

Chapter 1631 - 1631 Acting Up

1631 Acting Up

Mu Qiaona was already blurry-eyed with tears.

She had thought she was going to die today. After all, given the character of her family, this was the most likely to happen.

Also, she understood what Mu Yabin meant by that last statement.

He still felt that getting the money was the most important thing.

!!

Mu Yabin would get her addicted to drugs, and then tell the reporter about it in exchange for money.

After that, they would use the money to get a new place to live.

In this way, there was no fear of retaliation by Mu Qiaona.

After thinking about the situation here, Mu Qiaona felt ironic and alone.

This was her family! This was her brother!

Oh no, from now on, they were not family anymore!

Mu Qiaona was overwhelmed with thoughts, and she hugged Xia Xibei and cried.

However, she still had a hint of curiosity. Wasn't this girl on the side a trainee of the company, Meng Sushan? How come she was also here?

"You! You are illegally... Trespassing into our house!" Father Mu got up from the ground, still very annoyed. "I'm calling the police!"

"Call the police." Xia Xibei made Mu Qiaona stand to the side. "Our company's lawyers are usually pretty leisurely. Now it's time for them to work."

"This... This is a family matter!" Father Mu looked stern.

"A family matter?" Xia Xibei sneered. "You illegally imprisoned a well-known figure... Do you really think this is a family matter?"

Xia Xibei looked at them, her aura amazing.

"You can rest assured, even if you do not call the police, we will call the police. I will let you know, my people are not easy to bully!"

“We... We are her parents!”

Father Mu was so angry that his neck was red, but he was getting sheepish.

Xia Xibei sounded so fierce, with her talk of lawyers and stuff!

“So what if you’re the parents?” Xia Xibei sneered. “Do you think this is still ancient times? Even in ancient times, parents can’t go against their children’s wishes! You’ll see!”

Of course, that’s what she said, but she didn’t plan to call the police at this time.

If the police were called, it would be troublesome for Mu Qiaona if the media knew about it.

Xia Xibei preferred to keep things on the down low.

While they were at a standstill, Mu Yabin’s reaction was a bit strange.

His brow furrowed, his body shivered, and he made a strange grunting sound.

He also looked a little hyper, as if he had encountered something exciting.

His movement drew everyone’s attention, and they looked over, then froze.

“He.... This guy is having a drug withdrawal, right?” Meng Sushan whispered.

This remark alarmed everyone.

Right! He looked like he was on drugs!

As everyone watched, Mu Yabin’s hand trembled as he pulled out a needle of drugs and tried to inject himself.

“No!” Mother Mu immediately became anxious. “Stop! You said you wouldn’t do it again!”

The words made it clear to everyone.

Mu Yabin had already been addicted to drugs. No wonder the family was spending money so fast.

When you were addicted to this kind of stuff, there was not enough money to spend.

Mu Qiaona looked at them incredulously, “So that’s why you want to take money from me?”

This was poison!

Once you got addicted, you were ruined for life!

"It's all your fault!" Mother Mu glared angrily at Mu Qiaona. "If you had given us the money earlier, your brother wouldn't be like this!"

Mu Qiaona was speechless, and there was no longer a hurt reaction in her heart.

Chapter 1632 - 1632 Wanting to Blackmail Her

1632 Wanting to Blackmail Her

Xia Xibei pulled Mu Qiaona behind her and applauded, "Very well. If I report this to the police now, your son will go to jail!"

"No!" Mother Mu got anxious, "Don't mess around!"

"I don't think we're the ones who are messing around, are we?" Xia Xibei shrugged, "But don't worry, if you hadn't messed up, we wouldn't have pursued it."

Father Mu stared at Xia Xibei suspiciously, "What do you mean?"

!!

"Nothing," Xia Xibei shrugged. "I just realized that it's a little late now, so we should go back to rest."

Father Mu and Mother Mu were even more surprised.

Back to rest?

Things were just going to go away now?

How could that be? She had got to be kidding!

“But if you guys still dare to look for Nana, you should be careful. Who knows if you’ll have a son around to help you retire? Right?”

Father Mu and Mother Mu were not smart, but they still understood this threat, and immediately changed their expressions.

“What do you want to do?!”

“I don’t want to do anything,” Xia Xibei smiled. “I just want to tell you the importance of living together in peace.”

After saying that, she pulled Mu Qiaona out of the room.

“Okay, let them work it out themselves. Let’s go back.”

Mu Qiaona obediently was pulled along, gave them a deep look, and walked away without looking back.

“Nana...” Mother Mu murmured, with a bad feeling in her heart.

It was as if her daughter would never come back after this.

“You let her go!” Father Mu said furiously from behind. “I’ll see how happy she can be!”

He was so angry with the day’s events that his chest hurt, and of course Xia Xibei’s kicking him was to blame.

He never thought that he would be disobeyed by Mu Qiaona like this!

He was her father!

He would let Mu Qiaona know the seriousness of the problem!

For now, however, they took care of their son first.

Mu Qiaona followed Xia Xibei out and got into the car, silent.

Meng Sushan hesitated and finally sat on the passenger side.

There was no other space, there was only one passenger seat left.

Pan Yan got into the car and drove.

The car soon left this place.

No one was in the area from the time they arrived until they left.

Maybe it was because the Mu family was too out of control, so no one else dared to come over. After all, there was an incident when they were blackmailing people.

The three Mu family members were not good people, and only Mu Qiaona was different.

While the car moved, Mu Qiaona was silent.

Xia Xibei also did not say anything but looked at Meng Sushan.

“How come you were here?”

Being called on, Meng Sushan’s heart jumped and her face turned white.

“I... I...”

“Hmm?”

Meng Sushan looked at Xia Xibei in the rearview mirror, but saw that her expression was very calm. Only her eyes were dark and deep.

Her gaze was a bit creepy at this time of night!

Meng Sushan felt that all of her calculations at this moment were visible.

She bit her lip and hesitated for a moment before finally speaking, “I... I just followed her over.”

“What are you following her for?” Pan Yan, who was driving the car, asked. “What did you want to do?”

“I...”

Asked by Pan Yan, Meng Sushan’s face became upset, but she still meekly admitted, “Just... I just wanted to... Wanted to...”

“Trying to blackmail her?” Xia Xibei helped her by adding what she wanted to say.

Meng Sushan blushed and hurriedly denied it, “But I didn’t mess around!”

Chapter 1633 - 1633 I Didn't Realize It Either

1633 I Didn't Realize It Either

Meng Sushan's heart cried out. Although she wanted to catch Mu Qiaona doing something, she didn't do anything!

It was not illegal to think about, right?

"I... I was just thinking about it..."

"I know," Xia Xibei nodded, "You don't have the guts either."

!!

Meng Sushan's expression froze, a little embarrassed.

She did not know whether to be happy or sad about Xia Xibei's words.

How could she not have the guts to do that?

Was she that timid?

Oh yes, she really did not have the guts.

Meng Sushan's original plan was to keep an eye on Mu Qiaona to see if there was dirt on her. That way, she could tell the press about it.

Then, she could find an opportunity to rise to the top.

However, she wanted to use something Mu Qiaona had done, not to make up excuses to frame Mu Qiaona.

Xia Xibei had long known Meng Sushan's character.

She was indeed a little bit small-minded, but because her family was well-off and hadn't experienced any setbacks, she wouldn't have gone too far.

She certainly had some mean thoughts.

However, she really did not have the guts to do something bad.

"Anyway, thank you," Mu Qiaona finally spoke. "It was you who asked Sister Bei to come over, right? Thank you!"

Seeing Mu Qiaona sincerely thanking herself, Meng Sushan blushed, "You, you don't have to thank me! I didn't come here to save you either!"

Mu Qiaona smiled, "No matter what, it's a fact that you saved me. If it wasn't for you, I would be... Right now."

Her heart shuddered at the thought of the cold, glittering needles of drugs.

If Xia Xibei hadn't arrived in time, that syringe of drugs would have entered her body!

Once addicted to these things, was there any chance of her being freed?

Whether these things were forced on her or voluntarily done, the result was the same.

She didn't think she had the willpower to overcome the addiction.

"I didn't expect your family to be so sick either!" Meng Sushan tsked. "Although I knew there were sick families, I did not expect that all three members of your family would be..."

"Not only did you not expect it, but I also didn't expect it either," Mu Qiaona shook her head and laughed at herself. "I've lived with them for so many years, and it's the first time I've found that they're scarier than the devil!"

"Such devils should be kept away!" Meng Sushan said indignantly. "What are you going to do next? How are you going to deal with them?"

If she had such a family, she would definitely disassociate herself from them at the first opportunity!

After tonight's incident, Mu Qiaona no longer had any feelings for these three people.

What they had done tonight had ruined the only feelings they had for each other.

However, what to do with them? That was the question.

"I... I don't know," she shook her head, a little embarrassed. "Now, I don't know what to do."

"What if they get the media to smear you?" Meng Sushan asked. "They

said tonight that they will expose you to the media!"

Thinking about these words, Mu Qiaona's face was very ugly.

"The media won't believe it..."

"Are you stupid?!" Meng Sushan glared at her. "It's not like you don't know what the media is like! They want a gimmick! They are your family. If they say anything, the paparazzi will believe it! They are the ones who want a scandal!"

Mu Qiaona's face got even uglier.

"I'll handle it," Xia Xibei interjected.

Chapter 1634 - 1634 I Want to be a Big Star

1634 I Want to be a Big Star

Xia Xibei's words made Mu Qiaona's heart jump, and she immediately turned her head to look at her.

"I... "

"The point is, how do you want to deal with them?" Xia Xibei asked as she looked at her.

"I... "

!!

Mu Qiaona was silent for a moment, then shook her head, "As long as they don't affect me. As for the rest... Let them be."

What happened today was enough to completely dissolve her relationship with them; she no longer considered them as her family.

If she continued to be bound to this kind of relationship, she would look down on herself.

“That’s right! It’s good that it doesn’t affect you! The worse they are, the better!” Meng Susan added along with her.

Meng Sushan felt as if she was watching a movie in which the main character was bullied so hard that it would really be too bad if she didn’t teach those people a good lesson.

“That’s fine. I’ll handle it, you just cooperate.”

Xia Xibei already had an idea in her mind.

She had known before that Mu Qiaona’s family were not good people.

Of course, if they were good people, Mu Qiaona would not have been driven into depression in her previous life.

Such disgusting family members should be completely cut off.

Of course, it was useless for them to publish a statement in the newspaper about severing the relationship. There would still be a lot of people standing around talking and yakking about how filial she must be.

So, in order for Mu Qiaona to have no worries, Xia Xibei had to step in to solve it.

“Alright,” Mu Qiaona nodded her head.

She believed that Xia Xibei was doing it for her own good anyway.

“Okay then, you just wait.”

Xia Xibei’s expression was flat, but it made people feel awe from the bottom of their hearts.

Meng Sushan, in particular, had a chill in her heart.

She felt like that family deserved to be miserable!

Of course they should be miserable, and if they weren’t, how could they quell the anger in their hearts?

However, this also made Meng Sushan understand the ferocity of Xia Xibei.

“Do you have anything to say?”

Meng Sushan was thinking about things when she met Xia Xibei’s eyes, which startled her.

“Me! I... ”

Meng Sushan was so shocked that her heart almost stopped and she could barely speak.

"You did very well today," Xia Xibei said seriously.

If it wasn't for Meng Sushan, Mu Qiaona would have been in trouble today.

Seeing the extent of that family's insanity, Mu Qiaona would not have had a good outcome.

For both public and private reasons, Xia Xibei did not want to see this happen.

So, Meng Sushan was a big help.

Although the starting point was not right, the result was still good.

"Thanks. Thank you!"

Meng Sushan was flattered. She really didn't expect Xia Xibei would be so kind to her and praise her!

"As a thank you, what do you want?" Xia Xibei asked.

"What do I want?" Meng Sushan bit her lip and hesitated.

What else could she want? Of course, it was fame and fortune!

Wasn't it for fame and fortune that she was following Mu Qiaona!

However, she didn't dare to say this out loud.

"If you don't say it, I'll pretend I don't know. Then it's settled..." Xia Xibei said.

"No!" Meng Sushan immediately became anxious. "How can you say go back on your word?!"

Everyone was amused by her eagerness.

"So, what do you want?" Xia Xibei smiled. "If you don't say anything, how would I know? It's not like I can read your mind."

"Um..." Meng Sushan bit her lip and finally decided, "I want to be a big star!"

"No way."

Xia Xibei's refusal made Meng Sushan's face go ashen.

Chapter 1635 - 1635 Being a Mentor

1635 Being a Mentor

“Why not?!”

Meng Sushan was angry. If it wouldn't work, then what was there to say?

She came here as a trainee just to become a big star!

“You're not strong enough,” Xia Xibei shook her head. “Even if I did let you debut, you wouldn't be able to become a big star right away.”

!!

“You can mentor me!” Meng Sushan immediately argued. “Everyone does that!”

The most common thing in the industry was for veterans to mentor newcomers.

When popular artists mentored newcomers, they could bring more popularity and attention to them.

“Even if I did mentor you, it will do more harm than good.” Xia Xibei gave her a look and said nonchalantly, “We're too different in terms of style.”

Meng Sushan's face became even grimmer.

Although she knew the difference between her and Xia Xibei, it was not this much!

It was too much!

“Then why are you asking me?”

She turned back in anger and looked at the road in front of her.

Since she couldn’t make her debut, what was there to say?

“Although I can’t make you a big star, I can offer you other opportunities.”

Xia Xibei added the latter words with a grin.

“Opportunities?!” Meng Sushan’s eyes instantly lit up and she turned back around, her eyes shining brightly at her. “What opportunities are you talking about?!”

“Brother Pan, arrange some work for her and let her progress step by step.”

“Okay,” Pan Yan drove while nodding his head.

Meng Sushan froze for a moment, then her eyes slowly widened, and finally, she was ecstatic.

Xia Xibei asked Pan Yan to give her a job. Didn't it mean that Pan Yan would be in charge of her work afterward?

Pan Yan was the company's golden agent!

Everyone would like to be associated with such a golden agent, but no one could do anything about it.

Pan Yan was in charge of Xia Xibei right now, and he also handled Mu Qiaona and Gu Lan, so it was too difficult for others to get in touch with him.

However, he had a lot of resources in his hands.

These resources were enough to bring an ordinary trainee up!

If Pan Yan had arranged resources for her, would she still need to worry that she wouldn't make it?

"Oh yes, there is a talent show that has invited you to be a mentor," Pan Yan said while driving.

"A mentor for a talent show?" Xia Xibei raised her eyebrows.

"Yes. It's recording for three months in the imperial capital. Your schedule has just enough time," Pan Yan explained.

“In the imperial capital... That’s quite good,” Xia Xibei nodded. “It’s also time to pick up some shows.”

However, she also did not expect that she would get to be a mentor.

With her current age, she was more like a contestant, while mentors could be 20- to 40-years old show business veterans.

Xia Xibei had only been on the scene for a year or so, and she could be a mentor, which was unusual.

However, this industry was amazing. It was not about age.

It was all about popularity and strength.

Xia Xibei’s popularity and strength were enough to dominate people of the same age or older.

“I’ll arrange for her to be a contestant when the time comes,” Pan Yan added.

“Me as a contestant?”

Meng Sushan pointed at herself, her expression slightly dazed.

Xia Xibei would be the mentor of this show, and she would be a contestant...

That was too big a gap!

“Right. I’m sure they’ll be happy to buy one and get one free.”

Pan Yan drove the car calmly.

“Hmm...” Xia Xibei nodded. “It’s quite good.”

She looked at Meng Sushan again, “What do you think?”

“Uh... OK!” Meng Sushan hesitated for a moment and finally nodded her head.

Chapter 1636 - 1636 Will Definitely Work Hard

1636 Will Definitely Work Hard

Meng Sushan’s brain was not useless, especially when she was thinking about how to become famous every day.

Now that there was such an opportunity, only a fool would give it up!

Besides, Xia Xibei would be the mentor of this show!

With Xia Xibei's popularity, after she became a mentor, there was no need to worry about the show's ratings and popularity.

!!

Then, she could take advantage of Xia Xibei's popularity to go up.

Although she couldn't become a big star immediately, getting attention was the first priority.

Besides, no one else had such an opportunity!

It would be great if she could take advantage of it.

"So, you go back and work hard," Xia Xibei pointed out. "If you don't perform well, the decision can always be changed."

"It can't be changed! I will work hard!" Meng Sushan immediately made a promise. "I will definitely not let you down!"

"Okay then, I'll be waiting for your performance."

"Yeah, go for it!" Mu Qiaona also followed suit and cheered.

"Good!" Meng Sushan shook her fist and promised, her heart burning with fire.

She must seize this opportunity!

However, this was not the end.

"I have a web drama that needs a supporting actress, and it just so happens that her image and temperament match, so I will recommend her," Pan Yan said again.

"S- Supporting actress?!"

Meng Sushan drew a breath.

Although it was only a supporting actress, not the female lead, who could be a supporting actress in the first show?

Ordinary people would be happy to have a minor scene in their first drama, much less being a supporting actress!

"Yes. Supporting actress," Pan Yan nodded his head. "So, you should practice your acting with your teacher. If there is no mishap, you will be the supporting actress in this drama. You wouldn't want it to be seen as an embarrassment in the future, right?"

"How could that be?!" Meng Sushan immediately shook her head. "I will definitely not let it become my embarrassment!"

She was a woman who was going to be a big star! How could she be such an embarrassment?!

“That’s fine, you study hard.” Xia Xibei raised her eyebrows, “Anyway, the opportunity is given to you. It’s up to you whether you want to grasp it or not.”

“I will work hard!”

The passion in Meng Sushan’s eyes became even more fierce.

She couldn’t wait to get back to the company now and start practicing!

The next day, she arrived at the company early and started practicing with her teacher.

The teachers in the company were amazed. What kind of drugs did Meng Sushan take?

Although she had studied well before, she had never been this desperate!

It seemed to everyone that she was a bit lax, as if she was overly confident and knew that she would definitely debut.

Compared to the other trainees, her level of effort was a little bit different.

Why was she so hardworking today?

However, the teachers were happy that she was working so hard.

So, the teachers also taught her very carefully.

Meng Sushan had talent, and although she was not as unbelievable as Xia Xibei, she was not bad among the trainees.

It was just that her attitude was lax before and that was why she didn't come across as impressive.

Now that she was willing to work hard, her performance was naturally different.

Of course, no one knew what kind of opportunity she had received.

While Meng Sushan was working hard, Mu Qiaona's matter was also being handled.

A few days later, Meng Sushan saw a news story.

The news said that someone surnamed Mu was arrested for using drugs and drug trafficking.

When she saw this news, Meng Sushan was stunned.

She immediately read the whole story carefully.

After reading it, she was even more dumbfounded and her heart trembled.

Chapter 1637 - 1637 Punish One's Own Family

1637 Punish One's Own Family

The news said that it was someone surnamed Mu. Wasn't it Mu Qiaona's brother?

Meng Sushan knew about this matter, so she quickly recognized the identity of this Mu person.

The report said that this Mu guy was arrested for drug use and drug trafficking, and a small drug trafficking ring was involved.

This kind of thing was not very noticeable. After all, most people were not very concerned about this.

!!

However, after knowing that Mu was Mu Qiaona's brother, the heat was on!

Meng Sushan read the whole story and felt a chill down her spine. This couldn't be a setup by Xia Xibei, right?

If so, how cruel Xia Xibei must be!

However, she quickly shook her head.

Xia Xibei wouldn't do such a terrible thing.

Still, when she saw Xia Xibei, her expression revealed her thoughts.

Xia Xibei was speechless at Meng Sushan's expression.

The things Mu Yabin did were not really her doing, she just dug up the things Mu Yabin did.

It was only after digging that she was surprised to discover that Mu Yabin was not only a drug addict, but also involved in drug trafficking!

He was also a small leader in the drug gang!

So, she reported the matter to the police and Mu Yabin was arrested.

Of course, that was not the point.

She really spent a lot of effort behind the scenes.

Originally, people did not know that this person was Mu Qiaona's brother, but soon, information came from the parents of the Mu family.

Mu Qiaona's father and mother said that it was all Mu Qiaona's doing!

When it was known that Mu Qiaona had something to do with this, the paparazzi went crazy.

This was big news, especially when Mu Qiaona's father and mother said that Mu Qiaona was very unfilial and set up her brother!

Wow! This was a big scandal!

So, everyone immediately sought out Mu Qiaona for an interview.

Faced with the swarm of reporters, Mu Qiaona looked helpless and began to explain the matter.

She explained that she only found out her brother did this kind of thing not long ago, and at that time, she wanted him to turn himself in.

However, her brother and parents refused.

She was greatly disappointed, and not wanting to be in bed with them, she chose not to contact the family.

So, she didn't know that things would turn out this way.

As for her parents' claim of her being a bad daughter, she didn't argue much but took out her bank transfer records.

It was clearly written on it that she gave several thousand yuan to her family every month.

The money Mu Qiaona earned wasn't too much. After all, she had only just started out.

Still, a few thousand yuan seemed a bit small compared to what she earned.

Then she explained that she was going to buy a house for her family. She didn't expect that her brother would get involved in this kind of thing, and she didn't want him to stay in trouble, so she didn't tell her family about it.

If the house was given to them, maybe her brother would sell it for money!

She didn't expect that her family would slander her as unfilial!

In front of the camera, Mu Qiaona cried so much, and that pitiful look made people's hearts ache.

Looking at the evidence she showed, even the paparazzi didn't suspect her anymore.

Moreover, Mu Yabin was a drug dealer!

That was a very serious thing to do!

When Mu Qiaona broke off contact with them, that was what should be done!

Although she couldn't be righteous and tell the police what happened, it was the right thing to do.

You couldn't let yourself be dragged down by your family!

In the face of these explanations, everyone believed her.

Moreover, the reporters interviewed the neighbors near the Mu family home.

Chapter 1638 - 1638 Dealing with the Mu Family

1638 Dealing with the Mu Family

On camera, the neighbors said a lot about Mu Qiaona's life over the years and told them all the suffering she had survived in the Mu Family.

Only then did everyone know that the Mu family was so patriarchal! Her parents were too much!

Mu Qiaona had been exploited, and they still accused her as unfilial!

If anyone else had been bullied like this, they would have smashed up the house and would not have continued to give them money.

!!

Fans were outraged.

Since Mu Qiaona had strong evidence and the neighbors' words, everyone was on her side.

However, that wasn't all.

Mu Qiaona's father and mother were furious when they found out that what they said was not believed by everyone.

The two of them talked about going to the entrance of the company to make a scene.

In this way, it would attract more media.

When the time came, they must let Mu Qiaona come to their aid!

Besides, only a few days had passed since the previous incident, and Mu Yabin had been arrested, which must be related to Mu Qiaona, their ungrateful daughter!

They wanted to go and settle accounts with her!

However, their car was stopped halfway.

Then, they were beaten up by a group of masked men in black.

They were beaten up, screaming, but the wounds were all flesh wounds and not serious.

They didn't have a chance to make trouble in front of the company.

When they got back, they found out that the store they owned was constantly being harassed, and various government agencies came over to inspect it!

They simply couldn't continue to do business in peace.

At the same time, they found that other neighbors stayed away from them, and no one was even willing to sell food to them.

They realized that they had been rejected by everyone!

They began to panic.

Then, they received an unknown call.

The caller said that if they continued to make trouble, their son might die in prison.

When this was said, they were immediately scared out of their wits.

Their son would die in prison?

How could this be?!

Weren't they doing all this for their son?

If something happened to their son, how could they still live?

Moreover, they had already offended Mu Qiaona. If they still made trouble, who would support them?

After receiving the warning call, when they were sleeping at night, their window was suddenly broken.

In the middle of the night, a big rock was thrown in, which woke them up.

A few nights after that, the same thing happened again.

They couldn't rest at all.

These kinds of things piled up, and they were about to break down.

In the end, they could only flee the place.

As for their son, the person who warned them said that as long as they behaved and didn't come out to cause trouble, their son would be fine.

Otherwise, just wait until their son couldn't have offspring!

This threat was even more powerful and very vicious.

They wanted their son to have grandchildren so that they could pass on the family name.

If something happened and he couldn't have children, then what was the point?

They were afraid that the person behind the curtain would really do that and hurriedly agreed.

They didn't dare to make any more trouble, immediately selling the store, then packing up their things and running away.

If they continued to stay here, they could not sleep at night. Who knew when some scary sounds would come?!

They were not young, they would be scared out of their wits!

As for Mu Qiaona, they didn't dare to go looking for her either.

One could only pretend that this daughter didn't exist!

So, things soon settled down.

Mu Qiaona finally had time to continue her work.

Chapter 1639 - 1639 Fixing Things

1639 Fixing Things

As a knowledgeable person in this, Meng Sushan was very concerned.

After understanding all the details, Meng Sushan looked at Xia Xibei in horror.

Xia Xibei was brutal! She even asked someone to threaten the Mu parents!

It was simply too horrible!

!!

Of course, what was even scarier was that she told her these things!

Why was she not afraid that she would tell?!

“Don’t worry. As long as you work well and don’t mess around, I won’t do anything to you,” Xia Xibei smiled and patted her shoulder.

Meng Sushan felt a little heat on the shoulder patted by Xia Xibei and almost got weak in the legs.

It always felt like Xia Xibei was going to deal with her next!

However, she tried to pull herself together.

As long as she kept her peace, Xia Xibei would not do anything wrong.

Yes! For sure!

Meng Sushan’s heart chilled and she could only grit her teeth to make herself listen.

She now fully understood that Xia Xibei was not someone she could deal with or bully!

Xia Xibei was strong, and she was also cold-hearted.

She absolutely could not offend this kind of person!

Otherwise, she wouldn't even know how she died!

Meng Sushan swore in her heart and tried to put all her mind on her studies.

Seeing Meng Sushan so obedient, Xia Xibei was also satisfied.

Although Meng Sushan was a little bit small-minded, she could still be coached.

As long as she was well-trained, she would not have to worry about anything going wrong.

As for Mu Qiaona's side, things had come to an end.

After being messed around by her for so long, the Mu parents have learned their lesson and run away.

Of course, even if they dared to come out, there was no use.

Mu Yabin's drug trafficking was a fact.

Everyone was on Mu Qiaona's side. After all, everyone trusted a non-addict more.

Who would believe you when you were associated with drugs?

Besides, the things Mu Qiaona said were not all fake.

She really gave her family thousands of yuan every month!

The house she bought for her family was kindly provided by Xia Xibei.

After solving this matter, Mu Qiaona let go of the big worry in her heart and became more involved in her work than before.

Before, although she did not have much contact with the family, they were still her own family, so the burden was still on her heart.

Now, with the matter of her parents and brother settled, there was no need to worry anymore.

She knew that the company was partially owned by Xia Xibei, so she worked hard to earn money. This way, Xia Xibei could earn more too.

So, she joined Gu Lan's team.

Gu Lan was a bit confused. Why was Mu Qiaona suddenly so dedicated?

However, the two of them were both hard-working and it was quite motivating to work together.

After this matter was settled, Xia Xibei put her mind to her birthday party.

In half a month, it would be her 19th birthday.

At her level, her annual birthday party would attract much attention.

Even if she wanted to keep a low profile, there were many fans who wanted to help her remember this day.

This year, she almost always stayed abroad, so it was time to give a little benefit to the domestic fans.

This birthday party was the best benefit.

For this birthday, she spent a lot of time and prepared a lot of shows.

Before her birthday, she made a trip back to the Qi's house.

She could spend this year's birthday with the Qi family.

However, just after she returned to the Qi family, she saw Qi Yongjiang's unpleasant face.

She was already not on good terms with him, and all her previous encounters with him had been unhappy.

They hadn't seen each other for so long, so it wasn't so bad, was it?

How had she offended him again?

Chapter 1640 - 1640 Back for the Birthday

1640 Back for the Birthday

Previously, Xia Xibei and Qi Yongjiang had a little conflict. She made Qi Yongjiang suffer a small injury, but that was more than half a year ago.

It'd been so long that Xia Xibei had forgotten about such things.

Now it seemed that Qi Yongjiang did not have such a temperament.

Xia Xibei came back just in time to see him and got a blank stare from him.

!!

That gaze could include a lot of meaning.

Xia Xibei was speechless. How was a grown-up so petty?

However, Qi Zhi'an had said before, Qi Yongjiang was this kind of petty person. What could she do?

Xia Xibei shrugged, ignored him, and walked inside.

She came back today for her birthday.

The birthday party should have been a big one, to show everyone that she was the real Miss Qi.

However, she refused.

She didn't want to make such a big deal right now.

Moreover, even if her identity was announced to the world, it would not be of much use for the time being.

As far as she could see, it would only add to her worries.

If other people knew she was the Qi family's young lady, there was no telling how much ingratiation would flock to her.

She didn't need to use the Qi family's prestige right now.

So, she refused.

Besides, she still had to prepare for the meeting with her fans, so she was very busy.

In this situation, she didn't have time to dwell on so much.

After hearing her reasoning, Qi Zhi'an and Ling Xiao both agreed.

They agreed to whatever she wanted to do.

However, coming back to spend a birthday together was also appropriate.

Even if she had to spend her birthday with her fans, she could spend it with her family in advance!

After so many years, where they had not spent their birthdays together, this was appropriate.

So, Xia Xibei came back.

When she returned to the Qi house, they saw Ling Xiao's warm smile.

Ling Xiao looked at her daughter, who had grown up even more, and burst into tears.

Although they often chatted online, video chatting and meeting in person were different.

"Mom," Xia Xibei hugged Ling Xiao and shouted.

Ling Xiao's tears almost came out again.

Xia Xibei rarely called her "Mom."

Every time she heard her call her "Mom," she felt different.

"Come, let's go inside and relax."

She dragged Xia Xibei inside.

Xia Xibei followed obediently inside, asking, "Where's Qi Xin?"

“Xinxin is...” Ling Xiao carefully measured her expression before speaking. “She went out shopping.”

“Shopping?”

“Yes, her friend invited her. She’ll be back later.”

“Oh,” Xia Xibei did not ask too much.

Qi Xin must be afraid to see her. How awkward was it to see each other?

So, she did not bother to ask anything.

Qi Xin had been quite peaceful for a while now, and since that was the case, she wouldn’t give her a sense of importance.

Qi Zhian also greeted her, “We have prepared a big gift for you!”

“A big gift?” Xia Xibei was surprised. “What big gift?”

“Just wait.” The two of them looked at each other. “You’ll know later.”

“Okay.”

After all, it was Xia Xibei's first birthday in the Qi family. Of course it had to be grand.

Even if they couldn't celebrate it with the outside world, the gift was certainly prepared.

The two of them had prepared this gift for a long time.

Qi Xin came back before the birthday party started.

After seeing Xia Xibei, her expression was a bit shy, and after saying hello, she went back to her seat.

One couldn't imagine her previous arrogance seeing her introverted and gentle look.
