

Chapter 1841 - 1841 My Choice (3)

1841 My Choice (3)

The patriarch looked at the faces of the people and did not react too much.

He continued, "This time, after lying in bed for so long, I also feel differently."

After lying in bed for so long, he realized the preciousness of health and also understood the preciousness of freedom.

Before that, he had been holding onto his possessions for fear of being abandoned.

However, when he was lying in bed he realized that all this money would not help him much.

Moreover, he had seen more than enough of the terrible looks of people fighting over these things.

This made him feel even worse.

So, after the cancer was cured, his mind changed.

It was time to hand over his financial power and get some rest.

Moreover, Xia Xibei had told him that he could not continue to worry like this if he wanted to live for a few more years.

When he thought about it, even after handing over the financial power, his lifestyle would not change much anyway.

If that were the case, then why tire himself out?

“Dad!”

“Dad! Aren’t you better already? You don’t need to be in such a hurry.”

“Yes, Dad! There is no hurry!”

The people spoke up, but their words were not heartfelt.

Of course, what they were more worried about was that the patriarch’s words would not be to their liking.

When they saw a man standing behind the patriarch, their mood became even more apprehensive.

That was the patriarch’s second son, Xue Pingze, who was 40 years old this year and in his prime.

Xue Pingze had been in charge of several companies before and had performed well.

However, he usually was not much loved by the patriarch. After all, he was capable, but his personality was too dull, and he could not please people.

So the patriarch did not like him very much.

Unexpectedly, this time, the patriarch actually let him follow behind himself.

Was he revealing a different message?

What people were more afraid of was that the patriarch would really hand over the succession to him!

If that were the case, everyone would rather the patriarch talk about this matter in another few years, because at least then there would be time to change the decision.

Looking at the crowd's expressions, the patriarch smiled, unaffected by them.

"I'm old, it's time to let go of the power."

Everyone shouted again, "Dad, what are you talking about?! You are still young!"

“That’s right, Dad, you’re so young! You can’t be old!”

“You are so strong, you can still work for a few more years!”

The patriarch laughed, waved his hand, and continued, “All right, let’s not talk about this nonsense. I’ve already made my decision.”

These words made everyone’s mood even more tense, as they stared at him closely.

“I’ve already found a lawyer and made the property distribution.”

He nodded at the lawyer next to him.

The stoic lawyer stepped forward and opened the document he brought. “At Mr. Xue’s instruction, the distribution of property this time is as follows...”

Listening to the lawyer’s distribution, everyone present had wonderful expressions.

When they heard that the majority of the company’s equity was given to Xue Pingze, everyone was in an uproar.

It was true?!

Why should it be given to Xue Pingze?!

However, their protests were lost in the eyes of the patriarch.

They didn't dare to say anything at all!

The patriarch wasn't dead yet!

When the lawyer finished reading this document, the scene was silent to the extreme, very weird.

In this distribution, except for Xue Pingze, who became the heir of the Xue family, everyone else got a little bit of property.

In the eyes of ordinary people, this was a fortune that could not be obtained in a lifetime.

To these people, it would seem to be too little.

So little that they were going to explode.

Chapter 1842 - 1842 My Choice (4)

1842 My Choice (4)

Xue Zhelang's heart went up and then down as he listened to the lawyer's words, and finally, it seemed to stop moving.

The right of inheritance had actually fallen to Xue Pingze?!

He was still planning to get the inheritance, but what he wanted fell into Xue Pingze's hands?!

"By what right?!" Xue Zhelang's face was grim and he couldn't help but stand up and ask loudly.

"On what grounds will everything be given to him?! I am not convinced!"

All the anger and disobedience surged in Xue Zhelang's heart, making his eyes red. He felt ready to explode.

Although he had gotten a little something, compared to what Xue Pingze had, it was a drop in the bucket!

Looking at him so angry, the patriarch gave him a deep look, his eyes complicated and bizarre.

"Zhelang," the patriarch said indifferently. "What do you disagree with my decision?"

"I am not convinced!" Xue Zhelang shook his head. "I am obviously more capable than him. Why him and not me?!"

“Because-”

“Because he’s the one I chose.”

Before the patriarch’s words could be spoken, they were interrupted by a female voice.

Xue Zhelang’s anger also froze, staring incredulously at the woman who had spoken out.

“You!” He widened his eyes in disbelief and just looked at Xia Xibei. “What did you say?!”

“Because he’s the one I chose,” Xia Xibei turned up the corner of her mouth and repeated.

She just stood in front of everyone with her head up, her posture elegant and perfect, but when she said the big words, it was as scary as a bomb.

Everyone was a little confused. What did she mean Xue Pingze was the one she chose?

In fact, there were quite a few people who were confused.

Wasn’t today the Xue family meeting? Why would a strange woman appear here?

Oh no, it was not too strange. After all, quite a few people had seen her on TV or online.

Although they were not fully aware of what scandal she had now, wasn't she just a starlet?

It was one thing for her to stand next to the patriarch, and everyone looked at her as the patriarch's mistress.

However, why was she speaking?

What was even scarier was why the patriarch didn't criticize her?!

"None of your business! This is the Xue family, it's not your place to talk!" Xue Zhelang looked at her with hostility in his eyes.

"Shut up!"

The patriarch's face was grim, but he was talking to Xue Zhelang.

"Dr. Qi." The patriarch looked at Xia Xibei with respectful eyes and a slightly lowered head, "Don't be angry, I will discipline him properly."

Dr. Qi? Her?

The patriarch's address to Xia Xibei, as well as his attitude, shocked everyone.

Xia Xibei was actually a doctor?

Then when they thought about the patriarch's recovery, everyone was stunned.

This couldn't be!

How old was she? How could she have such skills?

Did she use some exotic medicine for the patriarch's recovery?

Everyone's mind was in turmoil, but they didn't dare to speak up.

"Dr. Qi is the great savior who saved me. Without her, I would not have gotten better." The patriarch looked at everyone with a warning in his eyes. "So show her some respect!"

The patriarch's admission caused everyone to gasp.

It was true?!

"Impossible!" Xue Zhelang's eyes panicked as he immediately shook his head and denied it. "She's just a little celebrity, how could she have such a skill! Dad, you should not be deceived!"

“Deceived?” Xia Xibei snorted. “How can I lie to him? Lie to him that he doesn’t have the disease?”

As soon as those words came out, Xue Zhelang’s anger froze.

Yes, this was cancer. How could Xia Xibei lie about it?

It wasn’t like it was something that could be lied about!

Chapter 1843 - 1843 My Choice (5)

1843 My Choice (5)

The patriarch was at the advanced stage of cancer and in a serious condition.

The Xue family found many doctors, spent a lot of money, and took a lot of medicine, but they could only help the patriarch hang on to this life.

Now the patriarch obviously looked healthy.

Moreover, the patriarch looked more robust than before he got sick.

Such a miracle wasn’t just made by words.

Xue Pingze looked at Xia Xibei with a respectful expression, “Dr. Qi is very powerful. She cured our father’s illness in only a few days!”

Looking at Xia Xibei, Xue Pingze’s eyes carried a light.

Xia Xibei was his benefactor!

Xue Pingze was not young, but among all the offspring in the family, he was not much liked by his father.

His words were too clumsy, and he didn’t know how to please others.

His awkwardness was especially conspicuous in contrast to the other sweet-talking siblings.

His ability was good, but the others were not much worse than him.

Most importantly, the others were smooth-talking!

So, he was not really competitive.

Unexpectedly, a few days ago, Xia Xibei suddenly found him, saying that she could help him cure the patriarch’s illness and also make him the head of the Xue family.

This statement stunned him, and he thought he had met a con artist who had come to fool people.

If she was not a liar, how could she say such a thing?

He almost threw Xia Xibei out.

However, Xia Xibei's aura was particularly strong and very confident. In the end, he decided to make an effort.

So, he brought Xia Xibei to the patriarch's hospital bedside.

Then he watched as Xia Xibei quickly cured the patriarch's illness!

Originally, the patriarch was lying in bed, only able to rely on IV drips to continue his life, and could not even speak clearly.

Who would have thought, when Xia Xibei took out the silver acupuncture needles and stabbed him a few times, in only half an hour's work, the patriarch's condition would get better!

Before letting Xia Xibei do it, Xue Pingze took a big risk.

After all, the patriarch was always surrounded by people, and if he dared to do something, especially if it was bad for the patriarch, he would definitely be thrown out.

So, in order to get Xia Xibei to do it, he was taking a big risk.

He was also thinking of putting up a fight at that time.

He knew that if the patriarch died, it would definitely be someone else who would rise to the top. Then, his fate was definitely not much better.

So, he could only fight.

Unexpectedly, he was right!

The patriarch's situation really quickly improved!

He was originally groggy and soon woke up.

The patriarch certainly understood his own physical condition, and after being treated once by Xia Xibei, he was immediately much better.

He was shocked by Xia Xibei's strength.

After that, the patriarch really allowed Xia Xibei to help with his treatment.

With the patriarch's permission, Xia Xibei's healing was much easier.

Xue Pingze didn't have to stop the others from disturbing them either.

After Xia Xibei cured the patriarch, she asked the patriarch to give the position of the head of the Xue family to Xue Pingze.

For this request, the patriarch pondered for a moment and made a final decision.

If Xue Pingze had not brought Xia Xibei back, he might have died.

Even if he hadn't died, he would have been in pain.

When he thought about it, Xue Pingze's strength was quite good.

The most important point was that Xia Xibei was an amazing doctor!

He could live a few more years if he befriended such a divine doctor!

So, he chose Xue Pingze according to Xia Xibei's advice.

Chapter 1844 - 1844 My Choice (6)

1844 My Choice (6)

These things all happened in the past few days, and no one knew.

All everyone knew was that the patriarch suddenly came to his senses and then issued an order that everyone was not to come near.

Everyone was wondering, but they couldn't get close.

After a few days passed, the patriarch suddenly got well and appeared in front of everyone!

If the patriarch's personality and appearance had not changed, everyone would have thought he had been replaced!

Now, when everyone found out that the patriarch was cured by Xia Xibei, everyone was shocked.

How could such a young woman have such skills?

Was she kidding?

Xue Zhelang was also looking at Xia Xibei with a shocked face, full of incredulity.

“Impossible... How is it possible?!” He angrily pointed at Xia Xibei. “You mustn’t fool people here!”

“Fool you?” Xia Xibei laughed. “That’s pretty good, as long as I can fool the people I want to fool.”

“Zhelang!” The patriarch got angry and glared at Xue Zhelang. “You shut up!”

He looked at his youngest son, very annoyed.

Originally, he thought Xue Zhelang was a nice kid, but he never thought that he would lose his temper so much.

However, it was about the inheritance, the Xue family’s huge inheritance, so it was normal that he would be so.

Only, if Xue Zhelang angered Xia Xibei, then it could be a problem!

For the patriarch at present, Xia Xibei was the person he feared and cared about the most.

Who dared to offend such a powerful doctor, who was already so incredible at a young age?

In this world, doctors who were highly skilled in medicine were well respected.

A divine doctor like Xia Xibei, whose strength was already beyond that of ordinary people, was even more remarkable.

Who didn't want to be healthy and well? Especially people who had a lot of money, but who weren't healthy. They really wanted to find such a powerful doctor.

Only when you were healthy and had a long life could you enjoy what the world had to offer.

Therefore, Xia Xibei was their most important person. After all, she represented life!

"Dad!" Xue Zhelang looked at his father in panic. "You were tricked by her...."

"Tricked?!" The patriarch stiffened his face, his aura suddenly majestic. "You don't want me to be healthy, do you?"

"That's not what I meant..." Xue Zhelang panicked. "But..."

"No buts!" The patriarch looked serious. "I've already checked, my body is perfectly fine! Moreover, the cancer cells in my body are gone!"

The patriarch had been in the business world for many years. How could he be a fool, much less be fooled?!

After Xia Xibei said he was well, he didn't fully believe it and checked his body with modern medical means.

That's when he and his previous primary care doctor were stunned.

The dreaded cancer cells in his body had really all disappeared!

Oh no, in Xia Xibei's words, these cancerous cells turned back into normal cells!

So, his body wasn't hurt too much.

Knowing this, the patriarch worshiped Xia Xibei as a saint!

As for the others, they were no match for Xia Xibei!

If people from other families knew that Xia Xibei had such amazing healing skills, they would go crazy!

How could he have met such a miracle doctor?

Oh yes, Xia Xibei introduced herself earlier and said she was the daughter of the Qi family.

Wasn't the Qi family one of those ancient martial arts families in the imperial capital? He heard they had amazing skills!

The patriarch admired Xia Xibei to the core.

Chapter 1845 - 1845 Making Him Angry

1845 Making Him Angry

Before this, the patriarch was certainly aware of the existence of ancient martial arts families.

Moreover, he had approached these families before, hoping to find useful medicines.

He heard that the Qi family, in particular, had very miraculous medicines on hand. With these medicines, it was likely that they could cure his illness.

However, his request was rejected.

The Qi family said that they did not have such a powerful ability.

Although there were some miraculous plants, they didn't have the technology to combine them to get the drugs that could cure cancer.

So, the old man could only go home disappointed.

Unexpectedly, the Qi family had hidden such a powerful talent!

How old was Xia Xibei? She seemed to be less than 20 years old, right? How could she have such stunning medical skills?

Anyone who could bring back a person with terminal cancer like him was definitely not an ordinary person.

However, it was normal for a family with such a long history to have one or two miraculous figures.

So, the patriarch wanted to have a good relationship with Xia Xibei and definitely not disappoint her.

That was why he did as she instructed and gave the Xue family leadership to Xue Pingze.

As for the angry and out-of-sorts Xue Zhelang, the old man was of course very angry.

“If you mess up again, I will take back what I gave you!”

The patriarch looked at Xue Zhelang and was very dissatisfied.

These words made Xue Zhelang’s face turn pale.

Xue Zhelang's mother immediately rushed out from the side, "Don't be angry, Master Xue, Zhelang didn't mean to..."

Xue Zhelang's mother was the second wife, and her years of pampering made her look much younger than her peers.

What happened today also angered her, but she couldn't let Xue Zhelang continue to offend the patriarch.

Otherwise, there would be nothing left!

At least now there was a little money!

"Ah, that's not right. Master Xue had said Dr. Qi was a miracle doctor and we are all to respect her. But your son Zhelang still keeps suspecting! Does he suspect us of joining together to cheat?"

The one who opened her mouth was the first wife, Xue Pingze's mother.

With an unconcealed excited smugness, the first wife spoke sarcastically to the second wife.

"You..."

"Enough!" The old man stiffened his face and interrupted their fight. "Dr. Qi is here. Don't let Dr. Qi laugh at us."

After saying that, he changed his expression again when he turned to Xia Xibei with a very bright smile on his face, "Doctor Qi, don't mind them. Let's go in, I've already asked someone to prepare lunch."

"Good," Xia Xibei said indifferently.

Then, she looked at Xue Zhelang, who was ashen-faced, and gave a sarcastic smile.

She walked over to Xue Zhelang's side, moved to his ear, and whispered, "Actually, if you behave yourself, you can get more. Unfortunately, you're on the wrong side."

After saying that, she turned around and left, regardless of Xue Zhelang's reaction.

Xue Zhelang, however, seemed to be struck by lightning, and he was totally stunned.

Xia Xibei knew!

She really knew his role in this matter!

So, she was taking revenge on him!

Xue Zhelang's mind was in turmoil, making him almost unable to stand.

This was Xia Xibei's revenge!

It was a revenge that he could not resist!

All his wealth and prosperity were tied to the old man.

Since Xia Xibei controlled the old man, it was equivalent to taking hold of his lifeline and could crush him to death.

Now, there was no way for him to turn this around!

Thinking of this, Xue Zhelang's eyes glazed over and he fainted.

Chapter 1846 - 1846 Looking for Something

1846 Looking for Something

"Zhelang!" The second wife was immediately anxious. "Zhelang!"

The scene was suddenly chaotic.

Xia Xibei smiled lightly as she looked at Xue Zhelang, who had passed out.

“Dr. Qi...”

The patriarch looked at his youngest son, who had passed out, and was also concerned.

He looked at Xia Xibei.

Xia Xibei laughed, “It’s okay, he’s just overcome by emotions, just take it easy.”

Overcome by emotions?

Everyone was silent.

What exactly did Xia Xibei say?

Oh yes, she did not need to say anything. What happened today was enough to provoke Xue Zhelang to pass out.

He had been treating the family leadership as something he had in his pocket, but now that this happened, it would be strange if he didn’t faint.

The patriarch looked at the fainting Xue Zhelang and had someone go and call a doctor.

Although Xia Xibei, the miracle doctor, was here, no one dared to instruct her.

She was not someone ordinary people could command! Besides, it was just a small problem, no need to bother her.

“You guys take care of this,” the patriarch said to the others present, and then walked in with Xia Xibei.

Just now, the others were full of doubts and dissatisfaction, but they did not have the time to speak out.

Now, looking at Xue Zhelang, who had passed out and was not in a good condition, everyone was a little thankful in their hearts.

Fortunately, they did not say anything. Otherwise, they would now have to be as miserable as him!

However, what exactly did Xia Xibei say? Why did Xue Zhelang react so strongly?

No one had an answer to this question.

On the other hand, the patriarch and Xue Pingze brought Xia Xibei to the dining room and the maids served the food.

The table was full of food, featuring all kinds of expensive ingredients.

This one meal was enough to cover an ordinary person's salary for ten years.

"Come, Dr. Qi, please eat!" The patriarch used the communal chopsticks to give Xia Xibei a piece of lobster. "You've worked hard!"

"No need to be so polite," Xia Xibei accepted the lobster and smiled faintly.

"Well... I heard that Dr. Qi is a star?" the patriarch asked tentatively.

Before the patriarch received treatment, he had someone check the identity of Xia Xibei.

Of course, no matter what the identity of Xia Xibei was, he decided to fight for his health at that time.

In the end, he won, survived, and regained his health.

However, he found it amazing that Xia Xibei did not become a doctor, but a star.

Sure, her face was really exceptional.

With a face like that, she could indeed be a big star.

After he got completely well, he also learned about the fury and negative press Xia Xibei was now facing and couldn't help but wonder.

Didn't she get into trouble in the entertainment industry? How come she was so calm and collected now, not caring about these things at all?

Of course, the patriarch scoffed at this negative attention on the internet.

With Xia Xibei's ability, why would she need to attach herself to the so-called benefactor?

Were they kidding?!

If she wanted, there would be plenty of people who wanted to kiss up to her!

She was the benefactor, why did she need to find a benefactor?

"It's okay, there's no rush," Xia Xibei swallowed a mouthful of food and said indifferently.

She naturally had her own plans.

Those negative stories and fury on the Internet were not a big problem for her.

“Exactly, it’s no big deal for Dr. Qi. Of course, if you ever need any help, just say so,” the patriarch showed a bright smile. “Here, let me toast to you!”

The patriarch poured a glass of wine for Xia Xibei.

He looked very respectful.

If other people were there, they would have been shocked.

The Xue family patriarch was so respectful to a young woman. It was simply too scary!

“By the way, I want to find something,” Xia Xibei said.

Chapter 1847 - 1847 The Island and the Spiritual Snake (1)

1847 The Island and the Spiritual Snake (1)

“Whatever you want! Just tell me!” the patriarch said very seriously.

To him, as long as he had it, he could satisfy Xia Xibei.

After lying in bed for so long and being rescued by Xia Xibei, the patriarch treated Xia Xibei like a god!

As long as he had it, he would give it to her!

“No need to be so nervous, I just want a medicinal herb,” Xia Xibei said.

“Medicinal herb?” The patriarch froze for a moment. “What kind of herb?”

“I should say, it’s a kind of flower,” Xia Xibei said lightly.

The patriarch was even more puzzled.

A flower?

Did she want a flower?

Was it a very precious flower?

“I heard you have a private island. Is that right?”

“Yes,” the patriarch nodded his head.

Although Ao City was too small to play in, as the wealthiest man in Ao City, the patriarch had several islands in his possession, scattered all over the ocean.

“I want to see one of these islands, is that okay?” Xia Xibei requested.

“Of course!” The patriarch immediately nodded his head.

It was just a visit to the island, so what did it matter?

As long as they had it, he would satisfy her.

“Okay then, let’s go today,” Xia Xibei said.

“Is it so urgent?”

“Well, as soon as possible.”

“Okay then!”

The patriarch didn’t press the issue and immediately made the assistant next to him go and make arrangements.

Looking at Xia Xibei calmly eating, the patriarch felt a lot of emotions.

If only he could bring Xia Xibei home- not him, of course, but his own children and grandchildren. That would be great!

It would be the equivalent of having a shield of protection from death!

However, the patriarch only dared to think about this kind of thing in his heart. If he said so, Xia Xibei would scold him to death.

If Xia Xibei had known what was in his mind, she would have walked away.

Moreover, he didn't think anyone in his family could be worthy of a person like Xia Xibei.

If he made such a request, it would not be tying the knot; it would be a feud!

Faced with the patriarch's regretful gaze, Xia Xibei was also a bit confused. What was he thinking?

However, the patriarch did not say anything, so she did not ask.

When they finished eating, the private jet was ready.

Xia Xibei was led to the plane, and then the plane flew towards the island.

Xia Xibei was a bit emotional sitting on the plane.

Before, Qiao Yanjue had talked about buying a plane but had never been able to act on it.

Now, Qiao Yanjue's side had also encountered troubles.

The plane thing could only be put aside.

However, Xia Xibei was not worried about Qiao Yanjue's problems.

They would have been a little worried if Qi Xin and the others had used violence.

However, she was not worried about this kind of thing.

When Qiao Yanjue found out that something happened to his company, he was also anxious, but after learning the other party's tricks, he felt it was ridiculous.

After that, he put his mind to fighting against them.

As for Xia Xibei, she came to Ao City by herself.

She came to Ao City this time because, besides wanting to cure the patriarch and teach Xue Zhelang a lesson, she also wanted to obtain a spiritual plant from the Xue family.

This spiritual plant grew on a tropical island.

Xia Xibei looked it up and this spiritual plant could only grow on the Xue family's private island.

She could use other methods to take this kind of spiritual plant, but she chose the open and honest way.

After she cured the Xue family patriarch, she could have anything she wanted. There was no need for other tactics.

Chapter 1848 - 1848 The Island and the Spiritual Snake (2)

1848 The Island and the Spiritual Snake (2)

Soon, the plane arrived at the Xue family's island.

Accompanying Xia Xibei was Xue Pingze.

Although the patriarch was well, he was too old and weak to accompany her, so he could only let Xue Pingze take his place.

Xue Pingze's attitude toward Xia Xibei was incomparably respectful.

This deference, of course, was based on Xia Xibei's ability.

Who wouldn't respect such a miracle doctor?

His success today was thanks to Xia Xibei. He was a grateful person, so he should treat her well.

"Do you need me to look with you?" Xue Pingze asked respectfully when he got off the plane.

"No need," Xia Xibei shook her head. "I'll just go look for it myself."

"Okay then, I'll have someone accompany you."

"It's okay, I can go there by myself," Xia Xibei shook her head.

"Then... Okay." Xue Pingze had no choice but to nod. "However, that area.... may be a little dangerous, you should be careful."

This island was as big as a small country. However, other than the flat area in front for vacation, there was a cliff and a not-so-small forest on the other side.

There seemed to be some poisonous things in the forest.

However, those things would not come over here, so there was no need to

get rid of them.

Besides, they came here to experience the splendor of nature, so naturally they would not get rid of them.

Although he was worried about Xia Xibei's safety, she didn't need company, so he couldn't insist, lest he make her angry.

"Okay, I know. Don't worry, I'll be careful."

After waving goodbye to Xue Pingze, Xia Xibei headed forward.

This one island was much bigger than the previous island where Qi Xin and the others held their engagement party, and the scenery was also much more beautiful than the former.

However, what surprised Xia Xibei the most was that the air here was very good!

She should say that the aura here was very dense.

When she first arrived here, she felt that the aura here made her heart happy.

The concentration of spiritual energy here was not lower than in their rose garden at all.

There were many spiritual stones in the rose garden! What about here?

This made Xia Xibei a lot more curious.

There seemed to be some secrets here...

However, it also meant that there would definitely be spiritual plants on this island.

A higher aura meant that there were also more spiritual plants.

If there were more spiritual plants, there would be more spiritual energy.

The two were complementary to each other.

Walking to the front of the forest, Xia Xibei's spiritual power was released and she soon found a clue.

She walked along the front with a clear purpose, her speed fast.

She didn't want the others to follow her because there was a real danger here.

Just now, Xue Pingze said it too simply. This place was not a little dangerous, but very dangerous.

She had found a few more dangerous presences here along the way.

The aura of those things was very strong. Although it was not as strong as hers, unless other people were armed with guns and more than ten people appeared together, there was a high possibility of danger.

It seemed that there were indeed treasures here!

She didn't know how the Xue family acquired this island.

However, they just wanted the scenery and beauty in front of them. They didn't touch the dangerous area, which was quite good, so both sides were at peace with each other.

Feeling those auras, Xia Xibei smiled brightly and moved quickly.

Soon, she entered the forest and rushed over to the place where the aura was.

The next second, a loud sound came out viciously.

Chapter 1849 - 1849 The Island and the Spiritual Snake (3)

1849 The Island and the Spiritual Snake (3)

When Xia Xibei reached her destination, she didn't have time to make a move before a harsh cracking sound came through the air.

Xia Xibei moved quickly, jumping away from the spot and avoiding the attack. With a lightning-fast move, she grabbed the long object as if throwing a discus, shaking it in a circle and throwing it out viciously.

She did not restrain her strength and tossed the big snake that weighed a hundred kilograms.

By the time that big snake crawled back, she had already gotten what she wanted.

After getting the item, the smile on Xia Xibei's face became even wider.

She came over this time because she wanted to find a Moonlit Flower.

The Moonlit Flower was a level two spiritual plant and could cure the poison in Qi Zhi'an and Ling Xiao.

Only by getting this kind of spiritual plant could she be more sure that she could unlock the toxins on the two of them without causing them any harm.

The reason Xia Xibei didn't say anything these days was because of Qi Zhi'an and Ling Xiao's condition.

The other problems were not difficult for her.

She already had a solution and could make those people eat their words.

However, Qi Zhi'an and Ling Xiao's poisoning could not wait.

If she waited too long, things could change.

That was why she found her way to the Xue family.

Luckily, her knowledge reserves were still adequate, and she found the Moonlit Flower here.

As long as Qi Zhi'an and Ling Xiao could heal, things would be better.

The big green snake that was thrown out by Xia Xibei crawled back, spitting its tongue, and was very annoyed.

It was a native of this place, and even if those humans were making trouble in front of the island, it didn't affect them.

If those people did not come here, they would not do anything to them.

Who would have thought that today, there was suddenly a new human aura!

What was even more hateful was the fact that the human dodged its attack and threw it out!

This was too humiliating!

The great snake was so annoyed that it wanted to bite this human who had rashly intruded into their area.

Moreover, she had snatched away what it had been guarding for so long!

It was unforgivable!

However, before it could attack again, it felt a comfortable aura.

When it looked up, it felt that the aura coming from this human was soothing, so it could not help but want to get closer.

At the same time, its intention to attack was also curbed, replaced by joy.

“Sorry,” Xia Xibei walked up to it and apologized with a smile. “I didn’t mean to do it, I needed to do something, that’s why I wanted this flower.”

She held up a large red flower in her hand and said.

Hearing this human’s apology, the big snake’s anger calmed down.

It thought, "This human is very nice!"

Xia Xibei reached out and let her spiritual energy bathe the snake. "This is compensation for you."

Hiss...

The big snake stuck out its tongue happily, and its already small eyes squinted comfortably.

Although it lost the flower it was guarding, this human's aura was so comfortable!

After massaging the big snake for half an hour, Xia Xibei finally stood up.

"Okay, I have to go."

Don't go!

The snake was immediately anxious, the tip of its tail wrapped around Xia Xibei's wrist, and its huge head just looked at her.

If anyone else had seen this big snake, they would have been scared to death.

“I have to go back, I still have things to do,” Xia Xibei appeased it.

‘I’ll go with you!’ the big snake said without hesitation.

“Come with me?”

The corners of Xia Xibei’s mouth twitched as she looked at its long body, speechless.

Chapter 1850 - 1850 The Island and the Spiritual Snake (4)

1850 The Island and the Spiritual Snake (4)

Xia Xibei’s mouth curled as she looked at the large snake’s nearly two-meter-long, pillar-thick body.

This was a spiritual beast with great strength, but the question was... How was she going to take it with her?!

The big snake knew her concerns and immediately twisted its body.

The next second, Xia Xibei’s eyes went wide.

The snake instantly became as thick as a chopstick and as long as an arm!

Based on this appearance, it was impossible to see its previous shape!

Its change also made Xia Xibei's eyes widen.

This... Couldn't be right?

She knew the only creatures that could change size were spiritual beasts of level five or higher!

However, Xia Xibei had only seen level three spiritual beasts in this world!

She had seen a spiritual snake in the Qi family, but that spiritual snake was

only level two or three in strength.

She could never have imagined that she would see a level five spiritual

snake here!

How incredible!

Even in her previous life, level five spiritual beasts were not that common!

Now, in a world with such a low concentration of spiritual energy, a level five spirit beast had appeared?

Oh no!

Xia Xibei immediately noticed that something was wrong.

With her current strength, she could barely fight against a level four spiritual beast, but a level five spiritual beast could crush her.

However, she had just thrown this snake straight out.

So, it was not even close to a level five.

So... What the heck was going on here?

Xia Xibei grabbed this smaller, morphed snake and examined it as if she was playing with a rope.

This snake was shaking in her hand, spitting out its tongue.

Only when the inspection was finished did Xia Xibei react.

This was not a level five spiritual animal, but a level four!

As for the reason why it could transform...

Xia Xibei quickly learned the reason from the mouth of this snake.

It said that its previous range of activity was not here but in the forest.

There was a very special lake there, and it often took a bath in it, and then its body could change.

So, it became the overlord of the place.

Before making a move, it suddenly became bigger, not only to scare its opponents but also to take them by surprise.

Xia Xibei looked around, felt the aura carefully, and then her expression changed.

The environment here was really different!

The flowers and trees here, as well as the surrounding aura, were different from those of ordinary places.

Xia Xibei could feel that there was indeed a very different aura in the forest.

This aura, as the snake said, was very powerful.

However, she hesitated for a moment and still did not go inside the forest.

She simply didn't have time for that now.

"Do you really want to come with me?" Xia Xibei said to the snake.

There was obviously such a good environment here, and it wanted to leave with her?!

Its little head nodded up and down to show its agreement.

Although this place was quite nice, it seemed that something not so good was happening in the lake right now, so it ran out.

Moreover, it also liked Xia Xibei's aura.

It felt so much better to follow her around!

The snake was so insistent, and now that it had changed in size and she didn't have to worry about causing a commotion, Xia Xibei could only nod.

“Okay, let’s give you a name first.” Xia Xibei looked at the spiritual snake that wrapped itself around her hand several times, treating it as a bracelet, and finally came up with a name. “Let’s call you Little Green.”

The snake didn’t care about the name or anything, but it was also very happy.

So, Xia Xibei returned to the villa area with the newly acquired Little Green and the Moonlit Flower.
