all these years. Now that she's grown up and has her own world, we can't help her as much. I just hope you can get along well with her. If there is anything wrong, you can tell us. We will deal with it."

Of course, that was what was said, but there was another layer of meaning behind it.

If Xia Xibei was at fault, you could tell us, but you can't control what we do about it.

Qiao Yanjue was not a fool. Of course, he understood Ling Xiao's attitude towards protecting her child and hurriedly reassured her, "Don't worry. I will treat Beibei well! I will definitely not make her sad!"

With his assurance, Ling Xiao's impression of him was much better.

It was also because Xia Xibei had Qiao Yanjue by her side that Ling Xiao didn't feel so bad.

At least before, Xia Xibei was not completely living a hard life. She still had friends and lovers around her.

In life, there was no shortage of emotional ties. Family, friendship, romantic love...

Although all of these emotions were important, not everyone can have all of them.

As long as you could have one of them, it is enough to go on in the hard world.

At the very least, it gave people some solace.

After meeting with Qiao Zhi'an and Ling Xiao, Qiao Yanjue and Xia Xibei flew to M again.

This time, they went to Rose Manor.

Chapter 1537 - 1537 Thieves

1537 Thieves

Previously, because Qiao Yanjue and Xia Xibei had been delayed by other things, they simply did not have time to deal with the spirit stones in the Rose Manor.

This time, the two of them set aside other matters, and they felt free to come over.

Before knowing the existence of “five lakes and four oceans,” they did not have such a sense of urgency.

This time, after hearing about “five lakes and four oceans” and knowing that it could also be linked to another world, they were excited.

!!

However, no matter how excited they were, they could not immediately act.

After all, there were still a lot of things to deal with in this world, and there were still a lot of family and friends they cared about.

Moreover, even if they did go back to the Land of Fantasy, it wouldn't be that easy.

They had lived there for so long, so they naturally knew what it was like.

That world was too big, much bigger than here.

Strength was their constant topic.

In this case, if they wanted to go back there, they needed to have the ability to protect themselves.

Their strength was indeed very powerful here, but in the Land of Fantasy, they were almost at the bottom of the pile.

However, they were not in a hurry.

Their teacher had passed away, and they didn't have many family members and friends there.

Qiao Yanjue did still have family, but his relationship with those family members wasn't very close either.

So, they may go back to see that world, but not in a hurry.

Of course, whether they were in a hurry or not, improving strength was the most important thing.

To improve their strength, spirit stones were the best tool.

Previously, Qiao Yanjue received news that there were some petty thieves poking around in the manor very often.

However, Qiao Yanjue had set up a lot of protective nets and surveillance, so unless those people came in forcefully with guns, they wouldn't succeed.

Although some thieves had come in, they were all caught.

Of course, these thieves claimed that they were just trying to steal a little money from the place.

Qiao Yanjue did not believe in this explanation.

He was not a fool.

Which petty thief would dare to run into the manor and steal something?

However, he did not alarm the enemy. He just sent the thieves to the police station.

Mr. Elton also paid attention to the situation over there, and after finding out that the place was frequented by petty thieves, he also broke out in a sweat.

Although he was not afraid of these petty thieves, the appearance of these petty thieves showed that someone was indeed thinking about this place.

Now it was just petty thieves out. Who knew what would happen later on?

Thinking of Qiao Yanjue's earlier comment about the mysterious families in Hua, he was even more afraid.

He didn't know what kind of treasure was here that had provoked these people!

Fortunately, he had dumped this hot potato in time.

For him, a simple businessman, these things were best left untouched.

Now, things were given to Qiao Yanjue to handle.

The cooperation between their company and Qiao's group was also on the right track.

However, Mr. Elton added a few more bodyguards and was more attentive to what he ate, drank, and used.

Qiao Yanjue didn't care about Mr. Elton's worries. He took Xia Xibei into the manor.

The environment in the manor was the same as Qiao Yanjue's last visit, nothing had changed.

There were a lot of flowers open here, and the fragrance wafted in the wind, making people feel relaxed and happy.

Xia Xibei rejoiced after entering the place.

She could also clearly feel that the spiritual energy here was very dense. There must be a lot of spiritual stones down there!

Even if they didn't dig out the spirit stones, they could do their cultivation here, and the effect would be absolutely great!

However, she didn't know that Qiao Yanjue had a better way!

Chapter 1538 - 1538 Better Cultivation

1538 Better Cultivation

When Qiao Yanjue told her the solution, Xia Xibei's face turned green, and she looked at him with accusing eyes.

'I didn't expect you to be like this!'

Qiao Yanjue was thick-skinned and didn't care about her gaze.

Anyway, the most important thing for them was to bring up their strength.

!!

They were not going back to the previous world immediately, but they could prepare well in advance!

Besides, if they were strong, it was easy to do anything they wanted to do.

In order to be stronger, they had to work hard to cultivate!

There were many ways to cultivate, and the most effective was dual cultivation.

In the past, Xia Xibei and Qiao Yanjue had learned a dual cultivation technique, and the two of them had a shameless time.

After that, they rarely had time to spend together because they each had their own things to do.

Xia Xibei had been in retreat for so long to train and shoot, and when she came out, she encountered all kinds of things, so where would she have time for dual cultivation?

This time, after Qiao Yanjue acquired this Rose Manor, he immediately had an idea.

The aura was abundant here, and if you cultivated here, you would definitely get twice the result with half the effort.

Moreover, he had a better dual cultivation technique on hand.

If you could cultivate here, your strength would rise properly.

Looking at his playful expression, Xia Xibei felt her hands itch a little.

When she saw Qiao Yanjue's preparation, she was even more speechless.

In the place where the aura was most abundant, Qiao Yanjue had actually prepared a yurt, and inside was a big bed!

Yes, a big bed!

This king-sized bed showed Xia Xibei that it was full of love.

Erotic. The king-sized bed was erotic.

The yurt had a cover on the outside, which surrounded the place and also blocked the view.

The environment was also very nice when you looked around.

The place was full of all kinds of flowers and a relaxing vibe.

Xia Xibei's face was flushed, and she couldn't help but pinch him, "When did you prepare this?"

"It was prepared before." Qiao Yanjue smiled and grabbed her hand, put it to his mouth, and kissed it. "How is it? Isn't it a surprise?"

This made Xia Xibei gasp and laugh, "You bet!"

Only now did she realize that Qiao Yanjue was even more sultry than she thought!

"I have even more surprises," Qiao Yanjue raised his eyebrows at her, then reached out to pull her toward him.

Xia Xibei was hugged by him. Then she saw his hand coming towards her collar.

At the same time, his foot kicked the door closed.

As soon as the door was closed, the place became a private space.

The space here was very large, enough for two people to fool around.

Qiao Yanjue came up to Xia Xibei's neck and imprinted a kiss, "I forgot to tell you that I have a better cultivation method."

Then, the two of them fell on the soft bed.

Xia Xibei was dazed and confused and enamored by his lead.

Only after it started did she understand what Qiao Yanjue had said about the surprise.

He really had found other dual cultivation techniques!

This was not the dual cultivation technique she had told him about before!

Xia Xibei's mind was a little dizzy, and she couldn't help but wonder what Qiao Yanjue had been thinking about in his last life!

What was certain was that he definitely had a premeditated plan in his last life!

Otherwise, he wouldn't have been so prepared!

By the time everything calmed down, Xia Xibei felt exhausted.

However, she could feel that her level, which had not moved for a long time, had loosened.

"Well, isn't that a surprise?" Qiao Yanjue hugged her, pressed against her, and murmured in her ear.

Xia Xibei responded by giving him a soft slap.

Chapter 1539 - 1539 Good Environment

1539 Good Environment

By the time Xia Xibei woke up, she had found that she was already cultivating again.

She was speechless to the extreme. Indeed, men were all shameless!

Although she also profited a lot, Qiao Yanjue was simply too much!

Was he making up for lost time?

!!

Helplessly, she could only follow along to cooperate.

When the two of them really stopped, it was already the next day.

Xia Xibei touched her stomach and found that it was already flat.

Everything that she had eaten before had been completely digested.

If it weren't for her qi, she would have passed out.

Qiao Yanjue was insatiable, hugging Xia Xibei and smiling.

His hand was placed on Xia Xibei's smooth back, and he said with a smile, "I had thought a long time ago whether this cultivation method is really as true and effective as they say."

Xia Xibei rolled her eyes at him, her eyes narrowed dangerously, "A long time ago?"

Qiao Yanjue didn't hide and nodded cheerfully, "Yes, it was... After I went home."

He was, of course, talking about his previous life.

In his previous life, he went back home because something had happened.

After going back, he happened to come across a good dual cultivation technique.

At that time, he thought of Xia Xibei right away.

If he could cultivate with Xia Xibei, how good it would be?!

Unfortunately, Xia Xibei had an accident afterward, so he couldn't cultivate with her at all.

He originally thought that this was something that could not be achieved, but to his surprise, here they were, rekindling their old love.

"You had bad intentions all along!"

Xia Xibei pushed his nose upward, turning his originally beautiful and straight nose into a pig's nose immediately.

Qiao Yanjue cooperated and let out two pig squeals, allowing Xia Xibei to mess with him.

"I was indeed ill-intentioned. However, I think it's quite good. What do you think?" he asked while his hands did not stop moving.

"Is okay..."

Xia Xibei originally wanted to deny it, but finally admitted it.

They were already in such a relationship, so what was the need for pretense?

It had to be said that this cultivation method that Qiao Yanjue had found was really much more powerful than the one she had before.

Now, she could feel that her body was much better than before, and the qi in her body was also more abundant than before.

This was indeed a good thing.

Qiao Yanjue rolled over and moved her on top, pressed down her neck again, and kissed her, "I'm doing this for our own good! Besides, this is a great environment!"

This place was full of spiritual energy, so when they were cultivating, they would be able to absorb the spiritual energy into their bodies and then cultivate faster.

Such an environment was not as good as their previous place, but it was already quite rare and good.

While mentioning the environment, Xia Xibei finally reacted and grabbed him by the ear, "When did you get this? People have to laugh at this, right?"

If others saw this big bed, what else would they not understand?

If this kind of thing were seen by others, even with Xia Xibei's thick skin, she would be embarrassed.

"What's there to laugh at?" Qiao Yanjue showed his teeth, "I think it's great. Besides, I've given them enough money that they know to shut up."

Besides, what he did wasn't that much of a stretch.

There were a lot of rich people with worse and scarier fetishes.

It was perfectly normal for them.

Xia Xibei snickered, looked down, and bit her lip.

“You talk too much!”

“It’s okay. I can shut up,” Qiao Yanjue raised a smile and caressed her.

Chapter 1540 - 1540 Handle It Like This

1540 Handle It Like This

Qiao Yanjue had personally come here before to conduct a survey.

He found that there were indeed a lot of spirit stones here, and they were of good quality.

Although there were some that were buried quite deep, there was still a lot of spiritual energy emitted from them.

He had thought about digging up all these spirit stones so that he wouldn’t have to worry about who would covet this Rose Manor.

!!

However, after serious consideration, he vetoed this idea.

Digging up the spirit stones was indeed a good idea. However, it was not good for the subsequent development.

If the spirit stones were dug out, it would be more troublesome in terms of preservation.

If the spirit stones were allowed to continue to be placed in the ground, there would be a continuous flow of spiritual energy.

Of course, the surrounding environment couldn't change much.

The better the surrounding environment, the more spirit stones there would be and the better the quality.

A good environment did not mean that there must be spirit stones, but if there were spirit stones, the environment must be very good.

So, for the sake of follow-up development, Qiao Yanjue decided to keep them in the ground.

However, in order to avoid people coming over to steal the spirit stones, he also increased security.

At the same time, their company's products could also be put to use.

In addition to that, he also personally went into the laboratory and finally came up with several spirit weapons that could be used for attacks.

Although they were only low-level spiritual weapons, the defense and attacking abilities were already enough.

If someone snuck in here without permission, they would be harmed by these spiritual weapons.

There were not many people here who could withstand the attacks of these spiritual weapons.

Moreover, this was Country M. This place belonged to Qiao Yanjue. If others came in and suffered any harm, it was at their own peril.

Therefore, Qiao Yanjue did not feel the least bit sheepish about setting up the spiritual weapons.

Although it was not an offensive spiritual weapon with very high killing power, it was enough to block the thieves.

If he hadn't led the way, those petty thieves wouldn't have been able to get in.

Those thieves were caught outside before.

Now, there were enough security personnel and facilities outside. Inside, there were more powerful spiritual weapons.

That was not to say that the place was invulnerable, but it was definitely not that easy to sneak in.

That was why Qiao Yanjue made a space here, so that he could slowly double cultivate with Xia Xibei.

Listening to Qiao Yanjue's plans, Xia Xibei was also satisfied.

She naturally knew that if the spirit stones were dug out, it would be troublesome to preserve them later.

This kind of practice was the best.

Moreover, with the spirit weapon refined by Qiao Yanjue, this place was absolutely safe.

"If Yang Mo wanted to come in, it wouldn't be that easy," Xia Xibei laughed.

"Yes," Qiao Yanjue nodded, "So you don't have to worry that we will be discovered."

Since the place was built, no one had been able to come in. Even the cleaning here was done by him.

At that, Xia Xibei was even more satisfied.

The two of them fooled around here for several days before they left.

If it weren't for the food being brought in from the outside, people would have thought they were starving to death inside.

After a perfect recharge, Qiao Yanjue was glowing.

The two of them talked about Qi Xin and Ling Juan again.

However, their joint decision was to wait and see what happened.

Now, Ling Juan was hiding somewhere, and Qi Xin, after this experience, had also retreated a lot and had been hiding at home.

How could Xia Xibei find a problem when Qi Xin had no movement?

She had someone keep an eye on Qi Xin, and so far, she had not seen her contacting Ling Juan.

So, Xia Xibei could only put this matter aside for the time being.

Moreover, she still had to return to the movie set.
