1571 Creating Opportunities

Xia Xibei just wanted to follow Yang Mo to see what new things would come up.

Unexpectedly, she heard this conversation.

What was even more unexpected was that Wang Tianze was gay!

Xia Xibei had no ill will towards gays. As long as these feelings didn't hurt others, she had no problem with sexual orientation.

!!

However, she was most disgusted by people who cheated on their marriage!

Whether gay or straight, as long as someone committed marriage fraud, they all deserved to die!

She didn't expect the handsome Wang Tianze to be this kind of person!

How dare he want her to give birth to his child? How could he have the nerve to do that?

At this moment, Xia Xibei almost couldn't help but go up to them and give them a beating!

At the same time, she became even more disgusted with Wang Qun.

Wang Qun knew his son's situation, yet he still wanted her to fulfill the marriage contract with the Qi family... Hah!

Xia Xibei's eyes suddenly became much more ferocious.

Wang Tianze and Yang Mo, who were still continuing to chat, couldn't help but shiver.

"Why is it a little cold?"

"Is there a problem with the cold air?"

Yang Mo felt a little bit off, but when she looked carefully, she didn't find any problem.

So she said, "It's okay. It should be a little problem with the cold air here."

"Is the quality that bad? Let's not meet here next time."

Wang Tianze looked disdainful.

The two of them went on to talk.

“So what are you going to do?”

“My dad does have a good idea,” Wang Tianze smiled.

“Hmm?”

“He said he wants to create opportunities for me.”

“Create opportunities for you?” Yang Mo was even more surprised. “Uncle is in such a hurry?”

“Yeah,” Wang Tianze shrugged, “I can’t help it. They’re in a hurry. Besides, I have cousins at home.”

Yang Mo suddenly understood.

Wang Tianze’s father, Wang Qun, had several other brothers with children.

Therefore, Wang Tianze was not the only child in his family, so he naturally had many competitors.

If he had no children, he would be less competitive. After all, how could the Wang family still pass on without offspring?

Therefore, Wang Qun was very anxious.

Before this, Wang Qun took the initiative to go to Xia Xibei. Unfortunately, he was rejected by Xia Xibei for being crazy.

Even after being rejected by the Qi family, Wang Qun was still very anxious.

If he could not find a suitable wife for Wang Tianze and make him have a decent child, it would be a problem if his sexual orientation was revealed.

Wang Tianze understood his father's anxiety and the situation at home, so he chose to cooperate.

"How will he create opportunities for you?" Yang Mo was curious.

"My grandfather's birthday is coming up. We're throwing a party and inviting that woman over when the time comes."

That woman, of course, was Xia Xibei.

"That's good." Yang Mo laughed. "There's no way for her to escape when she arrives in your territory."

With the Wang family's strength, they would definitely be able to control Xia Xibei on their turf.

“Indeed.”

Wang Tianze was not interested.

He actually couldn't get hard for women, but for the future, he had to work on it.

After all, he just had to force himself for 10 minutes, and it'd be fine.

“However, can you guarantee that a child will be conceived?” Yang Mo got to the point. “By the time it's conceived, won't she be angry?”

“It's okay. We'll talk about it when we get pregnant,” Wang Tianze shrugged. “I'm sure they'll find a way.”

After the two of them finished the topic, they brought up the research of the drug this time.

Yang Mo told Wang Tianze that the results would be ready in two more months.

This made Wang Tianze very happy.

By then, as an investor, he would be able to make a big profit!

Chapter 1572 - 1572 Too Kind

1572 Too Kind

Xia Xibei endured the anger and disgust in her heart and listened to the two people's words. When she saw that they were about to leave, she only then withdrew her spiritual power.

As her spiritual power withdrew, Yang Mo looked at her little spider as if she felt something.

She grabbed the spider over and examined it carefully.

"What's wrong?" Wang Tianze asked in disbelief.

!!

"Nothing, it just feels a little strange."

Yang Mo was confused, but couldn't check out the problem.

She was probably just thinking too much.

When the two of them left, Xia Xibei also took a ride back to Rose Manor.

Seeing Xia Xibei come back with an angry face, Qiao Yanjue immediately greeted her, "What's wrong? What happened?"

Xia Xibei was cold-faced and told what she had encountered.

Qiao Yanjue was also angry.

Moreover, he also felt disgusted.

He didn't expect that Wang Tianze had that kind of idea about him!

To be honest, there were quite a few people who liked him, both men and women. However, Wang Tianze's situation was different.

Wang Tianze was a disturbance and influence on their lives!

A disgusting person like Wang Tianze should be killed!

Qiao Yanjue stiffened his face, "It seems that we are still too kind."

Maybe they had seen too little darkness, and they still had so much sympathy left for Wang Tianze.

"Yes, we are too merciful."

Xia Xibei pursed her mouth with a very icy expression.

“It seems that we have to let them get a taste of their own medicine!”

The two of them looked at each other and quickly came up with an idea.

Their previous plan was to put Wang Tianze and Yang Mo together as a couple. Now, the plan was upgraded.

Not only did they have to make a couple, but they had to reveal their true colors!

At the same time, they also had to give them more “benefits.”

Since Wang Tianze wanted the baby so badly, they’d give it to him!

Only, the mother of the child would not be Xia Xibei.

Since Yang Mo wanted the baby so badly, let her have it!

The two of them made a plan, and then split up to start making preparations.

After two days, Xia Xibei did receive an invitation from the Wang family.

In the invitation letter, the Wang family said that although there was a bit of bad blood before, the two families had been friends for many years. Even if they couldn't be in-laws, they could continue to be friends.

For the sake of friendship between the two families, they invited Xia Xibei to attend the banquet.

After receiving the invitation, Qi Zhi'an called.

In the phone call, Qi Zhi'an said that the Wang family had already told him what had happened, and that they would not continue to dwell on the marriage contract. However, for the sake of the two families' relationship, Xia Xibei could also go to the banquet.

Originally Qi Zhi'an did not hold much hope.

After all, he knew Xia Xibei's character.

The Wang family was clearly not well intentioned, so how could Xia Xibei go there?

He didn't expect that Xia Xibei would just nod her head and agree!

This startled Qi Zhi'an, who thought something had happened to her!

He also said that if Xia Xibei didn't want to go, she didn't have to force herself.

Qi Zhi'an's reaction made Xia Xibei laugh, who explained that she really did it of her own free will. After all, the two families were so close.

Xia Xibei's thoughtfulness touched Qi Zhi'an.

It was really too much for this kid to force herself to do something she didn't want to do for the sake of the Qi family!

After appeasing Qi Zhi'an, Xia Xibei began to organize the final preparations.

On the night of the party, the car set off from Rose Manor.

Qiao Yanjue, who had worn a disguise, was with her.

The two of them also brought a lot of "goodies" with them.

For this good show, they had spent a lot of effort!

Now, they just waited for the show to start!

Chapter 1573 - 1573 Wang Family Banquet

1573 Wang Family Banquet

At 7:30 p.m., the Wang family's mansion in J City, the economic center of M, was already lit up, and many luxury cars were parked outside the parking lot.

It was like a showcase of the latest products of the major luxury car companies.

There were many rich people from M country gathered here.

The Wang family had been operating in M country for many years and had already established a firm foothold here.

!!

This time, it was the 80th birthday party of Wang Qun's father and Wang Tianze's grandfather, Wang Zhang, who was also the head of the Wang family, so it naturally became the focus of everyone's attention.

After all, the old man was still the head of the Wang family. If you connected with him, there were a lot of benefits.

Therefore, everyone came over early with gifts.

At 7:30, Xia Xibei's car also arrived.

After the car stopped, she got out of the car.

After seeing Xia Xibei, the butler who welcomed her at the entrance lit up.

Here she came!

He immediately stepped forward and brought Xia Xibei inside.

Xia Xibei was followed by a tall white man with blond hair, who was supposed to be Xia Xibei's driver.

For the guests' drivers, the Wang family was also prepared.

The butler had the driver taken to another place, and when the dinner was over, the drivers would return to pick up their bosses.

The white man nodded at Xia Xibei and then followed the others over.

Xia Xibei was led into the hall by the excited butler.

When she appeared, the sounds of the scene seemed to quiet down for a moment.

The crowd looked over with stunning gazes.

Xia Xibei dressed up very attentively today. She wore a fitted sky-blue fishtail dress covered with small shiny crystals, which sparkled in the light, ethereal and beautiful. As she walked, her pale and slender calves were exposed from the slit in her dress.

Her exquisite face, coupled with perfect makeup, was ravishing. As soon as she came out, people could not bear to turn their eyes away.

Although she was a Hua girl, she was not at all inferior to the local women here!

There were also people who recognized Xia Xibei.

Although Xia Xibei's work had not yet been released in M, information about her previous rescue had been widely spread.

The bigwigs here didn't necessarily pay attention to the entertainment industry, but they did pay attention to social news.

Moreover, some of the students that Xia Xibei saved were also relatives of the bigwigs present!

So, after one person recognized her, others asked questions and recognized her too.

Xia Xibei did not care about the eyes of others. She followed the butler and continued to walk forward.

Soon, everyone saw the old man of the Wang family walking toward her.

Looking at the old man acting so enthusiastically, everyone was surprised.

Wasn't she just an ordinary star? How could she make the old man so enthusiastic about her?

Who the hell was she?

The crowd was curious and watched as the old man was elated for Xia Xibei.

"You're the Qi family's girl, right?" Elder Wang looked at Xia Xibei and smiled with a benevolent face.

This made the other young people in the Wang family couldn't help but feel appalled.

The old man would never be so warm to others. After all, his status was different.

Even when facing the children in the family, he was always very serious.

Today, such enthusiasm surprised everyone.

"Hello, Grandpa Wang. I'm Xia Xibei," Xia Xibei introduced herself with a smile.

"I know, I know." The old man smiled even more cheerfully. "You are the one who has a marriage contract with Tianze!"

These words made Xia Xibei's smile stiffen slightly.

"I'm sorry, isn't the matter of the engagement already behind us?"

Chapter 1574 - 1574 Interesting Wang Family

1574 Interesting Wang Family

Xia Xibei's reaction caused the old man's smile to pause for a moment.

Obviously noticing her displeasure, he immediately nodded, "Yes, yes! It's all in the past!"

He laughed, "It doesn't matter! Marriage or not, you're a valued guest of our Wang family! Consider tonight as coming to make friends, more friends, more opportunities!"

The girls who were with the old man were very knowledgeable, and one of them smiled and complemented Xia Xibei, "I've seen your work and heard your songs! It's beautiful!"

!!

"Really?" Xia Xibei smiled in surprise. "Which song are you listening to?"

The other party's smile stopped awkwardly when those words came out.

“Um...”

She knew Xia Xibei was a star, but she hadn't really listened to Xia Xibei's work.

Besides, she liked English songs and had no interest in Hua songs.

If it weren't for the fact that her family said she must learn her native language and not forget her roots, there probably wouldn't be many people in the family willing to learn.

In this case, they were not interested in celebrities in their home country either.

So, this question from Xia Xibei made them very embarrassed.

They were just being polite!

When the others saw this, they couldn't help but purse their lips and snicker.

See, it was a disaster!

So embarrassing!

Fortunately, Xia Xibei was not trying to embarrass the other side and immediately explained herself, “I have not released many songs. After all, I’m now busy shooting a movie. I’ll wait for your support when it’s released.”

“Sure, sure!”

The other party let out a sigh of relief and immediately smiled.

The others had pitiful looks on their faces. She should have continued to make her lose face!

Xia Xibei had a smile on the corner of her mouth but kept an eye on their reactions.

She immediately understood.

The children of the Wang family were not close and very competitive with each other.

Even in front of the old man, they could show such blunt mockery, and if they were in private, there was no telling their reaction.

The old man looked at the young people chatting quite well and immediately smiled, “You young people must have common topics. Come on, you guys go and play. The party will start later. You have to take good care of our valuable guests.”

“Got it, grandpa.”

“Grandpa Wang, then I’ll go over with them first.”

Xia Xibei smiled, nodded, and followed the two girls to the side.

The other boys wanted to come closer. However, they hesitated and didn’t come over.

Looking at their hesitation, Xia Xibei smiled in her heart.

She followed the two girls to the small garden outside.

This small garden could be clearly seen inside through the transparent floor-to-ceiling windows.

Outside, the cool breeze was very comfortable.

Xia Xibei smiled and quickly dug out some information from the two girls.

The two girls were in their early twenties, but they weren’t too conceited.

In a few conversations, Xia Xibei quickly got to know the Wang family better.

Elder Wang had three sons: the eldest son was Wang Qun, and the eldest grandson was Wang Tianze.

The second and youngest sons did not have a good relationship with Wang Qun. After all, they were in competition.

These two girls were the daughters of the second and youngest sons.

It was clear from their relationship that the two sons were cooperating and competing, but at the same time, they were united against Wang Qun.

Xia Xibei tested their knowledge of Wang Tianze's sexual orientation.

She was surprised to find out that they did not know Wang Tianze's sexual orientation. They just thought he liked to hang out with boys.

That was interesting.

The Wang family was really very lively!

Chapter 1575 - 1575 Wang Family Layout

1575 Wang Family Layout

When these two girls from the Wang family mentioned Wang Tianze, they were quite admiring of him.

Although they were in competition with each other, they were also relatives.

Having such an outstanding cousin was still good when their interests were not involved.

Moreover, they were just in their early twenties and not yet ready to fight for favors. They still had a soft spot for a good man like Wang Tianze, especially since he was their cousin.

!!

Xia Xibei smilingly chatted with them and soon figured out their attitudes.

To them, Wang Tianze was the most outstanding child of the Wang family and the Wang family should fall into his hands when the time comes.

This, in turn, made them have mixed feelings.

Xia Xibei listened to their unconcealed expressions and smiled, "He should have some close female friends, right?"

The two girls instantly showed a knowing smile when these words came out.

They knew that Xia Xibei and Wang Tianze were engaged to each other.

Under such circumstances, she still took the initiative to ask about Wang Tianze and his dating status...

There was definitely something fishy!

“Rather, there is one,” one of the girls nodded, “It’s the Yang family’s young lady.”

“But don’t worry, they are just friends!” another one followed and explained.

Wang Tianze and Yang Mo were just friends and had no romantic relationship.

If not, they wouldn’t even need to dwell on the marriage contract with the Qi family. Wang Tianze could marry Yang Mo directly.

“I know,” Xia Xibei smiled and nodded, “I’ve also heard about Miss Yang. She’s a very powerful person.”

“Yeah! She’s awesome!” The younger girl immediately nodded approvingly and hurriedly explained again, “But Miss Qi, you’re especially awesome too!”

“Thanks.”

Next, Xia Xibei inadvertently asked about Yang Mo’s whereabouts.

Xia Xibei knew that Yang Mo would definitely come over this time. After all, she must want to see her make a fool of herself.

Yang Mo hated Xia Xibei very much.

Now, the Wang family had set up a trap and were just waiting for Xia Xibei to enter the pit. How could she not come over to watch and enjoy?

So, Xia Xibei was very sure that Yang Mo would not be absent.

Only, she was not clear about the Wang family compound's layout, and she did not know where Yang Mo would go.

That was why she was patient and talked so much with these two girls.

The Wang family compound was very big, and many children had their own houses. Wang Tianze naturally also had his own house right behind the main one.

Yang Mo would have stayed there if she had come over.

To give Xia Xibei a clearer picture of the Wang family compound, the girls took out their cell phones and showed her the layout inside, and then, seeing that it was still early, took her on a walk.

The old man said that Xia Xibei must be treated warmly and never let her be upset, so the two girls were being obedient.

When Xia Xibei asked to see the place's layout, they immediately nodded and enthusiastically took her for a stroll around.

So, before the official start of the banquet, Xia Xibei achieved her purpose.

The Wang family mansion was particularly luxurious and covered a huge area.

The M country had a small population and extensive land; the Wang family was rich, so they naturally occupied a large area of land early.

It was equivalent to a manor with modern decor. There were various facilities inside, including a swimming pool, gym, cinema, and a small golf course, comparable to a community.

Chapter 1576 - 1576 Blocking Surveillance

1576 Blocking Surveillance

Xia Xibei didn't go into Wang Tianze's house. She just looked outside because Wang Tianze hadn't come back yet.

Since the owner had not returned, it was not good for them to go in.

After they turned to leave, a few small birds suddenly flew in from outside.

The greenery here was very good, so there were many small animals here.

!!

A few small birds flew into the room and then started to move around the place.

They looked as if they were lost.

Soon, a few birds found the surveillance cameras on the wall.

One of the larger birds landed on top of the surveillance, and it came over and stared curiously at the screen for a while.

Then, as if it had seen some natural enemy, it became very angry and rushed to peck at the screen.

However, the screen was very hard.

It pecked at the surveillance camera twice. When nothing moved, it flew out.

Soon, it flew back in again with something idle in its mouth.

Then, it glued a piece of mud to the screen.

When it was done, it left happily, as if it had won the battle.

The other birds were in a similar situation. Some desperately tried to knock surveillance cameras down, while others just used mud or some wet stuff to block the cameras.

It was not clear why they were so crazy.

The security guards stared at the surveillance inside the security room. They were confused. Why were these birds going crazy?

However, this time, they had no way to get rid of these surveillance cameras.

Even if they took down the surveillance, there was no way to replace it for the time being.

Moreover, if they went to replace the surveillance, there would not be enough manpower here, and it would be bad if something happened at the party.

However, Wang Tianze was not in the house at this time, so there should not be any problem.

The other guests were in the living room and garden, and no one would come here, so there was no need to worry for now.

So, they didn't care about the surveillance situation.

Unbeknownst to them, there was suddenly a person in the room after the birds had left.

A man climbed in from the window sill and then went down to the first floor.

He took out a small bottle from his pocket, took out the pills inside, and then put the powder inside into the aromatherapy bottle next to him.

This aromatherapy smelled very fresh. After adding the powder, there was not much change.

Then, the man went around the place again and left.

His movements were very light, and he wore gloves, leaving no trace.

In the room, the wind blew gently, with no problem at all.

Shortly after the man left, the door opened, and a man and woman entered.

This couple was very outstanding. The man was handsome, and the woman was beautiful, looking very good together.

This couple was naturally Wang Tianze and Yang Mo.

Yang Mo came over this time, of course, to see Xia Xibei being humiliated.

She could step in if there was anything she could do to help.

When she entered the room, she huffed, “What’s the smell?”

“Incense.” Wang Tianze threw his suit jacket on the sofa and explained, “It’s a custom scent.”

Yang Mo nodded.

She hadn’t been here before, but the smell was still quite pleasant and made people comfortable.

Yang Mo found a seat and sat down.

“Still not going over?”

“If I go over now, it’s not good for the plan.”

Wang Tianze took a bottle of wine from the liquor cabinet, brought two glasses, and poured a glass for Yang Mo and himself.

Chapter 1577 - 1577 Have a Drink

1577 Have a Drink

Wang Tianze didn’t care about Xia Xibei’s whereabouts as long as it turned out as they expected.

Due to their awkward engagement, it was best for him not to appear in front of Xia Xibei so soon now.

When the party was almost done, he could go out again.

The old man's cake-cutting time was later anyway, and that was when the official appearance would be made.

!!

Wang Tianze poured a glass of wine for Yang Mo and himself.

"Have a drink first."

"I don't want to drink wine," Yang Mo refused.

"Then a soda or water?"

Wang Tianze opened his refrigerator, which had everything but soda.

"What are these people doing? There isn't even a soda!"

He had a displeased face.

The servants at home were slacking off!

Although he didn't come back here often, the things inside should always be ready, or else an embarrassing situation like this would happen now.

"Forget it. Let's drink."

Yang Mo looked at the glass and finally nodded, "Okay."

She would not drink much anyway. She was not afraid.

Even if she drank a few glasses, her drinking tolerance wasn't that bad.

She just simply didn't want to drink wine.

Drinking could affect her sanity, but it was okay to do it occasionally.

She picked up the glass and finished the wine inside.

Then, she smacked her mouth. The wine tasted a bit strong!

However, she did not care. She did not like the taste, but others liked it.

Wang Tianze also drank the wine. Then he poured another glass.

“Take your time.”

The two of them drank and chatted at the same time.

This was Wang Tianze’s own house, but to avoid anyone listening, they did not dare to say anything too complicated and just chatted about simple issues.

As they chatted, Yang Mo suddenly frowned, “Why is it so hot here?”

“Hot?” Wang Tianze was confused, but then he felt it and also nodded. “It’s indeed a little hot.”

He found the air conditioner remote control and slightly turned the temperature down.

The scent in the room became more clear.

Although the temperature was lowered, Yang Mo felt that the room temperature was a bit high and her body was still hot.

This wine was really not drinkable!

She took off her jacket and put it aside, but she was still very hot.

“No!”

She finally reacted.

There was something wrong with the wine she had just drunk! The heat she felt was wrong!

She grabbed the bottle of wine as soon as she could.

“What are you doing?” Wang Tianze was startled by her action and asked in confusion.

This sudden movement of hers was a bit scary.

Yang Mo poured out the wine, put it to her nose, and analyzed it carefully but found no problem.

There was really no problem with this wine.

However, her reaction now was a good indication that something was wrong!

She stood up and started to pace around.

“What the hell are you doing?” Wang Tianze was speechless.

Did she suddenly go crazy?

Yang Mo turned a deaf ear and then finally found the problem.

The wine glass was actually smeared with a layer of drugs!

When she drank it just now, she took the drug too!

She didn’t know what kind of drug it was, but it was not good!

Yang Mo did not have Xia Xibei’s ability to analyze the ingredients and effects of drugs simply by taste, smell, and experience.

She only knew that there was something wrong here!

“Something is wrong!” Yang Mo immediately looked at Wang Tianze with a terrifying expression.
“Someone has drugged us!”

“Drugged?” Wang Tianze was also shocked. “How is that possible? This is my house!”

Moreover, surveillance cameras were everywhere, so it was not that easy for someone to sneak in!

Chapter 1578 - 1578 Who Drugged Them

1578 Who Drugged Them

Wang Tianze was reluctant to believe Yang Mo's verdict, but he was soon convinced.

He felt the heat in his body growing suddenly!

It was as if he had gone from a pleasant climate to the scorching equator all of a sudden!

That kind of fire from the inside out made him want to jump into the water.

!!

"Who did this?!"

He was also anxious.

What was going on here?

However, now was not the time to find out the culprit. They had to get rid of the drugs' effects first!

As soon as this thought occurred, Wang Tianze felt his body become even more restless.

It was as if he was in a big furnace, and he was wrapped in flames, unable to escape.

Tormented by the flames, he soon saw a pool of cool water appear in front of him.

It was as if the pool of water carried an icy coolness that made the heat unbearable, and he wanted to jump in immediately.

So, he did.

He immediately leaned over and wrapped his arms around the pool of water.

Yang Mo was still struggling with the situation when she was grabbed by Wang Tianze and was startled.

“What are you doing?! Get off me!”

However, the drugs in Wang Tianze’s body were rapidly taking effect, and he could no longer hear Yang Mo’s voice clearly.

Yang Mo found that her body was not under her control anymore.

She had given Wang Tianze some drugs before, and the effect of those drugs was also very good.

However, compared to this, it was nothing.

The previous drugs left time for the victims to react, but the drugs they were taking now gave them no time to resist at all!

Yang Mo tried to push away Wang Tianze, who was manhandling her, but found herself with weak hands and feet.

She bit her tongue, and the sharp pain cleared her mind for a moment.

Before she could run her qi to suppress the effects of the drugs in her body, she felt the effects that had just faded out before swiftly moving back in.

It was as if a huge wave had come overwhelmingly, pressing down on her head and face, leaving her no room to escape.

Her body had already gone soft.

Wang Tianze's reaction was even more dramatic than hers.

He had already started to lay his hands on her.

Yang Mo was getting desperate.

Who had drugged her? Why would it have such a terrible effect?

A thought flashed through her mind- It was Xia Xibei!

Yes! It was Xia Xibei!

Other than Xia Xibei, no one else could have such terrifying strength!

Had Xia Xibei fully recovered her strength and memory?

Yang Mo's eyes were wide, and her whole body went crazy.

What would she do if Xia Xibei regained her strength and memory?

However, this question was something she needed to consider later.

Right now, they had to take care of the situation at hand first.

However, at this time, Yang Mo and Wang Tianze had no way out.

Since Xia Xibei had struck, they had no room to fight back.

Wang Tianze had lost his mind. His eyes were red, his expression was crazy, and his body's reaction was very intense.

Yang Mo couldn't fight him and was pushed back onto the couch.

When it really happened, Yang Mo only had a feeling of humiliation.

She never thought that such a thing could happen to her!

She didn't have time to feel sorry for herself because the drugs' effects had made them go completely out of their minds, and they only knew how to have mad intercourse.

After half an hour, the door to the room was opened, and a man walked in.

Seeing the room, he was stunned.

This... Seemed to be different from what they had planned before!

The smell inside was complex, and the original fresh fragrance became muddled.

Then the man realized that his body was also starting to get hot.

Chapter 1579 - 1579 Having a Party

1579 Having a Party

When the guests arrived, they consciously divided themselves into small groups and chatted quite happily.

When it was about ten o'clock, the old man was ready to cut the cake.

By this time, everyone was going to be in place.

In addition to the guests, all the people from the Wang family should have arrived.

!!

However, after counting the number of people, everyone was puzzled.

Wang Tianze, who was the eldest grandson, was not there!

The old man's face didn't look too good.

Wang Qun was also a bit anxious.

He had asked Wang Tianze to come out later, but it was already time and he still hadn't come?

He called Wang Tianze, but there was no answer on the other end.

So, he immediately sent someone to find Wang Tianze.

After ten minutes, the man who was sent to look for him returned to Wang Qun's side with a panicked expression and whispered in his ear.

Wang Qun's face suddenly changed.

As he was about to run, the middle-aged man next to him, his brother Wang Bin, laughed and asked, "What's wrong? Tianze has not yet arrived?"

"He... He has arrived, he's just a little delayed. Cut the cake! I'll get him."

"Delayed?" Wang Bin raised his eyebrows. "How can that be? The cake can only be cut when we are all together! I'll go with you to find him!"

"No need..."

Wang Qun complained inwardly. He should have said Wang Tianze hadn't arrived yet!

“It’s okay. We’re all family, we all need to be here!”

Wang Qun’s face was grim.

He still wanted to decline and saw another man running over with a terrified face.

“The eldest... The eldest young master is now... Having a party!”

His voice was not loud, but it made everyone look over in unison.

“Big brother is having a party now?” A young man laughed, “Grandpa is having a party here, and he’s having a party on his own little turf? That party must be very exciting! I want to go over and join in too!”

After saying that, he took off and walked toward Wang Tianze’s place.

Wang Qun got anxious and tried to stop him, but he was stopped by Wang Bin.

“Brother, why are you in such a hurry? They are young people, let them have fun together!”

Wang Qun’s face was ashen. Could he say that Wang Tianze was not having a party at all?

He could only rush along, praying that Wang Tianze had already cleaned things up.

He had just asked someone to alert Wang Tianze. It would be fine!

However, when he arrived at the scene, his face turned as grim as thunder.

“Get out!”

Wang Qun shouted angrily and pushed the crowd out.

However, no matter what, the sharp-eyed have already seen the situation inside.

In the hall, there were three people lying around.

Two men and one woman, all without clothes.

Although they had all seen similar things, it was the birthday of the old man.

How could he do this as the eldest grandson?!

Moreover, there were both men and women here!

An orgy at this time?

The old man was waiting for Wang Tianze's news in the hall, and when he heard such news, he almost passed out.

He subconsciously went to look for Xia Xibei, only to find that Xia Xibei had also gone over!

"Hurry up and stop her!"

Xia Xibei must not be allowed to see this scene!

However, Xia Xibei had already followed Wang Qun to the scene and had seen the "festivities."

When she saw this scene, she sucked in a breath and looked at the scene in front of her in horror, her expression sincere.

Xia Xibei was appalled. Then, she immediately turned her head, not daring to look again, her face of disgust already showing her attitude.

As for the others, they had the same reaction.

Today was really quite a day!

Chapter 1580 - 1580 I'm Sick

1580 I'm Sick

The hall in the villa was a mess.

Clothes were thrown everywhere, and the smell was so pungent that people couldn't help but cover their noses.

The only woman was lying on one side, while Wang Tianze was in an interlocking position with another man.

This stacked posture made everyone cover their eyes.

!!

Even if everyone was driven out by Wang Qun in the first place, what could be seen was seen.

Wang Qun asked people to separate the two, but Wang Tianze waved them away.

"Get lost..."

His tone was vague as he waved the man away, and then he continued to move.

Everyone was embarrassed.

Did he not have enough fun yet?

Smelling the residual scent of alcohol in the air, Wang Qun understood and almost went crazy.

Although Xia Xibei took a look and left, this image was impressive enough.

Wang Qun could not wait to make Wang Tianze pay for this!

When Wang Tianze finished having fun, he was only then separated from his partner. His face was flushed, and it was obvious that he had drunk a lot of alcohol.

With so much drinking, he should not be able to do anything, but Wang Tianze was more excited than before.

Someone couldn't help but whisper, "Did he take drugs?"

Many people liked to use drugs so that they could get high enough.

Based on the scene, it was a reasonable guess.

When Wang Qun heard this, he glared at the person who spoke, grinding his teeth so much that they were bleeding.

He told people to grab Yang Mo and the man beside Wang Tianze.

Just as they did so, Yang Mo came to her senses.

She was so frightened that she shrieked, and all her drunkenness was gone.

Looking down again, she was so scared that she almost passed out.

If it wasn't for the strong self-control that made her resist strongly, she might have continued to lose face again.

She covered her mouth, her face ashen, and grabbed her clothes to cover her body.

On the other side, the man under Wang Tianze also woke up.

Looking at these people in front of him, he was also shocked.

He didn't think that the scene would be so powerful!

However, he still shrieked as planned, "Honey! Why are there so many people here?!"

Honey?

These words made Wang Qun's eyes go green.

Did Wang Tianze bring home the people he fooled around with outside?

He turned his head to see that the guests had all run outside, leaving only the family members.

However, the number of family members was already enough, especially since there was also Wang Xiao and his son here.

Looking at the excitement in their eyes, Wang Qun almost fainted.

"Honey?" Wang Tianze's cousin, Wang Tianxin, was puzzled. "Is this guy your friend, big brother?"

What he asked was naturally nonsense.

However, in this situation, this kind of nonsense would be very thought-provoking.

"What friend?!" Wang Qun's face was sullen. "It's just a social climber!"

"Social climber?" Wang Tianxin shrugged, "Well..."

Although he shut up, the situation didn't get better.

"Take him out!" Wang Qun said to his family's security people with a sullen face.

"Yes!"

Seeing that he was about to be removed, the man immediately became anxious.

"Don't grab me!" He screamed. "I have AIDS!"

His voice was so sharp that it even reached outside.

The crowd, inside and outside the room, was petrified by these words.

"AIDS?!"

Everyone drew in a breath, then took a step backward in unison, away from the man.

Then, everyone looked at Wang Tianze in unison, their eyes incomparably complicated.

There seemed to be no safety measures used here!

He was done!

The probability of being infected was very good!

Wang Tianze, who was still a bit confused, was also stunned by this sentence, his face ashen.

Yang Mo's reaction was similar.
