

Chapter 1941 - 1941 Looking for Help

1941 Looking for Help

Qi Xin stormed out of the meeting room with a dark expression, as if a storm was going to happen in the next second.

The secretary knocked on the door and brought in a stack of documents.

Looking at these documents, Qi Xin's expression was very ugly.

Although she was now the CEO, this kind of life was not easy.

Her mind was not on this previously, so she did not have to personally ask about these things.

Now, she had to deal with these matters personally.

She felt a headache coming into contact with these complicated and annoying things.

It was really difficult to be a CEO, especially a CEO who had to do it herself.

She hadn't been home for a few days.

However, no matter how hard she tried, the situation was not much better.

On the contrary, she was now in a dilemma.

Because of the appearance of the Hongyan Youth hair tonic, their products were no longer competitive.

However, they had invested so much previously. If they were to stop now, the losses would be huge!

Although it wouldn't destroy them, it was still a huge blow to them.

This was the biggest blow to Qi Xin, who had just taken over the position.

The more she thought about it, the angrier she felt. Qi Xin wished she could drag Qi Xibei out and kill her.

Why hadn't she killed Qi Xibei before?

If Qi Xibei had died earlier, there wouldn't be so much trouble now.

Now, Yang Mo and Wang Tianze had been arrested. They could not be counted on.

She could only count on Gu Guanlin.

However, Gu Guanlin had his own things to do.

Although the two of them were in a cooperative relationship, they were not completely close.

If she asked Gu Guanlin about everything, she would definitely be overpowered. After all, Gu Guanlin was much older than her and more cunning.

Therefore, Qi Xin did not dare to ask him anything.

However, if this continued, things would get more troublesome.

She sat on the sofa, her eyes changing constantly.

Finally, she gritted her teeth and dialed the number.

She called Ling Juan's number.

Now, there were not many people around Qi Xin who could help.

Although the father-son duo of Qi Zhiqiang and Qi Xiangyuan wanted to do something, they couldn't figure it out with their brains. Instead, they might make things worse.

In addition, Qi Xin did not want them to come and cause trouble, so she sent them out.

With the help of Ling Juan's drugs, this was naturally achievable.

The father and son were both afraid of death and greedy for pleasure. After confirming that they could not defeat Qi Xin and that they still had money on hand, they chose to give up.

Other than them, Qi Xin could only ask Ling Juan for advice.

"Xinxin? Why are you looking for me?"

Ling Juan was delighted when she picked up the call.

It had been a long time since her daughter had called!

The two of them had seen each other during Qi Xin's engagement and not since.

Although Qi Xin wanted to ask her for help, she did not treat her as her own mother.

It could be said that Qi Xin did not treat anyone else as her family, no matter who they were.

However, Ling Juan was her mother after all. She would never harm her.

“I’m in trouble.” Qi Xin’s voice was cold and hard. “This time, Qi Xibei’s side was the first to release the hair tonic that our company was about to release...”

She told her all the problems she had encountered.

Ling Juan listened to her question silently. After a while, she said, “What do you think? How about I kill her?”

“It’s not that easy.” Qi Xin shook her head. “We can only think of other ways.”

If she could have killed Qi Xibei, she would have done it long ago. There was no need to wait until now.

“Do you have any other finished products?”

Chapter 1942 - 1942 Let the Old Master Appear

1942 Let the Old Master Appear

After the mother and daughter chatted for a while, Qi Xin hung up the phone and heaved a rare sigh of relief after receiving help.

However, just as she hung up, her phone rang again.

It was Gu Guanlin.

“Hello?” Qi Xin picked up the phone.

Gu Guanlin’s voice came from the other end. “I’m in trouble.”

These words made Qi Xin’s expression change. “What happened?”

Gu Guanlin sounded displeased. “Didn’t I participate in a big project before? Now, the Qiao’s Group had also joined the competition.”

“What?!”

Qi Xin widened her eyes.

This energy project was the most important project in the country, and private companies were allowed to participate.

Everyone was working hard on this project.

If they could get this project, the profits would double!

Therefore, Gu Guanlin wanted to win it.

For this project, Gu Guanlin and Qi Xin worked together and spent a lot of time and energy on it.

However, he did not expect that at the last moment, the Qiao's Group would jump out and interfere!

"What do they want?" Qi Xin's expression was ugly. "Are they trying to pick a fight with us?"

"Yes." Gu Guanlin nodded and took a deep breath to suppress the uneasiness in his heart. "I also heard that he found the Xue family and the Zhang family to work together with him."

This project was too big for one family.

Gu Guanlin and the Qi family had joined forces to win it.

But who knew that Qiao Yanjue would jump out and look for the Zhang and Xue families to work together?!

With the three of them working together, their chances of success would be much higher.

Although the final result had yet to be announced, Gu Guanlin was very concerned about such a strong opponent.

“They’re really hardworking!”

Qi Xin gritted her teeth and sneered.

While Qi Xibei was attacking her, Qiao Yanjue was fighting with Gu Guanlin.

If it wasn’t for Yang Mo’s accident, they would have been sitting and relaxing now!

If Yang Mo could rope in the Zhang family, she wouldn’t have to worry about them cooperating with Qiao Yanjue. They could even deal a blow to Qi Xibei.

But now that Qi Xibei had cured Zhang Xun, the situation was different.

She actually had Qiao Yanjue cooperate with the Zhang family!

When they joined forces, it was indeed a headache.

“I received news that their chances of winning are higher.” Gu Guanlin said in a low voice.

When he first received the news, he was also shocked.

He didn't expect Qiao Yanjue to turn around and work with someone he shouldn't be working with. He even came to snatch his things! How preposterous!

"What do we do now?" Qi Xin was a little restless and could not help but grab her hair.

She was not very good at these things. Now that such a thing had happened, she had an even bigger headache.

"How about..."

Gu Guanlin did not finish his sentence, but Qi Xin already understood what he meant.

"If you have the ability, then go." Qi Xin sneered. "I don't have the ability."

At least for the time being, she did not dare to lay a hand on Qi Xibei. After all, Qi Xibei's popularity had skyrocketed, and almost the entire country was looking at her.

If they dared to make a move, they would end up like Yang Mo.

At least in the country, they would never dare to make a move.

"Then what should we do? Let the old master come forward?"

Gu Guanlin's so-called "getting the old man to step in" was not to get the old man to come out and make a decision, but to use the old man to threaten Qi Xibei and Qiao Yanjue to withdraw from the competition.

If they cared about the old man's safety, they would know what to do.

This was the best solution at the moment.

Chapter 1943 - 1943 Pardon Me for Not Complying

1943 Pardon Me for Not Complying

Qi Xin was silent for a moment. "Let's take a look first."

"Stop looking." Gu Guanlin said. "They won't allow us to take a look first! If we wait any longer, it might be too late!"

Who knew Qi Xibei and Qiao Yanjue would be so aggressive?

If they didn't use the old man, the current problem wouldn't be so easy to solve.

Soon, the two of them met and discussed a countermeasure.

They didn't dare to talk about these topics over the phone for fear of being eavesdropped.

On the other side, Qi Xibei and Qiao Yanjue were guessing where the old man would be locked up.

The old man had been locked up by Qi Xin for some time.

Although they believed that Qi Xin would not mistreat the old man, it was not a good thing that the old man was still in their hands.

Therefore, they had to save the old man as soon as possible.

The situation would only get better if the old master came out.

They wouldn't have to hold back if so.

"I wonder if he was locked up on the island where Qi Xin and the others got engaged?"

Qiao Yanjue looked at the map of Hua and frowned.

"Probably not." Qi Xibei shook her head. "I've sent someone to take a look before. He's not there."

Qiao Yanjue was silent for a moment before he continued to look at the map.

“However, we don’t need to do anything. They should be unable to hold back soon.” Qi Xibei said.

“Yes.” Qiao Yanjue nodded. “I think it’s about time.”

Qi Xin would definitely have a headache if they approached her so aggressively.

Since there was no other way, she would naturally be anxious. At that time, she would drag the old master out.

That way, they would know where the old man was and save him.

However, before Qi Xin took action, no one could find the old man.

Moreover, Qi Xin was afraid that she would be given a taste of her own medicine. She was also afraid of death, so every time she went out, there were many bodyguards around her.

It was not easy to capture Qi Xin under the protection of so many bodyguards.

Moreover, if they failed, it would be easy for Qi Xin to make a move on the old man.

Therefore, they could only endure it.

However, they had been monitoring Qi Xin and Gu Guanlin's movements at all times. They would not let them escape.

Soon, Qi Xibei's phone rang.

Qi Xibei's expression was a little strange when she picked up the call.

Qiao Yanjue looked at her and used his eyes to express his doubts — what's wrong?

This expression was a little strange!

Qi Xibei mouthed — Qi Xin.

Qiao Yanjue sat up straight. Was it a call from Qi Xin?

So fast?

They had a feeling that Qi Xin would take action. However, they did not expect Qi Xin to react so quickly.

It seemed like Qi Xin couldn't hold it in anymore.

Although it was just an ordinary hair tonic, even if it caused an impact, it would not have much of an impact. However, Qi Xin and Gu Guanlin should have seen through the meaning behind their attacks.

If they did not respond at this time, they might suffer heavy losses one day.

“Miss, you have the time to call me?” Qi Xibei chuckled and said to the other end of the phone.

“Stop the production of your hair tonic.”

On the other end, Qi Xin went straight to the point.

“Also, get Qiao Yanjue to withdraw from the energy project. Otherwise, don’t blame me for being rude to this old man!”

Hearing the request on the other end of the phone, Qi Xibei’s expression changed slightly, but she quickly smiled again. “I’m sorry, I can’t comply!”

After saying that, she hung up the phone.

After doing that, she smiled at Qiao Yanjue.

In a while, the phone rang again. It was still Qi Xin.

Chapter 194 - 194 Cold and Heartless

1944 Cold and Heartless

Qi Xin called Qi Xibei but got hung up.

She almost died of anger.

However, no matter how angry she was, she still called her again.

She did not believe that Qi Xibei would not care about the old man's safety at all!

"Qi Xibei!"

Hearing the angry voice on the other end, Qi Xibei and Qiao Yanjue exchanged a look and said, "If it's a request that I can't fulfill, don't say it. We don't have to waste time. After all, everyone is busy."

These words made Qi Xin's face darken.

What did she mean by a request that could not be met?

This was a simple decision for Qi Xibei.

As long as she was willing, she could do it!

"Don't you care about the old man's life or death?" She said sinisterly.

"Are you talking about Grandpa?" Qi Xibei raised her eyebrows. "It's alright. He has been your grandfather for more than ten years, and you don't even care about his life or death. What's the use of me caring?"

These words made Qi Xin's face darken.

Yes, she no longer cared about the Qi family.

Even the old man who treated her very well was just something that could be sacrificed at any time in her eyes.

She was not even willing to call him Grandpa now.

"If you don't cooperate..." Qi Xin's voice was cold. "Then you can wait for the news of this old man's death!"

"Alright, if anything happens to Grandpa, we'll see who dies first." Qi Xibei was not afraid at all.

Faced with Qi Xibei's threat, Qi Xin's chest heaved rapidly.

She had thought that Qi Xibei would give in as long as she spoke.

But who knew that Qi Xibei would be so heartless!

Did she really not care about the old master's life or death?

"If the old man dies, everything in the Qi family will be mine." Qi Xin sneered.

Some of the Qi family's businesses could only be passed down after the old man died.

If the old man died, Qi Xin could take this opportunity to get her hands on the stuff.

"I have no objections." Qi Xibei sneered. "Do you think I need to care about these things with my abilities? Give me a few years, and I'll definitely be able to do better than you."

This was not arrogance or bragging. It was true.

With Qi Xibei's current strength, she could definitely accomplish this.

She was not worried about this problem at all.

With her ability and knowledge, she would definitely succeed.

She did not need to rely on the Qi family at all.

This was also the reason why she could be so relaxed now.

“Is that so? If Qi Zhi’an and the others knew that you were unwilling to give in for the old man and that you caused his death, what do you think they would do?” Qi Xin asked coldly.

“You don’t have to worry about this problem. I think you should ask yourself. After all, you were the one who caused all this. Why are you telling me this? Even if Grandpa is dead, isn’t it your fault? Why would they not settle the score with you but blame me instead? That doesn’t make sense!”

Without waiting for Qi Xin to speak, Qi Xibei continued, “Of course, you don’t have to worry about us. After all, Dad and Mom have already transferred everything they have to me. So, even if they blame me, I won’t lose anything.”

Qi Xin’s face turned ashen.

Although she had a hunch that this was the case, she was still very unhappy when she really heard this.

Although she had already given up on Qi Zhi’an and Ling Xiao, the feeling of having her beloved toy taken away made her feel very uncomfortable.

Chapter 1945 - 1945 Do it for Real

1945 Do it for Real

"If I were you, I would treat Grandpa well. At least in the future, Grandpa will still be able to officially hand the Qi family over to you."

"Of course, if you don't perform well..." Qi Xibei continued. That's another matter."

After saying that, she hung up the phone.

After hanging up, she heaved a sigh of relief.

Actually, she was still very concerned about the old master's life and death.

However, she could not let Qi Xin see how much she cared about the old man.

If she acted like she cared too much, Qi Xin would take advantage of her.

As long as Qi Xin succeeded this time, she would continue to threaten her next time.

Qi Xibei was not a fool to allow her to threaten her like that.

That was why she acted like she didn't care.

"I think she might have another move." Qi Xibei said.

"I think so too." Qiao Yanjue nodded. "I'll get someone to keep an eye on her."

On the other side, Qi Xin stared at her phone in disbelief after Qi Xibei hung up the call. Her mind was still replaying what Qi Xibei had told her.

Did Qi Xibei really not care about the old man's life or death?!

Even if she threatened her with the old master's life, she was still unwilling to compromise.

"How is it?"

"What did they say?" Gu Guanlin asked anxiously.

"She refused."

Qi Xin shook her head, her expression ferocious and terrifying. "She said that she would not give up her interests for the old master."

"How is that possible!"

Gu Guanlin widened his eyes and shook his head. "She must be lying to you."

“But from her tone, it doesn’t seem like she’s lying to me at all.” Qi Xin shook her head. “Besides, if she really cared about the old master, she wouldn’t have done these things.”

“No.” Gu Guanlin shook his head. “She must be very concerned about Old Master Qi’s safety. However, she’s lying to you.”

Gu Guanlin recalled the incident with Qi Xibei and came to his own conclusion. “She must be using this method to make us lower our guard!”

Qi Xibei did this not because she did not care about the old man, but because she did not want to expose her thoughts.

“But she just won’t agree.” Qi Xin said with a dark expression.

“She also said that Qi Zhi’an’s things have already been given to her, so she’s not worried that they’ll be angry.”

“Is that so?” Gu Guanlin frowned. “In that case...We have to use a heavy dose of medicine!”

“Heavy medicine?” Qi Xin looked at him. “What do you mean?”

“It’s very simple.” Gu Guanlin smiled. “That’s what she said, but if something really happened to the old master in front of her, would she still be indifferent?”

“You mean...?”

Qi Xin stared at him with wide eyes.

“Yes.” Gu Guanlin nodded. “When she saw that the old man was really in danger. How could she not give in?”

Anyway, Gu Guanlin would never believe that Qi Xibei was really so cold-blooded.

“If she doesn’t agree, we’ll tell her parents about this. At that time, there would definitely be conflicts between them.”

Gu Guanlin’s words made sense to Qi Xin.

She pondered for a moment and finally made a decision. “Alright, let’s do it!”

Perhaps she was only threatening her verbally, so Qi Xibei did not mind.

If she was serious, Qi Xibei would not dare to disobey.

However, she could not let Gu Guanlin know the details.

“Alright, I’ll handle this matter.”

Gu Guanlin looked at her intensely and nodded. “Okay, I’ll wait for your good news.”

Chapter 1946 - 1946 Kill If You Want to

1946 Kill If You Want to

After Qi Xibei rejected Qi Xin, she told Qi Zhi’an and Ling Xiao about it.

After knowing Qi Xin’s intentions, the couple’s expressions turned equally ugly.

The two of them looked at each other and felt a little sad.

The child they raised was actually so cold-blooded and heartless!

She actually used the old master’s safety to threaten them!

This was different from before.

Previously, Qi Xin had imprisoned the old man but did not harm him.

However, now that she wanted to threaten them with the old master's life, the situation was different.

After listening to Qi Xibei's response, Qi Zhi'an sighed. "I'll listen to you on this matter. You don't have to worry about what we think."

"That's right." Ling Xiao nodded. "At this point, how could we not understand what you mean?"

It was not that Qi Xibei did not care about the old man, but she did not want to be controlled by Qi Xin.

Moreover, she was able to tell them about this matter to make them feel at ease.

They couldn't help much, but they definitely couldn't hold them back.

Even if the old man really died, the one to blame was Qi Xin, not Qi Xibei.

"Yes." Qi Xibei nodded. "But you don't have to worry. We'll try our best to save Grandfather."

"Alright." Qi Zhi'an nodded. "I believe you."

"I believe you too." Ling Xiao nodded.

To them, no matter what Qi Xibei did, she was still their daughter.

The next day, Qi Xibei received another call from Qi Xin.

This time, it was a video call.

In the video, a face that surprised Qi Xibei appeared.

It was Grandfather Qi.

He was tied to a chair and his mouth was gagged. His already old face looked even older and dispirited. One look and one could tell that he had suffered a lot.

Qi Xibei was shocked when she saw the old man's face.

"Qi Xibei, it's time for you to make a decision." Qi Xin appeared in the camera. She held a knife in her hand and pointed the sharp blade at the old man. "The old man's life and death are in your hands."

Qi Xibei was shocked at first, but she quickly calmed down.

She looked at Qi Xin and sneered. "You don't have to say anything. I won't listen to you."

“Are you really not afraid that the old man will die?” Qi Xin’s originally beautiful eyes turned cold and stern, shrouded in a layer of haze, carrying a sharp edge that made people not dare to approach.

“I’m scared.” Qi Xibei shrugged and looked very relaxed, but she smiled and said, “But I’m not afraid of this person dying.”

These words made Qi Xin’s expression change slightly. “What do you mean?”

“Don’t you understand?” Qi Xibei laughed non-stop as if she had heard a joke. “Don’t you know who this person is?”

She was very nervous at first. However, after seeing this person’s appearance clearly, she immediately understood.

This was not Old Master Qi, but someone disguised as him.

Because his face was a little unnatural.

Although it was just a video and not as clear as a real person, it did not affect her observation.

After all, Qi Xibei had a lot of experience in this area, so after the initial shock, she quickly realized that something was wrong with the other party.

Qi Xin was shocked by her words and her face darkened again.

She did not expect Qi Xibei to be so familiar with the old man.

She was so familiar with him that she could recognize him immediately.

“If you want to kill me, then kill me, but don’t lie to me with a fake next time.”

Qi Xibei then hung up.

Chapter 1947 - 1947 For Real

1947 For Real

After hanging up, Qi Xibei sneered.

Qi Xin’s stupid ideas were really laughable.

However, if Qi Xibei was not familiar with disguises, she would not have noticed that something was wrong.

If that was the case, she would definitely have a different reaction.

Then, Qi Xin would take advantage of her.

It was probably hard for Qi Xin to come up with such an idea.

Unfortunately, she still couldn't escape Qi Xibei's sharp eyes.

On the other side, Qi Xin looked at the phone that had been hung up and was very angry.

This was the best idea she could think of at the moment.

As long as this person was disguised as the old man, and she threatened Qi Xibei, she would agree to her request.

If Qi Xibei did not agree, she would stab him to death. Of course, it was just an act.

After that, she would send these images to Qi Zhi'an and his wife.

Qi Xin did not believe that they would not be affected by seeing the old man die in front of them because of Qi Xibei's refusal.

No matter how much Qi Zhi'an trusted Qi Xibei, he could not just watch his father die.

The old man had died because of Qi Xibei's heartlessness. No matter how rational Qi Zhi'an was, he would definitely think differently when facing Qi Xibei.

At that time, they would sow discord and naturally be able to make them alienate each other.

However, who would have thought that Qi Xibei would see through the disguise at a glance?!

Since the disguise had been seen through, there was naturally no further development.

At the thought of this, Qi Xin was so angry that she threw the knife on the ground.

She kicked away the man who was pretending to be the old man and left angrily.

Her eyes were fierce as she swore in her heart.

Since Qi Xibei wanted to see the real person, then she would play for real!

As she thought about this, she suddenly stopped and her eyes lit up.

Soon, she thought of a good idea.

It was a good way to get rid of Qi Xibei in one fell swoop!

She took out her phone and called Ling Juan.

After hanging up the phone, a bright smile appeared on Qi Xin's face.

She hadn't smiled for a few days.

The things that she had encountered today had finally turned her cloudy days around.

On the third day, Qi Xin went to the airport and flew to Country M.

Behind her were Qi Xibei and Qiao Yanjue in disguise.

This time, they were obviously here to follow Qi Xin.

After Qi Xin's scheme was exposed, Qi Xibei knew that she would definitely have another move.

Therefore, she asked people to keep a close eye on Qi Xin's actions.

As expected, she found out that Qi Xin was going abroad.

When she found out that Qi Xin was going to Country M, Xia Xibei immediately thought that the old man should be overseas now!

Although she didn't know how they had transported the old man overseas, she was sure that the old man shouldn't be in the country now.

Otherwise, it was impossible for them not to find him.

If he was overseas, it was normal that they couldn't find him.

Of course, both of them knew that there was definitely something wrong with this operation.

However, regardless of the danger, they had to set off.

If they missed this opportunity, who knew when the next one would be? No one knew what changes the old man would have at that time.

Moreover, Qi Xibei believed that Qi Xin must have colluded with Ling Juan.

This time, she hoped that this matter could be concluded.

This way, things would come to an end.

Therefore, they followed her out of the country.

After more than ten hours of flight, the plane landed.

When they arrived in M Nation, Qi Xin got into a car.

The two of them followed behind and soon arrived at a jewelry store.

Chapter 1948 - 1948 Robbers (1)

1948 Robbers (1)

Qi Xibei and Qiao Yanjue felt strange when they followed Qi Xin to the jewelry store.

Did she come all the way here to buy jewelry?

It couldn't be! There was also good jewelry in the home country!

No, she wanted to meet Ling Juan here!

The two of them looked at each other and followed her in.

They couldn't lose Qi Xin.

It was a very large jewelry store. There were many beautiful and expensive pieces of jewelry inside, shining under the light.

At this time, there were only a few customers in the shop. When they saw them enter, the sales lady immediately came up to them.

“Hello, what do you need?”

Qi Xibei and Qiao Yanjue were even more curious when they saw Qi Xin really follow the salesgirl to look at jewelry.

The two of them were puzzled as they followed the other salesgirls to look at other jewelry.

Although their eyes were on the jewelry, their thoughts were on Qi Xin.

After Qi Xin finished looking at the jewelry in front of her, she suddenly said, “Excuse me, is there a washroom here?”

“Yes, please follow me.”

Qi Xin followed her.

Seeing Qi Xin leave, the two of them found it even stranger.

However, they couldn’t follow her immediately. It would be too obvious.

After a while, Qi Xibei pretended to ask casually, "Can I go to the bathroom?"

"Alright, please follow me."

The salesgirl said with a smile.

However, just as she was about to take action, something unexpected happened!

A few men wearing hoods suddenly ran into the door. They were holding terrifying guns in their hands!

"Don't move! Or we'll shoot!"

A few men shouted, immediately throwing the scene into chaos.

Everyone screamed and squatted down.

The next second, a piercing alarm rang.

However, the sound of the alarm did not affect their actions. It only made them even angrier.

"Squat properly! Otherwise, I'll kill you!"

The customers were all frightened by their ferocious looks.

Including the shop assistants, most of the people here were women, with only a few men.

However, when faced with the terrifying guns, no one could stand straight.

If they were targeted by them, they would be dead meat!

As for the person who had said that she was going to take Qi Xibei to the washroom, she had already crouched down and was trembling.

Qi Xibei and Qiao Yanjue were both shocked by this change.

There were robbers here?

This was too much of a coincidence!

The two of them looked at each other and did not move immediately. Instead, they squatted down.

“Shut your mouths, or I’ll kill you!” A man holding a gun roared with a fierce look in his eyes.

Although they couldn't see his appearance clearly, he was strong and muscular. His terrifying muscles made people not dare to move.

Even if he didn't use the gun, no one dared to act recklessly.

Not to mention that he had such a terrifying thing in his hands.

Everyone followed their instructions and squatted down. They held their heads and did not dare to move.

"All of you better be obedient. Otherwise..."

Everyone was silent out of fear, not daring to make any movements.

Seeing that everyone was so obedient, these people nodded in satisfaction. They took out a box, opened it, and said to the manager, "Hurry up!"

The manager nodded frantically and unlocked the counter with trembling hands.

The looting of the jewels was going smoothly.

Even if the police came, it would take five minutes.

Five minutes was enough for them to move.

But the next second, a man shouted at Qi Xibei, “What are you doing?!”

Then, he pulled the trigger.

Chapter 1949 - 1949 Robbers (2)

1949 Robbers (2)

When the gun was pointed at her, Qi Xibei’s heart skipped a beat. The alarm rang, and her body subconsciously rolled to the side.

With a bang, a bullet hole was left where she was before.

Seeing this, Qi Xibei’s pupils constricted.

This was directed at her!

She immediately understood.

“Kill her!”

Seeing that those people were about to attack her again, Qi Xibei shouted in Mandarin, “Attack!”

In the next moment, Qiao Yanjue shot out from the side and rushed in front of one of them like a bolt of lightning.

At the same time, Qi Xibei also took action.

Her movements were very fast, as if in the blink of an eye, she rushed in front of the other party and reached out to knock the other party’s gun away.

Their movements were too sudden. In just a breath’s time, they had already moved, not giving the others a chance to react at all.

Although these robbers were not ordinary people and were trained, they were not as fast as Qi Xibei and Qiao Yanjue.

When Qi Xibei attacked, her spiritual power instantly exploded and turned into an invisible line that struck the other man’s hand.

As if he had been electrocuted, the man trembled and the gun in his hand fell to the ground.

Qiao Yanjue’s actions were the same as hers.

Other than attacking, he also mobilized his spiritual power.

Qiao Yanjue was a maker of weapons, so his spiritual power was naturally not bad.

However, he rarely used his spiritual power to attack others.

But this time, to deal with the five or six men in front of him, he could only use his spiritual power. Otherwise, he would not be able to escape.

The two of them didn't show any mercy. Their spiritual power shot out fiercely, knocking down their pistols and making them freeze for a moment.

The two of them didn't stop. They kicked two men down with one foot and turned around to kick back, knocking down the last two men who wanted to use others to threaten them.

Everyone else was stunned.

What just happened?

These men came in and said that they wanted to rob the store. Then, one of them suddenly shot at a girl.

However, not only was this girl not killed, but she and another man had also taken care of these people!

The two of them moved too quickly! It was even faster than what everyone had seen in the movies!

Everyone thought that this kind of action only existed in movies, and it was exaggerated and embellished.

But who would have thought that they would actually be able to see such a scene in reality?

It was so fantastic!

This action was too fast!

Everyone was stunned by this scene.

Qi Xibei and Qiao Yanjue heaved a sigh of relief after dealing with these six people.

Then, their expressions suddenly changed.

They turned around but did not see Qi Xin.

“Where’s that girl?” Qi Xibei rushed to a salesgirl. “The one who went to the bathroom!”

“Uh, she...I don’t know either!” The beautiful woman looked flustered and shook her head. “I don’t know anything.”

Qi Xibei immediately rushed into the bathroom and realized that there was no one inside.

As expected, she had escaped!

Qi Xibei understood that this was a trap that Qi Xin had set up for them!

However, this was too fast.

Before they could react, Qi Xin had already escaped.

However, how did Qi Xin discover them?

The two of them were puzzled. The police siren outside had already sounded.

It was as if everyone present had experienced a nightmare, crying tears of joy.

Qi Xibei and Qiao Yanjue looked at each other and left quickly.

Chapter 1950 - 1950 Robbers (3)

1950 Robbers (3)

Everyone who was still rejoicing at the fact that they had survived the disaster was dumbfounded. Why did these two heroes run away?

Shouldn't they stay behind to receive the reward? Why did he run away? He looked even more guilty than the robbers!

When the police arrived, they were equally shocked.

What was going on?

However, after such a serious incident, there were no casualties at the scene and the robbers were caught. This was enough for them to be happy.

Soon, they brought the robbers back to the police station.

On the other side, two figures appeared in a surveillance room in the jewelry store.

There was no one else in the monitoring room.

After a while, someone opened the door and walked in.

However, before he could say anything, he fainted.

After knocking out the manager, Qi Xibei patted him a few times before waking him up and hypnotizing him.

Soon, she understood the whole thing.

This time, Qi Xin was indeed the one who did it.

Qi Xin and Ling Juan believed that Qi Xibei and Qiao Yanyu would definitely come along this time.

However, she also understood that the two of them would definitely not appear in their true colors.

Qi Xin had seen Qi Xibei act as her before, so she had a deep understanding of Qi Xibei's strange abilities.

She knew that Qi Xibei had the ability to hide his true colors and would not be exposed so easily.

If they could not find Qi Xibei, they would not be able to get rid of her.

However, this was not a big problem for her.

After discussing with Ling Juan, she quickly set up a trap.

When Qi Xin entered the shop, she believed that Qi Xibei and Qiao Yanyu would definitely continue to follow her.

As long as one observed their attitudes carefully, one would know their identities.

Qi Xin was the bait while Ling Juan was monitoring the situation in the shop.

As long as they saw a male and female customer coming in from behind Qi Xin, it was easy to identify them.

Moreover, although Qi Xibei and Qiao Yanyu knew how to disguise themselves, they would definitely only disguise their faces. They would not disguise their hair color as well.

This was M Nation, and there were blonde people everywhere. As long as it was a black-haired person, their status would definitely be different.

Although there were a few black-haired Asian customers in this shop, there were not many of them, so it was easier to distinguish them.

Therefore, Ling Juan quickly discovered the identities of Qiao Yanyu and Qi Xibei.

Then, Qi Xin followed Ling Juan's instructions and left.

At this moment, the robbers appeared.

After the robbers came out, they found an opportunity to kill Qi Xibei.

In Qi Xin and Ling Juan's opinion, if they attacked Qi Xibei outside, Hua Nation would definitely be angry and they might find out about it.

But this time, it was the robbers who did it. Who could say anything?

It could only be said that Qi Xibei's luck was too bad to encounter such a thing here.

If they wanted to pursue the matter, they could only pursue the issue of these robbers.

However, these robbers had already thought of an escape route.

After that, they would find an opportunity to leave.

No matter what, it was fine as long as he could get rid of Qi Xibei.

However, no one expected Qi Xibei and Qiao Yanyu to be so good at fighting.

They were actually able to take care of the other party even though the other party had wooden machinery!

This was way beyond their expectations!

However, Qi Xin did not pay attention to what was happening here. She left before the robbery happened.

When the police asked, she could also explain that she had seen the robbery and ran away in fear.

Who would suspect her?

Of course, she did not think that she would be able to get rid of Qi Xibei this time. After all, there would be plenty of opportunities in M Nation.
