

## Chapter 1621

### Embarrassed To See Me

Xia Xibei returned to the company, and after talking to management about her upcoming schedule, she was ready to go back.

However, when she heard that there was a car accident on the way back, and there was a lot of traffic, she chose to stay and rest temporarily.

While on her break, other people happened to have gone out, and she was the only one left in the meeting room.

She did not think too much, picked up the phone, and began to check the news.

After a while, there was some movement at the door.

When she looked up, she saw a face that surprised her.

Wasn't this... Dong Shulan's stepdaughter?

Xia Xibei did not have a deep impression of Meng Sushan. However, relying on her strong memory, she still recognized Meng Sushan and knew that she was Dong Shulan's stepdaughter.

If Xia Xibei was Dong Shulan's biological daughter, the two of them would be considered sisters.

Unfortunately, Dong Shulan was not related to her.

When Meng Sushan joined the company as a trainee, Xia Xibei knew about it.

At that time, Qiao Yanjue had already told her about it.

Qiao Yanjue was more concerned than her about these people who might become enemies.

After that, Xia Xibei would occasionally receive news about Meng Sushan.

However, Meng Sushan had been quite peaceful and did not do anything, so she did not care. There was no need to pay too much attention to an ordinary trainee anyway.

Moreover, there was no relationship between the two parties, so why should they pay attention?

After so many months, Xia Xibei, who had been busy, didn't care about Meng Sushan's existence anymore.

She just didn't expect that Meng Sushan would approach her.

"You are...?" Xia Xibei was calm but still looked puzzled. "What are you doing here?"

Hearing Xia Xibei's doubts, Meng Sushan's mood suddenly sank quite low.

She had thought that Xia Xibei would recognize her.

Now, Xia Xibei actually asked her who she was. Didn't that mean she didn't care about her at all?!

With just one sentence, Meng Sushan felt that her calculations were half-smashed.

However, Meng Sushan's nerve and mental fortitude was still very good, and she immediately pulled herself together.

"Hello, my name is Meng Sushan, and my mother is Dong Shulan."

"Dong Shulan?" Xia Xibei put the phone away with a calm face. "You're her stepdaughter, huh?"

"Right," Meng Sushan nodded, "We are very close."

"Say, what do you want to see me about?" Xia Xibei directly interrupted her.

Xia Xibei didn't know if their relationship was really that good, but even if they had a good relationship, so what? What did it matter to her?

Meng Sushan's smile instantly stiffened.

It seemed that Xia Xibei didn't care about Dong Shulan at all!

Although she knew that Xia Xibei was not Dong Shulan's biological child, after all, Dong Shulan had raised her for so many years. There was no need to be like this, right?

Meng Sushan was all kinds of upset, but she still smiled and said, "It's nothing, just... I..."

Her eyes rolled and she quickly thought of a reason, "It's just that mom misses you and wants to see you!"

She gave herself credit for improvisation!

Bravo!

She originally wanted to form a relationship with Xia Xibei before making a request.

Although Xia Xibei's reaction was unexpected, it was still possible to go on!

"She misses me?" Xia Xibei froze for a moment, then smiled. "She wants to see me?"

"Yes!" Meng Sushan immediately nodded. "She has always missed you! It's just that...."

"She's embarrassed to see me, right?" Xia Xibei retorted.

### **Chapter 1622 Address Separately**

Meng Sushan wanted to say something else but was stopped by Xia Xibei's words, and her face went white.

"She is afraid to come over to see me, right?" Xia Xibei looked at her with a calm expression. "If you're really that close to her, then you should know the relationship between us."

Meng Sushan's mouth moved, but she could not even speak.

Of course she knew the relationship between Xia Xibei and Dong Shulan.

Xia Xibei was Dong Shulan's daughter, who she had thought was her biological mother, but only later did she find out that Xia Xibei had been found by Dong Shulan.

Or rather, Xia Xibei was bought as a child.

In this case, it would be ironic to say how close the two were.

There was also one important point: Dong Shulan did not care about Xia Xibei anyway.

Meng Sushan certainly understood the situation here. However, she kept thinking that the two of them were once mother and daughter, so there should be some feelings, right?

"Do you think that we are still mother and daughter?"

Xia Xibei saw what she was thinking, and curved the corner of her mouth sarcastically.

Meng Sushan's heart jumped. How could she see what she was thinking?

Xia Xibei lightly laughed, "But do you know how I grew up?"

Without waiting for Meng Sushan's answer, she spoke.

"I grew up by my grandmother's side, and I spent no more than a hundred hours with Dong Shulan."

Xia Xibei's eyes narrowed slightly and she smiled, but the smile didn't reach her eyes.

"When I was just a few years old, she got divorced and started a new family. I was more of a liability. Since then, she'd given me just three hundred yuan a month."

"At least she gave you some money..." Meng Sushan murmured.

"Yeah, three hundred yuan is quite a lot, hah!" Xia Xibei grunted. "These three hundred were only given after my grandmother forced her. If you think three hundred is a lot, I can give it back to you now."

"No, no!" Meng Sushan hurriedly shook her head.

She could hear the threat in Xia Xibei's words.

If they really made it that clear, then she would have to leave the company.

"If it weren't for her, I would still be living a good life with my real parents..."

"But it's not like she volunteered to buy you!" Meng Sushan spoke up for Dong Shulan.

"Without the buying and selling of children, there is no killing of children. You've heard this saying, right?" Xia Xibei sneered and interrupted her words.

Meng Sushan was suddenly silent.

"It's already generous of me that I'm not blaming her. What do you think, how should I talk to her about a mother-daughter relationship now?" Xia Xibei looked at her intensely. "If we really want to talk about it, I think it is best to separate with her clearly. What do you think?"

Being looked at by Xia Xibei made Meng Sushan's goosebumps rise, she shivered and shook her head immediately, "No, no! I'll leave right now!"

She understood what Xia Xibei meant.

If she still dared to continue to make connections here, who knew what the outcome would be?

Meng Sushan hurriedly left.

boxnovelfull.comn0v/el/b/in[.]net'

As she left, Pan Yan happened to come in and watched her leave in a hurry and wondered, "Who was that?"

"An unrelated person," Xia Xibei said lightly.

"What's an unrelated person doing here?" He was a little upset. "She must be a trainee, right? Why is she bothering you? She doesn't know any manners at all!"

"Hmmm," Xia Xibei pursed her mouth and didn't say anything.

**Chapter 1623 Looking For Blackmail Material**

Meng Sushan's appearance and departure did not affect Xia Xibei at all.

For Xia Xibei, Meng Sushan was just a person who had nothing to do with her and could not make any waves, so there was no need to spend time on her.

After Meng Sushan left, the more she thought about it, the more upset she felt.

In front of Xia Xibei, she did not dare to put up a fight.

Obviously, Xia Xibei was a few years younger than her, but Xia Xibei's aura was too strong.

When she was in the same room just now, Xia Xibei was sitting on a chair and she was standing, but she felt a powerful aura.

It was obvious that she was the one who stood above her, but the situation was completely reversed.

At that time, she did not dare to say anything, nor did she dare to resist.

After leaving, the more she thought about it, the more she felt angry.

Xia Xibei was so heartless!

Even if Dong Shulan had bought her, if Dong Shulan hadn't done so, who knew who would have bought her?

In that case, who knew what kind of life she would have had?

She might have been begging in the city with maimed limbs!

So, Dong Shulan did her a favor!

After that, Xia Xibei was taken in by Dong Shulan and lived a peaceful life.

Although there was not much money, her life was still good.

Xia Xibei did grow up safe and sound.

Overall, Dong Shulan could be considered a good thing for her.

So, she was Dong Shulan's stepdaughter. She must have some feelings for her, right?

However, she was rejected!

Thinking of this, Meng Sushan felt even more upset.

However, she didn't dare to run to Xia Xibei and say such things, so she could only bear it.

She knew that she was no match for Xia Xibei. It would be even more troublesome if it came to blows.

Everyone knew whose side to be on when something happened.

She was just a trainee in the company now, but Xia Xibei was the A-lister of the company.

Anyone would know how to choose sides.

Therefore, Meng Sushan tried to hold back her anger even though she was very upset.

However, she could tolerate Xia Xibei, not others, especially Gu Lan and Mu Qiaona.

So, she watched the two of them, trying to find out their weaknesses.

Gu Lan's sister was in jail for the previous incident, and she didn't have any relatives.

So, Gu Lan put all her mind into her work.

According to Meng Sushan's observation for a long time, all of Gu Lan's focus was on work. She was either busy outside or stationed in the company's recording studio and practice room every day.

She could not find any fault at all.

However, there was a situation with Mu Qiaona.

On this day, Meng Sushan noticed that Mu Qiaona looked a bit off. She had just finished a phone call and her expression was very difficult.

Meng Sushan was pleasantly surprised. What had happened to Mu Qiaona?

Or did Mu Qiaona have a boyfriend?

Did she have a chance to find something on her?

Thinking of this, she carefully followed Mu Qiaona.

However, she didn't expect that her action would reveal that something was wrong.

More than an hour later, the two of them arrived at the suburbs of G City.

boxnovelfull.comn0v/el/b/in[.]net'

There was something wrong with running to this rural place at night, right?

Meng Sushan griped but still continued to follow.

Then, she saw that Mu Qiaona had entered a certain house.

Seeing that she didn't come out for a while, Meng Sushan became more curious and couldn't help but get closer carefully.

When she looked inside, she was stunned!

### **Chapter 1624 - 1624 Kidnapping**

#### 1624 Kidnapping

In the living room of this self-built house, Mu Qiaona was surrounded by three people.

They should be a family based on their appearance.

Moreover, they looked a little bit similar to Mu Qiaona.

However, that was not the point. The point was that they were fighting!

!!

Actually, they were imprisoning Mu Qiaona.

Although Mu Qiaona was not short, she couldn't fight against three well-prepared people.

Moreover, the door had already been locked, so she could not escape.

In the end, she was tied up.

Outside the door, Meng Sushan covered her mouth to keep herself from screaming.

Oh my God! Was this kidnapping?

Was there such a thing where the kidnapping victim came on their own?

She cautiously leaned over and strained her ears to listen to the sounds inside.

Inside the room, Mu Qiaona was furious and anxious.

"What do you want?"

“Nana, don’t be mad at us,” Mu Qiaona’s mother complained as she shed tears. “If you hadn’t been refusing to give us money, we wouldn’t have done this!”

Mu Qiaona’s eyes widened, “Didn’t I already give money to you?!”

She gave the family a few thousand yuan every month.

This money was enough for them to live a lot more comfortably.

“Only a few thousand. That’s nothing!” Father Mu huffed. “You are earning so much and just give us this little bit? Do you think we’re beggars?”

Mu Qiaona was furious, “A few thousand a month is not enough?! I give enough!”

She regretted her actions. Why did she still expect something from these vampires?

It was obvious that they had never treated her well since she was a child.

When she was in college, she had to go out to work to earn money and take care of things at home.

What about her brother? All he did was eat, drink, and party.

Why? By virtue of him being male?

After Mu Qiaona joined the company with Xia Xibei, she was no longer as selfless as before.

She was not a fool and would not fail to understand her family's attitude toward her.

Of course, she was also soft-hearted, so she would still give a few thousand yuan to her family every month.

She had originally thought that these few thousand yuan were enough.

Who would have thought that they were so greedy?

Many families did not have a few thousand yuan a month!

They also had a small store, which made nearly 10,000 yuan a

month in income.

This added up enough for a family of three to live comfortably.

Who would have thought that they would still lure her back and threaten her?

“Sister, you really are not giving us enough. How do you have the nerve to just give us just a few thousand yuan a month? You are a big star!”

Mu Qiaona’s brother was named Mu Yabin. He was only twenty years old, not tall, and looked quite the loser.

At this moment, he was looking discontented.

His sister was a big star, she made money daily, but only gave the family a few thousand yuan a month. If others knew, they would be laughing.

“That’s right! Your brother has a girlfriend and will soon get married. Don’t you also have to buy him a house?” Mother Mu also nodded her head.

“Buy a house? No way!” Mu Qiaona immediately refused. “I am his sister, not his parent. Why should I buy a house for him?”

“You’re my sister!” Mu Yabin grunted. “How can you not buy a house for me?”

“What law says that a sister has to buy a house for her brother?!”

Mu Qiaona was getting pissed off, a fire burning in her chest.

Mu Yabin was so spoiled that he could speak so brazenly about these things.

“The law doesn’t say it, the family does,” Mu Yabin said smugly. “Anyway, you’re not leaving until you buy me a house

## **Chapter 1625 - 1625 Completely Heartbroken**

### 1625 Completely Heartbroken

“This is kidnapping!”

Mu Qiaona was tied to a chair and could not break free even after desperately struggling, her face turned red with anger. “Let go of me! Or I’ll call the police!”

“Call the police?” Mu Yabin laughed. “So what if you called the police?! This is our family business!”

He had seen a lot of this kind of thing.

!!

Anyway, Mu Qiaona was a family member and a girl. Even if she called the

police, it was still a family matter.

Just like those women who were abused. They reported to the police, but it was also a family matter, right?

It was no big deal.

Anyway, Mu Qiaona couldn't leave until she paid.

"You're crazy!" Mu Qiaona shouted in anger, sad and desperate.

Yes, with the current situation in Hua, even if she called the police, it would only be treated as a family matter.

At most, it would just be a couple of mediations and then it would be over.

It was depressing to think about it.

"Nana, hurry up and get us the money. You help your brother buy a house, then you can leave, right?"  
Mother Mu persuaded with all her heart.

"No way!" Mu Qiaona was very angry. "You are his parents. He is not my child, why should I buy the house?!"

Slap!

Father Mu was furious and slapped her face.

“Bastard! You’ve been out for a while, and you don’t consider yourself a family member anymore! I’ll beat you to death, you unfilial daughter!”

The other two people hurriedly pulled him back, lest the fight cause problems.

Father Mu stopped and pointed at Mu Qiaona and cursed, “You bastard! I should have beaten you to death when you were born!”

“Go ahead, beat me to death!” Mu Qiaona was sad and angry. “I wanted to die long ago! It’s meaningless for me to live like this anyway, so just beat me to death!”

She hated it so much.

Ever since she was a child, her parents had always given preference to their son over their daughter.

If she hadn’t worked hard and done well in school, she probably wouldn’t have been able to attend college.

She had always given everything to her family.

It was only last year that she woke up.

Why should she have to pay for such a disgusting family?!

She was their child too, but she was like a slave who had to give everything to support the family!

As parents, they didn't support their children, but sucked their blood!

Oh no, they only sucked her blood and then supported her brother with it.

This kind of thing was so disgusting!

What happened today was entirely beyond what she wanted to think about.

For the sake of a house, they tied her up!

Were they still the parents?

At a time when she needed the support of her family, they became her enemies!

It was so difficult for her to make it on her own, and now she was being pulled back into the abyss by them!

Mu Qiaona felt deep despair.

"You!" Father Mu was so angry by her words that he jumped. "Do you think I don't dare to beat you to death?!"

If his son and wife hadn't stopped him, he might have rushed up to beat her.

"Dad! Don't get worked up!" Mu Yabin stopped his father. "If you beat her to death, who will buy me a house? You two old fools? If I don't have a house and can't get a wife, who will pay for your retirement?"

When these words came out, Mu Qiaona's father froze for a moment. His face was ugly, but he finally dropped his raised hand.

Mu Qiaona felt even more ironic.

However unbridled and rebellious the younger brother was, they would not be angry.

Even when he said such treacherous things, they would not be angry because he was a male.

She earned much more than her brother and was tens of thousands of times better than him.

However, in the eyes of their parents, he was the family's only offspring, an actual person.

At this moment, Mu Qiaona was completely heartbroken by them.

**Chapter 1626 - 1626 You Are All Crazy**

After Mu Yabin stopped his father, he smiled and looked at Mu Qiaona.

“Sis, don’t blame Dad. Dad didn’t want to do this either. He’s just worried about me.”

“He’s worried about you, so he’ll beat me to death?” Mu Qiaona sneered. “If you’re such a good son, why don’t you go out and work hard so you can reassure them?”

“How can you say that?!” Mu Yabin frowned. “I’m the only son in the family! If I leave home, who will take care of Mom and Dad?”

!!

“You take care of Mom and Dad?” Mu Qiaona laughed sarcastically. “Who’s taking care of who now? Are you kidding me?”

Mu Yabin was eating at home, living at home, and relying on his family to support him. He was living off his parents, and he had the nerve to say that he was taking care of his parents?!

As for the parents, they were also idiots.

When they spoiled their son like this, what kind of son could they raise?

Mu Qiaona didn’t think Mu Yabin would be nice to them in the future.

When they were no longer able to work and support their son, Mu Yabin would definitely throw them out!

“That’s why I’m going to get a wife now and come back to take care of my parents!”

Mu Yabin did not feel ashamed, but proud of it.

“So, I give money to Mom and Dad, and then your wife takes care of Mom and Dad. When the time comes, Mom and Dad will help you raise your kids too, and you’ll just sit around?” Mu Qiaona snorted coldly.

“Yeah, so what?” Mu Yabin didn’t feel that the other party was being sarcastic at all. Instead, he felt that such a life was normal.

Mu Qiaona felt ridiculous to the extreme.

“In other words, you’re the savior of the world just for having a penis?”

“You child! What nonsense are you talking about?!” Mother Mu was anxious. “I knew the entertainment industry was not a good place. See, you went in and now you’re talking such nonsense!”

“Nonsense?” Mu Qiaona felt that it was absurd and ridiculous.

She felt that if she posted her experience online, it would definitely become a crazy family story shocking to everyone.

Sexist parents, a chauvinistic brother... It was simply terrible!

What was even scarier was that she was also a member of this family!

Oh no, she was not one of them.

She was not a human being. She was nothing more than a blood bag being sucked dry.

"I don't care what you say, anyway, you're not leaving today until you get us the money!" Father Mu was fierce and vicious.

"So what if I don't give it? You're going to kill me?!" Mu Qiaona looked up at this terrible father. "Yes, you kill me, and then you go to jail. By then, your son will be able to get a better wife!"

This threat made the other three blanch.

If Mu Qiaona was really so stubborn, it would indeed be a bit troublesome if things came to this point.

Fortunately, Mu Yabin already had a countermeasure.

"If that's the case, you can't blame us!" Mu Yabin looked fierce. "If you do not pay, we... We will give you an injection!"

“An injection?” Mu Qiaona’s heart jumped. “What injection?”

“Injection of drugs!” Mu Yabin was very proud. “Then you will be addicted. Then, we’ll go and tell the media, and you’ll be finished!”

“Are you all crazy?!”

Mu Qiaona looked at these three people incredulously and felt like she was going crazy.

How dare they come up with such a terrible idea?!

“We’re not crazy,” Mu Yabin was very smug. “Anyway, no one can prove where you got the drugs from.”

Then they could say that she had been a drug addict for many years, with a drug history.

That would be interesting to the reporters!

## **Chapter 1627 - 1627 Mutual Destruction**

### 1627 Mutual Destruction

Just give the reporters the scoop and they’d make a fortune afterward!

Maybe even the money to buy a house!

Those paparazzi in the entertainment industry didn't have any boundaries and were willing to spend money to get more information that would attract attention!

So, Mu Yabin came up with this idea.

!!

The three of them had discussed this point long before.

If Mu Qiaona was willing to pay for it, there was no need to do so, but if she wasn't willing, this was their backup plan!

Now it seemed that it was good that they had made other preparations.

Looking at the expressions of her brother and parents, Mu Qiaona felt thunderstruck.

Were they still human or not?

She knew her parents didn't love her and didn't care about her, but she

never imagined that things would come to this!

They weren't even human! They didn't treat her like a human being either!

"I advise you to behave and give me the money, or else..."

Mu Yabin said bitterly, "Sister, I don't want to do this, but you have to be considerate of your brother! If I don't have a house, I won't have a wife. In that case, there will be no grandchildren for our parents! Our family will be extinct!"

Mother Mu also wiped her tears and said, "Yes, Nana, don't be so stubborn. We are all family, there is no need to make it so embarrassing!"

The corners of Mu Qiaona's mouth twitched, "Family?"

Whose family was like this?

She would rather never have known them!

They were just evil!

A family of demons!

Frightened and angry, she craned her neck and said through clenched teeth, "Go ahead, do it! Use my scandal for money! But if I don't die now, you won't live either!"

At this moment she completely gave up her previous thoughts and cut this family out of her heart completely.

Before this, she still treated them as family and gave them money.

From this moment on, she would definitely not treat them as her family anymore!

If they dared to treat her like this, she would definitely drag them down with her!

“Unless you kill me right now, then we’ll die together! My life is not worth anything anyway!”

Mu Qiaona was no longer thinking about her career; she only wanted to die with this family!

Her ferocity and determination made the three people freeze for a moment, hesitating.

If it was really as horrific as she said, then...

They didn’t want to die with her.

They still had a very good life ahead of them!

Of course, if they didn't want Mu Qiaona to get them killed, they would have to kill her first.

However, even if they were greedy, they were just ordinary people.

In this case, even if they were cruel, they couldn't kill their own daughter!

Besides, if they kill someone, they would be arrested when the time came!

Mu Qiaona was a big star, so her death wouldn't be quiet.

If something happened to her, the police would never stop investigating.

The more Mother Mu thought about it, the more she felt bad. She immediately pulled on Mu Yabin, "Don't do anything rash! If the police came here, we can't explain this away!"

Tying up Mu Qiaona to keep her from leaving could be described as a family matter.

However, if there was a death, this explanation would sound weak!

Mu Yabin's focus was only on money, not on human life.

He did not expect Mu Qiaona to be so ruthless.

She was nothing like her old self!

So, the scene was at a standstill for a while.

### **Chapter 1628 - 1628 Watching a Show**

#### 1628 Watching a Show

Soon, the gridlock was broken.

Xia Xibei came.

Xia Xibei came because of Meng Sushan's alert.

Meng Sushan watched the development outside and listened to the conversation inside, dumbfounded!

!!

Meng Sushan was the only daughter of the family, and her father was very caring and loving to her.

Although Dong Shulan was a stepmother, she was also very good to her.

So, she had never encountered such things.

In her mind, all parents in the world were quite good.

Even if Dong Shulan was not very nice to Xia Xibei, after all, they were not her biological parents, so she couldn't ask too much.

Besides, Dong Shulan just ignored Xia Xibei, she didn't do anything to her.

Meng Sushan never thought that she would witness such a drama!

This family was so heartless!

There were really such sick families in this world!

Their son was their life, and their daughter was just there to be used!

Meng Sushan was listening outside and felt like she was going to explode with anger.

How could there be such shameless parents and brothers?

If it were her, she would have taken up a knife and fought back!

Oh yes, Mu Qiaona was tied up. Even if she wanted to get a knife, she could not.

Meng Sushan was so angry that her chest hurt and she wanted to rush in to help.

However, although the three Mu family members were not stout, they were not easy to bully.

If she rushed in by herself, she would easily be caught.

She could also try to find others to help, but Mu Qiaona was a big star on the rise. If something happened, it was easy to make a scene.

When the time came, wouldn't the company also be affected?

Although Meng Sushan did not have much sense of belonging to the company, she was still a member of the company and had to rely on it for her livelihood.

Until she found a better company to work for, she had to treat the company as her home.

Of course, she could also watch Mu Qiaona being threatened and bullied by this family.

If something happened to Mu Qiaona, by then, there would be a place for the company.

In that case, she would have more opportunities.

If that were the case, it would be a great thing for her too.

However, after hearing about the increasingly crazy development inside, Meng Sushan couldn't help it.

They actually tried to inject drugs into Mu Qiaona!

This was a plot to kill her!

Although Meng Sushan was a bit spoiled, she had never thought of such a thing happening.

Although she was jealous that Mu Qiaona was more famous than her, she couldn't watch her get into trouble like that.

If she got involved in drugs, her life would be ruined!

Meng Sushan couldn't watch a person get into trouble in front of her.

After hesitating for a while, she decided to call the company.

Pan Yan was now the manager of Xia Xibei and Mu Qiaona, and was also the company's top manager.

Although Meng Sushan and Pan Yan did not have any relationship yet, she did have Pan Yan's phone number.

Of course, everyone had Pan Yan's number, but it was another thing to actually contact him.

Pan Yan's number had always been in Meng Sushan's cell phone, but she had never called it.

She just didn't expect that the first time she would call Pan Yan, it would be because of this kind of thing.

Soon, the caller picked up.

"Hello, this is Pan Yan. Who is it, please?"

"Pan... Hello Brother Pan!" Meng Sushan carefully whispered hello.

"You are...?"

"I, I am... Who I am is not important. I want to tell you that something

has happened to Mu Qiaona!"

"Nana had an accident?!"

## Chapter 1629 - 1629 Asking for Help

### 1629 Asking for Help

Pan Yan, who received the call, immediately got anxious.

“Something happened to Nana?!”

“Yes...”

Meng Sushan had not finished her words when the other end changed to a female voice.

!!

“Nana had an accident?”

Meng Sushan froze for a moment. It was Xia Xibei’s voice.

“Hello? Hello? Say something!”

Xia Xibei’s urging voice sounded out, waking Meng Sushan up from her stupor.

“Yes!”

“Is this Meng Sushan?”

To Meng Sushan’s surprise, Xia Xibei recognized her voice.

At this moment, a thought immediately came to Meng Sushan’s mind: If Xia Xibei thought that she was the one who had done something bad to Mu Qiaona, she would not tell the truth about it!

Although she had some bad intentions, she was not the one who would do such a bad thing!

Meng Sushan thought this as she responded, “Yes, I am Meng Sushan.”

“What happened to Nana? Where is she now? Tell me everything,” Xia Xibei’s calm voice came, not even asking if she was going against Mu Qiaona.

Meng Sushan didn’t know what was going on in the woman’s mind, but this wasn’t the time to think about that either.

She nodded and quickly told the whole story, “Mu Qiaona was kidnapped by her family and tied up, and they might inject her with drugs!”

These words made Xia Xibei’s heart jump.

“Where are you now?”

"We're at..." Meng Sushan looked around. "I'm not sure of the exact location, but we should be at her house outside..."

"Okay, I know. Hide first, see what happens. Don't get hurt, we'll go there now."

"OK," Meng Sushan nodded her head, and then hung up.

Looking at the phone with a black screen, Meng Sushan's mood was complicated.

She also did not expect that her second call with Xia Xibei would happen under such circumstances.

Moreover, there was no arguing in their conversation. It was simply amazing!

Meng Sushan finished marveling and went back outside the Mu house.

She carefully looked inside and did not dare to make a sound.

Luckily, they didn't dare to do anything because of Mu Qiaona's ruthlessness.

Mu Yabin had the syringe in his hand and didn't dare to mess around yet.

It should be said that they were trying to appear nice and started talking about the past with Mu Qiaona.

They were playing the affection card, trying to arouse the feelings of affection in Mu Qiaona's heart, so that she would willingly give them the money.

However, never mind Mu Qiaona, even Meng Sushan, an outsider who was watching, felt sick about it.

Meng Sushan was introduced to a new world.

She never knew there were such disgusting parents in this world!

The things they talked about were all of Mu Qiaona's suffering and hard work over the years.

Meng Sushan felt that as long as Mu Qiaona's brain wasn't full of water, she wouldn't believe their words.

Of course, Mu Qiaona's brain was really not full of water, and her reaction just now was so decisive that it was hard to impress her with such words.

So, the scene became even more stagnant.

Father Mu was so impatient and irritated that he wanted to give Mu Qiaona a beating, but was stopped by both Mu Yabin and Mother Mu.

They both knew that Mu Qiaona might be beaten to death by them if they used force, but neither was willing to change their minds.

So, when all was said and done, they both lost their patience.

Mu Yabin lost his patience first.

“Forget it, forget it! The worst thing is we’ll move!”

Seeing that his needle was about to go into Mu Qiaona’s arm, Meng Sushan’s heart was about to leap out of her chest.

She was just about to jump out when she heard a loud noise coming from the doorway.

#### **1630 Doing Things the Hard Way**

With a loud bang, the door of the room was kicked open!

Meng Sushan was so shocked that she almost screamed.

Only then did she realize that it was Xia Xibei who came in!

Behind Xia Xibei, there was also Pan Yan.

!!

So, the one who kicked open the door was... Xia Xibei?

Meng Sushan was stunned. This was not a hallucination, right?

Fortunately, the Mu family lived in a relatively remote place and were distant from their neighbors' residences. Plus, it was night, and no one walked around, so the commotion here did not attract people.

"You... Who are you?!"

The few people inside were startled by the loud noise.

Mu Yabin jumped up first and questioned them.

However, after he saw Xia Xibei, he was immediately stunned.

"Xia- Xia Xia... Xia Xibei?!"

His eyes were wide open. This was simply amazing! He actually met Xia Xibei!

Xia Xibei was one of his goddesses!

Seeing the infatuation in Mu Yabin's eyes, Xia Xibei only felt disgusted.

She had heard Mu Qiaona talk about her family before, so she knew that this was her brother, and she knew what kind of person this man was.

It just didn't occur to her that this brother was a fan of hers.

That was disgusting!

"Who are you guys? Who let you in?!" Father Mu jumped, "Hurry up and get out, or I'll call the police!"

"Call the police?" Xia Xibei sneered and looked at the needle in Mu Yabin's hand. "You dare to call the police? Are you going to turn yourselves in?"

"S-surrender?" Mu Yabin followed her gaze toward his own hands, finally reacted, and immediately put his hands behind his back, his face red. "I- We did not..."

"Sister Bei!" Mu Qiaona finally came back to her senses and burst into tears.

She didn't expect that when she was about to fall into despair, Xia Xibei would suddenly come from the sky!

Just like the last time, when she had lost hope, the goddess descended from the sky!

She would never forget this feeling!

Only, how did Xia Xibei know she was here?

However, now was not the time to consider that.

“Release her,” Xia Xibei said in a cold voice.

“On what grounds?!” Father Mu, who did not know Xia Xibei, demanded angrily. “Our family affairs are none of your business! Get the hell out of here!”

Seeing that Father Mu was still so arrogant, Xia Xibei’s expression became even colder.

“Fine, since you don’t want to do things the easy way, we can do it the hard way.”

Then, they saw a blur before their eyes, and the next moment, they flew backward with pain in their chest.

“Argh!” they screamed in agony.

Even Mother Mu got a kick in the face.

The whole family of three was kicked out.

Meng Sushan, who had just walked in carefully, was also dazed, and felt a chill on her back.

She looked incredulously at the family of three, who had dropped to the ground, her eyes horrified.

This was who... Xia Xibei kicked?

How was she so powerful?

Meng Sushan felt as if she was watching a movie. Otherwise, why would she see this terrible scene?

Xia Xibei was too ferocious!

She shivered. Thankfully, she didn't play hardball with Xia Xibei before. Otherwise, she'd be six feet under.

Moreover, this kind of strength was all real!

Pan Yan, who followed behind Xia Xibei, was also equally helpless.

She was a big star ah! How could she kick by herself?!

If this was known, how many people would be scared to death?

Xia Xibei kicked these people out and then untied Mu Qiaona.
