

Chapter 1651 - 1651 No Clue

1651 No Clue

The first episode was recorded for almost a day and finally ended successfully.

After that, it would be broadcasted in three phases.

There were 40 contestants who passed this stage, and the next stage would continue to eliminate contestants.

Most of these 40 people were the real deal.

!!

Of course, if they didn't have real talent, they wouldn't have made it here.

Although some were signed to an agency, if their performance was not good, the agency would not waste the spot.

So, a situation like Lu Tianqi's was a bit conspicuous.

Of course, in the subsequent broadcast, the show could use editing to adjust her level.

Besides, there was no audience at the first stage.

It should be said that, except for the final stage, there was no audience, only the mentors.

So, there was no worry about going on stage and being found out that one was not up to par.

However, others were speechless about the situation.

When someone like Lu Tianqi also got into the next round, wasn't it a bit unfair to others?

However, it seemed to Lu Tianqi that she was the aggrieved one instead.

Xia Xibei's words really embarrassed her to the extreme.

It was true that she came in on a whim, but she thought she was doing pretty well!

Ever since she was little, she has been told by her teachers that she was smart, even for dancing, and her dance teacher had praised her.

She was able to dance well while still getting good grades.

From childhood to adulthood, she was the goddess of learning in everyone's mind.

Although after that, she hadn't danced for many years, she had not forgotten the basics!

Besides, after the last few days of last-minute practice, her teacher also said she was doing well!

In this case, she did not pass unanimously but was lectured by Xia Xibei.

It was awful to think about it.

Lu Tianqi felt that Xia Xibei was definitely jealous of her. Otherwise, she would have let her pass!

She was doing so well! So, Xia Xibei was jealous!

Besides, all the other instructors had given her a pass, so why not her?

Although she didn't press any light, this also showed her attitude.

Lu Tianqi felt that Xia Xibei was really too petty!

Although her initial reason for coming to the contest was a bit questionable, Xia Xibei obviously didn't know who she was here for, so she didn't have to be like this!

How could she go on, when she was targeted at the beginning?

Thinking about this, Lu Tianqi couldn't help herself. She went to her grandfather and cried.

Qi Yongjiang's expression immediately turned ugly when he heard his granddaughter's cries.

"She won't let you pass?"

"No!" Lu Tianqi's eyes were red and pitiful. "All the other mentors gave me a pass, but she didn't! And she said I didn't dance well!"

She was quite unconvinced.

"I danced so well! The teacher said I was a good dancer!"

"You danced very well indeed!" Qi Yongjiang was also very unconvinced.

He thought that Lu Tianqi danced very well!

So, Xia Xibei must be targeting her by not letting her pass!

"I think she's targeting me!" Lu Tianqi had more tears in her eyes. "I didn't do anything, so why should she target me?"

Qi Yongjiang was distressed and comforted her, “Don’t worry, I’m going to make her explain!”

New and old resentment mixed together, making Qi Yongjiang act immediately. He went to find Xia Xibei.

After knowing Qi Yongjiang’s intention, Xia Xibei was speechless.

Did either of them not have any idea of their own level?

Chapter 1652 - 1652 She is the Best

1652 She is the Best

“Are you targeting Qiqi?” asked Qi Yongjiang with a stern face.

When she was recording the show in the imperial capital, Xia Xibei was staying at the Qi house.

It was okay to live outside, but it was easy to attract the paparazzi. She didn’t want to live outside and have to worry about it.

Moreover, Qi’s house was not far from the TV station, so she lived in the Qi house.

!!

Qi Zhi'an and Ling Xiao would be very sad if she didn't live at home when she was in the imperial capital.

Besides, the environment at Qi's house was much better than outside.

She had just started to rest when she saw Qi Yongjiang come to her door.

What was even more amazing was that Qi Yongjiang was really here for Lu Tianqi's business!

"I targeted her?" Xia Xibei pointed at herself incredulously. "Why would I target her?"

That was really funny!

If she really wanted to target Lu Tianqi, would she be so mild in her comments?

Xia Xibei felt that she had been tolerant and patient enough before.

"If you didn't target her, why didn't you let her pass?"

Qi Yongjiang was very angry, and his eyes took on a murderous aura when he looked at Xia Xibei.

Lu Tianqi was his only granddaughter and had been close to him since she was a child. As her grandfather, he certainly had to seek justice for her.

"I know you and I have a grudge against each other, but you don't have to target her, right?"

Qi Yongjiang was furious.

It was as if he had suffered much aggravation. Xia Xibei was so exasperated she had to laugh.

He meant that she was targeting Lu Tianqi and not letting her pass because of her grudge against him.

This was too damn ridiculous!

"Grandpa Jiang, what kind of grudge do I have against you?" Xia Xibei sneered. "We don't have any grudge worthy of me targeting her!"

"Then why don't you let her pass!"

Qi Yongjiang was furious and very righteous.

"Because she's not good enough!" Xia Xibei was even more righteous. "I targeted her? She's at that level, why do I need to target her?"

"What level is she at? Her level is very good!" Qi Yongjiang got even angrier.

Xia Xibei could judge herself, but not Lu Tianqi!

Besides, the teacher and others have said that Qiqi's performance was very good!

"How old are you? Can you judge her level?" Qi Yongjiang was very angry. "You're at such a level and you're still going to be a judge. Isn't it a mistake?"

Yes, that's what Qi Yongjiang thought in his heart.

Xia Xibei was younger than Lu Tianqi.

What level could she be?

Although her popularity in the entertainment industry was very high, popularity did not mean strength!

Nowadays, there were a lot of young starlets that were promoted by fans, right? They didn't have real talent.

So, in his mind, Xia Xibei was such a starlet, with no strength.

How dare she tell Lu Tianqi what to do?

Qi Yongjiang was very angry.

If he had known that Xia Xibei was the judge of this competition, he would not have agreed to let Lu Tianqi participate in this competition!

Never mind the lack of standards, it was also not fair at all!

When faced with Qi Yongjiang's angry expression, Xia Xibei felt ridiculous to the extreme.

They really didn't have any idea of their true level!

"Are you saying that Lu Tianqi's level is good?" She narrowed her eyes dangerously.

"Of course it's good!" Qi Yongjiang justified. "All the teachers said she's a good dancer! She's the best!"

Chapter 1653 - 1653 Conspiracy Theory

1653 Conspiracy Theory

Xia Xibei was eerily silent for a moment looking at the imposing Qi Yongjiang, and then she realized.

He really thought Lu Tianqi's dancing was very good!

He really thought so from the bottom of his heart!

Oh my god!

!!

Xia Xibei was dumbfounded.

She had thought that Qi Yongjiang had come to her to complain, just to mess around.

Who knew that Qi Yongjiang really thought that his granddaughter's dancing level was master class!

That was why he was so angry, thinking she was targeting Lu Tianqi.

Oh my God!

Xia Xibei was stunned!

As for what Qi Yongjiang said, that the teachers all said Lu Tianqi danced well... That must be the teacher lying and boasting!

Qi Yongjiang was so protective of his offspring, so the teachers must have said Lu Tianqi was a good dancer! If they dared to say anything bad, would they not be scolded to death?

With Qi Yongjiang mindlessly bragging about his granddaughter, it was really possible.

Xia Xibei thought that if the dance teacher dared to say anything bad, Qi Yongjiang would probably kill the teacher!

Faced with such a threat, how could a teacher dare to tell the truth?

So, after all these years, Qi Yongjiang really thought his granddaughter's level of dancing was the best in the world!

After thinking about this, the corners of Xia Xibei's mouth twitched.

Of course, she was even more confused. If Qi Yongjiang, an old man, didn't understand these things, what about Lu Tianqi?

Lu Tianqi, even if she was not a good dancer, had to be able to appreciate and distinguish types of dancing!

She must know what good dance was!

Could it be that Lu Tianqi also thought she was a very good dancer?

After thinking about this, the corners of Xia Xibei's mouth twitched.

This grandparent and granddaughter were really too amazing!

No wonder Qi Yongjiang came to debate with her so righteously!

Seeing Xia Xibei's look, Qi Yongjiang thought she was sheepish and became even more exasperated.

"If you didn't target her, why wouldn't you let her pass? I know, you must be afraid that she will enter the entertainment industry and outshine you. That's why you are suppressing her!"

Looking at Qi Yongjiang, who had just brainstormed a conspiracy theory on his own, the corners of Xia Xibei's mouth twitched even more.

She didn't expect that this old man had such a rich imagination!

He should be in the entertainment industry! He could have been a screenwriter!

She took a deep breath and pushed down the thoughts in her mind.

"I don't have time to suppress her!"

"That's..."

“What you should do now, is to go see a neurologist!” Xia Xibei interrupted him in one breath. “Please, you both should go see a neurologist and see if your perception of the world is wrong! With your granddaughter’s level, you are the only one who thinks she is the best! I strongly recommend your granddaughter go check out her brain! Get a pair of glasses too! Remember to follow a strong prescription. Otherwise, I am afraid that one day you will walk on the road and you won’t even be able to see the holes in the ground and fall straight down!”

These words made Qi Yongjiang freeze for a long time, and when he figured out what she meant, he was so angry that his beard trembled.

“You... you!”

“You’re too much!” Lu Tianqi, who was eavesdropping in the back, also jumped up. “Even if you targeted me, how dare you insult my grandfather!”

Lu Tianqi had an angry face.

“I thought you were a generous person, but I didn’t expect you to target me and bully my grandfather over a little thing!”

Listening to her accusations, Xia Xibei’s expression froze.

This girl... Should be two years older than her, right? How could she speak so stupidly?

Chapter 1654 - 1654 Donate Your Brain

1654 Donate Your Brain

Xia Xibei was also considered to have seen the world, but she had never seen such a grandfather and granddaughter as Qi Yongjiang and Lu Tianqi.

This was too odd!

They started the trouble, and now they felt aggrieved?

Xia Xibei was so angry that she looked at them as if they were fools. However, when Lu Tianqi stepped forward, she had someone to attack.

!!

“I targeted you?” she sneered. “Are you sure I’m targeting you?”

“Of course I am...”

Lu Tianqi’s words were not finished when she saw Xia Xibei walking towards her. The aura was so powerful that she couldn’t help but feel weak inside and took a step backward.

“I targeted you? Because I think you’ll pose a threat to me?” Xia Xibei’s expression became more serious than before. “I told you it’s time for you to see a neurologist. Otherwise, your delusions will give you brain damage! If you don’t want your brain, you can donate it to the needy!”

“You...”

“What?” Xia Xibei cut off her words. “Let me guess, you learned to dance in childhood, and all your teachers said you danced very well, right?”

“How do you know that...”

“Of course, I know!” Xia Xibei had a strong attitude. “I also know that you must not have participated in any competitions, right?”

“How do you...” Lu Tianqi looked at her in shock. How could she know?

“How do I not know?” Xia Xibei’s mocking eyes looked her up and down. “If you had participated in any competition, you wouldn’t keep having such delusional ideas! You would have recognized your own strength and talent long ago!”

“You!”

“With a level like yours, you’d just be trashed if you competef. Do you know why your teacher keeps saying that your level is good, yet he won’t let you participate in the competition? Of course, it’s because your level is garbage! If you had found out your true level, you would have killed yourself long ago!”

“I...”

“And you are a student of Imperial University, your IQ should be all used for school. That’s why you don’t have any knowledge about other things. Do you think, if your level was really so good, the teacher would not let you go to competitions? Are you stupid or the teacher is stupid? It’s not all the fault of your parents!”

“You!”

“It must be because your parents never listened to a bit of criticism and threatened the teacher, that’s why the teacher kept saying you have a talent for dancing. Well, these are lies to a child. You can listen to them, but how can you really take them seriously? You are so grown-up, how is your brain still not developed? Do such silly words sound believable? I think you must have stopped dancing around the age of ten... You don’t have to say, I know it must be. Don’t say anything about not learning for the sake of learning, you just don’t have the talent!”

Xia Xibei got closer and closer as she talked, with more and more momentum, and her height seemed to reach two meters.

As Lu Tianqi was moving backward step by step, her initial certainty also disappeared slowly because of Xia Xibei’s words.

What Xia Xibei said was right!

It was true that when she was learning to dance as a child, her teachers always said she was a good dancer and had amazing talent.

However, she never participated in competitions because her parents said that if others saw her performance, they would not have the confidence to continue their studies.

If she didn't dance, she had other avenues of development, but other people would have no way to grow if they were defeated in dancing.

She believed such words at that time!

Chapter 1655 - 1655 You Are the Conspiracy

1655 You Are the Conspiracy

After she turned eleven, Lu Tianqi stopped learning to dance because she had to prepare for tests for middle school and because she had other classes.

When she stopped learning to dance, her teacher even looked regretful and said it was really too bad that she gave up dancing.

Such an image had always remained in Lu Tianqi's mind.

This time, because she suddenly wanted to participate in this competition, she picked up her previous hobby again.

!!

Thinking about it now, the teacher who taught her the dance had a bit of an expression.

At that time, she thought it was her talent that shocked the teacher and made such a complicated expression.

When she went on afterward, she also thought her performance was great.

So, when Xia Xibei refused to let her pass and criticized her, it really upset her.

Who would have thought that now Xia Xibei would say such a bunch of things?

Now, these words hurt her heart!

“You are saying nonsense!”

Qi Yongjiang finally recovered. Seeing Xia Xibei so aggressive, and his precious granddaughter being forced back step by step, he immediately got anxious.

“Qiqi dances the best! Besides, everyone else thinks she dances well, except for you!”

“Huh,” Xia Xibei sneered. “You guys really think so? Do you think that everyone else let her through because she is a good dancer?”

“Of course...”

“Pfft!” Xia Xibei pooh-poohed at Qi Yongjiang.

Her action frightened Qi Yongjiang into moving back a little, lest there be spittle splashed on his face.

Of course, Xia Xibei just pooh-poohed. she did not really spit.

She crossed her arms and sneered, “You guys really know how to deceive yourselves! Especially you!”

She pointed at Qi Yongjiang, aggressive and tough.

“It’s obvious that you arranged the company for her, and found support for her, and you still pretend you don’t know anything? Sure enough, she was used to being fooled since she was young, and now she’s all pathetic!”

Her words made the two people’s expressions even weirder.

How did she know that?

“During the competition, the other mentors told me that she was a contestant from Flying Saucer and asked me to let her pass.” Xia Xibei snorted. “I guess you must have been the one who stepped in for her to be signed to Flying Saucer, right?”

Her eyes stared straight at Qi Yongjiang, and he couldn’t help but take a step back, averting his eyes with a little bit of weakness.

“So, you obviously gave her special treatment and now you have the nerve to come to me and say that everyone else helped her and I didn’t, and that’s because I’m not good enough?”

If it weren’t for the little image she had left, Xia Xibei might have gone straight for curse words.

She knew Qi Yongjiang was petty, but she didn’t know that the old man had a problem with his brain!

If not for his support for Lu Tianqi, Lu Tianqi could certainly not pass the audition.

That was to say, Lu Tianqi was the biggest conspiracy in the competition.

Now, they dared to argue with her about conspiracies?!

There was a hole in their head, right?!

Xia Xibei had seen a lot of strange people, but it was the first time she saw extremely weird people like Qi Yongjiang and Lu Tianqi.

“You... You...”

Qi Yongjiang’s face turned red at Xia Xibei’s unforgiving words.

Xia Xibei was right, indeed he had paved the way for Lu Tianqi.

He was, after all, a member of the Qi family, and it couldn't be simpler to back up his granddaughter.

However, he didn't expect that the situation would develop like this!

Chapter 1656 - 1656 Scolded to Death

1656 Scolded to Death

Qi Yongjiang's face was ugly, and Lu Tianqi's face was no better.

However, Xia Xibei hadn't finished yet.

"Just hide behind the conspiracy you guys did. Anyway, you have passed. You have got the advantage, so just enjoy it. Yet you still come out to act pitiful? Do you really think I'm easy to bully?"

Qi Yongjiang was so angry at her words that his chest hurt even more.

!!

Who took her for a bully?

Just now she was like a machine gun, blasting out a bunch of words, and they had no room to say anything back!

Yet she said they were bullying her!

Could they do that?

“I was going to press the red button today, but because I wanted to be nice to the Flying Saucer Company, I didn’t press anything. In fact, according to your real level, you should have been eliminated by all red buttons long ago! Which of the other players is not better than you?”

Xia Xibei pointed at Lu Tianqi again and kept talking.

“You are a pampered little princess, stealing other people’s places, stealing other people’s prospects, stealing other people’s light, and still running to complain? You’re more brazen than anyone, right?”

Lu Tianqi was so lectured by her that she was about to cry.

This time, she was really going to cry.

Qi Yongjiang looked at his granddaughter and was even more distressed.

He wanted to refute Xia Xibei, but she stopped and lectured him.

“You are her grandfather! An elder who did not teach the child the right way of thinking, but kept cuddling and bragging mindlessly. It’s one thing if you are bragging to yourself, but do you really think she is the best in the world?! Where is your sense of shame?”

Xia Xibei sneered at them, "From the looks of your faces, you're really related! You all have the same thick skin!"

These words made both of their faces red with shame.

The two of them were angry and embarrassed and tried to defend themselves, but they could not defeat Xia Xibei.

Xia Xibei rarely argued with people, but when fools came to her door, she did not spare her words.

She did not say too much today at the recording site to save them a little face.

She knew that Lu Tianqi would definitely want to move on to the next round. Although she was not willing to let her pass, the others would certainly give her a pass.

In the end, Lu Tianqi would definitely pass.

Since that was the case, there was no need for her to be the bad guy.

There was nothing to be gained from a one-to-four ratio.

Of course, she was also not willing to go against her conscience to praise Lu Tianqi.

So, after deliberation, she just chose to say one sentence.

This sentence was also considered irrelevant.

Who would have thought that while she was being considerate of Lu Tianqi, Lu Tianqi was aggrieved?

Now, if she didn't scold Lu Tianqi to death, her last name was not Xia!

Oh no, her last name should be Qi.

No matter her last name, she couldn't make Lu Tianqi feel better!

In Xia Xibei's opinion, this was also considered a scam.

Anyone daring to scam her would be lucky not to die!

Xia Xibei's verbal firepower really embarrassed the grandfather and granddaughter duo.

Lu Tianqi, who was not very old and did not have much experience or thick skin, was lectured to tears.

However, a fiery Xia Xibei was not something they could fight against.

If the Qi patriarch had not happened to come over, they would have continued to be lectured by Xia Xibei.

However, the patriarch came, and things were not over yet.

After seeing the old man arrive, Xia Xibei jumped straight over, tears coming out of her eyes.

“Grandpa...”

She had a harsh and pitiful cry, the sound was filled with tears!

Lu Tianqi and Qi Yongjiang were stunned.

If they weren't the ones involved, they would have thought Xia Xibei was being bullied by someone!

Chapter 1657 - 1657 Very Bad

1657 Very Bad

The patriarch was also stunned by this cry from Xia Xibei.

“What’s wrong? What’s wrong?” Then he took a look and got anxious. “Why are you crying?! What happened?!”

Xia Xibei actually cried!

The tears were flowing, just like that!

!!

Qi Yongjiang and Lu Tianqi were also stunned.

This crying happened too fast!

This speed was simply amazing!

Lu Tianqi thought to himself, ‘Xia Xibei’s acting skills are really great, the tears came just like that!’

The teary-eyed Xia Xibei looked aggrieved, “Grandpa, you have to give me justice!”

“What’s wrong? What happened?”

The old man looked at the three people present with a dumbfounded expression.

Qi Yongjiang and Lu Tianqi didn’t react well either. The expressions of the grandfather and granddaughter were ugly. Lu Tianqi’s eyes were red and she was also crying.

What was this situation

A quarrel?

Xia Xibei was aggrieved, "Grandpa, you have to be the judge, you have to see if I'm right!"

Qi Yongjiang's face twitched and he wanted to yell at Xia Xibei and tell her to stop talking.

However, before he could say it, he saw the old man's harsh glance and stopped.

"Grandpa, didn't I go to the recording of the show today? On the show, I was the mentor and Lu Tianqi was the contestant."

"I know that," the old man nodded, "But Qiqi also went to the competition? You didn't want to enter the entertainment industry, right?"

Lu Tianqi couldn't help but cringe a little.

She really didn't want to enter the entertainment industry before, but she wanted to now.

She wanted to be the most dazzling one.

It was just that she didn't expect a bad start!

"Grandpa, hear me out first!" Xia Xibei protested.

"Fine, fine, you go on."

Xia Xibei huffed, "Then, she didn't dance well, so I didn't give her a pass. Now, they thought I was targeting them!"

"Targeting?"

"Yeah! They're coming after me right now!"

Qi Yongjiang and Lu Tianqi stiffened up, wanting to break out in curses. Who was starting trouble now?!

"They're looking for trouble from you?" The old man's gaze immediately cooled down and looked at Qi Yongjiang. "Is this true?"

Before Qi Yongjiang could answer, Xia Xibei continued, "Of course it's true!"

She was so aggrieved. "You don't know how ugly she danced! The others who were eliminated danced much better than she did!"

“And did she pass?”

“Yes!”

“Passed?” The old man looked at them with a puzzled face. “Since she passed, then...”

“I didn’t give a pass, the other four mentors gave her a pass! So, she passed in the end, but they felt that I targeted them, so they came to scold me!”

Feeling the old man’s even colder eyes, Qi Yongjiang screamed in his heart.

Who was scolding who?

He hadn’t even said a word, Xia Xibei did all the talking!

He had not yet complained!

“Yongjiang...”

The old man was not looking at Qi Yongjiang right.

“Grandpa, have you seen Lu Tianqi dance?” Xia Xibei asked.

“I saw it when she was a child.”

The old man’s answer made Xia Xibei freeze for a moment.

She was going to say that she would go to the TV station and get the video for the old man to see and comment on!

To her surprise, he had seen Lu Tianqi dance!

“Then how do you think she danced?”

“Very bad!” the old master said immediately.

His blurted words had a strong impact on both Lu Tianqi and Qi Yongjiang.

If not for the two of them holding each other up, they might have fallen to the ground.

Chapter 1658 - 1658 Recognizing Reality

1658 Recognizing Reality

After the old man blurted out, he looked at the two people whose faces had changed greatly, and he was also a little embarrassed.

“Well...” He coughed twice before continuing. “Qiqi... Ah well... It’s just that your dancing...”

“Is really bad!” Xia Xibei followed and added. “But she thinks she dances the best! Grandpa Jiang thinks so too!”

The corners of the old man’s mouth twitched as he looked disapprovingly at Lu Tianqi, then back to Qi Yongjiang.

!!

“Yongjiang... The child is grown-up, she can’t be coddled like before. You have to let her know the reality! It’s only right!”

The two individuals’ faces were even more unpleasant, and Lu Tianqi was pale and a little shaky.

Even the old man said so, which meant that everything in the past was a lie!

Lu Tianqi had been held up by her parents and the people around her since she was a child, and in their words, she was very talented.

However, her parents also said that she should focus on learning and cultivation. As for things like dancing, which are not difficult, leave it to others to learn. She should be learning other things.

Dancing, no matter how good it was, could not accomplish much.

However, if her academic performance and cultivation were accomplished, then there was no problem.

She had to leave a way for other ordinary people to live!

So, because of her parents' persuasion like this, Lu Tianqi had always felt that her dancing level was very high, only that she had given up the opportunity to others.

This time too, even though she wanted to enter the entertainment industry on a sudden whim, she felt that she could become the brightest star as long as she wanted to.

Who would have thought that the fantasy would collapse at this moment, after Xia Xibei and the old man's lecturing?

Qi Yongjiang saw his granddaughter's devastated look, and also got anxious.

"Qiqi, don't be sad. It's all because they don't appreciate..."

"Grandpa Jiang, that's not right." Xia Xibei interrupted his comforting words. "Lu Tianqi is a few years older than me, but you still use the words of a child to coax her! It's because she took your words seriously that she has been unable to see reality clearly!"

The old man was also disapproving, "I told you guys back then, don't spoil your children all day long. Also look at their realities! A lot of praise will make the child not see reality clearly. In this way, things will be troublesome!"

“Yeah, Grandpa Jiang,” Xia Xibei nodded approvingly. “You can get a few people to change their minds, but if she’s going to enter the entertainment industry, she’s going to be facing so many viewers! Do you think everyone will be able to support her?”

She interrupted Qi Yongjiang with a wave of her hand, “Even if we were the Qi family, it doesn’t make sense! Not everyone in this world is afraid of the Qi family. Even if you can use money to get people to change their minds, can you do it all the time?”

She intoned, “This kind of practice is harm, not love!”

She looked at Lu Tianqi, “If she had known this, she wouldn’t have made a bad judgment now! I don’t have a problem with it, but others won’t give in to you!”

Qi Yongjiang was almost vomiting blood. Did she call this giving into them?

Lu Tianqi’s face was blue and ugly.

Looking at his granddaughter’s expression, Qi Yongjiang was even more distressed.

“Okay, Yongjiang, you take Qiqi back.”

The old man obviously also noticed that the situation was not right and waved his hand for them to go back.

Chapter 1659 - 1659 Deceiving Oneself and Others

1659 Deceiving Oneself and Others

Qi Yongjiang glanced at Xia Xibei a little tiredly and left with Lu Tianqi.

If he continued to be here, he was afraid he would die of anger.

Moreover, he was more worried about Lu Tianqi.

Lu Tianqi grew up with no obstacles. Otherwise, she wouldn't be so sad because of this competition.

!!

He didn't expect that Xia Xibei would say something so straightforward and let Lu Tianqi suffer a big blow.

Qi Yongjiang had a rare bit of regret in his heart. Did they treat Lu Tianqi too well when she was a child and that was why she couldn't admit this defeat?

Back at their residence, Lu Tianqi released the old man's hand.

"Grandpa, I'm going to rest."

"Qiqi..."

“Don’t worry, I’ll be fine.”

Lu Tianqi left with her head downcast.

Looking at her departing back, Qi Yongjiang became even more heartbroken.

Lu Tianqi, who had returned to her room, did not continue to shed tears, but took out her phone and started to go online.

She found some dance videos and started watching them.

After watching for an hour, she finally stopped.

At this point, she could no longer deceive herself.

Her dancing was really not good!

Ever since she was a little girl, her parents had praised her for her talent and for being a good dancer. However, she was never allowed to go to competitions, nor was she allowed to watch much dancing by others.

There were too many things to distract herself from, she didn’t bother to pay attention to others either.

To her, dancing was just a pastime, not worth paying too much attention to.

Besides, she was so talented that there was no need to pay attention to others.

Due to this, she had always felt good about herself.

Now that all the fog had been lifted away, she could see that she was really not good enough!

Lu Tianqi slumped on the table, and her tears came out again.

This time, she was crying because she had disgraced herself in front of Xia Xibei!

The reason Lu Tianqi went to this competition was that she wanted to enter the entertainment industry.

Why did she want to enter the entertainment industry?

It was funny to say: because of Qiao Yanjue.

Although she met Qiao Yanjue only once, Qiao Yanjue left a very deep impression on her heart.

To her, Qiao Yanjue was a very outstanding man.

Growing up, there were many men who pursued her, but she knew that they were so enthusiastic because of her family background and status.

Qiao Yanjue was different from others.

He didn't care about her status at all, and he didn't smile at her, not to mention he wasn't affectionate at all.

This only made Lu Tianqi pay more attention to him.

However, Qiao Yanjue was Xia Xibei's boyfriend.

This put her in a bad mood.

If she simply knew that Qiao Yanjue had a girlfriend, it would be fine. However, she saw up close that Qiao Yanjue had a completely different attitude towards Xia Xibei than he did towards her.

Qiao Yanjue was so gentle and caring towards Xia Xibei, very different from the coldness he showed her.

This made her feel unhappy.

She was no worse than Xia Xibei!

Although Xia Xibei was the young miss of the Qi family, she was the daughter of the Lu family!

Besides, Xia Xibei had been living away from the family all the time. Could she compare with her, the young miss of the Lu family?

With her friends' encouragement, she thought she could be a star too!

After becoming a big star, she would definitely be better than Xia Xibei!

So, she asked her grandfather to help her find a company, and she wanted to be a star.

So she got into the Flying Saucer Company.

Then, to become famous faster, the company let her go to this competition.

To her surprise, she became a contestant and Xia Xibei was the mentor!

Chapter 1660 - 1660 No Giving Up

1660 No Giving Up

T

What Lu Tianqi could not have imagined was that she originally wanted to outshine Xia Xibei, but instead, she would be so humiliated in front of Xia Xibei!

Thinking about what Xia Xibei said when she scolded her just now, she could not wait to find a hole to hide in.

It was so humiliating!

In the middle of her shame and embarrassment, the phone rang.

“Qiqi, you’ve finished recording today, right? How did it go?”

!!

It was a very enthusiastic and energetic voice. The owner of the voice was her classmate and best friend, Gu Fangyue.

“I passed...”

Lu Tianqi’s voice was half-dead.

“You passed? Congratulations!” Gu Fangyue was very happy but felt strange. “What’s wrong? You passed right, why are you still not happy?”

“I...” Lu Tianqi didn’t know what to say.

It was such a humiliating thing. Could she say it?

“What happened? Tell me, I’ll see if I can help you think of something!”

“Well...” Lu Tianqi hesitated for a moment, then shook her head. “I want to withdraw from the competition.”

“Withdraw from the competition?!”

Gu Fangyue screamed. “Are you crazy?! You just started the competition! And you passed! Why do you want to withdraw?!”

“I don’t think I’m good enough...”

“How can that be? If you weren’t good enough, the judges wouldn’t have let you pass! Why don’t you have confidence in yourself?”

Lu Tianqi pursed her mouth. She also wanted to have confidence in herself, but it was a fact that she was not good enough.

“My performance is really not good...”

“Who said that?!” Gu Fangyue was very annoyed. “With such outstanding looks and excellent performance, you are the best there is! Who said that you are not good?!”

“It was a... Mentor who said so.”

“Mentor?” Gu Fangyue laughed. “What bullshit mentor! Don’t think too much, some mentors are not up to par themselves. They just don’t know what kind of luck they’ve had to have such high popularity. They are just here to fool the audience, your performance is too good to be true!”

“But...”

“No buts!” Gu Fangyue interrupted her. “If you withdrew from the competition at this level, will others have the confidence to stay? I think you should practice now and get even better so that you can continue to pass!”

“Fangyue...”

Being so cheered by her best friend, Lu Tianqi’s self-confidence, which was originally stuck to the ground, finally rose up.

“Don’t worry! You are fine!” Her friend patted her chest to give her assurance.

“Okay... I’ll continue.”

“That’s right!”

The two of them talked for a while when there was a knock on the door.

It was Qi Yongjiang.

He came over to see if there was anything wrong with Lu Tianqi.

However, when the door opened, he was relieved.

Lu Tianqi was not crying.

It was good that she didn't cry.

However, he was also a little upset when he remembered how aggressive Xia Xibei was.

"Qiqi, don't listen to her nonsense! You're the best!"

"I know," Lu Tianqi nodded. "I'm really good!"

"Right! That's right!"

Seeing that his granddaughter did not lose her confidence because of this, Qi Yongjiang breathed a sigh of relief.

Great!

“You keep on competing, you’ll definitely become a big star!”

“Yeah, I know!”

The two of them encouraged each other.

On the other hand, Xia Xibei, who was getting ready to take a break, made a phone call to the head of the program.

After hanging up the phone, she was a bit puzzled.

Lu Tianqi did not give up the competition.

Could it be that Lu Tianqi did not have a clear self-awareness yet?

Or that she would not give up the competition until the second recording?
