

Chapter 1961 - 1961 Meeting Again (2)

1961 Meeting Again (2)

It was a rare opportunity for them to meet, and it was after a “big battle.” Tang Luo couldn’t help but make Qi Xibei chat non-stop.

Even though they used to contact each other on the phone, it was never as refreshing as talking to each other.

In the end, Mo Bonan reminded them. “Let’s go back first. It’s a little dangerous here.”

“Yes, let’s talk when we get back.” Qiao Yanjue nodded.

Who knew if Ling Juan and the others would turn around and attack?

“Alright.”

Qi Xibei and Tang Luo both nodded.

They didn’t want to stay here any longer.

Whether it was Ling Juan who came back to kill them or others who saw that something was wrong and called the police, this was not a place to stay for long.

Thus, they got into Mo Bonan's car and went back to the city.

The car Mo Bonan drove this time was not small, it was enough to accommodate the five of them.

Before they left, Qi Xibei and Qiao Yanjue destroyed some of the things there.

Even if the police came, they wouldn't discover the problem and wouldn't implicate the old man.

As for Ling Juan, they definitely wouldn't call the police. After all, if they really investigated, it wouldn't make sense.

After settling everything, they left.

After getting into the car, the old man was a little tired.

Too many things had happened tonight, and he was exhausted.

They did not say anything and left quietly.

After driving for more than half an hour, they finally arrived at Mo Bonan's home.

After Mo Bonan decided to develop here, he bought a house.

Moreover, Tang Luo was going to attend school here, so they bought a house that was closer to the school.

Now, it was convenient for them to make a move.

After sending the old man to rest, a few of them went to the study to discuss.

Tang Luo had already learned about the development of the matter from Qi Xibei, and she broke out in a cold sweat.

“You said she had a spirit animal? Spirit animal...What is it?”

“Yes.” Qi Xibei nodded. “Spirit animals are stronger than ordinary animals. Moreover, spirit animals are stronger than humans.”

Tang Luo nodded to show that she understood.

Although she couldn’t fully understand it, as long as she imagined the spirit animals as dinosaurs in disaster movies, she would roughly understand.

“I also have a spirit animal here.” Qi Xibei smiled and said.

“Hmm?”

Tang Luo was surprised.

Then, Qi Xibei moved her hand, and a small green snake jumped down.

Tang Luo was shocked when she saw the little snake.

After all, it was a snake. Few people would not be shocked at first sight.

However, when she saw Greenie’s appearance clearly, she was instantly pleasantly surprised.

“So beautiful!”

This snake looked more like a work of art and was not scary at all.

Greenie understood what she meant and could not help but stick out its tongue.

Then, it shook its body and rapidly expanded.

This scene made Tang Luo and Mo Bonan’s eyes widen in shock.

Damn it!

It could even transform.

Moreover, the contrast was too great!

It was originally a tiny green snake, but now it had become a huge python!

If they were not mentally prepared, they would definitely be scared to death.

After Greenie returned to its original form, Tang Luo and Mo Bonan sensitively discovered that its aura had changed quite a bit.

Of course, such a huge snake was already very scary.

“So scary!” Tang Luo stared at Greenie and exclaimed.

Although she said that, she did not look away.

Greenie wagged its tail and then shrank again.

Tang Luo could not help but reach out her hand. "Greenie?"

Greenie hesitated for a moment but still jumped into her hand.

Chapter 1962 - 1962 Poisonous Bug

1962 Poisonous Bug

When Greenie was in her hand, Tang Luo immediately felt a trace of coldness.

She could not help but tremble.

However, she quickly adapted to it.

This snake looked scary, but it was quite human.

She couldn't help but reach out to pat Greenie's head.

Greenie did not move. It just lay on her hand and let her touch it.

It could sense that this human also had a good smell.

This aura made it very satisfied.

That was why it got close to her.

“So comfortable!”

Tang Luo said in surprise.

Greenie’s body was like jade, with a hint of coldness, but it was very comfortable to the touch.

Qi Xibei smiled as she watched her play with the snake.

After a while, Tang Luo pulled herself out of her thoughts and returned to the main topic. “Then what should we do next?”

“Next...” Qi Xibei frowned. “We thought that we would be able to deal with Qi Xin this time. However, who would have thought that Ling Juan would suddenly appear?”

Actually, when she faced Qi Xin tonight, she had a thought.

She wanted to use Qi Xin to lure Ling Juan out.

After all, Ling Juan was Qi Xin’s mother. If anything happened to Qi Xin, she would definitely come out.

Qi Xibei did not want Ling Juan to continue hiding behind them. No one knew when she would appear and give everyone a blow, hindering their development.

Qi Xibei hated Ling Juan. After all, Ling Juan appeared and disappeared like a ghost. She was like a venomous snake hiding behind her back. No one knew when she would do something terrible.

Especially when Qi Xin was still alive, Ling Juan would definitely do something.

Therefore, they wanted to use Qi Xin to lure Ling Juan out.

However, who would have thought that Ling Juan would come out on her own without needing them to lure her out?

Moreover, because of Ling Juan's appearance, things have changed.

"Now, only by taking care of Ling Juan can we kill Qi Xin." Qiao Yanjue agreed.

They would only be at peace if both of them died.

"But do you know where to find them?" Tang Luo asked.

"I don't know." Qi Xibei shook her head. "They should have hidden very well."

"That's true." Tang Luo nodded in agreement. "She's so scary, and the things she does are all shameful. She'll definitely hide well."

"Can't be seen by anyone..." Qi Xibei suddenly clapped her hands. "I got it!"

A few of them immediately looked over. "What did you think of?"

"Didn't she take out a compulsion worm today?"

"Compulsion worms?" Tang Luo widened her eyes in fright. "You mean those voodoo worms used to cast a spell?"

If that was the case, it would be too terrifying.

"Yes." Qi Xibei nodded. "It's that kind of compulsion worm."

"If she wants to nurture such a compulsion worm, the environment will definitely be different."

Qiao Yanjue also reacted. "I know!"

Although he was not very talented in this area, he had a certain understanding of these things.

The compulsion worm that Ling Juan took out today must have gone through many steps to cultivate.

To feed such a compulsion worm, she had to feed it a lot of poisonous insects.

These poisonous insects were not so easy to find.

If Ling Juan wanted to get the poisonous bugs, she would have to spend a lot of time.

Therefore, they could use this avenue to investigate!

At this thought, Qiao Yanjue and Qi Xibei exchanged a tacit glance.

“What do you think we should do?” Although Tang Luo didn’t understand the knowledge involved, she didn’t hesitate to help.

“That’s right. If there’s anything you need help with, you can tell us.”

Mo Bonan said.

Chapter 1963 - 1963 Bug's Place

Of course, Qi Xibei and the others would not stand on ceremony with Mo Bonan and the others.

“Please help me check if there are any bugs entering the country.”

Qi Xibei picked up the sticky note on the table and began to write down the names of some bugs.

Judging from Ling Juan’s appearance, she must have stayed in M Nation for a long time.

If she ran around, it would be easy for something to happen.

In that case, if she wanted to nurture a Gu worm, she would have to find a sufficient number of poisonous insects.

Only by eating these poisonous insects could a Gu worm become a Gu King worm.

Many Gu Masters would run around, after all, poisonous insects were not distributed in one place.

Ling Juan couldn’t run around, but she could bring the bugs back.

Every country had restrictions on species from other countries, whether they were insects or animals.

Some had to enter through illegal channels, but some could enter through normal channels.

As long as he started from this aspect, he would be able to find the whereabouts of the bugs.

Then, they would be able to find Ling Juan.

“Alright, I’ll get someone to investigate.”

Mobonan took the list that Qi Xibei had written and nodded.

Because of the cooperation with the Qiao’s Group, the Mo family now had a certain status here.

In that case, it would be much easier for them to investigate these things.

“Then I’ll have to trouble you.” Qi Xibei said with a smile.

“No trouble at all.” Mo Bonan shook his head.” It’s a small matter.”

Qi Xibei and Qiao Yanyu heaved a sigh of relief when they found some clues.

It was good that there were clues.

Other than this method, they had another method.

“We still have to find Han Rui.” Qi Xibei and Qiao Yanyu said.

“Alright.”

In order to find out more about Jiang Rongguang, Han Rui brought all sorts of things that Qi Xibei and Qiao Yanyu had prepared for him and came to M Nation alone.

She wondered how he was doing now.

Moreover, he should have some news.

However, even if they wanted to contact Han Rui, it would not be possible to do so in a short time.

After all, what Han Rui did was not ordinary. He could not be contacted just because he wanted to.

Before this, he was the one who took the initiative to contact them to tell them that he was safe.

Qiao Yanyu sent an email to Han Rui, then stood up.” After such a long time, everyone should be tired.””

“Yes!” Tang Luo immediately nodded.” You must be tired!”

She had received news from Qi Xibei. They had arrived a day ago.

After flying for more than ten hours, they would definitely be very tired. After arriving, he couldn't get over the jet lag immediately. He still had to continue working, and so many things had happened. He would definitely be very tired.

"We have prepared a room for you to rest in." Tang Luo immediately pulled Qi Xibei upstairs. "Have a good rest. We'll talk about it later."

"Alright."

Qi Xibei did not decline and went in with Qiao Yanyu to rest.

After resting for half a day, the two of them were full of energy again.

There was also news from Moban.

"There are indeed many bugs entering the country this year." Mo Bonan took the message sent by his secretary. "Moreover, many bugs went to the same company."

Of course, these bugs didn't enter the same company, but Mo Bonan had someone investigate and found that these companies all belonged to the same company, or rather, they were related to this company.

That company was a very large pharmaceutical company in America.

“Alright.” Qi Xibei took the document.” Thank you.”

Qiao Yanyu leaned over to take a look, then exchanged a look with Qi Xibei.

“This should be Jiang Rongguang’s company.”

Chapter 1964 - 1964 Sneak In (1)

1964 Sneak In (1)

This was a pharmaceutical company that had produced many well-known drugs.

It could be said that this company provided a lot of tax revenue to M Nation.

Now, it seemed that this company had a lot to do with Jiang Rongguang.

Because of the nature of this company, they could find many special bugs.

If it were any other company, they would not be allowed to import these bugs.

However, their situation was different, so it was allowed.

However, most pharmaceutical companies didn't need to use these bugs for anything.

Moreover, these were poisonous insects, and there were quite a number of them.

Therefore, there must be something wrong with this company.

This was the first thing Qi Xibei and Qiao Yanyu thought of when they saw the company's introduction.

Han Rui had previously sent back a message saying that Jiang Rongguang seemed to have other businesses to cover up. Otherwise, his true identity would not have been discovered until now.

However, he had yet to find out what exactly it was.

Now, it seemed that it was very different from the drug business. Otherwise, Han Rui would have noticed that something was wrong.

With such a legal identity, Jiang Rongguang would not be exposed so easily.

Of course, this was just their guess. Whether it was true or not, they had to go to the scene to confirm.

Before they set off, they first settled the old man down.

The old man could not return to the country now, and his documents were not with him.

Most importantly, if he went back, he might encounter other troubles.

He had to settle Qi Xin's matter first before returning to the country.

After this incident, the old man had obviously aged a lot.

He had received a huge blow.

After all, he did not expect Qi Xin to be so crazy as to attack him.

"I'm old. It's the world of you young people now." He sighed. "Do whatever you want to do. I won't have any objections."

Like Qi Zhian and the others, he would not interfere in these matters.

If pointing fingers could solve the problem, he would naturally do it. But now, it seemed that his experience was no longer applicable.

“Grandpa, you should rest here. We’ll take you back after we’re done.” Qi Xibei comforted him.

“Alright.” The old man nodded. “You guys go ahead.” Be careful.”

“Alright.” Qi Xibei nodded.

Then, they began to prepare the equipment to infiltrate the company.

Tang Luo had also provided them with a lot of electronic equipment.

These things were all modified by her previously.

She was different from other girls. She preferred to study these things.

She had also improved a lot of electronic equipment.

Now, it could come in handy.

After all, it was a high-tech society now. There were cameras everywhere, and it was easy to be photographed as evidence. Therefore, he had to avoid it.

In addition to the help provided by Tang Luo, Qi Xibei and Qiao Yanyu also made their own preparations.

They didn't bring too many things with them this time. After all, there were some things that they couldn't bring on the plane.

Therefore, they could only make preparations here.

The few of them spent two days to prepare everything.

Qi Xibei and Qiao Yanyu set off after they were ready.

This time, they were going to this company called Miracle.

This company had also developed many drugs before.

Although these drugs were not as effective as Qi Xibei's anti-cancer drugs, they were still very effective against many diseases.

Therefore, this company was very famous and had many employees.

Moreover, this company was not located in the city center, but in the downtown area.

Chapter 1965 - 1965 Sneak In (2)

1965 Sneak In (2)

It would take more than an hour to get to this company from Tang Luo's place.

Mo Bonan even provided them with a car.

This car would not be identified.

Because of the King of Venomous Worms that Ling Juan had taken out, they were very concerned about this operation.

Ling Juan had managed to raise a King of Venomous Worms, but she wondered if she could raise a second one.

These King Venomous Worms were especially ferocious and carried a strong poison. Even they did not dare to provoke them easily.

For this reason, the two of them disguised themselves and made sure that their identities would not be discovered before they began to act.

Qi Xibei turned into a boy.

Although she wasn't 1.8 meters tall, she wasn't short at 1.7 meters.

She used the corset vest that she had prepared for Tang Luo previously and turned herself into a boy.

Qiao Yanyu, on the other hand, changed the bones in his body, making himself as tall as Qi Xibei.

Even their relatives and friends would not be able to figure out their identities.

The two of them looked very ordinary now. Even if they walked over, there would definitely not be many people turning their heads.

They had also prepared a lot of medicine.

These medicines could allow them to escape easily when facing poisonous creatures.

Soon, they arrived at Miracle Corporation.

Miracle Corporation was a building that was dozens of stories high. There were many people coming and going here.

Mobonan had prepared the documents for them to enter and exit this place.

The two of them carried a backpack and came in with their identification documents.

After entering this place, the two of them split up.

They were also equipped with information jammers to ensure that they would not be captured by the cameras.

The two of them walked around the building separately.

The documents in their hands were quite useful, enough for them to walk around without being stopped.

However, after walking for half a day, the two of them did not gain anything.

This place was just like an ordinary company. The people who came and went were all ordinary people. There was nothing special about it.

Moreover, they did not find anyone special.

For example, Ling Juan.

After walking around, the two of them met.

“I didn’t find anything.”

"I didn't notice it either."

The two of them frowned. Could it be that there was something they hadn't discovered?

"I think...Maybe we're thinking wrong." Qiao Yanyu said.

"Wrong train of thought?"

"Yes." Qiao Yanyu nodded. "If they want to do something that cannot be seen by others, they definitely won't do it openly."

"Yes!"

Qi Xibei reacted after being reminded. "Besides, they won't act in broad daylight!"

With Ling Juan's unpredictable nature, she definitely wouldn't cause trouble in broad daylight.

Therefore, she must have hidden it somewhere.

"I saw an elevator just now." Qiao Yanyu said, "That elevator..." No one uses it."

When he reached the top floor, he saw an elevator.

However, when he reached the next floor, he did not find the elevator entrance.

“There are ten elevators here. I saw eleven at the top.”

Qi Xibei was surprised.” Eleven elevators?”

“Yes.” Qiao Yanyu nodded seriously.” So, there’s something fishy going on here!”

In order to confirm their guesses, the two of them moved again.

Soon, they met again.

Qi Xibei was a little excited.” There are indeed eleven elevator entrances up there! But there are only ten below!”

Therefore, this elevator did not lead to the first floor!

Since it did not lead to the first floor, then...Where would it lead to?

The two of them looked at each other and had a flash of inspiration.”

Chapter 1966 - 1966 Sneak In (3)

1966 Sneak In (3)

Yes, the exit of this elevator should be underground!

“They should have gone from the ground floor to the top floor, and then taken another elevator from the top floor to the first floor. This way, no one would notice.”

This was the most likely guess.

If he went from the top floor to the first floor, or from the top floor to the first floor, it would not attract any attention.

When they went up, they could go down to the basement from that elevator!

Few people who worked here had the time to pay attention to how many elevators there were.

Besides, the elevators here were not distributed in one place.

Who would notice if there were eleven elevators or ten elevators?

Therefore, no one would notice the problem if he hid it like this.

“But this elevator requires a password to enter!”

Qiao Yanyu had pressed the button for the elevator, but it didn't open.

Then, he realized that there was a password on it.

This also showed that there was something fishy going on!

However, if they needed a password, how were they going to get down?

This question made the two of them fall silent for a moment.

This was really a problem.

“Let's go to the basement and take a look.”

In the end, the two of them decided.

Then, they went straight to the basement.

The stairs here led to the basement floor below.

The basement one and basement two were parking lots, and the parking lot here was very large.

Miracle Corporation was a very large company, so there were many employees here.

The employees were also treated well. In addition, this was not the city, so public transportation was not convenient. Therefore, if they came to work, every employee would have their own car.

Therefore, the parking lot here was very large and there were many parking spaces.

The two of them went down to the basement floor separately and began to search the border area.

If they didn't have the equipment to interfere with the camera, they might have been discovered long ago.

Wearing the equipment provided by Tang Luo would affect the surrounding cameras.

However, these effects would not be discovered by humans. It would only make it impossible for the cameras to capture people.

In other words, Qi Xibei and Qiao Yanyu were invisible in the camera.

Of course, they couldn't be seen in the camera, but they could still be seen with the naked eye. After all, they were not really invisible.

However, as long as there were no cameras, they were not afraid of running into others.

The parking lot was full of cars. As long as he was careful, he could avoid the attention of others.

Therefore, the two of them were not discovered.

After searching the place successfully, the two of them frowned.

As expected, he couldn't find the way down!

This was normal. If they could find the way down here, wouldn't they be easily discovered?

The people from Miracle Corporation would not be so stupid.

"Then...What should we do?"

The two of them gathered together and discussed again.

They didn't have a card and couldn't come down from the top floor.

And there was no way to go down here. Therefore, the elevator must be the only one that led to the basement.

“How about... Lure them out by setting a fire?” Qiao Yanjue suggested.

“No.” Qi Xibei shook his head.” Maybe even if we set a fire here, it might not affect what’s below.”

Moreover, this might cause casualties.

They were here to look for Ling Juan and Qi Xin, not to commit murder and arson.

Qiao Yanyu felt that this idea was not appropriate and shook his head.” Alright, let’s change the plan.””

“Don’t worry about that. Let’s wait here first.”

“Alright, I’ll do it. He would wait for an opportunity.”

Chapter 1967 - 1967 Unable to Enter

The two of them waited outside until night fell.

At around six o’clock in the evening, the people in the building started to get off work. Some of them got off work on time.

At around eight o'clock in the evening, there were even fewer people here.

At nine o'clock, there was almost no one in the building.

At this moment, a car drove into the parking lot.

Qi Xibei and Qiao Yanyu stayed in the parking lot while the other stayed upstairs. They split up.

Soon, Qi Xibei saw a few people get out of the car.

These were all ordinary people.

However, one of them stunned Qi Xibei.

That person looked familiar!

Oh right! It was the person who was with Ling Juan previously!

It was one of the people who stood opposite them with a gun when the two sides fought a few nights ago.

If not for Qi Xibei's strong memory, he might have long forgotten this person's appearance.

After seeing this person, she finally confirmed her guess.

This place was indeed related to Ling Juan!

She took out her phone and sent a message to Qiao Yanyu.

After receiving the message, Qiao Yanyu was also on high alert.

After a while, the elevator came up.

A few people came out from inside.

Seeing these people, he recognized one of them.

It was indeed the person who was with Ling Juan!

Then, he stared at their movements.

Soon, they arrived at the eleventh elevator.

Qiao Yanyu carefully hid behind them.

They took out a card from their pockets and swiped it in front of the elevator.

The elevator door opened with a beep and they walked in.

As expected, a password card was required.

Qiao Yanyu waited outside for another hour before two people came out.

But after that, no one came out.

They didn't wait any longer. Instead, they found an opportunity to leave the building.

"Looks like we can't enter from the outside." Qiao Yanyu said with a frown after getting into the car.

"Yes, I am." Qi Xibei also knew this. "So, we have to think of other ways."

They had made a lot of preparations before and originally wanted to sneak in.

But who would have thought that there would be such a secret place here, and that the security would be so tight?

If they used the normal method, they would not be able to enter.

Therefore, they could only think of other ways.

Since they couldn't enter now, they could only go back first.

After they returned, the two of them found Tang Luo and Mo Bonan and told them what had happened.

After learning about the situation here, Mo Bonan and Tang Luo also frowned." So..." It's very difficult to get down."

"If you're accidentally discovered, you might be trapped inside!"

Tang Luo was also very worried.

After all, that was a confined space. No one knew how many people were inside. If something happened, how could they escape?

"So, we have to think about it carefully."

The few of them gathered around the table and discussed.

At this moment, Qiao Yanyu's phone rang.

It was Han Rui.

“You brat, you finally have the time to look for me!” Qiao Yanyu was a little surprised.” How are you now? Are you alright?””

“I’m fine.”

Han Rui’s bright voice came from the other end.” My progress has been very good recently. You’re here in Murica too?”

“That’s right. I’m in Murica now. I’ll give you an address. Come over and we’ll talk.”

Qiao Yanyu said directly.

There were many things that couldn’t be explained clearly over the phone.

Soon, Han Rui arrived.

He first got to know Tang Luo, Mo Bonan, and then everyone talked about Miracle Corporation.

“Miracle Company?” He frowned.” I’m investigating this company!”

These words surprised everyone.” Did you find anything?”

Chapter 1968 - 1968 Camouflage (1)

1968 Camouflage (1)

Han Rui talked about the goods he had received these days.

In order to find out more about Jiang Rongguang, he had been guarding America these days.

Because of the special equipment provided by Qi Xibei and Qiao Yanyu, he managed to make it here without any mishaps.

Moreover, he had also found out some special things.

For example, Miracle Corporation.

“Miracle Corporation is very problematic. I’ve seen some researchers who disappeared a few years ago.”

These words surprised everyone.

“A researcher who went missing a few years ago?”

“Yes.”

Han Rui nodded.” These people disappeared back then, and they more or less had some murder cases on them.”

Because of the nature of Han Rui’s work, the people he could interact with were not ordinary people.

Two years ago, he had participated in a mission to capture a researcher from a certain laboratory.

The experts there had done some incredible things.

However, before they could arrest these people, those experts disappeared.

He didn’t expect to see these experts here.

“Then you didn’t arrest them?” Tang Luo asked curiously.

If those people were related to something, they should be arrested.

“Not for now.” Han Rui shook his head.” Those people have changed their identities. I didn’t arrest them just because I said so. Besides, I haven’t found anything new to use against them. What happened to them was already in the past. If they wanted to arrest them now, they had to find new evidence.”

Although he was a special personnel, Han Rui's work was not without restrictions.

If there was no reasonable reason, they could not arrest these people.

Moreover, Miracle Corporation was not deliberately dealt with casually.

If he acted rashly, he would alert the enemy instead.

"Did you find any evidence?"

"I found a little." Han Rui nodded. "Actually, I suspect that the explosion of the research lab was also related to Miracle Corporation."

Back then, he and his companions had investigated a research lab.

That research lab was filled with research maniacs. What they studied were all things that could not be seen by others.

For example, putting animal genes into humans and giving them the power to create a true superman.

This sounded good, but if he really wanted to succeed, who knew how many people would die?

Moreover, if it really succeeded, it would also bring about a lot of bad effects. At that time, both the law and ethics would be challenged.

Therefore, these people could not meet anyone.

Back then, when the research lab suddenly exploded due to an operational error, Han Rui and his companions were relieved.

Two years had passed. He didn't expect to see those crazy researchers here again.

"Moreover, their appearance has also changed a little. They should have had plastic surgery."

Only after plastic surgery could she change her identity and start a new life.

"I've been following a few of the researchers these days and recording their lives. However, I don't know anything about them in the company."

After Han Rui finished speaking, Qi Xibei nodded in satisfaction." Alright, that's enough.""

Han Rui looked at her in surprise." That's enough?"

"Yes." Qi Xibei nodded." I'm afraid that they'll be living inside, but since they're living outside, it'll be easy."

Qiao Yanyu nodded as well." That's indeed a good idea!"

Chapter 1969 - 1969 Camouflage (2)

The conversation between the two of them made the others a little confused. What good idea did they think of?

"Take me to those experts first.""When the time comes, I'll use their identities to sneak in," said Qi Xibei."

Han Rui and Mo Bonan were both shocked." Aren't you afraid that something might happen?"

However, Tang Luo had confidence in Qi Xibei." Yes, you definitely have a way!"

Qi Xibei was able to help her disguise herself before, and that disguise was very accurate.

If it wasn't for the fact that some things had been exposed, Mo Bonan wouldn't have discovered her gender.

Qi Xibei had too many mysterious abilities. If he really wanted to disguise himself as someone, it would not be a problem.

Besides, she was an actress!

She could perfectly portray that person.

“Yes.” Qi Xibei nodded.” As long as they are outside, I have a way.””

“What is it?” Han Rui asked.

“Hypnosis and disguise.” Qiao Yanyu answered.

” Hypnosis?!”

Han Rui was stunned.” You know how to hypnotize?!?”

“I do.” Qi Xibei glanced at him.” If I didn’t know how to hypnotize, I wouldn’t have survived until now.”

Han Rui was very surprised.

He did not expect Qi Xibei to have such capabilities!

In fact, Qi Xibei knew how to hypnotize people because of her powerful mental power.

She used her spiritual power to invade the other party’s brain and affect it.

In this way, he could ask a lot of questions.

People like Qiao Yanyu, who also cultivated spiritual power, could do the same.

However, this sounded simple, but it was difficult to actually do it.

Qiao Yanyu's spiritual power was quite strong, but it didn't mean that he was accomplished in this aspect. If he acted rashly, he would only turn the other party into a retard.

Only a monster like Qi Xibei would have such ability.

Knowing that Qi Xibei had such capabilities, Han Rui felt even more at ease.

If he hadn't relied on Qi Xibei and Qiao Yanyu to provide him with all sorts of things, he might have been discovered long ago.

It had to be said that the mask that Qi Xibei had prepared was really useful! Five stars!

After putting on these masks, his appearance immediately changed.

Moreover, the speed at which he changed his face was very fast. This was the most important thing.

Only by saving as much time as possible could he deal with more dangers.

Jiang Rongguang might have noticed that something was wrong, so he had more bodyguards around him.

It was much more troublesome for Han Rui to track him down than before.

If he had only used the things provided by the organization, he might have died several times.

Han Rui believed that what Qi Xibei had provided him was definitely not everything she could offer.

Therefore, she would definitely put in more effort if she wanted to do it herself.

Therefore, he didn't have to worry about anything happening between the two of them.

"Alright, I'll bring you there."

Han Rui stood up and said directly, ignoring the darkness outside.

"Alright."

Qi Xibei and Qiao Yanyu did not delay and immediately set off.

Tang Luo and Mo Bonan could only help them from the side.

Han Rui had long understood the identity and status of those people, so he naturally knew where they lived.

Soon, the three of them arrived near one of the experts.

“This person is 1.7 meters tall, thin and weak, has a cold personality, and is not good at talking...”

Han Rui introduced the expert to them on the way.

“1.7 meters? Very good.”

Qi Xibei was very satisfied when he heard this height.

Coincidentally, she was about the same height as him. If she disguised herself as him, it would be much easier.

“There’s one more person. He’s about 1.8 meters tall and has a similar build to Da Qiao.”

Chapter 1970 - 1970 Disguise (3)

1970 Disguise (3)

Han Rui followed several experts and knew their situation like the back of his hand.

He also knew that if Qi Xibei and Qiao Yanyu wanted to go in, they would definitely look for someone who was similar in size to them.

Although both of them could transform their bones and disguise themselves as other people. However, if he wanted to maintain this body shape, it would be difficult for him to react in time when he encountered something.

If anything happened inside, it would be difficult to deal with.

Therefore, he found two people who were similar in size to them.

Fortunately, these people had different sizes, so it was quite easy to find a suitable one.

“Is there protection here?” Qi Xibei looked at the house in the distance with a cold gaze.

“Yes.” Han Rui nodded. “There are many security guards here. If I didn’t rely on your support, I might not have been able to enter.”

These were all very powerful experts.

Generally speaking, such an important person had to be protected well. Or they could live together and be protected together.

However, these experts did not live in the same place. Instead, they were scattered.

They looked just like ordinary researchers. They had no secrets.

However, this was only on the surface.

In the dark, there were people protecting them.

After all, they were not ordinary people.

However, these protective forces were hidden in the dark and not on the surface at all.

If Han Rui was not experienced and could tell that something was wrong with a glance, he might not have thought so much.

However, Qi Xibei was able to see this problem with his naked eye, which was already very impressive.

Qi Xibei smiled and did not explain that he had asked Qing Zhu to walk around.

Little Green's figure was small. In addition to the dark night, the greenery here was also very good. If it went in, it would be very difficult to be discovered.

Even if they were captured by the surveillance cameras here, no one would suspect anything.

After all, there were quite a lot of small animals around here.

Qing Zhu noticed that there were several bodyguards nearby. From the looks of it, they should all be experts.

Qi Xibei did not let Qing Zhu do anything to them. Instead, he told it to come back carefully.

Qing Zhu quickly found out the location of the bodyguards and told Qi Xibei.

Qi Xibei told Qiao Yanyu and Han Rui about it.

Qiao Yanyu naturally understood how Qi Xibei did it, but Han Rui was shocked. "How do you know?"!

"It's a secret." Qi Xibei raised his eyebrows and smiled.

Han Rui's mouth twitched, but he did not say anything in the end.

Since she didn't want to tell him, he wouldn't ask.

He understood this logic.

“Then how do we lure them away now?” “Why don’t I lure them out?” Han Rui asked.”

“Alright.” Qi Xibei immediately nodded.

Han Rui was speechless.

He felt that she was waiting for him to say this.

However, since Qiao Yanyu and Qi Xibei were going in, it was naturally up to him to lure them in.

“Take the people over there and find a way to lure them over.”

Qi Xibei said directly.

“Alright.”

Han Rui immediately nodded and got out of the car decisively.

He was holding a bottle of wine in his hand. He took a few sips and spilled some on his body, pretending to be drunk. Then, he rushed to a certain place and cursed.

There were two bodyguards there. Naturally, they were attracted by Han Rui, who was drunk in the middle of the night, and rushed out.

Qi Xibei and Qiao Yanyu immediately sneaked into the hole.

The two of them were not ordinary people. It was not difficult for them to fly on roofs and walk on walls. Coupled with the signal jammer, they naturally entered without attracting attention.
