

Chapter 1601

Leaked

Xia Xibei and Qiao Yanjue had little concept of five lakes and four oceans. If not for Qi Zhi'an saying that their teacher came from five lakes and four oceans, they really didn't know that such a place existed in this world.

Moreover, Qi Zhi'an had said before that five lakes and four oceans was a very magical place, with many mysterious things inside, and it was a natural treasure spot.

It was so amazing that people like them didn't know what was going on inside.

However, for sure, if you could go into and out of it, you were a master!

Xia Xibei recalled the man's pace, her expression gloomy.

"He is a master."

"Just... Why did he come to you?"

Qiao Yanjue was also puzzled.

The two looked at each other and spoke in unison, "Teacher?!"

They had made up nonsense to Qi Zhi'an before, saying that their teacher came from five lakes and four oceans.

This was originally nonsense, so they did not think much of it.

However, Qi Zhi'an might have taken it seriously, so it was likely that he would also talk about it to others.

To verify their suspicions, Xia Xibei called Qi Zhi'an again.

Qi Zhi'an, who received another call from Xia Xibei so soon, was a bit confused.

"What's wrong? What else is wrong?"

"Didn't I tell you before that my teacher was from five lakes and four oceans?"

"Yeah, what's wrong?"

"I want to ask, have you told anyone about this?"

Qi Zhi'an froze for a moment, "Well... I have told your grandfather."

Sure enough!

Xia Xibei and Qiao Yanjue looked at each other.

Sure enough, it had been revealed.

"This... Is not a problem, right?"

Frightened by the silence on the other end, Qi Zhi'an asked cautiously.

Five lakes and four oceans was a mysterious place, but, instead of being an evil place, it was a good place for all people to aspire to.

So, the fact that Xia Xibei's teacher came from there raised Xia Xibei's profile.

Moreover, Xia Xibei was not yet 20 years old and already had such an outstanding performance, which was certainly due to her strong talent, but it also showed how powerful her teacher was.

If the teacher wasn't so powerful, could he have delivered such a good student?

boxnovelfull.comnov/el/b/in[./]net'

So, Qi Zhi'an brought up this matter in a bragging tone when he mentioned Xia Xibei to the Qi family patriarch.

Now, being asked so much by Xia Xibei, he became a little apprehensive. There couldn't be anything wrong, right?

"Is ok..."

Xia Xibei still shook her head.

No need to ask the old man, she also knew that it must be the old man who told other people.

Although the old master was a stable man, he also loved to show off.

Knowing that his granddaughter's skills came from a teacher from five lakes and four oceans, it was worth bragging!

The old man had many friends, and usually, when they got together, it was to show off their children's achievements.

So, it was normal to casually show off Xia Xibei.

After all, five lakes and four oceans was a place that really fascinated people.

Although some people didn't believe that Xia Xibei's teacher really came from five lakes and four oceans, when the old man said so, people just listened to him.

Maybe one day it would be revealed as a lie?

Xia Xibei did not expect that more things would happen later.

After hanging up the phone, Xia Xibei and Qiao Yanjue pondered a bit and finally determined that it must be related to five lakes and four oceans.

Otherwise, a phantom flower and shadowless bee would not just appear.

However, how could they find that person?

Soon, Xia Xibei's eyes lit up.

Chapter 1602 There Is A Connection

The next day, Xia Xibei arrived at the set.

In the next few days, they were going to shoot the last few scenes. After shooting these scenes, she would be done with the film.

After that, she could go back to her country.

Before she could go home, she had to get things straight.

boxnovelfull.com/ov/elb/in[.]net'

So, Dolores found that Xia Xibei became very warm toward her instead of cold!

Yes, Xia Xibei's attitude was very warm, and she brought a lot of food.

Looking at Xia Xibei's enthusiastic attitude, Dolores was a bit wary in her heart, just like Xia Xibei's reaction before.

After all, the relationship between the two had not been warm, and all of a sudden, it changed. Who would believe there was no foul play?!

However, remembering the man's advice to her, Dolores accepted Xia Xibei's warmth.

"I didn't expect you to be so knowledgeable, Dolores!"

Xia Xibei looked at Dolores enthusiastically with a look of admiration.

They had just talked about the cultures of other countries, and to Xia Xibei's surprise, Dolores was quite knowledgeable about all these places.

"I'm not," Dolores shook her head, "It's just that I've been to quite a few places. I like to travel when I have time."

"You like to travel!" Xia Xibei looked surprised. "I like to travel too!"

However, she looked down, "But after becoming a star, it's not so convenient to travel. I always get recognized."

This was the price many stars paid when they became famous.

Before they became famous, they wanted the world to know them.

However, after becoming famous, they found people chasing after them every place they went.

So, they generally didn't dare to mess around.

If they wanted to travel, they had to wear many disguises and they couldn't really have fun.

"It's okay," Dolores smiled, "When I'm not wearing makeup, I might not be recognized that easily."

"That's nice!" Xia Xibei nodded. "Do you have any disguise hacks?"

Seeing Xia Xibei acting so excited, Dolores could not refuse to answer. She thought about it before speaking.

"When you go out, just let your hair down, and wear a mask and sunglasses."

Once these words were said, Xia Xibei confirmed her suspicions.

Dolores must have had tools for disguise. Otherwise, she would not say such simple words.

Wearing a mask and sunglasses to disguise themselves? How was that possible? It was easier to be recognized like that, right?

Xia Xibei was only famous in Hua now, but Dolores was recognized internationally and had numerous fans in many countries.

Moreover, as fans said, their idols had a halo when they went out and were the brightest stars on the street. Even without makeup, they were very conspicuous and different.

Dolores, with that domineering posture, would never be lost in the crowd when she went out.

In this case, she only had such a simple disguise, and she couldn't be discovered?!

Xia Xibei recalled the news about Dolores, then realized that Dolores was indeed rarely photographed by the paparazzi abroad.

She was photographed once or twice, only when she was at the airport.

After that, no one found her anywhere.

Coupled with these words today, Xia Xibei was confident that Dolores had a deep connection with the man behind that curtain!

After understanding this, Xia Xibei's smile deepened.

Due to Xia Xibei's initiative, Dolores also acted appropriately, and the two had a much better relationship this time.

The two even had a big hug after the movie had finished shooting.

Chapter 1603 Escalating The Attack

After watching Xia Xibei and Dolores' relationship ease up, the others breathed a sigh of relief.

Those present were all human beings, how could they not see the negativity between the two?

Their attitude did not affect the shooting; after all, they were both dedicated people. However, this kind of disharmony still affected the attitude of others.

It was good that they finally became friendly.

At the wrap party, the two of them even hugged each other very warmly.

This made others happy. The two were friends. It was better than being enemies, right?

At the wrap party, Director Smith said to Xia Xibei, "You did a great job, I hope we have another chance to work together!"

"Thank you, director, I hope we can work together again!" Xia Xibei smiled and gave him a hug.

The others came up and hugged her.

"You have to come back and see us often."

Nora also gave Xia Xibei a big hug.

The others nodded their heads in agreement.

"Of course, I'll come back often!" Xia Xibei smiled playfully. "When the time comes, I hope you guys don't get annoyed by me!"

"As long as you bring gifts, we won't mind you."

Everyone joked around.

The scene was a joyful one.

After the party, Xia Xibei got into the car that came to pick her up.

She returned home and then took out her phone.

The phone showed a red dot on it, and the red dot was moving.

To her surprise, the red dot was not too far away from her, maybe a few kilometers away.

However, Dolores' residence was not there.

Could this be... The man?

With doubts, Xia Xibei took off her clothes but did not find oils of the previous phantom flower on her clothes.

The two just embraced, but Dolores did not leave something on her. This was quite unexpected.

However, Xia Xibei soon understood.

After all, the man already knew where she lived, so there was no need to use this trick.

At home, Xia Xibei found a shadowless bee hidden at the top of the closet.

It looked like it was the same shadowless bee from before.

The previous biochemical attack did not hurt this shadowless bee badly, so it came over again.

Thinking of this, Xia Xibei smiled deviously.

Then, she went to the kitchen, then took out a durian.

She repeated the previous steps again.

Once again, the place smelled horrible.

This time, Xia Xibei had added something else, and the smell was even more bizarre than the last time, and the killing power skyrocketed straight away.

The terrible smell was a worse upgrade than the last time and drove the shadowless bee away.

This smell was too terrible!

This was a terrifying and effective attack on the shadowless bee.

Only after driving the shadowless bee away did Xia Xibei open the windows and door and send another message to Qiao Yanjue, telling him that she had created another terrible accident, and to be careful when he came back.

Qiao Yanjue, who received the message, was speechless.

That smell from before was still fresh in his mind!

That smell was simply horrific! When he slept at night, he could still smell a bit of the stench.

boxnovelfull.comn/0v//elbin[./]net'

However, he also understood that Xia Xibei was definitely not fooling

around and was doing this because of the appearance of the shadowless bee.

It seemed that the person had the shadowless bee spy on Xia Xibei again.

After Xia Xibei drove the shadowless bee away, she checked her phone and found that the red dot on her phone had stopped.

Then, she tapped on the red dot and soon heard the conversation over there.

Chapter 1604 Can't Afford To Lose

The bug and locator Xia Xibei placed on Dolores was the most advanced kind available.

Moreover, a large part of the credit went to Qiao Yanjue.

Qiao Yanjue fused this world's wiretaps and his metalworking strength together to create this tiny wiretap that no one else could detect.

This kind of thing could be very awesome if used to fight crime.

Qiao Yanjue had plans to collaborate with state departments.

If this kind of weapon was known and used by unscrupulous elements, it could cause bad effects.

However, if you collaborated with state agencies, you could achieve a different result.

Well, this was a tangent.

Their focus now was on the man behind Dolores.

Just as they clicked on the bug, they heard a somewhat exasperated voice from the other end.

"Crap! Who eats stuff like that all day long? Stinks to high heaven!"

What surprised Xia Xibei was that the person was speaking in the Hua language.

In other words, the other person was from Hua.

Then, the appearance of the man she saw before was indeed a disguise, because when she saw the man earlier, he had blond hair and looked like an M native.

Now, he spoke the Hua language with such fluency that it was enough to show his true identity.

Then Dolores' timid voice rang out, "What's wrong? What's happening?"

Dolores naturally spoke English. Although she knew a little Hua, she didn't understand much of it.

She could also see that the man was very angry, as if he was walking on a sore foot and was about to explode.

"It's fine, nothing is wrong!"

boxnovelfull.comnov/el/b/in[./]net'

The man took a few deep breaths, which pushed down the anger in his heart, and squeezed out a smile at Dolores.

Of course, he was very angry.

He thought Xia Xibei was only cooking the durian on a whim.

It was okay to do it once, but who would have thought that she would do it a second time?

The previous shadowless bee was badly injured, and now she'd done it again. It was going to hurt internally!

He did not even dare to let his shadowless bee go over again.

Who knew if Xia Xibei would do it again?

He didn't know what she was smoking, or what kind of messed-up ideas she had to be making these biochemical weapons all day long!

Too damn disgusting!

However, he couldn't afford to lose.

He only had two shadowless bees on hand. If he lost one, he would have to die of heartache.

Since he couldn't get the shadowless bee to go over, he had to rely on Dolores.

Therefore, his attitude towards Dolores was much gentler.

Seeing him return to normal, Dolores breathed a sigh of relief.

"It's good that it's okay."

"Hmm," the man nodded his head. "How are you getting along with her?"

Hearing the man ask about Xia Xibei, Dolores' expression didn't look too good.

He was so concerned about Xia Xibei. How could she be happy?

"Our relationship is much better than before, and we even exchanged contact information." Dolores sat down beside him. "But why do you want me to befriend her?"

The man gave her a look, "I naturally have my own ideas. Don't worry, it won't hurt you."

"You don't like her, do you?"

Dolores was a little jealous.

"How could I?!" The man was surprised and hurriedly took her hand. "Don't worry, I only like you."

Being coaxed by him in this manner, Dolores, who was a fierce woman on the big screen, showed the shyness of a needy girl and snuggled into the man's embrace.

"That's good."

Fortunately, Xia Xibei could only listen to the sound. Otherwise, she must feel nauseous upon witnessing this scene.

Chapter 1605 Ordered A Drink

Xia Xibei quickly understood that the reason Dolores was so cold to her before was because Dolores thought that this man liked her.

As this man's lover, Dolores certainly did not want him to move on.

That was why she had such an attitude.

To her surprise, the reason why the man was so interested in Xia Xibei was because of other things.

Listening to the conversation on the other end, Xia Xibei was curious about what the man looked like.

It could be said that Dolores was an outstanding actress.

Although these days the two of them did not get along too well, Dolores' acting skills were undeniably good.

Moreover, her character was also quite good and cool.

How could such a cool and imperious girl be like this in front of a man?

This made Xia Xibei feel very sorry.

That man was not young at first glance, and Dolores was only in her thirties, so why did she like him?

Was she blind?

With this thought in mind, Xia Xibei continued to listen.

"Don't worry, you've been with me for so many years, I won't treat you badly," yhe man patted Dolores and said.

"Mmm." Dolores nodded sheepishly like a docile girl. "You can't leave me, I'm with you for life!"

This comment made Xia Xibei's teeth hurt.

That was not Dolores' personal style!

The most important thing was that Dolores should be a dominant woman, but who would have thought that in private, she would be so... Delicate?

"However, you have to help me to contact her properly. You can't let her know your situation, understand?" the man continued.

"Okay, I know," Dolores nodded obediently, nodding her head at whatever the man said.

After a while, the phone rang and the man went out to answer it.

Xia Xibei paused the wiretap as well.

She couldn't help but frown.

She looked at her schedule and finally decided that she would ask Dolores out before leaving M.

Dolores did not expect that Xia Xibei would take the initiative to ask her out.

She was surprised, but she quickly agreed.

The two of them met at a very private restaurant, which many celebrities frequented, and where there were no reporters guarding the place.

When they arrived at the restaurant, the two of them sat face to face.

The two had just sat down for a short while when Xia Xibei suddenly frowned and came up to Dolores' face.

Dolores was startled by her reaction, her body reflexively backed up.

"You... What's wrong with you?"

Xia Xibei's expression was serious, staring at her face without letting

go.

"What's wrong?"

Dolores was at a loss for words and a little nervous.

It couldn't be that they were found out, could it?

Xia Xibei sat back in her seat and smiled, "No, I think your makeup looks good today."

"Really?" Dolores smiled dryly. "Thanks."

She was confused. Even if her makeup was good today, she didn't have to get so close, right?

She thought she was growing flowers on her face!

"By the way, what do you want to eat? Go ahead and order."

"You're familiar with this place, you can order," Xia Xibei laughed.

"Okay then, I'll do it." Dolores quickly ordered some food.

However, when the waiter was finalizing the order, Xia Xibei asked her to add a bottle of wine.

boxnovelfull.comn/0v//elbin[.//]net'

"You like to drink?" Dolores asked.

"A little," Xia Xibei laughed. "Sometimes it's nice to drink a little."

Soon, the food they had ordered came up.

The waiter was kind enough to open the bottle for them.

"Here, drink some," Xia Xibei poured a small glass of wine for each of them.

Dolores hesitated for a moment but took it.

Chapter 1606 Under A Spell

Dolores thought Xia Xibei's enthusiasm today was a bit strange, but thinking about what her lover had said to her, she endured it.

Whatever he asked her to do, she would do it.

Accepting the wine handed over by Xia Xibei, she smiled and said, "We'll just drink a little. We have work later."

The point was, her lover wouldn't let her drink, saying it was bad for her health.

He was so nice to her, so of course she had to listen to him.

"Sure," Xia Xibei nodded, "A little is enough. We are not strong drinkers."

She raised her glass, "Come on, let's celebrate a wonderful day!"

Dolores smiled and followed suit, "To a wonderful day!"

After clinking glasses, the two of them took a sip of wine in unison.

Xia Xibei smiled and put the glass down, starting to talk about other things.

Dolores smiled and listened to her, occasionally echoing her words.

Both of them were human beings, and could still be pleasant as long as they seriously wanted to communicate with each other.

In just a few minutes, they seemed like close girlfriends.

Soon, they were chatting enthusiastically.

Xia Xibei was eating her meal while smiling at Dolores.

As Dolores spoke, she suddenly burped.

"I'm sorry."

She immediately covered her mouth apologetically, embarrassed.

It was rude to suddenly burp at a time like this.

"It's okay," Xia Xibei shook her head with a smile. "It's not a big deal."

However, it became clear in her mind.

Something was not right with Dolores!

There was something inside her body!

Just now, she kept a close eye on Dolores and found that she was not quite right. That was why she ordered a strong drink.

When Dolores burped, her eyes suddenly went red and looked very scary.

However, the situation only appeared briefly and did not last.

If Xia Xibei hadn't been watching her closely, she wouldn't have noticed that something was wrong.

Dolores smiled apologetically.

After chatting for a while, Xia Xibei suddenly pointed at her wrist, "That's a nice bracelet you have! Can I take a look?"

Dolores looked at the bracelet on her wrist, nodded, and reached over.

"Yes."

Xia Xibei immediately reached out and pulled her hand up, the pad of her fingers on her wrist.

boxnovelfull.comn/0v//elbin[.//]net'

Dolores felt that her action was a bit strange. When others looked at her hand, they usually held the palm of the hand.

Xia Xibei was holding her wrist and raising her pinky finger, it was really strange.

However, this did not affect anything, so she did not say anything.

However, she didn't know that Xia Xibei was already completely sure.

Dolores was under a compulsion! It was a compulsion that could make people do what they said!

This made Xia Xibei quite somber.

This compulsion should be done to Dolores by that man. Otherwise, Dolores would not be so concerned about obeying him.

With a moment's work, Xia Xibei figured out the situation.

The man had put a compulsion on Dolores to make her obedient and asked her to keep an eye on her.

That man... He was really no good!

"Finished looking?"

Dolores was a bit confused. Xia Xibei was holding her hand for too long, right?

"Oh, sorry." Startled, Xia Xibei let go of her hand and laughed. "Which brand is this bracelet of yours? How come I haven't seen it before?"

"Oh, it's a custom-made model from the D brand."

Dolores didn't think much of it.

"It's beautiful!" Xia Xibei nodded.

The two of them had a lively conversation, and then Xia Xibei invited Dolores to visit her place for a while.

Dolores hesitated, but agreed.

Chapter 1607 Invitation

Soon, the two of them arrived at Xia Xibei's Rose Manor.

Upon arriving, Dolores was surprised.

"This place is yours?"

The environment here was too good! The air was fresh and the atmosphere was beautiful.

Even the skin felt much more hydrated when you walked in here.

"This is my boyfriend's place."

"You have a boyfriend?" Dolores was surprised. "Didn't you say before that you didn't have a boyfriend?"

"I said before that I had many male friends. I didn't say I didn't have a boyfriend," Xia Xibei smiled, "But you have to help me keep it a secret. Otherwise, I'll be hounded by reporters."

"Okay, I'll help you keep it a secret," Dolores nodded readily.

She was relieved to know that Xia Xibei had a boyfriend.

Xia Xibei had a boyfriend, so naturally she wouldn't have any thoughts about her lover.

"However, who is your boyfriend?" Dolores guessed. "He must be very handsome!"

"Of course he is handsome." Xia Xibei nodded. "I wouldn't be with him if he weren't handsome! I'm into looks too."

"Actually, as long as the person is good, handsome or not isn't a problem," Dolores, however, shook her head.

"Oh?" Xia Xibei raised her eyebrows. "Sounds like you know a lot about it! Do you have a boyfriend too?"

"No!" Dolores immediately shook her head, a little flustered.

She had never been photographed by reporters traveling with the opposite sex, and moreover, she was not close to the same sex.

Suffice it to say, she had friends, but no lovers.

This also made Xia Xibei understand more how much that man influenced her.

"You're so good! How come you don't have a boyfriend? Are they all blind?" Xia Xibei looked indignant.

"Don't say that." Dolores shook her head. "I'm the one who doesn't see much in them. Besides, my focus is on my career and I don't want to fall in love."

"Okay," Xia Xibei shrugged. "That's not a bad choice."

Some people wanted to fall in love, some people wanted to work, and some people just wanted to be with money. It was all a choice.

As an outsider, she would just show respect, there was no need to say too much.

boxnovelfull.comno/vel//bi/n[.]net'

Of course, Dolores' situation was special, and Xia Xibei was even less likely to say so clearly.

"Come, I'll show you around!"

"Okay, please," Dolores nodded and curiously followed her inside.

The Rose Manor covered a large area, just like a small park, and the flowers and trees were all very beautiful.

Except for the place where the spirit stones were piled up, which no one was allowed to enter, there were people in charge of all the other places.

As Dolores walked, she felt more and more shocked.

Xia Xibei's boyfriend was so rich!

Although her lover was not short of money either, he didn't own a place as big as this.

Moreover, the environment here was really too beautiful!

The breeze was blowing and the fragrance of flowers wafted; it was really too relaxing.

After walking around, Xia Xibei took her into the lobby.

"Come, have some tea."

Xia Xibei quickly brought up two cups of tea. "This is the flower tea I brought from Hua. It tastes great!"

Dolores took the cups, looked at the flowers blooming inside, and couldn't help but admire them.

"It's beautiful!" She took a breath. "It smells good too!"

"Smells good, doesn't it?" Xia Xibei was a little proud. "It tastes even better! Drink up!"

Dolores nodded and took a sip from her cup.

After taking a sip, she was a little surprised.

"It really tastes good!"

"Drink more if it's good."

"Mmm!"

By the time Dolores had finished the cup of tea, she was feeling mentally exhausted.

In a short while, she fell asleep.

Chapter 1608 Chasing And Intercepting

Seeing that Dolores had passed out, the corners of Xia Xibei's mouth curved with a bright smile.

She stood up, picked Dolores up, and put her on the bed.

Then, she undid Dolores' blouse, revealing her perfect torso.

Although Dolores was in her thirties, she didn't look a bit old and was in perfect shape.

She exercised a lot, so her muscles were very smooth, and she had an enviable figure.

Her long legs were adored by her fans.

Xia Xibei took the woman's clothes off to reveal her full chest and perfect waist.

If others were here, they would have been shocked.

Wasn't this a scene of assault?

However, Xia Xibei's face remained unchanged, not at all enchanted by the beauty in front of her.

The reason why she invited Dolores back here and also took off her clothes was that she wanted to verify her suspicions.

Once Dolores' clothes were off, Xia Xibei's eyes roamed over her body.

Soon, Xia Xibei saw a black spot on Dolores' chest.

The black spot looked like an ordinary black mole, but it was a little larger than a black mole.

Xia Xibei reached out her hand to touch this black spot, and input her spiritual power.

Soon, she felt a bump under this black spot.

Sure enough!

Xia Xibei confirmed her suspicions.

There was a parasite compulsion inside Dolores' body!

This kind of compulsion didn't move normally. However, it was able to keep Dolores completely under control.

So, Dolores' love for that man was probably caused by this compulsion.

Xia Xibei thought about it and took out her silver needle bag.

Soon, an additional circle of silver needles appeared on Dolores' chest.

The silver needles surrounded this black spot in the middle.

As if sensing danger, the black dot began to go up, as if trying to escape from under the flesh.

The sleeping Dolores was frowning, supposedly feeling the torment of the parasite.

Xia Xibei took the medicine and dabbed it on Dolores' nose, and she fell back into a deep sleep.

Making sure Dolores would not wake up, Xia Xibei continued her actions.

Soon, there was another small circle inside the circle.

The circle shrank a little as if it was chasing the parasite inside, determined to enclose it.

The parasite's movements were becoming more and more intense, desperately resisting this attack.

Xia Xibei's expression did not change as her hand moved again, and made a smaller circle of silver needles.

The black spot had nowhere to escape.

After a while, Xia Xibei narrowed the circle to as small as it could be.

The black spot had nowhere to run and could not move.

Xia Xibei applied another medicine, and the black spot did not move.

After waiting for ten minutes, Xia Xibei made sure that the black spot did not move, then she withdrew the silver needles.

After the silver needles were retracted, she put a little more ointment on top of the needle holes, and the marks disappeared.

After a careful inspection, there were no obvious marks on Dolores' body.

boxnovelfull.com/ov/elb/in[./]net'

Xia Xibei then packed up her things and put Dolores' clothes back on.

After another half hour, Dolores suddenly woke up.

She sat up sharply and looked down at her clothes first.

The clothes were fine, nothing had happened to her body, and she didn't feel any different.

She breathed a sigh of relief.

She walked out just in time to see Xia Xibei come in with a tray. Seeing her awake, Xia Xibei couldn't help but smile, "You're awake, I've prepared dinner."

"I... How did I fall asleep?"

"Maybe you didn't sleep well at night?" Xia Xibei had a calm face. "Or rather, maybe you are not a strong drinker?"

Chapter 1609 Something Is Wrong 1

Looking at Xia Xibei being so calm, Dolores couldn't help but wonder if she really hadn't rested well last night.

"Oh yes, the tea I gave you has a little sleep-aiding effect!"

Xia Xibei added, "After drinking this tea, you will sleep very well! Did you sleep well?"

Seeing Xia Xibei so even-tempered and innocent, Dolores did not think deeper and really thought that the effect of this herbal tea to help sleep was so obvious.

"I slept pretty well."

"That's good," Xia Xibei nodded. "Come on, let's eat something!"

"Alright..."

While eating, Xia Xibei still had the same attitude as before and did not seem off in any way. This also quieted the suspicion in Dolores' mind.

Moreover, she felt that Xia Xibei's personality was really quite good.

This girl seemed to be better than what the media said!

boxnovelfull.comnov/el/b/in[.]net'

How come she didn't find Xia Xibei so outstanding and good before?

How come she did not like Xia Xibei before?

Thinking about it, Dolores couldn't help but doubt her own judgment.

After dinner, Dolores was taken back to her house by car.

By now, there was someone else in the house.

Looking at this plain and slightly old man, Dolores' heart could not repress a surge of revulsion.

How was this man... So old?

Moreover, he looked way too ordinary!

Dolores had always valued the looks of the people around her, but this man was clearly not handsome!

Why did she think he was fantastic before?

Dolores was not a young girl. After all these years, she had long understood the cruelty of reality.

In a relationship, when one party was older and more experienced than the other, it was easy to be more dominant in the relationship.

In other words, one party could be controlled by the other.

Thinking back over the years, Dolores wondered what was going on there.

Dolores's mind tumbled with all kinds of unanswered questions, and she stood still.

"Dolores?"

Jiang Rongguang looked at the silent Dolores and couldn't help but wonder.

"Oh!"

Dolores came back to her senses and slowly walked over.

"You went to Qi Xibei's house today?"

"Yes," Dolores nodded, but carefully pulled away from the man.

Jiang Rongguang didn't notice that Dolores was out of sorts and continued to ask, "Did you see anyone unusual?"

"Anyone unusual?" Dolores thought about it and shook her head. "No. It was just me and her. There was not even a maid."

Jiang Rongguang cursed in a low voice, annoyed.

Although Xia Xibei had invited Dolores into her home, she was also guarded against her.

It seemed that the two were still not close enough.

"It's okay. You should try to get closer to her."

He reached for Dolores' waist and laughed, "Don't worry. No matter what, I love you the most."

When his hand first touched hers, Dolores couldn't help but stiffen for a moment.

When she heard the affectionate words he said, she stiffened even more.

There were goosebumps on her.

She didn't understand what she had been thinking all these years. Why was she with him?

Jiang Rongguang didn't notice her rejection. After all, the compulsion in Dolores' body didn't move, so he wouldn't suspect in that direction.

"Okay, I understand." Dolores controlled herself and pushed Jiang Rongguang away. "I'll go take a shower first."

"Okay, I'll wait for you," Jiang Rongguang winked at her ambiguously.

Dolores stiffened for a moment before opening her mouth, "I... I am a little tired today."

Jiang Rongguang nodded helplessly, "Okay then, I'll reward you next time."

Dolores' smile froze.

Chapter 1610 Something Is Wrong 2

Dolores returned to her room and closed the door before she covered her chest and took a few deep breaths.

She frowned with a puzzled look on her face.

Why did she suddenly feel that Jiang Rongguang made her feel so resistant?

Obviously, it was quite good before.

However, thinking back to the previous situation, she couldn't help but frown.

Thinking about the two of them in the beginning, Dolores was very puzzled. How did she fall in love with Jiang Rongguang?

What the hell happened here...

She looked over all their previous history and became more puzzled.

How on earth did she get together with Jiang Rongguang before?

Obviously, she didn't like this kind of person!

She could say that she was fooled when she was young.

What about now? She was over 30 years old!

Why did she not feel anything when she saw other people who were better than Jiang Rongguang? Why did she feel that Jiang Rongguang was the best?

Dolores was very puzzled. Was this true love?

Moreover, last night she still felt very good about Jiang Rongguang.

Yet today...

All this had only changed since she returned from Xia Xibei's!

Dolores' heart jumped wildly, and an incredible guess jumped out.

Did this have to do with Xia Xibei?

She didn't want to doubt Xia Xibei, but she only saw Xia Xibei today, and moreover, she had dinner with Xia Xibei and went to her house...

If something happened here, it must have had something to do with Xia Xibei.

Dolores sat on the edge of the bed, lost in thought.

It was only when Jiang Rongguang came knocking on the door that she came back to her senses and her face changed slightly.

"Are you all right?"

Jiang Rongguang came in with a worried expression. "Don't you want to take a shower?"

"It's nothing." Dolores pulled the corner of her mouth. "I'm just too tired, so I'm taking a break first. I was just about to take a shower."

"It's good that you're okay," Jiang Rongguang nodded and reached out to touch her forehead to make sure she was alright.

Looking at him so concerned about herself, Dolores did not feel touched at all.

She could clearly feel that Jiang Rongguang did not come in because he was worried about her. He did not have much real emotion in his eyes.

Dolores understood what he meant.

Jiang Rongguang didn't want her to be jealous of Xia Xibei, so he came in to calm her down.

She could clearly feel this false affection.

When Jiang Rongguang went out, Dolores sat down on the sofa in a frazzled mood.

After a while, she called her agent.

The agent was puzzled as to why she was calling so late.

Dolores hesitated for a while, then asked, "So, what... What was I like when I was with him before?"

"Why are you asking this?" The agent was puzzled, but talking about it, she still felt upset. "Not that I'm criticizing you, but when you're in love, you really don't act like yourself at all!"

"Not like myself?"

"Yeah!" Talking about this matter, the agent had a lot to say. "Obviously you are not clingy, but since you got involved with him, you are not you anymore!"

After saying a bunch of things, the agent stopped as an afterthought and was a bit embarrassed. "You won't be upset by what I said... Right?"

"It's okay," Dolores shook her head woodenly, "Okay, we're fine."

Being hung up, the agent was confused.

What was going on?

That night, Dolores lost sleep for the rest of the night.
