1801 Poaching (1)

Xia Xibei's eyes were cold with a chill. "Yes, very good stuff."

She spoke with a heavy voice, just the coldness in her words was very frightening.

Qiao Yanjue also reacted, "Drugs?"

The only thing that could make Xia Xibei react like this was something like this "good" stuff.

"Yes," Xia Xibei nodded. "They had a lot of pills on them, but they said it was cold medicine."

!!

"Cold medicine?" Qiao Yanjue smiled. "Good explanation."

Those people were related to He Xuan, so these things definitely couldn't be cold medicine.

"It seems that they have a great relationship with He Xuan."

"Yeah," Xia Xibei nodded. "I've already asked someone to keep an eye on them."

“We should be able to get more information from their side.”

The two of them waited at home for news from there, but to their surprise, Xia Xibei received a call first.

It was Meng Sushan.

Looking at the number on it, Xia Xibei was a bit puzzled. Why was Meng Sushan looking for her?

Ever since Meng Sushan saved Mu Qiaona, Xia Xibei had given Meng Sushan a lot of resources.

Participating in the recording of the show was one thing. She could also participate in the filming of a certain drama.

This was a very good opportunity for a newcomer.

It could be said that although Meng Sushan was not a kind character, she would work very hard if she wanted to benefit.

Xia Xibei didn't hate people with ambition, but she hated people who had ambition but didn't pay for it.

Meng Sushan was a good one.

Although Xia Xibei and Meng Sushan didn't have a nice relationship, she was willing to work hard and she gave her enough opportunities so that she could move up.

This time, Meng Sushan participated in the recording of the show and made it all the way to the final.

Moreover, the web drama she filmed would be released soon. As long as she didn't sabotage herself, her career development should be quite good after that.

After that, the two of them had no personal contact.

So, when Meng Sushan suddenly contacted her today, it made her a little puzzled.

Perplexed, Xia Xibei picked up the phone.

"What's the matter?"

"Someone wants to poach me!" Meng Sushan's words rushed out.

It was obvious that Meng Sushan had prepared the words in her mind for a long time. Otherwise, she would not have said them right away.

"Someone is poaching you?" Xia Xibei was surprised.

“Yes!” Since the words were out, Meng Sushan continued. “Today, someone from a company contacted me and said they wanted to poach me.”

“Oh?” Xia Xibei raised an eyebrow. “So what did you say?”

“Of course I refused!” Meng Sushan immediately said. “How could I possibly jump ship at this time!”

She was not a fool.

She had a great opportunity now. If she was so stupid as to jump to another company, would they have such a fantastic opportunity for her?

Moreover, she could see that the future growth of SY company was even stronger.

She was not stupid! She wouldn't throw away something great for a little perk!

Even though the other party offered herself a lot of resources, saying that she would become a big star, she still didn't dare to agree.

After all these days of experience, she has learned that it was not easy to become a big star.

Although there were popular starlets who really did not have much ability, they had to be ridiculed while enjoying the glamour.

Moreover, there were not many people who could rise to the top like this, just a few.

There were so many people in the entertainment industry. Her luck was not so good.

Chapter 1802 - 1802 Poaching (2)

1802 Poaching (2)

Meng Sushan was a girl who had ambition but she also had self-awareness.

She knew how much pressure she could handle.

She did want to become a big star and had dreams of becoming famous overnight. However, this kind of thing was not that easy.

Her experience over the past months had taught her that to become famous overnight was as difficult as winning the jackpot.

She didn't think she had that kind of luck.

!!

So, it was better to play it safe.

At least the resources and channels provided by SY were enough for her to move up the ladder, step by step.

So, when other companies came calling, she refused.

Moreover, she called Xia Xibei.

She did this, of course, to tell Xia Xibei she was loyal to SY.

See, she was so loyal that Xia Xibei could give her some more resources.

It was tiring, but she could bear it!

Xia Xibei understood Meng Sushan's meaning and couldn't help but smile.

However, her machinations were not annoying.

"Which company is it?" Xia Xibei asked casually.

"Chuan Yi Entertainment."

Meng Sushan's answer made Xia Xibei's smile stiffen for a moment.

“Chuan Yi Entertainment?”

“Yes!” Meng Sushan nodded. “That is the company! It’s the same company that Cui Tong works for!”

She knew a lot about these companies!

During Meng Sushan’s time as a trainee, before she started to contact various resources, she thought about changing companies.

So, she went through all the famous entertainment companies in Hua to see if there were any places to jump ship and upgrade.

So, when Chuan Yi Entertainment came to poach her, she was a bit excited at first. After all, Chuan Yi Entertainment was a big company with a lot of resources behind it!

When she thought about it, however, there were many big stars there, so if she went there, she would not get as many opportunities as she would get here.

So, after consideration, she declined.

After refusing, she turned to Xia Xibei to ask for a reward.

Meng Sushan’s words made Xia Xibei’s eyes darken.

He Xuan's moves have started!

They had started to poach people!

She just didn't expect that they would poach Meng Sushan!

Meng Sushan has gained some popularity because of the competition show.

She was not a big challenge, but Chuan Yi Entertainment has still made a move on her.

This was really something!

"You turned it down?"

"Yes! Didn't I tell you that I turned it down?!" Meng Sushan said loudly. "I'm a SY person!"

Xia Xibei's expression was indifferent, not knowing what to think.

After a while, she said to Meng Sushan, "Let's meet."

She was silent for such a long time, and then she said such words, which made Meng Sushan a little sheepish.

It couldn't be that Xia Xibei was unhappy, could it?

But she had clearly refused!

Could it be that Xia Xibei was angry because her intention to ask for a reward had been discovered?

However, when Xia Xibei wanted to see her, Meng Sushan nodded obediently, although she was apprehensive.

"Okay, tell me the address, and I'll go over."

Xia Xibei gave her the address before hanging up the phone.

After hanging up the phone, she looked at Qiao Yanjue.

"He Xuan and his people have started."

Qiao Yanjue's expression was also a bit gloomy, "It seems that what they said before is true."

He Xuan had previously promised Wang Tianze that he would make a move on Xia Xibei.

Now it seemed that they had already started.

“I’ll go see Meng Sushan, let’s use their plot against them!” Xia Xibei’s eyes were slightly cold.

Chapter 1803 - 1803 Poaching (3)

1803 Poaching (3)

Meng Sushan was nervous but still arrived at the agreed location on time.

Soon after, Xia Xibei appeared as well.

“Um...”

“Have a seat,” Xia Xibei said lightly, “Don’t worry, I’m not here to scold you. You did well.”

This statement immediately lifted Meng Sushan’s spirits.

!!

She had actually praised her!

All of her previous worries and anxieties disappeared.

“However... Why did you come to find me?” Meng Sushan couldn’t help but ask, feeling excited but also a little nervous about this sudden meeting.

“I just wanted to discuss something with you,” Xia Xibei took a sip of water and said casually.

“Discuss?”

Meng Sushan was pleasantly surprised. She was actually going to discuss something with her?

What was it she wanted to discuss?

“What can I do for you?” she asked directly.

“It’s simple. I want you to accept Chuan Yi’s offer,” Xia Xibei said.

“What?” Meng Sushan was taken aback and then stunned. “What?!”

Had she heard it wrong?

Xia Xibei actually wanted her to accept Chuan Yi’s offer?!

“Don’t worry, I definitely will not accept it!” Meng Sushan straightened her back immediately, looking serious as she patted her chest, “I am a loyal member of SY, even in death!”

She didn’t have to test her loyalty like this!

Looking at her nervous behavior, Xia Xibei was stunned for a moment, then rolled her eyes.

“Don’t worry, I’m not testing you.” She understood Meng Sushan’s meaning. “I just want you to help find out about their situation.”

These words made Meng Sushan breathe a sigh of relief, “So you’re asking me to go undercover?”

“Yes.”

Meng Sushan was amazed, “You actually want me to go undercover!”

She was a member of SY, and yet Xia Xibei wanted her to go undercover at the rival company?

“So... What are they doing over there? What is it that I need to go undercover for?”

“If I tell you, would you still dare to go?” Xia Xibei looked at her with dark eyes.

“Well...” Meng Sushan hesitated a bit. “Is there no risk to my life?”

Undercover work was challenging and often associated with danger.

She couldn't play with her life like that!

She was just a selfish and self-centered little girl who only wanted to live for herself. She didn't dare to risk her life like that.

"Don't worry, there's no risk to your life," Xia Xibei shook her head. "As long as you're careful, they won't dare to do anything to you."

Meng Sushan was a celebrity after all, they wouldn't dare to resort to extreme measures.

If someone were to lose their life in the process, things would become troublesome, and those guys from Chuan Yi would be implicated as well.

So, they couldn't be so foolish as to let that happen.

"I see... Well, that's good then," Meng Sushan breathed a sigh of relief.

As long as there was no danger to her life, everything should be fine.

Then she asked, "What should I do?"

“First, agree to Chuan Yi Company’s headhunting, and then turn against me,” Xia Xibei replied.

Meng Sushan widened her eyes in shock, “Turn... Turn against you?!”

Was that really what Xia Xibei meant?

What did she mean by turning against?

“If the media finds out about this, what will happen?”

Meng Sushan was burdened with the weight of being an idol, even if she wasn’t that famous yet.

If something major were to happen during the headhunting, her image would be impacted.

If she were to turn against Xia Xibei, her fans would surely tear her apart!

Meng Sushan’s own fan base was small and unloyal, how could she possibly compete with Xia Xibei’s fans?

Chapter 1804 - 1804 Poaching (4)

1804 Poaching (4)

As Meng Sushan expressed her worries, Xia Xibei laughed, “Don’t worry, any conflicts that may arise will only stay within the company. Nothing will be known to the public.”

As long as both companies kept it hushed, the media wouldn’t know anything about it.

Moreover, since Chuan Yi recruited Meng Sushan, they wouldn’t let her image suffer, regardless of whether they provided her with resources.

Therefore, Chuan Yi would definitely keep the secret.

As for Xia Xibei, as the boss of SY Company, as long as she didn’t allow others to spill the beans, no one would.

!!

Besides, Meng Sushan wasn’t a big star, not high-profile enough to attract the reporters’ attention. They wouldn’t even have time for her!

If her fans were to criticize her, it might even boost her popularity.

So there really was nothing to worry about.

“Well...” Meng Sushan asked, furrowing her brows. “Is there any other potential impact?”

“No,” Xia Xibei shook her head. “The impact on you will be minimal. As for the unavoidable impact, just consider it as part of your rehearsal. After all, once you become a big star, these will only be small issues, won’t they?”

Meng Sushan thought that made a lot of sense.

“So what do I do when I get there?” She asked.

“When you get there, observe the situation carefully and report back to me,” Xia Xibei replied.

Meng Sushan nodded, still a bit apprehensive.

“Is it really that simple?”

Xia Xibei smiled at her cowardly demeanor, “Don’t worry, it won’t kill you.”

Meng Sushan almost wanted to cry, “I just wanted to be a celebrity. I don’t wanna die...”

“Don’t you want to be a superstar?” Xia Xibei looked at her and said, “If we succeed in this, I’ll turn you into one.”

Meng Sushan was instantly invigorated, “Really?!”

Turning her into a superstar?!

Xia Xibei wasn't lying to her, was she?

If that were the case, then she would give it her all!

No life-threatening danger, no impact on her reputation... And she would become a superstar afterward...

She would gladly welcome such good tidings! The more the better!

Sure enough, she would be on the verge of tears once she really got her head around Chuan Yi's situation.

That was simply going to kill her!

For now, she was simply happy for the promising future.

"Alright, let's do it this way then."

The two quickly discussed the next steps, and under Xia Xibei's watchful eye, Meng Sushan called the person in charge at Chuan Yi.

She was a little nervous because she only now realized that she wanted to accept their job offer, but would they still accept her after she had previously declined so decisively?

However, after recalling the words Xia Xibei had taught her earlier, she gained some confidence.

“Um... I’ve decided to accept your offer to join your company.”

As expected, the person on the other end expressed some confusion, “But didn’t you turn down the offer before? Why the change of heart?”

“I thought I was doing fine at SY before, but now I can’t take it anymore! Xia Xibei is just a jerk!”

The statement piqued the curiosity of the person on the other end.

“Xia Xibei? Do you have any grudges with her?”

“What grudges can there be? That backstabber has got nothing to do with me!” Meng Sushan replied.

The person became even more intrigued, “Backstabber?”

“Yes! She was my stepmother’s daughter, but now that she’s become a superstar, she’s turned her back on us! I had hoped she could help me, but she refused and said I wasn’t good enough!”

Meng Sushan's angry words elicited laughter from the other end, "Well then, let's talk about working together!"

After hanging up the phone, Meng Sushan looked at Xia Xibei with a bitter look on her face.

"It seems that they really are holding a grudge against you!"

Chapter 1805 - 1805 Poaching (5)

1805 Poaching (5)

Meng Sushan was no fool.

From their reaction, it was clear that they were definitely targeting Xia Xibei.

Perhaps they originally just wanted to poach her over.

When she refused, they stopped talking and their attitude became cold immediately.

She understood the reason for that.

After all, they were a prestigious talent agency, so it was natural for them to be proud.

As just a trainee, it wasn't surprising they would become cold toward her after she turned them down.

Unexpectedly, after she badmouthed Xia Xibei, they became interested again!

This showed that their grudge against Xia Xibei wasn't so simple.

Now Xia Xibei wanted her to go undercover...

Meng Sushan couldn't help feeling nervous just thinking about it.

However, Xia Xibei smiled and patted her hand, complimenting her on her good facial expression and decent acting skills.

Meng Sushan awkwardly smiled, wondering what Xia Xibei meant by "decent acting skills."

These were all her inner thoughts from before!

Her mother was Xia Xibei's mother, but Xia Xibei didn't help her at all, so of course she wasn't in a good mood.

However, she only complained inwardly and didn't dare to say a word of grudge out loud.

After Xia Xibei gave her resources, she immediately let go of her grudges.

She was respectful to everyone who helped her with her career.

Still, she remembered the unpleasant feeling from before.

Seeing that Xia Xibei wasn't angry, she breathed a sigh of relief.

Little did she know, Xia Xibei really couldn't care less about such things.

"Okay, do you know what to do when you meet them?" Xia Xibei asked.

"Good. After your meeting with them, we can put up an act in the company tomorrow."

"At the company?" Meng Sushan felt a bit scared, but gritted her teeth in the end. "Okay! I'll do my best!"

"Hmm... If you want to become a star, your acting skills can't be lacking," Xia Xibei encouraged her with a smile.

"Okay," Meng Sushan nodded.

After parting with Xia Xibei, Meng Sushan met with the person in charge of Chuan Yi Entertainment.

He was very interested in the grudges between her and Xia Xibei and asked a lot of questions.

Once he confirmed that their relationship was indeed bad, he beamed with a bright smile.

“In fact, I welcome you to our company, but I have a new idea now.”

“A new idea?” Meng Sushan was a bit confused.

“For now, you don’t need to come to our company...”

“What did you say?!” Meng Sushan was in a panic and almost slammed the table. “Are you changing your mind?!”

If they were changing their minds, how could she continue to go undercover?

Her intense reaction made them believe in her urgency, but he laughed easily and said, “Don’t worry, I’m not changing my mind. I just came up with another idea. After you handle things well, I will invite you to our company under the best conditions.”

His words made Meng Sushan furrow her brows. “What exactly do you mean?”

The man smiled gently. “In fact, nothing special, we just want you to cooperate with us on something. Wouldn’t you be happy if...Xia Xibei suffers a major downfall?”

Meng Sushan almost trembled at the words.

“What do you... Want to do? Aren’t you trying to poach me?”

“Poaching is a given, but there’s something more important,” the man replied.

Meng Sushan’s face became increasingly furrowed as she listened.

It sounded like they wanted her to go undercover!

Heavens! This was like Mission Impossible! It was too much of an intellectual challenge for her!

The man smiled slyly, “As long as you help us out, you can have anything you want.”

Chapter 1806 - 1806 Sincerity

1806 Sincerity

The man introduced himself as Fang Xinzhen, the manager of Chuan Yi Entertainment.

He smiled at Meng Sushan and said, “As long as you help us, we can give you anything you want.”

Before he came, he had his people investigate the relationship between Meng Sushan and Xia Xibei, and he found out that Meng Sushan had not lied.

They were indeed sisters, even though they were without blood ties.

Based on this relationship, it was normal for Meng Sushan to express dissatisfaction with Xia Xibei.

For them, it was a good thing, because it meant that Meng Sushan could help them accomplish more things.

They had planned to infiltrate the SY Company from within, but they had not found the right person.

Now, Meng Sushan turned out to be the best candidate.

They had previously approached other people, but those people had no grudges or connections with SY or Xia Xibei, and they were also afraid to do anything too extreme.

Meng Sushan was different.

She was Xia Xibei's "older sister," but Xia Xibei didn't give her any attention because of their relationship.

Who wouldn't be unhappy?

So, the dissatisfied Meng Sushan would definitely be willing to help them!

Thinking of this, Fang Xinzhen looked at Meng Sushan confidently.

Meng Sushan lowered her head and remained silent for a while, but finally lifted it and said through gritted teeth, "Okay! I can help you, but you must guarantee that I will not be harmed! And you must offer me enough benefits!"

"Of course," Fang Xinzhen nodded, "You can rest assured that you will see our sincerity in a few days."

The next day, Meng Sushan really saw the sincerity from Chuan Yi.

She received an endorsement invitation.

Although it was only for a beverage, it was very famous in the nation.

Previously, the endorsers were all A-list celebrities.

As a trainee, she never dared to imagine such an endorsement.

Yet, they actually gave her the opportunity!

It was like a pie falling from the sky!

Looking at the endorsement invitation sent by them, Xia Xibei smiled.

Meng Sushan had of course told her about this, but she never expected that Meng Sushan's status would lead to different treatment from Chuan Yi.

However, because of this, she also chose to change her previous plan.

At least, they didn't have to quarrel in front of people.

As long as Meng Sushan expressed her grievances towards Xia Xibei in front of outsiders, it would be enough.

"What about this endorsement..." Meng Sushan gulped and looked at Xia Xibei, "What should I do?"

"What should you do? Accept it," Xia Xibei laughed. "It's a good deal delivered to your doorstep. Why not take it?"

"Can I really accept it? Will it be okay?" Meng Sushan's eyes widened.

If she could take this endorsement, her national fame would increase significantly.

With this opportunity, she could gradually climb to the pinnacle of her career!

Xia Xibei nodded and said, "Of course you'll accept it. It's someone else's goodwill. How can you not take it?"

Turning down money that was delivered right to your doorstep would be foolish.

There didn't seem to be any problems with the advertiser.

They probably had some connection to He Xuan, but they weren't likely to be directly involved with He Xuan.

Perhaps he had made some kind of agreement with the advertiser, which was why they invited someone like Meng Sushan, who wasn't particularly famous, to be their spokesperson.

As far as Xia Xibei could tell, there didn't seem to be any issues with the beverage.

Even years later, it would still be doing well and would even be exported overseas.

So, Meng Sushan had really hit the jackpot.

The fact that Chuan Yi had given her such an opportunity showed that they had a much bigger plan in mind.

They were certainly aiming far ahead!

Chapter 1807 - 1807 Be Careful

1807 Be Careful

“Can I really accept it?”

Meng Sushan was a little nervous.

“Of course,” Xia Xibei nodded. “I’ve asked Brother Pan to handle this.”

“Great!” Meng Sushan’s eyes immediately lit up.

Endorsement! This was her first endorsement, and it was of an extraordinary level!

She was over the moon and had to fight the urge to spin around on the spot to express her joy.

Unexpectedly, the folks at Chuan Yi Entertainment really were sincere!

“So, you have to watch out a little in the future,” Xia Xibei poured some cold water on her. “The way they treat you shows that they have ulterior motives. You’d better be careful.”

Meng Sushan froze in the midst of her joy.

She looked at Xia Xibei nervously and asked, "Is it life-threatening?"

"Don't worry, it's not. But I suggest you don't eat whatever they give you casually."

Meng Sushan widened her eyes at that. "Are they going to poison me?!"

If that were the case, it would be terrifying!

Xia Xibei looked at her speechlessly, "Rest assured, they shouldn't be that cruel. But... I think you'd better be careful."

Even if they wanted to poison Meng Sushan, Xia Xibei wasn't worried.

At most, they would let Meng Sushan try drugs, but Xia Xibei could handle that.

Meng Sushan's excitement finally subsided. She took a deep breath and said, "Okay, I'll be careful!"

If she wasn't careful and something went wrong, how could she enjoy her glory and wealth in the future?

The next day, Meng Sushan received another call from Fang Xinzhen.

This time, she went there feeling a little uneasy.

However, Fang Xinzhen didn't say much besides asking her if she was satisfied with the gift this time.

Meng Sushan showed a greedy face and nodded heavily, her eyes gleaming.

Seeing Meng Sushan's reaction, Fang Xinzhen nodded in satisfaction. "As long as you stand on our side, there will be more coming your way. Then you will become an international superstar!"

"Really?!"

Meng Sushan's eyes lit up even more.

"Of course!" Fang Xinzhen nodded. "We won't mistreat those who have made contributions."

"Good! I will definitely do my best!" Meng Sushan nodded frenziedly.

Seeing her excited and greedy expression, Fang Xinzhen sneered in his heart.

Indeed, it was easy to fool such a young girl.

If it was someone who had been in the entertainment industry for many years, it wouldn't be so easy to fool them.

However, he didn't know that after the two separated, Meng Sushan's smile disappeared.

She despised him in her heart.

She believed what he said about making her a superstar.

With Chuan Yi's power, they could definitely do that.

However, to make her an international superstar, that was too big of a lie!

At least, Chuan Yi hadn't yet produced any international superstars!

In terms of global popularity, Xia Xibei was much more accomplished than they were.

At most, they could appear in some foreign films as a guest star, and only had a few seconds of screen time.

It was one thing to be a supporting character and another thing entirely to be the protagonist like Xia Xibei was!

It was exactly because of what Fang Xinzhen said that Meng Sushan's excitement had died down.

A couple of days later, Meng Sushan was brought before a handsome man.

When she learned his identity, her heart started pounding.

It turned out that he was the mastermind of Chuan Yi!

He looked so young and handsome, not quite as fresh-faced as the young idols in the entertainment industry, but he exuded his own charm and grace.

Most importantly, he was the big boss of Chuan Yi Entertainment: handsome, rich and powerful!

Chapter 1808 - 1808 Intention (1)

1808 Intention (1)

When Meng Sushan saw He Xuan, her emotions were stirred.

He was the perfect rich husband that every girl would dream to marry!

If only she could marry such a man, how wonderful would that be!

However, this thought was quickly replaced by a deep sense of vigilance.

He was the big boss, but he came to see her, who was a nobody...

This could only mean that things were very serious!

If they didn't have something terrible planned, why would they send the ultimate boss out?

Though Meng Sushan was greedy, she was clear-headed.

She couldn't be foolish in such circumstances.

So she quickly calmed down and refused to let herself be seduced by money and charm.

When He Xuan saw Meng Sushan, his smile immediately brightened.

He took her out for a meal, during which he was attentive and exuded his charm.

Meng Sushan was blushing terribly, and her heart was pounding in her chest.

She felt that He Xuan was like a giant trap, ready to swallow her up in the next second.

It was a terrifying feeling!

However, she remained professional in her acting, and He Xuan didn't seem to notice any problems.

Sure enough, as the big boss, He Xuan wasn't too straightforward.

If he directly told Meng Sushan that he liked her, that would be too uncool!

So He Xuan calmly ate a meal with her and then sent her home.

However, the next day, Meng Sushan received an invitation to star in a movie as the female lead!

This was a major opportunity!

She had only played a supporting role before, and now she was going to be the lead in her first movie?

It seemed that the production crew for that movie was extraordinary!

This was truly a meteoric rise in her career!

Fang Xinzhen also told her that He Xuan really liked her.

He said that He Xuan liked girls like her, and if they got to know each other better, she might even become his mistress!

When Meng Sushan heard that, she was thrilled and excited on the surface, but she was trembling inside in fact.

Heavens!

What was he trying to do?

She acknowledged that she was pretty and had other good qualities, but He Xuan was the CEO of Chuan Yi. Hadn't he seen many beautiful women? Why did he like her?

What a joke!

Was she the chosen one?

If she had such amazing luck, she could just buy a lottery ticket and be done with it!

How was that even possible?

Fang Xinzhen's attitude also showed that it was indeed a horrible matter!

The better she was treated, the more Meng Sushan was on guard.

She then told Xia Xibei about it.

"Aren't you happy about it?" Xia Xibei asked.

"What the hell is there to be happy about?!" Meng Sushan was extremely agitated. "This is going to be the death of me! How could I possibly be happy about it?"

Meng Sushan spun around on her spot, looking nervous, "Can I turn this down? This is too scary!"

Xia Xibei chuckled at her reaction, "Really? He's the perfect rich man for every girl! You could be his mistress!"

Meng Sushan looked at her with a hopeless expression, "Don't tell me that. I might be young, but I'm not an idiot! How could someone like him be interested in me? There must be something fishy going on!"

Seeing how clear-headed Meng Sushan was, Xia Xibei laughed.

"You're right. But I trust you to handle this well!"

Although Xia Xibei had faith in her, Meng Sushan wasn't pleased about it.

It was such a heavy burden to carry!

Nevertheless, Meng Sushan's undercover journey went smoothly and soon enough, she understood what Xia Xibei wanted her to find out about.

Chapter 1809 - 1809 Intention (2)

1809 Intention (2)

After receiving the latest instructions from Fang Xinzhen, Meng Sushan was dumbfounded.

Looking at the pills in her hand, she felt a chill run down her spine.

"Is this... Is this just cold medicine?" she asked in disbelief.

"Of course not. It's some real good stuff," Fang Xinzhen chuckled and shook his head. "Don't worry. As long as you get others to take it, there won't be any problems."

"You're crazy!" Meng Sushan threw the bag away like it was a hot potato. "I don't want it!"

This was drugs!

If someone else got their hands on it, it would be over!

This was something that could ruin a person's life!

Meng Sushan's reaction didn't anger Fang Xinzhen. He smiled and said, "Don't worry, this stuff really isn't drugs. It just makes people slightly addicted, that's all."

"You're talking nonsense! This is clearly drugs!"

If it wasn't drugs, how could it be addictive?!

"You've got it wrong. It's like coffee. It also contains a little bit of addictive substance, but the dose is small and won't harm the body," Fang Xinzhen explained seriously.

"Look at those people who can't quit bubble tea. It's also a kind of addiction, isn't it? It does some harm to the body, but it's not fatal. It's just like bubble tea. You can rest assured that there won't be any problems."

This was something they had just developed.

After taking it, there wouldn't be any strong adverse reactions, and the body would react normally.

Afterwards, when they saw people using other drugs, the probability of not being able to resist temptation would be much higher.

So, Meng Sushan wouldn't be exposed.

"I don't believe a word you're saying!" Meng Sushan shook her head vigorously. "I don't want it!"

If she got involved with this stuff, she would be finished!

"Sorry, you can't say no," Fang Xinzhen said with a smile. "If they find out that you have a close relationship with our company, do you think they'll still trust you?"

"Are you trying to set me up?!"

"No, we're not," Fang Xinzhen held up his index finger and shook it. "We're not setting you up. We're just giving you a choice. If you succeed, you might even become our boss lady!"

Meng Sushan finally understood why they had brought her to meet He Xuan before.

Although she didn't feel particularly pleased by He Xuan's "special feeling toward her," she felt scared when she learned the truth.

These people were just completely nuts!

"I don't want to be anyone's boss lady!" Meng Sushan shook her head vigorously. "I don't want anything! Cancel our collaboration!"

"I'm sorry, Miss Meng, but that's not possible," Fang Xinzhen said seriously. "If you don't want anything...you may have to compensate us!"

"Compensate you?" Meng Sushan's eyes widened. "What compensation?!"

"You signed a contract before and got a role in a movie, right? If there are any problems, you will have to make up for our loss."

Meng Sushan jumped up, "How's that even possible?!"

"Miss Meng, benefits are not so easily obtained," Fang Xinzhen laughed, "You'll only have to pay five million yuan to cancel the cooperation."

"Five million?!" Meng Sushan's eyes widened. "You despicable thief!"

How could she afford to pay five million?!

Seeing Meng Sushan so agitated, Fang Xinzhen comforted her, "As long as you follow our instructions, you won't have to pay the five million. Besides, our boss really likes you."

Chapter 1810 - 1810 Intention (3)

1810 Intention (3)

Fang Xinzhen was threatening her while also using He Xuan as a lure.

Now there were two paths before Meng Sushan.

One was to obey and do as she was told, which meant she wouldn't have to pay anything and might even gain more opportunities.

The other was to refuse, which would result in the SY Company discovering what she had done before.

If the truth came out, the SY Company would undoubtedly be very angry and wouldn't let her continue filming.

They would also make her compensate for the resources she had been given before.

Five million yuan was only the minimum amount of compensation.

The two paths were laid out before Meng Sushan, and it all depended on her own choice.

Fang Xinzhen's words made Meng Sushan's face turn pale and unsightly.

“Miss Meng, I’m not asking for your answer right now. You can consider it tonight and give me your reply tomorrow,” Fang Xinzhen said before leaving, leaving behind a petrified Meng Sushan.

After a while, Meng Sushan finally came to her senses and hurriedly left.

She called Xia Xibei, sounding like a madwoman. “I want to quit! It’s so terrifying! They’re demons!”

At this moment, Meng Sushan only had one thought in her mind: Thankfully, she wasn’t really that foolish before and didn’t fall into their trap.

Otherwise, she really would have no way out.

Whether she followed them and did something wicked or paid the money back, she was dead either way.

“Demons?” Xia Xibei raised her eyebrows upon answering the phone. It seemed that they had finally revealed their intentions.

“They want me to poison someone!” Meng Sushan’s face turned white.

She just wanted to be a superstar and make some money. She never expected to get involved with these deadly things!

Was this industry really so terrifying?

She had thought that just making some news and framing someone would be enough to satisfy her needs.

Who would have thought that she would have to get involved with such things?

“Poison someone?” Xia Xibei understood immediately. “Come over and we’ll talk.”

Meng Sushan soon arrived at the location she had agreed upon with Xia Xibei.

As soon as she saw Xia Xibei, she burst into tears.

“Can I quit? You didn’t tell me it was gonna be so dangerous!”

She had thought of many possibilities before, but she never thought that this would happen.

Looking at Meng Sushan’s pitiful appearance, Xia Xibei couldn’t help but smile.

“And you’re even laughing now!” Meng Sushan exploded. “It’s drugs that we’re talking about!”

Getting involved with matters of such kind would ruin her life forever.

“Give me the stuff first,” Xia Xibei said, reaching out with a hand.

Meng Sushan handed over the plastic bag with a white face, as if she was holding a bomb.

Xia Xibei opened it and took out a pill.

“Be careful!” Meng Sushan’s face turned even paler, she felt like it was going to explode the next second.

“Don’t worry, nothing will happen,” Xia Xibei said calmly, as she continued to examine the pill in her hand.

Then, she placed the pill in her mouth and gave it a lick.

Meng Sushan immediately gasped, “Are you nuts?!”

That was poison!

Was Xia Xibei trying to kill herself?

But Xia Xibei remained unperturbed. “It’s fine, it can’t poison me.”

She then pursed her lips and contemplated the taste in her mouth.

“This is some good stuff indeed...”

Her eyes turned cold.

Although the pill wasn't addictive, it was a temptation that could lead people down a dangerous path.

Even if someone took it and went for a check-up, nothing would show up.

So, even if Meng Sushan had secretly given it to someone, no one would know she had done anything.

“It's alright, you can give it to them,” Xia Xibei said.

Meng Sushan immediately widened her eyes, “Are you out of your mind?!”
