

## **Chapter 2001 - 2001 The Insect on the Plane (3)**

### 2001 The Insect on the Plane (3)

Qiao Yanyu moved very quickly. As soon as he fell on the man, he immediately got up and apologized profusely.

Such a reaction was too normal, so normal that no one could say anything.

The man looked at him sinisterly, not knowing if he did it on purpose or accidentally.

But no matter what, under everyone's watchful eyes, the man still shook his head and said in a low voice, "It's alright."

Even though Qiao Yanyu had fallen onto his stomach and caused him a momentary pain, it quickly disappeared. It wasn't much of a problem.

If they quarreled because of this, it would not be beneficial for the subsequent operations.

Qiao Yanyu immediately heaved a sigh of relief when the man said that it was fine. "I'm really sorry." It's good that you're fine."

After saying that, he walked to the bathroom at the back.

The man looked at his back with a strange expression.

However, he quickly turned around and sat down.

No matter what happened, he had to wait until the plane took off.

However, he soon realized that there was something wrong with his body.

The joints in his body began to hurt, as if there were worms moving inside.

And it wasn't just one bug, but many bugs.

This feeling made his expression change drastically.

He knew that he had eaten a worm, and he also knew what he had to do next.

However, no one told him that the bug would suddenly move on its own for no reason!

The feeling of these bugs moving around in his body was too terrifying. It felt as if there would be bugs coming out of his body in the next second!

He took a few deep breaths to suppress the restlessness in his body.

However, this was not something he could control.

The worms in his body were stimulated by something and surged crazily.

His expression also began to change. He placed his fists on both sides and clenched them tightly.

A woman happened to walk over and met his eyes.

The next second, the woman screamed in fear.

This scream scared everyone to look over.

“Monster!”

The woman screamed and retreated desperately.

Everyone looked in the direction she was pointing at and was stunned.

They saw that the man’s face was covered with many black veins.

The black veins were moving on his face, as if there was a living thing underneath.

His eyes became terrifying and bloodshot, devoid of any human emotions.

His neck was also swollen, and the veins on it were bulging. It looked very terrifying.

When the person sitting inside the man saw this, he was so scared that he cried out. He unbuckled his seatbelt, stepped on the chair, and climbed out.

The cabin was in chaos.

Everyone was afraid that this terrifying person would suddenly attack them.

Fortunately, the man was still trying his best to control his body. His body trembled, but he did not do anything.

“What happened?”

Hearing the commotion, the stewardess immediately rushed over. When she saw the man’s appearance clearly, she was so frightened that she gasped.

Was he sick?

However, this kind of illness was really strange. Everyone had never seen such a situation before.

“Is there a doctor here? Ah!”

Before the stewardess could finish her sentence, she was shocked by the changes in front of her and screamed.

Because this man suddenly stood up.

Most importantly, he had snapped the seatbelt on his seat!

This scene scared the others into screaming crazily.

What kind of monster was this?

Moreover, this man had become even more terrifying.

Her originally fair face was now covered by black veins. It was disgusting and terrifying.

**Chapter 2002 - 2002 The Insect on the Plane (4)**

2002 The Insect on the Plane (4)

Looking at this man who looked like a monster in a movie, the others screamed.

Was he preparing to attack them?

Or rather, what kind of infectious disease could make others as terrifying as him?

Everyone screamed crazily and kept retreating.

The man growled and threw a punch at the seat in front of him.

With a bang, a dent appeared in the back of the seat.

This scene made everyone gasp.

Damn it!

He was really a monster!

Only monsters could have such terrifying power!

When they met his bright red eyes, everyone was so scared that their legs went weak.

Some people shouted crazily, some rushed to the front and shouted for the door to open, and some wanted to open the safety door. It was a mess.

Even if there were many men on the plane, who would dare to go up against such a terrifying monster?

If they were faced with someone who was going back on their words, they could still swarm them.

But this was a monster!

Who would dare!

Everyone was so scared that their legs went weak. They wanted to leave this terrifying plane immediately.

Some people had already started to imagine that blood would flow all over the ground in the next second.

They would be left here!

The narrow space was filled with a despairing aura.

When the man took a step forward, everyone was so scared that they took a few steps back and squeezed together.

Seeing that he was about to throw a punch, everyone gasped.

But in the next second, everyone's shock came to an abrupt end.

Because a man suddenly appeared from behind and pinned down the monstrous man who was about to lose control!

The tall and handsome man was like a god that had descended. He grabbed the man's hand and twisted it backward.

The man screamed and wanted to pull his hand back.

However, his strength was clearly not stronger than the man behind him.

The man gave him a heavy chop on the neck, and then he finally fell down.

Everyone felt like they were dreaming when they saw the handsome man subdue the monster so quickly.

This... Was it that simple?

No, it was not simple!

This monster's strength was terrifying. To be able to suppress this monster, his strength must be different.

No matter what, the despair from before instantly dissipated.

"Please bring a rope over and inform the police. Thank you."

The man's deep and mellow voice made many girls blush. After seeing his appearance clearly, everyone could not help but be tempted.

This was too cool!

However, this man...It looked a little familiar!

The stewardess quickly handed the rope over, her eyes shining.

Qiao Yanyu only stood up after tying the man up with a rope. "Are the police here?"

"Coming, coming!"

The cabin door was opened again, and the police rushed in.

Looking at the man on the ground, the police were also very surprised.

This appearance...It was too terrifying!

What was wrong with him?

“Officer, I suspect that he has some illness that might cause harm to other passengers.”

Qiao Yanyu said.

“Yes, yes, yes!” The others nodded in agreement.” He suddenly fell ill just now and even smashed this seat!”

Everyone stood up for Qiao Yanyu and pointed at that terrifying spot.

Looking at the damaged dent, the police were also stunned.

“This is...”

“This is what he did!”

The policeman looked at the monster on the ground in horror, then looked at Qiao Yanyu with admiration.

To be able to capture such a powerful monster, he was also a character!

### **Chapter 2003 - 2003 The Insect on the Plane (5)**

2003 The Insect on the Plane (5)

Soon, the police took the man away.

As the witness who had stopped the man, Qiao Yanyu was also brought in for questioning.

Because of this incident, the flight was delayed.

The other passengers were arranged to go to other flights. Qiao Yanyu, Qi Xibei, and the old man followed the police out.

When the police saw Qi Xibei, they finally realized why Qiao Yanyu looked familiar. He was Qi Xibei's boyfriend!

The anti-cancer drug had only been out for two months, so the popularity had not dissipated yet.

Qi Xibei was now an internationally renowned figure. Apart from her strength, her beauty was also enough to leave a deep impression on others.

Under such circumstances, everyone was also very interested in her life.

Unfortunately, she had left the entertainment industry after that.

However, everyone knew about her boyfriend.

However, the Chinese were all the same to the police.

If it wasn't for the fact that Qi Xibei and Qiao Yanyu were so outstanding that they had some impression of them, they might have thought that they looked the same as other Asians.

After knowing that Qiao Yanyu was Qi Xibei's boyfriend, everyone's attitude became much better.

Qi Xibei was a hero, and he was a hero too, and he was the hero's boyfriend!

Such a double identity was really admirable.

Qiao Yanyu explained the incident to some of the bystanders and the flight attendants.

According to Qiao Yanyu, he saw the commotion the moment he came out of the washroom. He was worried that the person would harm the others, so he immediately took action.

Because of his decisive attack, he did not cause too much damage. The other passengers were only frightened and did not suffer too much damage.

The police also asked the doctor to come over for a check-up and found that there was indeed something wrong with the man's body.

There seemed to be some parasites in that man's body.

This was the first time they had seen such a case.

But what was certain was that these parasites had a great impact on men.

The doctors were very worried. This was a new type of case. If that was the case, it was very likely that it would cause infection.

Therefore, he should be banned from leaving the country.

The matter was quickly cleared up, and Qi Xibei and Qiao Yanyu could finally go back.

Before leaving, Qi Xibei called Han Rui and asked him to handle this matter.

After all, this was a Gu worm, not an ordinary parasite. If he was careless, he might be hurt.

They were not in the position to say these words, but Han Rui could.

After handing the matter over to Han Rui, Qi Xibei and Qiao Yanyu no longer cared about what happened after that. They took another plane back to the country.

It was already winter when they left the country.

When she returned, it was the Spring Festival.

When the plane landed, it was already a vast expanse of whiteness outside.

It would be the Spring Festival in two days.

Looking at the scenery outside, the old man felt a little emotional.

This year's Spring Festival...It really made people sigh.

Qi Zhian was already waiting for them.

Qi Zhian was very happy to see the old man. Fortunately, the old man was fine!

If anything happened to the old master, it would really be too sad.

“Dad.”

Qi Zhian was a little excited.

“Yes.” The old man nodded with a smile on his face and a little gratified. “Thank you for your hard work.”

“We didn’t work hard. It was Bebe and Yanjue who worked hard.” Qi Zhian didn’t dare to take credit for it and immediately said.

“Yes, the two of them have it the hardest.”

The old man nodded and then looked at the two of them. “If it weren’t for them, I wouldn’t be able to come back now!”

“Grandpa, let’s go back and talk. Everyone will wait at home.” Qi Xibei said.

“Alright, I’ll do it. Let’s go back first!”

#### **Chapter 2004 - 2004 Snatched Away (1)**

2004 Snatched Away (1)

The old man was a little excited when he returned to China.

He thought that he would never have the chance to come back in this lifetime!

Fortunately, he was finally back!

After getting into the car, he followed Qi Zhian to another house.

Looking at the mansion, he couldn't help but shake his head." Sigh, our old mansion is still bigger."

"There's no way to compare," Qi Zhian said with a smile."

How old was the Qi family's old mansion?

After so many years, it had become an antique. Not only did it occupy a huge area, but it also had historical significance.

Although this villa was not small, it was still far from the Qi family's old mansion.

"It's okay. We'll go back later." Qi Xibei said.

Her tone was calm, but it revealed a strong confidence that made people feel convinced.

"Yes, we will definitely go back!" The old man nodded and smiled happily.

Over the past few days, he had a deeper understanding of Qi Xibei.

What he regretted was that he had not given these things to Qi Xibei earlier.

If he had given it to her earlier, he wouldn't have had such a headache now, and the things wouldn't have been snatched away.

As expected, it should have been resolved earlier.

"I have already prepared a room. You guys can rest first. If there's anything, we can talk about it later." Qi Zhian said to them.

"Alright."

The few of them went into their rooms. After washing up, they rested for half a day.

They only woke up at noon the next day.

After coming back, the old man was in much better spirits than when he was in Murica. He was looking at the scenery outside in high spirits.

Qi Zhian and Ling Xiao accompanied him, and they chatted happily.

Although the Qi family's things had not been retrieved, it was good enough that they were safe.

Qi Xibei and Qiao Yanyu came out together, and the few of them began to eat lunch.

After lunch, they began to talk about this matter.

"I've already contacted the others. I want to take back a lot of things." The old man said.

He then looked at Qi Xibei. "When I get them back, Grandpa will give them to you."

Qi Xibei smiled. "No need. You can keep it."

"How can this be!" The old man shook his head. "That's what I should give you."

If it was before, he would have handed the Qi family over to Qi Zhian.

However, after this incident, he realized that the most suitable person was Qi Xibei.

At the very least, Qi Xibei would not be as soft-hearted as they were and end up in such a situation.

If not for Qi Xibei, they would have died long ago.

With Qi Xin's ruthlessness, they would have died long ago.

Thinking of Qi Xin, the old man felt a little emotional.

Qi Xin's ruthlessness was not a problem for others.

However, when this ruthlessness fell on them, they felt that something was wrong.

"I can only rest assured if I leave the Qi family to you."The old man said.

Qi Zhian nodded." I think so too."

They were not people who clung to power. After this incident, they felt that things should be handed over to the right person.

Qi Xibei was the most suitable person.

"Alright then." Qi Xibei did not refuse." Since you've said so, I'll agree.""

After she took over the Qi family, she would find someone else to help her manage it.

There was no need for her to do everything herself.

“Good!”

The old man immediately smiled.” I’ll contact them now!”

He immediately took out his phone and called his brothers and friends.

However, his expression soon turned ugly.

#### **Chapter 2005 - 2005 Snatched Away (2)**

#### **2005 Snatched Away (2)**

“What’s wrong?” Qi Zhian looked at his father’s expression and could not help but feel anxious.

“These bastards!”

The old man hung up the phone and gritted his teeth.” They took it away!”

“Snatched it?”

The few of them were stunned.” What do you mean?”

“They just told me that the Qi family’s business has officially been transferred to Qi Xin!”

“What?”

The few of them were even more shocked.” When did this happen?”

“About yesterday.”

The old man’s eyes were red.” The lawyer said that I personally came forward!”

” How is this possible?!”

Qi Zhian exclaimed,” Aren’t you here?!”

So, how could the old man personally come forward to transfer the property?

“It’s possible.”

Qi Xibei suddenly said.

“What do you mean?”

The few of them immediately looked at her, and the doubt in their eyes became even stronger.

How did things suddenly turn out like this?

“It seems that they have completely fallen out with us.” Qi Xibei smirked.

“Yes, I am.” Qiao Yanyu nodded as well. “They probably didn’t plan to take this step before, but now it seems like they’re getting anxious.”

He was with Qi Xibei every day, so he naturally knew about this.

It seemed like Qi Xin had somehow returned to the country and even snatched the things.

“When Grandpa was locked up by them, they must have done something to Grandpa. They were waiting to do something now.” “Otherwise,” Qi Xibei explained, “Qi Xin wouldn’t have been so straightforward to use Grandfather as bait.”

“In other words...I’ve fallen for it unknowingly?”

The old man was shocked. “So, I don’t even need to come out personally. It’s already a foregone conclusion?”

The old master was about to be frightened.

The old man was not an ordinary person. As the head of an ancient martial arts aristocratic family, he had seen more things than others.

Moreover, there were always some things that were very magical to outsiders in ancient martial arts aristocratic families.

Therefore, he immediately understood what had happened to him.

“I remember now!” His beard was shaking with anger.” I had some dreams for a while! In the dream...I really want to sign some documents!”

At that time, he thought that he was dreaming and was muddleheaded.

When he woke up, he found himself in the same room. Nothing special had happened.

That was why he thought he was dreaming.

But now, it seemed that this was not a dream at all. It was real!

When he was locked up, Qi Xin used drugs to control him, making him do many things that he could not do when he was sober!

“That should be the case.” Qi Xibei nodded.

If not for the fact that she had already squeezed the old man dry, how could Qi Xin use him as bait?

Now, it seemed that they had already made all the preparations.

However, he did not know when Qi Xin had returned to the country.

They were still in Murica, so she sneaked back first to resolve the matter.

It seemed like Qi Xin and Ling Juan were really unkillable cockroaches!

“How can this be!” The old man was so angry that his chest hurt.” I didn’t make the decision when I was sober. How can it have legal effect?!”

He was so angry that he immediately took out his phone and called the others.

The Qi family had many children over the years.

The old man also had a few brothers and sisters of the same age as him. However, they were usually very low-key and rarely came out.

However, they were definitely involved in this matter!

### **Chapter 2006 - 2006 Snatched Away (3)**

#### 2006 Snatched Away (3)

The old man was so angry that his face turned pale. His hands trembled as he made a call.

“Dad...”

Qi Zhian was very worried and wanted to stop him.

However, Ling Xiao shook his head and did not want to disturb the old man.

Even though they knew that the outcome would not change, they still could not stop the old man.

Qi Xibei and Qiao Yanyu looked at each other and did not say anything. They just watched her make the call.

Actually, everyone already knew the result.

Qi Xin would definitely not leave any loopholes.

As expected, the old man's voice became louder and louder, and his expression became uglier and uglier.

".. Good! You guys are so nice! They're all f \* cking working together to deal with me!"

The old man hung up the phone angrily.

If it wasn't for the fact that he still had a shred of rationality, he might have already thrown the phone out.

Those people were really too much!

He called a few people, and they all said that the matter was already set in stone. Moreover, it was his own decision, and they could not change it.

No choice, my ass!

It was impossible for them not to know what had happened!

However, they chose to stand on Qi Xin's side!

One had to know that many of the Qi family's businesses were in the hands of the old man.

If the old man wanted to hand over the property to someone else, he had to be sober and sign these documents with a few people as witnesses and a lawyer present.

These three conditions had to be met before these documents could take effect.

But who would have thought that Qi Xin would drug him and let him be controlled by her?

What was even more terrifying was that those people knew that he could not be sober, but they still bore witness!

Now, everything was under Qi Xin's name!

The old man was so angry that his chest hurt. If not for his good health, he might have already passed out.

"Grandpa, don't be angry." Qi Xibei comforted him. "There's no need to be angry about these things."

"How can I not be angry?"

The old man was still very angry.

He had been betrayed by everyone!

If it weren't for those people as witnesses, the document wouldn't have worked at all!

The document had no legal effect and could not be transferred.

However, because of their testimony, he was 'clear-headed.'

In other words, the document had legal effect.

In that case, it would not be so easy for them to get it back!

Even if he went to sue and said that he was forced to do so, who knew how much time it would take to prove it.

By the time things were cleared up, it might be too late!

Thinking of this, the old man's chest hurt even more.

Those people were too much!

"Grandpa, don't be anxious." Qi Xibei held the old man's arm and massaged his acupuncture points to make him relax." Don't be angry.""

Of course, it was a good thing that the old master's business could be given to her.

If he could not give it to her, it would not be a big problem.

She had the confidence and ability to do better.

Moreover, if she were to take over the Qi family's business again, it would take a lot of time. She might as well start all over again.

"Grandpa, don't worry." Qiao Yanyu also consoled the old man. "I'll fully support Beibei."

Although Qiao Yanyu felt that it was a pity, he wasn't too upset.

Unfortunately, all of the Qi family's assets had fallen into Qi Xin's hands, which had a huge impact on them.

However, he was as confident as Qi Xibei that they could defeat Qi Xin even without the Qi family.

"Dad, you have to have confidence in them." Qi Zhian also consoled the old man. "The children are much better than us."

"Yes, Dad." Ling Xiao also said, "Don't be angry and ruin your health."

After being comforted by the few of them, the old man's expression improved slightly.

He grabbed Qi Xibei's hand." Grandfather is counting on you!"

### **Chapter 2007 - 2007 Operation Begins (1)**

#### 2007 Operation Begins (1)

Qi Xibei smiled and nodded." Don't worry. Just leave it to us.""

She took out a bottle, poured out a pill, and handed it to the old man." Take one first. Have a good rest after you're done." By the time you're done resting, the matter should have been resolved."

The old man looked at the pills in front of him and sighed." Alright, I won't burden you guys anymore."

The current him was no longer the powerful head of the Qi family, but a disheveled old man who had lost almost all his wealth.

If it was anyone else, they might not have bothered with him after knowing that he was useless.

How could Qi Xibei and his family be so good?

At the thought of this, he could not help but think of Qi Zhiqiang's family.

Then, he gritted his teeth in hatred.

He felt that he had treated Qi Zhiqiang and his family well enough.

He would not hesitate to give her money and would not refuse to do anything.

If Qi Zhiqiang wasn't so hopeless, he wouldn't have chosen Qi Zhian.

In this way, he had already done what he should have done.

But who would have thought that the one who stabbed him was his family?!

If Qi Zhiqiang had not given him the knockout powder, he would not have fainted and been controlled by them.

Thinking of the comparison between the two sons, the old man was angry and relieved.

She was angry at Qi Zhiqiang, but she was relieved because of Qi Zhian and the others.

His emotions were fluctuating too much, and his expression kept changing. The others looked on with trepidation.

“Grandpa, let’s eat first.”

Qi Xibei was very decisive and stuffed the pill into his mouth.

“Yes...”

The old man’s mouth was suddenly stuffed and he almost cried out.

However, the next second, the pill melted and flowed into his throat.

The gentle aura brought by the pill calmed him down very quickly.

He sighed and looked at the rude Qi Xibei speechlessly.” Forget it. I don’t want to think about it anymore.” I’ll go rest.”

Of course, he knew that Qi Xibei’s brutality was all for his sake.

Thinking about it, since he couldn’t help, he didn’t want to cause any problems with his body. When the time came, he would have to make everyone worry again.

This wasn’t good.

“Okay, Grandpa, have a good rest. We’ll take care of it later.”

“Alright.”

The old man stood up and waved at them.” I’ll leave the matter to you.””

After saying that, he staggered back to his room.

After the old man returned to his room, they continued their conversation.

“I didn’t expect Qi Xin to come back by herself when we were looking for her in Country M.”Qiao Yanyu broke the silence.

“Yes.” Qi Xibei nodded.” It seems like she’s doing quite well.”

Otherwise, she wouldn’t be able to come back.

They all thought that after eating the Gu worm, Qi Xin would definitely have to recuperate in Country M.

However, who would have thought that she would secretly run back to the country.

Moreover, he quickly resolved the matter.

It was completely beyond their expectations.

“This...” “What should we do next?” Qi Zhian couldn’t help but ask.”

It was not that he did not know anything, but he did not know what Qi Xibei and the others were planning.

If they didn’t know what the plan was, they wouldn’t be able to cooperate.

“Let’s find out her plan first, then we’ll see.” Qi Xibei said.

“Alright then.”

However, they soon found out about Qi Xin’s plan.

In the afternoon, Qi Xibei received a call from Huo Zijun.

On the phone, Huo Zijun said that Hong Yanshao had a problem with the raw materials channel.

Now, Hong Yanshao had stopped production.

Qi Xibei immediately understood that Qi Xin's operation had begun.

## **Chapter 2008 - 2008 Wrong Materials**

### 2008 Wrong Materials

Qi Xibei realized that Qi Xin was serious this time.

Previously, because she did not get the old man's assets, Qi Xin's actions were a little restrained.

But this time, she seemed to have gone crazy and started to attack them crazily.

Hong Yanshao's business was going very smoothly now, and he had directly expanded overseas.

However, there was a problem with Hong Yanshao's source of materials.

Previously, they had signed a cooperation contract with other businesses.

To be able to cooperate with Qi Xibei was a sure win for these businessmen!

After all, Qi Xibei had become famous recently.

Anyone would feel honored to be able to work with Qi Xibei.

Therefore, unless something happened to Qi Xibei and he was unable to turn things around, these businesses would not back down.

This time, the merchants were indeed unwilling to breach the contract.

However, the objective situation was not good.

Several businesses had problems with their resources.

Among these medicinal herb merchants, several of their medicinal fields had problems. Those medicinal herbs that were about to mature had problems!

Moreover, the problems were different. Some were gone by water bubbles, and some were on fire for unknown reasons. There were also some that met with mishaps during transportation.

In this way, there were mistakes in these medicinal herbs and they could not be sent to Hong Yanshao's company.

Since the materials could not be sent over, Hong Yan Shao could not continue to produce.

For a company, without materials, there was no way to continue.

No matter how good the product was, it could not be produced without materials.

A clever housewife can't cook without rice.

These medicinal herbs were found by the company after investigation and testing. The quality of the medicinal herbs was very good.

But this time, they all had a problem.

This time, Hong Yan Shao had a headache.

"They won't be able to find other sources of goods for the time being."Huo Zijun's expression did not look too good.

As Hong Yanshao's manager, Huo Zijun was in charge of these matters.

But now, the problems had appeared like a swarm of bees, making his head explode.

After all, this was not a problem with the production line, nor was it a problem with the product. It was a problem that started from the source-the material.

"Can't you find anything else?" Qi Xibei asked.

"I can't find it." Huo Zijun shook her head." When we found out that something had happened to the other party, we immediately contacted the other medicinal herb dealers. However, they said that the medicinal herbs had all been bought."

Huo Zijun was furious.

As a mature company, they would not be manipulated in this aspect.

They also had backup resources.

However, who would have thought that someone would actually be one step ahead of them and snatch away all the medicinal herbs they needed?

The whole country was so big, and there were many places that planted the same herbs. However, Huo Zijun realized that the herbs they needed had either gone wrong or been bought away!

It would be strange if there was nothing fishy going on!

"I've also contacted overseas countries, but they can't compare to us in this aspect. Moreover, even if we really cooperate with them, our company's products will be empty for a period of time."

After all, the growing time of foreign herbs was different from that of their own country. Moreover, with the transportation, the time did not match.

Huo Zijun felt a headache coming on." What should we do?"

Qi Xibei looked at the documents on the table, then at Huo Zijun's troubled face. After a moment of silence, she said," It's okay. I'll handle it.""

"How should we deal with it?" Huo Zijun was still very worried." Could it be that you can conjure medicinal herbs?"

"I can't." Qi Xibei shook his head.

Huo Zijun was speechless. What the hell was there to say!

#### **Chapter 2009 - 2009 Controlled**

"Don't worry, there's no hurry. Let's take it slow."Qi Xibei said.

Huo Zijun almost died of anger when she saw Qi Xibei so relaxed.

"Forget it, I don't care about you anymore."

He stood up angrily." I'll wait for your news anyway. If not, close the door!"

Of course, he said it out of anger.

He was still very confident in Qi Xibei.

With Qi Xibei's ability, no matter what kind of predicament she faced, she would be able to overcome it. After all, she was not an ordinary person.

As for the company...Anyway, it was useless for him to be anxious. He might as well go back and rest.

Seeing that Huo Zijun had really left, Qi Xibei smiled.

Qiao Yanyu handed her a glass of water." It looks like Qi Xin wants to kill Hong Yanshao.""

"Yes." Qi Xibei nodded." It looks like she's going to fight us to the death.""

Moreover, from this, it could be seen that Qi Xin had been seriously injured previously, so badly that she had gone all out.

Originally, even if Qi Xin wanted to attack them, she would not be so cruel.

But this time, she was so ruthless and cut off all their channels.

It felt like she was going to fight them to the end.

“But what I find strange is, how did she do all this by herself?”

Qi Xibei looked at the message on his phone with a slightly solemn expression.

“Indeed.” Qiao Yanyu nodded. “It’s impossible for her and Gu Guanlin to do it.”

It was not easy to buy so many medicinal herbs and cut off all the channels for those medicinal herbs.

After all, China was so big and there were so many medicinal herb merchants. Where did she get the ability to settle everything here?

“It seems that she has found quite a few allies.”

“It should be.” Qiao Yanjue agreed.

Before he could finish his sentence, Qiao Yanyu received a call.

After hanging up the phone, he sneered. “It seems like Qi Xin is determined to kill us.”

“What’s wrong?”

“There’s also a problem with my material channels.”

Qiao Yanyu had just received a call saying that there was a problem with some of their company’s materials.

At the same time, their company’s warehouse almost caught fire.

If not for the timely rescue, something might have happened.

Moreover, some of the material suppliers also said that there was a problem on their side.

This was the same as what Hong Yanshao had encountered.

If it wasn’t for Qi Xin causing a ruckus, that would be weird.

“Looks like she hates us!” Qi Xibei did not get angry. Instead, he smiled.

“Yes, I am.”

Qiao Yanyu nodded.” They’re going to fight it out with us.” I’m just curious. Who supports her?”

This problem was easy to solve.

Soon, Qi Xibei found out.

She contacted a lot of people, but all she got was the same answer-sorry, we already have a partnership with other companies.

This result surprised Qi Xibei.

One had to know that her identity was not ordinary.

After all, she was the inventor of a new anti-cancer drug. Everyone knew how strong she was.

If they could cooperate with her, they would be able to get the upper hand if there were any new products in the future.

Under such circumstances, everyone knew that it was right to be on good terms with her.

However, they had actually refused to cooperate with Qi Xibei!

Were they out of their minds?

“They shouldn’t be brainless. They’re being controlled.” Qi Xibei quickly guessed the situation.

“Controlled?” Qiao Yanyu thought about it and felt that the possibility was very high.

He had also looked for other partners and found that the other party’s answer was the same.

Such a unanimous reaction was too strange.

#### **Chapter 2010 - 2010 Making a Visit**

“Looks like we have to make a trip.”

Qi Xibei said to Qiao Yanyu.

“Alright.”

The two of them quickly changed their clothes and went to several companies.

They found a way to get close to the heads of these companies and found that they were indeed in trouble.

“They have the smell of Gu worms on them.”

That was what Qing Zhu said.

These Gu worms were different from the ones it had eaten before, but they all tasted like Gu worms.

This Gu worm could control the other party's mind.

That was why these people made such a decision.

However, these decisions had already been made. Even if they were cured now, it would not be of much help to this matter. After all, the contract had already been signed, and they could not go back on their word for the time being.

"It seems like she's watching us until we can't resist." Qiao Yanyu sneered.

Qi Xin must have had someone helping her in the back since she had created such a big scene.

This person...It must be Jiang Rongguang.

After all, if something happened to Miracle, Jiang Rongguang would definitely feel the pain.

Jiang Rongguang would definitely find someone to take revenge.

They, the main culprits, would definitely be remembered.

“What do we do now?” Qiao Yanjue asked for his opinion.

“Let’s wait and see.” Qi Xibei replied.

“Alright.” Qiao Yanyu had no doubts.

Even if they were anxious now, they would not be able to find the materials.

Without materials, they could not continue to produce.

Without the product, the company would suffer losses. After all, even if they did not make any money, the employees would still be paid as usual.

However, the two of them were not in a hurry.

After returning, the two of them went into the laboratory separately.

Because the two of them had different focuses, the contents of their laboratories were different.

Qi Xibei’s laboratory was filled with all kinds of medicinal herbs, while Qiao Yanyu’s laboratory was filled with all kinds of metals and materials.

Their laboratory was quite big, almost a hundred square meters.

Moreover, the equipment inside was very complete.

Actually, both of them could use their spiritual power to refine what they wanted.

However, if they wanted to mass produce it, they would have to use the equipment here to process it.

If they could only produce it using their own methods, then there was no way to spread the production.

Therefore, there were many modern instruments in the laboratory.

This also allowed them to skillfully use the equipment inside when they sneaked into Miracle's basement.

It was also because of this that they were able to stay inside for so long. Otherwise, their behavior would have been too strange and they would have been discovered long ago.

Fortunately, it was the new year and everyone was on holiday. Therefore, even if there was a problem with the materials, it did not have much of an impact on the company.

However, this situation could not last for too long. After all, he would have to go back to work in a few days.

If there were no materials at that time, the company might be in chaos.

Therefore, they had to settle this matter in the shortest time possible.

It was the New Year, and the two of them were stuck in the laboratory, which made Qi Zhian and the others feel very sorry.

It was such a good day, but they could not relax. It was really heartbreaking.

Qi Xibei and Qiao Yanyu stayed in the laboratory for two days before they finally came out.

Looking at each other, the two of them smiled at each other.

“Done?”

“Done.”

“Let’s go.”

After a tacit conversation, the two left the house.

Qi Zhian and Ling Xiao exchanged a helpless look as they watched the two of them leave.

He only hoped that they would be safe.

On the other side, Qi Xibei and Qiao Yanyu went to the managers 'houses separately.
