

## **Chapter 2011 - 2011 Done**

This time, Qi Xibei had prepared many things.

These managers all had Gu worms on them.

If they continued to let these Gu worms stay on their bodies, it would be troublesome.

Gu worms would control them, making them unable to make the right decision.

If there were no Gu worms, they would definitely stand on Qi Xibei's side. After all, their brains were normal.

However, with Gu worms, their situation was not good.

They would not consider benefits, they only knew to listen to the Gu worm's commands.

If this continued, even if this matter was resolved, there would be a next time. After all, if these companies took the same step, Qi Xibei and Qiao Yanyu would be in trouble.

Previously, Qi Xibei had taken a look at these managers and asked Xiao Qing to confirm the condition of the Gu worms in their bodies.

With Little Green around, it was much easier to determine the situation of the Gu worm.

At night, when everyone was sleeping, Xiao Qing would sneak in through the window and get close to these people to figure out their situation.

It was also because these people slept soundly at night that they did not notice the snake beside them. Otherwise, they would have been scared to death!

Little Qing told Qi Xibei that the Gu worms on their bodies were of the same species. They were all used to control one's mind and reason.

After Xiao Qing's explanation, Qi Xibei quickly figured out the situation of these Gu worms and even concocted the corresponding medicine.

Then, she and Qiao Yanyu split up.

They put the drugs into the water or drinks that the managers drank.

After drinking these things, the Gu worms in their bodies would be activated.

The two of them spent two days running around China and finally gave everyone medicine.

Then, they went back to wait for the news.

The next day at around nine o'clock, there was finally news.

The managers almost fell ill at the same time!

Their condition was similar to the man on the plane.

However, their situation was much better than that man's. At least the Gu worms on their bodies would not make them self-destruct.

However, their terrifying appearance and red eyes frightened the family members.

Because it was still the Spring Festival, all the family and friends gathered together to celebrate the new year.

It was also because of this that they could work together to tie up these people who had fallen ill.

After that, they sent these people to the hospital.

Surprisingly, although these people were in different places, their reactions were the same, which frightened the doctors.

What kind of illness was this?

Fortunately, these were all rich and powerful people, so when such a thing happened, they quickly blocked the news.

Otherwise, if word of this 'illness' got out, it might cause a national panic.

After all, patients with the same symptoms in different places at almost the same time were like infectious diseases.

Because of the appearance of these people, even the relevant departments above were alarmed.

After a thorough examination, everyone finally heaved a sigh of relief.

These illnesses were not contagious.

This good news made everyone relax.

However, how should he deal with such an illness?

At this moment, their attending doctor realized that there was a piece of paper on his desk with a bottle pressed on it.

There were two pills in the bottle. The paper said that this was a medicine that could treat those people.

This matter spread among the doctors in several hospitals and soon became one of the unsolved mysteries here.

However, after taking these medicines, these patients really recovered!

### **Chapter 2012 - 2012 Jiang Rongguang's Lair (1)**

2012 Jiang Rongguang's Lair (1)

He had thought that after giving out the medicine and letting these people recover, the matter would come to an end.

Unexpectedly, Qi Xibei received another message the next day.

There was another problem!

The ones who were poisoned were the managers of the major companies.

After taking the medicine, these people were fine, but they still had to recuperate in the hospital for a period of time.

Therefore, the company's matters were handed over to their children or others to handle.

However, there was also a problem with these young people!

Yes, these people were also poisoned!

It was still the problem that Little Qing had discovered.

Xiao Qing had secretly entered those people's homes to see if they were completely recovered.

However, who would have thought that the previous batch of people would indeed be fine, but the young man would fall for it!

Qi Xibei was stunned when he heard about this.

Qi Xin was determined to fight them to the end!

He had thought that things would be easier after these matters were resolved.

However, now that there was another batch of victims, things were troublesome.

They were not worried about the problem of curing the gu, but this was not just a head!

"If we don't find the source, there's no way to solve the problem." Qi Xibei's expression was cold.

“Yes.” Qiao Yanyu nodded. “They are serious this time.”

Qi Xibei sneered.” Then let’s play with them!”

However, what made them speechless was that even though Qi Xin had caused so much trouble, she did not show up.

They had been back for so long, but they had never seen Qi Xin appear. It was as if the previous incidents were caused by someone else.

Qi Xibei sent someone to look for Qi Xin, but she was nowhere to be found. Even Gu Guanlin didn’t have any useful information.

Qi Xin was missing?

Before the two of them could do anything, they received another message from Han Rui.

Han Rui said that he had found Jiang Rongguang’s whereabouts!

Yes, after spending so much time, he finally found Jiang Rongguang’s lair.

This news made the two of them overjoyed.

This matter was indeed related to Qi Xin.

However, wasn't the reason why Qi Xin could be so arrogant because of Jiang Rongguang's support?

If it weren't for Jiang Rongguang, the mother and daughter wouldn't have dared to be so unscrupulous.

Moreover, they had no way to obtain Gu worms that could control others.

After all, it was a very troublesome and complicated matter to nurture Gu worms in large quantities. Without enough resources, they could only fight on a small scale.

Just like a family workshop and mass production, the difficulty level was not on the same level.

However, this time, there were 20 to 30 people who had been poisoned. Such a number was really shocking.

To nurture a Gu worm, a lot of poisonous insects were needed.

And now, Qi Xin had displayed more than that.

Qi Xibei suspected that even if she cured this batch of people, there would be another batch.

Therefore, Jiang Rongguang must have spent a lot of effort.

Even if he only dealt with Qi Xin, things wouldn't be much better. After all, Jiang Rongguang was still alive, so he could continue to create all kinds of trouble.

Therefore, Jiang Rongguang was the source of everything!

Thus, after receiving Han Rui's message, the two of them made a prompt decision and immediately set off.

They had just returned to the country for a period of time and had just finished the Spring Festival holiday. They did not even have time to catch their breath before they had to go abroad again.

However, this time, it was not in M Nation, but in another country.

This country was relatively backward, and the people were relatively ignorant.

Moreover, a large part of the country's economy came from drugs. Grade.

### **Chapter 2013 - 2013 Jiang Rongguang's Lair (2)**

#### **2013 Jiang Rongguang's Lair (2)**

This country wasn't big, but it was divided into several factions, causing a huge commotion.

Previously, they had suspected that Jiang Rongguang's base camp was here. After all, the environment here was the most suitable.

However, even after suspecting so much, they still could not find any evidence.

Moreover, Jiang Rongguang had often acted in Murica before.

His lover, Doris, was an actress in Murica. He was quite sentimental and often went to look for Doris.

Who would have thought that his base camp was somewhere else?

This time, after a long period of hard work, Han Rui finally found Jiang Rongguang's base camp.

This was an improvement that transcended an era!

It would be great if they could capture Jiang Rongguang in one fell swoop!

In order to complete the mission, Han Rui had also found his partner to deal with the drug lord, Jiang Rongguang.

Qi Xibei and Qiao Yanyu immediately set off after receiving the news from Han Rui.

To capture the thief, they had to capture the leader first. Once Jiang Rongguang was taken care of, Qi Xin and Ling Juan would be useless.

If not for Jiang Rongguang, how could they have escaped so many times?

Before they set off, the two of them handed over their work to the others.

He didn't know what would happen this time.

They didn't want to run into any problems here while they were outside.

Therefore, the two of them handed over their businesses to others to manage.

Fortunately, they had always been operating in this way. Even if they left, the company could still operate normally.

In addition, they also took out the new products that they had developed previously and handed them to the product manager.

Because of the problem with the herbs, the problem was difficult to solve in a short period of time.

Therefore, they could only find another way.

If it were any other company, they would have suffered a huge blow if they encountered such an attack. They might never be able to recover.

However, this was not a big problem for Qi Xibei and Qiao Yanyu.

Who asked them to come from different backgrounds?

To them, as long as they worked hard, they would be able to replicate what they had before.

There were new changes in both of them.

Qi Xibei had improved the formula of his skincare products.

The medicinal ingredients needed for the new product were different from the previous ones. In other words, they weren't affected by what happened before.

Qi Xibei did not believe that they could snatch all the materials away.

Even if Qi Xin and the others joined forces, it would not be so exaggerated.

After all, China was so big that they couldn't really cover the sky with one hand.

Qiao Yanyu did the same thing.

He took out a new material. Even if the previous materials could not be produced, with these materials, the company could continue.

Therefore, after the employees of the two companies returned from a few days of vacation, they found that the company's products had changed.

However, as long as the company continued to develop and they received their salaries, that was enough.

After arranging these matters, Qi Xibei and Qiao Yanyu left the country together.

Soon, they met Han Rui.

"I guarantee that this is his lair!" Han Rui was a little excited.

How could he not be excited?

For this matter, he did not know how long he had worked hard.

If it weren't for Qi Xibei and Qiao Yanyu's help, he might not have been able to hold on and would have been in trouble long ago.

It was precisely because of the incident with Miracle Corporation that Jiang Rongguang could not hide his tail.

That was why Han Rui found a clue and followed them here.

### **Chapter 2014 - 2014 Jiang Rongguang's Lair (3)**

#### 2014 Jiang Rongguang's Lair (3)

This time, Han Rui also found two of his companions.

"Let me introduce you. This is Big Horn, and this is Little Qu." Han Rui introduced them to each other. "This is my good friend, Da Qiao, and Xiaobei."

None of them showed their true appearance.

Qi Xibei and Qiao Yanyu, in particular, would not use their real appearances.

It couldn't be helped. Their identities were too special.

Han Rui's partner had the same status as him, so he naturally understood the other party's scruples.

They didn't plan to become friends. It was enough that they could work together this time without any problems.

“Hello.”

“Hello.”

Both parties greeted each other warmly, and then without a moment’s hesitation, they began to discuss the operation.

“I followed them in before, but I wasn’t prepared enough, so I didn’t dare to go deep.” Han Rui explained with a dark face, “I think there should be more inside.”

He had only found Jiang Rongguang’s lair, but the things in the lair had to wait for them to continue investigating.

“We have to understand the situation inside clearly before we can take action.”

“We have to understand this clearly so that there won’t be any casualties,” said Big Horn with a straight face.”

“Yes.” Little Qu nodded.” However, the security there is very strict. I went to take a look before, but I couldn’t enter.”

Han Rui felt a little ashamed.” I was almost discovered by them before. Since then, they have been even stricter.”

He had snuck in before and discovered many terrifying things.

After he was discovered, the guards there became even stricter.

He could still enter before, but it was even more difficult now.

If not for that, he would not have informed Qi Xibei and Qiao Yanyu to come over so quickly.

“Where is it?” Qi Xibei asked.

Han Rui opened a map of this place and pointed to the address on it.” There’s a large plant plantation here. There were walls and iron nets outside, making it difficult for ordinary people to enter.”

The guards outside were very strict.

There were cameras everywhere, as well as electric fences.

Looking at the photos taken by Han Rui, the strict security made people feel cold.

“Unless you can fly, it won’t be that easy.” Han Rui concluded.

Big Horn and Little Qu looked at the map and photos, frowning." Then we have to lure the others away before we can continue the investigation..."

"No need." Qi Xibei interrupted them." I'll investigate."

These words stunned the two of them." You investigated?"

"Yes." Qi Xibei nodded, completely unaware of the terrifying words he had said." Just you wait. I'll give you an answer.""

Of course, Qi Xibei wanted Little Apple to take action.

It was indeed heavily guarded, making it difficult for humans to enter.

However, just because humans could not enter did not mean that other things could not enter.

Qi Xibei flipped through the photos Han Rui had taken and quickly found a loophole." Yes, we can enter from here.""

Big Horn and Little Qu were stunned when they saw the photo.

They looked at Qi Xibei with complicated expressions." You're not joking?"

There was indeed no fence or electric fence on the top.

However, this did not mean that the situation was good. On the contrary, the situation was even more terrifying!

Because this place was filled with poisonous plants!

That terrifying spike was daunting!

These were poisons that could kill!

If he was stabbed, he would be finished.

“We’re not joking.” Qiao Yanyu spoke on behalf of Qi Xibei.” Just wait.””

Seeing how confident he was, Big Horn and Little Qu had complicated expressions.

#### **Chapter 2015 - 2015 Jiang Rongguang's Lair (4)**

2015 Jiang Rongguang's Lair (4)

If Han Rui had not said that his two friends were very powerful, they would have really thought that these two people had come out of nowhere to joke with them!

This place was no less dangerous than other places.

Why didn't Jiang Rongguang install a power grid here? Wasn't it because there was already enough defensive power here!

Looking at the dense spikes, even a chicken would not be able to get in!

As long as the skin was scratched, it would be poisoned.

If he wore protective clothing, he would be easily discovered.

If it were them, they would rather choose to climb over the wall!

At the very least, after cutting off the power grid, the danger would be greatly reduced.

Of course, if there was a power failure, the people inside would find out immediately. Then sneaking in would be too laughable.

However, Qi Xibei and Qiao Yanyu were actually so confident?

"I believe them too." Han Rui nodded.

Han Rui's reaction made the two of them silent for a moment. Their mouths moved, but in the end, they did not say anything.

"Alright, wait for our news." Qi Xibei stood up.

".. Alright."

Big Horn and Little Qu were speechless as they watched Qi Xibei and Qiao Yanyu leave.

They grabbed Han Rui." What is your friend doing? Do they really have the ability to enter?"

"That's right! What a joke! People will die there!"

"Don't worry, they really have a way." Han Rui smiled and comforted them. "To be honest, I have more confidence in them than I have in you."

Hearing this, Big Horn and Little Qu's expressions changed.

They wrapped their arms around Han Rui's neck and threatened,""What did you say?"

"Can you repeat that?"

It was already very strange for outsiders to participate in such matters.

But now, Han Rui actually said that he felt that those two people were more powerful than them?

Even though he was threatened by the two of them, Han Rui did not change his words." I'm telling the truth."

"Looks like you are a little arrogant..."

The two of them still wanted to fight, but they were stopped by his words.

"They were the ones who caused the Miracle Corporation incident."

Big Horn and Little Qu froze." What did you say?"

"Did they create the miracle?"

Both of them were stunned.

The entire world knew about the scandal that Miracle Corporation had caused previously.

Their identities were different, so the information they knew was even more different.

Therefore, they knew how powerful Miracle Corporation was and how capable they were.

Under such circumstances, Miracle Corporation had been wiped out in one fell swoop. This shocked the relevant departments in various countries around the world.

Moreover, the terrifying Experimentals over there also made many people feel afraid.

Many people had guessed that those who could capture Miracle in one fell swoop were all experts among experts!

Da Jiao and Xiao Qu had a different relationship with Han Rui, so they knew that this matter was related to him.

They had thought that Han Rui had taken some kind of medicine and suddenly became enlightened.

But now, Han Rui was telling them that it was these two people who did it?!

Big Horn and Little Qu thought they were hallucinating.

“You didn’t hear wrongly.” Han Rui broke free from their arms and tidied his clothes.” If it weren’t for them, I wouldn’t have been able to find a miracle so easily.””

Big Horn and Little Qu were in disbelief.

Although the two of them were using fake appearances, their auras were different.

It was definitely not a problem to say that they were the daughter and eldest young master of a noble family.

But such a person was actually related to Miracle Corporation's scandal?!

"Just wait and see." Han Rui smiled.

#### **Chapter 2016 - 2016 A Plan Without a Plan (1)**

##### **2016 A Plan Without a Plan (1)**

Qi Xibei and Qiao Yanyu did not know Han Rui's evaluation of them, so they were both thinking of ways to sneak in.

This was a small town. Jiang Rongguang's lair occupied a large area, and the walls outside looked very high. Moreover, there were defenses everywhere.

Moreover, Han Rui also said that Jiang Rongguang's spies were all outside.

If these spies discovered any problems, they would take precautions in advance.

Han Rui had spent a lot of effort to sneak in.

Under such circumstances, it would not be easy for them to investigate this matter thoroughly.

Qi Xibei and Qiao Yanyu were like two tourists who had come here for a vacation. They were taking photos of the place with their phones.

During the process, the two of them noticed that many people were staring at them.

Of course, the two of them didn't reveal anything wrong.

In the eyes of others, they were here for a vacation.

Although it was quite chaotic here, there were violent conflicts from time to time. However, the environment here was beautiful.

Green mountains and clear waters, so foreign tourists who were not afraid of death often came.

In any case, it could increase the income of this place, so everyone naturally would not reject it.

However, if they dared to do anything special, it would be no wonder that there were so many missing people.

There were often missing people here. Usually, they didn't know what had happened and disappeared without a trace.

Even if they called the police, there would be no results.

Under such circumstances, normal people would not dare to act recklessly.

It would be fine if he took a good look. If they really wanted to do something, those people were ready to make a move at any time.

Qi Xibei and Qiao Yanyu could feel their gazes.

Even though these people did not appear in front of them, their omnipresent gazes still made the two of them feel clear.

The two of them pretended to be oblivious and kept taking photos.

They didn't stop taking photos or selfies.

They walked and stopped like this, and the two of them slowly approached the place they had agreed on.

There weren't many people in this area because the environment here was quite beautiful. However, many of the plants here were poisonous.

If they were not careful, they would be finished.

Because there was a natural poisonous sting protective net here, there were even fewer people guarding this place.

If anyone dared to lay a hand on these plants, everyone would quickly discover the loophole here. At that time, they would be able to catch them all in one fell swoop.

It was precisely because they were confident in these things that they were not worried about this place.

Outside, there was a sign. It was written in many languages," This place is dangerous. Do not touch poisonous plants."

The notice was written very clearly. In order to prevent people from being poisoned or injured by touching these things, there was a large photo attached.

It introduced the situation of these plants.

The big word "poison" was very clear.

Even the tourists who didn't know anything would carefully avoid them when they saw this.

He could just watch from afar. There was no need to get close.

Seeing that Qi Xibei and Qiao Yanyu stayed for a while, took some photos, and left very quickly, no one had any thoughts about it.

The two of them looked very ordinary. Although their figures and auras were extraordinary, their faces were too ordinary. No one would pay too much attention to them.

Who asked this world to look at looks?

She had an outstanding face. While she took advantage of him, she was also very eye-catching.

On the contrary, an ordinary face was not eye-catching.

What they didn't know was that when Qi Xibei squatted down and posed to take a picture of the flowers, a small snake slid down from her arm and slipped into the grass.

## **Chapter 2017 - 2017 A Plan Without a Plan (2)**

### **2017 A Plan Without a Plan (2)**

Qi Xibei and Qiao Yanyu quickly left the place and headed to the next tourist attraction.

The people who were staring at this place quickly shifted their gazes.

As long as no one went in, they wouldn't care.

Qi Xibei and Qiao Yanyu left the place and found an inconspicuous place to wait for Qing Zhu's return.

At night, when the sky darkened, Little Green finally returned.

After returning, Little Qing told them about the situation inside.

Qi Xibei and Qiao Yanyu were shocked by Little Qing's description.

Just as Han Rui said, that was Jiang Rongguang's lair!

There was a hill with several small hills inside.

Many plants were planted in this hill.

Little Qing said that there were some plants that smelled terrible.

Their existence made it feel a little frightened and threatened.

This shocked Qi Xibei and Qiao Yanyu.

It could actually make Little Green feel threatened? What was planted there?

Wasn't it just a simple prohibited plant that could extract toxins?

Little Green shook its head. Some of the plants there would emit a scent that would make it retreat. Although it would not pose any threat to its life, it would suppress its strength and make it feel bad.

If someone used this plant to deal with it, it could only dodge.

If it did not dodge, its body would feel uncomfortable.

If someone attacked it at this time, the chances of winning would be even greater.

Those should be poisonous plants used to deal with spirit beasts.

Other than that, there were many other people inside.

Those people weren't in good condition, and there were many disabled people among them.

Their bodies were obviously damaged.

These disabled people planted all kinds of plants inside and then picked fruits.

Oh right, there were many people with loaded guns inside.

Those people were guarding this place. If anything was wrong, they would shoot.

Therefore, those disabled people were very obedient.

Other than the people and plants inside, there were also several houses inside.

Those houses were very sturdy, and there should be a lot of things inside.

Qing Zhu wanted to go in, but the defense there was tighter than outside.

Moreover, there was an infrared device inside!

If someone went in, even a bird would be shot as soon as it landed.

Little Green could clearly feel the threat inside, so it did not dare to go in and could only circle around outside.

After listening to Xiao Qing's explanation, Qi Xibei and Qiao Yanyu exchanged glances.

It seemed that this was really Jiang Rongguang's lair.

Otherwise, this place wouldn't be so strict.

From the looks of it, it was even more heavily guarded than those places where a large number of treasures were placed.

Qi Xibei asked Qing Zhu to explain the distribution of the place to him before drawing a map.

After drawing the map, the two of them went to look for Han Rui.

The two of them had returned after only a day. Big Horn and Little Qu thought they had given up.

However, just as this thought appeared in her mind, Qi Xibei took out a piece of paper from his pocket and opened it.

When they opened it and saw the distribution of the routes on it, the two of them were stunned.

"This is..." What was that?

"This is the distribution map of the routes inside." Qi Xibei said to them.

"What?!"

Even Han Rui was stunned. She was not joking, right?

"Where did you get the route distribution map?" Big Horn was surprised.

"I have my ways." "Don't worry," Qi Xibei said. "I guarantee the authenticity."

These words made the two of them frown. "How can you guarantee the authenticity?"

### **Chapter 2018 - 2018 A Plan Without a Plan (Part Three)**

2018 A Plan Without a Plan (Part Three)

Qi Xibei was not angry at their questioning.

She knew that they were also worried about the safety of this operation.

"Because it's going to be the two of us in there."

Han Rui and the others widened their eyes. "What did you say?!"

What did he mean by only the two of them went in?

Han Rui immediately shook his head." No! It's so dangerous inside. I can't let you go in alone!"

"I didn't go in by myself. Let's go in together." Qi Xibei shrugged and patted Qiao Yanyu's arm." Don't worry, we know what to do.""

"No!" Han Rui still shook his head." It's too dangerous inside!"

He had gone in once before and had not come into contact with the core area. However, the danger he had come into contact with had already made his heart turn cold.

Jiang Rongguang was really afraid of death, so he spent a lot of effort to surround this place.

Moreover, the defensive power inside was very strong. It was not something the two of them could deal with at all.

"Don't worry." Qiao Yanyu also spoke up." Didn't we come back safely before?"

"That's right." Qi Xibei nodded." The basement was still a confined space. Didn't we still come out safely?"

"But, this..."

“No buts.” Qi Xibei interrupted him.” Besides, I think the environment here is more friendly to me.”

After all, it was filled with plants!

When he was in the basement, it was all cold metal and machines.

She was able to leave in such an environment.

She couldn't come out alive in such an environment full of plants?

What a joke!

Qiao Yanyu nodded.” You don't have to worry. Our lives are more valuable than yours. We won't go and die.””

He still wanted to live a good life with Qi Xibei and lead a comfortable life. How could he joke around with his own life?

Qiao Yanyu's pride made Big Horn and Little Qu exchange glances. They didn't think much of them.

If anything happened, it would really be irreparable.

"Come, let me tell you about the plan this time." Qi Xibei was swift and decisive as he immediately began to talk about his plan.

Seeing how easily Sibe was directing, Big Horn and Little Tune fell silent again.

In this situation, the one who spoke was a woman and not the man beside her. This made the two of them feel a little awkward.

However, they did not say anything and listened to Qi Xibei's explanation quietly.

"Da Qiao and I will sneak in, and then here, here...Set up the bomb. At the same time, we will set fire to these places..."

"Wait!" Xiao Qu immediately shouted, "Put a bomb on it? Where did the bomb come from? How are you going to bring it in? How can we guarantee that we won't be discovered?"

These were the most difficult problems to solve.

Who didn't know that they could use a bomb to take care of the situation inside?

But the problem was, how could he bring the bomb in?

This was the most troublesome part.

“Use drones?” “ But once the drones enter, they will be shot down, and we will be discovered.”

Therefore, this plan was too difficult.

Of course, they could also throw bombs outside.

However, the distance between the outside and the inside was so far. Even if they broke their arms, they wouldn't be able to throw them in.

Moreover, they would be discovered!

“No drones.” Qi Xibei shook his head.” Don't worry, we have a way.”

“Do you have any ideas?” Big Horn was a little annoyed.” Can you be more specific?”

#### **Chapter 2019 - 2019 A Plan Without a Plan (Part Four)**

#### 2019 A Plan Without a Plan (Part Four)

This matter concerned their lives, but Qi Xibei did not say anything clearly. He only said that there was no problem.

However, if he didn't say anything clearly, who knew if it would work?

What a joke!

Who would play like this during an operation?

Every time they took action, everyone would try their best to perfect their plans. Moreover, they had to prepare Plan B, just in case there were any loopholes in the middle.

However, Qi Xibei said it so casually without going into details.

How could they cooperate?

"The method I used...It's not suitable for you to know."

Qi Xibei was not angry. He smiled at them." You guys just need to cooperate outside." When the time comes, it won't be a problem for you to catch him outside."

Seeing Qi Xibei like this, the two of them felt even more speechless.

In such a situation, she still didn't say anything. Did she not trust them?

"Do you not believe us?" Xiao Qu was very straightforward and immediately asked.

Qi Xibei smiled when he saw the unhappy expressions on their faces.

Before she could say anything, Qiao Yanyu spoke first.” It’s not that I don’t believe you, but our method is too amazing. It will refresh your worldview. Therefore, in order to avoid dealing a blow to you, we won’t say anything.”

His self-righteous attitude made the two of them even more silent.

Was he trying to trick them?

At the same time, the anger in their hearts grew.

Seeing this, Han Rui immediately said,” Don’t be anxious. What they said is true.”

He looked at them sincerely.” They’re different from us. They’re experts beyond the world. Therefore, their operation is different from ours. Moreover, they have many secrets that we can’t know.”

Although Han Rui did not know what Qi Xibei and Qiao Yanyu were going to do, stabilizing the morale of the army was the most important thing.

Besides, he had worked with the two of them so many times that he naturally understood how powerful they were.

These two people were not ordinary people at all! There were many methods that he could not imagine.

“Don’t worry, we won’t trick you.”” As for the bombs,” Qi Xibei added,” we can make them ourselves. It’s definitely powerful.”

These words stunned Big Horn and Little Qu again.

Making his own bombs?

What a joke!

The two of them did not express their opinions but looked at Han Rui.

Han Rui wiped his cold sweat.” The bombs from Miracle Corporation...” They made it themselves.”

These words made the two of them widen their eyes.

“The power of the previous bomb was not too great because it could not collapse that place.”Qiao Yanyu explained,” It’s alright this time. We’re all in the wilderness, so there’s no need to worry about any problems.”

When they were in the basement, they had controlled the power of the bomb.

If he went too far, the basement might completely collapse, and the ceiling might fall down as well.

However, this base camp was different. No matter how they played, there would not be an earthquake.

Seeing Qiao Yanyu's calm appearance, Big Horn and Little Qu couldn't help but look at each other in horror.

From his tone, it seemed like they were really the ones behind Miracle Corporation's incident?

Han Rui saw their doubts and could not help but nod." Don't worry, they know what to do.""

Since he said so, the two of them didn't say anything else.

"Alright, just be careful."

What else could they say?

If he continued, wouldn't they start quarreling?

They were business partners, not here to quarrel.

"Alright." Qi Xibei nodded and placed his hands on his hips." Now, help us find some materials. We want to make bombs."

If a worker wants to do a good job, he must first sharpen his tools!

## **Chapter 2020 - 2020 Preparing**

Making bombs?

Big Horn and Little Qu were both stunned by Qi Xibei's words.

"We can't find the materials." They shook their heads.

This was the most important point.

In fact, they also knew how to make their own bombs, but this required a higher level of skill.

These people could actually be considered as decathlons.

It might only be slightly familiar and not specialized, but it wouldn't be too bad. It could still be used.

However, they were unable to find enough materials in this unfamiliar place.

Without materials, how could he make a bomb?

After all, the environment here was different. The materials that could pose a threat were strictly controlled.

If they could find the materials, they would have done it themselves.

"I'm fine." Qiao Yanyu shook his head. "I'll write you a list. You just need to get the materials back."

"This is not a problem with the list..."

Qiao Yanyu didn't take their words to heart. He took out a small notebook and a pen and wrote down a list.

His handwriting was upright and elegant, and it did not look inferior to those calligraphers at all.

However, his attitude made Great Horn and Little Qu very unhappy.

Under such circumstances, where could they find the materials?

They looked at Han Rui.

Han Rui shook his head at them. "Don't worry, we'll definitely find it."

He was very confident in Qiao Yanyu and Qi Xibei.

Han Rui's answer made both of them speechless.

Was he brainwashed? Why did he trust them unconditionally?

Very quickly, Qiao Yanyu finished writing the list.

He handed the list over." Come, just get these materials.""

Looking at the materials on it, the two of them carefully pondered and then were shocked.

These materials were indeed relatively common and were not restricted materials. Even they could obtain them.

However, could these become bombs?

What a joke!

"What do you use to make bombs?" they asked again.

"It's all written here."

“Is it all here?”

The two of them were shocked again and looked down at the list carefully.

There were a few beakers and alcohol lamps written inside. They were all relatively common instruments.

However, what did this have to do with the bomb?

“When you get it back, you’ll naturally know.” Qiao Yanyu waved his hand. “We’ll be waiting for your good news.””

Da Jiao and Xiao Qu exchanged a helpless and dissatisfied look, and then both of them looked at Han Rui.

Han Rui smiled and pulled them away. “Alright, seeing is believing! Let’s go, let’s go...”

After they separated from Qiao Yanyu and the others, Big Horn and Little Qu finally broke free from Han Rui’s hand. They looked displeased. “We can handle this operation alone. Why did you call them over?””

They had already asked this question once.

But now, Qiao Yanyu’s reaction made them ask again.

Could such a method really succeed?

“We can’t rely on ourselves for this operation.” Han Rui shook his head with a serious expression.” I specifically found a cheat this time! You’ll know later.”

The two of them wanted to say something but were interrupted by Han Rui.

“Don’t worry, I don’t plan to die. We’re living well. Why should we take things too hard? Right? Alright, alright, let’s quickly split up and prepare. This way, it’ll be much faster.”

Han Rui took the list and immediately made the distribution.

Seeing Han Rui’s swift and decisive appearance, the two of them were silent for a while and finally decided to wait and see.

However, they felt uncomfortable. What was this!

They had executed so many missions, but this was the first time they had encountered such a situation!
