

Chapter 1551 - 1551 Jumping Down

1551 Jumping Down

Looking at such a high place, Qiao Yanjue finally understood that the other party was prepared.

Moreover, it was likely to have something to do with Mr. Brown!

After all, this was Mr. Brown's territory.

Could it be that Mr. Brown wanted him as a son-in-law?

!!

Even if that were the case, it would not be necessary to use such a method!

No questions, no discussion, just like this?

Qiao Yanjue was overwhelmed with thoughts, but the most important thing now was to get out of there first.

He looked at the height of the place and then looked around.

There was no place around for him to approach.

The windowsills nearby were at least five meters away from here.

He could not jump over.

So, he could only go down.

How could he go down at such a height?

Qiao Yanjue's ears twitched and suddenly heard voices from outside approaching.

No, people were coming!

It was a group of people.

If he were caught, he would be unable to defend himself.

Given how it was possibly related to Mr. Brown, it would be even harder to explain.

So, in order to avoid such an ugly scene, Qiao Yanjue could only choose to go down.

After calculating the distance from the bottom, he took a deep breath and climbed up the balcony fence.

Then, with a leap of his body, he dropped downward.

During this time, his feet tapped at the wall, using it as a fulcrum.

After a few back and forths, he finally reached the bottom.

Only after reaching the bottom did he breathe a sigh of relief.

This little height was not really a problem for him in the past.

However, in this life, he really did not experience this kind of thing. Who had time to jump off buildings these days?

Fortunately, he hadn't lost his previous skills.

After reaching the bottom, he tidied up his clothes and adjusted his demeanor to make sure he was okay before going in.

Then, he returned to the place where he was just now.

When Mr. Elton saw him come back, he immediately greeted him happily, "Mr. Qiao, where have you been? Why didn't I see you just now?"

This made Qiao Yanjue understand.

"I just left for a while."

Mr. Elton immediately understood.

He went to the restroom.

"By the way, we had just mentioned..."

Qiao Yanjue smiled and joined in their conversation.

After a while, a distant voice could be heard approaching.

Qiao Yanjue looked over, and it was Mr. Brown.

Mr. Brown's face didn't look good. It was not clear if it was because of his daughter or because of Qiao Yanjue's matter.

However, when he came over, Qiao Yanjue understood that Mr. Brown had nothing to do with this incident.

Mr. Brown just had an annoyed face, but the annoyance was not directed at him.

In other words, he didn't know that this matter was related to Qiao Yanjue.

This made Qiao Yanjue's heart sink.

If it wasn't Mr. Brown, then who was it?

Ms. Brown?

He and Ms. Brown didn't have any interactions, so why would she

do such a thing to herself?

Moreover, she didn't seem to be in a good condition just now.

If she did it, it shouldn't be like this.

Qiao Yanjue's mind flashed with various doubts, but he didn't know how to explain.

He walked over with a light smile and chatted with Mr. Brown.

Mr. Brown collected himself and began to talk with him about business matters.

While Qiao Yanjue was chatting with them, he was also paying attention to the situation around him.

Soon, he spotted the waiter who had just brought him to that room.

With an intense gaze, he found an excuse and followed him.

Soon, he followed the guy to a secluded place.

Chapter 1552 - 1552 Don't Do It

1552 Don't Do It

The guy was a little nervous but wore a small smile on his face.

If Qiao Yanjue hadn't been staring at him, he wouldn't have been able to tell he was nervous.

After reaching a secluded place, he even looked around for a while.

After making sure no one was around, he took out his phone, tapped on it, and quickly sent a message.

!!

Only after sending the message did he breathe a sigh of relief. However, his face still looked confused.

He was confused as to why Qiao Yanjue was not in the room before.

Clearly, he should be in there!

The guy couldn't figure out what was going on here, let alone why Qiao Yanjue had reappeared in the hall.

Qiao Yanjue looked as if nothing had just happened.

This made him confused and a little panicked. Could it be that what just happened was an illusion?

Maybe Qiao Yanjue could do magic?

No matter what, he had to explain things first to his boss.

He just didn't expect that as soon as he turned around, he was confronted with a pair of bright eyes.

He was startled and staggered backward a few steps, falling to the ground.

Looking at the guy's thief-like demeanor, Qiao Yanjue finally understood that he did it on purpose!

"You..."

The man got up from the ground with a horrified face.

It was over! He's been found out!

Qiao Yanjue looked at him and snorted coldly, "Who told you to do that?"

"W- What?" The man played dumb. "What did you say?"

"I said, who told you to set me up?"

Qiao Yanjue cooled his expression, and his aura surged.

The man shrank in fear, and his feet couldn't help but tremble.

"I... I didn't do anything! Don't wrong me!"

“I have wronged you?” Qiao Yanjue laughed out coldly. “Are you sure I’ve wronged you?”

“Of course!”

The man strained his neck and refused to admit it, “I’ve only been working inside. What do you mean by that, sir?”

He could never admit it!

Besides, Qiao Yanjue had no evidence! As long as he didn’t admit it, it wouldn’t be possible for Qiao Yanjue to beat him into submission.

If he dared to do so, he would go to the police!

This was the country of M!

“Working?” Qiao Yanjue smiled, but the smile did not reach his eyes. “Okay.”

The man thought Qiao Yanjue was helpless and immediately became smug, “If there’s no problem, I’ll go back now.”

“If I asked Mr. Brown for surveillance, do you think you would admit it?” Qiao Yanjue sneered.

“Surveillance?” The man froze for a moment but laughed with an emboldened look. “I didn’t do anything. Why are you looking at surveillance?”

The surveillance here had long been tampered with by them, so there was no need to worry about being discovered.

Qiao Yanjue would never be able to find evidence to prove that they had done something bad.

“Oh? You didn’t do anything?”

Qiao Yanjue, however, smiled, smiling genuinely.

He also understood that the surveillance here was down.

This was a good thing for the man, but for him, it was not a bad thing either!

Now that he was sure the surveillance was broken, he could do more!

Qiao Yanjue looked around and soon found that there was no surveillance there either.

This was even more convenient.

The man was startled by Qiao Yanjue’s looking around.

“What do you want to do? You don’t want to make a move! If you dare to hit me, I will sue you! You’re a big boss. You will not do such a thing, right?”

If Qiao Yanjue were to be sued for assaulting someone, it would be a disgrace back in Hua.

Moreover, their business would also be affected!

Thinking of this, the man was suddenly bursting with confidence.

However, the next moment, he screamed miserably.

“Ah...!”

Chapter 1553 - 1553 Confession

1553 Confession

The man thought that Qiao Yanjue would not make a move against him, so he was relaxed.

Unexpectedly, just as this thought occurred, he saw Qiao Yanjue’s hand reaching toward him.

Qiao Yanjue grabbed his hand and twisted it.

“Argh!”

!!

The man felt his hand being twisted and instantly screamed miserably.

However, before his miserable scream could rise, his mouth was covered by Qiao Yanjue.

“Does it hurt? I don’t think it hurts,” he said to him with a smirk.

Looking at Qiao Yanjue’s smile, the man felt a chill run down his back.

This man was so scary!

In the next second, he no longer had time to think about this.

Qiao Yanjue broke his other hand!

The man drew in a breath, his face was white and blue, and cold sweat immediately emerged.

However, Qiao Yanjue didn’t stop there.

“Well, can you talk now?”

"I..." The man gasped in pain. His face was pale to the core. "You..."

With hate in his eyes, he thought to himself, 'I must sue Qiao Yanjue!'

How dare he do this to him?!

Just as he had this thought, he felt his arm click again, and the bones that were in severe pain returned to their original state.

Except for a little pain at the joint, the terrible pain from before was no longer felt.

The man was dumbfounded.

What kind of trick was this?

Qiao Yanjue snapped and got his other hand back to its original shape as well.

The man was once again dumbfounded.

"I can assure you, even if you were examined by a doctor, there would not be any problems."

Qiao Yanjue smiled at him, a very amiable look.

In the man's eyes, he just became a demon!

It was horrible!

Thinking back to what happened before... He was really the devil, right?

The man's eyes were horrified, and he wanted to disappear immediately.

Wasn't this man a big businessman? Why would he know such terrible tricks?!

Looking at the man's horrified face, Qiao Yanjue continued to smile, "How about it? Can you talk now?"

While saying that, his eyes were staring at the man's legs.

The man was so frightened by his eyes that he shivered and wanted to hide his legs.

These eyes were so scary!

He felt like he couldn't keep his legs!

“I... I will talk!”

Ooh...

The man was about to cry.

What a terrible demon he was!

However, he didn't want to feel the pain he had felt before and could only tell the whole story.

The man who made him do it was a man surnamed Jin, who was of Asian descent.

That man told them to lure Qiao Yanjue to Ms. Brown's room, and then someone would go and catch them in the act.

In order to keep this thing from being discovered, even the surveillance in the house was tampered with.

Of course, to do this one thing, he was not the only one who was bribed.

The waiter said, in addition to him, there were several other people who were bought off.

He couldn't help it. The price offered by the other party was too generous!

They couldn't resist it!

So, Qiao Yanjue got screwed.

The Asian with the surname Jin?

Qiao Yanjue wondered but did not know when he had offended such a person.

"Do you have his contact information?"

"Uh..."

"I just saw you send a message," Qiao Yanjue said indifferently.

The man shook and could only take his phone out.

"Here, here..."

Qiao Yanjue saved the number on his cell phone.

Then, he called Mr. Brown.

“What are you going to do?!”

Hearing Qiao Yanjue’s words, the man was stunned. Weren’t things already over?!

Chapter 1554 - 1554 Security Company

1554 Security Company

The man thought that after confessing the matter, it would be the end of it.

Unexpectedly, Qiao Yanjue informed Mr. Brown!

This was to kill him, right?

The man was anxious and turned around to run away.

!!

Qiao Yanjue stepped forward and grabbed him.

“Let go of me... Argh!”

The man screamed miserably, and the hand that had just recovered its original shape once again had problems.

He didn't dare to move.

This person was too scary!

Wasn't he some kind of big boss? He looked even more handsome than a star, so how come he was so ferocious?

Qiao Yanjue casually subdued the man and handed him over to Mr. Brown.

Mr. Brown was puzzled and in a bad mood.

He had just received a message that something had happened to his daughter.

So, he rushed over with his men.

To his surprise, when he arrived at the scene, only his daughter was there, and the situation was not quite right.

He immediately kicked the men out and let a few girls go in and take care of his daughter.

Although things were handled quickly, his daughter was still seen by a few people, and the situation was a bit humiliating.

Today was obviously supposed to be a good day, so how could something like this happen?

However, because he was the host, there was no way to track down the rest of the situation immediately, so he had to let it go for now.

After just under half an hour, he received another phone call.

The person on the phone told him that the troublemaker had been found.

He immediately rushed over.

Unexpectedly, when he arrived at the scene, he found that it was Qiao Yanjue.

“Mr. Qiao?”

Mr. Brown looked at Qiao Yanjue with a confused face, not understanding what he wanted.

Qiao Yanjue didn't hesitate and tapped on his phone.

Soon, the voice inside rang out.

The waiter was also stunned by his actions.

When did he record their conversation?

Although the voice had a little distortion, it was not difficult to distinguish who was actually there.

However, the voice was not the focus. The focus was on the content inside.

After listening to the content, Mr. Brown's face was stormy, as if a downpour of rain was about to fall in the next moment.

He looked at the waiter with a fierce gaze and became furious, "Ah! So it's you!"

What was even more frightening was that there were several people in the mansion who had been bribed!

Thinking about what the waiter said, his hands and feet were cold.

As a tycoon, who wouldn't worry about their own safety?

If you lost your life, what was the use of having so much money?

So, he looked for a lot of people to protect himself.

This time, he found a security company that was very famous internationally.

This security company was renowned, and many celebrities and dignitaries were their clients.

Moreover, the bodyguards there knew how to protect the privacy of their employers.

before this, Mr. Brown was never worried about this area.

Who would have thought that these people were now being paid off?!

No wonder he couldn't find anything when he checked the surveillance!

So, it had been tampered with!

How dare they?!

He spent so much money to have these people protect him, but who knew they would do such things?!

This was outrageous!

An inside job!

He hired them to protect himself and his family, not to cause trouble!

Mr. Brown was so angry that he immediately took the waiter back and started interrogating him.

At the same time, he had the bribed bodyguards arrested.

He must ask the security company. Were all of their people at this level?

After dealing with this matter, he looked at Qiao Yanjue with a somewhat subtle expression.

Chapter 1555 - 1555 A Blessing in Disguise

1555 A Blessing in Disguise

Mr. Brown was grateful to Qiao Yanjue for helping him find the traitor, but with Qiao Yanjue's status, how could he be involved with this kind of thing?

However, when he thought about it, if Qiao Yanjue and his daughter were really caught in bed, what would be his reaction?

After thinking for a while, Mr. Brown understood.

If this were really the case, he would probably accept a marriage between them.

!!

Qiao Yanjue's status and conditions were very superior. Even in the M country, it was not inferior at all.

Moreover, anyone with a discerning eye could see that Qiao Yanjue had unlimited potential.

Who wouldn't want him to be their son-in-law and become a family with him?

Even if he were to let his daughter make the choice, the result should be the same.

After all, besides being eligible, Qiao Yanjue was also very handsome. Even some stars on TV were not as good-looking as him.

Mr. Brown knew his daughter and knew that she would definitely like Qiao Yanjue's type.

However, if Qiao Yanjue refused to be with his daughter... Things would be difficult.

They would not give up after being insulted.

Mr. Brown, after all, had a lot of knowledge and quickly reacted.

This matter may have started because of Qiao Yanjue.

He didn't know whether he should be angry or not.

"Mr. Brown," Qiao Yanjue looked at him with a serious face. "I'm sorry. I think I was the one who got your daughter involved."

He was so direct and frank, which actually dissipated Mr. Brown's anger quite a bit.

Although this matter had something to do with Qiao Yanjue, Qiao Yanjue was also an innocent person.

He apologized so earnestly that Mr. Brown had nothing to say.

"Alas, it's not your fault," Mr. Brown waved his hand and sighed. "It's also because we are not strict in our security. Otherwise, this kind of thing wouldn't have happened."

According to reason, this kind of thing would not have happened here. The Brown family was, after all, a very rich family.

Now, the family's bodyguards had been bribed, and the waiter had also been bribed... This situation was alarming, to say the least.

In this situation, it was only right to say sorry as the host.

If Qiao Yanjue were an unreasonable person, he would have raised a ruckus with them. After all, this was their territory, and what happened was, of course, their fault. It was they who provided the other party with the venue to commit the crime.

Faced with Mr. Brown's admission of fault, Qiao Yanjue showed a smile, "Don't say that. We did not do anything wrong. The fault is with the people with ill intentions!"

Reminded of this, Mr. Brown immediately nodded his head and gritted his teeth, "Yes! Those are the bad guys! I must settle the score with them!"

Even if he didn't know who the so-called Mr. Jin was, he could definitely find the problem if he looked for clues from these bodyguards.

"Yes, we must not let them go!" Qiao Yanjue also nodded.

The two of them smiled at each other, and their previous grudges instantly dissipated.

Nothing seriously harmful had happened, so Mr. Brown had the heart to think about other things.

For example, the new products of Qiao Group.

By the time others came looking for it, Qiao Yanjue had already negotiated a deal with Mr. Brown.

Qiao Yanjue came to Mr. Brown's party for a business deal.

After all, Mr. Brown was also very powerful.

Before, Qiao Yanjue never had a chance to talk with Mr. Brown.

Unexpectedly, after going through some things, it was successful instead!

Chapter 1556 - 1556 Negative Press

1556 Negative Press

After the party ended, Qiao Yanjue got into the car and said goodbye to the others.

After waving goodbye to the crowd, the car drove forward, and Qiao Yanjue rubbed his forehead with fatigue.

Too many things happened today, making him a little tired.

Looking at the neon lights outside, thoughts began to float in his mind.

!!

According to the waiter's explanation, this time, it was a man surnamed Jin who hired him.

Jin meant he was of Asian descent.

Asians who had a grudge against him...

Qiao Yanjue had a flash of light in his head and sat up straight.

Other than Yang Mo, there was Wang Tianze, who he met only today.

No one else could do such a thing except Wang Tianze.

Qiao Yanjue's gaze was deep, and his mind was filled with waves of suspicion.

Today he had just met Wang Tianze, and after that, Wang Tianze left the party early, so he did not think of the man at first.

What happened today was obviously aimed at him.

Moreover, there was no one other than Wang Tianze who could do this kind of thing today.

Thinking of this, Qiao Yanjue immediately took out his cell phone.

"Help me find the person in charge of Iron Eagle."

Iron Eagle was the security company where those bodyguards worked.

These bodyguards were not ordinary people. They were definitely not that easy to be bribed.

However, they were just bribed.

In this case, one should question the company.

Soon, Qiao Yanjue received the information.

There were several investors behind Iron Eagle, and there was no Wang Tianze.

However, a careful check showed more levels of connections, and one of them was very close to Wang Tianze.

Qiao Yanjue curved his mouth, his expression indifferent, and then it became clear.

Sure enough, it was related to Wang Tianze!

Thinking of this, Qiao Yanjue's eyes were icy.

Originally, he thought that he and the Wang family could still get along peacefully, but unexpectedly, Wang Tianze still played this trick!

Thinking about what Xia Xibei had mentioned to him, Qiao Yanjue felt jaded.

Why did they always have to use such things to drive them apart?

These tactics were too crude and disgusting!

However, although these tactics were disgusting, they did work.

If the plot really worked, there would definitely be a lingering rift between him and Xia Xibei.

At that time, Wang Tianze would take advantage of the situation.

Thinking about this point, Qiao Yanjue's mood became even worse.

Inexcusable!

He made another call.

He asked someone to collect some negative news about Iron Eagle.

First, he'd start with Iron Eagle!

Back at the manor, Qiao Yanjue went to a small room, sat down, and began to cultivate.

Only after circulating his qi for a cycle did he calm the fire in his heart.

The next day, negative news about Iron Eagle arrived in Qiao Yanjue's hands.

Looking at the numerous negative news on it, he couldn't help but raise his eyebrows.

He had to admit that Iron Eagle was indeed a very powerful company, and its bodyguards were all capable of taking on many adversaries.

However, these bodyguards were not all obedient to discipline.

Moreover, they caused a lot of trouble.

Only, this news did not make much splash and was quickly managed away.

Moreover, such a company was so far away from ordinary lives that most people had seen a few security guards at most, not to mention bodyguards.

In this case, it would be too easy to do a PR attack on the company.

However, Qiao Yanjue sneered and ordered the attack.

Soon, posts related to Iron Eagle appeared online.

The content of these posts managed to get the attention of many people online!

Chapter 1557 - 1557 Inside Job

1557 Inside Job

To ordinary people on the net, the so-called security companies were too far away from their lives.

It was a life that only rich people had, and many people were already tired of living their lives. Why would they get involved with security companies?

However, people were gossipy.

This time, the matter has managed to capture everyone's attention.

!!

A supposedly former employee of Iron Eagle broke the story. He exposed a lot of secrets with photos and text.

Iron Eagle was a very famous security company; many people had heard of its name. Some people knew that their idols or other famous and rich people had hired this company.

However, this former staff member revealed that Iron Eagle's favorite thing to do was to steal from their clients!

A few years ago, a wealthy man in the country of R hired Iron Eagle's bodyguards to protect his daughter, but afterward, his daughter was still kidnapped.

Then, the girl was killed.

This was two years ago, and the incident was in the news at that time.

However, such a life was too far away from everyone. Most people just took a glance, sighing at the victim's rich but short-lived life, and then stopped paying attention.

In this person's exposé, everyone learned that the reason this rich young lady was in trouble was that Iron Eagle's bodyguards and the bad guys were working together, so the kidnappers knew about the girl's travels and had the opportunity!

So, the kidnappers found an opportunity to take the girl away. After extorting a lot of money, they also killed the girl.

This incident was quite a big deal in R at that time. After all, the girl was quite famous.

Everyone subconsciously paid attention to such a famous daughter.

She also liked to show her life on the Internet at that time, attracting a lot of fans.

So, knowing that she was killed, people were a little sad.

People had originally thought that the thugs were too heartless, but now they knew that it was not only the thugs. Her bodyguards were also in on the plot!

This incident shocked the netizens.

Weren't bodyguards supposed to be paid to protect their employers? How dare they join forces with the thugs?!

That was terrible!

How could there be people like that?

Who would dare to hire such bodyguards?

Apart from this, there were even more amazing operations.

Iron Eagle also pretended to be gangsters to attack and threaten the rich people.

So, these rich people would choose to hire Iron Eagle's bodyguards for their own safety.

Since they were both the guards and the thieves, the threat of thugs disappeared after they were hired.

This, in the employers' opinion, was because Iron Eagle was a strong enough deterrent.

Iron Eagle thrived in this environment!

The man claimed he left Iron Eagle, but couldn't go against his conscience and chose to tell what he knew and couldn't let these people continue to hurt others!

Therefore, he made several posts in a row.

The posts had additional explanations.

People online were stunned when they looked at the countless things going on here!

This Iron Eagle was really something else!

Many fans found out that the bodyguards around their favorite celebrities were also from this company!

How could this be? One day they might be kidnapped!

Fans were furious, and the internet was in an uproar.

When such posts appeared on the internet, Iron Eagle quickly took action and started PR work.

However, they found that the situation was not that simple.

Chapter 1558 - 1558 Panic Mode

1558 Panic Mode

The person in charge of Iron Eagle was furious.

This news was smearing the reputation of their company!

Moreover, this matter has even reached the public!

So, he immediately sent someone to deal with this matter.

!!

However, the matter was not so easy to manage.

The public was easy to fool. After all, they were not the client.

However, those rich people were not so easily fooled.

The rich man from R who lost his daughter was especially furious!

The rich man received the message and saw what was written on it and was furious!

He learned that the bodyguards who protected his daughter were dismissed from the company because they were ineffective in protecting her.

However, less than two months after the dismissal, a large amount of unidentified money appeared in their accounts.

In addition to this evidence, there were photos of them enjoying themselves in a big way. Luxury cars and houses... Everything.

Looking at the photos of these people's extravagant lives, the rich businessman was so angry that his hands shook.

He had been feeling guilty about his daughter's death before. Why didn't he find a few more people to protect his daughter?

If he had gotten a few more people, his daughter would have been well protected, and she wouldn't have been kidnapped and killed!

Now he realized that his daughter was in trouble because she was betrayed!

These bodyguards were paid, but they betrayed him!

It was abominable! Unforgivable!

So, he immediately sent a letter of condemnation and a lawyer's letter to Iron Eagle, suing their company for doing such things.

If they didn't give a perfect explanation, he would not be done with them!

Other wealthy business moguls also received some news.

There was evidence that they had been threatened by unknown people.

Only then did they realize that those so-called unknown characters were all from Iron Eagle!

This was totally beyond their expectation!

It was terrible!

So, everyone was furious.

Not many wealthy business people received the news. After all, not everyone had such experiences.

However, the rich businessmen who did not receive the news also began to suspect that their previous attacks by thugs were done by Iron Eagle.

If that were the case, it would be too much!

Whether it was or not, they immediately began to investigate the situation of those bodyguards.

After the investigation, they were shocked to find that what was said on the internet was not false!

There were many problems in Iron Eagle!

Moreover, many of the bodyguards in Iron Eagle were not qualified to be bodyguards!

However, in order to make the company stronger, the company still hired these people.

After figuring out the situation here, the rich businessmen were furious.

They had placed so much trust in Iron Eagle before, but now they realized that the company was so horrible!

There were also some rich businessmen who were cooperating with Iron Eagle, and after seeing this news, they were also anxious.

Although they were not in trouble yet, who could guarantee that these people would not do what they did before?

The company was so big that it had hidden its bad deeds. How clean could these people be?

They were looking for bodyguards to protect themselves, not to get themselves killed!

In the meantime, the person in charge of Iron Eagle was distraught.

Those who had cooperated before came back for explanations, and those who were cooperating now also wanted to cancel their cooperation and demanded an explanation from Iron Eagle.

No matter how Iron Eagle explained, they failed to make these rich business people dispel their doubts and worries.

At the same time, they found that other security companies had taken advantage of their accident and stolen their clients.

Chapter 1559 - 1559 Hard to Explain

1559 Hard to Explain

The saying that peers competed with each other held true everywhere.

Iron Eagle was too big, which naturally made other companies jealous.

Due to Iron Eagle's fame, people had more confidence in them, so the rich and powerful usually chose Iron Eagle's bodyguards, and only when they really had no other choice would they choose other companies.

In other words, Iron Eagle ate meat, and the others could only have some gravy.

!!

They also wanted to take on Iron Eagle before, but didn't dare to go too far.

If they took the initiative to provoke trouble, Iron Eagle would retaliate against them.

With their strength, they could not counter Iron Eagle's attack.

So, they didn't do anything.

It was just that they didn't expect that someone would take the initiative to make trouble this time.

In that case, it was great!

It would be good if someone charged in front and they followed behind to benefit.

So, they also made a lot of trouble for Iron Eagle.

As peers, they naturally knew some unspeakable secrets of this industry.

Now, these secrets could definitely create a snowball effect.

So, the people in charge of Iron Eagle found that things got even more troublesome!

In just a few days, things fermented even more.

If they were just an ordinary company facing ordinary people, it would still be quite easy to solve.

The problem was, their clients were all rich people!

Ordinary people could be appeased with money, but these clients were rich people and didn't need money!

What they wanted was a reasonable explanation!

There were both true and false accusations here, but when they were piled up together, it was a problem.

They couldn't handle so many rich people confronting them together.

In a few days, the people in charge of Iron Eagle had lost a lot of weight.

Although the online furor had passed, the hard battle had just begun!

The company lost a lot of business because of this incident.

There were very few people who were willing to work with them now.

After the scandal, who would dare to come to them to protect themselves? There were no bad guys before, but after working with them, maybe they would have brought trouble onto themselves.

Mr. Brown demanded an explanation from them.

Only now did he realize that Iron Eagle had gone so far!

All of a sudden, Iron Eagle was in chaos.

At the same time, the company's stock price plummeted.

In just a few days, Iron Eagle had lost billions!

Such a loss made their hearts ache.

The head of Iron Eagle was pacing back and forth in the room, anxious and angry.

“Who the hell did this?!”

He had previously asked someone to look for this so-called departing employee, but no one could be found.

For the other party to dare to come out to break the news, he must be well prepared.

So, he searched for a while but couldn't find anyone.

Now, the person was even harder to find.

In the room, there were other people.

A tall man sat in a chair with gloomy eyes. He was handsome and had a powerful aura.

“Don’t be in a hurry, let’s settle the present matter first.”

“No hurry?” The person in charge glared at him. “You’re not in a hurry. You have other properties. Of course, you’re not in a hurry!”

However, he was in a hurry!

“Explain things clearly first. Don’t let them continue to be angry.”

“That’s easy for you to say!” The person in charge got even angrier. “You take care of it!”

He was so angry that he gritted his teeth.

“If I find out, I’ll kill him!”

Which bastard was doing this?

The person in charge began to suspect his competitors.

Chapter 1560 - 1560 Lovely Person

1560 Lovely Person

Wang Tianze looked at his anxious and flustered best friend with a calm expression. "It's useless for you to talk like this. The most important thing now is to get through this crisis."

"I don't need you to tell me! I know that!" The best friend took a few deep breaths, "But the question now is, how do I fix it?!"

If it were so easy to solve, he wouldn't have to have such a headache.

Wang Tianze looked at his friend's anxious face and was also a bit powerless.

!!

The company had never encountered this kind of thing so far, and it was so serious that they were at a loss for words.

The most troublesome thing was that they had to face those rich people.

Rich people were the most difficult to deal with.

However, he was also curious as to who had done this, with a move so ruthless that they could not resist.

While he was wondering, his phone rang a little.

Tapping on his phone and looking at the message on it, Wang Tianze froze for a moment before revealing an inexplicable smile.

“What are you smiling at?”

When his best friend looked at his smile, he became even angrier.

How was he smiling at this time?

“Nothing.” Wang Tianze curbed his smile. “Okay, you deal with it first. Contact me again when the time comes.”

“What?!” The best friend was so angry that he jumped to his feet. “You’re just going to leave?”

Leave things to him?

“Don’t you want to make money anymore?!”

Even if they had a lot of money, they couldn’t afford to lose that much here!

“Try your best to fix it.”

Wang Tianze was not very concerned.

He could still afford these losses. It wasn't so much as to hurt his bones.

"I'll leave now."

"Hey, hey, hey!"

His best friend yelled furiously behind him, but couldn't delay the man.

Wang Tianze got into the car and told the driver to drive towards a place.

Soon, the car arrived at a building.

The building looked ordinary on the outside, but inside it was something else.

There were several laboratories inside, and many men and women in white lab coats were shuttling inside.

A beautiful woman came up to him, and after seeing him, she couldn't help but say sarcastically, "How are you so free today?"

Wang Tianze looked at the beauty with a calm expression, "I'm here to see how the results are."

The beautiful woman walked up to him and slightly raised her eyebrows, "It's not bad. In another half month, there should be results."

"That's good."

"What are you doing here if you're not going to deal with the problem?" Yang Mo looked at Wang Tianze with a curious face, "Didn't you say something happened to that company of yours?"

If Xia Xibei were here, she would be shocked.

Yang Mo and Wang Tianze actually knew each other! Looking at the two of them, they were very familiar with each other.

In fact, Yang Mo and Wang Tianze had been friends for many years, and the two of them had known each other for seven or eight years.

Moreover, the two had a collaborative relationship.

This lab was a collaboration between Yang Mo and Wang Tianze.

Although Yang Mo did not fully know about Wang Tianze's involvement in various businesses, she knew about Iron Eagle.

Now, Iron Eagle's crisis was so big, but Wang Tianze didn't go to deal with it, coming here instead, which surprised Yang Mo.

“Something has happened,” Wang Tianze nodded, “But it’s okay. Sooner or later, it will be taken care of.”

Yang Mo stared at his expression and suddenly asked, “Do you know who did it?”

“I do.”

Wang Tianze nodded his head.

“Who?”

Yang Mo looked at him with confused eyes. His expression was a bit strange!

“A lovely person.”

Lovely?

Yang Mo’s body trembled, but the next moment, her eyes widened.

“You’re talking about Qiao Yanjue?!”

A person who Wang Tianze called lovely was not the opposite sex, but the same sex!
