

Chapter 1791 - 1791 Slapped in the Face (1)

1791 Slapped in the Face (1)

Cui Tong didn't expect there to be three people in front of her. She actually knew all of them!

She was just about to say something when she felt her head hurt a little.

She covered her head and finally remembered what had happened before.

She had been knocked unconscious by Han Jiang!

She was knocked unconscious by Han Jiang, and here appeared three men...

!!

Thinking of this, she blushed miserably and immediately looked down.

The clothes on her body were still intact, which made her breathe a sigh of relief, and her originally pale face regained a bit of blood.

"It's okay, I'm here."

At this time, a gentle yet firm voice came from her side.

Her heart jumped and she immediately looked over, then froze.

It was an unfamiliar face, but she heard the person's voice.

It was Xia Xibei!

Xia Xibei was here!

At this moment, Cui Tong's originally frantically beating heart finally calmed down.

"What happened to me..."

Looking at Xia Xibei waking Cui Tong up, the men's faces became even uglier.

However, they hadn't done anything yet, so there was a chance to redeem themselves.

"Who are you? What do you want? You better leave now, or I'll call the police!"

"Call the police?" Xia Xibei coldly turned up the corners of her mouth. "Are you sure? Do you dare to call the police?"

If they dared to call the police, they wouldn't have done such a thing.

The corners of the men's mouths stiffened at her words.

Yes, how did they dare to call the police?!

If it went on, it would be the end!

They couldn't let Cui Tong know what had happened.

Before they could start shenanigans, Xia Xibei stood up and brought over the camera that was lying next to them.

"No!"

Xia Xibei's action made their hearts jump and they immediately shouted.

Their movement also made Cui Tong look over.

At the sight of the video camera, her face went white again.

She was not a naive girl who would not be unaware of what it was.

This time, her face became even whiter and she looked at the three people incredulously.

Were they crazy?!

“There should be something very interesting on here,” Xia Xibei sneered.

“Give it back to me!”

One man had already rushed up and tried to snatch the camera back.

However, Xia Xibei avoided his move and kicked him.

The man felt that he was blinded and then with a pain in his chest, falling backward until he touched the wall, stopping with a horrified look.

Wasn't she a woman? How come her strength was so terrifying?

“Give it back to you?” Xia Xibei looked at them. “What a pity to not use such a good camera for a while.”

Then, she pulled Cui Tong up from the bed.

Cui Tong let her manipulate her and stood up with her strength.

Until now, her head was still dizzy.

At this time, Han Jiang woke up and walked in.

“Hurry up and grab her! We can’t let her talk!”

Seeing Xia Xibei inside, he immediately shouted, but the reply he got was a helpless look from the men.

They did want to catch her, but this woman was too fierce! They couldn’t handle her!

It was obvious that the three of them were big men, but they couldn’t handle this woman at all.

After seeing Han Jiang, Cui Tong finally came to her senses and angrily shouted at Han Jiang.

“It’s you? You scum!”

Although Xia Xibei didn’t tell her the whole story, looking at the scene, she understood why.

This made her ashamed and hateful.

She didn't expect Han Jiang to be such an animal!

Chapter 1792 - 1792 Slapped in the Face (2)

1792 Slapped in the Face (2)

Han Jiang just realized that Cui Tong had woken up!

He immediately felt a chill in his heart.

This stranger was here to save Cui Tong!

Thinking of this, he instinctively turned around and tried to make a break for it.

However, Xia Xibei moved faster. She took a big step forward, grabbed his hand, and slammed him to the ground, leaving him unable to move.

!!

Her movements were quick and smooth, which seemed even more exciting than in the movies, and everyone there was stunned.

Even Cui Tong was stunned by Xia Xibei's moves.

That was just too cool!

After knocking down Han Jiang, Xia Xibei turned to the other three guys.

They shuddered when they felt her gaze sweep over them.

That was too terrifying!

It made people shiver and feel like they would be killed the next second!

“Bei...”

Cui Tong hadn’t even spoken yet when Xia Xibei shook her head to stop her.

She had changed her face, not wanting to reveal her identity.

Xia Xibei looked at the three of them and said, “Tell me, what was going on today?”

“You... What are you talking about? We don’t get it,” the three of them laughed awkwardly and waved their hands in denial.

How could they admit what they had done?

If Xia Xibei found out what they wanted to do to Cui Tong, they would be skinned alive!

“Speak!” Xia Xibei’s voice turned cold as she spoke in a low voice.

Her shout made the three of them tremble in fear and immediately confess.

They pointed at Han Jiang and said, “It was all his idea!”

Han Jiang wanted to say something, but Xia Xibei stepped on him and interrupted him.

Xia Xibei’s foot fell on his back, making him unable to breathe, let alone speak.

“Go on.”

Xia Xibei kept her footing on Han Jiang and looked back at the three of them.

They looked at each other and immediately had an idea.

They had to push it onto Han Jiang, there was no way they would admit to it themselves!

If they admitted it, they would be finished.

This was Han Jiang's territory, and even Cui Tong was invited here by Han Jiang. They were nothing more than helpers.

As long as they insisted on that, Xia Xibei would definitely believe them!

Unfortunately, Xia Xibei didn't believe a word they said.

"Is that so?"

"Of course!" The three of them nodded repeatedly. "He told us to come over! He told us to come and see Cui Tong!"

"Right! That's it!"

The three of them nodded repeatedly.

"Really?"

Xia Xibei shook the camera in her hand.

The three of them shuddered, but still held onto their point.

They believed that there was nothing in the camera.

After all, they hadn't said anything since they started filming...

Moreover, they didn't show their faces, only revealing a small part of their bodies.

With their clothes still on, and nothing would seem inappropriate.

Therefore, they clung to this point firmly, believing that it wouldn't cause any major problems.

"Is that so?" Xia Xibei sneered and pulled out her phone, pressing a button.

Then, some voices came out of the phone.

"You guys need to hurry..."

These words made Cui Tong's eyes widen.

She could clearly hear that the voices on the phone belonged to Han Jiang and the two others.

Their conversation made her feel chilled to the bones.

She had never thought that Han Jiang could be this despicable!

Chapter 1793 - 1793 Slapped in the Face (3)

1793 Slapped in the Face (3)

Apart from Cui Tong, the other three were equally frightened.

They never expected that Xia Xibei had also recorded their conversation!

When did this place have recording equipment?

Han Jiang was also shocked. When did Xia Xibei install a wiretapping device here? He only rented this place today!

It was spick and span, how could there be things that shouldn't be here?!

!!

Xia Xibei would never answer their doubts.

When she heard that Cui Tong was coming to this gathering, Xia Xibei felt that something was wrong and was very worried.

She didn't want to risk a tragedy happening while she was unable to come, so she decided to come over.

She put on a mask and pretended to accidentally bump into Cui Tong, then stuck the device on her body.

She hoped that nothing would happen, but also wanted to be able to rush over if necessary.

Of course, she still hoped that she had just been overthinking.

She never expected that bad things would actually happen!

These guys were so vicious and insane!

She was even more surprised that Han Jiang was joining hands with them!

They were no better than animals!

Listening to the conversations on the recording, Xia Xibei wished she could just cut them down on the spot!

Meanwhile, the three of them looked as if their souls had left their bodies.

With these conversations, they had no way to refute or defend themselves.

After putting away her phone, Xia Xibei looked at them with a mocking gaze.

“You guys are disgusting!” Cui Tong was furious and terrified.

If Xia Xibei hadn’t arrived in time, she might have...

They even wanted to record a video!

These scum were simply beyond her imagination!

They were not just scum, they were demons!

She looked at them with a fierce and angry look on her face, wishing she could bite them to death.

The three of them were stiff, their clothes soaked with cold sweat.

At this point... What could they say?

Should they run?

No, Xia Xibei was at the door.

Fight back?

No way, Xia Xibei could take on all of them! They had no ability to fight back.

Beg for mercy?

As they exchanged glances, the trio immediately fell to their knees, tears streaming down their faces.

“Please, we beg you, we know we were wrong! We don’t know how it happened, but we were somehow bewitched into doing this terrible thing!”

The lead man was sobbing uncontrollably, his nose running and tears flowing freely.

“Yes, it’s true! This is our first time doing something like this, and we don’t even know why we did it! We’re truly sorry, please forgive us!”

One after the other, the other two chimed in, their voices choked with emotion.

Before long, all three were kneeling in front of her, weeping their eyes out, looking all pitiful and dejected.

Musing over their pathetic appearance, Cui Tong’s heart swelled with mixed emotions.

These three were third-tier artists, moderately famous but not particularly well-known.

Of course, they still had pretty good looks, so there were fans who adored them.

If those fans were to see them in such a sorry and disgraceful state, one could only imagine how devastated they would be.

The fans had no idea that the people they admired were such heartless, despicable, and beastly scumbags.

“Is this your first time?” Xia Xibei sneered. “Are you sure about that? You seem quite skilled at it!”

Leaving aside everything else, their begging-for-mercy act just seemed too staged to look like the first time.

“We really are doing this for the first time!” they cried pitifully.

Chapter 1794 - 1794 Slapped in the Face (4)

1794 Slapped in the Face (4)

“Is that so?” Xia Xibei didn’t believe it.

She still remembered that a few years later in her previous life, these three men had also started to become popular, turning from third-tier artists to first-tier artists.

At that time, when their affairs were exposed, they caused a lot of attention and controversy.

Many of those victims were coerced by them in various ways.

Moreover, there were some girls who thought they were in a relationship with them, and many indecent photos and videos were taken.

!!

Those girls simply could not imagine that the people they liked were so terrible!

If it wasn't for Chuan Yi Entertainment stepping in and squashing this matter, more victims might have been unearthed.

Although at the end of the day, the matter ended as a misunderstanding and the men were supposedly framed, how could Xia Xibei think that it was a misunderstanding?

She remembered that she had been invited by Zhao Jingqin, one of these three men.

At that time, she didn't have the intention to fall in love or anything, so she turned him down.

Otherwise, she might have been a victim too.

Now, things happened two years earlier than the previous scandal. They were not as popular, there were not as many fans, and there should not be as many victims.

However, Xia Xibei believed that there were definitely more victims here.

Seeing their skillful attitude, they must be used to doing this kind of thing.

Therefore, she would never let them get away with it.

“It’s true! It’s really the first time we’ve done this! Please let us go! Whatever you want, we can give it to you!”

“You want money, right? I can give it to you!”

As long as they could get away with these things, they would be willing to give as much money as they had!

They could never have imagined that they would one day be kneeling in front of a girl, crying and begging for her to let them go!

This experience put all three of them in a bit of a trance.

“Money?” Xia Xibei gave a cold laugh.

She looked at Cui Tong, “What do you think?”

Cui Tong bit her lip, “I don’t want money! I want to call the police!”

“No!” The men immediately became anxious. “Don’t call the police! Let’s just deal with it privately!”

“If you call the police, it’s not good for your image either!”

A lot of people just had natural animosity towards women. Even if it was a man who did something bad, there would still be a lot of people saying that the woman asked for it. If she hadn’t seduced them, how could they have done such a thing?

Even if Cui Tong was the victim, there would still be all kinds of finger-pointing.

“No police?” Xia Xibei raised her eyebrows. “OK.”

The men immediately got excited.

Not calling the police? Great!

Cui Tong’s expression didn’t look too good.

Why wouldn’t Xia Xibei call the police?

Xia Xibei smiled, "Don't worry, I know what to do."

Hearing her say so, Cui Tong didn't say anything else.

She believed her.

Then, she saw Xia Xibei raise her chin at them. "Take off your clothes."

Take off their clothes?

The men's faces immediately changed.

"What do you want to do?"

"Are you doing it or not?" Xia Xibei's eyes narrowed dangerously. "Take off your clothes! Now!"

The men were startled by her eyes and immediately nodded their heads while they started to take off their clothes.

Cui Tong's face turned red as she glared at Xia Xibei. What did she want?

With a wry smile on her lips, Xia Xibei continued to urge them on.

When there was only underwear left on them, Xia Xibei still didn't call it quits.

The men's faces turned red with shame.

Cui Tong even turned around, not daring to look at them.

"Do we have to keep going?"

Chapter 1795 - 1795 Slapped in the Face (5)

1795 Slapped in the Face (5)

"Take it off," Xia Xibei continued talking without changing her expression.

At the same time, she also pushed Han Jiang over, so that he followed along.

The men's faces became even more ugly, but they still reluctantly took off their pants.

By the time they were naked, Xia Xibei's expression still hadn't changed.

Moreover, she also looked them up and down with mockery in her eyes.

!!

Their bodies were far worse than Qiao Yanjue's.

Moreover, she was a doctor and had seen many naked bodies. These men no longer belonged to the human category in her mind, so she didn't treat them as human beings at all, much less with any shyness or other emotions.

"Get to the bed," she told them.

"Uh..."

The men suddenly looked stricken.

"Go on."

Xia Xibei let out a faint cry, and the men's scalps instantly tingled.

They didn't dare to resist at all and wheedled their way to the bed.

"Come on, let's start."

Start?

The men were even more confused. What was going to start?

“Do what you wanted to do earlier.”

Xia Xibei’s words made them blush.

Was she going to make them do this and that?!

“What? No?” Xia Xibei sneered. “It’s fine if you don’t do it, I’ll just call the police.”

“No!” The people immediately became anxious. “Do not call the police, we’ll do it!”

“Okay, come on. Give him a kiss.”

Cui Tong’s face turned red as she listened to the sounds behind her.

After a while, she finally couldn’t help herself and looked back, then was shocked.

Damn, it was just like being on set!

She had also shot such images, but before the shooting, there were protective measures.

The scene looked very good, but the shoot was still very secure. All sorts of protections were in place. After all, it was not a pornographic film.

Here, it was simply pornographic!

Xia Xibei was holding a camera and shooting everything!

The men originally gritted their teeth and tried to resist.

The next second, Xia Xibei's action made them stop this impractical idea.

Xia Xibei lifted a foot high and then dropped it heavily.

Then, a solid wood table in the room parted in half and fell apart.

The men's eyes bugged out.

What kind of terrifying power was this?!

If they were to slap the table, they would probably only hurt themselves, let alone break the table.

Moreover, looking at the crack where the table broke, it was definitely not cut off before.

It was really broken by Xia Xibei's raw power!

They were stunned by Xia Xibei's terrifying strength.

Xia Xibei said, "Anyway, if you guys don't want to, I'll call the police. Before I call the police, I will break your legs first. Then tell the police that I was forced to defend myself. Even if it's a bit too much, it's okay, I can handle it!"

These words made the men no longer dare to resist.

They could only endure the discomfort and continue to move according to Xia Xibei's directions.

After filming their action, Xia Xibei shouted to stop.

"Okay, that's it."

"What are you going to do about this...? You're not going to call the police, are you?"

"Of course not."

Hah. Xia Xibei sneered in her heart.

“This is my evidence. If you guys dare to make trouble, I’ll share these. When the time comes, you’ll know what’s going on.”

“Absolutely not!” several people shook their heads repeatedly.

When such a terrible video was in the hands of Xia Xibei, how would they dare to mess around?!

“Alright then, that’s it.”

Chapter 1796 - 1796 Revenge (1)

1796 Revenge (1)

As Xia Xibei put away her things, the gang felt a glimmer of hope.

“Can we... Go now?”

“Yes, you may,” Xia Xibei replied with a faint smile. “However, you do know what the consequences will be if anything happens, right?”

“Of course, of course! We all know!” they nodded vigorously.

They were all too aware of the potential consequences if they were to speak out.

!!

They would be done for.

Who would dare to take that risk? Everyone would keep their mouth shut tight!

They were more worried that Xia Xibei might reveal the truth.

If that happened, they would truly be finished.

Not only would their careers be ruined, but they could also end up in jail!

They weren't idiots, so why would they willingly walk into their own demise?

"Very well then, you may go," Xia Xibei waved her hand. "But if I find out that you're up to no good, you'll be sorry."

"No, no, we won't! Absolutely not!"

They quickly shook their heads, looking terrified.

Seeing their frightened expressions, Xia Xibei knew that they wouldn't dare to do anything reckless.

Cui Tong tugged on Xia Xibei's clothes, looking confused.

Were they really just going to let them go like this?

Surely not, right?

Xia Xibei gave her a reassuring look before turning back to the group.

"Aren't you leaving yet? Waiting for me to buy you a meal or something?" she asked sarcastically.

"No, no, we're leaving now!"

The group hurriedly put on their clothes, ready to depart.

The guy's face immediately turned pale as he crouched down to pick it up.

Xia Xibei was faster, obviously.

Before they could make a move, Xia Xibei had already grabbed it.

Looking at the handful of pills in the small transparent bag, Xia Xibei's smile deepened, but her eyes were icy.

"What's this?" she asked.

"That's... That's my medicine! I had a cold and needed some medicine!" the guy stammered.

"Meds for a cold?" Xia Xibei raised an eyebrow mockingly. "Really?"

"Of course!" he nodded frantically, looking like he wanted to snatch the bag back from Xia Xibei's hand.

The thought of her viciousness made him hesitate, and he dared not move recklessly.

The others also noticed the bag and became anxious, quickly speaking up for their friend.

"We can vouch for him! That's his cold medicine!"

"Really, we can testify to it!"

Xia Xibei looked at them with a sneer, "You had a cold, yet you could still spare the energy to do all this? You're a piece of work, aren't you!"

Were they too enthusiastic or simply clueless about the danger they were in?

“Umm...”

The gang laughed awkwardly, feeling embarrassed.

They looked at the bag with eager and anxious eyes, as if they couldn't wait to snatch it back.

Xia Xibei said nothing and hurled the bag over.

“Alright, get lost.”

The man caught the bag and was overjoyed, trying hard to hold his expression in check,

“Great, we'll leave now!”

Watching their hurried departure, Cui Tong walked to Xia Xibei's side, looking confused and worried.

What was inside that bag... Couldn't be cold medicine for real!

Xia Xibei glanced at her and shook her head slightly.

Of course, Xia Xibei knew it wasn't cold medicine.

Moreover, she now remembered that these guys had been involved in drugs afterward!

This had caused quite a stir in the year she had her accident.

However, it didn't come to an end before she died.

Now that she thought about it, it wasn't a small matter.

Chapter 1797 - 1797 Revenge (2)

1797 Revenge (2)

However, Xia Xibei did not expect that they already were involved with such things at this point of time.

Xia Xibei pondered over this matter with a lowered head.

According to the timeline of her past life, these three were just starting out now, whether it was the harm they caused to girls or the pills they were using.

Two years later, their actions towards girls were exposed.

However, the matter was suppressed by their talent agency.

!!

A year later, their involvement with drugs was exposed.

At that time, the incident was huge, and many in the entertainment industry were implicated.

Xia Xibei had had her own troubles by then, and she did not know what happened afterward.

However, it was certain that things related to drugs would not be easily resolved.

The three to four years from when the matter began to when it got out were enough for them to harm many more girls.

What Xia Xibei needed to do was to uproot these harmful acts before they became too serious.

If it was just a simple scandal, they still had room to maneuver.

If it was related to drugs, they would not be able to excuse themselves.

He Xuan was the behind-the-scenes boss of their talent agency, and he was also Jin Jisi's godson, so he may have been involved with these things.

Perhaps these things were given to them by He Xuan himself?

After all, it was possible to control these people with these substances and make them too scared to leave.

Considering that these few people had signed contracts with the talent agency that lasted ten years, it was necessary to use these things to completely control them.

Xia Xibei did not hold out any hope for He Xuan and their talent agency's morality.

The reason she did not dig deeper into the pills was actually to make them feel that there was still room to maneuver.

This way, when they went back, they might still feel lucky and reveal more flaws.

In just a short while, Xia Xibei's mind had already churned out many thoughts.

She looked at Cui Tong and reassured her, "Don't worry, let's talk about it when we go back."

Seeing her approach, Han Jiang immediately panicked, trying to shrink back as if Xia Xibei was a big bully and he was a helpless little flower.

"What... What else are you trying to do?"

He had just cooperated in filming those disgusting videos, and she still had something else on her mind?

"Come here," Xia Xibei said to Cui Tong.

Cui Tong immediately walked over, glaring hatefully at Han Jiang.

If it weren't for Xia Xibei arriving in time today, she might have been done for.

Thinking about the nightmares she would have encountered, she wished she could strangle Han Jiang!

What a stinky piece of scum! A demon!

She was blind to have been with him for so long!

When there was no involvement with interests before, Han Jiang had behaved so well.

He cared for her and looked after her so thoughtfully.

Now, his true colors completely appalled her!

He was just too disgusting!

"You... You guys... Today, today nothing... Nothing happened..."

Under the intimidating gaze of the two, Han Jiang couldn't even finish his sentence.

"What are you guys..."

He was terrified.

Earlier, Xia Xibei's forceful demeanor had scared him.

With her presence, even Cui Tong had turned intimidating too.

"I'll give you a chance. Hit him," Xia Xibei said to Cui Tong.

Cui Tong's eyes lit up.

Yes! Hit him!

This scumbag deserved to be beaten to death!

Of course, that was easier said than done. Cui Tong was just an ordinary girl and didn't have the strength to actually kill Han Jiang.

Xia Xibei didn't actually want Cui Tong to kill him, she just wanted her to vent her anger.

Han Jiang cried out in pain as he was beaten.

Although Cui Tong wasn't very strong, having Xia Xibei by her side made a big difference.

Chapter 1798 - 1798 Revenge (3)

1798 Revenge (3)

Although Xia Xibei didn't use her hands, she certainly used her words!

She even instructed Cui Tong on where to hit for the easiest and most painful blows.

If left to Cui Tong's own devices, she might have exhausted herself without causing too much pain to Han Jiang.

However, with Xia Xibei, the maniacal coach, on the sidelines, Cui Tong was hitting with wild abandon!

She treated Han Jiang like a punching bag and started unleashing a flurry of punches.

!!

Han Jiang screamed in agony, feeling like he was being smashed to pieces.

However, he couldn't fight back.

Xia Xibei was watching him like a hawk.

As soon as he began to entertain the thought of fighting back, Xia Xibei grabbed the broken table and crushed it with her bare hands.

This terrifying threat chilled Han Jiang's heart.

If Xia Xibei were to lay a hand on him, he would be truly finished!

Though Cui Tong's blows were a bit painful, it was still better than letting Xia Xibei take action!

So Han Jiang endured the pain and allowed Cui Tong to vent.

If it weren't for Xia Xibei's control, Cui Tong might have gone for his face.

It was this very face that had allowed him to swagger around and deceive others. How revolting!

However, Xia Xibei warned that if they hit his face and were caught, it would be bad news.

If someone snitched on them, it would be even worse.

It would just complicate things further.

Cui Tong thought it made sense and refrained from hitting his face.

As Han Jiang listened to the two of them chatting and hitting, he felt like he wanted to die.

He had always thought that Cui Tong was just a gullible little girl, but who would have thought she was so ruthless!

If he had known that this was the outcome, he would never have dared to do such a thing!

Now, he had been caught by them and brutally beaten!

He had taken the risk without gaining anything in return!

“Are you happy now?” Xia Xibei asked.

As Cui Tong nursed her reddened hand, a bright smile finally lit up her face.

“I feel so much better now. So happy!” She exclaimed.

It seemed that taking matters into her own hands was the most satisfying way to deal with things.

All the frustration and pent-up emotions that had been weighing on her were released in that moment.

Before, she had worried that the incident might haunt her dreams.

Now, after such a satisfying release, she felt certain that she wouldn't have any more nightmares.

"Alright, let's go," Xia Xibei said, extending her hand to Cui Tong once she was sure her friend was okay.

"Great!" Cui Tong replied, taking her friend's hand with delight.

After tidying up the traces of their confrontation, Xia Xibei led Cui Tong away, giving Han Jiang a cold glance before leaving.

The icy look in her eyes made Han Jiang's heart skip a beat.

After the two of them left, he struggled to get up, grimacing in pain all over his body.

He was incredibly curious about this woman...

Who on earth was she?!

When did this woman appear by Cui Tong's side?

It was terrifying!

Even if he was furious, he didn't dare say a word.

After all, he was in the wrong.

If he spoke out, he would be the one to suffer in the end.

Most importantly, he couldn't beat her!

After leaving the scene with Cui Tong, they took a car back to her home.

As soon as they arrived, Cui Tong clung onto Xia Xibei's arm and burst into tears.

Despite everything, she was just a girl.

How could she not be scared when faced with something as bad as that?

Chapter 1799 - 1799 A Monstrous Company

1799 A Monstrous Company

Xia Xibei remained quiet and allowed Cui Tong to cry in her embrace, not saying a word.

Only after Cui Tong had completely vented her fear and anger did she sit up straight.

“Thank you, Bei,” Cui Tong said, choking up, her eyes red.

“It’s nothing,” Xia Xibei smiled, “We’re friends, right?”

“If it weren’t for you, I would have...” Cui Tong trailed off.

!!

“Alright, let’s not talk about that,” Xia Xibei shook her head. “It’s all in the past now, everything’s okay.”

Cui Tong bit her lip and nodded, “Yes, it’s all in the past.”

She took a few deep breaths to expel all her pent-up frustration.

She would leave it all behind now!

She wouldn't let it haunt her, nor would she react to these scumbags!

However, she still found it unbelievable.

"Why are Zhao Jinqin and his friends... So monstrous?"

Cui Tong had contact with Zhao Jinqin and his friends before and thought they were decent little juniors.

They were all quite handsome and had outgoing personalities, the kind of popular guys in school.

Cui Tong had even taken them to appear on shows together before, and they had a good relationship.

How could they... Turn out to be so perverted?

She would never have guessed if not for this incident.

Xia Xibei coldly smiled, "One may know a person's face, but not their intentions. And who knows why they did what they did?"

In fact, Xia Xibei had some speculations.

As she saw it, Zhao Jinqin and his friends were definitely influenced by He Xuan.

As for their specific dealings with He Xuan, that was something to be investigated later.

What was certain was that this incident was totally related to He Xuan!

It was even possible that He Xuan had instigated it!

“So, you should terminate your contract as soon as you can,” Xia Xibei said, “I won’t feel at ease if you stay there.”

“Okay!” Cui Tong nodded vigorously, “I’ll take care of it tomorrow!”

After all, this matter had already been discussed before, and the company had agreed to it.

There was still over a month to go before she could completely break free.

During this time, the company hadn’t assigned her much work anyway.

Even if she didn’t do anything and just canceled the contract, it wouldn’t cost her much.

However, she suddenly gasped and looked at Xia Xibei with horror in her eyes.

“Could this be related to the company?!”

Xia Xibei raised an eyebrow, “What do you mean?”

Cui Tong widened her eyes and looked terrified. “Are they trying to keep me there with such means? Otherwise, why would they dare to do something like this?!”

Cui Tong was a well-known rich girl.

Although the influence of the Cui family was not particularly significant, she was still famous for being a spoiled heiress.

She was completely different from Zhao Jinqin and the others.

Normally, when they saw her, they were always polite and would never mess around with her.

Now, they actually had the guts to commit such a crime!

If it wasn't for the permission of the company's leadership, Cui Tong couldn't figure out why they would do such a thing!

This was simply terrifying!

It was possible that they had done something like that to bind her and make her extend the contract!

Even if she broke ties with them, it would be a lose-lose situation, and she would suffer more!

The more she thought about it, the scarier it became.

Cui Tong felt that the talent agency was like a den of demons!

Chapter 1800 - 1800 Uproot

1800 Uproot

Xia Xibei somewhat acquiesced to Cui Tong's guess.

In the past, she might not have dared to be too explicit about it.

Now, things had indeed happened.

Moreover, He Xuan was the person behind Chuan Yi Entertainment.

Given He Xuan's character, he couldn't possibly be a good guy.

!!

After all, whoever could become the godson of the big shot Jin Jisi certainly could not be a good Samaritan.

And then there were those pills in He Xuan's hands...

It would be strange if they had nothing to do with He Xuan!

It was very likely that the whole company had been involved!

"It's okay. Anyway, you won't be working with them anymore," Xia Xibei patted Cui Tong's hand to reassure her.

After pulling Cui Tong out, she could start acting on her plans.

The reason she kept those people's videos wasn't just for the sake of having a handle on them.

"Okay," Cui Tong took a deep breath and suppressed her fear.

She felt very sad that she had only just realized how terrible they were after so many years at Chuan Yi.

"But... There are other people in the company..." Cui Tong's voice sounded hesitant. "They..."

“If they haven’t done anything wrong, then there won’t be a problem,” Xia Xibei reassured her. “Don’t worry, I won’t let those scumbags hurt innocent people again.”

Before this, she had been busy with her own matters and hadn’t really thought about this.

Now that she was getting involved, she wouldn’t let those scumbags hurt more people!

Moreover, she wanted to root out the people behind this!

Even if she couldn’t uproot Jiang Rongguang, He Xuan was definitely someone who couldn’t be left behind.

“Okay.”

Cui Tong didn’t know what Xia Xibei was thinking, but she trusted Xia Xibei to keep her promise.

Although Xia Xibei was several years younger than her, she was out of the ordinary.

Moreover, she would definitely do as she promised!

Xia Xibei kept Cui Tong company for a while to make sure she was okay before leaving.

Before leaving, she reminded Cui Tong not to say anything for the time being.

If possible, she must not tell her family either.

Cui Tong happily agreed.

For Cui Tong, it was not a difficult task at all.

She had not suffered any actual harm, and had even vented her frustration.

If she were to tell her family about this, it would only compound the matter.

Moreover, she believed that Xia Xibei must have had other ideas in mind.

Although she couldn't be of much help, she didn't want to cause trouble either.

After bidding farewell to Cui Tong, Xia Xibei returned to her own home.

Qiao Yanjue walked out of the neighboring house.

This was the house that the Qi family had given to Xia Xibei, and Qiao Yanjue had also bought a house next door.

This way, the two could visit each other frequently.

Having two houses could also block many prying eyes.

Seeing Xia Xibei come back, looking a bit tired, Qiao Yanjue immediately approached her.

“Are you okay?”

“I’m fine.” Xia Xibei shook her head, sat on the sofa, and sneered, “Fortunately, I arrived in time today. Otherwise...”

“What happened?” Qiao Yanjue sensed that something was wrong and asked in a serious tone.

Xia Xibei didn’t intend to hide anything from him, and forthrightly explained what had happened today.

After listening to her explanation, Qiao Yanjue’s face sank.

“These scumbags!”

If Xia Xibei hadn’t arrived in time, wouldn’t Cui Tong have been in danger?

Qiao Yanjue knew how protective Xia Xibei was.

“Yeah, scumbags they are!” Xia Xibei sneered, “But I also found some good stuff from them.”

“Good stuff?” Qiao Yanjue’s interest was piqued.
