

Chapter 1581 - 1581 Someone Set Us Up

1581 Someone Set Us Up

When the man's words came out, everyone's face turned pale with fear.

Wang Tianze and Yang Mo's faces also turned white.

This kind of disease made many people pale with fear.

This man actually had this disease?!

!!

Most importantly, there were no condoms at the scene, which meant that what they just did was without protection.

As everyone knew, the way this disease spread was very much due to unprotected intercourse.

In this way, the chances of getting infected were too great.

Wang Tianze looked at the man in horror, not daring to believe.

"What are you saying?!"

“I came here this time to tell you that I have AIDS! After all, we had been together many times before, and I was afraid that you might have gotten the disease too,” the man shouted. “But I did not expect that as soon as I walked in, you would grab me, and then I- I could not resist...”

The man had a tearful look. When a big man looked like this, he disgusted the Wang family members at the scene.

Moreover, he had AIDS!

He was making people avoid him!

Of course, the most frightening was Wang Tianze.

He had a longtime relationship with a sick man, and now...

Thinking about this, many people’s gazes became complicated.

Wang Tianze was going crazy, “Why did you come here?! I didn’t ask you to come!”

“Honey, I- I just wanted to tell you that I have a disease. Maybe you will too...”

The man’s words made Yang Mo’s face pale and her body cold.

She naturally knew what AIDS was.

There was no effective treatment for this disease yet.

Although Yang Mo was a doctor, her research direction was not in this area, so she could not treat herself even if she was suffering from the disease.

When she thought of the results that would follow, her face turned pale and she faltered.

Wang Tianze was going crazy.

“Who the hell told you to come here?!”

The man sobbed, “Honey...”

“Don’t call me honey!” Wang Tianze roared at the man, wanting to tear him apart.

Watching the scene get messy again, Wang Qun stood out, sullen.

“Okay! Shut up! All of you!”

The most important thing now was to do a check-up and take the medication immediately.

Although they had sex, the probability of getting sick was greatly reduced if they took the HIV blocking medication within 72 hours.

Wang Bin also nodded his head, "Yeah, let's stop arguing now and let Tianze take the medication first! Otherwise it will be too late!"

Wang Qun glared at him, his heart in pain.

When he saw the Wang family gathered around him, he finally reacted and almost fainted.

Now that this matter had been discovered by everyone, wouldn't Wang Tianze be totally exposed?

Looking at Wang Tianxin, Wang Qun was even more confused.

Wang Tianxin and Wang Tianze were cousins and rivals.

Now that Wang Tianze did this kind of thing, Wang Tianxin could rise to the top of the family.

If news of this kind of disgraceful thing got out, in addition to the Wang family, others would also stay away from Wang Tianze.

The most hateful thing is, why would Wang Tianze make such a scene at such a time?

“Hurry up and put on your clothes!”

Wang Qun gave his son a fierce glare.

“Someone is setting me up!” Wang Tianze finally reacted. “I was drugged!”

“Right! We were drugged!” Yang Mo also looked up, her eyes fierce.

“You were drugged?” Wang Tianxin laughed. “Who would come here and drug you guys?”

“It’s Qi Xibei!” Yang Mo gritted her teeth.

“Are you guys talking about me?”

Chapter 1582 - 1582 Shifting the Blame

1582 Shifting the Blame

Yang Mo turned her head to look and met Xia Xibei’s cold and sarcastic eyes.

“Miss Yang, I want to know, do we have any grudges? Why is it that every time something happens, it’s my fault?”

Xia Xibei stood not far in front of her in a decent dress, with delicate

makeup and a powerful aura.

!!

Yang Mo, on the other hand, was a sight, just barely covering her body with clothes and in a very messy state.

The difference between the two was huge.

This also made Yang Mo feel more humiliated, with nowhere to hide all the awkwardness at this moment.

Xia Xibei looked at her indifferently, “Miss Yang, you and I haven’t met yet, right? There should be no grudge between us, so why should I drug you?”

She looked at Wang Qun again, the corner of her mouth curved, very sarcastic.

“Uncle Wang, I was invited to grandpa’s birthday party this time. I’m not here to take the blame, right?”

Wang Qun was startled by the look in her eyes and wanted to speak, and then heard her continue.

“Although Miss Yang might have just said it casually, this kind of thing has caused a lot of damage to my reputation, I request that the matter be thoroughly investigated and my innocence is returned!”

She looked at Wang Tianze again, “This is Mr. Wang Tianze, right? I’m meeting you for the first time. I’ve heard a lot about you.”

These words made Wang Tianze’s face change and flicker.

Yes, this was their first official meeting.

Before this, she had only heard of him, but not seen him.

So, Yang Mo’s comment that Xia Xibei drugged them would be ridiculous.

They hadn’t met before, so how could she do such a thing?

“Right, Miss Qi and big brother didn’t have any previous dealings, much less any grudges. How could she have done such a thing!”

“That’s right, our Wang family’s security facilities are also in place. How is it so easy to let people in?”

Wang Bin looked at Yang Mo disapprovingly, “Miss Yang, please don’t blame it on unrelated people!”

“That’s right! Miss Qi was just with us!”

The two girls who were with Xia Xibei just now also testified for Xia Xibei.

“We were together the whole time, though we were separated for five minutes in the middle. In such a short time, there is no way to get close to here!”

The testimony of the two girls successfully cleared Xia Xibei of any suspicion.

“There should be surveillance here, right? You can check the surveillance footage,” Xia Xibei offered a suggestion.

This made several people frown.

“No! We trust you!” Wang Bin said immediately.

“We must check!” Yang Mo gritted her teeth.

Wang Qun glared at Yang Mo unhappily.

Previously, he had thought Yang Mo was a nice and sensible girl. How come today she was not letting go of Xia Xibei?

Yang Mo looked at Wang Tianze, her eyes fierce, "We must!"

She must find out what's going on!

"Also, take the wine glass for a lab test too!"

Looking at Yang Mo ordering everyone around, the others were silent and did not move.

This made Yang Mo a little embarrassed, and then she looked at Wang Tianze.

Wang Tianze was anxious and annoyed, and he remembered that something was wrong just now.

Since Yang Mo said that Xia Xibei did it, they'd check!

"Okay, check it out!" he nodded his head.

Xia Xibei nodded, "Okay, check it out so I can clear my name."

She was so calm that everyone could not help but gripe in their hearts.

The object of the muttering was Wang Tianze and Yang Mo.

Were they so mad about this matter that they would just accuse a stranger and not let go?

Could it be that Yang Mo wanted to be together with Wang Tianze, so she pulled this stunt and then blamed it on Xia Xibei?

Chapter 1583 - 1583 Return My Innocence

1583 Return My Innocence

There were all kinds of suspicions in everyone's mind, all speculating about the grudge and entanglement between Yang Mo and Xia Xibei.

They didn't know what kind of conflict there was between the two of them, that they were still making such a fuss at such a time.

While the scene was at a standstill, Elder Wang, the patriarch, also came over.

The old man was older and moved slower, so when he came over, things had taken place and the people who should know about it had seen it.

!!

Fortunately, the people who came over this time were those who were closer to the Wang family, and as long as their mouths were sealed, there would be no big problem.

However, Xia Xibei should not have seen it!

Others knew that such things did not matter much, and just shut up.

Xia Xibei was there and saw these things, so how could they continue after that?

When the old man rushed over, he was anxious.

When he arrived at the scene, he also knew that Yang Mo and Wang Tianze had blamed things on Xia Xibei, and he was so angry that his face turned stormy.

This was Xia Xibei's first visit to the Wang family, yet she avoided everyone to frame Wang Tianze and Yang Mo?

He didn't know what kind of drugs Yang Mo and Wang Tianze had taken, but they had both damaged their brains!

"No need to investigate!" The old man was so angry that his chest hurt. "No need to investigate, I believe Beibei is innocent!"

However, Xia Xibei didn't care about the old man's affinity for her.

She shook her head, "No, it must be investigated. I don't want to carry such a charge. I also want to know what unforgivable sin I have done to make Miss Yang and Mr. Wang hate me like this!"

She looked around, then frowned in disbelief, "Could it be that you think I've ruined the relationship between Mr. Wang and Miss Yang?"

The crowd's faces twitched in unison.

"Nope!" Xia Xibei shook her head first, and then looked at the man. "Mr. Wang... Likes men, right?"

Speaking of which, she tsked and shook her head, looking at Yang Mo with sympathy in her eyes.

"Miss Yang, if that's the case, you're hating the wrong person."

When these words came out, the faces of the crowd changed in unison.

The man who had been ignored once again became the focus of attention.

This also reminded everyone, this man had AIDS!

The others couldn't help but take two steps backward, away from them.

Although these viruses were not airborne, it was safer to stay away, everyone thought.

Yang Mo's face turned green.

Xia Xibei's words reminded her of what had just happened.

Due to the mental pressure, she felt very uncomfortable all over her body, as if she was dirty everywhere, and she wanted to peel off her own skin.

Acting as if she was unaware of what she said, Xia Xibei looked at the old man, "Grandpa Wang, let's check it out. We have to clear my name!"

The old man glared at Wang Tianze and Yang Mo in anger, wanting to kick them out!

It was all their nonsense!

However, Xia Xibei was so insistent, how could he refuse?

"Okay, I'll have someone come over to check."

So, the security guards quickly came over. Only, the news they brought was a bit of a headache.

"What? The surveillance camera is blocked?"

Both the old man and Wang Qun were shocked.

"When did this happen?"

“It was today.”

The security team leader had a bit of a headache. He didn't expect that this would happen today. This is too much of a coincidence!

He could only bring out the video of those little birds before.

“That's... What happened.”

Chapter 1584 - 1584 Coming for Revenge

1584 Coming for Revenge

Everyone was stunned as they watched those little birds attack the surveillance cameras.

These birds were going crazy, right?

How did they suddenly attack these cameras?

These cameras didn't move; they wouldn't do the birds any harm!

!!

However, because the screens of these monitors were covered, there was no way to capture what was going on.

From the time the cameras were blocked to the time Wang Tianze came in, there was a gap of ten minutes.

In these ten minutes, no one should be able to come in and make trouble.

Moreover, in these ten minutes, Xia Xibei was with others in the hall, and there was no way to leave.

Besides, Xia Xibei's outfit tonight was not conducive to her movements!

Her dress was so beautiful and her skirt fit so well, she wouldn't be able to run!

In other words, she had no way to make a move and no time to commit a crime.

Besides, she and Wang Tianze had never met formally, and there was no motive to commit the crime!

Yang Mo said it was Xia Xibei's fault, which was ridiculous!

After watching the replay of the surveillance, everyone looked at Yang

Mo and Wang Tianze with condemning eyes.

However, they saw Yang Mo's shocked and terrified expression, pointing at Xia Xibei in disbelief.

"It's you! It's really you!"

Others didn't know, but she knew that Xia Xibei had great strength in taming animals.

Xia Xibei should have recovered her memory and strength so that she could control these birds to do these things!

The others didn't know that.

People didn't understand Xia Xibei's strength at all.

So, when they saw that Yang Mo still didn't admit her mistake, but instead was dead set on Xia Xibei, they were even more upset.

"Miss Yang, that's not right." Wang Tianxin shook his head and fought for Xia Xibei. "Things have all been confirmed clearly, no one has come in at all. You keep saying Miss Qi did it, but where is the evidence?"

Yang Mo shook her head in panic, looking at Xia Xibei with frightened eyes, as if she had seen some terrible monster.

Xia Xibei must have known what she had done in her previous life, so now she was coming to take revenge!

Looking at Yang Mo's panicked eyes, everyone couldn't help but be curious.

Was Xia Xibei so scary?

Why would Yang Mo be so scared?

Or did she do something wrong?

"That's right! Miss Qi was with us before!" The girls from before also pointed to the footage and said. "Look, we were all together!"

"Miss Yang, forgive me for not being able to accept your accusation." Xia Xibei looked at her with a bland expression. "I didn't do such things, and I don't have to do such things. Of course, if you can find evidence, I'll be happy to entertain you."

Seeing her frank attitude, who would believe that she did it?

Besides, it was simply impossible!

The old man spoke awkwardly, "Beibei, don't worry. We all believe that you are innocent..."

“Grandpa Wang.” Xia Xibei smiled faintly and interrupted him. “Since things have been made clear, then I’ll take my leave. I have to continue filming tomorrow.”

“Uh... you’re leaving now?”

People couldn’t help but try to keep her.

She shook her head, “I’m going to go. Oh yes, you guys don’t have to worry. I won’t go out and talk nonsense about them. Of course, if my parents asked about it, forgive me for not being able to hide it from them. After all, they are my parents, and there are no secrets between us.”

These words caused the expressions of all the people in the Wang family to change, becoming very embarrassed.

How humiliating it would be if such words were to get out!

Chapter 1585 - 1585 Slapped in the Face

1585 Slapped in the Face

However, Xia Xibei was a child of the Qi family, and Qi Zhi’an and the others would definitely ask about the party today.

How could Xia Xibei hide it from them? Moreover, she did not need to hide it for the sake of the Wang family.

She promised not to tell the public, which was already very generous. Of course, this matter was not really concealable.

Although the people present were close to the Wang family, this many people could not hide the story for a long time.

!!

Now that technology has advanced, information spreads much faster.

Also, they just wanted to hide it from Xia Xibei, but she was there, which was embarrassing.

Xia Xibei looked at Wang Qun again, "I believe my father has already told you about the marriage contract between our two families. Now that it's over, I hope this matter is really over, okay?"

Her smile was cheerful and warm, looking very gentle, but Wang Qun stiffened.

Did she know what he intended to do?

The most embarrassing thing was that after this incident, there was absolutely no way Xia Xibei would be with Wang Tianze.

After all, Tianze's sexual orientation had already been revealed and there was a possibility of illness.

If he still joined the Qi family, it would not be a marriage, but a feud!

Wang Qun felt as if his face had been slapped several times, hot and painful, and laughed dryly.

“Well... Do not worry, no. It is over.”

Wang Qun couldn't help but remember his previous gesture to Xia Xibei.

At that time, he was thinking that Xia Xibei was not a young lady who grew up properly in the Qi family, after she spent more than ten years outside before returning.

Who knew if there were any bad habits?

The environment could have a big, big impact on people.

Moreover, the entertainment industry was the most chaotic circle.

That was why he told Xia Xibei to quit the entertainment industry.

In his opinion, he would not have approached Xia Xibei if not for her good talent.

How arrogant he was in front of Xia Xibei at the beginning! How humiliated he was now!

He felt that all his calculations were laid out in the sun and looked so humiliating.

“It’s for the best.” Xia Xibei smiled, then nodded to the old man and the others. “I’ll head back. Happy birthday, Grandpa Wang.”

After saying that, she turned around and walked out.

However, before leaving, she made another comment.

“Oh yes. If you guys need it, I can introduce you to a doctor who has expertise in this area.”

This was another reminder of what had just happened to them. The old man looked hatefully at the man, who had shrunken himself like a quail, and wanted to club him to death! The man shrank his neck, a face full of shame.

The man shrank his neck, a face of shame.

“I did not expect this kind of thing to happen...”

At this time, the man who took the wine glass to test returned with a serious face and shook his head.

“There is indeed something in the cup.”

Yang Mo was instantly exhilarated.

See! It was Xia Xibei who drugged her!

Without waiting for her to claim anything, the man said seriously, “There is a residue of ketamine here.”

At these words, Yang Mo immediately shook her head.

“It can’t be ketamine!”

It couldn’t be just ketamine!

The old man looked fiercely at Wang Tianze and Yang Mo, his gaze like a knife. He wanted to cut them to pieces.

“I told everyone that they absolutely must not touch these things!!!”

As a member of the Wang family, one could never touch these things. After all, these things were highly addictive.

Once addicted, it was over.

Unexpectedly, on the day of his birthday, Wang Tianze would make such a mess, and also behave lewdly because he overdosed on ketamine.

He messed up everything!

It could not be forgiven!

Chapter 1586 - 1586 Tattletale

1586 Tattletale

Xia Xibei left before the test results of the wine glasses were available, because she knew that it had nothing to do with her.

These things could not be traced back to her.

After all, she had no time or motive to commit the crime.

How could she have known that Wang Tianze was gay if it weren't for these events tonight?

!!

Since she didn't know such things, how could she set up Wang Tianze?

So, it didn't make sense at all!

As for Yang Mo's words, the Wang family would only treat them as nonsense.

Even if Yang Mo insisted that she did it, so what?

There was no evidence, so would the Wang family believe it?

Xia Xibei's mouth held a faint smile as she got into her car and left the Wang family, leaving the chaos there behind.

The man driving in front of her showed a bright smile and hummed a ditty.

Xia Xibei also sang along for a little while.

After the car drove some distance away, Xia Xibei took her cell phone out and called Qi Zhi'an.

On the other end, Qi Zhi'an was already waiting for this call.

As soon as he picked up the phone, he got anxious as Xia Xibei's crying voice came from the other end.

"Dad..."

As soon as the voice with a crying accent sounded, Qi Zhi'an had a jolt and immediately became anxious.

"What's wrong? Who hurt you? Is Qiao Yanjue bullying you?!"

The corners of Xia Xibei's mouth twitched, but the sobs kept coming, "It's not him... I just left Wang's house."

Qi Zhi'an looked at the time. It was only about ten o'clock in the evening in M, so how could she have left?

Moreover, Xia Xibei was crying.

This was something unprecedented!

Xia Xibei had never cried in front of people.

This child rarely showed weakness.

Today, she actually cried!

"What happened?" he asked in a deep voice. "You talk to daddy, I will help you get justice!"

Only then did he realize that this was the first time Xia Xibei had ever called him dad!

If it weren't for the fact that she was crying, he might have jumped up.

This was an elevation of the relationship between the two of them!

Xia Xibei's voice became even more aggravated, "The Wang family is really too much!"

"What's going on? Tell me everything!" Qi Zhi'an was very eager. "If they dared to bully you, I'll go teach them a lesson!"

Hearing Qi Zhi'an's protective words, Xia Xibei's heart warmed up a lot.

She sniffled and sounded aggrieved, "You don't even know how out of control the Wang family is!"

"How is it too much? They won't let you leave?"

"Do you know what Wang Tianze is like?"

"Wang Tianze, the one you're engaged to?"

"Don't you mention him to me!" Xia Xibei was furious.

This made Qi Zhi'an jump and almost drop the phone.

It was Xia Xibei who brought up Wang Tianze first!

However, she was his own daughter. He dared not say anything and continued to coax her carefully, "Okay, let's not mention... But what happened?"

"Wang Tianze is gay!" Xia Xibei shouted with the anger of being cheated.

Qi Zhi'an was also startled. "What?!"

What did she mean, gay?

He thought he had heard wrong.

"He likes men! He doesn't like women!" Xia Xibei sounded very angry.

The anger wasn't fake, there was a good bit of truth in it.

"Do the others know?" Qi Zhi'an's voice was also several degrees colder.

"Their whole family knows!"

Qi Zhi'an froze for a moment, drew in a breath, and gritted his teeth, "How dare they?! Their whole family knows, but they are working together to screw us!"

Chapter 1587 - 1587 Cancel Collaboration

1587 Cancel Collaboration

Qi Zhi'an also realized that the entire Wang family knew about Wang Tianzhe.

They already knew Wang Tianze's sexual orientation, yet they still wanted their Qi family to fulfill the marriage contract...

Wasn't this a fraudulent marriage?!

Oh no, this was not just a mere fraudulent marriage, they probably wanted to use Xia Xibei to give birth to their children!

!!

That was disgusting!

Qi Zhi'an almost exploded with rage.

At this moment, he was thankful that Xia Xibei already had a boyfriend.

Otherwise, when this thing happened, Xia Xibei would probably choose to try it out with Wang Tianze.

At that time, there was no telling what pit she would fall into.

Thinking about what the Wang family did, Qi Zhi'an was extremely hateful.

It was simply too much!

Originally, when he refused the marriage contract, he still felt a little guilty. After all, it was a marriage contract made by the previous generation. It was a bit unkind to cancel it at this time.

Now, he was happy. It was good that they canceled it!

Otherwise, Xia Xibei would have to be ruined by them!

"Also, there is more. Wang Tianze's lover was there too, and that person has...."

Qi Zhi'an asked in a cold voice, "What?"

"He also has AIDS!"

Xia Xibei's words made Qi Zhi'an draw in a breath.

Crap!

He almost cursed out loud.

How could there be AIDS?

This was a very scary disease!

His hands and feet were a little cold, and it was fortunate that Xia Xibei had not been led into the trap.

“The Wang family has gone too far!” He gritted his teeth. “I must settle the score with them!”

Qi Zhi’an soothed Xia Xibei and hung up, furiously making a phone call.

Soon, Wang Qun received a call from Qi Zhi’an.

Seeing the number on it, Wang Qun’s heart stuttered.

So soon?

The phone rang persistently, and he hesitated for a while before finally picking it up.

“What’s wrong? You don’t dare to answer the phone?” As soon as the phone was picked up, Qi Zhi’an’s sarcastic voice came from the other end. “Have you done something wrong?”

“Mr. Qi, you’re...” Wang Qun laughed dryly, almost embarrassed.

“Did I say something wrong? Or that nothing has happened today? All those things that happened were illusions?” Qi Zhi’an’s voice was very cold, full of cynicism and sarcasm.

“Mr. Qi, you have misunderstood...”

“I misunderstood?” Qi Zhi’an sneered. “What did I misunderstand? Your son is not gay and does not have a lover with AIDS? You didn’t have the idea of a fraudulent marriage?”

“Mr. Qi...”

Wang Qun had a mess on his hands. He didn’t expect Xia Xibei to really tell Qi Zhi’an everything, and now they were coming to the door to settle scores!

“What? Did I say it wrong?” Qi Zhi’an’s voice grew colder and colder. “I always thought that our two families were friends. I never thought that our Qi family is not worthy of a friend like your Wang family!”

“Mr. Qi, please don’t say that!” Wang Qun was very anxious and tried to explain in a panic. “There is really a misunderstanding here!”

“Misunderstanding? Okay, I’ll listen to your explanation.” Qi Zhi’an did not cuss, just calmly listening to his explanation. “Come on, give me a reasonable explanation.”

“Uh...”

Wang Qun secretly screamed.

He just casually said there was a misunderstanding, but was this really a misunderstanding?

At this time, Qi Zhi’an asked him to explain, and he couldn’t!

“What? You have nothing to say?” Qi Zhi’an sneered. “In that case, I’ll tell you that the collaboration between the Qi family and the Wang family ends here! From now on, we have nothing to do with each other!”

Chapter 1588 - 1588 Disillusionment

1588 Disillusionment

“Hello? Hello?!”

Wang Qun looked at the black screen and was all flustered.

In particular, Qi Zhi'an's comment about them having nothing to do with each other panicked him.

When the previous engagement between the two families was canceled, the Qi family was a bit sheepish, so they chose to cooperate with the Wang family a little more in business.

!!

Although the two sides could not be in-laws, they could have more business collaboration.

This was also considered compensation from the Qi family.

Who would have thought, in less than half a month's time, that this kind of thing would happen?

Now, it was the Wang family that was at a disadvantage!

Being at a disadvantage was not good.

All this was because of Wang Tianze!

It was all because of that kid!

Thinking of this, Wang Qun wanted to tear Wang Tianze apart!

Wang Tianze could do his nonsense every day as long as he pretended to be a good boy and not reveal himself.

Wang Tianze's performance in front of others was still very good. He was good at pretending, always appearing in front of everyone as a successful person.

Many girls were fooled by his attitude and thought he was the most eligible bachelor.

When others mentioned Wang Tianze, all of them raised their thumbs up.

When people talked about the Wang family, they would say that the Wang family was really talented, and growing more and more.

Of course, to Wang Qun, Wang Tianze was the most outstanding child. Ordinary girls were not worthy of him.

As for inheriting power in the Wang family, it was in the bag for them.

However, at this time, all the good things before were viciously torn apart.

This incident disillusioned everyone.

Wang Tianze was gay, and he had AIDS!

What girl would dare to go near him?

Even if the girls were gullible, their parents were not, they would not let their daughters near him!

That was not all! It was the family stuff that was the biggest problem!

Wang Tianze was originally the best candidate for the family's successor and performed very well.

Now, after this happened, the pride of the Wang family was gone.

At the same time, there was Wang Tianxin watching from the side like a mercenary!

They were between a rock and a hard place!

All of this was because of that man who suddenly appeared!

Thinking of this, Wang Qun's face turned white with hatred and he wanted to tear that man to pieces!

However, after this happened, that man ran away.

Although the Wang family was rich and powerful, they couldn't detain the man for no reason.

There were so many people present, how could they do something there?

Even if they were not so ethical in private, at this time, they absolutely could not do anything shady.

So, they could only let the man leave.

As for the police?

What a joke!

Could this kind of thing be exposed?

Originally, he thought that after that man left, he would find an opportunity to get him killed.

To their surprise, it had only been just an hour since this happened, and the man had already run off to the airport!

They realized that this man was prepared!

Otherwise, how could he have been ready to leave the country?

Moreover, someone had definitely done something here!

As for who?

Wang Qun's eyes were cold.

Apart from the father-son duo of Wang Bin and Wang Tianxin, no one else could have done it!

After all, after this kind of thing happened, the ones who benefitted the most were definitely this father and son duo!

However, there was no evidence yet, so he could only be ridiculed!

Chapter 1589 - 1589 Must be Very Happy

1589 Must be Very Happy

Back at Rose Manor, Qiao Yanjue took off his disguise before saying to Xia Xibei, "I didn't expect that they would come up with such a powerful person, but I have to say, this was a really good move."

Xia Xibei gave a thumbs up. Originally, she didn't intend to do it so viciously. She just wanted Wang Tianxin to have some fun. To her surprise, Wang Tianxin did it even more ruthlessly than she did.

The competition in the Wang family was quite vicious.

"It's indeed brutal," Qiao Yanjue nodded.

!!

The fact that Wang Tianze was gay had always been well hidden; even Wang Tianxin did not know about it.

After all, every single time Wang Tianze played around, he would tell the other party to shut up.

As long as he gave enough money and also picked a person who knew how to behave, he could naturally keep it a secret.

At least for a few years, it was still possible to keep the secret.

Due to this, even Wang Tianxin didn't know Wang Tianze's secret.

However, Qiao Yanjue told Wang Tianze's secret to Wang Tianxin.

So, Wang Tianxin got one of the boyfriends to go over.

Even worse, it was not known that the man was suffering from the disease.

Wang Tianxin's original plan was for the man to find a chance to have a shot with Wang Tianze and pass the disease on to him.

So, Wang Tianxin brought the man into the house.

He just didn't expect that the final result would be so surprising.

Qiao Yanjue and Xia Xibei, as well as Wang Tianxin, were all very satisfied.

Of course, this time, Wang Tianze would not necessarily get sick. It hadn't been too long, and he also took infection-blocking drugs, so the probability of getting sick was greatly reduced.

However, this kind of thing completely destroyed Wang Tianze's hypocritical face.

Now, the Qi family was angry because of this matter, and also canceled their collaboration with the Wang family.

All of this is because of Wang Tianze.

So, the mess in the Wang family was predictable.

"I wonder how Yang Mo feels about this gift. Will she feel especially great?"

Xia Xibei snuggled in Qiao Yanjue's arms, smiling.

Thinking back to Yang Mo's horrified expression before, Xia Xibei felt great.

Yang Mo must have guessed her identity, but so what?

Even if Yang Mo wanted to put everything on her head, so what?

Even if she was very determined, others would not believe her words.

Against the Qi family? And because of these unsubstantiated words?

Although Yang Mo's position in the Yang family was good, she was not yet at such a point.

She had not yet reached the point where others were completely crazy about her.

Of course, even if Yang Mo wanted to do something, Xia Xibei was not afraid.

No matter what Yang Mo wanted to do, Xia Xibei would not let her go.

Now was just the beginning, she would definitely make Yang Mo regret her choice!

"She must be very happy," Qiao Yanjue agreed heartlessly. "I'm sure she'll be even happier later."

"That's for sure!" Xia Xibei smiled. "I was her teacher!"

When she said this, her eyes were cold.

Yang Mo, who they thought would be “happy,” returned home and smashed everything while hissing madly.

If someone else was here, they would have been scared.

Her eyes were so scary!

Yang Mo wreaked havoc on the room, and only after there was almost no clean place to stand did she stop.

The panic on her face had disappeared, leaving only anger and hatred.

Why?

Why was Xia Xibei also reborn here?

Moreover, Xia Xibei had regained all her strength!

This made anger burn in Yang Mo’s heart.

Chapter 1590 - 1590 To Take Revenge

1590 To Take Revenge

Yang Mo's attitude towards Xia Xibei was very complicated.

In fact, in the beginning, she was still very grateful to Xia Xibei. After all, it was Xia Xibei who gave her a brand new life.

However, after that, her attitude began to change.

It was clear that Xia Xibei had so much money and so much power, so why didn't she teach her all of it?
!!

Also, why was there another female disciple? Why was that female disciple more powerful than her? Did Xia Xibei give her a little help?

Xia Xibei and her were about the same age, just a dozen years apart.

At that time, the difference of a dozen years was too small, everyone was really the same generation.

Obviously, they were the same age, but Xia Xibei's strength and talent were light years above hers.

When that man appeared, his attitude towards Xia Xibei and her was very different.

Xia Xibei did not care about that person, but that person did not care at all and intensely pursued her.

And her? Obviously, she gave everything to that person, but, in the end, she did not get any affection.

Yang Mo still remembered that the man said that she and Xia Xibei were incomparable.

So, these words successfully ignited the fire she had kept inside her heart all these years.

That was why she chose to kill Xia Xibei.

The reason why she killed Xia Xibei was also to let Xia Xibei know that although she was gifted, her fate was in her hands!

Unexpectedly, this matter was finally discovered by Xia Xibei's fellow disciple.

Thus, Yang Mo had a tragic end.

Originally, Yang Mo was still very happy when she arrived in this world.

Although she had died, she had a chance to be reborn!

This was much more powerful than Xia Xibei!

When Xia Xibei died, she was really dead.

This feeling of superiority had always made her proud.

However, Xia Xibei was also reborn. She was still younger than her, but regained all her original strength!

The current Xia Xibei was younger than her, yet had the same strength as before.

This made Yang Mo's jealousy explode in full force!

She absolutely could not let Xia Xibei continue to be complacent!

However, when she really had to do it, Yang Mo had a headache.

What could she do to get rid of Xia Xibei?

After all, this was not the Land of Fantasy. If you killed at will, you would be punished by the law.

Otherwise, she wouldn't be so torn.

Of course, she quickly reacted.

If not for the fact that this was a society under the rule of law, perhaps Xia Xibei would have done it first.

With the difference in strength between Xia Xibei and her, it would be much easier for Xia Xibei to kill her than for her to kill Xia Xibei.

After thinking about this, Yang Mo collapsed on the sofa, her face ashen.

However, she quickly got up.

She absolutely could not give up!

She must make Xia Xibei understand that even in a different world, she would still be stronger than her!

For sure!

Yang Mo cheered herself up and then, three days later, found out that she didn't have the disease. She devoted herself to her research.

She hadn't been idle in the past few days either.

She found out that Xia Xibei hadn't shown her medical skills.

That was right. Xia Xibei's whole focus was in the entertainment industry, so she didn't need to care about her medical skills as much as before.

Xia Xibei was already dazzled by the glamor of this world.

If she could develop a cure for cancer, what would Xia Xibei matter?

When the time came, there would be fame and profit.

If she wanted to deal with Xia Xibei, it would be easy.

With this idea in mind, Yang Mo put her head down and finally shortened the development time of her cancer cure.
