1541 Getting Along Well

The next day, Xia Xibei returned to the set.

Director Smith and the rest of the cast were very happy and gave her a warm welcome.

Although she had only been away for a month, it seemed to them as if they hadn't seen each other for years.

Callas, in particular, missed Xia Xibei to death.

!!

"Honey, you're finally back!" He opened his arms excitedly and gave her a hug, then asked, "Did you bring any hair growth potion?"

Callas' words made Xia Xibei's mouth twitch, and she couldn't help but look at his hair.

"Didn't you grow this out already?"

If you compared the picture from a few months ago to now, Callas' change was absolutely amazing.

A few months ago, Callas' hairline was in danger, as if it was going to run wildly upwards in the next second, never to return.

He could only comb his bangs downward to block his hairline.

Now, he proudly combed his bangs upward to reveal his full forehead.

She had to say that this hairstyle was indeed much more handsome than before.

If a handsome person were balding, he wouldn't look that fantastic.

This was all because Xia Xibei gave him a hair growth potion!

So, he very diligently used up all these hair growth potions.

"I'm fine, but the others need it!" Callas said immediately. "I have a lot of friends who want it."

Xia Xibei then realized that he had gone to a party earlier, and when others saw his change, the word got out.

Many of Callas's friends were suffering from this problem.

If a man were handsome but lost his hair, he would look a few decades older!

His current situation was so different from before that it naturally drew a lot of attention.

Faced with his friends' requests, how could he not say yes?

So, he approached Xia Xibei.

Xia Xibei looked at him, asking, "Why didn't you contact my agent before?"

Callas squirmed somewhat, "It's that they were a little embarrassed..."

Xia Xibei was speechless. They were embarrassed?

"Okay, you tell my agent, and I'll have someone bring it to you."

When a client came to the door, of course Xia Xibei would not refuse.

Besides, with such a strong endorsement from Callas, they didn't have to worry about the sales of Hongyan Youth's hair regrowth potion.

Although Xia Xibei was in the entertainment industry, she also cared about her business.

Hongyan Youth was founded by her, even if she did not use as much thought as Huo Zijun, but it was her own “child” after all!

Otherwise, she wouldn’t have approached Callas earlier.

Callas left happy, and then Nora came.

“Do you have any more of the pills from before?”

She asked the same thing.

Xia Xibei understood, “Yes, you tell my agent the amount. I’ll have someone bring it to you.”

“Thanks, honey!”

Nora gave her a warm kiss and then happily went to get ready.

Watching Xia Xibei being so popular, Director Smith tsked.

Callas and Nora were both famous stars in the entertainment industry, and although their personalities were quite bright and cheerful, that did not mean that they were not arrogant.

They seemed to be able to get along with anyone, but that was just an illusion.

Xia Xibei was able to get along well with them, which left Smith a bit impressed.

“Well, since you’re back, hurry up and finish the rest of the scenes.”

“Yes!”

Xia Xibei nodded and then went to do her makeup.

An hour later, Xia Xibei changed into a tight-fitting black suit and walked out.

Suddenly, she frowned and looked over to the side, then met a pair of dark eyes.

Chapter 1542 - 1542 Middle-aged Man

1542 Middle-aged Man

It was a middle-aged man, and it clearly looked like a Hua man.

It was a bit of a surprise for Xia Xibei to see a Hua man here.

Most of the people here were M nationals, and it was not easy to see Asians here.

Director Smith was not racist, but the team he selected was usually from the same country, so there was no barrier to communication.

!!

Apart from Xia Xibei, there were only one or two Asians on the team.

However, Xia Xibei had not seen this man before.

The middle-aged man looked quite handsome and had the style of a mature man.

However, the way he looked at Xia Xibei made her a little uncomfortable.

The eyes were scrutinizing, unpleasant, and a little arrogant, as if Xia Xibei was cargo selected by him.

When this thought came, Xia Xibei's smile also disappeared.

She was confident in her intuition.

Moreover, she also noticed that the man's demeanor and behavior were not that of an ordinary person's.

Looking at his stance and his posture, she could see that he should also know martial arts.

The appearance of such a person at this time made Xia Xibei very suspicious of his intentions.

Looking at the producer on the other side, it was clear that he and the man had a good friendship.

Xia Xibei thought that he should be a friend of the producer who came to visit.

She didn't think too much about it, blocked out the man's gaze, and started working.

She was wearing a tight black leather outfit that outlined her perfect figure.

There was no trace of excess fat on her body.

With long legs, long black hair, and exquisite, stunning eyes, she was obviously the heroine of the story.

It was not the first time she was dressed like this, but every time she came out, she made many people drool.

Such a body simply made people's minds go to places.

If the image were posted on the Internet, fans would be licking the screen like crazy.

Xia Xibei was used to stares from others and calmly walked up to the director and listened to him talk about the scene.

Soon, she understood her part in the scene, and the director pointed out what would happen to her afterward.

“Action!”

Xia Xibei rushed out like an arrow, stepped on a wooden box, then rolled mid-air, crossed over the man rushing towards her, and kicked him down backward.

Seeing this, the other thugs came around.

She looked at them with a calm and knife-like gaze, and her movements were even sharper.

These moves had been designed and rehearsed by Xia Xibei and the rest of the cast, so the shoot went smoothly.

The camera followed Xia Xibei closely, capturing all her movements and expressions.

Director Smith watched the action on the screen and finally called out to stop.

He looked at Xia Xibei with satisfaction and exclaimed, “Great! Very good!”

The others also got up from the ground, holding their backs and grimacing.

Although this was just shooting a scene, Xia Xibei really hit hard.

However, the effect would be better if filmed this way.

The others also came over and complimented them.

Xia Xibei smilingly accepted the compliments and then went to the side to rest.

Not long after, there was a shadow in front of her.

She looked up and saw that it was the man from earlier.

Xia Xibei frowned, "Hello?"

The man looked at her with the same scrutinizing look as before.

He stood in front of Xia Xibei's chair, looking at her from above, and spoke in her language, "You're doing well."

Xia Xibei's heart lurched, and she didn't feel happy at all with this kind of arrogant compliment.

Before she could say anything, the man added, “But you’d better not be a star again.”

Chapter 1543 - 1543 Future Father-in-Law

1543 Future Father-in-Law

These words made Xia Xibei’s expression stiffen, thinking that she had misheard.

What he should have said was, “You’re a very good actress,” right?

What did he mean she better not be a star?

Who was he? Who gave him the right to tell her what to do?

!!

He clearly praised her at the beginning, but then he told her not to be a star.

Was this person crazy or sick?

Xia Xibei stood up to keep herself from looking vulnerable.

“Who are you?”

He was the same age as Qi Zhi'an, but with arrogance and bravado that Qi Zhi'an did not have.

Both of them had the same calmness that came with being in a high position, one that made people submissive.

However, his arrogance was too strong, as if everyone else in the world was only worthy of serving him.

This kind of arrogance made Xia Xibei very unhappy.

"I am your future father-in-law."

When these words were said, Xia Xibei's mouth twitched, thinking she had hallucinated.

"What did you say?"

She tugged her ears with a skeptical look.

Her action made the man's brow furrow, as if he was about to reprimand her in the next second.

Looking at his eyes, Xia Xibei felt like he was in a trance, thinking about how sinful her actions just now were.

Was there something wrong with this man?

Did he just escape from the mental hospital?

"I am your future father-in-law," the man repeated in a deep voice, looking at Xia Xibei in a critical way. "You are indeed good, but our family does not need a showy starlet."

The corners of Xia Xibei's mouth twitched at these words.

A showy starlet?

What gave him the nerve to say those words?

"Wait." Xia Xibei held back the rage in her heart. "Please reintroduce yourself. I may have misheard you, or maybe you've said something wrong."

Since when did she have a father-in-law?

Could it be a eunuch from the palace?

The man frowned impatiently, then reintroduced himself, "My surname is Wang, and I am your husband's father."

“Wang?” Xia Xibei chuckled, “I thought your surname was King, and your name was Emperor!”

If he wasn’t an emperor, how come he was so arrogant?

The man frowned, “Nonsense!”

Xia Xibei laughed, “Nonsense is you, right? I don’t have a husband.”

Although she had a boyfriend, he was not Qiao Yanjue’s father.

Besides, Qiao Yanjue’s father wouldn’t have been so foolishly high and mighty.

If it weren’t for the special circumstances here, she might have already thrown a slap across his face.

He better check to see if he was qualified to be her father-in-law!

“You’ll have a husband soon.”

The man looked her up and down, and when he saw her tight outfit, the veins on his forehead seemed to be coming out.

Xia Xibei thought he might be about to say “What a shame” next.

This was simply too terrible.

Obviously, he was handsome, but how could he be so old-fashioned?

It’s as if he’s an old-fashioned man who came out of the last century.

“Sorry, I have something to do. I’m leaving now.”

Xia Xibei pursed her mouth and smiled.

She had nothing to say to such fools.

Seeing that she was about to leave, the man frowned, “Your father didn’t tell you about this matter?”

This made Xia Xibei stop in her tracks. “My father?”

“Yes.”

The man nodded, “Your father is Qi Zhi’an, right?”

Xia Xibei was surprised, “How do you know?”

So he really knew her!

He was here to make a scene, right?

“That’s right, you are the future daughter-in-law of the Wang family and will join the Wang family in the future.”

Looking at his high and mighty face, Xia Xibei laughed, “Then should I say a word of thanks to your highness?”

Chapter 1544 - 1544 A Freshly Unearthed Antique

1544 A Freshly Unearthed Antique

Xia Xibei’s words made the man frown, “What are you talking about?”

Without waiting for Xia Xibei to answer, he continued. “Our Wang family and your Qi family had a marriage contract before, and since you are Qi Zhi’an’s daughter, you are naturally our family’s daughter-in-law. Our family doesn’t like showy starlets, so it’s best for you to quit the entertainment industry.”

Watching the man talk, Xia Xibei felt like she was going to be unable to hold back her crankiness.

She looked at him with a tight smile, "Is that so? Then you'd better find a new daughter-in-law, because I just love to act and show my face!"

!!

Although she didn't spend much time in the entertainment industry, she was quite fond of this job.

Before, she joined the circle for Xia Qinghan, but now she had her own fans, and she felt like she belonged here.

She may not work as hard as other artists, but that didn't mean she didn't like it. It was a job for her.

Now, this random person came out and said all this nonsense. She almost couldn't hold back her rage.

After disputing him, she slapped her forehead with a look of regret. "Oh no, you'd better go see a neurologist. Your paranoia is quite serious. It's best to treat it early! Come on, don't give up on yourself!"

Looking at her sympathetic face, the man's face darkened.

"Nonsense! Didn't the Qi family teach you the rules?! Is this your tone of voice when you talk to your elders?"

Xia Xibei hugged her chest and stood with her feet facing outward in a defiant posture, "Who is my elder? You? Maybe you can look in the mirror to see if you are qualified to be my elder!"

"You!" The man was so angry at her words that he jumped to his feet, "How dare you!"

Xia Xibei was almost amused.

He was really old-fashioned and said things as if he was an unearthed antique.

“Okay, I’m not going to talk nonsense with you. I’m going.”

Xia Xibei did not want to bother with him anymore. After all, these kinds of people, with water in their brains, were best avoided.

Seeing that she was leaving, the man reached out to stop her.

Xia Xibei’s gaze sharpened and her feet moved, avoiding his hand.

“What are you doing?”

Her eyes were as cold as a sharp blade.

The man’s movements also stopped, looking into her eyes with a little surprise.

Just now, when he saw her movements during the shoot, he thought it was just posturing.

After all, many stars nowadays were just for show.

He didn't expect Xia Xibei to be more than just an actor; she had real skills!

As expected, she was the child of the Qi family!

"Sir, please behave yourself!"

Xia Xibei's eyes were cold, and her fists were itching to give him a punch.

If not for the fact that this was a film set, she might have already done

it.

Even if this man were crazy, if he provoked her, she would not let him go.

The man withdrew his hand. His face also looked a little better, and he nodded approvingly, "Not bad. To have such strength at this age is very good."

Listening to his tone, Xia Xibei couldn't help but laugh.

Again, that condescending tone, it's disgusting and cranky!

She sneered and her aura suddenly skyrocketed, “Sir, I’m warning you for the last time, if you have a mental problem, please go see a doctor!”

Just because she was a doctor didn’t mean she was responsible for him!

The man was startled by her aura, and his face turned serious.

This girl was even better than he thought!

However, that was good. She was qualified to be his son’s wife!

Chapter 1545 - 1545 A Marriage Contract

1545 A Marriage Contract

Xia Xibei brushed the man aside and quickly left.

She was afraid that she couldn’t help herself and make a move right here.

There was no telling where this psychopath came from!

Back in her room, before she could call the Qi family, the phone rang.

!!

It was Qi Zhi'an.

Xia Xibei raised her eyebrows, then picked up the phone.

"Did you meet a man today?" Qi Zhi'an asked.

"How did you know?"

Xia Xibei was slightly surprised, as she hadn't even complained yet.

"I just found out." Qi Zhi'an sounded a little helpless, "He called me."

"He called you?"

Xia Xibei was even more surprised that the man really knew Qi Zhi'an!

However, her face also became unpleasant.

What was that man trying to do?

"Who is he?" Xia Xibei asked. "He said a bunch of crazy things to me today."

“Did he say something about your marriage?”

Qi Zhi'an's voice was helpless.

“Yes,” Xia Xibei nodded, then grunted. “What the hell is going on here? When did I have this damn marriage contract?”

Qi Zhi'an sighed, “It's a long story.”

Was it really a thing?

Xia Xibei was surprised.

Qi Zhi'an then slowly told what had happened.

The Qi family and the Wang family really had a marriage contract!

However, this marriage contract had nothing much to do with Xia Xibei.

The marriage contract between the Qi family and the Wang family was set many years ago by the older generation.

At that time, the two families were as close as a family, so the patriarchs said to see if their offspring could become a family in the future.

However, after Qi Zhi'an was born, this matter was nullified, because the Qi and Wang families both had boys in this generation!

If both families had boys, how could they get married?

They weren't interested!

After that, the Wang family's focus slowly shifted to the M country.

Although they were also ancient martial arts families, the Wang family found it was not as hard to leave their homeland as other families.

Instead, they chose to go abroad to develop.

After that, because of the distance, the two sides had not been in contact for 20 to 30 years.

This time, somehow, the Wang family came out of nowhere and talked about the previous marriage contract again.

The previous generation was all boys, but there were girls in this generation!

There were Xia Xibei and Qi Xin in this generation's first line!

Somehow, the Wang family learned about the situation from somewhere and really came to the door.

Xia Xibei was now Qi Zhi'an's own daughter, with a different status and importance.

Therefore, if the Wang family wanted to join in marriage, it was natural to look for Xia Xibei.

The one to be married to Xia Xibei was the son of Wang Qun, the middle-aged man from before: Wang Tianze.

Wang Tianze was an eligible bachelor. He was popular even in M.

Such a popular guy had inexplicably become Xia Xibei's fiancé.

What was even more incredible was that Wang Qun took the initiative to come to the door, check out Xia Xibei, and then dictate to her about her situation.

"What's it to me?" Xia Xibei snorted coldly. "I have nothing to do with them!"

She had only just returned to the Qi family. She didn't have time to sacrifice this for the Qi family.

If the Qi family dared to make such a request to her, she would definitely let them know the consequences.

She had never been much of an obedient child, much less one to sacrifice for the sake of the family.

"I know," Qi Zhi'an nodded, "I have no intention of letting you be with the Wang family's offspring either."

He was not a fool!

The Wang family had not associated with them for so many years, and now they suddenly appear and say they want to get married? There was definitely something going on here!

Chapter 1546 - 1546 Not a Big Deal

1546 Not a Big Deal

Xia Xibei had just returned, but to Qi Zhi'an, she was his own daughter after all.

He hadn't given Xia Xibei much benefit and care before, but he wouldn't have the nerve to let her marry into the Wang family!

Besides, Xia Xibei already had a boyfriend.

Although Qiao Yanjue's family may not be as well off as Wang Tianze's, he was still a giant among men!

!!

Qi Zhi'an was not an old-fashioned parent, much less one who would interfere with his children's relationships.

Besides, they had not had many dealings with the Wang family over the years, and he was not sure about Wang Tianze's situation, so how could he dare to let his daughter marry him?

Even if the Wang family's development were smoother than the Qi family, the Qi family would not be afraid of them.

In this situation, where would he make such a foolish decision?

"It's good that you won't." Xia Xibei then nodded in satisfaction, "If you dare to do such a thing, let's not talk anymore!"

Hearing his daughter's arrogant tone, Qi Zhi'an smiled, "Don't worry. We won't."

"But that guy is so annoying." Xia Xibei told him about Wang Qun's behavior today. "He suddenly came and asked me to quit the entertainment industry and become his daughter-in-law... He is crazy!"

When Xia Xibei finished, Qi Zhi'an was also a little annoyed.

To be honest, he also did not like Xia Xibei in the entertainment industry.

The entertainment industry was so confusing and complicated. How difficult it was for her as a girl!

Besides, the Qi family had more than enough money without Xia Xibei having to work.

However, he didn't make such a request to Xia Xibei either.

He knew that Xia Xibei liked being a star.

Since she liked it, it was natural for them to support it.

Even though they, the parents, did not make such an unreasonable request, it was shameless for Wang Qun to make such a request on the first day of them meeting!

Qi Zhi'an's impression of Wang Qun was even worse now.

"You don't need to care about him! He has a stinky temper, don't bother with him."

Qi Zhi'an and Wang Qun knew each other as children and had some understanding of each other's temperament.

Although it'd been years since they'd been in touch and both sides' personalities had changed a bit, Wang Qun's temper hadn't really changed.

He was always self-absorbed.

This was the case then, and it is the case now.

If Xia Xibei had married there, the result would have been horrible!

Qi Zhi'an was not even half interested in Wang Tianze, whom he had never met.

How could the son be any good with a father like this?

When Wang Qun called earlier about the marriage contract, he had already muddled through with a snort.

Now it seemed that they had to make things clear.

This so-called marriage contract was just a joke of the previous generation, with no validity and no need to take it seriously.

"Don't worry, I will take care of this matter."

After receiving Qi Zhi'an's assurance, Xia Xibei was satisfied.

"Okay, you take care of it. I don't want to see him again." She pouted, "If I see him again, I won't promise to keep my hands to myself!"

This made Qi Zhi'an laugh, "It's okay. You don't have to do it!"

"That's good."

After the two of them finished their phone call, Xia Xibei called Qiao Yanjue.

Knowing that Xia Xibei suddenly had a fiancé, he was a bit jealous.

"When did you get a fiancé?"

"Didn't you also have a fiancée before?" Xia Xibei sneered back.

Qiao Yanjue got anxious, "That was just a rumor about me!"

"Mine is not a rumor, but it's almost like a rumor."

The two of them insulted each other for a while before Qiao Yanjue ground his teeth viciously, "If I ever see them, I will definitely make them pay!"

Chapter 1547 - 1547 Hello Mr. Wang

1547 Hello Mr. Wang

Qiao Yanjue did not expect to see the person he considered a moron so soon after he said this.

Qiao Yanjue had been staying in M in recent days, doing his best to develop the new business.

He had been working with Mr. Elton and had quickly opened up the market here.

Through Mr. Elton, he got to know a lot of people.

!!

Although the local people were slightly xenophobic, with Mr. Elton's leadership and the excellent quality of the Qiao Group's products, he was quickly accepted by everyone.

So, the Qiao Group was growing more and more rapidly and got a firm foothold here.

Many people knew that the young heir from the Qiao Group of Hua was particularly outstanding!

If Qiao Yanjue hadn't said long ago that he had a girlfriend, he might have been inundated with referrals.

Whether in public or private, it would definitely be good to be closely associated with him.

Qiao Yanjue also attended a lot of parties.

He did not like to attend these parties, but he was able to handle them with ease.

On this day, he was invited to another dinner party.

It was a party hosted by Mr. Brown, a big businessman in M, to celebrate his daughter's 18th birthday.

Mr. Brown was famous in M. He had excellent means, and his companies were involved in many fields.

He was in his fifties and in the prime of his life. He had several children, but the most favored was his eighteen-year-old daughter.

For his daughter's birthday party, he went to great lengths to throw a party and invited many people.

Qiao Yanjue also became one of the invitees.

Most of them brought their female companions.

Qiao Yanjue should have brought a female companion, but he couldn't because of Xia Xibei's status.

He didn't want to be with other girls, and he didn't want to give them any other hints.

So, he came alone.

When he arrived, many people knew him and came up to greet him warmly.

Mr. Elton was also there, showing him around and introducing him to other people.

Qiao Yanjue followed him around and got to know many guests as well.

Soon, Mr. Elton stopped with a big smile. "Mr. Wang, long time no see!"

Mr. Wang?

Qiao Yanjue stopped because of this somewhat familiar surname and met a pair of dark eyes.

Qiao Yanjue froze for a moment.

The man was obviously a Hua citizen, with black hair and eyes and handsome features.

The man was about his age, tall, wearing a refined, well-fitting black suit, with his hair meticulously combed up to reveal a polished forehead and an unusual aura.

Qiao Yanjue was sizing up the man, and the man was doing the same to him.

The two men's eyes met in the air as if with an electric lightning bolt.

Little did they know that two equally brilliant Asian men were special in the eyes of others as well.

Most of the people here were tall white men, and these two dark-haired, dark-eyed guys just seemed special, not to mention the fact that they were both equally brilliant.

"Mr. Wang!" Mr. Elton didn't notice the undercurrents between the two and introduced them with a smile. "This is Mr. Qiao. He's also from Hua!"

"Hello."

Mr. Wang smiled at Qiao Yanjue and extended his right hand.

Qiao Yanjue's mouth held a faint smile as he extended his hand, "Hello, Mr. Wang."

The two of them shook hands, and Qiao Yanjue suddenly frowned.

He found that Mr. Wang's fingers were a bit restless and moving on his palm.

He immediately frowned in disgust.

Chapter 1548 - 1548 Only Like the Hua Ones

1548 Only Like the Hua Ones

Qiao Yanjue's brow was locked, and his face was unpleasant.

However, when he looked up, the other party had a calm face and did not show the slightest problem.

"Mr. Qiao," Wang smiled calmly and spoke in his language, "Allow me to introduce myself, my surname is Wang, and my name is Tianze."

"Wang Tianze?" Qiao Yanjue was slightly surprised, and what Xia Xibei had said earlier immediately came to mind.

!!

This Wang Tianze was really the Wang family member that Xia Xibei just mentioned!

Moreover, he was also Xia Xibei's so-called fiancé.

Thinking of this, Qiao Yanjue also understood the meaning of the other party's action just now.

He knew about his relationship with Xia Xibei, and that was why he had such an attitude.

This was a provocation!

Qiao Yanjue withdrew his hand and nodded. "Hello, Mr. Wang."

"Welcome to M. I hope we will have the opportunity to cooperate and create a bright future together."

Wang Tianze's words were very grounded, not the same as his reserved and arrogant temperament.

"Yes, there will be opportunities to cooperate."

Qiao Yanjue also smiled faintly.

Mr. Elton smiled happily. "I knew you guys would be able to get along well. Don't you have a saying in Hua? It's good to meet a friend from your hometown in another country!"

Friend? What kind of friends were they?

Qiao Yanjue did not correct him.

While they were talking, other people also came over.

Those who were here were all the bigwigs in various industries.

Qiao Yanjue was not arrogant at all in front of these bigwigs who were older than him and modestly discussed with the crowd.

Everyone was talking about the current market economy, and it was very lively.

Qiao Yanjue, however, could feel Wang Tianze's lingering gaze during the chat.

He frowned to himself and became wary of Wang Tianze.

After chatting for a while, Mr. Brown's daughter Betty came out.

Betty looked very beautiful. She'd just turned 18.

Although she had just reached adulthood, both her figure and temperament were very mature, looking just like a young woman in her twenties, yet she still had the innocence of a girl, which made her very compelling.

Together with her status, she naturally attracted the attention of many people.

Many men in the room couldn't wait to become her boyfriend.

Mr. Brown came out with his daughter and greeted the welcoming crowd with great satisfaction.

After that, he also revealed a message between the lines: his daughter was old enough to have a boyfriend.

Once these words came out, many men's breaths thickened a lot.

As everyone knew, she was Mr. Brown's favorite child, and naturally, there would be no shortage in terms of assets for her.

However, this was not attractive to Qiao Yanjue.

"What do you think of Ms. Brown?"

A low voice came to Qiao Yanjue's ears.

He turned his head and saw that it was Wang Tianze.

Wang Tianze was looking at him, and his dark eyes seemed to carry a light.

"Ms. Brown is wonderful," Qiao Yanjue said politely in return.

“Wonderful indeed,” Wang Tianze also smiled and nodded.

Qiao Yanjue pulled away from the other man subtly, “If you are interested, you can pursue her. I believe that Mr. Brown will be very happy as long as you take the initiative.”

Although he didn’t like Wang Tianze, with Wang Tianze’s status, Mr. Brown would be very happy.

“I prefer the girls from Hua,” Wang Tianze smiled.

Qiao Yanjue’s face sank slightly.

Did he mean by that that he only wanted Xia Xibei?

Qiao Yanjue smiled. “There are indeed many beautiful girls in Hua. You are welcome to come back to see more.”

Chapter 1549 - 1549 A Traditional Family

1549 A Traditional Family

After saying this, Qiao Yanjue turned his head to chat with the others and did not talk to Wang Tianze again.

He was afraid that he couldn't help but say something.

If Wang Tianze looked for him, he must have known about his relationship with Xia Xibei.

Under such circumstances, it would be ridiculous to say the two sides could get along.

!!

He also saw that Wang Tianze would not give up Xia Xibei.

Otherwise, he could have just said that he was not interested in Xia Xibei. There was no need to say those strange words.

Since Wang Tianze's attitude was already so obvious, Qiao Yanjue would not try to change him.

If he dared to do something, here we go!

Seeing Qiao Yanjue's cold attitude, Wang Tianze didn't say anything, just smiled, his eyes complicated.

The party went well.

After the music started and Betty and her father did the opening dance, the crowd started dancing too.

Many people brought their female companions, but there were also many who came alone and started inviting people around them to dance.

Those who were able to come here were all from the same circle, so they naturally had a good time.

However, there were a lot of middle-aged people here, and many of Betty's friends were young people.

Young people and elders could not play together. They would be easily inhibited if the elders were present.

So, Mr. Brown had made appropriate plans.

Soon, Betty and the others changed their location.

This was a big mansion with several halls inside.

A hall occupied thousands of square meters, enough for them to party.

The young people changed places and went to another hall to continue to play.

The rest of them stayed on the scene to chat, and many of them even established a partnership here.

Qiao Yanjue was taken around by Mr. Elton and got to know a lot of people.

When people found out he was the president of the Qiao Group, they had more respect for him.

Many people knew that the Qiao Group was now launching a new product with very good quality and a very low price.

In other words, there was a lot of profit here.

Therefore, many people went up to talk with Qiao Yanjue.

Qiao Yanjue did not refuse the attention.

Everyone chatted happily, and the scene was very harmonious.

By the time Qiao Yanjue reacted, Wang Tianze had already left.

Seeing him looking for someone, Mr. Elton smiled, "Mr. Wang has already left."

Qiao Yanjue smiled, "What does the Wang family do?"

Mr. Elton immediately explained, "The Wang family is the controlling party of the HP Group."

Once these words were said, Qiao Yanjue immediately understood the Wang family's situation.

The HP Group was a big conglomerate in M, and one of the top 100 companies in the world.

Although the Qiao family was also very good, it was not at this level yet

The HP Group was involved in many fields and had several mining interests under its name.

It could be said that the HP Group was very famous.

The HP Group was famous in M for another reason: the family behind the company was of Asian descent.

Moreover, although the children of their family had many girlfriends, their wives were usually from Hua.

Although they had been in M for so many years, they were still very traditional in their thinking.

When talking about “tradition,” Mr. Elton’s expression was a bit puzzled.

To them, this so-called tradition was really ridiculous.

However, they would not question others’ decisions.

Anyway, they could always cooperate and make money together.

After listening to Mr. Elton's explanation, Qiao Yanjue understood what the Wang family meant.

As a traditional family, it was impossible for them to accept girls with different skin colors.

The Wang family also had a different relationship with the Qi family. Plus, given how excellent Xia Xibei was, it was only natural for them to set their eyes on Xia Xibei.

1550 Ambushed

After Qiao Yanjue understood the Wang family's attitude, he was disdainful, but he didn't think too much about it.

He did not have too much of a problem with them.

As long as the Wang family understood the attitude of Xia Xibei and the Qi family and no longer dwelled on this matter, then there was no need for him to cross paths with the Wang family.

If both sides fought, many people would be hurt.

!!

Next, Qiao Yanjue and the others continued to talk and had a good chat.

Later on in the conversation, Mr. Elton had to leave for a while.

Qiao Yanjue nodded at him and then continued talking with the others.

After another ten minutes, a young waiter came over.

“Hello, are you Mr. Qiao?”

“I am.”

“Hello, Mr. Elton asked me to come to find you.”

“Find me?” Qiao Yanjue raised his eyebrows.

“Yes, Mr. Elton is meeting a friend right now and wants to invite you over,” the waiter said very respectfully.

“Okay. I’ll go over,” Qiao Yanjue nodded.

“Okay, please follow me.”

The waiter turned and began to lead the way.

Soon, Qiao Yanjue was led to a room that had a floral scent.

“Please wait for a moment. Mr. Elton and his friend are coming over.”

“Alright.”

Qiao Yanjue nodded and sat on the sofa to wait.

Soon, his heart suddenly jumped, and his face changed slightly.

He sniffled and found that his head was a little dizzy and his heart was beating a little fast.

He followed the scent and soon found a bottle.

Inside the bottle was aromatherapy with some incense sticks stuck in it.

The smell was very fresh, and there was nothing wrong with it.

However, Qiao Yanjue immediately ran the qi in his body, his mind cleared for a while, and then his face changed slightly.

There was something wrong with this fragrance!

Qiao Yanjue didn't have too much talent in medicine-refining and healing, so his strength wasn't too good, but that didn't mean he didn't know anything.

Although he couldn't distinguish the problem with these scents, he could tell that there was something wrong here.

This made his face unpleasant.

Who the hell did this?

Before he could leave, he heard a little noise coming from inside.

His face changed slightly, and he immediately stood up.

Opening the door that was ajar, he saw the inside of the room.

There was a big bed in the room, and on the bed was a svelte woman.

The woman's clothes had been pulled apart, revealing her full chest, and her clothes were very messy, with a sense of her being ravaged.

The woman's face was flushed, and she kept moaning.

This woman was Mr. Brown's daughter Betty!

Qiao Yanjue's face went ashen, and he immediately closed the door.

At this time, he smelled the fragrance again.

This time, he could feel a little agitation in his body.

He hurriedly mobilized his qi to suppress his restlessness.

He was ambushed!

Now that he had understood, he didn't want to stay any longer.

However, when he went to open the door, it was locked from the outside!

At this moment, many thoughts flashed through his mind.

With his current status, if he were caught in the same room with Ms. Brown, there would definitely be a scene.

He didn't know Mr. Brown that well, but if the crowd saw such a situation, Mr. Brown would definitely force him to admit to the matter.

Even if nothing had happened between them!

Thinking of this, Qiao Yanjue turned around and ran to the balcony.

The room he was in now was on the third floor, and the floor here was particularly high, with the first floor being five meters high. In other words, he was now ten meters above the ground!
