

Chapter 1611

Help Me Answer

The next morning, Dolores got up from bed, her eyes dull and lifeless.

When the agent came to pick her up from work, she was startled by her appearance.

"What are you doing?! What happened last night?"

With a surprised face, she immediately frowned, "Did you have a fight with Mr. Jiang?"

After saying that, she continued, "Although I do dislike him, you can't let him affect your work today! You already took a day off yesterday, you can't take another day off today..."

The agent said a bunch of things, but Dolores did not even come back to her senses.

The agent was speechless at the sight of her dazed appearance.

However, this situation had happened once or twice before. If she continued to nag, Dolores would be angry.

So, the agent just said a little more, and then shut up.

Dolores went out with the agent and continued to remain lost in thought.

When she arrived at the set, her phone rang while she was putting on makeup.

Looking at the number on it, Dolores froze for a moment before picking it up.

"Dolores, did you sleep well last night?" Xia Xibei's cheerful voice came from the other end.

boxnovelfull.comnov/el/b/in[./]net'

"It was okay," Dolores hesitated for a moment before she spoke.

"I'm going back to Hua tomorrow. If you need anything, you can call me!" Xia Xibei's smiling voice came.
"If you need anything at all, just let me know!"

"Okay..."

After hanging up the phone, Dolores still hadn't come back to her senses.

After a while, she woke up with a jolt.

Did Xia Xibei mean...

Her reaction startled the makeup artist and she almost screamed.

"What's wrong?" The makeup artist got worried. She didn't use too much force in applying makeup, right?

"It's nothing."

Dolores shook her head and collected her thoughts. But the rest of the day, she was a little distracted.

If it wasn't for strong self-control, she probably wouldn't have been able to continue with this shoot.

It was hard to pass the time, and she finally found a chance to call Xia Xibei.

On the other end of the line, Xia Xibei showed a winning smile.

She had only brought the parasite compulsion in Dolores under control, not killed the parasite.

In this case, Jiang Rongguang could not use the compulsion to control Dolores.

At the same time, because the parasite did not die, Jiang Rongguang would not know the changes in Dolores.

As long as the parasite was not doing anything, Jiang Rongguang would not think too much about it.

Therefore, Xia Xibei was not worried about Dolores' situation.

Besides, Dolores was mature and flexible in coping; she should know how to face this situation.

Now, Dolores' call came.

The two of them arranged to meet in the evening.

Around eight o'clock, Dolores arrived, looking a bit pale.

"Have a seat," Xia Xibei said. "How about some of yesterday's tea?"

Without waiting for Dolores to reply, she poured the tea.

Placing the tea in front of Dolores, Xia Xibei's expression was so normal that no problem was visible.

"Well, if there's anything I can help you with, just tell me," Xia Xibei showed a small smile.

Dolores looked at the flower tea in front of her and was silent for a long time before she spoke.

"Do you... Know the problem with me?"

"What problem do you mean?" Xia Xibei asked instead of answering.

"It's... I..." Dolores hesitated for a while, but could not find the right words. "I don't know. It's just that many things changed when I went back... Yesterday."

She looked nervously at Xia Xibei, "Can you help me answer?"

Chapter 1612 Spitting Out A Worm

Xia Xibei smiled warmly, "Of course you can. However, you have to tell me everything first, so I know how to help you."

That made Dolores' heart jump, and she only thought, 'So it's true.'

Xia Xibei could really help her!

In other words, her guess yesterday was not wrong!

Thinking of this, Dolores' expression was a bit complicated.

What role did Xia Xibei play in this matter?

Originally, Dolores was suspicious of what Xia Xibei had done to herself to make her change her attitude towards Jiang Rongguang.

However, after carefully thinking back on her time with Jiang Rongguang, it became clear to her that the person she was now was the real her.

The one who was previously addicted to Jiang Rongguang's pampering and false feelings was not the real her!

So, Xia Xibei was helping her!

So certainly, she wouldn't resist Xia Xibei's help now.

She was just curious, what exactly did Xia Xibei do?

"I felt something wrong after I... Returned from your place yesterday."

"What kind of wrong?"

"It's just that... I was not in the right mood."

Dolores looked at her teacup, her expression a little hesitant.

"Like what?"

"I obviously liked him a lot before, I had liked him enough to want to give up everything. Yesterday, I just felt very disgusted by it all." She looked at Xia Xibei for an answer. "What's wrong with me? Did I do something wrong?"

"The previous you made a mistake before."

Xia Xibei didn't mince her words but got straight to the point.

"The previous me was wrong?"

Although Dolores was prepared, she was still shocked.

"Right," Xia Xibei nodded. "Drink this cup of tea first."

Dolores wondered why she was suddenly asked to drink the tea.

However, she did as she was told.

The tea was just as good as yesterday. Rather, it smelled even better than yesterday.

After drinking the tea, she was just about to say something when she felt her chest swell up a little, as if her heart was about to jump out.

She immediately looked down, reached out to touch that spot, and then was shocked to find that it was actually a little bit curvy there!

"What..." She was shocked and wanted to undo her clothes to see clearly when she felt nauseous and thought her throat tickled a little. She couldn't help but vomit a little.

Then, something restless ran up into her throat.

"Blegh!"

She subconsciously brought the cup over and vomited into it.

The next moment, she felt something slip out of her mouth. Then, there was a worm in the cup.

The worm was white and fat, not too disgusting to look at.

However, the worm came out of her body!

Moreover, this worm was still alive!

A live worm came out of her mouth!

Dolores' eyes rolled back and she fainted.

boxnovelfull.comn/ov/elb/in[./]net'

Xia Xibei was shocked by her reaction and rushed to hold her.

Xia Xibei did not expect Dolores' reaction to being so violent.

Well, who wouldn't react violently to such things?

This showed a little bit of Xia Xibei's bad taste.

After removing the cup from in front of Dolores, Xia Xibei woke her up.

Dolores woke up, still in a trance.

What was going on here? What had happened?

She just... Seemed to have spit out a bug?

It was a dream, right?!

Just as this thought came out, she looked down and saw the familiar-looking cup.

In other words, this was real!

This thought had just surfaced, and she almost wanted to faint.

If not for Xia Xibei's quick reaction, she might have passed out again.

Chapter 1613 A Woman Came To Him

After struggling for a while, Dolores slowly came to terms with this terrible truth.

"You mean, he gave me this bug to control me?"

Dolores looked at the cup with fear, wanting to be hundreds of meters away from it.

Although she could only see the outside of the cup, not what was inside, the thought of a bug inside gave her goosebumps!

Usually, when she encountered bugs, she felt disgusted. Now, there was a scary bug inside her body, and this bug could control her spirit and mind...

This was like a sci-fi story!

Why did the country of Hua have such a terrible and bizarre thing?

The two Hua people she knew, Jiang Rongguang and Xia Xibei, both knew about these bugs... This was too scary!

Dolores couldn't help but think back to the other Hua people she knew.

Those people... They wouldn't know how to control these bugs too, would they?

Thinking about it, she desperately recalled that she should not have offended them before! Those people shouldn't be able to give her bugs, right?!

Looking at Dolores' twisted expression, Xia Xibei could guess what she was thinking, and she couldn't help but smile.

"Don't worry, there are very, very few people who know these things. Not everyone knows how to play with bugs."

However, that didn't ease Dolores' mind much.

She knew just a few Hua people, and there were two of them who were good at playing with these bugs, so the odds were too high!

She had the feeling that the next person she met would be playing with these horrible bugs too!

"When did you and he meet?" Xia Xibei changed the subject.

If Dolores kept dwelling on this matter, she would definitely not be able to stop obsessing about it.

It was also her fault for being too ferocious just now, getting the bug out without any warning.

However, if it wasn't done like this, the effect wouldn't be so shocking.

"We met 15 years ago." Mentioning this matter calmed Dolores a lot. "Fifteen years ago, I was not yet 20 years old. At that time, I just started in the industry. I did not know many people, and did not have any opportunities..."

Fifteen years ago, Dolores made her debut. Although her appearance was outstanding, she ran into walls everywhere.

At this time, Jiang Rongguang appeared. He helped her a lot and gave her many opportunities, winning her heart step by step.

Since then, the two of them had been together for more than ten years.

However, looking back on the beginning, Dolores was a bit confused.

Was what happened back then her true feelings for Jiang Rongguang or was it all manipulated by him?

At that time, she clearly wanted to make it on her own! Why did she accept Jiang Rongguang's help?

To this day, Dolores did not understand how it all developed.

"Fifteen years ago..." Xia Xibei lowered her eyes in deep thought. "In these fifteen years, do you know what he did?"

"I'm not sure," Dolores shook her head, "I only know that he is a businessman, but I don't know what kind of business he actually does."

She was more like a pet kept by Jiang Rongguang; she didn't know the identity of the "owner."

"So... Does he have any strange people around him?"

boxnovelfull.comnov/el/b/in[./]net'

"Strange people?" Dolores thought for a moment and shook her head. "No, I don't know much about his situation."

At those words, Xia Xibei was a little disappointed.

However, without waiting for her to say anything else, Dolores clapped her hands, "Wait, I remember now! A few months ago, a woman came to see him!"

"A woman? What woman?" Xia Xibei's spirits immediately lifted.

Chapter 1614 A Familiar Person

Xia Xibei's heart skipped a beat, feeling that Dolores' next words would be unexpected.

Dolores frowned, then quickly remembered what the person looked like.

"She was also from your country. Not too young, not bad looking, but just a bit old."

Dolores surprised Xia Xibei for a moment with this comment.

A bit old?

Due to their genes, M girls were tall, so they looked a little older than they actually were.

Asian girls, in general, looked a little younger than their actual age, especially in the eyes of the M people.

If they were well maintained, they might even be mistaken as underage.

Now, Dolores said the man was a bit old, which made Xia Xibei doubt herself.

Ling Juan was only in her forties; she was not that old!

"Do you remember what she looked like?" Xia Xibei asked.

"Yes, I remember." Dolores nodded, then clapped her hands, "Oh yes, I can draw it!"

"Can you draw it?" Xia Xibei was surprised. "You know how to draw?"

"Of course!" Dolores looked up proudly. "My drawing skills are very good!"

Dolores had spent a lot of time on painting in order to play a good female painter.

It could be said that some professional actors would master a skill for every scene they did.

No, Dolores was not as good as a professional painter, but it was still quite easy to draw a person's appearance.

Moreover, she really remembered this woman. At that time, she was obsessed with Jiang Rongguang. She remembered any women who appeared around him, especially a woman with an unfamiliar relationship.

So, she remembered that woman's face.

Xia Xibei immediately brought the paper and pen over.

After getting the pen and paper, Dolores focused and began to draw.

As she watched the outline of the person's face and eyes emerge from Dolores' pen, Xia Xibei's expression became increasingly grave.

She hadn't seen this face before, but it looked familiar.

The eyes and mouth, especially, looked very familiar.

When Dolores stopped drawing, she was finally sure that it was Ling Juan!

Ling Juan's face looked similar to Qi Xin's!

This was the true face of Ling Juan!

The Ling Juan that Xia Xibei saw before was wearing a disguise!

The most important thing was that Ling Juan and Jiang Rongguang had an unusual relationship!

The two of them knew each other!

Xia Xibei realized why she hadn't found Ling Juan before; there was someone else helping her!

This person was actually Jiang Rongguang!

This was too much of a coincidence!

boxnovelfull.comno//vel//bi/n[.//]net'

If Xia Xibei hadn't suspected that something was wrong with Dolores, investigating deeper, she wouldn't have found this out.

"That's her."

Dolores stopped, looked at the person she had drawn, and nodded. That was the face!

She remembered the face very well!

"Good," Xia Xibei nodded and asked again, "Have you seen her again since then? Or rather, do you know where she is?"

"Uh..." Dolores hesitated, "I don't know where she lives, but I guess there are a few places she hangs out at more often."

"Where?!"

Xia Xibei's spirits immediately perked up.

"Is... Is my problem solved now?" Dolores answered instead of asking.

She hadn't expected to just change to another topic. Had the bug in her been completely taken care of?

Xia Xibei froze for a moment and smiled, "It's okay, this is easy to fix."

Chapter 1615 Eat It Again

Dolores looked at the cup in the distance and still felt her heart palpitating.

That was a bug!

Disgusting bugs!

What if the bug was still moving?

Xia Xibei understood her concern and took out a bottle, pouring out a pill.

"Take this and you'll be fine."

Dolores carefully took the pill, very curious.

"What is this?"

boxnovelfull.comn/ov/elb/in[./]net'

"Medicine that will keep you from being infested with bugs in the future," Xia Xibei explained with a smile.

"Wow! So powerful!" Dolores looked at the inconspicuous pill with surprise.

"Right," Xia Xibei nodded, "Don't worry, I won't harm you."

Dolores hesitated for a moment, but finally took the pill.

By now, she chose to trust Xia Xibei.

After she had taken the pill, Xia Xibei brought the cup over again.

"What are you doing?!"

Dolores almost popped up in shock, her eyes looking at the cup in horror, her body leaning back, wanting to be miles away from this cup.

However, when she saw the worm inside, she was astonished again.

When the worm came out of her stomach just now, it was quite a big one, about half the length of a thumb.

Now, the worm inside the cup has shrunk a lot.

It was about the size of a soybean.

If it hadn't moved from time to time, she might have thought it was dead.

However, this movement was still very scary!

Dolores looked at the bug with horror in her eyes, wanting to leave.

This was too scary!

A bug!

Xia Xibei looked at the bug soaking in the flower tea, which was shrinking a lot.

She smiled at Dolores, "Don't worry, it's useless now. But..."

"But what?" Dolores' heart jumped, fearing the terrible words which could come next.

"But... You'll have to eat it again."

"Eat... Eat it again?!"

Dolores stammered in fear. What a joke!

What did she mean to eat it again?!

This was a live bug! How could she possibly eat it if she didn't have a taste for it!

Dolores felt goosebumps all over her body just thinking about it.

"Right," Xia Xibei nodded with a serious expression. "If this bug dies, he will find out that something is wrong. When that happens, he may do other things to you. So, the bug must go back into your body."

"Are you crazy?!" Dolores stared in horror. "How could I let a bug be in my body!"

Even if you didn't know before, now that you did know, who would dare to do that?!

"Don't worry, the bug is no longer affecting you physically or emotionally. I can help you deal with it completely afterwards, but now is not the time."

If the bug left Dolores' body for too long, Jiang Rongguang would notice that something was wrong. He would be alarmed.

Dolores shook her head repeatedly, "No, no, no!"

That was too scary, she won't do that!

"If you don't, he'll know you've found out, and then you might..." Xia Xibei raised an eyebrow at her with a "you know what" look.

Dolores' face suddenly turned white.

She was aware of Jiang Rongguang's ability. If he noticed the problem...

The thought of this made her face even more ugly.

Finally, she could only grit her teeth.

"This bug really won't hurt me?"

"Don't worry, it won't," Xia Xibei smiled.

Chapter 1616 Work With Me

Xia Xibei had said so, so how could Dolores say anything else?

Looking at this worm, which was much smaller than before, she gritted her teeth, picked up the cup, and poured it directly into her mouth.

She didn't even dare to chew. She just ate the worm directly, as if she was taking medicine.

After eating, Dolores' expression was interesting.

Although this worm was no bigger than the pill she just ate, eating a worm really made her feel creeped out.

However, how could she not eat it?

If Jiang Rongguang found out, it would be a problem.

boxnovelfull.comn0/v//el/bin[./]net'

Dolores had been with Jiang Rongguang for so many years; she knew his power and ruthlessness.

She was able to go wherever she pleased because Jiang Rongguang had provided her with some magical disguise tools. Otherwise, how could she be so free?

She could tell that Jiang Rongguang was not an ordinary person.

Of course, ordinary people didn't play with such bugs.

After eating the bug, Dolores asked with a pale face, gritting her teeth, "How about now?"

She felt as if the bug was rolling around in her stomach, as if it was going to jump out in the next second.

This feeling was really too scary.

The worm just came out of her stomach and was still alive, so now that it was back in her body, would it stay alive?

Thinking of this, her face turned white.

If that were the case, it would be horrible!

This worm was very tenacious, even the stomach acid did not work on it. What if it moved around in her stomach?

Obviously, there was no sensation, though this imagined idea made

Dolores weak with fear.

Just a moment ago, she ate the worm, and now she realized that there was a big problem here!

Looking at Dolores's frightened demeanor, Xia Xibei did not dare to scare her, rushing to reassure her.

"Do not worry. Although the worm is back in your stomach, it will not move again."

With a confident expression, she gently reassured Dolores, "So you don't have to worry about that. Once the worm is back inside you, he won't notice the problem and won't suspect anything."

Dolores squeezed out a smile very reluctantly.

If it wasn't for the strength that Xia Xibei had shown today, she wouldn't have been so fierce.

Spitting out the worm and then eating it again... Who else had this kind of experience?

She had done some witchcraft-type movies before, but she didn't have such a horrible experience!

"However, you'd better behave normally in front of him afterward," Xia Xibei added. "If you act weird, he will be suspicious."

Dolores was not a fool, of course, and knew how to face this situation.

But...

"What if he wants to get close to me?"

Thinking of this, Dolores' expression became even uglier.

Before, she had survived so many years with Jiang Rongguang because she saw no problems with him.

Now, obviously, she had awakened. She simply couldn't stand being with him!

She was afraid that when Jiang Rongguang came near her, she would throw up!

Besides, since Jiang Rongguang could play with bugs, who knew if there would be more bugs on his body?

In Dolores' imagination, Jiang Rongguang's body seemed to be crawling with bugs. This imagination gave her goosebumps.

"Don't worry, I won't give him a chance to harass you. However, you also have to work with me," Xia Xibei said.

"Work with you?"

"Yes."

Chapter 1617 Acting

Next, from Dolores, Xia Xibei learned the areas Jiang Rongguang frequented.

Dolores and Jiang Rongguang's relationship had not been exposed, only a few people knew of it. However, the two had been together for so many years, so they had a good understanding of each other.

Although Dolores' feelings for Jiang Rongguang were not real, in the previous ten years or so, the two of them still got along harmoniously.

After such a long time, Dolores also knew a lot of Jiang Rongguang's secrets.

Jiang Rongguang did not want to hide anything from her. After all, in his mind, Dolores had long been completely controlled, so there was no need to worry that she would betray him.

In order to make Jiang Rongguang have no time for her, Dolores shared the addresses where he often hung out.

"Also, he is often with other girls."

Speaking of this, Dolores' expression became even more unpleasant.

As an M person, she did not have the idea of chastity. After all, you could have a relationship if you were willing to do so. There was no need to resist when things felt right.

However, what she hated the most was someone two-timing her.

The most disgusting thing to her was that Jiang Rongguang had many other girls by his side.

With Jiang Rongguang's background and strength, how could he focus on just one person all the time?

Dolores was still young, beautiful, and the goddess of many people's hearts, but Jiang Rongguang had been with her for so many years and would get tired of her.

So, Jiang Rongguang had other lovers, and there were many.

So, this was one of the things Dolores found disgusting and evidence that she was controlled.

She hated people who had more than one lover, but Jiang Rongguang had a lot of lovers.

How could she like such a person so much?

If she was true to character, she would kick the cheating scum to the side!

So, there was definitely something wrong here!

Now that she thought about it, she felt sick.

Jiang Rongguang had so many lovers. Who knew if he was infected with any diseases?

Thinking of this, Dolores' face changed again.

Fortunately, she quickly remembered that she just had a full body checkup a while ago, so she didn't have to worry about that.

"Okay, I understand."

Xia Xibei nodded her head in satisfaction.

She didn't expect that she would get so much useful information from Dolores this time. It was a pleasant surprise!

However, it was also made available by Jiang Rongguang himself.

It was time to thank him for his help. If he hadn't made Dolores come and hang out with her, she wouldn't have gotten such a reward.

boxnovelfull.comn0v/el/b/in[./]net'

Xia Xibei gave Dolores a few more instructions and sent her back.

When Dolores returned home, Jiang Rongguang was still there.

Dolores' expression stiffened for a moment, then she tried to relax.

She told herself that this was just an act.

This was the equivalent of a live broadcast. She just needed to think of Jiang Rongguang as her acting counterpart.

Dolores, an actress with many awards, quickly adjusted her mental state.

She smiled and greeted him, "What are you doing here? Didn't you say you weren't available today?"

Looking at Dolores' gentle appearance, the doubts in Jiang Rongguang's mind were put at ease.

Today, the mother worm inside him felt that something was wrong with the child worm.

It was why he came over.

"I was free, so I came over. I called you, why didn't you answer?"

Dolores froze and pulled out her own phone, "Oops, I put it on silent!"

"Where have you been?"

"I went to see Beibei."

Dolores' face remained unchanged.

Chapter 1618 Deceiving Him

Beibei, of course, meant Xia Xibei.

It was difficult for M people to pronounce the Hua name of Xia Xibei.

Therefore, people either called her "Qi" or called her Beibei, which was affectionate.

"You went to her place?" Jiang Rongguang was surprised. "Why didn't you tell me?"

"Today, after shooting. She asked me to go over for tea, so I went over."

boxnovelfull.comno//vel//bi/n[.//]net'

Dolores looked as she usually did, "Didn't you tell me to hang out with her more? So I just went over. If you don't like it..."

"It's okay!" Jiang Rongguang immediately shook his head. "You have a good time with her. If you can be good friends with her, it would be great."

"Hmmm..." Dolores nodded her head, then smiled cheerfully. "But how come you're free to come over today? Didn't you have some business stuff to work on?"

So saying, she sounded a bit sad, accusing him of being busy.

Jiang Rongguang was not busy with business, he was busy with other things.

Of course, such words cannot be said to her.

"Aye," he touched her nose affectionately. "It's okay, I'll stay with you tonight."

"You mean it?" Dolores was happier, but then she slumped again, "But it's not the right day."

"What's wrong?"

"I..."

Dolores came up to his ear and whispered.

"Okay, I'll keep you company and just talk," Jiang Rongguang could only give up reluctantly.

Unexpectedly, she had her period today.

"Sure!"

Dolores nodded her head happily.

However, when she came out of the shower, she quickly fell asleep and didn't give the two of them a chance to chat.

Looking at her sleeping so well, Jiang Rongguang had no choice but to sleep in the other room.

Dolores slept until dawn and woke up with a smile of satisfaction when she thought of the two bottles of medicine in her bag.

The effect was quite good.

When the time came, if she didn't want to be with Jiang Rongguang, she could take these two pills.

One was to create the illusion of a period, and one was to quickly go to sleep.

If she was asleep, Jiang Rongguang would not do anything.

By the time she got up, Jiang Rongguang was gone.

However, there was still a message left by him on the phone.

Looking at the message, Dolores' smile stiffened a little.

Then, she sent a message to Xia Xibei.

After receiving the message, Xia Xibei nodded in satisfaction.

Dolores was fine.

Then, it was time for them to work on Jiang Rongguang.

Xia Xibei had been trying to find Ling Juan, but she had always been out of sight, so they couldn't find her at all.

Previously, they had guessed that Ling Juan must have had someone helping and covering her. Otherwise, she would not be hiding so well.

They had turned the country of Hua upside down before, but could not find her whereabouts.

Then, knowing that Ling Juan was in M, they searched for her in M.

However, M was so big, and this was not their territory, so she was even more difficult to find.

Only now did they realize that Ling Juan was hiding behind Jiang Rongguang!

If it wasn't for the cover of Jiang Rongguang, Ling Juan wouldn't have been able to hide so easily.

Moreover, Ling Juan could also use compulsions, and her skills were comparable to those of Jiang Rongguang.

Now it seemed that they had been in cahoots for a long time, working together!

Luckily, they had now found Ling Juan's whereabouts.

Xia Xibei told Qiao Yanjue the information Dolores had told her, and they were on the move again.

However, Xia Xibei had things to do in Hua, so she left it to Qiao Yanjue and went back to Hua.

Just after she returned to Hua, she was warmly welcomed by her fans.

Chapter 1619 Asking For Mentoring

Ever since Xia Xibei's college entrance exam results came out, she hadn't shown her face in Hua. After all, at that time, she was still shooting a movie in the country of M.

She even had to fill out her preferred colleges online.

She chose the Imperial University. After all, this was the best university in Hua, and with her grades, it was only normal to go to such a university.

Fans were looking forward to her return and hoped to see her sooner.

Although they saw her recent news on the Internet, it was different from her being at home.

In the minds of many people, foreign countries were equivalent to another realm.€€

Therefore, everyone was very excited about Xia Xibei's return this time.

Since the trip was semi-public, many people came to greet her arrival.

boxnovelfull.comn0/v//el//bin[.//]net'

Xia Xibei had appealed to her fans before not to be at the arrival so as to avoid accidents.

This time, the situation was special, so the company began to arrange this event.

So, as soon as Xia Xibei landed, she met a lot of fans who came to see her at the airport.

However, these fans knew how to behave. After all, Xia Xibei had been attacked several times before, so they didn't dare to mess around, not wanting the haters to get mixed up in the crowd.

The important members of the fan support group joined the event and were around to manage everyone, so nothing happened.

When she saw these excited faces, Xia Xibei took off her sunglasses and gave them a big smile, waving at them, which immediately drew cheers.

Since there were too many people, Xia Xibei could not sign autographs for them one by one. So as not to cause congestion, she could only take pictures with them.

However, many fans were satisfied to see her in person.

Everyone's cell phones and cameras kept clicking, capturing all her beauty.

It was only after Xia Xibei got into the car that the crowd slowly dispersed.

Soon, coverage of the airport arrival made it to the hot search list.

When you clicked on the story, it was all about her beautiful face, and fans wanting to worship the screen.

Everyone was glad that nothing went wrong with this event.

Xia Xibei did not go home immediately, but went to the company first.

Many people in the company were expecting her return.

She was now the number one star of the company, and all the resources were first picked by her.

However, she only picked a few of the best resources. The rest were distributed to others.

It could be said that she supported the whole company.

Once she arrived at the company, the company's employees and artist trainees were all excited.

If you could get close to her, you could go higher too!

It was a pity that she didn't mentor many newcomers.

If she was willing to take care of someone, they could have gone straight to the top!

Meng Sushan looked at Xia Xibei's fierce appearance and was envious.

It would be great if Xia Xibei could take care of her! She wouldn't have to be a damn trainee anymore!

She thought that after she joined the company, she could find a chance to get close to Xia Xibei and ask her to take care of her, since they had a common mother!

Who would have thought that she would not find the opportunity to get close to Xia Xibei after being in the company for so long?

Looking at the people around Xia Xibei, her eyes were red with jealousy.

It was obvious that they were all newcomers at about the same time, but how come Gu Lan and Mu Qiaona could rise to the top in one step, but she could only make it step by step?

She was obviously no worse than Gu Lan and Mu Qiaona! If they could be popular, she could be popular too!

When she thought of the benefits Gu Lan and Mu Qiaona got because of Xia Xibei, Meng Sushan's eyes turned red.

Chapter 1620 Meng Sushan's Ambition

Due to the "plagiarism" incident, Gu Lan took advantage of the press and made her debut.

As a singer-songwriter, Gu Lan was quite good, and with the help of Xia Xibei, her debut went smoothly. She was now popular and had participated in several shows.

The most important thing was that she would not forcefully bring Xia Xibei to the stage.

In the entertainment industry, fans hated it when other artists brought their own idols to appear; it was too arrogant!

Gu Lan was doing a good job in this regard, having her own way and not sticking to Xia Xibei.

She was strong enough on her own and very good at songwriting, and had two songs still on the charts.

As for Mu Qiaona, she was doing well too.

Mu Qiaona was also a singer-songwriter.

However, her style was the opposite of Gu Lan's.

Gu Lan was fresh and folksy, but Mu Qiaona was hot and sexy.

With their connection to Xia Xibei, the two became good friends.

The two of them often interacted online and had also participated in variety shows together. Their performance was not as outstanding as Xia Xibei, but because of the tacit cooperation, they also performed very well and generated some fans.

In the past six months, the two of them had been steadily progressing, step by step.

Now, other than a few first- and second-tier artists in the company, the two had the greatest potential for development.

Their performance was also the most enviable.

They had only been in the company for less than a year, and they were already able to debut as singers and had achieved so much.

Now, the company had more members and trainees, and it was getting better and better.

Drawn in by Xia Xibei, many people came to become trainees of this company.

However, becoming a trainee was just the beginning. One had to perform well to make a debut.

Trainees who had no such ability now could only continue to study for the opportunity to appear.

So far, they only appeared in some very small projects. Some of them could only appear in a few shots in Xia Xibei's previous music video.

That was enough for them to look back on.

However, Meng Sushan was not a satisfied member here.

Even before she entered the entertainment industry, Meng Sushan was a very strong person. She thought she was good-looking and talented and thought that once she entered the industry, she could quickly become a big star and become a big hit.

However, such an idea was soon crushed by reality.

The country of Hua was big, with billions of people, many beautiful men and women, and even more beautiful people in the entertainment industry.

Under such circumstances, how could she easily make a name for herself?

So, she was soon given a few hard lessons by reality.

She originally wanted to get ahead with Xia Xibei, but Xia Xibei rarely came to the company. Usually, when there was an event, it was the agent who informed Xia Xibei directly and then took her to it.

When she arrived at the company, Xia Xibei was usually with other people.

Under such circumstances, Meng Sushan could not find any opportunity to approach Xia Xibei.

The two of them had no chance to talk to each other, so how could she have a chance to move up?

So, Meng Sushan could only watch the others get ahead, while she could only stay in the same place.

She was about to go crazy.

If this continued, wouldn't she have to continue to sit on the bench?

No way! Absolutely not!

Luckily, she soon found a chance to spend some time alone with Xia Xibei!
