

Chapter 2031 2031-Next Purpose

On the other side, Qi Xibei and Qiao Yanyu quickly left the place.

Although the people they killed deserved to die, if they stayed, they would definitely be captured.

After all, the other party could not tolerate such a "violence against violence".

However, they were still very happy to be able to destroy Jiang Rongguang's nest.

Unfortunately, Jiang Rongguang was not here.

However, this was normal. This was where Jiang Rongguang earned money, not a place for him to relax.

Other than coming to collect the goods, he probably wouldn't appear here at any other time.

However, Jiang Rongguang would definitely feel the pinch if two mountains were destroyed.

Something had happened to Miracle Corporation previously, and now, two mountains had been destroyed. It was equivalent to cutting off his arms.

Although he didn't know how much wealth Jiang Rongguang had left, it seemed that these things were still very important to him.

Qi Xibei pondered for a moment. This place was worth hundreds of millions!

With so much money destroyed, anyone would feel like killing someone.

Soon, they met up with Han Rui and the others.

"How is it? Has it been resolved?" Qi Xibei asked.

"Yes." Han Rui nodded. "We've already left behind all the information that we should explain. I believe they know how to handle it."

Of course, they had also inquired about the situation here and knew that the police here were quite responsible.

There might be a mole inside, but the matter was so big that one person could not cover it up.

Besides, he still remembered!

There were reporters from more than one country here.

As long as the reporters exposed the matter and the international community paid attention to it, things would be easier to handle.

He would leave the rest to them.

"Very good." Qi Xibei nodded in satisfaction. "Do you know any other places?"

"There is a place." "But..." Big Horn suddenly said. "I feel that it's more dangerous there than here."

"Dangerous?" Qiao Yanyu raised his eyebrows. "What do you mean?"

"It's an island. If a ship approaches, it will be discovered."

That place was much harder to approach than this place.

Previously, he had only passed by the side and did not dare to get close. He had left from afar, but he could still feel that someone was watching him.

"Where is the island?" Qi Xibei was in high spirits. She had just resolved a matter and wanted to continue.

"It's in the neighboring country, not far away." "But it's more chaotic there than here," said Han Rui."

If there was a need to hide when killing someone here, there was no need for that at all.

That was because it was an island. If they killed someone, they would be thrown into the sea. Naturally, there would be fish to deal with them.

"It's okay. We're not afraid." Qiao Yanyu was confident. "As long as you tell us the location, it'll be fine."

"I think it's better to think about it carefully." Great Horn couldn't help but persuade him. "It's really dangerous there!"

"I'm fine." Qiao Yanyu shook his head. "Tell us the situation first, and we'll know what to do."

"This..."

They could not help but look at Han Rui.

They were planning to die!

"It's okay. Tell them." "Don't you believe what happened today?" Han Rui asked.

Big Horn and Little Qu fell silent.

What happened tonight was beyond their knowledge.

None of them had expected that the two of them would be so decisive in killing, and their lethality was so shocking.

In just one night, this place was settled.

Chapter 2032 Another Place

Big Horn and Little Qu were very confident in their own strength. After all, they had completed so many missions over the years.

However, in front of Qi Xibei and Qiao Yanyu, their abilities seemed to be useless.

However, no matter how powerful the two of them were, it would be too dangerous if they really went to that place.

"That place is really dangerous." "I wanted to go in before," Big Horn said seriously. "But I couldn't." Moreover, it was not easy to enter from the water. There was also protection in the water."

The place was surrounded by seawater, and ordinary people could not get close.

"Then how do they usually go up?" Qiao Yanyu asked.

"There are boats and planes. However, their inspection was very strict. Ordinary people could not sneak in."

Great Horn had thought of many ways, but the final result left him helpless.

Of course, it was also because of these guards that he was certain that it was a terrifying place. There were definitely many secrets inside.

"It's fine. Tell us everything, and we'll naturally have a way to resolve it."

"Alright, I'll tell you," Big Horn said helplessly. "But it's really dangerous there!"

He repeated it twice with a serious expression.

He had once seen some corpse fragments floating above that sea area.

The fish hadn't eaten the bones yet, but it was precisely because of this that they were shocked.

"Why don't we not go there first?" "I've found a place on my side," Little Qu said. "It's easier than the place Big Horn mentioned."

"Oh?" The others were surprised. "There are other places?"

"Yes." Xiao Qu nodded. "After all, he's a drug lord. It's normal for a cunning rabbit to have three burrows. That place was either on the sea or in an ordinary town, similar to the situation here. Moreover, the plants there should not be less than here."

Therefore, the value there was not much lower than here.

"Where is it?"

"In Lstan."

Lstan was also near this country, so the distance was not too far.

"Alright, please tell us the situation there."

"Sure." Xiao Qu nodded. "However, you really have to be careful."

"Don't worry, we know what to do."

Seeing that the two of them were so serious, they did not continue to persuade them. "Actually, that place is in a small town in Lstan..."

After Little Qu told him what she knew, she finally asked, ""Why don't we think about it again? Or should we go together?"

"I'm fine." Qiao Yanyu shook his head. "We can solve it ourselves.""

This time, the two of them could have acted alone.

However, she did not expect Han Rui to call both of them over.

Fortunately, Big Horn and Little Qu could still be of help.

However, they could take action on their own.

If there were other people, their actions would be affected instead. After all, many of their abilities could not be seen openly.

It would not be a good thing if they were discovered.

"Alright then."

Han Rui stopped Big Horn and Little Qu." We just need to do the logistics."

The two of them exchanged a helpless look." Then... Alright then."

What happened tonight had given them a full understanding of how powerful Qi Xibei and Qiao Yanyu were.

If they followed, they might really be a burden.

"Alright, you guys handle this. We'll go over there first."

Qiao Yanyu and Qi Xibei's actions were astonishing. They left immediately.

Chapter 2033 2035-Little Qing's Disappearance

The next morning, Qiao Yanyu and Qi Xibei arrived at Lstan, which Xiao Qu had mentioned.

After a long ride, they finally arrived at their final destination.

Lstan was also a small country, and the situation was similar to the previous countries.

This place was relatively more peaceful than before. Although there were occasional conflicts, they were not serious.

Because there were not many conflicts and chaos here, Jiang Rongguang's territory here was relatively small.

An old fox like Jiang Rongguang was definitely cunning.

He wondered how he would react when the two small hills were in trouble.

But thinking about it, he might be in pain.

Qi Xibei and Qiao Yanyu used the same method as before to disguise themselves as tourists and enter the town. They even managed to find out a lot of information.

Just as Little Qu said, this was indeed one of Jiang Rongguang's bases.

There was a large manor here, but he didn't know what was inside. After all, it was private territory. No one could enter without permission.

If they dared to go in, they would call the police.

The residents here also said that there would occasionally be some vehicles entering.

Those vehicles came and went in the middle of the night. They looked mysterious and it was obvious that they were up to no good.

After understanding the situation here, Qi Xibei and Qiao Yanyu made a decision again. They let Little Green go in and investigate first.

Little Qing was already familiar with this kind of thing, so there naturally wouldn't be any problems.

It found a small hole and sneaked in.

Qi Xibei's heart skipped a beat as he watched it disappear.

"What's wrong?"

Seeing that Qi Xibei had not left, Qiao Yanyu stopped.

Seeing that her expression was a little ugly, he couldn't help but worry." Are you feeling unwell?"

".. No, I don't."

Qi Xibei shook his head." Just now..." I feel a little uncomfortable."

This feeling made her a little uneasy.

"Are you alright?" Qiao Yanyu was very worried." Do you want to see a doctor?""

"What doctor?" Qi Xibei smiled and glared at him." I'm a doctor myself. How can I not know what's going on? I'm fine."

"Alright then." Qiao Yanyu nodded." If there's any problem, remember to tell me.""

"Alright."

Only then did the two of them leave the manor and find a place outside to wait for Little Green's return.

However, after waiting for a long time, Little Green did not return.

Qi Xibei's expression turned even uglier, and the veins on his hand that was holding the fork bulged.

Qiao Yanyu couldn't help but worry.

"Little Qing..."

"It should be fine." Qi Xibei shook his head. "Xiao Qing will definitely be fine!"

Qiao Yanyu's heart skipped a beat.

Qi Xibei's reaction worried him.

Her reaction was more like convincing herself than believing that she was fine.

However, what exactly happened?

Qi Xibei and Little Qing were not in a contractual relationship, but they had a very good relationship. In addition to Qi Xibei's identity as a Nature Scholar, he had a unique charm, so their relationship was very close.

Even without a contract, both parties could still vaguely sense each other's situation.

But now, Qi Xibei's reaction was worrying.

"Why don't we go over and take a look?" Qiao Yanyu asked.

"Why don't we wait a little longer? It might be on its way back now." Qi Xibei pursed his lips and whispered.

".. Alright."

The two of them waited for a long time. The sky darkened, but Little Green was still nowhere to be seen.

At this moment, the two of them were anxious and rushed to the manor.

Soon, they arrived outside the manor. Then, they discovered the problem.

The gate of the manor was open!

Chapter 2034 Do You Dare to Come In?

This scene gave both of them a fright.

When they came here earlier, the gate of the manor was naturally closed. There was also strict security. Only vehicles and people with passes could enter and exit.

The security here was comparable to that of some departments that needed to be kept secret.

But now, the door was actually open!

The door was wide open, as if telling them: Come on in!

The two of them exchanged a shocked look.

"This... Is anyone coming out?"

The scariest thing was that there were no security guards around.

The door was open like an ordinary house, welcoming guests from all directions.

While they were hesitating and nervous, a huge LED screen suddenly lit up on a low tower inside the gate.

In the night, this screen was very eye-catching.

Then, a familiar figure appeared on the screen.

It was a snake-it was their Little Green!

"Little Qing!"

Qi Xibei immediately panicked.

Little Green had already returned to its original state. Its body was huge, but its eyes were closed at this moment. It did not know if it was dead or alive.

It was lying on the ground, making people worry.

Qiao Yanyu grabbed Qi Xibei and looked at the screen warily.

The video continued to play, and the camera completely captured Xiao Qing's appearance.

Then, a voice was heard." Qi Xibei, Qiao Yanyu, welcome.""

As soon as he said this, the two of them's hearts beat wildly, and their expressions changed.

As expected, something had happened!

They couldn't tell if this voice was male or female, but they were sure that the owner of the voice had a grudge against them!

That's right. They had just blown up someone else's things. How could they not have any grudges?

However, Little Green was actually captured?

Qiao Yanyu held back the agitated Qi Xibei." Don't be anxious."

The voice on the screen continued," Your snake is now in my hands, but it is still alive for the time being. If you want to save it, come in. If he didn't want to, then forget it."

After saying that, the screen dimmed.

Qi Xibei and Qiao Yanyu's expressions were extremely ugly, and their hearts were heavy.

There were already precautions inside!

How did they know that they were coming today?

Or rather, they did not know that they were coming over. They had been on guard all along and happened to catch Little Green.

Was there such a powerful force inside? He could actually catch Little Green!

It was a Fourth-Grade Spiritual Beast!

"We have to save Little Green!" Qi Xibei was very determined.

"I know." Qiao Yanyu nodded. "It's just that..." How are we going to save him?"

There must be a trap set up here, waiting to catch them all in one fell swoop.

Moreover, such a method was also luring him into a trap.

But the most hateful thing was that they had to go in!

Little Green was still in their hands!

Although Little Qing was only a fourth-grade spirit beast and had not been by Qi Xibei's side for long, their relationship was very deep.

Little Qing had helped them so much. Logically speaking, they could not let anything happen to Little Qing.

The people inside did not kill Little Green now because they wanted to be bait to lure them in.

If they didn't go, Little Qing would lose her life.

One had to know that the various parts of a spirit beast were also very beneficial to humans, especially cultivators. They could obtain great benefits from living on a spirit beast.

They could not watch Little Green die like this.

But what were they going to do? How could he save Little Green?

It was obvious that they were telling them that the snake was in their hands and that the door was open. They just had to see if they dared to come in.

Chapter 2035 Taking the Time to Consider

Qi Xibei was not an impulsive person, but when she thought of Xiao Qing's current situation, she could not help but want to rush out.

What should they do?

Before they could make a decision, the screen lit up again.

This time, it was Little Green.

However, there was an additional hand beside Little Green.

This hand was holding a knife. The blade was sharp, and one could tell at a glance that it could cut iron like mud.

The voice sounded again. "If you don't come in, I'll stab it. Every five minutes."

This voice was very vile and carried a hint of teasing.

Qi Xibei and Qiao Yanyu's expressions turned even uglier.

From the tender skin of this hand, the owner of this hand should be Qi Xin.

Only Qi Xin had such tender skin at such a young age.

Moreover, this was obviously a girl's hand.

He did not expect Qi Xin to come here as well! Shouldn't she be in China?

He just didn't understand why she had to change her voice.

Did she think that changing her voice would make them more afraid?

But no matter what, they had already been given the conditions.

If he did not enter in time, Little Green would be in trouble!

"Yes, now is the time to consider it for the first time."

As soon as he finished speaking, the knife stabbed into Little Green's body.

The unconscious Little Green's tail suddenly stood up, and its body tensed up. One look and one could tell that it was in extreme pain.

"Little Qing!"

Qi Xibei gasped.

The man pulled out the knife and laughed." There's still a chance." Every five minutes."

Qi Xibei gritted his teeth. This was too much!

She was forcing them to go in!

However, if they did not go in, Little Green would really be finished with one slash after another!

However, could they enter?

Even if they used their toes to think, they knew that they would definitely be doomed if they went in this time.

Qiao Yanyu pulled Qi Xibei back and said coldly, ""Forget it. We don't have to hurt ourselves for a beast."

He gave Qi Xibei a look and grabbed her tightly." Let's go back and let them play by themselves.""

After saying that, he pulled Qi Xibei and ran.

That speed was really fast.

When the two of them stopped, they were already some distance away.

Qiao Yanyu released his spiritual power and only heaved a sigh of relief after confirming that there was no one around.

"We have to save Little Green, but we can't go in like this!"

"But Xiao Qing..."

If they didn't go in, they would stab every five minutes. After an hour, Little Green would have lost half its life!

"But if we go in like this, we will die together!" Qiao Yanyu's expression was cold. "Even if he wants to save her, he can't drag us into it!"

Qiao Yanyu and Qing Zhu's relationship had faded a lot. Of course, he didn't want Qing Zhu to die on its own, but things couldn't develop like this.

If this continued, both of them would die!

"Forget about saving Little Green, we'll also die in there!" His expression was cold. "Calm down! Let's find a way in! And I believe that they won't let Little Green die just like that."

If Little Green died like this, it would be even more impossible for them to enter.

"They will definitely know that we will go and save Little Green, and they will definitely be prepared. However, we can't go in unprepared." "Besides, even if Little Green is injured, as long as it's still breathing, can't you save it?" Qiao Yanyu said seriously."

Qi Xibei bit his lip and nodded." Yes!"

Yes, as long as Little Green was still breathing, she could save it!

"So, we have to think about it carefully!"

Chapter 2036 Captured

Qi Xibei and Qiao Yanyu left the manor and returned to the hotel they were staying at.

However, as soon as they returned to the hotel entrance, they realized that something was wrong.

Where were the people in this hotel?

There were clearly many people living here, but now, there were actually not many people.

The two of them understood and their expressions changed.

In the next second, they smelled a strange smell.

The two of them couldn't help but feel weak.

The two of them immediately circulated their spiritual power and sealed their five senses. However, the effects of the medicine were too strong this time. In the next second, the two of them closed their eyes and fainted.

Although they woke up quickly, they could feel that they were tied up and pushed into the car.

After getting into the car, the two of them carefully opened their eyes.

They didn't dare to move because they could feel that there were many people waiting with guns.

If they moved, those guns would be aimed at them.

They finally realized that the scene in the manor was to force them back before they made their move!

He did not know who the other party was. He actually managed to grasp their movements so quickly.

The two of them closed their eyes and remained silent.

What was worth rejoicing about was that the other party didn't want to kill them. Instead, he wanted to bring them back.

At least they could reunite with Little Green.

Soon, the car returned to its original location.

It was indeed the manor from before.

Qi Xibei was confused when he heard the noise outside.

She felt that this operation was too strange.

Even though Qi Xin and the others had already made preparations, the development was too fast.

Could it be...Had they been betrayed?

Thinking of this, she couldn't help but suspect Great Horn and Little Qu.

Han Rui had no problem, but Big Horn and Little Qu had problems.

However, who was the traitor?

Besides, why didn't they just shoot? And bring them back?

With all sorts of thoughts running through her mind, the car quickly stopped.

It was indeed Qi Xin!

15:36

"Caught?" A deep voice sounded.

Qi Xibei's heart skipped a beat.

It was Qi Xin!

It was indeed Qi Xin!

"Wake them up."

Qi Xin sneered.

"Yes, sir!"

Soon, Qi Xibei felt a basin of water being poured on her body. The cold water made her open her eyes and meet Qi Xin's eyes.

"Not bad." Qi Xin was all smiles, but there was not a hint of a smile in her eyes." Welcome.""

"You..."

Qi Xibei's face scrunched up." What do you want to do?"

"What do I want to do?" Qi Xin smiled happily." Of course, I'll treat you well!"

The reason why she brought Qi Xibei and the others back was not to reminisce about the past with them.

"I told you to come in on your own, but you didn't. Then, let me take care of you now!"

She clapped her hands.

Then, a person came up with a box.

Then, the person opened the bottle, and a bug popped its head out.

Gu worms!

Now, they understood.

What was the reason for Qi Xin to go through so much trouble?

She caught Little Green and used Little Green to threaten them. She made them lose their composure so that she could catch them.

After she captured them, she did not plan to kill them immediately, but to use Gu worms to deal with them!

After understanding this, their expressions turned ugly.

This was a Gu worm!

Even Qi Xibei felt that the aura of this Gu worm was very terrifying.

This Gu worm was different from the Gu worms they had encountered before. It looked far more terrifying than those Gu worms!

Chapter 2037 Gu Emperor Bug

Qi Xibei's expression changed drastically when he saw the Gu worm crawling towards him. He immediately wanted to resist.

However, Qi Xin saw through her reaction and immediately smiled." I advise you not to move around."

She clapped again.

Then, a few people carried a cage out.

It was a very large cage, but the bars were very fine, obviously to prevent the animals inside from coming out.

Inside was a long, bloody object.

Qi Xibei's eyes widened. That was Little Green!

The one who attacked Little Green was indeed Qi Xin!

The current Little Green looked much worse than before, as if it had no breath.

"It's still alive, but if you move, I can't guarantee it." Qi Xin sneered.

Not only did she use Little Green to threaten them and not let them move, but she also surrounded a group of men in black.

These people surrounded Qi Xibei and Qiao Yanyu.

The men in black held guns in their hands, and their eyes were fierce. They looked like they would attack at any moment.

Qi Xin had already prepared both the "civil" and "martial" skills.

Qi Xibei and Qiao Yanyu both realized that the situation was not good.

This time, Qi Xin really wanted to kill them!

However, it was obvious that Qi Xin did not want them to die too quickly.

"If you eat this Gu worm, you might still be able to survive. But if he didn't eat it...I believe that you haven't reached the point where you're invulnerable."

Qi Xin's face was unnaturally pale, and her smile was ferocious and strange. She wished she could kill them immediately.

However, she did not want them to die so quickly!

When she smiled, her cheeks twitched unnaturally, looking very strange.

Qi Xibei understood that Qi Xin was under the control of a Gu worm.

Qi Xin had already died, but she was saved by a Gu worm.

His life was saved, but the situation after that was definitely not good.

Gu worms and parasites did not complement each other, but competed with each other.

Either the Gu worm had the upper hand, or the parasite controlled the Gu worm and made its own decisions.

Qi Xin was talented, but she was still a young woman.

No matter how talented they were, they were not strong enough because they had not cultivated for long.

In front of Gu worms, her performance was even worse.

Therefore, she was controlled by a Gu worm in the end.

The change in her expression was the best proof.

And being controlled by a Gu worm, this feeling was very painful.

The most terrifying thing was that he could not live or die.

As long as the Gu worm did not die, she would not die. However, she would be in great pain.

Every day, Qi Xin would look at the mirror and stare at the strange appearance in the mirror. She would grit her teeth in hatred.

If it weren't for Qi Xibei and Qiao Yanyu, these two b * tches, she wouldn't be in this state!

Therefore, she must let them experience her pain!

That was why she had captured them alive and not shot them to death.

The Gu worms she fed them were even more terrifying than the ones she ate before.

She had eaten the King of Venomous Worms before, but this was the King of Venomous Worms!

Ling Juan had spent a long time to nurture this Gu Emperor Bug.

Moreover, this Gu Emperor wasn't in Miracle's basement. After all, its importance was different.

Fortunately, this Gu Emperor Bug was not in the basement. Otherwise, it might have been eaten.

If that really happened, their losses would be huge.

Now was the perfect time to let Qi Xibei and Qiao Yanyu experience this pain!

Qi Xibei and Qiao Yanyu watched as the Gu worm split into two out of thin air, and their eyes widened in shock.

Chapter 2038 Twin Worms

"I prepared twin worms for you!"

Qi Xin smiled." You can live and die together!"

Twin worms. He knew what was going on the moment he heard it.

If they ate the twin worms, if one died, the other would also die.

He did not want to be born on the same day, but he wanted to die on the same day.

Wasn't this the most beautiful love?

Qi Xibei and Qiao Yanyu's hearts turned cold when they saw Qi Xin's smug expression.

This time, they had miscalculated!

They had actually fallen into a trap!

However, they could not resist and could only open their mouths.

One of them picked up a pair of chopsticks and threw the Gu Emperor Bug into their mouths.

The feeling of the Gu worms quickly crawling into their mouths almost made them vomit.

Even though Qi Xibei had seen a lot of things, he still had goosebumps all over his body.

They could clearly feel the worm walking in their throats.

Qi Xibei's expression turned ugly when he felt this foreign object.

Qiao Yanyu's reaction wasn't any better than hers.

Qiao Yanyu's face darkened as he glared at Qi Xin.

"Don't look at me like that." Qi Xin smiled. "I gave you two a chance to die together! You should be thanking me."

She looked up at the sky and laughed. "You finally have this day!"

In order to lure the two of them over, she had spent a lot of effort.

"You deliberately let people lure us here?" Qi Xibei asked coldly.

"That's right." Qi Xin nodded. "For your sake, we even mobilized our hidden forces!"

A hidden post?

Qi Xibei and Qiao Yanyu's hearts skipped a beat. They immediately understood.

As expected!

One of them was their hidden stake!

In other words, Han Rui's previous feeling was right. There was indeed a traitor by his side!

"You guys are really willing." Qi Xibei sneered.

She had wanted to lure Qi Xibei and Qiao Yanyu to that place and then attack them.

15:39

After all, it was an indisputable fact that they had blown up those two mountains.

That was worth hundreds of millions.

He did not expect them to be so willing.

Qi Xin's smile did not change." If you can't bear to give up the child, you can't catch the wolf."

Actually, she was a little depressed.

This was not how things were supposed to develop.

She had wanted to lure Qi Xibei and Qiao Yanyu to that place and then attack them.

But who would have thought that the two of them would move so quickly?

He had thought that they would need a few days to take action.

However, who would have thought that in just one or two days, they would cause such a huge commotion!

That base was overturned by them!

They had suffered heavy losses once again!

However, this success also made Qi Xibei and Qiao Yanyu lose their vigilance.

Otherwise, he wouldn't have been able to lead them here.

"Is it a song?" Qiao Yanyu asked.

They were originally going to the island, but Little Qu suggested that there was a new base here. That was why they came here.

Therefore, this definitely had something to do with Xiao Qu.

"No matter who it is, you are already here." Qi Xin raised her eyebrows and did not answer their questions. She said to the others, "Bring them in!"

"Yes, sir!"

Soon, the armed men in black brought them into a room.

This was a room that was half-embedded in the ground. There were two windows at the top, and the rest of the room was underground.

Qi Xibei sensed this with his mental power.

However, when she used her mental power, she suddenly groaned and almost vomited.

The Gu worm in her body was throwing a tantrum!

After locking them up, those people left very quickly, as if there were some monsters here.

Chapter 2039 Pain Experienced

Qi Xibei and Qiao Yanyu were not separated but locked in the same room.

Qi Xin laughed outside." I'll let you two be a pair of mandarin ducks with the same fate. You have to thank me! Now, you can enjoy yourselves here!"

After saying that, she left.

She should have killed Qi Xibei and Qiao Yanyu.

However, it would be too easy for them to die just like that!

If she didn't let them suffer, how could she be worthy of the pain she had experienced?

The feeling of being eaten by Gu worms made Qi Xin feel very uncomfortable.

Therefore, she must let them experience their own pain!

After Qi Xin left, the door was closed.

The two of them could smell the smell of dirt coming in from outside.

This place was embedded in the ground and was surrounded by soil. Naturally, it had the smell of soil.

And here, it was clearly the dark and damp environment that Gu worms liked.

Although the Gu worms were already in their bodies, this was their favorite environment.

In such a dark environment, they would naturally be more active.

Once they became active, Qi Xibei and Qiao Yanyu would be in trouble.

Qi Xibei had just used his mental power when he felt a surge of blood and almost vomited.

Her face was pale.

Qi Xin was indeed vicious!

Although he didn't kill them, it was more terrifying than killing them.

She understood that Qi Xin wanted them to suffer a fate worse than death!

A few minutes after they were locked in, the door opened again.

Before the two of them could say anything, they heard a heavy landing.

They looked over and were shocked again.

It was Little Green!

Little Green's huge body was thrown in.

There were many wounds on Qing Zhu's body, all of which were knife wounds. They were the same as the images he had seen on the screen before.

As expected, Qi Xin had made many cuts on Qing Zhu's body.

Right now, Little Green's injuries were serious, and it was only on its last breath.

Qi Xibei's heart ached and he immediately rushed over.

"Little Qing!"

She examined Xiao Qing. The more she examined, the more shocked she became.

With Little Green's injuries, it could at most hold on for two to three days.

This was because it was a spirit beast.

The vitality of spirit beasts was much stronger than that of humans and ordinary animals.

However, no matter how strong one's vitality was, they would not be able to live for long without medical treatment.

Now, they were in prison and did not have any medicine on hand. How could they save Little Green?

Qiao Yanyu also walked over with an ugly expression on his face.

He did not expect that they would end up in such a situation one day.

"I want to save it." Qi Xibei said.

"I know." Qiao Yanyu nodded. "But..." You have to be careful."

He had used his spiritual power just now and almost vomited.

Both of them had the same Gu worm, so their reactions were naturally the same.

Qi Xibei could use his mental power to heal Little Green, but once he used his mental power, the Gu worm's reaction would be intense.

Under such circumstances, she would be in great pain.

He had to resist the pain and then save Little Green...This was too difficult.

"I will be careful." "But I must save it." Qi Xibei's face was solemn."

"Yes." Qiao Yanyu nodded and didn't try to persuade her.

Because he knew that she would definitely not listen to him.

Qi Xibei took a few deep breaths and began to treat Xiao Qing's wound.

However, in the next second, her expression suddenly changed and turned pale.

Because she realized that the Gu worms in her body were even more agitated.

Qiao Yanyu's expression was also very ugly.

The two of them exchanged a look of shock.

They realized that this Gu worm was actually urging them to eat Little Green!

Chapter 2040 -Cooperation

Qi Xibei and Qiao Yanyu's expressions changed as the Gu worms in their bodies became restless.

Oh no!

The two of them finally understood why Qi Xin would do this.

She wanted them to eat Little Green! She wanted them to kill each other!

Little Green was their friend. Over the past few days, it had also become their family.

To eat their loved ones, how crazy was that!

If they could not help but eat Little Green, even if they survived, they would regret it for the rest of their lives!

Qi Xibei's expression turned ugly at the thought of this. He pulled Qiao Yanyu back a few steps to put some distance between them.

"How despicable!" Qi Xibei gritted his teeth.

"As expected, they are vicious!" Qiao Yanyu had the same reaction.

The two of them tried their best to take a deep breath and suppress the Gu worms in their bodies.

However, when they mobilized their mental energy, the Gu worms moved again.

The confrontation between the two sides made their expressions even uglier.

Their faces were pale and they were sweating profusely, as if they were going to die in the next second.

After a while, the Gu worm calmed down.

However, their situation wasn't too good.

Qi Xibei smiled bitterly." It seems like she wants us to die miserably!"

With Qi Xin's style, she would definitely not let them pass just like that.

After they ate Little Green, they would also die.

If this continued, everyone would die together.

Qiao Yanyu's expression was cold." Now..."

But what could he do?

The two of them looked at each other with the same worry.

If this continued, how could they hold on?

Now, they were in a difficult situation.

Little Green's injuries were serious, and there was no medicine here. If he wanted to save it, he had to use his spiritual power to nurse it.

However, once they used their mental strength, the Gu worms would become restless.

When the Gu worms were restless, they would have the urge to eat Little Green...

This was a vicious cycle!

Only Qi Xin could think of such a vicious idea!

This was to make them make the most difficult and terrifying choice!

Qi Xibei leaned against the wall and felt the coolness. He calmed the Gu worms in his body and made a decision." We must save Little Green!"

If they did not save Little Green, they would also die.

If he saved Little Green, at least there was still hope for him to live.

Although the hope was still slim, they still had to do it.

"I can save him. It's just..." Qiao Yanyu's eyes darkened." But can you hold it in?"

Just now, when they approached Little Green, the Gu worms began to stir faintly.

If he still used his spiritual power, who could guarantee that he would be fine?

"Even if I can't help it, I have to endure it."

Qi Xibei frowned and thought for a while. In the end, he gritted his teeth." No matter what, we have to give it a try!"

Although they had Gu worms in their bodies, they still had a way to survive.

"Alright."

Qiao Yanyu didn't say anything and just wanted to go down with her.

However, he felt a little hopeless.

If this continued, would they really die here?

This place was too remote, and it was overseas. No one would come to save them.

Even if the others came, they would still be caught.

Even the two of them had been captured. What could the others do?

At this moment, Qiao Yanyu felt a rare sense of despair.

But in the next second, he shook his head and shook off these weaknesses.

No matter what, as long as they had one last breath left, they had to persevere!

"Let me help you." he said.

"Alright."

Qi Xibei nodded. "How about this? You cooperate with me later.""
